The J.B.C. boxman was Hyde, one of those long, tall, slow and easy sort of pitchers, who do not seem to over-exert themselves, but who nearly always hand out an average brand of hurling. In the box for Maryville we see almost the same kind of horsehide slinger. McLaughlin pitched a slow and steady game the time he was in the box, and his ease and slowness was not to his disadvantage although the Johnsonians did start two or more batting rallies. Big Mac was found and in order to save his arm and to give the visitors a dual taste of M. C. pitching, R. Williams was put in and he held the rostrum well.

It must have been to save the J. B. C. pitcher that he was removed and Armstrong was placed in the box only to be followed a short while later by J. Scott from center field. The Maryville sluggers were finding Hyde so readily that it was becoming dangerous, and so the first change was made at the expense of five telling scores, which gave Maryville such a lead towards the last half of the game that the visitors gave up all hopes of ever trying to overtake them.

The Scott brothers of the J.B.C. team tapped out a home run per each into the right field territory near Court street, which served as a good bouncing ground and rolling alley for the ball. Partee's scratch homer was made in the same way (the right-field bank is dangerously close, as Roy McCall can testify), Many good and effective plays were made, so in order that you may get an idea how things went at times, a detailed account of the playing during one or two innings is given below:

(1a) Polk, first man up for visitors, poled out a two base hit; he was sacrificed to third by Calaway; J. Scott popped up to Partee (one down); Armstrong grounded to Cotton (two gone); Hyde flied to Sneed and Big Mac pulled out of his first big hole.

(1b) Shorty McCall got his base on balls but lost out in an attempt to steal second; Cotton fanned after a prolonged stand; Partee put a nice one over second base where he was tagged on attempting to steal said sack.

(2a) Two strike-outs and a put-out by Cotton ended the first half of the second inning in short order.

(2b) Two base hit by Roy McCall sent Davy, who had been walked, to third; Rowan's infield pop-up was misplayed; Davy came home, McCall to third, Rowan to second from whence he was sent home on heels of McCall by Sneed's scratch hit. B. Williams was downed by center fielder (one out); Sneed came in on McLaughlin's hit to center; E. McCall and Cotton flied out and the score was 4 to 0.

(3a) Polk and Calaway walked and J. Scott beat one to first making three men on the bases, and a three base hit by Armstrong brought the men in for three runs; Hyde

FIELD DAY CONTESTS, MAY DAY FETE AND GLEE CLUB CONCERT ON MAY 2

LARGE AUDIENCE SEES FRENCH PLAYS

Characters Show Command of French Language and Acting Ability.

A well filled house was awaiting the French players Monday night, nor was the audience disappointed, for the evening was a most successful one from the minute the play, La Poudre aux Yeux, began until the closing scene of Le Bourgeois Gentilhomme.

The French Cercle, and especially Mrs. Alexander, Miss Belle Smith and Miss Lewis are to be congratulated on making the first French play on College Hill one of such great merit. The characters were well chosen. Their knowledge of French and ability in its use was remarkable. Their action and pantomine were unusually good—in fact the person who said, "You could understand it if you didn't know a line of French", was just about right. It is needless here to go into the story of the plays, but mention should be made of the work of the various actors, many of whom appeared in the chapel for the first time. Margaret McKinney with her command of French, her handsome appearance, and her real understanding of M. Malingear did excellent work. Aileen Rutherford as Madame Malingear would have pleased even Labiche and Martin, so proud, so resourceful, so domineering. Emmeline (otherwise Martha Mae Boyer) was so altogether charming that the audience vied with Frederick in adoring her. Elizabeth Whitlock as Frederick was the ideal lover, so attentive, so affectionate, so ardent, Frances Hickey made a real Madame Ratinois, devoted to her son, fond of society, highly affected. Her husband, Mr. Ratinois, (Dorothy Dickerson) was equally fond of show and ostentation, equally at home on the stage, and equally proficient in French. Who would have recognized demure Marguerite Sullinger as Uncle Robert of the ear-rings—the man of the play who was really sensible. If Lula Mathews and Helen Deal want recommendations as maids, any one who saw their splendid work Monday night will gladly recommend them to however exalted a place.

The characters in Le Bourgeois Gentilhomme were equally good. Samuel Peters—the class orator—who would think that he could take the part of a man of as little sense as M' Jourdain? But he did it, and did it admirably. His wife was admirably depicted by Edith Moore—her common sense, her hatred of his shams and silly ambitions, her determination that Lucile and Cleonte should marry—Edith brought them every one out. Their daughter Lucile (Bernice West) and the maid Nicole (Annerine Atkins) were equally lovable to the audience and to their gallant lovers, Cleonte (Roy Buffat) and Covielle (Everett Jackson). The masters of music, of fencing, of dancing, and of philosophy, (J. A. Milling, Edgar Martin, Emery Fritz, H. Y. Van Orden) showed excellent understanding of their parts of the play. The tailor (Delemo Beard) with his cushion, his scissors, his tape measure and that ridiculous flowered coat made quite a hit. And the Turks—Mason Mann, Craig Tedford, Burr Bassel, G. A. Milling, Everett Jackson, Bert

(Continued on page four)

Field Day in Morning; Lawn Fete By Girls in Afternoon.

For the first time since 1915 the Y. M. C. A. is going to have a gala of athletic and social events. The "body" part of the triangle is one of the most important features of the "Y" and too much emphasis cannot be laid on its development.

Are you going to be there May 2 to help make it a success and to show your power as an athlete? You do not know what you can do until you try. You may be a prize winner and the one who says "I can" will be a prize winner. But cigaretts and old lady must be laid aside this month if you expect to come up with the one who trains.

Among the events will be the following: Discus Throw, Shot-put, Hammer Throw, 120, 220 yard Hurdles, Running and Standing Broad Jump, High Jump, Cross Country, one mile, 1-4 mile, 220 and 100 yard races, one mile relay, (college vs. preps) Pole Vault, and Swimming which will consist of races, fancy diving, and high diving. Also we have last but not least a tug of war. (College vs. Preps).

In 1915 at the Track meet there was a standard record made in all these events, and there is no reason why these records should not be broken. Prizes will be given in all events. Come out and show your girl you are a real athlete. Set your mark high and start training now.

May the first is almost here! Think of what that means! ! Since this memorable day is on Sunday this year, Monday is the chosen one. So on May 2, 1921 there will be a celebration at old M. C. This campus will be a real fairyland just running over with fairies, gnomes, Japanese, pretty girls and handsome boys. But best of all there is to be a big May-pole surrounded by dainty dancers and a real May Queen. She will be chosen by the students some day soon, so be ready to vote for the girl you want to be elected—be ready to help if needed, but most of all be ready for a day of real pleasure in Fairyland.

LESLIE POE WINS SECOND PLACE IN CONTEST

The second annual oratorical contest of the Tennessee Intercollegiate Forensic League was held at Carson and Newman College Friday night, April 1. Five colleges: Carson and Newman, Lincoln Memorial, Maryville, Milligan, and Tusculum were represented. Leslie Poe was Maryville's representative. Mr. Poe made a very favorable impression. His oration subject was, Theodore Roosevelt, American. Everyone present knew when Mr. Poe had been speaking five minutes that the man who won the contest was going to have the Maryville man to beat.

The entire contest was a creditable one. The judges' ballots indicated that the race had been close. Mr. James A. McCaleb of Carson and Newman College was declared winner with two firsts and a second. Mr. Poe was second place man with a first, a second, and a third.

At the business meeting of the League Professor T. B. Ford of Lincoln Memorial Univesity and Professor E. R. Hunter of Maryville College were re-elected president and secretary-treasurer respectively for the coming year. The executive committee decided on the adoption of a standard medal for the winners of the oratorical contests. The next contest is to be held at Lincoln Memorial University, April 7, 1922.

Our new sprng shoes and slippers are in. We invite your inspection. Latest styles and prces. They make their own friends.

MAY DAY

May 2 will be a red-letter day for Maryville College. In the forenoon of that day a field day will be held into which any man in the College may enter, the winners of the contests receiving handsome medals for their success. This will be the first time in several years that such an event will have been staged on College Hill and it should certainly receive the hearty sanction and whole-hearted support of every student on the Hill. Mr. Seawright Hicks has been put in charge of this field day event and he is doing everything within his power to make it a brilliant success. But unless each and every student lends his and her support to Mr. Hicks and boosts the field day event, it will fall short of being what it otherwise might have been.

In the afternoon of that same day on Baldwin lawn a May-Day Fete which will be second to none will be held under the auspices of the girls' organizations. At this fete the May Queen of Maryville College will appear, and, in fact, nothing will be spared in making this one of the most attractive May-Day programs ever given at Maryville College.

With this elaborate program for Monday, May 2, and the grand concert by the College Glee Club in the evening of that same day, May Day certainly bids fair of being the Greatest Day of the Whole School Year!! Let's all get behind, boost, and make it the greatest day!

The April Fool prank in the form of a hike by three hundred students around the "loop" proved a "howling success." It certainly beat sitting in an old hot class room on that beautiful spring morning—even though we did annex a few unexcused delinquences by so-doing.

CAMPUS NOTES

President Wilson attended the Wednesday session of the Southern Mountain Workers' Conference which is being held this week at the University of Tennessee.

Misses Susan Carson, Mildred Striplin, and Jewell Stevns, of the Shakespear class presented a scene from Romeo and Juliet and a reading from the Merchant of Venice at a meeting of the Tuesday Club at the home of Mrs. Clyde B. Emert on last Tuesday afternoon.

Miss Green's class in Botany will take a research trip to the mountains on next Monday.

Mr. Harry Pearson of the Senior Class was forced to return to his home at Minnieville, Va., this week, on account of ill health. If he recovers sufficiently he will return during the latter part of this semester and graduate with the class of '21.

Mr. J. Morgan Cox arrived in Maryville Tuesday afternoon and will graduate with this year's Senior class.

Mr. Ray Foster was in Cleveland and Athens this week on business for the College Glee Club.

We noticed with considerable interest that Dr. and Mrs. W. T. Bartlett were in attendance at the M. C.-Boston base ball game at Knoxville on Saturday.

Ralph Lloyd and Charles Dawson, both of the class of '15, and many other former Maryville students were at the M. C.-Boston game.

Rev. Moore, of Auburn Theological Seminary made an address at the chapel exercises Wednesday morning of this week.

A recent issue of a Chattanooga newspaper contained the following news item: "At a called meeting of the Chattanooga Presbytery, held yesterday morning at 10 o'clock at the Second Presbyterian Church, Andrew Richards, a Chattanoogan who has been attending the Princeton Theological Seminary, was ordained and licensed as a minister." Mr. Richards was a member of the class of '18.

Miss Callie May Bliss, who was head of our Home Economics Department in 1918-19, is teaching home economics in the State College of New Mexico at Las Cruses.

Mr. and Mrs. McCall and their daughter Ruth had as their guests at Lake View farm Monday, Prof. and Mrs. E. R. Hunter, Edith Moore and Martha Robison—a debate reunion, you see. The day was all too short for that wonderful auto ride from the station, that dinner that even the debate Coach admitted was better than O'Neil's, (chicken, sweet potatoes, fruit salad, cherry pie, cake—no, the editor has taken pity on those who dine at Pearsons, and refused to print more of the menu) the stories, the view of the three lakes.—Any of those guests will tell you that the McCall's are ideal hosts and that Monday was a perfect day.

BOYD—JONES

Mr. and Mrs. J. S. Jones, of Maryville announce the marriage of their daughter, Margaret, to Mr. Alfred L. Boyd, of Wilkeson, Washington.

The wedding took place in Olympia, Washington, on March 24. Miss Jones has been teaching home economics in the high school of Wilkeson during the past year. Mr. Boyd is a Missouri man, and for three years has been the manager of a department store in Wilkeson.

Miss Jones was for several years a student of M. C. and has many friends on the Hill.

CHEMISTRY CLUB

Last Friday evening the Chemistry Club gave a most excellent and unique program, which was highly interesting and at the same time most benefically instructive. The opening exercises of the meeting were conducted by President Frank S. Minarik, who, after making a few well chosen and appropriate remarks turned the meeting over to the speakers of the evening.

Miss Martha Robison, the major speaker of the occasion, delivered a splendid address on the "Utilization of Corn as a Fuel, as a Food, and as a Drink".

Mr. D. F. Waddell gave a short but snappy discourse on the "Probability of Tapping the Interior of the Earth for Power". This he gave in his usual forceful manner, with a little extra force for this special occasion.

As a concluding number Eugene W. Stanbery read a short paper on "The Biggest Things in Chemistry".

JUNIOR Y. W. C. A.

On Sunday, April 3, Miss Mary Nuchols lead the Junior Y. W. C. A. in a very helpful meeting. In treating the subject "Christian Christianity" she said that real religion was a thing of the heart, and not of the hand, that it was to know God and receive him in our lives. If we have God in our life, the outward things will follow. A christian life will embody two principles, (1) Belief in God, and (2) Obedience to God by personal godliness and kindness to others.

A vocal solo by Miss Culberson and a piano solo by Miss Anna Mae Holland supplied what was lacking in the otherwise perfect meeting. It was a very inspirational and enjoyable service.

LAST NUMBER OF LYCEUM WEDNESDAY, APRIL 13TH

The last number of the lyceum this year will be given next Wednesday at 8 o'clock. It will be by The Ward Waters Company who presents a program of unusual interest and originality. Some eight years ago Mr. Waters headed a lyceum company of similar character, but the lure of the stage took him away from the Lyceum for a time. He has now returned much more mature and with his specialties perfected by experience and study.

They give a varied program including character impersonations, sketches, etc. and Mr. Waters with his wife give several whistling duets. Their program has proved an artistic as well as a very popular success.

FIRST MEETING OF FRIENDSHIP COUNCIL

The first meeting of the Friendship Council of the Y.M.C.A. was held last Friday night. This council is provided for under the new constitution recently adopted. The purposes of the council were explained, and steps were taken toward the perfecting of its organization. The general purpose of the Friendship Council, as explained by the new president, is three-fold: first, it is to train a larger christian leadership; second, it is to bring the Association into vital touch with the needs of the Maryville men; and third, it is to vitalize the forces of Christianity on College Hill. It is hoped that the establishment of this new point of contact between the students and the Y.M.C.A. will give the men a new meaning of what the "Y" stands for.

We have just heard of a teacher who started poor twenty years ago and has retired with the comfortable fortune of $50,000. This was acquired through industry, economy, conscientious effort, indomitable perseverance, and the death of an uncle, who left her an estate valued at $49,999.50.

Maryville College
1819-1920

Rev. Samuel Tyndale Wilson, D. D., LL. D., President

I. ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and one years. Thousands of its former students are scattered over the world.

II. ITS PRESENT. Its enrollment in 1919 was 1003—445 young men and 550 young women—of whom 452 were collegians. 666 students from Tennessee, and 337 from 38 other states and countries. Its teaching force consists of 71 professors and assistants.

III. ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Swimming Pool; waterworks sewerage, steam heat and electric lights. The campus contains 250 acres.

IV. ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V. ITS OTHER DEPARTMENTS. 1. Preparatory. 2 Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI. ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII. ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in room, $30. to $48. a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Maryville, Tennessee

SUBJECT OF FOREIGN MISSIONS DISCUSSED AT Y. W.

Foreign Missions was the theme of the very intersting and instructive Y. W. meeting led by Esther Miller on Sunday afternoon, April 3. This subject is one which is of vital interest to all Y. W. girls, and Miss Miller handled it in a way which held the attenion of everyone through the entire service. She took as her subject, "What Would He Have Me To Do", and put forth as a goal that we might sometime have said of each of us, "She hath done what she could". In Miss Miller's discussion she showed that in the foreign field the need for business women, teachers, nurses and homemakers is much greater than in this country, and brought forcibly to our minds the fact that as college women we should face squarely this question, as to whether or not our work lies in service on the foreign field.

A number of girls supplemented Miss Miller's talk, telling of different phases of the foreign work, and something of the need in different sections.

Grace Sydenstricker spoke of the needs of China and by the use of an effective illustration showed how the life of one Christian Chinese woman worked for great good in her community, and brought to our attention the fact that if this one woman who had neither an educational, social or christian background could become such a power for good through just what the Mission School was able to give her, how much more should we, with our American advantages, be able to accomplish if we so willed.

Some Japanese stories which were descriptive of the home life of Japan and their customs of worship were told by Augusta Tippet.

If we would know what Christ would have us do we must surrender our lives to Him and so Sarah Lackey took up this phase of the subject. She suggested that for the word "surrender" we substitute "yield", as this is the word used most frequently in the Bible and seems to carry the idea of being willing to give our lives to Christ and His cause.

The kindergarten work was spoken of by Elizabeth Moore and was especially intersting because it is a comparatively new line of work in missions.

Martha Robison told of the work of the Y.W. as an organization in the foreign field and used as an example Japan. She spoke also of the different phases of work in Y. W. foreign service that are open, and of the need for efficient leaders and concluded with the statement that "it is up to us to deliver the goods".

Jesie Johnson sang as a closing number "The Holy City" very beautifully and it was enjoyed by all.

SECOND TEAM MOP UP WITH POLY TECH 10-6

Line-up:
C. McLaughlin, 1st. (captain)
Hicks, catcher
Baxter, pitcher
Caldwell, short-stop
McMurray, 2nd
Rhyburn, 3rd.
Austin, rf.
McClung, c.f.
Huston, lf. (manager)

The second nine has planned a rather full schedule this year, far better than the one of last year, and as a result a few trips will be made. Knoxville Hi, T. M. I. and other old time competitors are on the waiting list. Polly may come in for another blow some time later on.

Ccach Feeman need have no worry about these second team youngsters, for they have the height, breadth, speed and skill, all of which working in harmony will place the second nine on the map.

We will get to see our second men in action on the home grounds soon and we want a victory for them and M. C.

"The Eighteenth Amendment just ruined my uncle's toad farm."

"Don't see the connection."

"He used to sell the hops to the brewery." —*American Legion.*

Rev. H. D. Dinwiddie, Noted Bible Teacher, Here Saturday and Sunday

Rev. H. D. Dinwiddie, noted Bible teacher, who was for twelve years head of the institution for organized charity in New York City, will be at M. C. on Saturday and Sunday to address the students.

Rev. Dinwiddie will give an address at the chapel service on Saturday morning, and will appear again before a joint meeting of the Y.M. and Y.W. Sunday afternoon, and again at Vesper Sunday evening.

The work which Rev. Dinwiddie carried on at New York City is now being carried on by Mayor Hylan. Rev. Dinwiddie is an expert in dealing with young people.

MARYVILLE NINE TROUNCES JOHNSON BIBLE COLLEGE 14-7

(Continued from page one)

made first as Armstrong came in, and J.B.C.'s fun ended for a time.

The next inning found the score tied and fluctuated from then on through to the seventh inning during which the Highlanders made a gap between the scores so wide that the visitors were unable to bridge it. The final score was 14 to 7.

Box score and line-up as follows:

JOHNSON BIBLE COLLEGE

	AB	R	H	PO	A	E
Polk 2d.	3	1	2	3	2	2
Calaway 1st.	4	0	0	8	0	0

Summary: 2 base hits, R. Williams, R. McCall, Polk. 3 base hits, Armstrong. Home run, R. Scott, J. Scott, Partee. Base on balls: McLaughlin 3, Williams 1, Hyde 4, Scott 4. Struck out: McLaughlin 6. Williams 1, Hyde 5.

LARGE AUDIENCE SEES FRENCH PLAYS

(Continued from page one)

Jody, Delemo Beard, Isaac Huskey (who was also a tailor boy, most dutiful) with their costumes, their imitations, their ceremonies were unusually interesting. Le Muphti—Percy Buchanan was a very imposing personage. His knowledge of the Turkish language and customs was most amazing. Martha Robison gave a brief synopsis of each play in English.

All in all it was a splendid entertainment of which the school should be proud. A precedent has been established let's have a French play every year.

The musical numbers during the play and between acts were especially good. The men's quartette sang. Carl Moore and Harry Bannister played a cornet duet. Madeline Huizinga played a cello solo.

A Senior's version of a well-known jingle:

"Scintillate, scintillate, diminutive constellation,
Interrogating question your constituent elements,
In your prodigious altitude above the terrestial sphere
Similar unto the carbonaceus crystal."

Would a fly fly if a spider spied her?

NEW Y. M. C. A. OFFICERS INSTALLED

(Continued from page one)

other officers who explained more in detail the scope of the work that will be undertaken. The charge to the cabinet was given by Dr. McMurray. He reminded those who are assuming the leadership for the new year that they are to be leaders in every phase of the student activities. The great law of the world today he said, is service and must be obeyed. In closing Dr. McMurray gave five secrets for "Y" leaders:

1. Be a workman that needeth not to be ashamed.
2. Study to show thyself approved unto God.
3. Whatsoever ye do, do it with thy might.
4. Be strong in the Lord.
5. Whatsoever ye do, do all to the glory of God.

The enthusiasm of the new officers and the zeal with which they are taking hold of their new work bids fair to make this the best year in the life of the College Y. M. C. A.

MIND-READING STUFF

Irene, belle of the village green, was in the drug store with her ardent swain absorbing an ice cream soda when her straw became bent.

"Hey", she called to the clerk, "my sucker's broke."

The swain colored. "Ding it!" he exclaimed pettishly. "How'd you know I was."

PALACE PROGRAM

THURSDAY, APRIL 7
Bryant Washburn in "BURGLAR PROOF". A ticklesome tale of a tightwad that love loosened up. Also Pathe News.

FRIDAY, APRIL 8
Otis Skinner in "KISMET", the miracle of the theatres art.

SATURDAY, APRIL 9
An Edgar Lewis production. "LAHOMA" a dynamic tale that mirrors the soul of the west. Also the first episode of "THE SON OF TARZAN" by Edgar Rice Borrough

MONDAY, APRIL 11
"IDOLS OF CLAY" with Mae Murray and David Powell. A Geo. Fitzmaurice Production.

TUESDAY, APRIL 12
Jane Novak in "THE GOLDEN TRAIL". Also "The One Best Bet", a Chester comedy.

WEDNESDAY, APRIL 13
Bebe Daniels in "OH LADY, LADY" with Walter Heirs and Harrison Ford.

THURSDAY AND FRIDAY
Charlie Chaplin in "THE KID". Six reels of joy.

George—Dog-gone! This engine's missing again.

Georgette—Oh, don't bother about it. It doesn't show.

PLEASED TO MEET

"You know that $10 you lent me."

"Not now, introduce me."

—Lord Jeff

A fish off the shore-line of Maine,
Endured great hardship and pain.
It got quite upset
When caught in a net.
And felt itself going in seine.

No, Clemantine, Rex Beach is not a summer resort.

The Highland Echo

VOLUME SIX — MARYVILLE, TENNESSEE, APRIL 14, 1921. — NUMBER TWENTY-FIVE

BASEBALL TRIPS END FIFTY-FIFTY

C. N. 8, M. C. 5; J. B. C. 2, M. C. 8.

Davidson and Sneed Show Good Form.

At a certain city not a great distance from Maryville is Jefferson City, Tenn., and within the corporation of said city is Carson Newman College. From this educational institution came forth a baseball nine which locked horns with the nine representatives of Maryville College. A battle followed and it looked fair to good at the outset for the Highlanders but a red cloth was flashed in the air by the cheering of the Jefferson City folks and the home team responded with a start and a loud snort. The Lucky Seventh was to M. C.'s disadvantage this time, for things went wrong. Maryville's sudden and advantageous start in the second inning was easily overcome by C. N. in the seventh. After reaching Maryville's pace of two scores the C.N. boys were not satisfied so they kept the circuit work up until the final count stood eight to five. Maryville tried hard to overcome the lead of the Newmanites but to no avail.

So the game of Saturday, cold Saturday afternoon, ended and a day's rest ensued. Then came the game Monday afternoon with weather to every player's disadvantage.

Kimberlain Heights, on the French Broad river, was the general location of the scene of the second game. J.B.C. is short for Johnson Bible College, Maryville's victims. Maryville scored at least one run in five different innings, two scores were made during the first inning, one the third, two the fifth and sixth and one in the seventh making a total of eight tallies to

(Continued on page four)

SECOND TEAM CLASHES WITH KNOXVILLE HIGH

Caswell Park Scene of Another Defeat, 8 to 4.

Good Showing By Both Teams; Scrubs Fail to Hit.

"Let's go boys, let's go", was the excited and anxious remarks of a certain first baseman of the Highlanders; and off the whole gang went, motoring towards Knoxville. Not for the purpose of calculating angles and distances did a certain Math Professor go along, but to act as supervisor of the team as he did the debaters. A welcome boss who declared that a fairly good showing was made by the Highlanders in their first real hard game of the season.

In the fourth frame of the battle Troutman and McLaughlin made a circuit for two runs giving them a lead of one run over the Knoxvillians, who rallied in the fifth and came to with three scores. For the next three innings it was a case of rise and fall for the visitors who were put down by threes in quick order, but not without getting a taste of the old horsehide. At times Fisher, moundsman for K. H. S., reached the point of desperation because he could not close down on the watchful M. C. fellows. Maryville's judging eye was good but the hitting was not as effective as Knoxville's.

Hi School came forth in the seventh for a trio of runs thus making a total of seven to which was added another in the first half of the eighth. Score eight to two. Sanders, Troutman, Huston, McLaughlin and McClung faced Fisher in the eighth and Sanders was jostled around the circuit for M. C.'s third talley. Baxter, McCall, McMurray and Ryburn swung the big club the first of the ninth during which inn

(Continued on page four)

COMING!

On Monday evening, April 25, the Maryville College Players will present "Poly of the Circus", and also a modern Japanese play. Additional announcement will be made in the Echo next week regarding this entertainment, but this is merely by way of warning to all those who have made other plans for Monday evening, April 25, because YOU CAN'T AFFORD TO MISS SEEING THE M. C. PLAYERS!

PLANS FOR ELECTION OF MAY QUEEN

The methods of procedure in the election of the 1921 May Queen of Maryville College have been perfected by the Y.W.C.A. cabinet and are ready for publication.

Each class will be requested to assemble in a called meeting this week and to appoint a fair representative from that class to be one of eight nominees for the College's May Queen.

The names of the eight nominees will then be printed upon ballots which will be in number exactly the same as the number of students and each student will have the opportunity of casting his or her ballot on next Tuesday at some place designated by the Y. W. C. A. officers. Listen and watch for further announcements!

DR. A. W. HALSEY PRAISES MARYVILLE COLLEGE

Dr. A. W. Halsey, Secretary of the Board of Foreign Missions of the Presbyterian Church writes the following to Dr. Stevenson:

"I am glad that you are located at Maryville. There is no college that I know of among the institutions connected with our Presbyterian Church, that is doing better service than Maryville. I have nothing but praise for the men and women who have come to us from Maryville, many of whom are now on the foreign field doing various types of work, and giving splendid and valuable service with the true spirit and devotion to Christ and His cause. This is true not only of the graduates from Maryville who go to the foreign field but of those who remain in the home land, many of whom I have met as I travel over the country. You have a fine opportunity for service.

"My best wishes wait on you in his splendid service to which you have been called".

Third Afternoon Recital

The third afternoon recital given by the departments of Music and Expression on last Friday afternoon was a fine treat for the College and town folks assembled in Voorhees Chapel. Readings were given by Miss Mary Hamilton, Miss J. Lynn McClung, and Miss Nell Collins. Miss Jessie Johnson sang a solo, and Miss Nannette Walker, Miss Virginia Stribbling and Miss Mattie Tedford played piano solos. The program was very interesting and we hope this recital does not conclude the series of afternoon recitals which the departments have been giving.

The Maryville Players presented "When Silence Was Golden" to a large audience at the Polytechnic School last Friday night. They were assited by Mr. J. . Keen and Miss Ruth McMurray.

Who will be May Queen?

NEW YORK GIANTS' SECONDS TRIM M. C.

Highlanders Show Better Form Than in Prevoius Big League Contest.

Even so be it. We played them and were beaten 14 to 2. That sounds gloomy and discouraged, but we are not. Our boys deserve no condemnation for they played a good game—far more commendable than their Knoxville appearance. They stepped to the plate and did more than merely go through the motions.

The game by innings as recorder by "Brick", who covered game:

First Inning—

(a) Lowry slapped a neat single out to center; Cotton made a big league sacrifice Lowry going to second; Partee singled, Frank advanced to third, Partee died on second. Lowry came in on bum handling of Davy's grounder to short. Big Mac thrown out. One run, one hit, one error.

(b) Gonzales scored on King's two bagger. This score was followed by four others in rapid order; Five runs, two hits, three errors.

Second Inning—(a) H. and B. Williams and Dunn down 1, 2, 3.

(b) Two runs and one hit by Giants.

Third Inning—(a) One, two, and three downs—no runs, no hits, no errors. (b) Same as first half.—Ready for fourth inning.

Fourth Inning—Davy made an infield hit but Mr. "ump" called him out; Mac walked. H. Williams forced out Mac, who was safe when King mussed a throw—Williams put out stealing—no runs, no hit, one error.

(b) Smith goes in box. Left field fence touched. Winters scoring. A fumble, two hits, and a "bum play" resulted in two more scores.. Three runs, two hits, and two errors.

Fifth Inning—(a) Baxter W. flied out, "Horse Shoe" grounded out; Lowry got to second and died there when Cotton fanned.

(b) Henline, Kane, Berkett and Waiters faced Smith for a short time; no runs, hits, one error.

Sixth Inning—(a) Partee, Davy, H. W. and Mac went down. Berkett credited with an error. (b) A one run, one hit, one error inning. Can you picture a play to fit the inning?

Seventh Inning— Dunn circled sacks for home on a wild throw by Winters—one run, two hits, no errors. (b) One run due to "inspecting falling ball".

Eighth Inning—Cotton, Partee, and Davy downed in one, two, three fashion. (b) Smith, Grimes and Barcroft put on the blink in quick order.

The ninth was an ideal closing one—no hits, runs or errors for the Giants or for the "Giant Babes".

With a great feeling of ease and thankfulness the two strenuous tasks are through now, and more evenly matched games will fill the remainder of the season.

Don't be a Knocker—be a Booster—put M. C. on the map where she should be! Let's pull for cleaner, more thorough, and better athletics in general from pilot to stoaker!

(Continued on page four)

Rev. William M. Hudson, Ph. D., D.D., President of Blackburn College, Carlinville, Ill., visited our College for a few days during this week. He also made an address at chapel on Tuesday morning in which he was very liberal with his praise of our school.

LAST NUMBERS BEST OF LYCEUM COURSE

Clifton Mallory Players in "Vanity" and The Ward-Waters Co. in Impersonations.

The last two numbers of the Lyceum which were, The Clifton Mallory Players in "Vanity", presented on the evening of April the sixth; and the Ward-Waters Company in a most entertaining series of character impersonations, given on the evening of April the thirteenth, brought our lyceum course for the year to a close.

The first number mentioned, "Vanity", is first and foremost a pleasing entertainment. This play is filled with clean wholesome humor and is replete with many big dramatic moments. It has a deep undercurrent of philosophy, and conveys a message of inspiration and achievement The character drawing is clever, the construction simple and natural, yet the powerful theme is reverently treated and convincingly presented.

Mr. Waters of the Ward-Waters Company, as a character make-up artist certainly takes high rank. His sketches were new and original, and his humorous impersonations kept the audience in constant convulsions of laughter. The whistling duet was excellent, and had we not been able to see Mrs. Waters on the platform, we would have sworn that a six year old girl was talking and singing to us. Her child impersonation was wonderful. Miss Frances Witwer, the contralto soloist, with this company is certainly a very gifted young singer. Her voice was deep and mellow and had that wonderful quality so seldom heard.

We feel that these two numbers, as well as the whole Lyceum course have proved successes. Our Lyceum course as a whole this year has proved more than satisfactory, and we wish to congratulate the managers who have worked hard to secure and present to us the best that it was possible for them to get. We have enjoyed this program, and are now looking forward with pleasant anticipation to another Lyceum for next year that will be equally as good if not far better.

70 MILE MOUNTAIN HIKE BY "Y" BOYS

Snow-Capped Peaks of The Smokies Explored by Plucky Hikers.

Last Saturday afternoon seven boys, with their packs on their backs, left for a week-end hike to Thunderhead, one of the highest points in the Smoky Mountains. They took the train as far as Townsend and from there began what turned out to be a seventy mile hike.

Saturday afternoon five miles were covered before dark and camp was made in a little hollow beside a stream. This was the beginning of the fun for as soon as they stopped walking the drop in temperature was felt. But there is not enough space to go into detail, so let us view the scenes as they passed by.

The first meal "Senor" Arellano learned to cook "Pork and Beans". Save for the coolness of the atmosphere the first night was uneventful.

The next morning (Sunday) the hike to Hunderhead was made, a

(Continued on page four)

MAMMOTH PARADE AND GORGEOUS PERFORMANCES AT CO-EDS' CIRCUS

Everything Befitting a First-Class Circus in Evidence Monday Evening.

Last Monday evening a real circus was presented in the gymnasium under the auspices of the Y.W.C.A. If there is any doubt as to the huge success of the affair, ask anyone who was present! Every thing one ever sees at a circus was there in full force from the monkey to the elephant, however, the management gave strict orders that no peanuts were to be fed to the animals.

In the center of the ring was placed the judge's stand and these seats of honor were occupied by Mrs. McMurray, Miss Pleasants, Mrs. Davis, and Miss Sheddan.

The ring master, Miss Margaret McKinney, added to the success by her efficient management of the floor and general announcements concerning the program.

One of the main fatures of the evening was the grand parade. This was led by eight prancing horses, ridden by as many charming young ladies in beautiful attire. In turn came the caged tiger, the wild woman, the elphant, the camel, the giraffe and the monkeys. These were followed by some Arabian women, an Hawaain native and the largest fat woman in the world. It has been said tht the best come last and some believe this true of the parade, for the charming smile of baby Irma, her rattle, nurs maid, and wonderful carriage attracted everyone. Clowns seemed to be everywhere, and it almost seemed that professionals had been brought in for the occasion, so effectively was the audience kept in roars of laughter by their antics.

In quick succession at the close of the parade came the performance in the circus ring. These were put on by the girls from the floors of the various dormitories. All deserve honorable mention. Strouski's Band was especially entertaining, but all could not receive the prizes, so after much difficulty, first floor Baldwin was awarded second prize and one division of fourth floor Pearsons first.

During the entire evening maidens in fluffy pink costumes served the audience with true circus "eats": peanuts, crackerjacks and ice cream cones.

Everyone agrees that this was one of the most enjoyable informal social affairs of the year. Much credit for the success of the evening should be given to Miss Margaret Houston, the Y. W. social chairman, although she could hardly have carried out her plans without the willing co-operation of her committee and all those who assisted.

U. T. MUST FALL ON FRIDAY AND SATURDAY!

* * * *

It is with great rejoicing that we notice the fine new grandstands on the baseball field!! A long-felt need has now been met and Maryville will now be able to furnish her base ball nine with real, organized support. We are no longer ashamed to invite our town friends and visitors to witness our base ball contests, but we are proud to urge them to come and occupy our new bleachers. The capacity of the new bleachers is something over a thousand, and that together with the car-parking space along third base line, will insure ample accommodations for the average Maryville crowds. We are grateful to the Athletic Association and to Mr. Pleasants for these fine bleachers!

* * * *

On Friday and Saturday of this week the most important games of the whole M. C. baseball season will be staged. The one on Friday will be on the local diamond, and Saturday's contest will be enacted on the new Shields-Watkins Athletic field at the University of Tennessee. The University athletes are our ancient rivals and little else matters to a Maryvillian if "we beat U. T." Now that fine new bleachers grace our base ball field there will be no excuse whatsoever for any loyal follower of the Orange and Garnet to fail to attend the game on Friday or to refrain from straining his or her lungs to the limit of their yelling capacity. FRIDAY AND SATURDAY ARE THE BIG DAYS! !

* * * *

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Highland Echo published weekly at Maryville, Tenn., for April 1, 1921.

State of Tennessee, County of Blount.

Before me, a Notary Public in and for the State and County aforesaid, personally appeared F. A. Greene, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the Highland Echo, and that the following is, to the best of his knowledge and belief, a true statement of the management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations.

Publisher, James B. Hedge, Jr., Maryvile, Tenn.

Editor, Lamar S. Wilson, College Station, Maryville, Tenn.

Business Manager, F. A. Greene, College Station, Maryville, Tenn.

That the owners are: Supported by students of Maryville College, hence no individual owners or corporation owning.

F. A. Greene.

Sworn to and subscribed before me this 29th of March, 1921.

Celia Rough,
Notary Public.

(My commission expires June 19, 1923).

NEWSETTES

Among the Maryville College people at the Mountain Workers' Conference at Knoxville last week were: President Wilson, Dr. McMurray, Miss Jackson, Mrs. Sarah Henry Hood, '77, Miss Nellie Ruth Franklin, '08, Miss Cora Frances Hopkins, '17, Miss Emma Miles, '19, and Miss Charlotte Louise Messler, '21.

Rev. H. B. Dinwiddie made a brief address at the chapel exrcises on last Saturday morning.

Dr. Albert Greer Weidler, Dean of Labor at Berea College, Kentucky, and Prof. Luther Ambrose of the same institution, were visitors on the Hill for two days last week. They came to Maryville to study the methods of administration of our College.

The following faculty members attended the meeting of Presbytery at Washington Church, near Knoxville, on Wednesday of this week: President Wilson, Dr. Gillingham, Prof. Orr, and Prof. Jones. Dr. Stevenson also attended the meeting.

Mr. Charles Newton Sharp, Jr., of Britton Heights, Knoxville, of the class of 1922, and Editor of the Highland Echo for next year, was introduced to Union Presbytery at its meeting held at Washington Church last Wednesday, by his pastor, Dr. William R. Dawson, and, after a very satisfactory examination, was taken under the care of Presbytery as a candidate for the ministry. Mr. Sharp, however, declined the financial assistance of the Presbytery to which he is eligible when thus taken under its oversight. Mr. Sharp, we are glad to say, has recovered from his operation for appendicitis and has returned to resume his college work.

Misses Martha Mae Boyer, Lynn McClung, and Alberta Frow, of the Expression Department, assisted in an entertainment at Vose on Wednesday evening.

The Home Economics Department entertained the Maryville Kiwanis Club with a luncheon in the rooms of the Department on Thursday, April 14.

Mr. Frank Oates and Mr. Charles Edgemon visited on the Hill this week.

The Senior Class enjoyed the production "Kismet" at the Palace Theatre last Friday evening.

Last Sunday afternoon three Maryville students, Mr. "Tommy" Loft, Mr. Roy Buffat and Miss Bernice Jones went with Miss Dorothy Dailey from the University of Tennessee to Johnson Bible College for the purpose of organizing a Student Volunteer Band there, and getting the students in general interested in missions. Sunday night the Student Volunteers of U. T. had charge of the Christian Endeavor services at the First Presbyterian Church of Knoxville, where a Life Work Campaign is being carried on this week. At this meeting Mr. Tommy Loft led the devotional services and Miss Bernice Jones gave a short talk on 'Why I am a Volunteer."

CONCENTRATE

There was once a hen who never laid two eggs in the same place. All went well until she tried to set. She had her eggs scattered all over the farm and she tried to hatch them all. The third day she went crazy.

WHY NOT THINK?

It's a little thing to do,
Just to think.
Anyone, no matter who,
Ought to think.
Take a little time each day
From the minutes thrown away,
Spare it from your work or play,
Stop and think!
You will find the men who fail
Do not think.
Men who find themselves in jail
Do not think.
Half the trouble that we see,
Trouble brewed for you and me,
Probably would never be,
If we'd think!
Shall we journey hit-or-miss,
Or shall we think?
Let's not go along by guess,
But rather to ourselves confess.
It would help us more or less
If we'd think! -T.B.

Goldie (after she had crossed the creek at 9 p. m.) I believe I am standing on imagination.

"Dutch" (coming behind): Well, you'll have to stretch it a little so we can both stand on it.

Here lies the body of Susan Lowder,
Who burst while drinking Sedlitz Powder;
Called from this world to her heavenly rest
(She should have waited till it effervesced). —*Tar Baby.*

What First?

In choosing an occupation what do you put first?

To serve rather than to be served is the Christian order. The calling that offers the maximum satisfaction and service opportunity to qualified volunteers is undermanned. Many men of this college can thus testify. Have you faced the ministry?

Talk with your college president or your pastor or write for literature to

Presbtyerian General Board of Education

Ed Keener Says: 25% discount on every new 2-strap Pumps, Oxfords, and Shoes. In this great Discount Sale nothing is reserved. No bear waltzing here, and anybody who has the money knows how to figure the discount of 25%, or 1-4 off of a $10 pump will make it $7.50 the pair. 1-4 off of an $8 Pump will leave $6.00, and so on. Last year we began our 25% discount in early May, 10 days later followed by the Prince of Merchants, Wanamaker, and in a few days followed by the merchnts in our city and throughout the country. Six months later Henry Ford make his big cut. One forethought is worth a thousand afterthoughts, therfore trim your wicks, fill your lamps on Friday and Saturday, just five weeks sooner than last year Ed Keener, shoeman, is bound to rouse the buying public by taking off 25%, or one-fourth, of his already lowest priced shoes in the city. Grey Satins and Suedes, Brown Satins and Suedes, Black Satins and Suedes.

Maryville College
1819-1920

Rev. Samuel Tyndale Wilson, D. D., LL. D., President

I. ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and one years. Thousands of its former students are scattered over the world.

II. ITS PRESENT. Its enrollment in 1919 was 1003—445 young men and 550 young women—of whom 452 were collegians. 666 students from Tennessee, and 337 from 38 other states and countries. Its teaching force consists of 71 professors and assistants.

III. ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Swimming Pool; waterworks sewerage, steam heat and electric lights. The campus contains 250 acres.

IV. ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V. ITS OTHER DEPARTMENTS. 1. Preparatory. 2 Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI. ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII. ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in room, $30. to $48. a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Maryville, Tennessee

OUT-OF-THE ORDINARY PROGRAM AT BAINONIAN

The program for Bainonian Saturday night was composed of a variety of everyone doing what they could do best. The first number was a piano solo by Nell Baker. Next Martha Robison gave a reading from O. Henry. A duet by Mary Elizabeth Clements and a reading by Alberta Frow finished the dignified part of the meeting, called the program. This does not mean that the society was over. It simply means that programs to be programs in the correct sense of the word must be rehearsed. The rest of the evening's entertainment had not even been anticipated by the entertainers themselves. Winona Johnson was called upon to talk on "The latest bones and popular lies". Dorothy Stivers seemed a trifle embarrassed when asked to speak on the subject of, Cooking for two. Eugenia Hagood declaimed on the, Evils of Chewing Gum, and Bringing Up Father was found to be the most worthwhile news item Marian Krespach had read for a week. She advised the society to read an occasional clipping for they never knew when they might be called upon.

EXTEMPORANEOUS PROGRAM AT THETA EPSILON

The fact that it doesn't always take a prepared program to bring out the talents of a society was proved in Theta last Saturday night at an extemporaneous program. It takes more courage and poise to present a number at an unexpected moment, than when prepared, and sometimes we do things we never dreamed we could.

Also the fact was proved that an audience can be entertained in a very delightful and enjoyable manner by a program of this type as every Theta can testify.

The following numbers were presented after which Betty Fowler gave the critics' report.

Reading - - - - Mildred Striplin
Piano Solo - - - - - Rose Wooten
Talk—"What is Love" - - - - - - - - - - Gladys Nave
Quartet - Jonnie Trotter, Anne Allred, Ella Mae Walker, Betty Faller.
Greecian Dance - - - Dennis Blevin
Reading - - - - Helen Horton
Solo - - - - - Mary Hamilton
String Trio - Sue Sugg, Margaret Newell, Caroline White.

DR. DINWIDDIE ADDRESSES JOINT MEETING OF Y.M & Y. W.

One of the most helpful and inspiring messages brought to the student body by Dr. Dinwiddie was his address before a joint meeting of the Y.M.C. and Y.W.C.A. Sunday afternoon.

In beginning his address on the Christian Life or the Life Victorious, Dr. Dinwiddie read the story about the blind man, who, after Jesus had restored his sight, "saw every man clearly". In every Christian, he said, there must be convincing evidence that Christ is in control of the life. When the life changes, man is fired with a new vision, he develops a strong prayer life, and there is a desire to study the Word of God. There will be victory over old conditions. Like the blind man of Bethsaida, his vision will be restored; but a vision greater than mere physical sight.

When this new vision is in power then the Christian will see men clearly, and he will see that God's plan of salvation must be communicated by human means. All are incorporated into God's plan and upon the plans and visions of Christians depends the salvation of souls.

God calls enough people to evangelize the world but they do not respond. Let Christ have His way in your life, for the secret of the Victrious Life is rest upon the Power and Might of Christ.

Special music for the meeting was a vocal solo by Emerson Rohart and a cornet solo by Carl Moore, both numbers adding greatly to the spirit of the service.

SAMBO IN CHICAGO

(with apologies to Mrs. George David Webb)

De days am dark an' sad an' dreary
Dis Northland sho am bleak an' cold.
Ma heart feels lonesome-like an' weary—
Like a lamb what's lost from out de fold.
If I was jest back down in Dixie
In de land o' cotton where I used to be.
Jest once more back in Maryville
Good ole Maryville, Tennessee.

2

White folks, I waz bown in Maryville,
An' done live dere all ma life.
Dat's whar I buried ma mammy, an'
Dat's whar I mah'ied ma wife.
I got friends dere by de dozen,
White an' black, to stan' by me;
If I could make it back to Maryville,
Good ole Maryville, Tennessee.

3

I heered dem nigger strangers talkin'
'Bout de wages I could git
If I'd go up north long wid 'em,
So like a fish I up an' bit.
How long 'go wuz it, nigger?
Samsey massy, lemme see—
Marse Bartlett was President ob de College
In good ole Maryville, Tennessee.

4

Course, sometimes I gits a letter,
Tellin' me de latest news,
An' one fool nigger up and writ me;
"Maryville folks done cut de booze".
Course I know he's tryin' to string me,
But I got sense 'nough to see
Dat sich as dat don't go in Maryville,
Good ole Maryville, Tennessee.

5

I wish dem niggers down on dem streets
Could jest hav know'd de fix I'se in,
Dey'd jest git up one mo' crap game
An' up an' sen' me what dey win;
'Nough to buy a one-way ticket,
Dat's jest all twould take fer me
Jest ter git me back to Maryville,
Good ole Maryville, Tennessee.

6

I can hear dem niggers strummin'
On de banjo soft an' low,
An' a comin' down de railroad
I can hear dat choo-choo blow
She's due now at de depot
An' I'm blue as I can be—
'Cause I too is due in Maryville,
Good ole Maryville, Tennessee.

7

When I goes to chu'ch on Sundays
An' hear de preachin' and de songs,
I ax de Lawd fer jes' one thing—
Ter git me back whar I belongs.
An' when Gabriel toots his trumpet,
An' de las' day dawns fer me,
Jes' ter let me die in Maryville,
Good ole Maryville, Tennessee.

8

An' when I gits ter heaven
An' we're passin' down der line
Ter view dem glory mansions,
All made ob stuffs dat shine,
I'se gwinner tell ma Massa
Dat ef dey ain't no place fer me
He can send me back to Maryville,
Good ole Maryville, Tennessee.

JOHN DANIEL ADDRESSES VOLUNTEERS

John Daniel spoke to the Volunteers last Thursday night on the very interesting country of Persia. John has been delighting us lately with a number of talks on that land of ancient civilization, and future promise.

We were surprised to learn that centuries ago the Persian missionaries had penetrated as far as China, where, to this day, stand statues in honor of them.

It was interesting to know that the girls of Persia were being freed from the veil and custom which bound them for so many centuries to the inner sanctions of the home.

The story of the entrance of a Mission school into one particular province, the home of the speaker, was quite wonderful— the early struggles Mohammedism and natural prejudices. At first only a few timid pupils, curious to know the ways of the white man, then an increasing interest and confidence; all the while the teachers being unable to teach Christianity on peril of their lives and at the risk of their school. As the confidence of the people grew, the confidence of the teachers also grew and Christ was taught to the multitudes. Like sheep on the river's bank, just the example of the leader crossing, settles the course of hundreds.

BASE BALL TRIPS END IN FIFTY-FIFTY

(Continued from page one)

two runs made by the Baptists in the second frame.

There was little danger of a knocked ball or even a wild throw going far on the J. B. C. baseball diamond. Shortstop was almost in a plowed field while every one of the outfielders had to kick the upturned sod in reaching the fly balls. Sneed pulled a good grandstand stunt not meant for show, when he raced back field from second and caught a seemingly safe hit. It was a nice clean catch and a timely one. Davidson got three hits out of five times at bat and two of the said hits were for two bases. Cotton played the part of a big man with a big stick He pulled down two good hits in Monday's game.

The Williams battery operated during the J. B. C. contest while the game Saturday afternoon was piloted by Smith and Williams.

Coach Feeman took the following men on the trip: B. R. and H. Williams, Cotton, Sneed, Lynn Rhyburn, Partee, Davidson, McLaughlin, R. McCall and Rowan. These men will buck against U. T. Friday and Saturday.

SECOND TEAM CLASHES WITH KNOXVILLE HIGH

(Continued from page one)

ing McCall crossed the platter for the fourth and last run scored by the Highlanders.

Thel ine-up of teams was as follows:

70-MILE HIKE MADE BY "Y" BOYS

(Continued from page one)

distance of about twelve or fifteen miles. It was too cold to stop so the boys went on over Thunderhead, only stopping long enough for "Pinkie" Burson to take some pictures.

Leaving Tunderhead behind, and with it all known trails, the adventure was begun in earnest. Covering about twelve miles more in the afternoon, they came to a small cabin and decided to stop for the night, and it is a good thing they did for it began to snow soon afterwards. The second night was sleepless and cold. Words cannot describe that night spent in a small cabin where the wind whistled through and water froze sitting close to a fire.

Monday morning the hike was resumed and they soon learned that they were near Elkmont. They had exactly two hours to walk nine miles over a railroad track from a lumber camp to Elkmont in order to catch the train for Townsend. They made the distance in one hour and fifty minutes, but they stopped at the wrong place and the train left from a place that was a combination of store, postoffice, station and something else. There was too things to be done: either stay over and wait until 2:30 the next day or walk to Townsend. They stayed until eleven o'clock Monday night and then began the eighteen mile hike over cross-ties in the dark. It was awful, but at 5 a. m. Tuesday morning seven tired fellows reached Townsend and oh my! that breakfast! For further details see "Arellano, "Brownie", Bob King, Elisha, Poe, Burson or Henager.

VOLUNTEERS DEFEAT HIGHLANDERS 5 TO 4

Williams And Bishop Twirl Ten Inning Game.

Hatcher of U. T., Partee and McLaughlin In Foreground.

"Strike One!" and the game was on. A corking good game it was. The Orange and Garnet met the Orange and White in a thrilling baseball battle and the bearers of the latter colors were victorious by one score.

Hoyt Williams pulled through three telling innings of the first part of the game and then he settled down and delivered the ball across the pan in big league style. Bishop, U. T.'s twirler, threw good ball but not as "steady" a brand as did Williams. The somewhat of a pitcher's battler lasted for ten innings but not without a friction phase which occurred in the eighth.

"Did he catch it or not?"

He says he did. The "Ump", according to his decision, says he did and didn't. Some players and rooters say he did and others say he did not. The truth is: If McLaughlin's fly to right field was caught on a pick-up, the game should have ended in the ninth frame 5-4 in M. C.'s favor. But, on the other hand, if the ball was caught on a fly, the compromise reached in the wrangled confab gave M. C. more than she was due to have. This dispute happened in the eighth frame. We give you the game, inning by inn-

(Continued on page four)

UNUSUALLY CLEVER WEDDING AT BAINONIAN

Mr. Gymnastic and Miss Athletic Are Hooked Up.

Debate: Resolved, That College girls should be elligible for the College eleven.

Affirmative, Mary Mason; Negative, Margaret McKinney.

Extemporaneous speeches:

What Athletics Mean to a College, Edith Moore.

What form of Athletics is most Beneficial, (moonshining) Geraldine Odell.

The Wedding of Mr. Gymnastic to Miss Athletic

Preacher - - - - Harriet Green

Miss Athletic, the bride - Rebecca Calderwood

Mr. Gymnastic, the groom - Kathryn Buell

Miss Court, maid of honor - Charlotte Messler

Miss Track, bridesmaid - Lula Mathews

Miss Link, bridesmaid - Mary McSpadden

Mr. First Base Groomsman - Martha Mae Boyer

Mr. Outfield, groomsman - Sarah Witherington

Little Miss Basket, ringbearer - - Geraldine Rouseau

Little Miss Bat, trainbearer - Lina Hodges

Little Miss Ball, trainbearer - - - Dorothy Higgins

Mr. Fullback, father of bride - - Blanche Bailey

The Athletic family—

Mother - - - - Louise Sheddan

Miss Error, sister of the bride - - Esther Miller

Mr. Homerun, brother of bride - - Susan Copeland

Mr. Forward, cousin of bidre - - - Mary Nuckols

Miss Sallee Huffaker played the wedding march and accompanied Mary Elizabeth Clements who sang, "I Love You Truly". After the wedding we presume that the healthy couple went on a Baseball tour or something of the like.

MARYVILLE COLLEGE PLAYERS WILL GIVE ENTERTAINMENT IN VOORHEES CHAPEL ON MONDAY EVENING

The Maryville College Players, who, assisted by several students on the Hill will present "A Flower of Yedds", and "Polly of The Circus" at the chapel Monday night, April 25. Reading from left to right: standing, Myrtle Rendon, Bernice West, Susan Carson, Callie Speck, Robert Perry, Goldie Nicely; seated, David Noble, Mildred Striplin, Annarine Atkins, Martha Robison, Anna Sharp.

The Maryville Players who have been so popular not only on College Hill but on their tours in Maryville and its vicinity will present their big play, or rather plays, of the year next Monday night, or to be exact, April 25 at 8 p. m. in Voorhees chapel. They will be assisted by several other members of the student body.

The plays are "A Flower of Yedds" and "Polly of the Circus". Could anything be more attractive, more entertaining, more amusing, or more refreshing? A ripping good comedy of old Japan, full of its charm and grace and boasting two of its fairest, daintiest maidens with an ideal picture of Japanese love making,—what more could you ask? What more, yes, but the players always give good measure, and to this is added "Polly of the Circus" which has proved so popular not only as a story but in the movies and on the legitimate stage. Always a favorite—even the cast is in love with it. It too has a splendid love story all the way through, quaint, unique, and amusing incidents, and laugh after laugh.

Its cast is very strong—Annarine Atkins is Polly the leading lady, and Polly herself could be no better. David Noble is the leading man and among the other characters are Lina Hodges, Mildred Striplin, Susan Carson, Tex Middleton, Robert Perry, Leslie Poe, and Callie Speck.

Numerous committees are busy wiring for costumes, making costumes, planning scenery, painting scenery, doing all that is necessary to make Monday night perfect. The casts are practicing, and Miss Bewley is coaching, coaching, coaching, so that you may have a most enjoyable evening.

Maryville is taking her place among the leading colleges of the South, yes of America. The step that has put her closest to the first is the organization of the Maryville College Players who have done such admirable work not only on the Hill but in Maryville and the surrounding country. Their big play, given Monday night, is one thing you simply can't miss.

M. C. RESERVES SHUT OUT CENTRAL HIGH

Only One C. H. S. Man Reached The Third Sack; Scrub Infield Works Like Clock.

11 to 0. That was the final score last Wednesday afternoon in the game at Fountain City between our second base ball team and the Central High School of Knoxville. From the moment when McClung started the game with a pretty hit to center field until Baxter ended the ninth inning by striking Bland out for the fourth time, McLaughlin's aggregation played like veteran leaguers and put up an exhibition of gilt edged ball. The first inning they made four hits and secured five scores, and there was only one inning in which the men did not go beyond second base. Only one man from the high school ever reached third base and only two got as far as second. The errors of the Knox County boys were chiefly due to their allowing ugly grounders to get past them. In general they played fast ball. By a hurried relay from far back in center field they caught McLaughlin at the home plate in the second inning, and in the fourth inning Calloway, Parks and Johnson negotiated a neat double play. Not to be out done Ryburn and McLaughlin made a pretty double play in the eighth inning catching Vessar at first just after he had made a clean hit to center. The only two-base hit of the game was a long drive by Johnson over among the trees on the hill back of Huston. It seemed like hard luck when Haase, Bland and Love stood within easy reach of Cloyd's little "pop-up" and allowed it to fall to the ground untouched. But that was

(Continued on page three)

J. R. BURCHFIELD, '93 SENDS GREETINGS

Is Minister at Florence, Colorado; Establishing $1,000 Scholarship in M. C.

In a letter just received, Rev. James Richard Burchfield, '93, of Florence, Colorado, writes of the scholarship of $1,000 which he is establishing in the the College in memory of his wife, who was Mary Mathes, also a former student. He then adds the following:

"The Highland Echo keeps me in touch with Maryville College and brings me interesting bits of information which I deeply appreciate, and which I share with Mr. and Mrs. W. E. Holloway, members of my church, who were formerly students in Maryville. Mrs. Holloway was Miss Karnes, and graduated just a few years ago, I believe.

"How wonderfully Maryville College has developed! Guess I should rub my eyes in astonishment with a kind of Rip Van Winkle feeling, should I have the privilege of visiting the dear old institution. Riley

(Continued on page three)

Calender Of Events For Coming Week

- Friday, April 22—Base ball with Emory and Henry here.
- Friday p. m., Aprill 22—Preparatory School meets K. H. S. in dual debate.
- Monday, April 25—Base ball with Lincoln Memorial University at Harrogate.
- Monday p. m., April 25—Maryville Players will give entertainment in Voorhees chapel.
- Thursday, April 28—Base ball with Carson-Newman here.

PREPS' DEBATING SEASON OPENS FRI.

Will Meet Knoxville High School in Dual Debate; Girls And Boys Will Participate.

For the first time in its history the Maryville College Preparatory School will meet the Knoxville High School in a dual debate. This debate will take place on Friday, April 22.

The question is, Resolved: That the United States should not authorize the construction of any warships for a period of six years, other than those contracted for.

The team consisting of Edward Cornelius as captain, Charles Maye, Nathan Haworth, and L. E. Milling, alternate, will journey to Knoxville to uphold, with fiery and forceful arguments, the affirmative side of the question. While on our home platform the team consisting of Miss Rebecca Calderwood as captain, Misses Eula Bell Jones, Katherine Franklin, and Elizabeth Mitchell, alternate, will present in their effective and determined manner, the negative side of the question.

Opposing these teams, representing the Knoxville High School are: Negative, John Bamburg, Homer Lindsey, Julius Goodfriend, and Godfrey Garrett. Affirmative, Misses Flora Bart, Martha Pettyman, Frances Dean, and Margaret McClellan.

This promises to be a very interesting debate as the question for discussion is a vital question and one with which all the great powers of the world are confronted at the present time. Shall we build a large navy?

The preparatory students have given their support to the college debaters, so it is up to the college students to show their appreciation for the preps' loyalty by coming out Friday night.

Following this will be a debate with Greeneville High School on May 6, and one with the Athens Department of Chattanooga University on May 13.

SEARCH FOR MAGIC BASKET SUCCESSFUL

Senior-Junior Banquet Most Enjoyable Affair in Years!

Jane Ellis Chosen Sponsor For Junior Class.

A curious, eager, expectant host of Seniors gathered in Baldwin Hall Monday night and joined a host of Juniors in a search for the Magic Basket. The basket could not be found in Baldwin Hall, and so the Senior host led by the host of wise and original Juniors proceeded down the cinder path, toward the Southern station and up the street until both hosts arrived at Cricket Ellis'. There Dr. McMurray announced that the magic basket was about to appear—and then a big, beautiful basket appeared containing little Miss Jane Ellis who was formally adopted as sponsor for the class of '22, Forrest Brown officiating. Jane was then presented with a little basket containing a subscription to the 1921 Chilhowean. Cricket voiced little Jane's appreciation after which Percy Buchanan sang her a lullabye.

Seniors wanted to stay longer but Dr. McMurray announced that it was time to follow the leader again, and they followed on and on and up until they arrived in Science Hall and were led into a beautiful banquet room where the soft light from white and gold candles fell on baskets of golden tulips and purple iris, on purple baskets and golden baskets of nuts, on baskets which

THE PLAY "STAGES OF LOVE" DRAWS CROWD

Thetas Put On Program Which Appeals to Co-eds.

Last Saturday night a little play entitled, "Stages of Love" was presented before the Theta Literary Society. They say that all girls are interested in love and this may account for the large number present.

The play was given in four scenes, the first being childhood, in which a small girl and boy were seen playing on a sand pile. The second scene, schooldays, showed the high school girl and boy walking home from school, the boy carrying the books and holding a candy sack. In the third scene the hero and heroine were going through that painful experience of separation in which letter writing and dreams of the absent one played important parts. However, the climax was reached in scene four when the audience heard the sweet strains of "I Love You Truly" as sung by Millicent Codding, followed immediately by the wedding march. The bride on her father's arm advanced to the altar where she was met by the groom.

There they accepted each other "for better, for worse".

Miss Sheddan, an old Theta, gave the critic's report after which the society adjourned.

Sunday afternoon at 1:30 there will be a joint meeting of the Y.M. C.A. and Y.W.C.A. in the chapel. Various phases of Blue Ridge Conference work will be presented by members of the student body.

Everyone is invited to attend this meeting.

Our new sprng shoes and slippers are in. We invite your inspection. Latest styles and prces. They make their own friends.

This is clean-up week in Maryville. Why not a clean-up week on College Hill? The old Hill sure needs it.

* * * *

Activities on the track and athletic field have reached large proportions during the past week. The field day, which is to be on May 2, bids fair of being a very successful event.

* * * *

It would seem that this is certainly our unlucky year in athletics. On last Friday U. T. nosed their way to another victory over us and of course there is a tendency for us to feel slightly discouraged. But according to a well-known and somewhat trite adage, "a bad beginning makes a good ending" and we are still prophecying a victorious base ball season.

* * * *

The completeness and delectableness of the menu, the concordance and uniformity of the artistic accessories, together with the prevailing spirit of good fellowship combined to make this year's Junior-Senior banquet equal if not superior to anything of its kind ever held at Maryville College. The Junior Class and Home Economics Department merit great praise and commendation for their singular success.

* * * *

On the next two Monday evenings will occur the crowning attractions of the scholastic year. In these two entertainments will appear talent of the very highest quality to be selected from the Maryville College student body. It is a foregone conclusion that these attractions will far excell any number given on our lyceum course this year. Surely no one will soon forget the splendid entertainment given by the Men's Glee Club last year! The Maryville College Players have been acclaimed absolutely "top-notch" by every audience before which they have appeared. To use the vernacular of lyceum managers, "these troupes come to us very highly recommended."

* * * *

MARYVILLE COLLEGE STUDENTS PERFORM AT VOSE

The "Emergency Quintet" consisting of Helen Horton, Martha Mae Boyer, J. Lynn McClung, Henry Cox, and Ralph Armstrong answered a hurry-up invitation to a community gathering at Vose Thursday evening, April 14.

Readings were given by the girls, and the boys were engaged in a debate in which the fate of the League of Nations was decided. These numbers together with music by the Polytechnic Band, comprised the program.

The debaters received their invitation at 5:45 and the readers at 6:30 thus the name, "Emergency Quintet".

The next issue of the Echo will be an eight page edition. Please hand your copy in early.

CAMPUS NOTES

On last Sunday, April 17, Dr. J. H. McMurray delivered the Baccalaurcate sermon for the Friendsville Academy. The Maryville College male quartet will furnish the music for the commencement exercises of the same school this evening.

Miss Clemmie Henry left Maryville Friday, April 15, to attend and to address the National Convention of the Daughters of the American Revolution which is being held in Washington, D. C., this week. The subject of Miss Henry's address before this National Convention will be *Maryville College*, and the knowledge of this fact makes us very anxious that her visit to Washington will be crowned with success. Miss Henry was accompanied by Mrs. J. H. Webb on this trip.

Prof. E. R. Hunter filled the pulpit of the New Providence Presbyterian Church last Sunday morning and evening during the absence of Dr. Graham. Prof. Hunter was recently made an elder of the same church.

Mr. H. I. Leyshon and Mr. Lake Russell, former M. C. students, were at the U. T.-M. C. base ball game on last Friday afternoon.

Miss Gladys Hughes has been forced to return home on account of ill health. Miss Hughes was a member of the Freshmen class.

Dr. O. G. Hughes and daughter, Kathleen, of Ooltewah were visitors on College Hill a few days during the past week.

On Friday evening at the Legion Banquet, which will be given in the American Legion Hall, Miss Callie Speck, Miss Susan Carson, and Miss Helen Horton of the Department of Expression will read.

Miss Jessie Johnson was in Knoxville Wednesday night on a visit with her mother who was attending the Presbyterial meeting in that city.

Mr. C. Eckles West and his bride arrived in Maryville on last Friday evening, April 15. Mr. West and Miss Edythe Marie Hoch were married at Akron, Ohio, on Thursday, April 14.

On Friday evening Mrs. Alexander will entertain at her home on the Tuchaleechee Road the students who took part in the French plays given on April 3.

M. C. Preparatory School Teacher Injured

While walking south on Court Street with two friends last Sunday evening Miss Helen Gamble was struck by a speeding automobile and thrown against the curbing, receiving painful injuries to her head. The automobile which was also going south on Court Street was without lights and was being driven by Mr. Atchley of Indiana Avenue.

Mr. Atchley immediately conveyed Miss Gamble and her friends to the Gamble residence on South Court Street, and it was but a very few minutes until the doctor was summoned and the wound was dressed. Miss Gamble's injuries consisted of a large cut over the right eye and many bruises to other parts of her body.

However, Miss Gamble was not incapacitated for her work by the accident, but was in her usual place on Tuesday morning.

LETTER OF SYMPATHY FROM FRESHMAN CLASS

Miss Marion Anderson,
Maryville, Tennessee.
Dear Classmate:

We, the members of the Freshman Class, wish to extend to you our heart-felt sympathy in this, your hour of great bereavement, the death of your father.

It is our regret that the news did not reach us in time to send a token of sympathy. Nevertheless, we wish to assure you that our hearts go out in sympathy to you and the other members of your family in this time of great sorrow.

Furthermore, we commend to you the One who, above all others, is able to comfort and strengthen in the most trying times.

Signed for the Class:
Bertha M. Russell,
Lawrence Kennedy,
Hazel Bevan,
Cazwell G. Johnstone.

JUNIOR ATHENIANS

The Junior Athenians met Saturday night as usual. They were gathered together for the trying of a certain H. A. Wolverton. Said Wolverton being accused of stealing a dominicker hen from Mr. James Brown. So Saturday night was set for the trial. The clerk read the charges and the wheels of justice were set in motion.

After hearing the witnesses the judge charged the jury which went out and decided the case. The jury came back with the verdict, that the prisoner was guilty and the sentence was that the prisoner should be stood on his head and spanked and that he should go witout chewing gum for a month. Then the court room was turned back into a Literary Society and the closing prayer was offered by Mr. Noble.

Kries-Keener Shoe Co.

208 Main Street, Maryville, Tenn. — 22 Market Square, Knoxville, Tenn.

Ed Keener Says: 25% discount on every new 2-strap Pumps, Oxfords, and Shoes. In this great Discount Sale nothing is reserved. No bear waltzing here, and anybody who has the money knows how to figure the discount of 25%, or 1-4 off of a $10 pump will make it $7.50 the pair. 1-4 off of an $8 Pump will leave $6.00, and so on. Last year we began our 25% discount in early May, 10 days later followed by the Prince of Merchants, Wanamaker, and in a few days followed by the merchnts in our city and throughout the country. Six months later Henry Ford make his big cut. One forethought is worth a thousand afterthoughts, therfore trim your wicks, fill your lamps on Friday and Saturday, just five weeks sooner than last year Ed Keener, shoeman, is bound to rouse the buying public by taking off 25%, or one-fourth, of his already lowest priced shoes in the city. Grey Satins and Suedes, Brown Satins and Suedes, Black Satins and Suedes.

Maryville College
1819-1920

Rev. Samuel Tyndale Wilson, D. D., LL. D., President

I. ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and one years. Thousands of its former students are scattered over the world.

II. ITS PRESENT. Its enrollment in 1919 was 1003—445 young men and 550 young women—of whom 452 were collegians. 666 students from Tennessee, and 337 from 38 other states and countries. Its teaching force consists of 71 professors and assistants.

III. ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Swimming Pool; waterworks sewerage, steam heat and electric lights. The campus contains 250 acres.

IV. ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V. ITS OTHER DEPARTMENTS. 1. Preparatory. 2 Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI. ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII. ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in room, $30. to $48. a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

SEARCH FOR MAGIC BASKET MOST SUCCESSFUL

(Continued from page one)

upon investigation proved to be programs and menus, and on golden baskets of fruit cocktail. It was a veritable fairy-land of beauty and loveliness, thanks to the untiring work and originality of the Junior class. After Tommy Loft offered the invocation Seniors and Juniors seated themselves to a banquet such as is seldom seen or tasted. How fast the moments slipped away as they talked of other days, past and future, and one by one the Seniors realized that this banquet given in their honor was the beginning of the end of their college days.

Just as such a thought was saddening their hearts Dr. McMurray, the toastmaster, told some splendid jokes and introduced the stellar attraction of the evening—the Junior President, Miss Stella McCall, who in well chosen words wished for the Seniors health, wealth and happiness in their truest sense. Lamar Wilson replied on behalf of the Seniors. Extolling in verse the joys and pleasures of Juniors and warning them of the sorrows and privileges of Seniors which they are so soon to share. He was followed by "a sampler of moonshine", George Howell, who reviewed the merits of that calling, and prophesied that in future years we will look back on those Monday afternoons and those evenings at the chapel, and treasure the memories of the friends we made. Marguerite Sullinger's toast was to "The Golden Ship", not hardship, or leadership but friendship. In beautiful words she reminded us that the best thing in all these college days is "a friend or two". Bernice Jones emptied on us a whole basket of pleasures, of work and study, play and fun, friends and love, while Roland Marquis reminded us of the "Bumps" we have met along the way and their value. Then Mrs. McMurray, beloved by Juniors and Seniors alike, gave us some "serious advice" on a very serious subject, one in which all people and especially Seniors are tremendously interested. The toasts were all interesting and unique, and given in a most pleasing way.

But even the most enjoyable of events must come to an end some time, and so this search ended with the Seniors feeling that they had indeed found not one magic basket but many, many of them.

PALACE PROGRAM

FRIDAY, APRIL 22
Billie Burke in "THE EDUCATION OF ELIZABETH". The Screen's bewitching "charm girl" in a finishing course of laughter. Also a special Harold Lloyd comedy, "Captain Kidd's Kids".

SATURDAY, APRIL 23RD.
Roy Stewart in "THE MONEY CHANGERS". New York life at the peak of society. Also "The Son of Tarzan".

MONDAY, APRIL 25TH
"THE INSIDE OF THE CUP" by Winston Churchill, a story of dark souls filled with light by the power of boundless love.

TUESDAY, APRIL 26TH.
Douglas McLean and Doris May in "THE ROOKIE'S RETURN". Not about war but a walloping war on gloom. Also a Torchy Comedy.

WEDNESDAY, APRIL 27
Justine Johnson in "SHELTERED DAUGHTERS". Also Chester Outing.

THURSDAY, APRIL 28
"MADONNAS AND MEN" with an all-star cast. The gigantic masterpiece of the year.

FRIDAY, APRIL 29
Fatty Arbuckle in "THE LIFE OF THE PARTY".

Y. M .C. A.

The Y. M. C. A. meeting last Sunday was led by Jimmie Jackson, who spoke on "A Young Man's Money". The attitude that man should have toward money-making, and the relation that man and his money should have toward the kingdom of God was clearly shown by the speaker.

It is important he said, to know what the purpose is in making money. It is not money, itself, that is the root of all evil, but the love of money. Our real purpose in this life; God's plan for us here, recognizes the need of money and material possessions, but we must seek first the Kingdom of God and these other things will be added.

M. C. RESERVES SHUT OUT CENTRAL HIGH

(Continued from page one)

offset when the ubiquitous "Shorty" ran out into deep left and so surprised Huston by his presence that the left fielder dropped Acuff's fly, and this bad luck robbed the team of the record of an errorless game. However, McClung and Gamble retired the runner before he could reach second and brought the inning to a sudden end.

The tabulated score tells the whole story:

MARYVILLE

	AB	R	H	PO	A	E
McClung, c.	5	1	3	7	2	0
McCall s.s.	6	3	2	3	2	0
Sanders r.f.	4	1	0	0	0	0
Ryburn 3b.	4	1	0	2	2	0
McLaughlin 1b.	5	1	2	10	0	0
Huston l.f.	5	0	0	1	0	1
Gamble, 2b.	5	1	1	2	1	0
Cloyd c.f.	5	2	3	1	0	0
Baxter, p.	5	1	2	1	7	0
Totals	44	11	13	27	14	1

CENTRAL HIGH

	AB	R	H	PO	A	E
Acuff, l.f.	4	0	0	2	0	1
Bland, c.	4	0	0	8	0	1
Parks, s.s.	3	0	0	3	1	2
Johnson, 1b.	3	0	1	10	0	0
Charles, r.f.	3	0	0	0	0	0
Calloway, 2b.	2	0	0	2	6	0
Vessar, c.f.	3	0	1	1	1	2
Haase, 3b.	3	0	0	1	1	1
Love, p.	3	0	0	0	11	1
Totals	28	0	2	27	20	8

Score by innings

	1	2	3	4	5	6	7	8	9
Maryville	5	0	2	0	0	1	0	1	2
Central High	0	0	0	0	0	0	0	0	0

Summary: Struck out—by Baxter 5; by Love 6. Bases on balls—off Baxter 1; off Love 1. Hit by pitcher—by Love, Ryburn. Stolen bases—McClung, McCall, Huston, Gamble, Baxter; Johnson, Calloway. Left on bases—Maryville 7, Central 2.

TABLE PARTY

The doors of Bainonian Hall were closely guarded Monday afternoon, opening only at such times as the doorkeeper saw fit. The reason for all this privacy was, that the members of table fourteen, being very good pals and much too serious minded to moonshine, got together for a feed. From the fateful hour of two to the fateful hour of fourthirty they had a regular time. Of course the fudge didn't last all afternoon but who expected it to? The other eats were in the form of a most extraordinary dishpan full of fruit salad, two half bushel baskets of sandwiches, a blue pitcher of Lawrence Kennedy's home brew, two platters of chocolate cake with icing a half inch thick, (kindness of Marian Krespach), and gallons of ice cream. After the banquet, the talented ones furnished music while the untalented washed up the dishes.

Everybody tried to draw around a wigg'e-wobble and the results were so poor that nobody got the prize.

REV. J. R. BURCHFIELD, '93 SENDS GREETINGS TO M. C.

(Continued from page one)

and I used to call Jud 'Old Half-Century', and now I shall soon have reached the half-century mark, and it is 28 years since I graduated. To think of my college days and then to remember that I have a daughter who is a Sophomore in college almost makes my hair turn gray, though I feel almost as young as once I did when a student.

"That dear old Maryville may prosper abundantly is the prayer of every loyal graduate, and with each prayer is grateful recognition of the benediction of the lives of the professors, which abides throughout the years.

"My work goes nicely here. Four years ago when I came here the membership was 160. This year we report 320, or a net gain of one hundred percent in the four years. We just recently received forty members at the Easter service. My church has very graciously shown their appreciation of my work by adding $800 to my salary this year.

"I hope that the College is closing the most prosperous year of its history".

VOLUNTEERS DEFEAT HIGHLANDERS 5 TO 4

(Continued from page one)

ing and play by play and let you make of it what you may:

First Inning—(a) Maryville took field. Haskew grounded to Sneed. Deitzen and Lane were retired in quick order. 3 down.

(b) Lowry fanned. Cotton flied to left and then came Partee's hair-raising, spirit-raising homer which went to right field on through the fielder, croquet fashion, to Court Street, and, in the meantime, Partee crossed the pan. Davy out. 3 down.

Second Inning—(a) A scratch hit put Hatcher on first and on second due to a bum throw to first; he came in on Campbell's two base hit to left center. White brought in Campbell. Lowry threw Bishop out. 3 down. 2 hits, 2 runs. 1 error.

(b) Sneed's popup sacked; Lane robbed Big Mac of a clean hit down third base line; Rowan struck out.

Third Inning—(a) Deitzen bunted safe with Haskew on first. Lane bunted safe. 3 on. Hatcher brought in Haskew and Deitzen tried a slide but Williams tagged him. (Mac pegged from center to home.) Lane in on bunt by Campbell, who was tagged by Cotton. Partee sacked high fly. 2 runs. 1 hit. No errors.

(b) Four men up. Lowry on with a hit to short. 1 hit. 1 error. No run.

Fourth Inning—(a) Lowry caught Bradford's hit near Keystone sack, cut off White, who had walked to first, and then downed Bradford at first. clean, fast, double play. Big Mac put one in the sack.

(b) Partee to Lane. Davy to short, and Sneed fanned.

Fifth Inning— (a) Williams tightened—fanned one and other two flied out, one to catcher and other to center.

(b) Mac fanned, Reed raced one out to first—dual Williams downed.

Sixth Inning—(a) Smith at first; White fanned the air; Bradford to Sneed to Cotton.

(b) Lowry was "tapped" on hip but he only walked to first. Cotton hit effectively and Lowry completed his journey homeward. Partee flied to center. Davy safe at first but Cotton died at third. Big Mac fanned wildly on his third strike and Campbell muffed ball: Davy home, Sneed to third, and Mac to first. Rowan out in tracks. 2 runs. 2 hits, 1 error.

Seventh Inning—(a) Bishop back flied to Williams. Mac sacked Haskew. Deitzen fanned.

(3 up; 3 down; 3 innings.)

(b) Williams hit clean. H. Williams bunted safe and both were pulled down at home on trying to beat in a caught fly. No run. 2 hits. No errors.

Eighth Inning—(a) Lane safe on hit over second. Hatcher tagged by Cotton who blocked the way to first and did a mopping up stunt. Campbell and Smith out.

(b) Here is where the trouble brewed: Partee's bouncer towards Lane at third was fumbled. Davy made first and Partee went third. Lane sacked Sneed's popup. Big Mac flied just over second baseman's position to short right. Partee waited till ball hit but Davy left at once and they crossed on pickup. An attempt was made to kill Davy at home anyway and on second too. Then it happened: Ask Umpires Munch and Campbell why it culminated as it did. Maryville died then and there. Spirit—to some extent—and game altogether.

Ninth Inning—(a) Bishop's three base hit of no use. 3 up. 3 down.

(b) Williams battery put out. Lowry got a hit; Cotton's pop to Bishop caught.

Tenth Inning—(a) Deitzen fanned. Lane walked and stole second on first throw to Hatcher who hit second ball to center and Lane scored. That was enough.

(b) Partee, Davy and Sneed put out in one, two, three order.

Box, Score and Summary as follows:

TENNESSEE

	AB	R	H	PO	A	E
*Haskew l.f.	4	1	1	1	0	0
Deitzen, c.f.	4	0	1	3	2	0
Lane, 3b.	4	2	1	3	2	1

Summary: Stolen bases— Lane, Two base hits, Campbell and Hatcher. Sacrifice hits—Campbell and Hatcher. Three-base hits—Bishop, Hit basemen—Lowry; Struck out—by Bishop 14; by Williams 6. Base hits—off Bishop 6; off Williams 10. Bases on balls—off Bishop 0; off Williams 2. Umpires Campbell and Munch.

Hazel Cleveland (discussing the number of days until school is out): "Will says he isn't going to work any more on Monday afternoon. Won't we have a good time moonshining?"

NOTE OF APPRECIATION BY THE JUNIORS

The Junior Class wishes to extend a note of appreciation to Misses Mary Clements, Maud Gentry, Anne Allred, Margaret Houston, Margaret Newell, Lucile Smith, Dorothy Stivers, Vivian Rochester, Lucy Waddell, Agnes Lewis, Mary McSpadden, and Helen Morrow for their splendid service rendered on the night of April 18, in serving at the Junior-Senior Banquet. The two Junior girls Misses Leola Davis and Elizabeth McCord remained in the kitchen and "made the wheels go round". We are greatly indebted to Mrs. Ellis for the use of her home and also to Mrs. Davis for her kind help in the preparation for the banquet.

MARYVILLE COLLEGE'S GLEE CLUB IN HOME CONCERT ON MONDAY EVENING, MAY 2

Upper Row From Left to Right: Robert King, Percy Buchanan, Young Hayes, Harry Owen, Rollin Marquis, Virgil McClung, Everett Jackson, Lower Row: Lee Herndon, Reed Rowan, Ralph Babylon, Howard Sullinger, Bennet Montgomery, Ralph Jennings, Decatur Waddell. Not in Picture: Jarvis Cotton, Alvin Keen.

THE OPPORTUNITY OF A LIFE TIME

See First Real Field Meet M. C. Has Had in Several Years.

To kill two birds with one stone, viz, moonshining with the girl of your dreams, and seeing an exciting struggle for supremacy in the first heat of the 220 yard, 100 yard dash and low hurdles, Friday and Saturday. These sprinters will qualify by a process of elimination to run in the finals on May Day, and to win a place on the team which will meet U. T. in the near future. These men will need your loyal support, your inspiring presence, your hearty cooperation. It is your duty and privilege to come out and help make this meet a success from A to Z. Bring your horns, dish pans and tambourines—anything to make a noise,—and let the fellows know you are interested and are backing them.

PROGRAM

The first heats of the contests will be Friday afternoon at 3:30. It will be composed of: running broad jump, standing broad jump, high jump, 220 yard dash, and 100 yard dash. The second heats of the same contests will be Saturday at 3:30, and all finals will be run Monday morning. Monday there will be: hammer throw, discus and shot-put, 120 to 220 yard hurdles, running broad jump, standing broad jump, cross country 3 miles, 1 mile, 1-4 mile, 220 yard dash, 100 yard dash, 880 yard relay and pole vault.

The girls also will have a chance to show their prowess on the athletic field Monday. From the speed they show in running to and from the class rooms, and in evading the matrons, it is expected some world records will be broken. See Jessie Johnson for further details.

The body of Captain Lones, a Maryville man who was killed in action in France, has been returned to Maryville and his funeral will be held on next Sunday afternoon at 2:30 o'clock at the New Providence Presbyterian Church.

OUR GLEE CLUB

The Men's Glee Club has come to take its place as one of the permanent organizations of the Hill. Commencing their third season with a lot of knowledge gained from past mistakes, they got organized much earlier this year than ever before. Several handsome members of last year's club failed to return, among them Bill Montgomery, the Janitor, who however showed that his Glee Club training was a valuable asset by making the Glee Club in the school to which he went. But these vacancies have been filled with exceptionally good voices, and the average vocal quality of the club is higher than of any previous year.

Miss Gregg, the tried and true directress, has one remark that she makes every so often to the Club, and that is: "The harder you work the better you become". And she works so hard herself that the members of the Club just have to work and snap into it. It is remarkable how some of the lazy members are constrained to attend every practice by her inspiring example. The boys are getting so that they even practice by themselves, and every once in a while you will see one of them walking around talking to himself; but it isn't because his girl has

QUEEN OF THE MAY

MISS MARGUERITE SULLINGER

HIGHLANDERS BLANKED BY MILLIGAN COLLEGE

P. Sawyer Allows Only Three Hits; H. Williams Checks On-Slaught; Score 5 to 0.

It was a hot one for the Highlanders. That game of last Friday afternoon is what we have reference to. It was a thorough walloping, and on the home grounds to boot. But we have many bitter pills to swallow in sports as well as in sickness. Many pills are needlessly administered but the administration of the horsehide pill by P. Sawyer of the Milligan Clan was given in such a way and spirit that it could not be swallowed, instead it swallowed up the Highlanders two and three at a time. Eleven men were fanned by Sawyer and one each by Smith and Williams.

Someone said that the Milligan College coach was keeping his best pitcher to use against the Orange and Garnet clubmen. Whether he kept the best pitcher or not only two of our men found him for a safe hit. Cotton cracked off two and R. McCall tapped the others, but none of the three hits came at a time best fitted for scoring, and consequently no score was made. Two or three times things looked good for Maryville, only to end in: three down, no runs—for nine straight innings.

The infield work of the Governor's

Holiday and Mountain Trip To Mt. Nebo

A holiday has been declared for next Tuesday for the purpose of a mountain trip by all the students of the College. The trip will be to Mt. Nebo which is two and one-half miles from Melrose, a station on the road to Walland. The fare for the round trip is the small sum of sixty-four cents, so there is no reason why ALL should not enjoy the day's outing on next Tuesday. All out for the tall timber!!

M. C. PLAYERS SCORE BIG SUCCESS

Miss Atkins and Mr. Noble Play Leading Parts in "Polly of The Circus".

Miss Fanson's prophecy was correct. The circus DID come to town. And every one who went to the chapel on last Monday evening will agree with us that it was SOME circus, and if Professor Hunter will pardon the slang, we'll say that the little Japanese play was no slouch as a curtain raiser either.

Now you unfortunate ones who were not at the chapel on Monday evening will want to know what we're talking about. All right we'll explain.

On last Monday evening, the Maryville College Players presented a Japanese play in one act, entitled "A Flower of Yeddo" followed by the big hit of the evening—"Polly of The Circus".

We cannot praise these productions too highly. They were both right up to the standard that was set by the Bainonians in "Everywoman" and carried high throughout all the amateur theatricals presented during the year.

The "Flower of Yeddo" featuring Misses Nicely, Robison and Rendon, and Mr. Keen, was short but sweet. The players gave most excellent interpretations of the characters they represented and the setting furnished a beautiful, harmonious background for their work.

You all know the story of "Polly of the Circus". You loved her the first time you read it, didn't you? Well don't you love her a little bit more, now that you've seen Miss Annarine Atkins in the part of Polly? Miss Atkins was great, and perfectly fitted to the place.

Time and space will not permit of special mention of each character and player, though they all deserve it. We will however, mention a few who were exceptionally good in addition to Miss Atkins, whom we cannot praise too highly.

David Noble as the leading man is the part of the young minister

We solicit contributions, suggestions, criticisms, and expressions of opinion from readers of the Echo

Owing to the fact that the Echo guarantees only thirty issues for the college year and has insufficient funds for extra issues, it will be necessary to skip two weeks before the final commencement week numbre. In order that these two weeks without a paper will not fall together we have decided to omit the publication of next week's paper. The next issue will be published on May 12.

* * * *

In accordance with the plan and request of the Alumni Editor we are running in this issue several cuts representing the various branches of Maryville College athletics. We gladly give first place to the Alumni Movement material, as we consider it of first importance to the College and to the students at this time. The Highland Echo gladly pledges its greatest possible support to this movement.

* * * *

We are also running in this issue several cuts and articles in regard to the Summer Conferences at Blue Ridge, N. C. If they do not hold any interest for you, turn to the letters and cuts pertaining to the Alumni Movement and we guarantee that you will be interested. Every loyal Maryvillian is intensely interested in and enthusiastic for the movement afoot to provide a first class athletic field and enlarged gymnasium.

A NOTABLE MARYVILLE HORTICULTURIST

Robert Sparks Walker, an old Maryville College man, has been for twenty-one years the efficient and successful editor of The Southern Fruit Grower, of Chattanooga. He has just now disposed of his interest in this journal, and retires from the editorship, though he will continue to serve as corresponding editor.

During his service as editor, The Southern Fruit Grower did not miss a single issue, and it prospered greatly. It is the only fruit journal east of California that has been published for twenty-one years.

In his valedictory in the March number of the Fruit Grower, Mr. Walker wrote these noble words:

"In every great moral issue, when principle has been at stake during the last twenty years, I have spoken out clearly and have taken a definite stand. This policy has not been usually practiced by the editors of agricultural papers generally, who regard such questions as not coming within their realm. We have but one life to live. It is a short one indeed even taken at its greatest length. I have always looked on one's failure to raise his pen or to lift his voice when a great moral issue was before the public, as one of the tragedies in human life."

The College owes Mr. Walker a debt of gratitude for running an advertisement of the College every year as a gift.

VARSITY NINE TRIMS L. M. U. 5 TO 4

Homer by B. Williams And Sneed's Work at Second Feature.

Milligan College defeated Maryville, and then the Victors turned on Lincoln Memorial University of Harrogate, Tenn., and were cleaned up in quick order and now The Highlanders have defeated L. M. U. by a score of five to four. Now that's what you call "baseball dope".

The Wiliams brothers did effective work as a battery team and as batters, Baxter especially, for he landed out a homer in the first part of the game. For six innings it looked the same. Then came the seventh and it happened something like this: Score was 4 to 1 against M. C. Big Mac, who protected the center field territory, slapped out a two base hit in the first of the frame. It counted because Davy and Sneed were on base. Davy hit to deep center and Sneed ran on a muffed third strike. Then came the two base hit by Mac and in came two runs. Hoyt Williams doubled for the second time in the game and brought in Mac with the tie score. A hit by B. Williams, an error by an infielder, a fielder's choice, and a wild throw by the catcher assisted Baxter around the circuit with the winning run. That ended the battle. Only so far as scoring was concerned, for the work of Cotton at first, Sneed at second and the standbys at third and short was of the best kind. Sneed accepted seven of eight stiff chances and Cotton came in with his part for them all by rounding up many telling plays.

Kries-Keener Shoe Co.

208 Main Street, Maryville, Tenn.
22 Market Square, Knoxville, Tenn.

Ed Keener Says: 25% discount on every new 2-strap Pumps, Oxfords, and Shoes. In this great Discount Sale nothing is reserved. No bear waltzing here, and anybody who has the money knows how to figure the discount of 25%, or 1-4 off of a $10 pump will make it $7.50 the pair. 1-4 off of an $8 Pump will leave $6.00, and so on. Last year we began our 25% discount in early May, 10 days later followed by the Prince of Merchants, Wanamaker, and in a few days followed by the merchnts in our city and throughout the country. Six months later Henry Ford make his big cut. One forethought is worth a thousand afterthoughts, therfore trim your wicks, fill your lamps on Friday and Saturday, just five weeks sooner than last year Ed Keener, shoeman, is bound to rouse the buying public by taking off 25%, or one-fourth, of his already lowest priced shoes in the city. Who Was Moseley?

HE was a young Oxford man, only twenty-seven when he was killed at Gallipoli. Up to his time, man had never seen the inside of an atom. He turned the X-rays on matter—not figuratively but literally—and made them disclose the skeleton of an atom just as certainly as a surgeon makes them reveal the positions of the bones of the body. Moseley proved that all atoms are built up of the same kind of matter. He saw, too, just why an atom of copper is different from an atom of gold.

Atoms are built up of electrons. Each atom consists of a nucleus, a kind of sun, with a certain number of electrons grouped about it, like planets. Moseley actually counted the number of electrons of all the metals from aluminum to gold.

When you discover what gold is made of or a new fact about electricity, you open up new possibilities for the use of gold or electricity. For that reason the Research Laboratories of the General Electric Company are as much concerned with the "how" of things—atoms and electrons, for instance—as they are with mere applications of the electric current.

Hence Moseley's work has been continued in the Research Laboratories, with the result that more has been learned about matter. How does water freeze? What is lead? Why are lead, iron, gold and tungsten malleable? Such questions can be answered more definitely now than ten years ago. And because they can be answered it is possible to make more rapid progress in illumination, in X-ray photography, in wireless telegraphy, and in electrical engineering as a whole.

There would have been no coal-tar industry without the vast amount of research conducted in organic chemistry, and no electro-chemical industry without such work as Sir Humphrey Davey's purely scientific study of an electric current's effect on caustic potash and caustic soda. Sooner or later research in pure science always enriches the world with discoveries that can be practically applied. For these reasons the Research Laboratories of the General Electric Company devote so much time to the study of purely scientific problems.

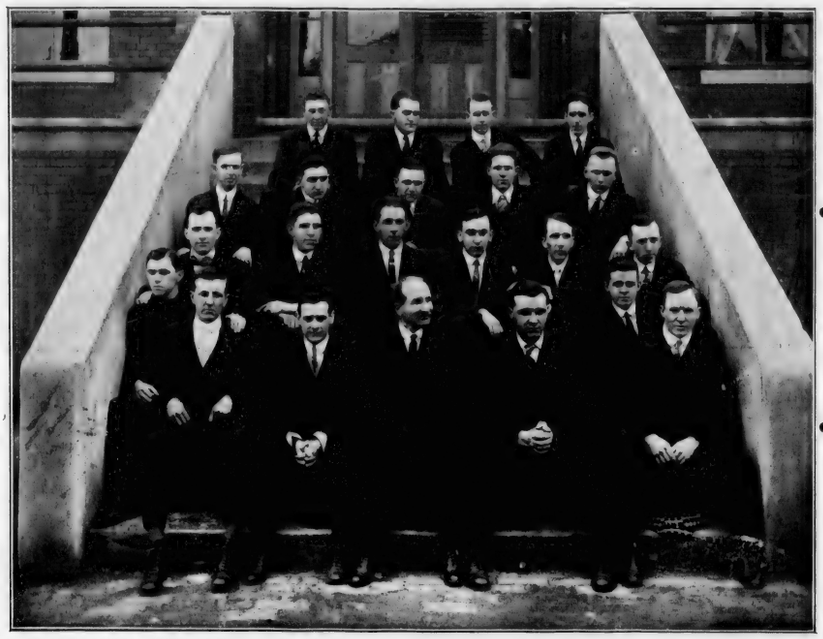
Former Athletes Are Thrilled By Vision of Enlarged Athletic Facilities

Gridiron, Court, Diamond and Track Warriors of Other Days are Enthusiastic For Putting Maryville on the Map



A month ago the Alumni Editor sent out copies of the letter which is reprinted below to a number of former athletes of the College. The addressees of these letters were chosen more or less at random and no effort was made to write to every athlete who has honorably defended the Orange and Garnet. The idea was to choose a list of sufficient size and distribution as that their opinion should be representative of the mass of opinion among all the body of former athletes. A number of letters have been returned unclaimed because of change of address. A number have not yet replied, but the thing which of all the developments of this correspondence is most gratifying is the fact that of those who have replied there has not been one word of disapproval nor criticism. Every writer has been enthusiastic and whole-hearted in his support of the project. If this is a representative reaction from former Maryvillians, and there is every reason to believe that it is, then there should be no doubt that within a very short time the actual work of construction on the proposed athletic improvements will be under way. These letters simply reiterate the spirit of Mr. Tracy, Mr. Steinmetz, and others who have contributed to this discussion in earlier issues of the Highland Echo. The Alumni Editor's letter follows:

To Former Maryville Athletes
Dear Friend:

The executive committee of the Alumni Association of Maryville College is authorizing a campaign among the alumni and former students of the College for the purpose of providing a permanent athletic field and an enlarged gymnasium. Surely the former athletes of the old College will rejoice in such an undertaking. You will be glad to know that most probably within a very few months plans will be giving way to actual accomplishment, and Maryville will be on the way to possession of a first class stadium, and an adequate gymnasium, with modern equipment.

The specific purpose of this letter is to ask you if you will not, when you receive it, sit down as soon as possible and write a brief snappy fifty to seventy-five word note expressing your feeling in regard to this project. A letter like this is going out to forty or fifty other men and women who have helped to make athletic history at M. C. and it is our hope to be able to print their replies and yours together in a publication which will be sent out to all alumni and former students. These notes will be published over the names of their contributors and should make a splendid contribution to the success of the campaign. Your prompt reply will do much to help.

Sincerely yours,
The Alumni Editor.

A GROUP OF "M" MEN. ALL "M" MEN ARE BOOSTERS

SUCCESSFUL BUSINESS MAN AND FORMER STAR ATHLETE IS FIRST TO REPLY

In my estimation, there is nothing that will prove more beneficial to the health of the student body and to the betterment of Maryville College in general, than the proposed stadium and improved gymnasium.

Personally I feel that my participation in Athletics while in Maryville College, has been a most important factor in my life, and would be glad to see the future students have these advantages.

Hoping that this will soon be a reality and assuring you of my co-operation I remain,

Yours sincerely,
W. A. B. Trotter.

"DAVE" PROFFITT CALLS FOR THE OLD TIME SPIRIT

I am very much delighted to know that the Alumni and former Athletes of Maryville College are going to have an opportunity to serve our Old Alma Mater, by contributing to a fund to build an Athletic field and an enlarged gymnasium.

Personally, I believe a first class stadium and regulation gymnasium will be the greatest advertisement the College can have. All Alumni and every man and woman who has won the honorable "M" realize this great need.

I am sure it will be a pleasure to all Alumni and former students to contribute to this cause we love. If every one will contribute with the same spirit with which we used to play ball we will score another victory for old M. C.

Yours for better Athletics,
D. W. Proffitt.

MISSIONARY-BASEBALL STAR APPROVES PLAN AND TESTIFIES TO VALUE OF ATHLETICS

The movement to secure a better equipment for Athletics in the College should be encouraged by all the Alumni, and especially the enlargement of the indoor court and the grading and enlargement of the baseball field.

I believe the part taken by me in athletics had much to do in enabling me to do some rather difficult touring and to endure the tropical climate of Siam for a score of years.

Sincerely yours,
R. C. Jones.

FORMER STAR FORWARD ENDORSES PLAN

A Stadium and a new Gymnasium! Certainly Maryville needs nothing more than these. The thought that she may have them soon makes an old Maryville man's heart glad. This accomplishment will mean adequate facilities for intercollegiate athletics, and, what is even more important, will make possible a thorcughly organized physical education department offering proper physical training for each student.

Sincerely yours,
Ralph W. Lloyd.

"PEANUT" BOND FORMER VARSITY END, MAKES A TOUCH DOWN

What is all this whispering around about a New Gymnasium and Athletic field on the Hill?

Why don't you make a big noise? Don't you know that merely asking the Alumni for ten dollars a piece would not even rebuild those wooden bleachers on the base ball field. Campaign the Alumni! Tax them and if they can't pay it give them the privilege of working it out with a shovel.

You remember we got less than $6000.00 on the Swimming Pool Fund and that was a luxury. This is a necessity.

Why does Maryville lose so many games away from home? Because the boys are out of their element. In basket ball they miss their little piano-box; base ball the cinder path is wanting, and in foot ball the crowd is not on the field of play, and one used to climbing hills can't run to advantage on a level.

And not merely for the representative teams should this campaign be pushed, but it is high time that every boy and girl in Maryville College be given the adequate facilities for developing a well rounded physique. All branches of Athletics are essential to the standing of the College but a larger program for the individual student cannot and must not be dispensed with.

We are growing and must make our new suit large enough and stylish enough to withstand a few more decades.

When we outgrew Anderson Hall we built Voorhees Chapel. When we outgrew Fayerweather we raised the roof. Crowded Pearsons and started the new Thaw Building. Bartlett has served as a bee hive now these many years. Now is the time to mend. Call on me for my little stitch when you wish.

Very truly yours,
Lester E. Bond.

STAR BASKET BALL FORWARD OF A YEAR AGO SPEAKS HIS MIND

I received your letter regarding Maryville's campaign for a new and more adequate athletic equipment, and needless to say I was tickled to get it. I was especially glad because of the good news which it brought.

If there is one thing that Maryville needs, it is improvement along the lines mentioned.

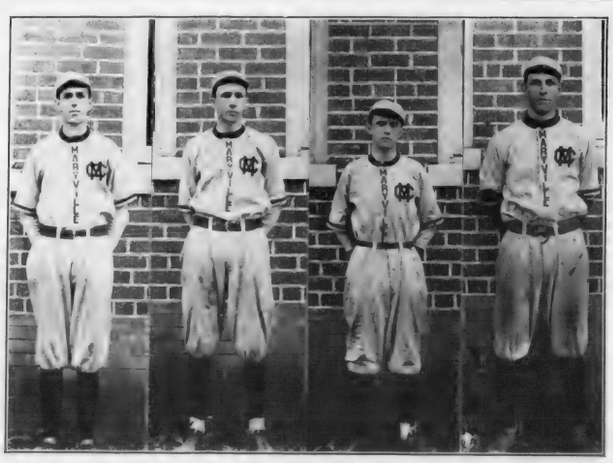
There is no doubt but that athletics form a very important part in the development of College men and women and if a school wishes to grow in size and power and retain its old standing, it cannot afford to overlook this fact. Other schools are entering into similar campaigns.

Why not Maryville?

I congratulate you on any such movement and am sure that all former M. C. students are back of you.

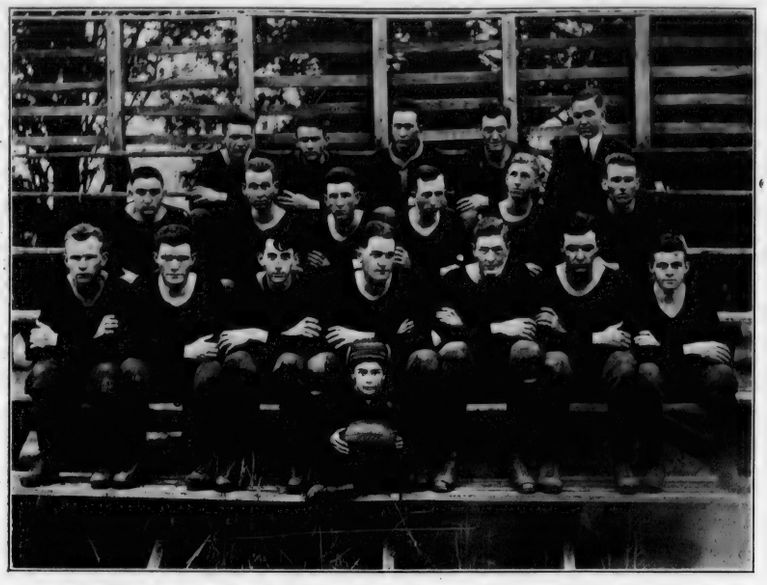
With best wishes,
Wm. E. Montgomery.

DR. "BILL" BARTLETT BELIEVES THE PROJECT WILL PAY BIG DIVIDENDS



It is gratifying to learn of the campaign of the Alumni Association of Maryville College for the purpose of securing more adequate equipment for the physical development of the students through the providing of a new athletic field and an enlarged gymnasium. No one knows the great need of such equipment more than some of us who in other years struggled with limited facilities, and we shall rejoice to see the future students of the College in the possession of a commodious Gym, and a real stadium. I believe such equipment will mean a happier and more contented student body, which will show itself in healthier bodies, higher scholarship, and nobler characters.

Maryville College has grown to such proprtions and, with its far-reaching influences, it can ill afford inadequate athletic opoprtunities for its students. The movement has my unqualified approval and endorsement, and I wish for it great success.



Most cordially,
W. T. Bartlett,
Class of 1901.

(Continued on page four)

PART OF A STAR AGGREGATION WHO KNEW HOW TO CHASE THE BALL IN SPITE OF DIFFICULTIES

A CROWD OF PIG SKIN FOLLOWERS WHO DESERVED A REAL STADIUM

(Continued from page three)

"SHEENY" SAYS "LET'S GO"

The biggest game of all seasons is to be played soon. The line up has not been announced but I am sure that, when the signal is given, the team will be composed of all athletes and Alumni of the College, Some may have sprained ankles, broken collar bones, or dislocated shoulders, but they, along with all others, will, as usual, enter the fight with all the pep and enthusiasm which is characteristic of Maryville people. With such a team, can we fail to make a touchdown?

Yours for a winning team,
D. H. Briggs.

"THREL" HEARD FROM; FOOT-BALL AND TRACK MAN RESPONDS HEARTILY

I have become greatly interested in the movement of the Alumni Association to authorize a campaign among the Alumni and former students of the College for the purpose of providing for additional athletic facilities.

As a former athlete and wearer of the "M", I wish to do all in my power to further this undertaking, as I long realized the inadequacy of the athletic equipment there and the consequent under-development of this side of college activities.

I would suggest that you dedicate this field as a memorial to our soldier dead, and think it would be a fitting monument to our athletes such as Tom Goddard and others, whom I do not know, who have made the supreme sacrifice. I believe this would add to the appeal of this campaign.

Command me if there is anything further that I can do.

Yours for a greater Maryville,
H. W. Threlkeld.

OLD "M" MAN PLEDGES SUPPORT

I have your letter of March 29th, relative to promoting a campaign among the alumni and former students of the College for the purpose of improving the athletic facilities of Maryville College.

I heartily endorse this movement and will gladly contribute to its assistance and the plans of the executive committee.

During the last few years the College has not been keeping abreast with other institutions of its class in the athletic world and this can, in a large measure, be attributed to lack of equipment and inadequate athletic facilities in general. A first class athletic field would benefit the College in many ways and bring within her walls a number of young athletes, who for this reason, are going elsewhere.

There is no doubt in my mind, but that you will receive full co-operation in this undertaking if once launched.

Sincerely yours,
A. D. Bryson.

FORMER FOOT BALL MAN URGES THOROUGH PHYSICAL TRAINING PROGRAM

Acknowledging your favor of March 27th relative to campaign for modern and adequate athletic equipment for the proper healthy development of every student, it goes without saying that I strongly favor such.

I believe very firmly that too much attention can easily be given to an abundance of athletic equipment and too litle to an efficient director with a thorough system. Money spent on the latter is well invested and proportionately the returns are larger.

The examinations of the youth of the United States under the draft law for the recent war revealed a surprising, low percentage of the youths fit for military service; Germany's showed a very high percentage. This reason for Germany's high percentage of fitness was due to the efficiently organized system used in her schools. An efficient director who fully appreciates the exact exercises needed for the orderly development of all the different muscles and classifies his students according to their needs and requires every student to take regular exercises will work wonders. The regular setting up exercises we employed in the Army support this theory.

There is frequently too much attention paid to specialized sports for the few, and generally these few need the development least. The object of a gymnasium is to build up the whole student body.

Pardon my verbosity. I think your campaign important and if it is well outlined as to just how the money raised is to be so wsely used, as I believe it would be for such a system, I feel it would be an assured success.

With sincere best wishes, I am,
Yours very turly,
William H. Campbell.

"LITTLE JACK" STAR QUARTER BACK AND SECOND BASEMAN IS STILL STRONG FOR M. C.

I certainly am pleased that the Alumni Association sees the need and has the pep to start a campaign whose accomplishment will place Maryville College on an equality with any in the South. Maryville College with her educational facilities is surpassed by none; with her large enrollment she can, and does compete in size with the largest southern colleges. But for years M. C. has been sadly behind in athletic equipment. Let's boost her athletics with a modern gymnasium, and a real athletic field! Let's get together and push it. If the hosts of Alumni and former students will go in to win, we shall place M. C. athletics on a par with the other departments.

I hope and trust that we of the old days will respond to this drive, for the improvement of our college, and boost the Orange and Garnet till she waves supreme.

Sincerely,
E. D. Jackson.

"RACK" CARVER, VARSITY CATCHER FOR FOUR YEARS, CALLS THE IDEA "A STRIKE"

It is with pleasure that I receive the information that Maryville is to come forward with a larger and better gymnasium, also a first class stadium.

I regard this step as the most important undertaking which Maryville could possibly launch at this time. Educational leaders now realize that the two-fold purpose of education s to develop strong bodies and keen minds. Either without the other is a pitiful condition and means unpreparedness.

Personally, I consider my athletic training while at Maryville of equal importance with my college degree. I am certainly glad to do all I can toward the fulfillment of this great purpose.

Sincerely yours,
R. W. Carver.

CO-ED BASKETEER OF OTHER DAYS IS ENTHUSIASTIC

How are we, how are we going to keep Chilhowee, Maryville, Maryville, Tennessee, peaceful and progressive without adequate gymnasium equipment and a permanent location for scalping her opponents? We're not! Maryville is going to have an enlarged gym, and a first class stadium. Yes, eventually she must have these, then why not NOW?

Am I in favor of the recent plans? To use a common western expression, "You bet" Next centennial celebration when I take in along with other events, the commencement week base ball games, I do not wish to have to risk my aged bones on a rickety old grandstand, nor have to climb a cedar tree in order to view the games. Do you? Then let's boost!

Celeste Moseley.

REV. GEORGE T. LIDDELL, ONCE TRACK AND BASKET BALL HERO, APPROVES PLAN

Athletics do not make a college, but a college certainly makes athletes. And only the best possible athletic equipment can match the genuine college loyalty which exists at Maryville College. You may be sure that I will heartily support your campagn for an adequate gymnasium and athletic field for "old M. C."

Cordially yours,
Geo. T. Liddell.

"HOOK" DAWSON, FORMER STAR PITCHER SAYS, "PLAY BALL"

Your letter of March 29th confirms what I had read in the Echo in regard to a permanent and first class athlete field and an enlarged gymnasium for Maryville. Certainly this project is a laudable one if for no other reason than that it is an addition to Maryvlle College. Improvements should always have an

(Continued on page five)

PARTY IN PEARSONS

Last Saturday evening Misses Laura Stevens and Helen Deal entertained a few friends in honor of Miss Ethel Sharp, a student of last year. After some games which were greatly enjoyed by all, they were served delicious refreshments consisting of sandwiches, pickles, salad, wafers and ice cream. The signal for departure came entirely too soon, for they were having a wonderful time. Three cheers for Misses Stevens and Deal as hostesses! The guests were: Ethel Sharp, Aileen Rutherford, Stella Henderson, Lilah Hembree, Helen Rankin and Katherine Brabson.

SHOE SHINING PARLOR

Maryville has long felt the need of a first class Shoe Shining Parlor. We congratulate ourselves upon being the first to anticipate your desires and establish an exclusive parlor for both **Ladies and Gentlemen.**

This place will be conducted so that Ladies will not feel "out of place" here.

Nothing but first class service, prompt attention, and courteous treatment given our customers.

A special invitation is extended to the boys and girls of Maryville College.

Captain of the Ball Team

For four years a heavy hitting catcher was captain of a Presbyterian College base ball team. In his senior year the team won the state pennant.

He studied for the ministry and decided he could make his life count for most on the foreign mission field. In the Philippines he did much to introduce base ball among the natives and organized inter-collegiate base ball and track meets.

A missionary's life is busy and exciting, full of opportunities. Physicians, teachers, preachers, agriculturists and business agents are wanted. Think it over. Make your life count for most.

appeal to former students and graduates. To those who were actively engaged in athletics it should have a peculiar appeal. They know and appreciate the advantages of a thoroly modern athletic field and gymnasium. Maryville's rapid growth should be uniform. May we not all strive to do our part in this worthy undertaking.

Sincerely,

Charles E. Dawson.

WE ONCE HAD A TRACK, LET'S HAVE ANOTHER

"WAG", HALFBACK, FORWARD, OUTFIELDER, GETS HIS WORD IN LAST BUT IN TIME

Eastern colleges and universities have long enjoyed adequate and often exceptional athletic facilities, i. e.: athletic fields, stadiums, gymnasiums, coaches, and representative or advantageous schedules. The middle Western have endorsed their value. Among the most notable Ohio State, in its need, found its alumni subscribing a million dollars for a stadium alone. Immediately Illinois alumni did as well. Hardly was this off the press until in the West, California joined the movement. It is reasonable to assume that larger Southern Universities will some day do likewise. However, these are the larger universities, and Maryville does not hope for or need a million dollar stadium. Let us not forget though that the majority of colleges of Maryville's size (Wooster for instance) have equipment rivaling the past equipment of these three schools. Surely, it is "a sign of the times", endorsing adequate athletic facilities and no doubt awakening Maryville to its needs. It certainly tells us to be up and doing, for all realize the truth, that in its need, as encouragement to its student body and athletics, for the all-around prestige of its name, a Boost-Maryville-Athletic-Movement is the very thing.

Let's go—Alumni!! All!!

With endowment inadequate for its large enrollments, professors probably workng at a sacrifice, coal and other current expenses of the past few years costing far beyond their normal portion of available funds Dr. Wilson and others striving thru years to meet these abnormalities and to now complete the needed Thaw Hall, is it any wonder Maryville athletics need boostng?

With this need, this appeal to help where others are hourly giving their all for Maryville, for the Christ—there is only one way.

Let's go Alumni!—All!!

Harry W. Wagner.

We are very glad to welcome Miss Hale back to the Hill after an absence of almost two months. Miss Hale says, "I never was so glad to get back to the old Hill".

Mr. Guy Myers spent last week end at his home at Bullsgap, Tenn.

M. C. PLAYERS SCORE BIG SUCCESS

(Continued from page one)

gave an excellent interpretation of this character, and admirably supported Miss Atkins as leading lady.

Robert Perry as Jim the circus man, and Tex Middleton as the deacon, were highly successful.

But Mandy! Oh, we mustn't forget Mandy. No that wasn't a real old Mandy imported for the occasion, that was Mildred Striplin, and believe us but she was SOME nigger.

We'd like to tell you about all the rest of them. Leslie Poe as the circus manager, J. Rod Armstrong, and Everett Jackson as clowns, Miss Marian Anderson, a Zoma-Zoma, etc., but we can't.

We must mention the circus scene and then stop. In the last act Miss Fanson's prophesies were completed, for there were clowns, goats, dogs, bears, snakes and snake-charmers; there was the band, the barker and best of all Polly and Eloise the bee-you-tyful pony-ridin' ladies. Gee! fellers, all you needed was a bottle of pop, and a bag of peanuts to feed the elephants. You tell 'em.

Dr. Wilson has been confined to his bed this week with an attack of bronchitis.

On last Sunday morning Dr. Wilson delivered the baccalaureate sermon at the Porter Academy which is seven miles north-east of Maryville.

Misses Blanche and Maude Bailey had as their guests at their home at Baileyton last week-end Misses Jessie Johnson, Bernice Jones, Margaret Houston, Stella McCall, Louise Sheddan and Margaret Newell.

At a meeting of the Sophomore class on Wednesday of this week Mr. Herrick Arnold was elected editor-in-chief, and Mr. August Johnson business manager, of next year's Chilhowean.

FRESH BY EXPRESS EVERY WEEK

GENERAL INFORMATION ABOUT BLUE RIDGE

Blue Ridge is located in the mountains of Western North Carolina, just fifteen miles east of Asheville on the Salisbury Division of the Southern. The railway station is Black Mountain. The grounds themselves are two and a half miles from the station.

These grounds include 1351 acres of virgin forest, 36 buildings, swimming pool, baseball diamond, tennis and volley ball courts. The Blue Ridge Association owns and operates its own steam laundry, power plant, water supply, bakery, and farm. Besides it has a Post Office, book room, store and soda fountain, telephone and telegraph connections. In fact Blue Ridge is a city within itself. All modern conveniences are furnished to the guests. Meals are of the best kind, meeting the requirements of the hungry student who has spent an afternoon among the hills, or at tennis. You'll fall in love with the place! It simply demands your attention and enthusiasm.

THE CONFERENCES

The entire summer from June 3rd to September 1st is taken up with conferences. Last summer more than 5000 people from the South attended these gatherings. The Student Y.W.C.A. is the first Conference, running from June 3 to June 13. The Y.M.C.A. follows from June 13 to June 22. Every day will mean twenty-four hours of efficient study and work with the necessary recreation and sleep. And how one can sleep!

All these Conferences are held under the auspices of the International Committee of Young Men's Christian Association. The Blue Ridge Association has its separate Board of Trustees, but it remains under the control of the International Committee, and serves the Southeast as a training center for Christian Leadership.

POINTS TO DELEGATES

All authorized delegates will be granted special railroad rates. See your Blue Ridge Chairman for these.

Hold all baggage checks till you get to Lee Hall. Turn them into the Blue Ridge desk. Transfer rates, 60 cents.

Auto service from Black Mountain to Blue Ridge through Black Mountain Auto Company at 50 cents. Ask the price before taking car.

See the Blue Ridge Posters for list of things to take with you. Look them over. You may find some other interesting information.

Blue Ridge is not a place for a lazy man. Neither is it a place for a good time, primarily. That is only a means to the end. We want men and women to represent Maryville who are serious minded, who will attend the program, who will think, and who will play! You'll have the good time! Be constructive. Form convictions.

BLUE RIDGE CONFERENCES FOR THE SUMMER

Southern Student Conference, Y. W. C. A., June 3-13.

Southern Student Conference, Y. M. C. A., June 13-22.

Older Boys' Lifework Conference, June 14-24.

Missionary Education Conference, June 24-July 4.

Community Conference, Y. W. C. A., July 5-15.

Industrial Council, Y. W. C. A., July 5-15.

Southern Summer School, Y. M. C. A., July 15-29.

Southern Industrial Conference, Y. M. C. A., July 29-August 1.

Southern Summer School of Social and Christian Workers, August 3-29.

School of International Sunday School Workers, August 23-September 1.

Southern College of Y. M. C. A., Summer Quarter, June 14-August 30.

This year, Maryville ought to have at Blue Ridge at least 25 men and as many women. There must be an active interest on the part of the Faculty so that some of them will also be there during the Conferences. Will you be one of the number? Let's pull for Old Maryville!

DOUBLE VICTORY FOR PREP DEBATERS

Girls Win On Home Platform While Boys "Bring Home the Bacon."

Who says that preps haven't the pep? That person surely was not at the Preparatory Debate on Friday night, for old King pep was there from the time "Cec" landed on the platform and led those ripping good yells until Professor Curtis saved us from heart failure by reading the decisions of the Judges.

That first speaker for the affirmative, Miss Deane, certainly made us sit up and take notice. Our confidence was restored however, when Miss Franklin began speaking in her effective and enthuiastic way.

Misses Bart and Prettyman also showed themselves to be good debaters, in fact there are none better, except our own Misses Calderwood and Jones. And, take it from the preps, those girls know how to tell it.

Their construction work was organized and to the point. Miss Franklin in the single rebuttal knocked down every argument the Knoxvillians put up. Miss Prettyman gave the affirmative rebuttal and again substantiated their arguments on the important question under discussion. But the strength of our debaters was proved in the Judges' decision and that's what counts, the decision being 2-1 in favor of Maryville.

The rain outside did not even dampen the spirits of the debaters when the debate was over. Those who were lucky enough to be in the Preparatory Forensic League or its guests found that a pleasant evening was only half over, for Mrs. McMurray with her staff of efficient assistants awaited them over at Science Hall, and speaking of receptions, that one will never be equaled on College Hill. Even our defeated Knoxville friends forgot their sorrows and enjoyed themselves to the limit. Everything was great from the games through the strawberry shortcake to Mr. Jester's story told in his usual entertaining manner.

Just keep an eye open for the prep debates for there are more to follow and with your enthusiastic support we will prove that the Preparatory School of Maryville College can have a debating team worthy of the name.

While the Negative of this question, "Resolved, That the United States should not authorize the construction of any new warships for a period of six years other than those contracted for", was debated here, the Affirmative was being debated by our loyal men consisting of Hayworth, Cornelius and Maye with Milling as alternate at the High School in Knoxville.

The boys brought back home with them the victory.

ALPHA SIGMA LITERARY SOCIETY

The Alpha Sigma Literary Society held their regular meeting last Saturday night. The number present was small owing to the large number taking part in the hike of Professor Hunter's Sunday School Class. Nevertheless, the interest and enthusiasm was at the boiling point and every one present participated in the procedings.

A very snappy and hotly-contested debate was held in which a high protective tariff was proved more efficient than free trade.

The open discussion period was filled with several enlightening talks. Many business matters were settled, including all arrangements for the joint meeting with the Thetas on next Saturday, after which a motion for adjournment was made.

Evolution: Can you stretch a point?

"Certainly", said the period. And thus was born the comma.

STUDENTS' SUMMER CONFERENCES AT BLUE RIDGE, N. C.

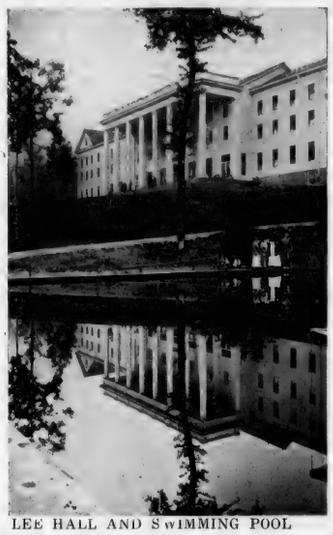
Y. M. C. A. CONFERENCE

This year the Y.M.C.A. Conference will open with the evening session on June 13 and close with the evening session June 22.

The mornings will be given over to class work, divided into four periods. The first of these will begin at 8:30, following some definite Bible Study. The second hour is given over to a Forum of Student Problems. At 10:30, the Life Work Institutes assemble, followed at 11:30 by a platform address on some theme of inspiration and instruction by foremost leaders in Christian activity.

The first period of the afternoon is one of study and rest. Following that, and lasting until supper time, is the period of recreation. During this time the delegates may take hikes up on the mountans, or through the rhododendron; or they may play baseball, basketball, tennis, volley ball, or go swimming. The variety of athletic activities will suit anyone's taste, however particular.

Throughout the Conference the spirit of fellowship and cooperation predominates. At meal times, the songs and yells race back and forth over the dining hall boosting the various Colleges. Recognition of one College for another is a delightful sensation, and it typifies the genial spirit of the group.



Supper is followed by a Sing in the Robert E. Lee Lobby. An experienced leader directs the singing of old melodies, and favorite songs. College songs play an important part, and rivalry brings forth some splendid songs.

The evening is then spent in quiet work. First of all on the hillside, comes the address on opporunity for life investment. These meetings wll be addressed by men of various professions who have attained eminence for their proficiency. Following this address, the groups take up the study of World Problems. Such courses as: "Faiths of Mankind", "Medical Missions", "Servants of the King", "Negro Life in the South", and "Industry and Humanity" will be pursued. The last thing in the evening before taps, the college delegations assemble to summarize the work for the day, and to relate it to their problems at college. These meetings frequently bring decisions for life service. Blue Ridge atmoshpere brings one into communion with his inner self and with his God. No student can ever be the same after living under the voice of that call and within hearing of that challenge.

Senator W. R. Webb of Webb School, says that this conference is one of the greatest influences in the lives of the students that he knows in America; and Dr. E. M. Poteat, former president of Furman Universty, says that the Student Conference at Blue Ridge is the greatest single religious gathering held in the South. Frequently students remark that the conference is worth half a year in college without any examinatons at the end.

"One of the greatest opportunities of the conference is to hear a group of America's best speakers in a series of well-planned and progressive addresses covering the great questions which will meet the needs of college men". All the speakers are chosen for their message, and among them are the following:

Mr. Sherwood Eddy of New York, a world known speaker to students; Dr. H. H. Horne of New York University; Dr. S. C. Mitchell of Richmond University, formerlly President of Delaware College; Dr. W. D. Weatherford, President of Southern College of Y. M. C. A.; Dr O. E. Brown, Dean of Vanderbilt School of Religion; Dr. H. F. Williams, Secretary of Mission Board of Southern Presbyterian Church; Rev. Edward E. Lane, Associate Secretary of the Departments of Education and Ministerial Relief of the Presbyterian Church; Mr. G. C. Hounshell, Educational Secretary, Board of Missions, Methodist Episcopal Church, South; Dr. J. L. Kesler, Professor of Religious Education, Southern College of Y.M.C.A. Mr. Jackson Davis, General Field Agent of the General Education Board; Dr. Edward Mims, Professor of English Literature, Vanderbilt Universty; Dean Charles R. Brown of Yale University; Mr. Bruce Curry of New York Bible College; Dr. R. R. Moton, President of Tuskegee Institute; Dr. M. J. Exner of the American Society of Social Hygiene; Dr. H. W. Sweets, Secretary Ministerial Supply and Relief, Southern Presbyterian Church; Mr. A. J Speer and Mr. E. G. Wilson, industrial Secretaires of the Association for the Southern Regon.

LEE HALL AND SWIMMING POOL

NEW HIGHWAY TO ASHEVILLE

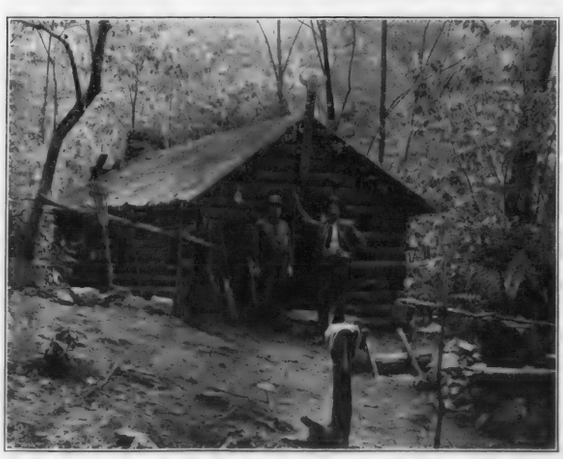
HITTING THE TRAIL TO MT. MITCHELL

If you are planning to treat yourself to a Blue Ridge Special this summer, be sure you have your hiking harness with you. Otherwise you'll be one of the gloomy few when How-Wee-How's hikers hit the trail for Old Mt. Mitchell, that undisputed champion of the Eastern Hills. It was on the very first day of the Y.M.C.A. Conference in 1920 that six of Maryville's delegates got their heads together and decided on Mt. Mitchell or "bust". One hour later, having followed a policeman's advice, the same six had located the soft spots on a logging trian and were busy calculating how soon they would reach their goal.

The signal to start was given about 3 p. m. It was simply a quick jerk of the engine, followed by a round of squeaks from its dried-up axles. Shortly after starting, Bill Montgomery, who was star performer during the entire trip, put on his first program, and before it was finished, the train had made several swings across the mountain side. Higher and higher it climbed, until it seemed to be half-way to the top.

Suddenly, everyone was startled by a thrilling out-burst of female voices, apparently only a short distance away. The source of such symphonious sounds could not be witheld from the M. C. crew, and it was an inspiration indeed to behold a dozen or more buxom lassies from Montreat, N. C. waving their red bandannas from their exalted position, the protuding cliffs above.

But the little train rattled right along, until it was rumored that one of its dry little axles had played its last tune. That was one time when walking was very appropriate, and after buying a few cans of pork and beans and canned fruit for desert, the journey was continued a la hoof.



It was about dusk with fifteen miles to go, when everyone agreed that the first stop would be Mt. Mitchell's top. Standard speed was set by Jimmie Bevan and by keeping within sight of him for about four hours an ideal camping ground was located within two miles of Mitchell's tower.

It was nearly midnight. Pork and beans and fruit were over, dishes were thrown away, and everyone was making his bed out of weeds, grasses, or branches of leaves from small bushes. No one waited for the lights to flash and it wasn't long till each blanket was doing double duty.

Two hours later Harry Wagner and Pascal Fields decided to move the campfire to the other side of Johnstone's and Henderson's bed and when the latter awoke they wondered if they had rolled through the fire. After two more hours of cold, wearisome, slumber, the tourists set out with a burning desire to witness one of those incomparable Mt. Mitchell sunrises. But all was in vain, for the goal was reached a few minutes late. Nevertheless, they were resting at last in Mitchell's Tower with one can of pears for breakfast. Of course that was little more than a taste for the six, but the spirit of brotherly love controlled their appetites. A one course breakfast was quickly served, followed by chapel exercises: Scripture reading by Johnstone, an inspiring talk by Wagner, and a chorus of prayers.

Being informed by the forest-ranger, who lived in a cabin only a short distance from the tower, that a logging train would leave for Black Mountain in about fifteen

(Continued on page eight)

Woodcraft Cabin On The lue Ridge Grounds Built by Ernest Thompson Seaton.

Y. W. C. A. CONFERENCE

The Southern Student Conference at Blue Ridge may be called a ten days school of Bible training and training for Christian leadership. The students who attend the conference have been called the cream of southern students. The leaders are the ablest and best informed men and women in the United States. With this combination plus the grandeur and inspiration of Blue Ridge itself no one can but profit by ten days spent there.

Two regular classes and two lectures each day, under the direction of such able leaders as the conference provides make a day at Blue Ridge well worth while. Then in technical councils, etc. an opportunity is given for the particular problems of individual schools to be discussed, where each girl is ready to give suggestions as to the solution of the problems.

There is a spirit of fellowship at Blue Ridge which is not to be found often. In associating with the best students from southern schools one finds that everybody is her friend. Acquaintances are made easily and there is a remarkable spirit of service abroad

After spending ten days at a Blue Ridge Conference a girl cannot but come back more able to serve her Y. W. C. A., her Alma Mater, and humanity.—Maryville College needs at least a dozen girls at Blue Ridge ths year!

HITTING THE TRAIL TO MT. MITCHELL

(Continued from page seven)

minutes, no time was lost in starting toward the logging camp. It was well understood that to miss the train meant a genuine all-day hike which was more than could be expected of one little can of pears.

But disappointment was inevitable, for the rumbling of the train along the mountain side was distinctly heard, and the logging camp was not in sight.

There was something else, however, worth living for at that time. It was the campstore, which about fifteen minutes later was the center of great activity. Those College Hill hikers certainly left their troubles outside as they seemed to convert that little shack into a Mary Blount.

Since everyone felt that it would take a whole day to make the return trip, they were soon on their way as cheerful and full of pep as if Black Mountain was already in sight. After walking for three or four hours they came upon two typical mountaineers who were trying to dig a ground-hog out of a stone cliff. Several of the fellows had never seen one of these animals, so it wasn't long until everyone was taking part in the game. At least an hour was spent at this, but not in vain, and after seeing a real scrap between the ground hog and two dogs, the victorious army proceeded to advance.

It was not far from noon, when one or two of the second-class hikers began to complain and were about ready to give up the hike for awhile, when suddenly the familiar blow of a whistle was heard just around the bend. The logging train was just ready to start, having had another break-down. At this time each man changed his style of hiking and soon the speedy six were making full speed back again to the heart of civilization.

OUR GLEE CLUB

(Continued from page one)

canned him, he is merely trying to figure out how to brace himself for that wicked barber shop chord. The last few weeks the Club has practiced so often that they are uncertain whether they are attending the Conservatory of Music or the College. Really you would be astonished at the amount of work that must be done on a song before it comes to the state of perfection demanded by Miss Gregg.

The repertoire ranges from the works of some of the finest American composers to the best of popular songs. The program for this year is exceptionally well balanced and cannot fail to appeal to every taste in music. The comic grand opera which was so popular last year has been revamped and a lot of new comedy added. A popular medley of harmony and jazz bids fair to be a sure fire hit.

In soloists the Club is especially fortunate. "Red" Hayes has a solo that is the best he ever sang. The addition of Mr. Keen as reader and instrumental soloist is gratifying to those who know him. He certainly weilds a wicked bow on the violin; which means that he is an artist of high ability, and he has a violin solo of unusual beauty to offer. This number rarely appears except on the programs of professional musicians of high rank and is in fact a treat in itself.

The Club has two numbers who do not sing with it, but who nevertheless work hard. One is Professor Hunter, its faculty advisor, whose help and careful criticism has been a wonderful aid, and the Club considers itself fortunate in securing such a backer. The other is Ray Foster, the hard working student manager. Forever running to and fro like the indefatigable ant he arranges everything from the trip to the cough drops for the husky throats. He has been especially successful in the matter of trips. One will be the latter part of this week to get the stage fright out of the boys' systems before their Home Concert, and the other will come after it as a reward for the year's work.

Speaking of that Home Concert,—remember that one last year? If you have been wondering when you were going to have a chance to hear the boys howl, it is no longer a secret,—the date is May 2nd. The last and biggest event of the May Day celebration, and the premier event of the school year. Pleased by the reputation made last year in their first Home Concert, the Club is going to try and make a lot bigger hit this year.

The Glee Club Home Concert is an event that no student can afford to miss. There are plenty of laughs and comedy touches that everyone can enjoy, along with the best vocal and musical numbers that will appear at the chapel this year. The tickets are fifty cents and may be obtained from members of the Club, and at the Book Room on the Hill, or at Mitchell's Drug Store in town.

VOLUME SIX | MARYVILLE, TENNESSEE, MAY 12, 1921 | NUMBER TWENTY-EIGHT

FIRST GRADUATE RECITAL OF YEAR

Miss Martha Robison, Graduate In Expression, Assisted by Misses Walker and Newton.

On last Monday night one of the most interesting programs of this year was heard in the College chapel when Miss Martha Robison gave her graduate recital.

The first number on the program was two piano solos, by Miss Nannette Walker. Miss Robison then read "Miss Civilization" by Richard Harding Davis, a very interesting story taken from Harper's Weekly. Her impersonation was so excellent that the audience forgot that Miss Robison was reading and saw only little Miss Civilization as she so bravely stood facing those famous burglars and keeping them in the house until she heard the three whistles which told her that the police force had arrived. So well did Miss Robison read that the audience could not help feeling the tense excitement of the moment.

Miss Winston Newton in her usual pleasing way sang "Stolen Wings" by Willeby. This was followed by another piano solo by Miss Walker—Godard's "Artistique Etude". Miss Walker showed a wonderful talent for, and understanding of music in all of her work.

The final number was "The Neighbor" by Katherine Holland Brown, read by Miss Robison. This story of old Bible times was so entirely different from her first reading that it required an altogether different interpretation, which Miss Robison gave to it with remarkable ease and skill. In both readings each character stood out clearly and distinctly, yet none were overdone. The perfection with which she gave such a variety of impersonations proved to her audience her remarkable ability as a reader.

PREP. DEBATERS WIN AGAIN

Double Victory Over Greeneville High School on Friday Night.

Maryville might not have had a successful prep. debating team in the past, but the present team has already shown itself two-thirds a victor, and furthermore, bids fair to being a full winning team after the last debate next Friday evening.

The second top of the race for supremacy over nearby cities was completed last Friday evening when Greeneville was also annexed as a suburb of Maryville along with Knoxville.

The fellows who did this stunt were, of the affirmative team debating here, James Brown, Robert Campbell and Lee Moore, alternate; of the negative team debating at Greeneville, Berthold Fraker, William Jester, and James Givens, alternate.

The negative here was firmly upheld by Mr. Lamons and Mr .Hardin, both splendid debaters and fully able to aid our boys in keeping the audience intensely interested in the question, Resolved: That the Philippine Islands should be granted absolute independence. 'Shimmy' made more than one person proud of him as he spoke, so ably and convincingly that we could almost see the Judges' decision then. However, our confidence was shaken a bit after Mr. Lamons' patriotic and firey speech. But leave it to Red Campbell to clinch the matter, which he did in a most peaceful and eloquent manner.

So much so, that in spite of Mr. Hardin's excellent speech the decis-

(Continued on page four)

Thaw Memorial Hall Will Be Ready for Occupancy At the Beginning of School Next September

Work on the construction of the Thaw Memorial Hall has reached a sufficient stage to cause officials of the College to confidently expect that the handsome structure will be ready for occupancy when the school year begins next September. The building will cost about $150,000 and will be the largest building on College Hill.

The erection of the building was made possible in part by a liberal contribution made by Mrs. Mary C. Thaw in 1919 to the Centennial Forward Fund, and it will be called Thaw Memorial Hall in memory of Mr. William Thaw who did so much toward rebuilding the College after the Civil War.

The excavation for the hall was begun nearly a year ago, but the formidable difficulties in the securing workmen and materials has made the work go very slowly. However the roof is now being put on and it will certainly be ready for use at the opening of the next school year.

The first floor of the Thaw Hall will easily take care of 800 boarders, while 1,000 could be crowded in. The great increase in the number of students and the limiting of the size of all classes to thirty students has made it necessary to secure additional recitation rooms. On the second floor of the Thaw Hall there will be seventeen recitation rooms. The immense attic rooms and the basement will be finished later on.

The area of the building is 19,388 square feet, and it has 938,143 cubic feet of cubic space, with 65,612 square feet of floor space, including a dining room of 11,000 square feet in dimensions. The construction is semi-fireproof, with a vacuum system of steam heating, and the electric wiring in conduits. The exterior walls are of brick, tile, reinforced concrete, and stone, and the interior partitions are of brick, tile and wood. The building will be covered with slate. A special feature of the arrangement is the dining room, which will seat 1,000 persons simultaneously, and the kitchen is designed to be able to prepare 3,000 meals per day. The architects of the Thaw Memorial Hall are R. F. Graf and Sons, of Knoxville.

GLEE CLUB MAKES CONCERT TOUR

Three Nearby Towns Are Visited: Sevierville, Sweetwater and Athens.

The Glee Club has almost quit barnstorming and has come home again. It was a great life while it lasted. The premier was in Sevierville a couple of weeks ago. Percy and Keen made a couple of grand stand finishes getting to the train and Jarvis slept on a pile of suitcases all the way up on the K.S. & E., but they all got there.

An appreciative audience heard the concert at Murphy College, however the boys remember more about the hotel than the singing. They arrived at the hotel with a keen appetite due to their early dinner, and sat down to a repast of ham, eggs, biscuits, and trimmings, and utterly demolished it. At catch weights the Club will back itself against any sixteen men in school at a ham and egg destruction.

They came home for the Home Concert and then went south for the main trip. Manager Foster by herculean efforts kept them from getting lost in the big city of Knoxville and the whole bunch got into Sweetwater on Wednesday afternoon.

At Sweetwater a novel stunt was tried and two concerts were given in one evening. The boys at T.M.I. showed their appreciation in a vociferous manner, and ended up with a yell for Maryville that nearly broke the window panes. The Club piled into the bus immediately after this and rode to the Sweetwater High School for the evening program. A number of Maryville alumni greeted them there and helped to make the evening a merry one. The program was a success except that Bob's knee got so badly exposed in the Opera

(Continued on page four)

AT LAST

May Inauguration Is Held

"A (Fete) can never suffer defeat, but the longer you wait the greater the treat" might be an appropriate slogan for the myriads of fairies who transformed Baldwin Lawn into a veritable Fairyland, Wednesday afternoon. The gorgeous costumes, and the fairy-like atmosphere presented a striking contrast to the hovering clouds which threatened any minute to change tissue paper into pulp.

Did you see the King and Queen? No, I am not asking you whether you were with Dr. Bartlett in Europe. I am asking you did you see Maryville's King and Queen on Wednesday. If not you missed a rare opportunity. Royal Purple galore, courtiers n' everything! Grimm himself would have used them for models in his description.

To enumerate the "treats of the fete" would take too much time and space. Suffice it to say that the Biology Department, Expression Department, Music Department, Home Ec. Department, and Theta and Bainonian Literary Societies turned out to make the affair a complete success. One can hardly resist the temptation, however, in passing, to add a word in regard to "Romeo and Juliet". From the standpoint of discipline, this scene should never have been permitted. Who knows but what some inspired moonshiner with a strong imitative instinct, might attempt to reproduce this scene at one of the windows of a girls' dormitory.

Much has been said which might have been unsaid, and much might be said which is unsaid, but it is only necessary to say the entire program was a complete success and the participants from the little angel who accompanied Beulah Hatchett, to the Queen herself are deserving of hearty commendation from every student who attended.

GLEE CLUB LUNCHEON IN HOME EC. ROOMS

Prof. Hunter Fills Chair of Toastmaster; Many Clever Toasts Given.

The biggest event of the season for the men of the Glee Club was their luncheon in the Domestic Science rooms Monday noon. The Club knows that they could never get anywhere without having the women behind them, so each had a fair co-ed there to help him enjoy the fruits of the year's work.

Mrs. McMurray and her girls had prepared a feast to gladden the heart, and the efficient girls of the Home Ec. showed that they knew how to serve in style. The pineapple ice was the iciest, the veal cutlets were the tenderest, the rolls the daintiest, the salad the most luscious, and the demi-tasse the tastiest imaginable.

The appetites were completely satisfied when Professor Hunter, the Club's advisor, in his capacity as toastmaster prepared the way for a series of informal toasts. With such a finished after dinner speaker to direct the program everything had to go in fine shape. Keen made a number of excellent remarks on his favorite subject,—"Haromny". Miss Elsie Dawson wittily advised on "Seeing Ourselves as Others See Us". Buchanan, Hayes, and Marquis, eulogized successively on the Past, Present and Future of the Club. Miss Edna Dawson, musically discoursed on Scales. Miss Gregg, in the Finale, told the Club that in spite of their faults she loved them still, and by their applause the Club showed that they appreciated what she had done for them.

The program was ended with the College Song, and everyone felt that it was worth working hard all year to end the season with such a luncheon.

FIELD DAY PROVES A BIG SUCCESS

Field Day Cup Will Be Awarded McGinley Who Copped 27 Points.

The field day meet which was rained out on May 2 was completed on last Saturday afternoon, and the following is a summary of the contests held:

100-yard dash, 1st. McGinley, 2nd. Nagle, 3rd. Meyers. (Time incorrect).

Shot-put, 1st. Nagle, 33.05 feet, 2nd Hicks, 3d. McGinley.

1-2 mile run, 1st. Beck, 2 min. 46 2-5 sec., 2nd. McClung.

Discus throw, 1st. Nagle 99.85 ft., 2nd. McMahan, 3rd. Drake.

220 yard dash, 1st. McGinley 23 1-2 sec., 2nd. Hicks, 3rd. Nagle.

One mile run, 1st. George Howell, 4 min. 58 sec., 2nd. McMahan.

High jump, 1st. McGinley 5 ft. 1 in., 2nd. Nagl, 3d. Hendrick.

120 yard high hurdles, 1st. McGinley 18 3-5 sec., 2nd. McMurray, 3rd. Cox.

Standing broad jump, 1st. Rowan 9.9 ft., 2nd. McMurray, 3rd. McGinley.

120 yard low hurdles, 1st. McGinley 13 2-5 sec., 2nd. Buchanan, 3d. McMurray.

Pole vault, 1st. Milling 9.2 ft., 2nd. Holland, 3d. Rowan.

Running broad jump, 1st. Rowan, 18.95 ft., 2nd. Meyers, 3d. Hendrick.

3-mile cross country run, George Howell 20 4-5 min.

The cup for the individual making the most number of points in the meet goes to McGinley who made 27 points. Nagle ran a close second with 22 points to his credit.

The girls' events were as follows:

50-yard dash, 1st. Dickerson 7 1-2 sec., 2nd. Farar.

75-yard low hurdles, 1st. McGrath 15 1-5 sec., 2nd. Buchanan.

Basket ball throw, 1st. McCall 50.3 ft., 2nd. Scott.

J. PLUVIUS INTERFERES WITH CONCERT

Despite The Deluge, a Large Audience Hears Glee Club Concert.

In spite of the rain, a large crowd was at the chapel last Monday night to hear the Glee Club's home concert, nor was it disappointed, for the entertainment surpassed the greatest expctations. The student body is justly proud of such an organization. The men have worked hard individually and together, and an entertainment which is a great credit to them and to the director is the result.

The program was in three parts. The Club sang "Song of the Vikings" and "De Sandman" with great power and beauty. Mr. Hayes' solo work throughout the program was exceptionally good, especially in "Ah! So Pure" and his charming encore "The Story Book Ball". Professor Hunter's remark that he is one of the best soloists Maryville has ever turned out was verified. The Maryville quartette was one of the most popular features of the evening, also. Their work in "The Sweetest Story Ever Told" was highly appreciated.

Mr. Keen's violin solo, "Scene De Ballet", was one of the best musical numbers given at the chapel this year. His readings were greatly enjoyed,—and to use high school vernacular, his encore "That's Harmony", certainly made a hit.

The Club repeated its Up-to-Date Grand Opera by request. It was even better this year than last

We solicit contributions, suggestions, criticisms, and expressions of opinion from readers of the Echo.

There will be no Echo next week but on May 26, the special Literary Number will be published. The Literary Number will be the last issue of the Echo put out by the present editorial staff. The Commencement Week number will be edited by Mr. Charles Sharp.

DEATH COMES TO FATHERS OF STUDENTS

During the past two weeks the homes of Messrs. Herrick and Dwight Arnold of Cleveland, Tenn., and the home of Mr. Finley McBride of New Market, have each been saddened by the loss of a father. The Echo extends to these young men the sympathy of the faculty and students of Maryville College.

The following are resolutions adopted by classmates:

SOPHOMORE-FRESHMAN RESOLUTIONS

Whereas it has pleased God to call to Himself the father of our beloved classmates, Herrick Arnold and Dwight Arnold:

BE IT RESOLVED, That we the Sophomore and Freshman classes express our deepest sympathy with our bereaved classmates and their loved ones in their sorrow:

BE IT FURTHER RESOLVED, That a suitable token of sympathy be immediately despatched to the Arnold home at Cleveland, Tennessee;

AND BE IT ALSO RESOLVED, That a copy of these resolutions be forwarded to the Arnold family, that a copy be read to the student body, and that a copy be published in the Highland Echo.

Respectfully submitted,
Sophomore Class—
Porter H. Turner, V-Pres.
Agnes Lewis, Secretary.
Geraldine Odell, Treasurer.
Freshman Class—
Alice Johnson, Secretary.
Cazwell G. Johnstone.

FOURTH PREPARATORY RESOLUTIONS

WHEREAS: God in His mercy and wisdom has called unto Himself the father of our beloved friend and classmate, Finley McBride,

Be It Resolved: That the members of the Fourth Preparatory Class extend heart-felt sympathy to him and his bereaved family;

Be it further Resolved: That the Class send a token of sympathy to his home;

And be it further Resolved: That a copy of these resolutions be sent to the McBride home, a copy read to the student body, and a copy be printed in the Highland Echo.

Signed for The Class,
Van Hunter,
Flora Strong,
Nathan Haworth.

Co-ed—I want something to wear around the dormitory.

Saleswoman—Al right, how large is the dormitory?

NEWSETTES

For the third time, Mrs. J. H. McMurray has been invited to be Director of the State Fair School for Girls of Illinois.

Dr. and Mrs. Stevenson gave as their guests at the House-in-the-Woods Mrs. George S. Prince and Mrs. F. W. R. Eschman of Yonkers, N.Y. Mrs. Stevenson and her two guests will accompany the Senior class to Calderwood this week-end.

Dr. Stevenson delivered the baccalaureate address for the Asheville Normal School on Sunday, May 8, and for the Wheat High School on Tuesday, May 10. Next Sunday he will deliver the baccalaureate sermon at the Charleston High School, the school of which Mr. George Callahan, '20 is principal.

Mr. Jason Purdy, '19, who has been attending the Princeton Theological Seminary during the past year, has returned to Maryville and was the leader of the chapel exercises on last Saturday morning.

On Monday afternoon, April 25, the M. C. Reserves defeated Knoxville High School by the score of 11 to 5.

The Senior Preps were entertained at the home of Mr. Will Caldwell on Tuesday evening, April 26.

Miss Bess Carden, of Clinton, Tenn., a former student of M. C., visited friends on the Hill on Monday and Tuesday of last week.

Mr. George Johnson of Athens visited his sister, Miss Jessie Johnson, on Thursday and Friday of last week.

Miss Kathleen Lowry spent last week-end at her home at Chattanooga, Tennessee.

Mr. Will Sheddan, of Jacksonville, Fla., visited his sister, Miss Louise Sheddan here on last Sunday.

Miss Minnie Hamilton was called to her home at Atlanta on last Saturday on account of the serious illness of an aunt.

Despite the persistant interference of Jupiter Pluvius on Tuesday, May 3, between one hundred and fifty and two hundred dauntless students took advantage of the opportunity and made the trip to Sunshine. Everyone who went reported a genuine good time.

Miss Effie Erickson had as her guests on Monday of last week: Mrs. J. F. Erickson, Mrs. Brown, Mr. Mansel Erickson, Misses Grace Force and Mattie Lee Lane, and Mr. Harold Brown, Jr., all of Athens, Tenn.

Dr. Stevenson will deliver the address to the graduates of the grammar grades of the City Schools of Maryville, at the Presbyterian church on Thursday evening, May 10.

Dr. Wilson has received the following announcement bearing a Chinese post-mark and a picture of a stork. Can you make it out?

"I WANT MY LIFE TO COUNT"

Presbyterian colleges are crowded with students—and they all want their life invested where it will count most.
Business is attracting many. Do you believe a man's life consists in more than his bank account? Tie your life to the things that are most worth while.
The teachings of Christ hold the only solution for the problems of society. Line up with the effort the church is making through many agencies to help the world along. As a preacher, a missionary doctor, a home missionary, an instructor in a mission college—you can render supreme service. Capitalize your faith for the world's benefit.
Think it over. Decide your life work when you are at your best. Seek the calling in which you can best serve the world. It may be as a farmer, an editor or a preacher. Be anxious to serve and rewards will come.
A booklet "Ten Undermanned Callings" will interst you. oPstal card request will bring it.

MOTHER'S DAY PROGRAM AT BAINONIAN

A Mother's Day program was given in Bainonian Saturday night. The program was:

Mother's Day and What it Means - - - - - - Addie Fine
Vocal Solo - - - Elizabeth Moore
Memories of Mother, Geraldine Odell
Reading - - - J. Lynn McClang
Piano Solo - - Barbara Higgins
Reading - - - Ruth Greenlee

CEMISTRY CLUB

The Chemistry Club held its regular monthly meeting last Tuesday evening. Miss Fanson was the speaker of the occasion and gave a splendid address on the "Achievements and Discoveries in the Chemistry of Coal Tar Dyes". This program was without a doubt the best of the year. There will be one more meeting, at which time Mr. Glascock of the Aluminum Company will address the Club.

Kries-Keener Shoe Co.

208 Main Street, Maryville, Tenn.

22 Market Square, Knoxville, Tenn.

Ed Keener Says: 25% discount on every new 2-strap Pumps, Oxfords, and Shoes. In this great Discount Sale nothing is reserved. No bear waltzing here, and anybody who has the money knows how to figure the discount of 25%, or 1-4 off of a $10 pump will make it $7.50 the pair. 1-4 off of an $8 Pump will leave $6.00, and so on. Last year we began our 25% discount in early May, 10 days later followed by the Prince of Merchants, Wanamaker, and in a few days followed by the merchnts in our city and throughout the country. Six months later Henry Ford make his big cut. One forethought is worth a thousand afterthoughts, therfore trim your wicks, fill your lamps on Friday and Saturday, just five weeks sooner than last year Ed Keener, shoeman, is bound to rouse the buying public by taking off 25%, or one-fourth, of his already lowest priced shoes in the city. Grey Satins and Suedes, Brown Satins and Suedes, Black Satins and Suedes.

SENIOR Y. W. AT HOUSE-IN-THE-WOODS

Last Sunday afternoon the Senior Y. W. program was held at the House-in-the-Woods with Miss Elizabeth Moore as leader. The theme of the meeting was "Mothers", in keeping with the day. Aileen Rutherford spoke of "Mothers" in general, Edith Moore spoke of "Our College Mother", Mrs. Stevenson, and expressed for all Maryville girls something of our appreciation for all that Mrs. Stevenson does for us here at school to take the place of the mothers at home.

Some of the new girls were pleased to learn that as well as a college mother we Maryville girls are fortunate enough to have also a college grandmother in Mrs. Bassett and that she is with us much in spirit even though she is not able to be among us often in person.

Since vacation time is drawing near and we are realizing that we will all be in our homes again very soon, J. Lynn McClung led the topic "What Can We Do to Help Mother this Summer?"

The meeting was appropriately closed by the song "Little Mother O' Mine", sung by Mary Elizabeth Clements.

"Aren't you losing flesh lately?"
"Yes, I bought a safety razor".

JOINT MEETING OF THETA AND ALPHA SIGMA

Saturday night, April 30th was unusual in regard to the fact that the "powers that be", granted permission for a second joint meeting of the literary societies. Alpha Sigma and Theta Epsilon met in Bartlett Hall. During the first part of the evening a varied and interesting program was rendered. The opening number was a piano solo by Margaret Weeks. This was followed by Ella Mae Walker who gave a splendid reading. All who were present will agree that Madeline Huizinga was at her best when she played her cello solo. Mr. Stanbery entertained and instructed everyone present with his talk on "Love", that subject which is of vital interest to all. Although he quoted freely from other sources we are inclined to think he was speaking from experience. In her reading, Jewell Stevens showed her exceptional talent along that line. The program closed with a number by the mixed suartet.

The second half of the evening was taken up with the social time which was held in the "gym". Mr. Burson had charge of the entertainment and kept thingh moving until time for the refreshment committee to take charge. Soon after this the lights flashed and Theta's and Alpha Sigmas departed for the various dormitories.

M. C. NINE RETALIATE; DEFEAT ALCOA 4 TO 1

Hitting For Three Bases And Near-Homers Feature of Game; Smith Holds His Own.

They wanted to do it awfully bad. Defeat us on our own grounds I mean. But they did NOT.

The reason why M. C. won was that Smith pitched extra good ball; the infielders and outfielders handled the ball with glue on their fingers; and the effective hitting and sacrificing by Feeman's crew bore results. Davidson carried the batting honors of the day by scalping three good ones out of four 'imes up, and Rowan came next with a fifty fifty record. Davy, B. Williams and Partee heaved to and each knocked the old pill for three bases. Smith allowed only three hits and two walks while the Alcoa nine were forced to place a new man in the box towards the middle of the game.

Excitement ran nigh when two of our men died at home on trying to stretch a three baser into a home run. That's what happened and it spoiled such nice hits to boot.

But the game was a good one and Alcoa wants another (?). Our boys will be better fitted to trim them later. Look out Alcoa, look out U. T.!

JOINT MEETING OF BAINONIANS AND ATHENIANS

A very enjoyable joint meeting of the Bainonian and Athenian Literary Societies was held Saturday night, April 30. The talent of the combined societies was called out and the program was really good.

Piano Duet - Misses Sullinger and Armentrout
Vocal Solo - - - - Roy McCall
Reading - - - Martha Robison
Cornet Solo - - Harry Bannister
Reading - - - - Callye Speck
Spanish Love Song - Myrtle Rendon
Reading - - - Annarine Atkins

After the program, a social hour was enjoyed and ice cream, cake and punch were served.

MARYVILLE PLAYERS IN KNOXVILLE

The Maryville Players, after their wonderful success in "Polly of the Circus" at home, took it to Knoxville on the following Thursday and presented it at the High School. Knoxvillians were high in their praise of the splendid work of the players, and of our expression department which trained them. This is just one of a number of trips the players have taken this year.

H. WILLIAMS WINS PITCHERS' BATTLE

Ninth Inning, Two Down, One Man On, A Three Bagger Made it 1 to 0.

For H. (Hero) Williams, who backed up against the old horsehide and sent it sailing over the outfielder's heads to deep center for the telling score in a game with Carson-Newman on the local diamond, April 28 was a red-letter day.

The whole game was an exhibition of real big league baseball. Sharp, the Carson-Newman twirler fought hard for the game, not only from the box but with the club. He gleaned two hits and gave up only five to the scrapping Highlanders, who, as a team, played the best game of ball of the year, with the exception of the rumpus in the last of the eighth. H. Williams gave up six hits and copped a BIG ONE for himself.

Maryville's lone score was made in the last of the ninth: Big Mac and Rowan were put down in quick order and nearly everyone began to settle back for a prolonged battle. B. Williams walked for the second time and pilfered the keystone sack safely for the first time. H. Williams shouldered his big stick and faced his rival: strike one; strike two.—Look! Look! clear over the centerfielder's head, and watch Baxter runnnnnnnnn—M. C. 1, C. N. 0.

* Two out when winning run was made.

Summary: Earned runs Maryville 1, Carson-Newman 0. Two base hits—Sneed, Three base hits, H. Williams.

First base on balls—off Williams 0, off Sharp 5. Struck out by Williams 7, by Sharp 9. Left on bases Maryville 5, Carson-Newman 9.

On Monday afternoon the M. C. baseball nine lost to Harriman at Harriman 6 to 3, and on the following day came back strong and won 2 to 1.

JASON PURDY, '19, ADDRESSES Y. M. C. A.

Jason Purdy, a member of last year's preparatory faculty, but at present a student at Princeton Theological Seminary addressed the Y. M. C. A. on Sunday afternoon. Mr. Purdy spoke on the "Call to the Ministry".

The call to Christian leadership has two requirements, ie, qualifications and motives. There must be a special qualification in body, mind and spirit. The call to the ministry does not have to be after the manner of the call of Paul of Tarsus. The call may come through the need.

The Assocation also had the privilege of hearing Mr. Keen, who sang at this service.

Cleo—What's the difference between a Christian Scientist and a thin girl?

Patrica—Realidunno.

Cleo—One is a humbug and the other is a bumhug. —*Tar Baby*

ALPHA SIGMA

Alpha Sigma met last Saturday night as usual, and gave an unusually good program. The program was as follows:

Reading—"Spartacus and the Gladiators" - - - Jimmy Jackson

Extemporaneous Speeches:

"The Price of Gum Drops in Alaska" - - Othel Armstrong

"History and Vacuums" - - - - - - - - - Sam Peters

Debate: Resolved, That College Frats are Detrimental to the School and to the Student - - Affirmative, Ralph Armstrong; Negative, Stanley Lange

The program was closed by a ten minute open discussion.

Y. M. C. A.

On Sunday afternoon, May 1, Dr. J. R. Johnson, pastor of the Baptist Church addressed the Y.M.C.A. Dr. Johnson chose for his theme Heroism to Principle or Loyalty to Conviction. The scripture basis of his address was taken from the story of the three friends of Daniel who refused to worship the golden image of the King.

JUNIOR Y. W. C. A.

Were you at Y. W. Sunday? If not you missed one of the sweetest services of the year. Miss Bernice Kimble led in a very effective way. Everyone enjoyed the instrumental music by Miss Estelle Wynn, and "Mother O' Mine" as sung by Miss Millicent Codding was epecially impressive. Tributes were paid to the mothers at home and also to those in heaven. It is needless to say that many mothers received loving letters written Sunday night by girls who attended Y. W. that afternoon.

Mr. Stone and Mr. Wood stood on the street. A young lady passed. Stone turned to Wood and Wood turned to Stone, and then they both turned to rubber.

Teacher—Ramsey, what do they raise in Mexico?

Ramsey—I know, but Mama told me not to use that kind of language.

Miss Green—What is an oyster?

Freshie—An oyster is a fish built like a nut.

He—May I call you by your first name?

She—By your last name if you wish.

J. Pluvius Interferes With Concert

(Continued from page one)

well, especially "De Ol Ark's a Movin".

The last number, "Old Maryville" was very appropriate. The only thing amiss was that they sang only one stanza, while the audience would hve preferred all three and the whole song sung again.

All in all it was a splendid entertainment. It more than fulfilled all that was prophecied concerning it. It was a credit to each member of the Club, to the director, and to the College.

GLEE CLUB MAKES CONCERT TOUR

(Continued from page one)

that Red was overcome by modesty and sat down on it to hide it from view. Jarvis claims he couldn't sleep well at the hotel that night because Red in some way beat him out of his bed, but Red says he was only getting even for the way Jarvis kept him awake at Sevierville by singing through his nose all night.

The next morning the Club rolled into Athens and the boys are unanimous that there is a town where they treat you right. There were plenty of ways to have a good time all day, and the boys were farmed out for the night in homes where the art of feeding was understood perfectly. On the return trip the next morning every man was trying to prove that he had been treated better than the rest and they all would like to go back again. In spite of Miss Gregg's repeated warnings only their iron constitutions prevnted sudden death from overeating. The audience at Athens was the largest and most appreciative one the Club met on its trips, and every number was encored heavily. Herndon couldn't find any water to make a lather for his face in the Opera, so he rouged his nose and became horribly inebriated. Cagle and Brient of last year's fame drove over to hear the concerts at both Sweetwater and Athens, applauding with true Maryville spirit.

The trips were a success in every way and all the boys had a good time. They have already promised themselves a bigger trip next year.

Prep. Debaters Win Again

(Continued from page one)

ion of the Judges was unanimous in favor of Maryville.

And here we want to tell you of that jolly good chairman, Professor Hunter, who did not keep us in needless suspence.

Although we were not at Greeneville, we know the Maryville debaters covered themselves with glory, for while at the jolly reception following the debate, the good news came that our boys had won unanimously there.

All we can say now is: Back up the Prep. debaters once more and show them you are behind them and we will make this a full-fledged winning season before we stop.

The Student Volunteer Band conducted the services at the Presbyterian church on last Sunday evening.

PREP DEBATERS BREAK EVEN WITH ATHENS

Final Inter-Scholastic Debate of Maryville College Prep. Department With The Athens School of University of Chattanooga.

On Friday night occurred the third and final debate of the Preparatory Department for the scholastic year, 1920-1921. The contest was between boys and girls of the Maryville College Preparatory Department and Athens School of the University of Chattanooga, and resulted in victory for M. C. boys and defeat for M. C. girls.

The debate was a thriller from beginning to end, full of pep, interest and enthusiasm. The question, Resolved: "That the U. S. reopen trade with Soviet Russia" was upheld at Maryville on the affirmative by Maryville College and on the negative by the Athens School.

The affirmative team representing M. C. was composed of the following boys: Sherman L. Burson, Chester P. Karrick, David Friedman, and Carlisle Patrick as alternate. The negative which was upheld by boys from Athens School was as follows: Roscoe Grenn, Clay Daniels, Frank Smothers, and Turner Catchart, alternate.

The chairman of the debate was Mr. Pat Quinn, a former student in Maryville College and now a prominent lawyer in Maryville.

The audience was particularly favored by the appearance of the College Glee Club, whose selection was so much appreciated and applauded that they had to repeat four times before disappearing.

The affair drifted along rather spiritedly with neither side having any particular advantage until the last minute or in the "ninth" inning the bottom was knocked out of the bucket and our boys proceeded to explain in a matter of fact method to the Athens School just what it was all about.

The girls who upheld the negative side of this question at Athens were Misses Willie Mae Cliffton, Annabel Gillespie, Barbara Higgins and Esther Jarrold as alternate. These girls certianly did some fine debating and the Athens people will have to say that our girls had some fine constructive speeches and rebuttals, and knew how to deliver their work. Even though they lost, the girls had plenty of pep left and enjoyed the reception and all the other entertainments they received while in Athens. They say as well as the Glee Club that those Athens girls and boys certainly do know how to entertain and show you a good time.

The debaters who went to Athens are saying that the trip was one that was spent with much pleasure and will always be remembered. Prof. and Mrs. D. J. Brittain with little Dave Jr. are noted chaperones. The girls say it is impossible to feel blue even when you loose a debate if Professor or Mrs. Brittain are around.

The girls wish to express their thanks to the Preparatory Debating Team of Maryville College for their support and encouragment as so adequately signified by the beautiful flowers that were presented to them while waiting for the final decision of the Judges.

The Preparatory team as a whole wish to thank Mrs. McMurry and her staff of able assistants for contributing so greatly to the pleasure and success of its receptions. Considering the fact that only one out of six debates has fallen into the lost column, it is

(Continued on page. two)

SKY PILOTS HOLD BANQET IN H.E. ROOMS

Twenty-five Ministerial Students and Their Lady Friends Enjoy a Sumptuous Luncheon in The Domestic Science Rooms.

If you had cared to miss your dinner, Monday, you would have seen the gay crowd as they timidly entered Science Hall, and ascended to the third floor. Mrs. McMurray and her accomplished assistants had prepared the way to their hearts through gratifying their ravenous appetites. Yes, there was served the latest delicacies of the spring garden; new potatoes and peas, and Spring Salad, and the finest cuts of ham, the most appetizing rolls and marmalade; and that wasn't all, the delicate Strawberry Mousse, and the angel food cake for those aspiring to become angels.

After the luncheon came the toasts. Mr. Roy Buffat introduced Mr. Emery Fritz as Toastmaster. Having been taken for a Professor that morning, the Toastmaster proceeded to show his authority anu dignity by giving advice to the prospective parsons. Mr. David Noble gave a beautiful xylophone solo, and then Mr. Stanley Lange, the President of the Association, gave Mr. George Howell's definition of the wind. Mr. Forrest Brown spoke on "the Value of Service". All were delighted with the splendid reading by Miss Martha Robison. After Mr. Clyde Wilson had told a joke, Mr. Fritz, feeling that he had said too much already, asked Mr. Roy Buffat to preside as Toastmaster. Equal to the occasion, Mr. Buffat told a number of jokes about preachers, followed in rapid succession by toasts by Messrs. R. A. N. Wilson, William Jester, Delemo Beard, and James L. Jackson. The program was concluded by giving fifteen rahs for Mrs. McMurray and fifteen for the waitresses. After a spirited "How-Wee-How" the young men and young ladies found cool, shady places upon the campus to enjoy the moonshine hour.

MARYVILLE PLAYERS AT WALLAND

The Maryville players went to Walland last Friday night and gave a splendid entertainment to a full house, incidentally having a great deal of fun for themselves. Thursday night of this week they go to Porter High School at Wildwood. This will probably be the last of their trips. The expression department has taken a big step forward this year in organizing and putting on the road the players. It is hoped that they will take even more trips next year.

The annual Adelphic Union Banquet will be given in Pearsons Hall, Friday evening, May 27.

The Preparatory Forensic League was entertained by Professor Brittain at his home on the Tuckaleechee Road on Wednesday evening.

AFTERNOON RECITAL

A most interesting and well rendered program was given last Wednesday afternoon by the departments of music and expression. The representatives of the piano department were, Misses Nannette Walker, Elizabeth Whitlock, Mattie Tedford, Glenn Froneberger, and Grace Majure. The readers for the afternoon were Misses Anna Sharp, Ruth Greenlee and Goldie Nicely.

Prune—"Why is a vaudeville like a tomato?"

Prunella—"Bad dressing spoils it".

SENIOR MOUNTAIN TRIP TO CALDERWOOD

On Saturday afternoon, May 14, twenty-one personified dignities of the class of '21 accompanied by Mrs. Stevenson and her friends, Mrs. Eschman and Prince boarded the train for Calderwoid. After a ride if an hour and a quarter we were greeted by the brass band if Calderwood. Each grabbed his own individual bag and made a dash to the cabins, leaving Mike to carry the eats—which he did! Then came the usual first meal in camp after which we went to see the movies which didn't move because the "fillum" didn't come. Sunday morning broke in Calderwood with a shower of pancakes. Sunday night new additions to the camp were made in the person of Mark and Red—in whose honor a sumptous chicken dinner was prepared. These chickens were selected the night bfore by Morgan and Mike whose ability in choosing nice tender (?) chickens cannot be excelled. We are greatly indebted to Rebecca Calderwood for the basket of nice doughnuts which she brought to us on Sunday evening.

The event of the evening was a trip to the Bridge and time in all its cruel and heartless course cannot efface from the memory of those moonshiners, the mountains, the river, the moon, and "The Bridge". Monday morning brought sorrow to one of our number for Jarvis had to make his departure.

At nine o'clock with filled baskets we boarded the motor car for Cheoah. After a delightful trip, along the Little Tennessee with Old Bald looming up in the distance, and mountains rising high on either side we came into North Carolina. As a reward of smiles from some of our number Mr. Frazier and Mr. Horney showed us over the power plant and dam. This sight alone was worth the trip. The Big Smoky Club was opened for our benefit and we enjoyed our picnic lunch there. That night after we had returned to camp a banquet was served by Beeler, Red and Francis. They were assisted in serving by Marquis and Mike, after which a program was rendered by the Music and Expression "Depths", Miss Elsie Dawson business manager. The first number presented was a two-act modern drama featuring Marquis, Deck, Morgan and Charlotte. After readings by Misses Beeler, Greenlee and Horton "I Smell Smoke" was given by Mr. and Mrs. Tyler (Mark and Red). A number of selections from the Glee Club Concert were given and Mike concluded the program by giving us one of his masterpieces—"on the victrola". Then one last look at the familiar sight of Calderwood was granted.

Do you wonder why, with this jolly crowd, good eats, and three nice cabins, we were tempted to turn our watches back and miss the train. But as we are a dutiful lot, we resisted. We were rather a disheveled bunch indeed that rolled into Maryville on Tuesday morning but a happy bunch nevertheless.

On last Friday morning the College was honored by a visit from fifty doctors of the East Tennessee Medical Association which was holding its annual meeting in Maryville. Dr. Stevenson led the devotional service and spoke some words of welcome to the medical men after which Dr. McCulloch, a local physician and president of the Association introduced Dr. E. R. Zemp of Knoxville. the speaker of the morning. Music was furnished by the College Glee Club. The girls of the Home Economics Department assisted in preparing meals for the members of the Association at Montvale Springs on Thursday evening and Friday morning.

GRADUATION RECITAL GIVEN MON. NIGHT

Miss Sharp of Expression Department and Miss Majure of Music Department Give Splendid Program.

The large crowd which attended the second graduate recital of the year will confirm the statement that the recital given by Miss Grace Majure of the Music Department and Miss Anna Mae Sharp of the Expression Department was one of the best given in the history of the departments. The recital occurred Monday evening, May twenty-third at eight o'clock.

Miss Majure used as her opening numbers two Chopin compositions: Valse, Op. 64, No. 2 and Etude, Op. 10, No. 12 which showed her taste for Chopin. Miss Sharp then contributed her part of the program which proved to be a quaint Welsh play, "The Merry, Merry Cuckoo" by Jeannette Marks. This play was unique and full of pathos and the audience liked it. Miss Sharp managed her characters well, which was no easy matter in a play of such unusual type, and she is to be congratulated on her splendid work and on her ability for reading.

Miss Majure's next two numbers were very interesting being taken from the Suite of Holberg who lived from 1684-1754. The numbers have been rearranged for the piano by Grieg but are quaint which is characteristic of the music of the olden times. "Hark, Hark, the Lark" by Shubert-Liezt displayed Miss Majure's delicacy and fineness of interpretation. "Liebestraume", Nocturno III by Liszt was also beautifully interpreted. Miss Majure's final number gave her an opportunity to display her great technical ability since Chopin's A flat Major Polonaise is considered a difficult composition to play. The department is proud of Miss Majure's musical talent and ability and she and Miss Sharp are to be congratulated on the fine program which they were able to present.

PROFESSOR BRITTAIN UPHOLDS MARYVILLE ATHLETICS

Field Day Trophies Presented

Loving Cup Goes to McGinley.

No he had no speech prepared or stored away in his brain, but he sure let his heart speak to the student body Wednesday morning in chapel, and the speaker, Professor Brittain, meant all he said.

"Knockers don't win and winners don't knock" is a good slogan to apply to the Athletic situation on College Hill. Admitting weaknesses of the past, Professor Brittain urged us all to look to better athletics in the future because of a new gym, new baseball field, new athletic officers, and the greatest asset of all, the youths here at Maryville and those who will be here next year.

"But", the speaker continued, "to make our athletic standard higher we must have more participants in all lines of sport and athletics. We need to develop what we have because we have as good a brand of young manhood right here in Maryville as will be found anywhere." Friend Brittain hit the nail flat on the head that shot.

Two other essentials for better athletics were mentioned, namely a much stronger schedule and a funral service for all knockers, on College Hill and off. All we need to have is what Professor Brittain says we MUST have; "More co-

(Continued on page four)

ENGLISH PRIZE ESSAY CHOSEN

[The story which follows received first prize in the English Prize Contests, recently closed. Eleven competitors engaged in the contest. This will give the reader an idea of the excellence of the work brought out by this contest.]

THE SEAL OF THE GREAT DIVIDE

The Pennsylvania Railway Station throbbed with a throng of people, and with a spirit of emotion as the men composing the Thirtieth Division were leaving for duty overseas. In the midst of this mass of humanity stood a man whose face showed much interest, although that interest did not manifest itself toward any certain individual. However, at one time, the apparent stranger made a quick turn as though he were attracted by some one behind him. This attraction was a rather unusual farewell message given to a departing soldier.

"My boy" a firm voice had said, "Heaven grants no greater blessing to a warring people than that of unity. You have that blessing, and how I thank God for the fact that you do not live in a Dividing Line such as that in which your grandfather lived. Good-bye, and God bless you!"

The interested listener said nothing as he saw a father and son unclasp hands and part, but his face showed that these words had peculiarly affected him.

The time was short, the train departed for the harbor, and the crowd dispersed. The man who incidentally heard these striking farewell words soon found his way to his apartment on Washington Square, and into the quiet of his study.

"The Dividing Line!" he half whispered as he seated himself at his desk, "It was the Dividing Line of the Civil War, no doubt". He had never heard this term used by anyone save his war widowed mother whom he had heard speak of that section composing Kentucky, East Tennessee, and North Carolina, as the section of the "Dividing Line" of the Civil War.

He took from his desk a little silver picture case containing the picture of a union soldier and his bride.

"A victim of the Dividing Line", he thought as he replaced the case on his desk.

As a matter of fact this interested man, Alfred Elliot by name, was an author and historian. On his desk lay an unfinished manuscript history of the United States of America; the part just begun was that of the Civil War. The author unfolded the outline and studied it carefully. In it he had outlined a full portrayal of the North in all her stages: her self-reliance in the early Sixties, her awakening to the fact that she was confronted by a vigorous foe, her long days of turmoil and battle, and her final triumph. He had outlined the South in her clamor for independence, her fight for slavery, her secession, her days of fighting, her defeat, and her trials during the ravaging days days of Reconstruction.

As an honest historian, Mr. Elliot had given both the North and the South justice as fully as his unprejudiced views could conceive it, but now he had a new vision; there was the Dividing Line which did not rightly belong to either the stalwart North or the stricken South, for it was both, yet neither. He felt that he nor any other historian had ever given this section of the country full justice

We solicit contributions, suggestions, criticisms, and expressions of opinion from readers of the Echo

As this is the last number of the Highland Echo which the present staff will publish it is fitting that a few final words be said before the management passes to other hands.

We wish to extend our thanks to the whole student body of Maryville College for the whole-hearted support which the Echo has received on the Hill and for the readiness with which all have responded to our oft-repeated cries for "help". It is only due to this support and cooperation on the part of the students that we have been able to really measure up to the slogan of the Highland Echo—"For a Bigger and Better Maryville College."

Some have offered criticisms and suggestions which have been of great help to us in trying to improve the Echo. We thank you! Then, of course, there are always those who are continually finding fault, those who are always destructive but never constructive. Such a class merits no consideration here. We appreciate every word said and every deed done by the public-spirited students and faculty members who have helped to boost this volumn of the Echo with the desire of making it a top-notch representative paper.

We have endeavored to give everybody and every organization a square deal and hope that we have succeeded. We have aimed to represent, as best we could, every interest of the College. We are proud to say that we have heard no complaints from any organization as to their not receiving a square deal.

Also it has been our privilege and pleasure to assist in launching the first real alumni movement in the history of M. C. If we had done nothing more than give publicity to and arouse interest in this movement to enlarge the College's athletic facilities we would have considered that this sixth volumn was not published in vain. We wish to go on record as being whole-hearted boosters of the Alumni Movement! Although we now lay aside our pens and typewriters, we are still "at your service".

No little amount of work has been put on the paper in order that it might be worthy of the name of Maryville. Every member of the staff has been a most willing worker and no one has failed to produce his or her assignment.

In making our final bow before the students and alumni we pledge our continued support to the paper in every way possible. We are for the Highland Echo first, last, and all the time!!

* * * * *

Dr. C. H. Gillingham is attending the meeting of the General Assembly of the Presbyterian Church which is being held at Winona Lake, Indiana.

Miss Bernice West coached the play "Dorothy's Neighbor's" given by the Juniors of Maryville High School on May 17. The play was acclaimed a great success.

Misses Alberta Frow, Jonnie Trotter, and Louise Gollmar read at Decoration Exercises held at Cloyd's Creek on May 21.

Miss Reva Rankin and Miss Hazel Bevan will read at a Decoration Exercise at Clark's Grove on Saturday of this week.

Miss Alberta Frow gave several readings at a social function at the home of Mr. and Mrs. D. W. Proffitt on Tuesday evening.

The M. C. Men's Quartet furnished the music for the commencement exercises of the Crossville High School on Wednesday evening.

The College Glee Club gave a concert at Friendsville on Saturday evening, May 14. They will furnish the music for the Maryville Polytechnic High School Graduation Exercises this evening at New Providence Presbyterian Church, and will give their final concert at Dr. T. J. Miles' church at Vonore on Saturday evening, May 28.

Miss Irene Torry of Toledo, Ohio is visiting Miss Esther Miller this week. Quite a number of informal affairs have been given in her honor, including a lovely supper in Miss Miller's room and a trip to Montvale.

On Saturday night, May 21, Ruth White and Rica Gardner entertained in honor of Louise Duncum, one of the respected members of the respected Senior class. The guests were nine in number and received at eight o'clock. The table was decorated in a pink-rose and butterfly effect and a four course dinner was served. The guests enjoyed themselves so thorooghly that they most nearly forgot to go home, even after the lights flashed. The party was a surprise to Louise and the surprising part was that she didn't know about it. The guests were, Miss Ware, Ruth Greenlee, Mary Perry, Jennie Lequire, Mary Tedford and Marian Krespach.

"BIG SISTER MOVEMENT" DISCUSSED AT Y. W.

The "Big Sister Movement" was the theme of the Y. W. meeting Sunday afternoon. The interest of the girls was shown by the number which was present. Stella McCall as leader called on a number of girls who have come in special contact with this work to supplement her talk. Edith Moore explained the purpose and told of its beginning here at Maryville. It was really only during the past year that the new girls have had "Big Sisters" to help them over the hard place at the beginning of the school year.

Effie Erickson spoke on "Meeting the New Girl Half Way", and showed that we ought to go even more than half way oftentimes.

If we are to keep out of the rut we must know something of what is being done in other places, so Claire McMurray spoke of this movement as it is found in other schools.

All successful movements must benefit all interested parties and it was with this idea in mind that Jessie Johnson told how her "little sister" had helped her, and that Winona Johnston made clear what a wonderful help a "big sister" really is at the beginning of school.

All of the girls who are coming back next year will want to be a "big sister". Watch for an announcement and be ready to hand your name to the committee which will call on you, so that you may have a "little sister" assigned to you.

Y. M. C. A.

On Sunday afternoon, May 15, W. T. Corwith, Secretary of the Maryville Chamber of Commerce, spoke on "Citizenship" at the Y. M. C. A.

At the "Y" meeting on last Sunday several members told from their own experiences, something of the different parts played by man in the late world war. Life as man lives it in three of the largest branches of the service, the army, navy, and marines was related. Also, something of the great work of the Red Cross and Y. M. C. A. was told by two of our students who had active experience under either one or the other.

JUNIOR Y. W. C. A.

What is your idea of an Ideal Girl? The Junior Y. W. C. A. girls have their Ideal Girl more distinctly in mind than ever before. Margaret Willis lead such an inspirational meeting on this subject that each one of us is trying to become an ideal girl. There is always a treat in store at Junior Y. W. C. A. Don't miss next Sunday.

Friendship is a subject many philosophers have chosen to write about. Friendship is one of the dearest things in life to us. The are of being a true friend ought to be cultivated by all. The Junior Y.W.C.A. had the opportunity of meeting at the House-in-the-Woods, where the spirit of friendship predominates, and hearing Miss Clemmie, everyone's friend, make a talk on "The Value of Friendship". The well-chosen songs and the prevailing air of friendship were so effective that no one could fail to feel better friends with the world, in general, and with each other especially.

Commercial Traveler—My love for you, my dear Louisa, exceeds anything that can be offered in that particular line.

only natural that we should feel proud of those who have worked so hard to make such a record for their school. And too, it is with the greatest of pleasure and sincere appreciation of the man himself, his unbounded enthusiasm, interst and stick-to-itiveness to whom we must express our gratitude for such success, namely, Professor Brittain.

CHAS. N. SHARP, JR. ADDRESSES THE MINISTERIAL ASSOCIATION

The subject of Mr. Sharp's address before the Association was "Increased Faith". He said, "we think we have trials that test our faith now, but those which will come in our life work will test us to the limit. Faith is increased by use, by waiting on God as our trust. Let us pray that our faith be increased, even as these disciples prayed."

A number of items of business were transacted, among which was the adoption of a constitution for the Association. The constitution was written by Mr. D. L. Beard, and the Association sincerely appreciates his splendid work.

If a fellow tries to kiss a woman and gets away with it, he's a man; if he tries to kiss her and don't get away with it, he's a brute; if he doesn't try to kiss her, but would get away with it if he tried, he's a coward; and if he doesn't try to kiss her and wouldn't get away with it if he tried, he's a wise man.

Kries-Keener Shoe Co.

208 Main Street, Maryville, Tenn. — 22 Market Square, Knoxville, Tenn.

Ed Keener Says: 25% discount on every new 2-strap Pumps, Oxfords, and Shoes. In this great Discount Sale nothing is reserved. No bear waltzing here, and anybody who has the money knows how to figure the discount of 25%, or 1-4 off of a $10 pump will make it $7.50 the pair. 1-4 off of an $8 Pump will leave $6.00, and so on. Last year we began our 25% discount in early May, 10 days later followed by the Prince of Merchants, Wanamaker, and in a few days followed by the merchnts in our city and throughout the country. Six months later Henry Ford make his big cut. One forethought is worth a thousand afterthoughts, therfore trim your wicks, fill your lamps on Friday and Saturday, just five weeks sooner than last year Ed Keener, shoeman, is bound to rouse the buying public by taking off 25%, or one-fourth, of his already lowest priced shoes in the city. Grey Satins and Suedes, Brown Satins and Suedes, Black Satins and Suedes.

ENGLISH PRIZE ESSAY

(Continued from page one)

for all the horrors it had undergone.

The author saw in his awakened mind this section he called the "Dividing Line" bathed in the most beautiful sunshine Heaven affords, guarded by the most wonderful mountains of this great continent clad in the never fading robe of natural beauty, threaded by a network of the silvery mountan streams. He felt the coolness of the breeze upon his cheek; he innaled the breath of the hills into his soul.

Then in contrast to all that was beautiful and lovely the great historian saw the same section as it had been during the Sixties. He saw Kentucky in her fight to remain neutral; he saw Tennessee send over her plains another army, no less daring, to fight for the flag of the South. He saw North Carolina as she, too, bent beneath the yoke of war and felt the keen sword of dissention hew her homes asunder. He saw life as it had been in the home when brother became brother's foe, when sister disdained sister's views, when mothers wept over their divided households, and when fathers paled at the thought of their combatting sons.

The careful writer studied these mental pictures a few minutes, then took a sheet of paper on whch he began, with much hesitancy and thought, a new chapter, a chapter on the Dividing Line. He arranged the introductory heading and the main theme subject then laid pen and paper aside as though he wished to consider a new proposition.

This proposition, though suddenly presented, was carefully thought out before the author left his desk and within two weeks time the great historian from the metropolis is in the heart of the mountains of East Tennessee for historical research work. As he wends his way through the rugged region he is dazed by the magnificent scenery about him. On his right the mountains loom high and majestic above the foothills that rise and fall on his left. A chattering brook leaps above over numerous falls, then crosses the path before him. Hedges of laurel and rhododendron glow on either side with delicate color, occasionally a bird gives a questioning note to his mate who answers from a neighboring tree top. Suddenly the traveller sees the boxlike structure of a mountain hut between him and the dusky background. He quickens his step, for already the sun has disappeared, and the glow beyond the zigzag horizon is fading to softer tints of color.

All was quiet within the little house; but the traveller's knock at the door brought a quick response from a little snowy headed woman and a great bearded man who bade the stranger welcome. The room which he entered was plain but clean. The high mantel piece over a huge fireplace displayed a large vase filled with mountain flowers. On either side of the room was a bed with patchwork covers and snowy pillows; these with three chairs, a great chest and a table composed the furniture. The floor was bare, so were the walls save in the rear where hung a large frame covered with white muslin which concealed the picture.

The little housewife soon slipped away and the clatter of dishes could be heard from the adjoining room. The old man was very congenial and surprisingly unabashed in the presence of his guest.

"Glad you come, Stranger", was the first remarks. "Hit's kinder lonesome in this country since the boys left, but I'm proud, so proud!" And without any preliminaries he plunged into the one subject of the neighborhood talk, the war.

"You see, Stranger", he said, "our boys couldn't be kept at home, hit's just in 'em that's the truth about it. It wuz in us before 'em, that's all I kin say. But this war's not like ours wuz in the Sixties. Nan will tell you about the kind o' times they had through here durin' that time. You see I wuz away in the Confederate Army but two brothers went to the union side. That's the way we wuz through here for this wuz the Dividin' Line. Nan stayed here and took time about at teachin' school an' helped her daddy farm. She had a brother in Lee's army, too, but he wuz killed just after he got back home."

At this moment the little woman announced supper. It was a very plain meal of corn pone, milk, and golden butter, but the tired pedestrian relished it with more enjoyment than any meal he had ever tasted in a New York restaurant.

"Nan", said the old man as he pushed back his plate, "you must tell this stranger your story of Sixty-five". The face of the historian beamed with delight, for it seemed miraculous that the information he sought was being given him by those unaware of his purpose in this visit.

"Well", the little wife began in a soft, clear voice, "it was in April after Sherman's march to the sea that mother, father and I were in the field just over yonder hill planting corn. Suddenly we heard a volley of guns and the sound of running horses in the thicket below us. In a few minutes the firing ceased and we heard nothing but the slow tramp of horses' feet. Soon we heard the gallop of the horses, and the voices of the men as they went away. We went to the thicket at once to see what had been done; and there we found a blue uniform hanging in a tree; just below this, on a pile of brush, lay the mangled body of a man, crushed from head to foot by horses' feet. Mother and I removed our aprons and wound them about the body, then helped Father carry it to the house where we could keep it safely until we could make a box and dig a grave. The Home Guards had done the wretched deed. They played havoc with the homes they pretended to protect and dealt savagely with the stranger who passed through this country."

"We could not find any name or address of the murdered man. All we could find was half a picture case which contained the picture of a union soldier, which we detected to be his own photograph. Doubtless the other side of the case had contained the picture of a wife or a sweetheart, but it was gone and we supposed the men who murdered him had taken it as a trophy.

"In spite of the fact that we did not know the man, we loved him in a way that I cannot explain. It was a peculiar love, all the stronger because he was a stranger. So we dressed the crushed body in the blue uniform and laid it in the pine coffin that Father had made, then we buried it in our church yard as tenderly as we could, for we knew that he was some mother's son, probably some wife's husband, probably some baby's father. This was the greatest tragedy we had known at that time, but hardly a week later my own brother, who had just come home from the Confederate Army, was killed by the same body of Home Guards in almost as cruel way as that in which the stranger had been killed. But it's too much—!" The little war heroine stopped short, as though she were come home from the Confederate overcome with emotion. Both men were speechless but a minute later the little woman gained control of herself and continued.

It might not have been right to do so, but we kept the little picture we found in the pocket of the murdered stranger—just because we loved him. And now since our own son, Roger, has grown up, he too, likes the picture and has had it enlarged with the picture of his murdered Confederate uncle. He calls them the "Blue and Gray" pictures. Come, I will show them to you."

The two men followed the speaker to the rear of the room where the guest had noticed the large vieled frame hanging on the wall.

"But since Roger has gone to France", explained the little mother, "we have slipped his picture under the glass with these, just because we thought it would please him."

As the little woman made these explanations she climbed on a chair and unveiled the large frame, while her husband held a lamp close that the stranger might see. As the muslin was removed and two faces, one above a bust of blue, the other above a bust of gray, stared into the face of Alfred Elliot he gasped in spite of his practiced self-control. He searched in vain for words until he particularly noticed the little khaki clad figure as it stood in the center of the lower edges of the blue and gray busts.

"How appropriate", he said in a voice that concealed his surprise, "that the Blue and the Gray should be sealed by the youth of this generation!"

"Yes thank, God, the Divide is sealed!" said the brave mother. "It is sealed by the blood of our Dead, and our Living will die to seal the divisions of the world!"

The learned historian noted these remarkable words of this little mountain woman, and fastened them well in mind before he spoke.

"did you say it was in April after

"But tell me again", he said, Sherman's march to the sea, that this tragedy took place?"

"Exactly", was the answer.

The stranger remembered well the record he had obtained from the War Department, showing the discharge given to his missing father on April 3, 1865, at Chattanooga, Tennessee. He took a little silver case from his vest pocket and unfolded it to compare the face with that above the blue bust on the wall. Line for line proved identical.

"My God!" he exclaimed in a tone of reverence, "It is my father!" And he held the little picture before the astonished couple.

"It is!" they assented in one voice. "Why Stranger—!"

"Don't", he said, "I am no stranger, since you have been a friend of my father so long. But how could you, since you were Confederates?"

"Because we were in the Dividing Line", the little woman answered, 'and here friend and foe were alike. But we lovd this man because we knew that he had no relatives near, yes, we *loved him*."

On Armistice Day of 1920, Alfred Elliot stood beside the graves of the two victims of the Dividing Line. In his hand he held the new history, a work of his own pen. Rogen Allen, the returned soldier of the old couple, stood at the right of the historian, and at the son's right stood the parents. The heads of the little company were bowed while the old soldier in gray offered a prayer. Then as Roger Allen lifted the American flag from the monument erected by Alfred Elliot at these two graves, the little woman could not see through her tears the engraving of her own words upon the marble, but she heard them as the great historian read them from the conclusion of the chapter on the Dividing Line:

"The Divide is sealed! It is sealed by the blood of our Dead, and our Living will die to seal the divisions of the world!"

Bertha M. Russell, '24.

Two negroes in a heated argument on the street began:

First Negro—I'm gonna come up an' knock yo' block off.

Second Negro—Piggly-Wiggly.

First Negro—What for do you say Piggly-Wiggly?

Second Negro—Jes' step right up and help yo' self.

THETAS HONOR SENIOR GIRLS

All of us know that we are leaving for home soon, but the Theta girls had this fact impressed very clearly last Saturday night at the program given in honor of the Senior girls. The program was presented with Senior repesentitives on the platform. Stella McCall as Claire McMurray was the chairman for the evening and introduced to us Alice Johnson as Elsie Dawson, Margaret Newell as Mildred Striplin, "Peg" Huston as Jessie Johnson, Dixie Lewis in the role of Lucile Carter, Florence Beecham as Helen Horton, and Thelma Adair in the part of Troy Haddox.

The class prophecy was given by Elsie Dawson and although the Seniors may have been a little surprised to learn their fate, they realize that the future ever holds the unexpected. Lucile Carter read the history of the class and called to our minds just what a "peppy" class this is that is leaving us this year. The class poem as rendered by Helen Horton was excellent and thoroughly enjoyed. Although coming toward the latter part of the program the class-will given by Claire McMurray was of especial interest to all present.

As it is customary to present gifts to the departing Seniors, Peg Huston as the giftorian showed them how well their likes and dislikes have been observed as she presented to each an appropriate gift.

While Theta shall miss these girls keenly next year, still we are anxious for them to prove the future and know that success and happiness awaits them.

After the program election of officers was held and the following girls were elected to carry on the Theta work when they return in the fall.

President - - - Nnanette Walker
Secretary - - - - Janet Ensign
Treasurer - - - Blanche Lowry
Program Secy. - Julia Anderson
Editor - - - - Margaret Huston

BAINONIAN

Did you ever sit on the sofa and look at the family album? It was not very thrilling, was it? But it would have been if Ichabod Crane, Little Boy Blue, John Anderson My Jo John, and the famous Barefoot Boy. had been in with some other celebritis, and all mixed up with the pictures of Uncle Jim and Great Grandmother Elizabeth. All of the pictures were accompanied by some poetry. After the Album had been explored we were entertained by Annie Mae Holland who played a piano solo.

The Tatler, by Lynn Russell was a funny paper of jokes and exciting happenings about Bainonians.

The last thing on the program was—can you imagine? We won't say what it was because we could not. Suffice it to say that it was good in spite of our lack of imagination.

An unusually good program was given in Bainonian Saturday night. There was a missionary barrel full of queer contraptions and hearty laughs at the expense of the members.

The program:

Piano Solo - - Marian Kincaid
Vocal Solo - - Anna Mae Holland
Missionary barrel which the society is going to send ten years from now.
Whistling Duet - Felice Morgan and Elizabeth Moore
Piano Solo - - - Lois Franklin

All Bainonians should try to have the very best meeting of the year next Saturday night. Tip—everybody help!

ALPHA SIGMA

The program Saturday night was one of unusual interest, and it was well received by a large and enthusiastic audience. It was as follows:

"The Progress of Civilization" - - - - - - Oscar Stanton
"Some Facts About Persia" - - - - - - - John Daniels
Vocal Duet - - - Lange and Poe
Alpha Sigma Advance - Wm. Cox
Debate—Resolved that moonshiners should be required to maintain a four foot distance between the two. Affirmative, Ben Montgomery; Negative, Gene Stanbery.
Piano Solo - - - - Phil Sheffey

The next meeting will be devoted to the election of officers and presentation of diplomas.

JUNIOR ALPHA SIGMA

Out of the best programs of the year was rendered at the last meeting of the Junior Alphas. The meeting was opened with prayer by Mr. Karrick, then several short talks were given on various subjects of interest.

The election of officers for the coming year followed. The following were elected:

Burson, President; Hennigan, Vice-President; Patrich, Secretary; Smith, Treasurer; Gray, Program Secretary; Nichols, Critic; Huffman, Editor; Delozier, Sergeant-at-Arms; Leach, Janitor.

FIELD DAY TROPHIES PRESENTED

McGinley won the loving cup and was accredited with breaking the College record for high hurdles. George Howell came next with the honor of breaking the College record for the two mile run. Milling received a medal for winning the pole vault. Reed Rowan copped two medals for his jumping and Beck took the half mile run medal. Nagle won next to the largest number of points and came in for his share of the medals for his work on field day.

Only six men were winners in this field day event, but next year should see sixteen medals to as many different men. It can be, and why not make it be?

PALACE PROGRAM

FRIDAY, MAY 27

THE KENTUCKIANS by John Fox, Jr. A romance of feud in the Blue Ridge hills and of love in the blue grass capital. Also a Toonerville Comedy.

SATURDAY, MAY 28

William S. Hart in THE TESTING BLOCK. Also Son of Tarzan.

MONDAY, MAY 29

THE WITCHING HOUR with Elliot Dexter. A William D. Taylor production.

TUESDAY, MAY 31

Justine Johnson in A PLAYTHING OF BROADWAY. A drama of the upper world, under world, riches and poverty. Also A Torchy comedy.

WEDNESDAY, JUNE 1

Ethel Clayton in THE PRICE OF POSSESSION. Beauty, love, luxury and adventure, and a trail of romance blazing half around the world.

THURSDAY, JUNE 2

Fatty Arbuckle in BREWSTER'S MILLIONS.

FRIDAY, JUNE 3

Harold Lloyd in GET OUT AND GET UNDER. And THE GREAT DAY with an all-star cast.

Plan for Your Vacation Now

The delights of a summer's vacation are as much in one's assurance of pretty wear as they are in the joys of Summer Weather. And like a perfect summer day, the true pleasure of one's wear is to have the feeling of harmony and tasteful selecton which is always possible where the modes are as typical of the season's most notable styles as the apparel itself is personally becoming. This is the comination which awaits your satisfaction in our present offerings of Summer Wear.

The Highland Echo

VOLUME SIX | MARYVILLE, TENNESSEE, JUNE 8, 1921 | NUMBER THIRTY

$50,000 CAMPAIGN IS ON FOR MARYVILLE!

This Plan if the Campus Shows the Maryville of Our Dreams. Note the Position of the Athletic Field and of the Gymnasium Extension.

$50,000 FUND BY ALUMNI FOR ATHLETICS

Launched by Alumni and Former Students. Campaign to be Completed This Summer.

One year ago, at their annual meeting, the Alumni took steps to organize themselves for more effective and intelligent service for the College. During the winter, suggestions came from various sources that the specific task of the former students of Maryville might be to undertake providing more adequate athletic facilities for their Alma Mater.

Mr. John F. Tracy '01, of New York City, who is to deliver the annual commencement address this year, was one of the first to suggest the thought, if, indeed he was not the first. Others have added suggestions, and offered ideas until at present, the Movement is on the verge of being launched as an active campaign for funds.

Throughout the year, the columns of the Highland Echo have been open to the discussion of the Movement and all courtesy and accomodation has been offered at all times by the Editor and Business Manager.

Great interest has been manifested by all who have heard of the Movement. Scores of enthusiastic letters have been received and nothing but encouragement and the old time Maryville Spirit has been manifested.

PLANS ARE PROVIDED

The drawings which appear in this issue of the Highland Echo are prepared by Messrs. R. F. Graf and Son, of Knoxville. The drawings show the floor plan of the gymnasium aftr the proposed extension is completed; the ground plan of the proposed athletic field which includes football gridiron, baseball diamond, and running track; and the large sketch of the entire campus shows the plan of the campus which makes clear the relation of these improvements to the present buildings and grounds. At the same time this large sketch shows most satisfactorily the plan of the new roads and improved landscape features of the campus which ar soon to be laid down.

These drawings of the field and the gymnasium are, of course, by no means, final but they are at least first drafts of improvemnts which will help put Old M. C. out in front among the colleges and universities of the South.

ACTION OF THE EXECUTIVE COMMITTEE

(The action of the Executive Committee given below is in the form of recommendations to the Alumni and Former Students to be acted on at the annual Alumni Banquet on Thursday, June 9.)

Whereas, we, the Executive Committee of the Maryville College Alumni Association, realize the importance of an adequate athletic program for the College; and whereas, we are convinced that the needs of the College require that the present gymnasium be enlarged, and that an adequate athletic field be provided:

Therefore, resolved, that we pres-

(Continued on page five)

THE TIME HAS COME FOR REAL ACTION

The Program of the Alumni and Former Students' Athletic Fund Movement has come to the point of active beginning. There is no time for delay, nor, indeed, is there reason for delay. Maryville deserves adequate athletic equipment and there is no one channel through which it can so appropriately come as through the individual interest and personal contribution of each alumnus and former student.

It would be a gracious thing and, indeed, a very timely thing if some one person should give $50,000 for the needed athletic improvements but, after all, it would be in another sense a regrettable thing for it would deprive hundreds of alumni and former students of the great privilege of having each a part in the provision of a greatly needed addition to the old College which will, through all the future stand as a monument to the loyalty of the sons and daughters of Old Maryville. Do we want anyone else to do it? This, it seems to us, is our call and now, in some other way than mere lip loyalty, we have our chance to serve Alma Mater.

The Executive Committee of the Alumni Association has authorized the campaign for $50,000, to be known as the Alumni and Former Students' Athletic Fund, to begin at once and to be brought to a conclusion this summer. It will be a whirlwind drive but why should it require more than three months to complete the fund? At the earliest possible moment work should begin on the extension of the gymnasium and the grading and preparation of the athletic field. It may be necessary to stage one more basketball

(Continued on page five)

THE CAMPAIGN IS FOR ALL MARYVILLIANS

From all who have replied to the correspondence sent out in regard to the Movement for increased athletic facilities for Maryville College has come the heartiest commendation of the project. Letters have had such endings as follow: "I want to do my part when the time comes", "Count on me for my little stitch when the time comes", "I want to do my share toward the movement", "Don't fail to call on me".

That is the old Maryville Spirit, and that is the spirit that will carry the movement to victory.

But What Is My Part? That is a proper and practical question. Unless each alumnus and formed Maryvillian asks that question and answers it fairly and honestly one of two things will happen: the movement will fall short of success, or some one will have to do more than his share. Neither of those things can afford to happen.

What Is My Part? It is a well recognized fact that hundreds of Maryville's sons and daughters are out in life serving at a sacrifice in work of altruistic service, receiving a minimum compensation for a maximum effort. Others have met life just as worthily but have been prospered in much greater measure. Perhaps both classes will welcome a suggestion as to what seems a fair approportionment. The entire fund is to be collected within four years and those who desire, may pay contributions in four annual installments.

Again, *What Is My Part?* In general terms your part is what your circumstances permit you to

(Continued on page five)

CATECHISM FOR MARYVILLE ALUMNI

Question 1: What is the Alumni and Former Students' Athletic Fund?

Answer: The Alumni and Former Students' Athletic Fund is a fund to provide a modern gymnasium and athletic field for Maryville College.

Question 2: Does Maryville College need these improvements?

Answer: Maryville College is in great need of these improvements for her present gymnasium floor is too small, her locker room is entirely unsatisfactory, her baseball field is uneven, and her football field is not provided with any sort of conveniences for spectators.

Question 3: What is to be the amount of the fund?

Answer: The amount of the fund is to be $50,000.

Question 4: Will $50,000 provide the desired improvements?

Answer: It is the belief of those who have gone over the ground carefully, and are in a position to know, that $50,000 will be sufficient to provide a modern gymnasium modernly equipped and a spacious athletic field with football gridiron, baseball diamond, running track, and ample accommodations for spectators.

Question 5: Whom will this benefit?

Answer: It will benefit those who are now in attendance at Maryville College and who will attend in the future, because it will provide them with adequate and modern facilities for physical development and for the enjoyment of athletic contests. It will benefit all who have ever in the past, attended Maryville College because

We solicit contributions, suggestions, criticisms, and expressions of opinion from readers of the Echo

We're not journalists, yet. We may not be journalists even by next June. In fact we entertain serious doubts as to our being journalists at any time. We are even ignorant of what journalists should be. Yet, nominally, we are journalists. At least we are responsible for your weekly paper. Your weekly paper, with emphasis on "your". Of course, a sense of propriety might, and no doubt does, cause us to call it your paper, but it is yours, in a truer sense than it has ever been before. Heretofore the circulation list has contained only the names of those individuals who were sufficiently wealthy, benevolent, or extravagant to willfully and with malice aforethought subscribe for the paper. Henceforth, the list will be practically identical with the roster of the school. One may evade the subscription list only by vading Professor Proffitt's corps of skilled coin extractors. We consider, as President Lincoln did with regard to two hats, that the Echo management and the student body "mutually excell each other" in the garnering of the harvests coming from the Student Activities Fee. The Echo reaches a far greater number of students than it has ever reached before, and by this increased circulation the paper is guaranteed an abundance of contributors and far greater stability. The students gain, by this widened scope, an organ which conveys material of common interest, and conveys it to each student, and which serves as a sort of bond which holds our Hill community together.

We are highly elated concerning the prospects for next year's Echo and we are 'expecting each man to do his duty" for his paper. Our inexperience will, no doubt, cause us to fall into error many times, but we assure you that our intentions are in absolutely first class condition and that we are determined to keep them from serving the purpose which is generally supposd to be served by good intenions. Quite naturally, as every preceding management has done, we assert our desire to treat every individual an every organization fairly. We intend to distribute the space in our columns with absolute impartiality, "cutting" no copy to obtain space for other copy which has no rightful claim to that space. Nothing of the element of personal criticism shall enter any issue either in athletic reports or in any other copy. The Echo is not a medium through which one may dleiver revengeful thrusts at another. Nor is it an organ by means of which flattery may be inflicted upon the gentle and unknowing public. In other words, we intend to affix ourselves to "the whole truth" and to remain adhered thereunto as long as the thing lasts, regarding athletics, organizations and every thing else which may come to the Echo for publication. The slogan of the Echo is "For a Bigger and Better Maryville". Are you "on"?

* * * * *

Forgetting for a moment your preference for different bindings, for three hundred pages, for differently colored ink, what do you think of the 1921 Chilhowean? The members of the staff are still weak from the shock resulting from the realization that, in spite of bone-heads, tough luck, and printer's strikes the thing "came out" any how.

DR. FRANCISCO ADDRESSES Y. M. C. A.

The closing address of the year was given before the Y.M.C.A. on last Sunday by Dr. Francisco. Choosing for his theme "Men as non-church goers" the speaker brought forth some alarming facts as to religious tendencies among men. The solution to this problem is to be found in bringing the church into a more direct relationship with the men, that is, more personal work among men.

REMARKABLE MAN IN COLLEGE GLEE CLUB

Macalester College Glee Club has as a soloist Joe Kaufman, the first man known to sing a male trio alone and unaided. Mr. Kaufman has, in some way, separated and controlled tenor, bass, and baritone parts and he sings them simultaneously. He is able to produce and control three distinct overtones.

University of Cincinnati Launches Campaign Similar to Maryville's

Final permission has been granted by the directors of the University of Cincinnati for a campaign for a stadium for the institution. The amount sought is $250,000 and the campaign will be launched during the coming football season.

BATES—WHY NOT MARYVILLE?

The following article was taken from a recent issue of a Knoxville paper and to us it means much food for thought. Think for a bit upon the records which Maryville's teams have made for the past few years and see if you can make any thing akin to prophecy out of this Bates College debating team.

NOT HARVARD, BUT BATES

Small Baptist Institution Wins Laurels in Debate

The excellence in debate of Bates College, a small Baptist institution in Lewiston, Maine, has long attracted attention. Repeatedly, its teams have defeated the representatives of the Eastern colleges, including Yale and Harvard, and the other leading colleges.

This thing has been going on for some years and is now at a point where the issue becomes international. Oxford University has challenged Bates to a joint debate, the date June 16.

If that isn't a story that makes the tale of the ugly duckling uneventful, we have no sense of the dramatic.

Here is the seat of British culture, the last ditch of intellectual prestige and command forced to recognize the existence of a modest college, the existence of which many Americans are not cognizant—Oxford challenging to a competition in the realm of mind, not the proud university of Boston or New Haven or Columbia, of the millions-fostered centers of the Middle West, but Bates, little Bates.

It is one of the prettiest incidents of the century.

WEDDING OF INTEREST TO MARYVILLIANS

Mr. and Mrs. Wilburn W. Lucas
invite you to be present
at the marriage reception of their
daughter
Mabel
and
Mr. Moody A. Nicholson
on June the first
nineteen hundred and twenty-one
three to five o'clock
Shawnee, Oklahoma

A bountiful reward and the undying praise of a grateful and appreciative public await the individual who brings deliverance from the scourge of memory book and annual signing, which comes "about this time o' year."

* * * * *

Strange, isn't it? One actually feels a bit depressed when he thinks of leaving the old place. We're just wondering what sort of school we would have if we were seized with this sudden affection about nine months earlier each year.

* * * * *

Missionary—Why do you stare at me so?

Cannibal—I'm the food inspector.

What Makes the Firefly Glow?

YOU can hold a firefly in your hand; you can boil water with an electric lamp. Nature long ago evolved the "cold light." The firefly, according to Ives and Coblentz, radiates ninety-six percent light and only four percent heat. Man's best lamp radiates more than ninety percent heat.

An English physicist once said that if we knew the firefly's secret, a boy turning a crank could light up a whole street. Great as is the advance in lighting that has been made through research within the last twenty years, man wastes far too much energy in obtaining light.

This problem of the "cold light" cannot be solved merely by trying to improve existing power-generating machinery and existing lamps. We should still be burning candles if chemists and physicists had confined their researches to the improvement of materials and methods for making candles.

For these reasons, the Research Laboratories of the General Electric Company are not limited in the scope of their investigations. Research consists in framing questions of the right kind and in finding the answers, no matter where they may lead.

What makes the firefly glow? How does a firefly's light differ in color from that of an electric arc, and why? The answers to such questions may or may not be of practical value, but of this we may be sure—it is by dovetailing the results of "theoretical" investigations along many widely separated lines that we arrive at most of our modern "practical" discoveries.

What will be the light of the future? Will it be like that of the firefly or like that of the dial on a luminous watch? Will it be produced in a lamp at present undreamed of, or will it come from something resembling our present incandescent lamp? The answers to these questions will depend much more upon the results of research in pure science than upon strictly commercial research.

MARYVILLE PLAYERS AT WILDWOOD

On Thursday evening, May 26, 1921, the Maryville College Players presented a very successful program at Wildwood. It consisted of three one-act plays, "In Days of Old", a little sketch of Grandmother's Yesterday; 'When Silence Was Golden", the popular comedy with which they have delighted several audiences; and "A Flower of Yeddo", a charming play of love in a Japanese garden. Between acts Mr. J. Alvin Keen gave several violin and vocal numbers in his usual asistic manner. He was accompanied by Miss Ruth McMurray, who afterwards played a piano solo very beautifully. This trip marks the close of the Maryville College Players' first season, in which this new organization has appeared in numerous plays at Maryville and other towns, with the success that is characteristic of anything that is undertaken by their efficient coach, Miss Irene Bewley. For the Players, the year has been enjoyable as well as profitable for they have learned (along with many other things) to combine business and pleasure to just such a degree of perfection as is found in Miss Bewley.

MR. MINARIK WINS FRENCH MEDAL

Last Saturday the Athenian Literary Society met to witness one of the hottest contests held in years. The contest was for the honor of being declared the champion in oratory and incidentally for a beautiful medal which is awarded the victor by Mr. French. Mr. French is a Maryville alumnus who has a prospering business in Albuquerque, New Mexico. He visited the College during the Centennial Commencement—when he made provision for this French Medal Contest. The contest this year was indeed a creditable one and one of which Mr. French certainly would have been proud had he had the privilege of hearing it. The French Medal certainly has been a great success in stimulating activity in Old Athenian. It has added to the interest in literary work, especially in Oratory, and the society is very much indebted to Mr. French for this great asset. But we feel sure that he would be duly proud and would feel amply repaid if he could only see the results which it has netted his old society in better qualified and deeper men. The meeting was opened with prayer by Dr. McMurray, one of the judges of the contest. The society was then favored by a violin duet by Mr. Friedman and Mr. Johnston after which Mr. Hydenburk rendered a beautiful piano solo.

Then came the French Medal Contest. The contestants were Mr. Beard and Mr. Minarik. Mr. Minarik's subject was "Theodore Roosevelt." He very ably pictured to us this great American; a man among men and inspired in all of us that ambition of service, justice and bravery. Mr. Minarik's work was indeed a credit to himself and something that will make Old Athenian proud of his membership.

Mr. Beard, the second contestant used as his subject "The Conservation of American Manhood". As Mr. Beard proceeded with his oration his audience forgot that they were listening to a contest as he drew their minds so completely into the spirit of the message. Mr. Beard's final bit of service to Old Athenian was one of which she is justly proud. This is Mr. Beard's Senior year and though he goes out now into new fields yet the thought of this last message to his fellow Athenians will live in their minds forever. "'God give us men'". We were fortunate in having as our judges Dr. McMurray, Professor Ellis and Professor Davis. The decision of the judges announced Mr. Minarik as winner of the contest. Mr. Hydenburk concluded the literary side of the program with a piano solo.

A motion was made and carried in favor of granting the Senior members of the society diplomas. A committee was appointed to provide these. A motion for adjournment was made and carried. Profeseor Ellis closed the meeting with a short prayer.

"Is this the hosiery department?" said a voice over the phone.

"Yes", replied the weary saleslady.

"Have you any flesh-colored stockings in stock?" said the voice.

"Yes", replied the weary saleslady. "Whaddy ya want—pink, yellow, or black?"

There was a young person named Willy
Whose actions were what you'd call silly,
He went to a ball,
Dressed in nothing at all,
Pretending to represent Chili.

ATHENIANS ELECT OFFICERS

A meeting of the Athenian Literary Society was called Thursday evening, June 2. The meeting was called to order by the President, Young Hayes. The opening prayer was offered by Roy Buffat. Then the election of officers for the following year was made: President, Thomas B. Vance; Vice president, R. A. N. Wilson; Recording Secretary, LeRoy Herndon; Program Secretary, Frank Minarik; Critics, Verton Queener, R. S. Buffat; Treasurer, Lawrence Crawford; Editor, Leslie Jones; Sargeant-at-Arms, Charles Watham.

The report of the Secretary was then given, and the meeting was adjourned. We are sure that the work of the Athenian Literary Society will be a great success for the following year; first, because of the competent officers, second, because the members of this society are going to support these officers by their loyalty to the society. Let's go! Athenians! and make our society the best society on the Hill.

INDIANA CHURCH PAPER PUBLISHES ARTICLE ON M. C.

A recent issue of the newspaper of Oak Hill Church, Evansville, Indiana, contains a bird's-eye view of the college campus and a half page of letter press about the College. Matilda Shafer, of the Freshman Class, comes from Evansville.

Among other pleasant things, the article says: "Dr. S. T. Wilson, who is now the president, has been connected with the College since 1873. Under his leadership the school has grown until today there are 931 students. It has a campus of 250 acres. Students can secure an education at Maryville with less capital than at any similar institution we know, and opportunities for self help are abundant. With the doors of such a college open the only prerequisite for an education is the leave and was having a hard time will to do."

SURVEY SENTENCES FOR FEMININE FACING

India has 27,000,000 child widows,—do I think them out of my reach?

There are 27,000,000 children in the United States not in Sunday School,—do any of them live on my street?

Some 20,000 missionaries must be sent out in the next five years,—could my talents and training count?

United States has spent $25,000 for every Indian killed in Indian wars;—is spending $1 per Indian per year for education,—how much of that $1 do I give?

Protestant religious instruction of children averages 24 hours per year; Catholic 200 hours per year; Jewish 250 hours per year,—what proportion of that 24 hours do I give?

Three-fourths of the women of the world can not read nor write,—what am I doing for the other three in my squad?

Our sisters in Mexico say: "Take the news of conditions in Mexico to the Christian women of America,—they will do the rest",—do I deserve such a tribute as that from Mexico?

Yearly in the United States. 260,000 babies die of preventable diseases,—what is that to me?

Over 24,000 is Dr. Mary Stone's record for patients in one year, and she is a smaller woman than most of us,—am I working out of proportion to *my* size?

Union Colleges for Women in the Orient now number 6,—do I have a personal interest in any one of them?

A MODEL LOVE LETTER

My Dearest One:

Every time I think of you my heart flops up and down like a churn-dasher. Sensations of exquisite joy caper over it like young goats on a stable roof, and thrill through it like Spanish needles through a pair of tow linen trousers.

As a goosling swimmeth with delight in a mud-puddle, so swim I in a sea of glory. Visions of ecstatic rapture thicker than the hairs of a blacking brush and brighter than the hues of a humming bird's pinions visit me in my slumbers, and, borne on their invisible wings, your image stands before me and I reach out to grasp it like a pointer snapping at a blue-bottle fly.

When first I beheld your angelic perfections I was bewildered, and my brain whirled around like a bumble-bee under a glass tumbler. My eyes stood open like a cellar door in a country town, and I lifted up my ears to catch the silvery accents of your voice. My tongue refused to wag, and in silent adoration I drank in the sweet infection of love as a thirsty man swalloweth a tumbler of hot whisky punch.

Since the light of your face fell upon my life I sometimes feel as if I could lift myself up by the bootstraps to the top of the church steeple and pull the bell rope for the singing school. Day and night you are in my thoughts. When aurora, blushing like a bride, rises from her saffron-colored couch; when the jay bird pipes his tuneful lay in the apple tree down by the spring house; when the chanticleer's shrill clarion heralds the coming morn; when the awaking pig ariseth from his bed and grunteth and goeth forth for this morning refreshments; when the drowsy beetle wheels his droning flight at sultry noontide, and the lowing herds come home at milking time, I think of thee. And like a piece of gum-elastic my heart seems stretched clear across my bosom. Your hair is like the mane of a sorrel horse powdered with gold, and the brass pins skewered through your hair fill me with awe. Your forehead is as smooth as the elbow of an old coat. Your eyes are glorious to behold. In their liquid depths I see legions of little cupids bathing like a cohort of ants in an old army cracker. When their fire hit me upon my manly breast it penetrated my whole anatomy as a load of bird-shot through a rotten apple. Your nose is from a chunk of Parian marble and your mouth is puckered with sweetness. Nectar lingers on your lips like honey on a bear's paw. Myriads of unfledged kisses are there ready to fly out and light somewhere like blue birds out of their parents' nests.

Your laugh rings in my ears like the wind-harp's strain, or the bleat of a stray lamb on a bleak hill side. The dimples on your cheeks are like bowers on beds of roses, or hollows in cakes of home-made sugar. I'm dying to fly to thy presence and pour out the burning eloquence of my love as a thrifty housekeeper pours out coffee. Away from you I am as melancholy as a sick rat.

Sometimes I can hear the June Bugs of despondency buzzing in my ears and can feel the cold lizard of despair crawling down my back. Uncouth fears like a million minnows nibble at my spirits and my soul is pierced with doubts as an old cheese is bored with skippers.

You are fairer than a speckled pullet, sweeter than a yankee doughnut fried in sorgum molasses, brighter than a top knot plumage on a muscovey duck.

You are candy, kisses, raisins, poundcake, and sweetened toddy all together.

If these remarks will enable you to see the inside of my soul, and to win your affections I shall be as happy as a cherry tree on a stag horse in a green pasture.

If you cannot reciprocate my thrilling passion I will pine away like a poisoned bed bug and fall away from a flourishing vine of life, an untimely branch. And in the coming years when the shadows grow from the hills and the philosophical frog sings his cheerful evening hymns, you, happy in another's love, can come and drop a tear—and then catch a cold upon the last resting place of—

Yours affectionately,

TERRIBLE

He put his arms around her
And pressed her to his heart;
They heard her dress a-ripping
But she knew the mending art.
She didn't care!

He drew her even closer;
The beads she wore he broke,
But she smiled at him divinely
An thought it was a joke.
She didn't care!

Our new sprng shoes and slippers are in. We invite your inspection. Latest styles and prces. They make their own friends.

MARYVILLE COLLEGE PEERLESS FOUR

YOUNG HAYES, ROLL IN MARQUIS, PERCY BUCHANAN, ROBERT KING

Throughout the entire year no organization on the Hill has afforded the students so much pleasure as the Men's Quartet. Repeatedly they have entertained at Chapel exercises, at recitals and at debates and their selections have always been excellent and have been received with much pleasure by the students. The men deserve much commendation for their effort and art, and their director, Miss Gregg, of the Music Department, is also entitled to great praise for the efficient training which she has given the men.

It is with just pride that Maryville regards her College Band as one of her greatest musical assets. Through their untiring zeal and practice these men have acquired a degree of perfection which is unusual in an amateur organization. They have played on numerous occasions, their last appearance being on Anderson Lawn in an open air concert and the student body is anticipating more enjoyable affair for the coming year. Some of the members of the band have had experience in other bands but in the main, their success hinges upon their practice together under the able leadership of Mr. Bannister.

SYRIAN PRINCESS TO BE GUEST OF MARYVILLE

To Lecture Sunday and Wednesday Nights, June 12 and 15 at First Baptist Church

Descended of a long line of princesses of ancient Syria, proud of her pure Samilic race, daughter of the people who spoke the ancient Syriaco f Bible days, Princess Rahme Haider, native of Damascus and scion of the old Syrian royalty comes to Maryville on Sunday and Wednesday, June 12 and 15, in her famous lectures on her native home the Holyland.

Sunday night at the First Baptist Church, she will choose as her subject "Under Syrian Stars" telling in her own charming Oriental manner of life in a country that has gone on pretty much the same as it did some 2,000 years ago.

Due to the Chautauqua on Monday and Tuesday nights, the Princess has agreed to remain and on Wednesday night will present perhaps her most noted address, a drama based upon the Bibilical story "Naaman, the Leper". In this she is bringing before the American people, the story as it was enacted centuries ago when Naaman, in all his pomp and glory was stricken with leprosy and of his healing by the Prophet Elisha in the land of Israel.

At the foot of Mt. Lebanon lies the Princess Haider's birthplace—Baalbek, the ancient city of the Baals. She has ben educated in both eastern and western schools and while she has enjoyed the highest education for women in America she remains intensely Oriental.

She will appear in her regal robes in which red, gold and a wonderful blue are the predominating colors. The blue— royal Damacus— outrivals the gold for lrst place and its sheen is enhanced by the sparkle of gems. Mlle. Lucille Burgess, accompanies the Princess and will present the Oriental music both Syrian and Egyptian.

An elderly examiner was putting a young student through his paces. "Supposing," he began, "there was a gunpowder explosion and a man was blown into the air. You as the nearest doctor, being called in, what would you do?"

"Wait for him to come down again", was the prompt reply.

"I suppose you have been in the Navy so long you're accustomed thoroughly to sea-legs", she suggested.

"I wasn't looking at 'em at all", he blurted, blushing.

He gained new courage then
And gave her one long kiss;
She answered with her ruby lips—
He might do even this.
She didn't care!

At last when he released her
With a long-drawn, eager sigh,
His buttons caught her hair-net
And she uttered forth a cry.
She didn't care? ?
"You've torn my hair-net all to smash—
Leave my sight forever."
He left and ever after knew,
Altho' he saw her never,
That—she did care! —*Anon*

ONE EDITOR IN HEAVEN ANYWAY

"There is one editor in heaven. How he got there is not positively known, but is conjectured he passed himself off for a minister and dropped in unsuspectedly. When the dodge was discovered they searched the realm of felicity all their length and breadth for a lawyer to draw up the necessary papers to ejection but they couldn't find one, so of course the editor holds the fort."—Ex.

The foregoing was taken from another paper so we do not know where the writer secured his information, but since ALL editors are "honorable men" we assume that the statement about lawyers is correct.

Maryville College

1819-1920

Rev. Samuel Tyndale Wilson, D. D., LL. D., President

I. ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and one years. Thousands of its former students are scattered over the world.

II. ITS PRESENT. Its enrollment in 1919 was 1003—445 young men and 550 young women—of whom 452 were collegians. 666 students from Tennessee, and 337 from 38 other states and countries. Its teaching force consists of 71 professors and assistants.

III. ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Swimming Pool; waterworks sewerage, steam heat and electric lights. The campus contains 250 acres.

IV. ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V. ITS OTHER DEPARTMENTS. 1. Preparatory. 2 Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI. ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII. ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in room, $30. to $48. a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

THE TIME HAS COME FOR REAL ACTION

(Continued from page one)

season on the present floor but it ought not be necessary to stage a second season there. We may have to play one more football schedule through on the old gridiron but surely only one more. And is it too much to hope that next spring we may possibly be able to trot our baseball team out onto a new diamond to the rhythmic cadences of How-ee-How and Let's Go Maryville from new grand stand and bleachers? These consummations, all devoutly to be wished, can only come as a result of prompt, liberal, loyal action from all.

Professor Horace E. Orr '12 is to be the manager of the campaign. All alumni know how capably Professor Orr has been conducting the work of his office as Corresponding Secretary of the Alumni Association, and former students who are not alumni will recognize in Professer Orr a man well fitted to the task of conducting this campaign. Although he is a very busy College Professor, teaching seven courses throughout the year to large classes, he has given unparingly of his time, and effort, and initiative to the preparation for the launching of this movement.

Can there be any doubt that this is the time for all good Alumni and Former Students to come to the aid of Old Maryville?

THE CAMPAIGN IS FOR ALL MARYVILLIANS

(Continued from page one)

give. But to be specific: All subscriptions, in whatever amount, will be gladly received but it is believed that, if everyone who is interested in the success of the movement, would agree to pay the small sum of $25 a year, for a period of four years, the goal of $50,000 would be assured. Undoubtedly there are many who will subscribe much more than that and from their contributions will come enough to make up for those who are unable to contribute $25 a year.

My part then, is what my circumstances will permit, but I ought to give at least $25 a year for four years if I possibly can, for that much from every one means victory for the campaign.

ACTION OF THE EXECUTIVE COMMITTEE

(Continued from page one)

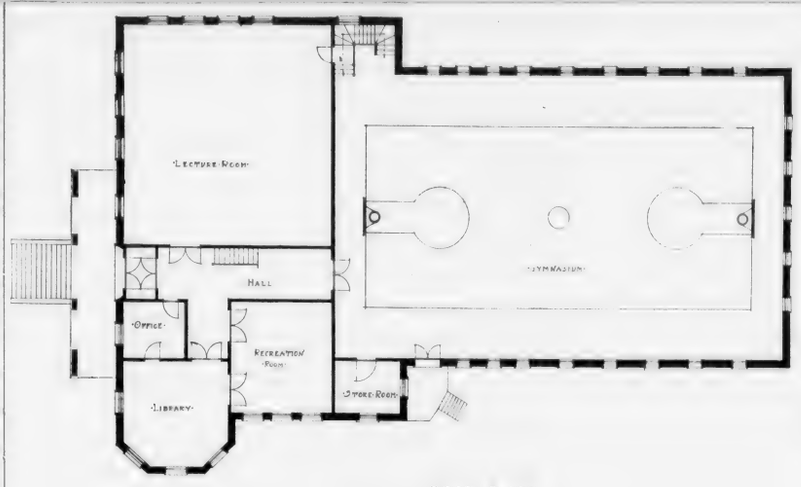
ent the following recommendations to the Association at its meeting on June 9, 1921.

I. We recommend that a campaign be carried on among the alumni and former students of Maryville College for the purpose of raising a fund of $50,000 to provide an athletic field and to enlarge and equip the present gymnasium.

II. We recommend that this fund be known as the Alumni and Former Students' Athletic Fund, and that those in charge of the campaign to raise the fund be authorized to solicit subscriptions from alumni and former students and friends of Maryville College to the amount named in the first resolution, that is, $50,000.

III. We recommend that those in charge be instructed to accept subscriptions made payable at such time, or times, as shall be most convenient to the donors; with the exception that all subscriptions shall be due and payable on or before July 1, 1925.

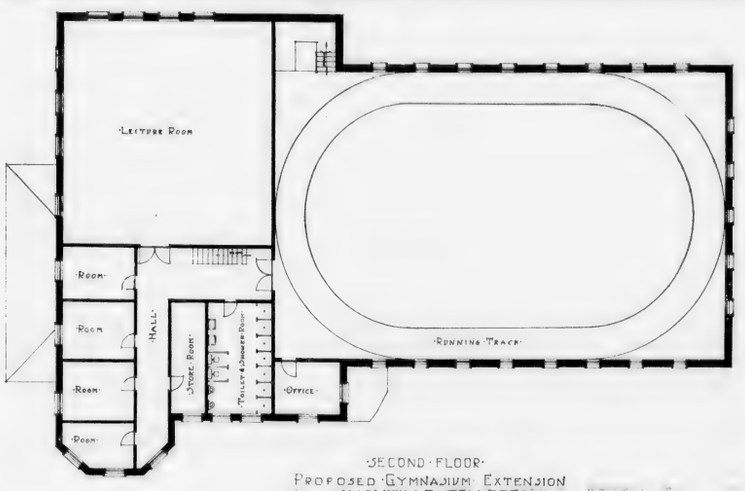
IV. (At the time of going to press this article of the committee's recommendation has not been definitely acted upon and so stands in provisional form.)



We recommend that it be made clearly known to all that subscriptions in any amount will be gladly received; and we suggest that recognition be made of the fact that a large proportion of the alumni and former students of Maryville are engaged in altruistic service and, in consequence, many of them have only a modest income. But we call the attention of such and of all who feel able to give only in a small way, to the fact that if everyone who, we have a right to believe, will be interested in the success of this campaign would agree to pay the small sum of $25 a year for a period of four years, the goal of $50,000 would immediately be realized. Surely that is a small sum and it seems that we might expect it to be easily within the reach of all. Undoubtedly there are many who will subscribe much more than that. They will account for those who are unable to pay even the small sum of $25 a year.

V. We recommend that the officers and the Executive Committee of this Association be authorized to employ such help as they deem necessary for carrying on this campaign, and that the cost of such help and all other expenses of the campaign be paid out of the funds collected and out of the regular funds of the Association. It is understood, however, that those in charge shall make it their purpose to bring the campaign to a successful conclusion during the present summer.

VI. (This also has not been definitely acted upon by the committee but is pending action at the time of our going to press.)



In order to make it possible for those in charge of this fund to proceed, at the earliest possible moment, to the construction of the improvements for which this fund is being sought, we recommend that pledges remaining unpaid after July 1, 1922, draw interest from and after that date at the rate of six per cent per annum.

Stacey F. Howell, '20 is a Commencement vistor on the Hill. Mr. Howell has been teaching school in Nebraska since he left Maryville. While a student he was editor of the Echo and a participant in numerous activities.

CATECHISM FOR FORMER MARYVILLIANS

(Continued from page one)

it will raise the standing of Maryville among the schools of the country and thereby enhance their standing as Maryville men and women.

Question 6: Why should the Alumni and Former Students undertake this task?

Answer: For four reasons: First: all alumni and former students owe a great debt of gratitude to Maryville College for a high type of education, and for a spirit of service and helpfulness inspired by her ideals and traditions.

Second: The alumni and former students while they have been loyal and liberal as individuals, have never acted in any concerted way to serve the old College.

Third: The College itself is not able to undertake these improvements on its own behalf because of other pressing, imperative needs.

Fourth: The Alumni and former students of other colleges and universities have done a similar servive for their Alma Maters on a much larger scale than is proposed for this campaign.

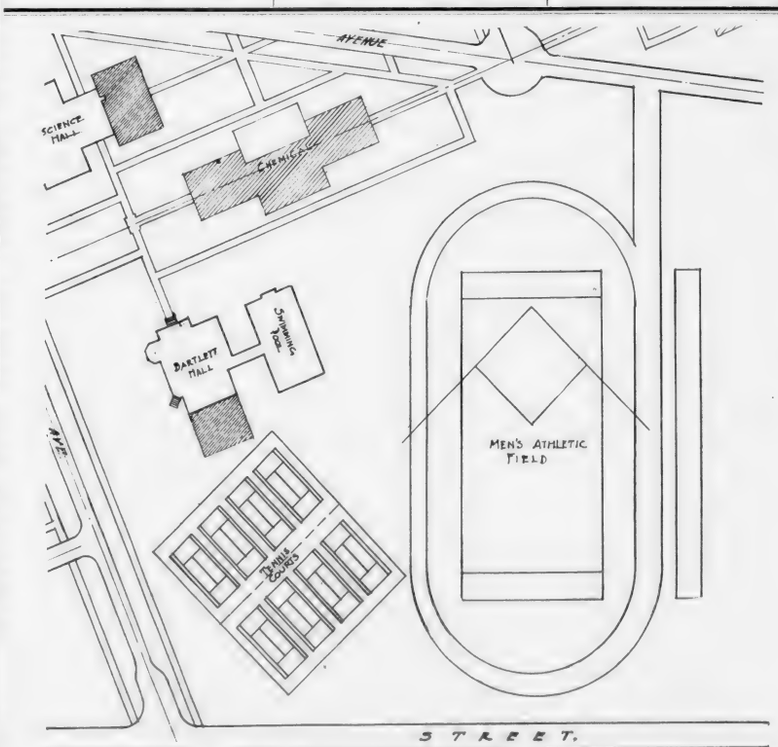
Question 7: What other colleges and universities have benefitted in athletic equipment from their alumni and former students?

Answer: The Alumni and former students of Princeton, Cornell, Illinois, Ohio State, Wooster, Oberlin, and many others have conducted successful campaigns of this nature.

Question 8: Will this campaign succeed?

Answer: That question cannot be answered affirmatively except by the loyalty and generosity of each individual alumnus and former student.

Question 9: What should each alumnus and former student contribute?



Answer: That will be determined by circumstances. If all who possibly can will give $25 a year for four years the campaign will be successful. Those who cannot give so much will of course give as circumstances permit, and those who can give more will undoubtedly do so.

Question 10: Is there any thing beside money needed to make this campaign a success?

Answer: Maryville College has always counted on prayer above money. All can and should pray for the success of this campaign.

Question 11: When and to whom should I make contribution?

Answer: You may make contribution at any time to the Executive Committee of the Alumni Association. Address your correspondence to Professor H. E. Orr, Maryville, Tennessee, College Station. Professor Orr will be in charge of the campaign.

This Plan, drawn by R. F. Graf and Sons, show clearly the details of the proposed Athletic Field. Looking from Court Street tow ard Bartlett Hall one sees the Men's Field with its gridiron, track and diamond, and beside it the Tennis Courts.

ALPHA SIGMAS AWARD DIPLOMAS

This is a record year for Alpha Sigma. She is sending out the largest number of graduating members in her history. We are justly proud of these men for they have worked faithfully in the society and have occupied first place as leaders in every College activity.

The address of the evening was given by Howard McGrath, who presented diplomas to the following:

Jarvis Cotton, Morgan Cox, Leslie Davidson, Isaac Huskey, Ernest E. Loft, Frank McLaughlin, Rollin Marquis, Hillary Park, Harry Pearson, Samuel Peters, Oscar Stanton, Lamar Wilson.

The society was then favored by a number of five minute speeches by the Seniors.

The following officers were elected for the next year:

President - - - Stanley Lange
Vice President - - Sam Hall
Recording Secretary - Jas. Jackson
Asst. R. Secretary - G. Leslie Poe
Program Secretary - Henry Cox
Treasurer - - Sam Franklin, Jr.
Censors - - O. Armstrong, Howard McGrath, Gene Stanbery
Editor - - - - Porter Turner
Sergeant-t-Arms, Melvin E. Lawson
Janitor - - - - - John Daniel

BAINONIANS ELECT OFFICERS

After the program Saturday night, a business meeting was held and officers for next term were elected. The last program of this year marked the close of one of the best years for the society. The large membership will be increased, we hope next year.

The program:

Vocal Solo - - Anna Mae Holland
Glimpses of the Mystic - - - - - - - - Effie Erickson
A visitor from Dwarfland - Felice Morgan, Elizabeth Moore
Piano Solo - - Saliee Huffaker

The officers for next term are:

President - - - - Effie Erickson
Vice President - - Helen Morrow
Secretary - - - - Bernice Jones
Treasurer - - - Ethel Swindler
Censor - - Dorothy Dickerson
Music Critic - Sarah Witherington
Program Secretary - Margaret McKinney
Editor - - - Mary McSpadden
Sargeant-at-Arms, Elizabeth Moore
Literary Critic - - - Helen Deal

MISLEADING

As we were journeying from the picnic
And stopped to rest upon the sand;
As I listened to her chatter
I held her little—picnic basket.

As I held the picnic basket
Of the charming little miss,
Her eyes were so full of mischief
That I simply stole a—sandwich.

She had on a lovely bonnet,
With ruffles made of lace.
Oh! I thought I was in heaven,
With my arms around her—umbrella.

EVEN BREAK WITH ALCOA

Highlanders Take Two Out Of Four.

In the four game series with Alcoa week before last Maryville displayed a better brand of Baseball than she has shown this year. All four games were snappy, hard-fought contests. Both teams exhibited stellar baseball so that one can almost say each team was lucky to get the two games it won.

It seems quite a shame that the Highlanders who are now rounding into such good form, find their season practically over; buti t is almost always so with college base ball and is one of the things with which the colleges have to contend.

However as the season is almost over we can say that the Highlanders have played good baseball all season in spite of the many obstacles which they have encountered and there is no more conclusive proof of this than the showing which they made against the team from Maryville's most eccentric suburb.

Inquired the kindly teacher.
"Oh, sir, the flowers! They are wild!"
Replied the timid creature.

MARYVILLE FINISHES SUCCESSFUL YEAR IN ATHLETICS

A Casual Review of The Year's Sports.

We, of the Echo, are ever looking forward to a better and bigger Maryville; and along with its improvement in an academic way we feel that the athletics are improving. In fact, we know that they are, and next year, given added impetus by the more abundant funds we feel that they will 'go over the top" with a bang.

Our humble purpose in this summary is to pour libations and make burnt offerings upon the shrines of the heroes who suffered under the mounds of liniment-soaked bandages, the agonies of which they alone can realize. Here's to the fellows! The boys that did their best for Maryville!"

But to return to our subject. The seasons were not as singularly successful as we had hoped. Several veteran standbys faild to reappear in all the sports, but their places were filled by newcomers who did their best to equal the feats of our veterans, and who succeeded beyond all hopes.

The seasons met with varying success. The short-handed foot ball team laid Tusculum under the sod in short order and sent Roanoke back to the sticks to get a team; but succumbed to the banded convicts from W. T. S. N. The other games were somewhat uneventful.

The Basketball and Baseball teams about broken even; but the real surprise of the year was the amazing season which was enjoyed by the Reserves on the diamond With "Cec" at the helm they walloped the tar out of the countryside and then begged for more worlds to conquer. Their team work was perfect from start to finish. They fit together perfectly and compelled the Prep teams of the country round to sit up and take notice. They were unbeatable and in their very unbeatableness made us rejoice in them as prospects for next year. With one pitcher they won eight out of nine games, and finally catching the varsity short handed and a bit asleep strung them for one to the tune of five to four.

The college sponsored no tennis or track teams this year, but John Hall convinced us that a Ministerial Student is no molly-coddle on the tennis courts and 'Slim" McGinley (his name is Giles) stopped after he had broken three college records and used up a bottle of white liniment.

As for the men; we had fifteen letter men in foot ball as follows: Parrott, "Big Mac", Hicks, Sullivan, John and Jimmy Hendrick, "Red" Drake, Beck, Jean McMurray, "Cap" Ford, Howard Sullinger, "Wynie", and Cotton. Of these Big Mac, Davy, Cotton and the Hendricks boys will not be back.

As for Basketball; Janovisiky, John Hendricks, Cotton, 'Cec', Jean McMurray, Delozier and "Slim" all received the coveted "M". They worked for them and we rejoice to say that all of these except Cotton and Hendricks will return.

Eleven won letters in Baseball. McLaughlin, "Davy", Cotton, McCall, Sneed, Smith, the three Williamses, Partee, Rowan and Frankie. The first three of these will leave us. We should therefore have something to build on for next yar in this as well as the other sports.

Thus we see readily that next year, with all our promised veterans remaining with us we should have teams which would deliver the goods and that is what we are expecting. Players, studnts and faculty are confident. Therefore it is with confidence that we state that we expect stellar performances from M. C. in athletics next year. It can be done, therfeore we are in favor of doing it.

Let's go Maryville!

Margaret N.—Did you ever hear the story about the two boys?
Margaret H.—No.
Margaret N.—He-He!

DR. STEVENSON CONDUCTS LAST SERVICE OF Y. M. AND Y. W.

The beautiful twilight service held on Baldwin lawn Sunday evening by the Y. M. and Y. W. C. A.'s marked the close of another year's successful work on the part of these two great organizations. Dr. Stevenson in his farewell message to these bodies chose for his theme "Individual Responsibility".

"In this age", he said, "when false philosophers would have us believe that we are the helpless victims of some all-powerful force we must not let our identities become submerged in the masses in the hope of avoiding our responsibilities. Each one must so bear his own burdens as though there were no others on earth beside him. We all have separate capacities and endowments unlike those of any one else, and for the right use of which we are individually responsible to God."

"We are not overly burdened by our responsibilities and burdens for God is amply able to bear them for us. He bears them as easily as an oak in the College Woods bears a leaf, as old Bald Knob bears a snowflake, as easily as the Atlantic Ocean bears a bubble."

Such a service is indeed a fitting climax to a year of wonderful successes and the inspiration of the message has already had a powerful influence in strengthening our purpose for next year.

DIPLOMAS PRESENTED TO EXPRESSION GRADUATES

The graduating exercises of the Expression department added more laurels to the department which has had such a successful year, due in a large part to the untiring efforts of Mrs. West and Miss Bewley. Friday evening, June 3, 1921, at eight o'clock, the three graduates, Miss Martha Elizabeth Robison, Miss Lola Frances Beeler, and Miss Anna Mae Sharp entered the chapel accompanied by Miss Helen Horton and Miss Myrtle Rendon. The first number of the program, a two-piano duet, was exceptionally well-rendered. Indeed, it would be difficult to make a Maryville College student believe that it could have been othrwise, for it was played by Miss Elizabeth Moore and Miss Nannette Walker, two of the most popular pianists of the piano department. Then Miss Irene Bewley read that delightful humorous story, "The Paterson Twins at Kindergarten", with a goodly amount of the charm and the artistry which are peculiarlay her own. The duet, "April Morn", which Miss Winston Newton and Miss Jessie Johnson sang was just as charming as its title and just as beautifully sung as one would expect of these favorite singers. Tennyson's well-loved poem "Guinivere" was Miss Bewley's second selection and so wonderfully did she read it that Guinivere and Launcelot themselves seemed to be on the stage. The piano solo played by Miss Virginia Stribling was a perfect end to the musical part of the program. Prof. E. R. Hunter presented the diplomas with a few well-chosen remarks on the value of Expression in general and the pleasure which the three graduates have given the school through their Expression, especially in their recitals, each of which has been very enjoyable.

LUNCHEON FOR Y. W. AND Y. M. CABINETS

Lest ye forget! That the sky-pilots aren't the only ones who can moonshine to a luncheon.

May 30 was a gala day for the "Y" cabinets. After the bell had drawn the less fortunate ones to Pearsons, about forty Y. W. and Y. W. workers hied themselves to third floor Scinece. Here a most delicious and all-absorbing luncheon awaited them.

The luncheon started in the best fashion and ended with crisp toast(s). Mr. Charles Sharp was toastmaster for the day. Everyone knows this walking dictionary, so it is needless to expound on his wit and cleverness. He was ably assisted in his entertainment by Forrest Brown, President of Y. M. in a toast to Y. W. The Response was given by Hazel Bevan, President of Junior Y. W. Bernice Jones, President Senior Y. W. toasted "Our Tomorrows".

There were several others who were pushed down the elevator-shaft, to speak in Mr. Sharp's own words, giving extemporaneous talks and readings, namely, Stella McCall, Roy S. Buffat, Jimmie Jackson, Sam Franklin.

All Cabinet members were greatly refreshed by the luncheon which Mrs. McMurray so kindly prepared also by the food for that which was given them.

This has enabled us to know each other better and to strive for a better and bigger Y. M. and Y. W. on the Hill.

GRADUATION EXERCISES OF MUSIC DEPARTMENT

Real talent was exhibited on last Saturday evening in the Music Graduation Exercises. This graduation can be put down as one of Maryville College's most noteworthy musical occasions.

The invocation was offered by Rev. William T. Bartlett, D.D. then followed the program:

Hommage a Haedel (for two pianos) - - - - - Moscheles
Misses Marguerite Sullinger and Mary Emma Amentrout

Liebestraume, Notturno III - Liszt
Miss Nannette Walker

Scene and Aria from Der Frieschutz - - - - - von Weber
Miss Winston Newton

Romance Op. 32 (for cllo) - - - - - - - - - Carl Matys
Miss Madeline Huizinga

The Lark - - - Balakerev
Miss Edith Caldwell

Rhapsody G minor - - - - Brahms
Miss Mary Emma Armentrout

In Absence - - - Dudley Buck
Messrs. Hayes, Marquis, Buchanan, King

Tarantelle - - - - - Liszt
Miss Edna Dawson

Dr. Stevenson presented the diplomas to the two music graduates, Miss Grace Major and Miss Elizabeth Whitlock. Even though his "musical ability and appreciation is limited" he was capable of offering the most harmonious advice to these two young ladies.

Indeed the music recitals have been of very high value this year. The programs were well arranged having listed pieces of the best composers, both contemporary and ancient. Best of all they were given with much musical appreciation. This was a fitting wind up for the music department. We can all join in voicing our appreciation for the wonderful recitals given this year. All have been excellent and there has been a very high precedent established for the following year.

MANAGER ANNOUNCES FOOT BALL SCHEDULE FOR NEXT SEASON

Manager Sullivan has, after much commendable effort, succeeded in arranging the following schedule for next year's football season.

Knoxville High School, Sept 24, at Maryville
U. T., Oct. 1, at Knoxville
Open Date, Oct. 8, at Maryville
East Tenn. Normal, Oct. 15 at Maryville.
Roanoke College, Oct. 22, at Bluefield, W. Va.
University of Chattanooga, Oct. 29, at Chattanooga
Cumberland University, Nov. 5 at Maryville
Open, Nov. 12
Emory and Henry, Nov. 18, at Maryville
Tusculum, Nov. 25, at Maryville

With splendid prospects for a winning team we are anticipating a number of glorious victories for Maryville.

There was a young lady named Farrel,
Who adopted tight wearing apparel.
But one cold day she slipped
And the whole blamed thing ripped,
An she had to go home in a barrel.

As I sat there embracing her umbrella
I was in heavenly bliss,
And as I watched the blushes on her cheeks
I stole another—sandwich.

MINISTERIAL ASSO. CLOSE SUCCESSFUL YEAR

Work Extends Through Maryville and Knoxville.

As we look back over the year of 1921 and see what God has done for old Maryville, our hearts are not only quickened but we rejoice in the fact that He has most graciously poured out His Spirit upon her. He has blessed her in many ways especially thru her Literary Societies, Musical Organizations, etc.; but there is a channel in which He has poured out His Spirit in a special way. It has been said, "that those who are accomplishing something do not make the loudest noise". Truly this can be said of this particular organization on the Hill, The Ministerial Association.

Embryo lawyers, doctors, school teachers, etc. when Saturday night comes have the privilege of laying aside their books and are free for the next two days, but not so for those who are studying for the ministry. Sunday which is known as "God's rest day" is the Christian worker's busiest day and he dare not stop on Saturday night for he must labor in the vineyard each Sunday.

Each Saturday night and Sunday finds men leaving the Hill to go into the various parts of Maryville, Alcoa, Plainfield, Battle Branch, jails, Union School House and Knoxville to teach, preach and give out gospel tracts, etc. Hundreds of the latter have been distributed with results.

Many of the workers have been encouraged by having converts to the Faith of the Lord Jesus Christ and truly this is work that shall never perish. Some of the churches have grown considerably since student pastors have been there and there-in lies another blessing from God.

Work that has been accomplished would fill more space than we are privileged to use and yet we wish to say that truly "God has made us fishers of men" and there is much fishing to be done in these places that we have named and College Hill is included and thus it is our prayer that 1922 will see COLLEGE HILL FOR CHRIST.

Commencement Week Draws Many Visitors To The Hill

We are quite fortunate in having a large number of visitors on the Hill during Commencement Week. Among the out-of-town friends of Maryville students the following are visiting upon the Hill:

"Doc" Ruble, Miss Catherine Wilson, Charles Edgemon, Mrs. G. M. Tisdall of Staunton, Va., visiting her son, D. L. Beard; Stacey F. Howell; Miss Hattie Hayes of Woodstock, Alabma, visiting her sister, brother, cousins and friends.

Mr. and Mrs. Chas. E. Van Note of New Jersey, Mrs. Frank L. Krespach of New Jersey, visiting Marion Krespach.

Miss Beatrice Langstroth of New Jersey, Mr. and Mrs. F. W. Langstroth of New Jersey, visiting Charlotte Messler.

Miss Elora Speck of Monterey, Tennessee visiting sister, brother and friends.

Miss Helen Brown, of Brooklyn, N. Y., visiting friends.

Miss Leota Still of Cleveland, Tenn., visiting Ruth Still, her sister.

Miss Lois Johnson of Jamestown, Tenn., visiting Alice Johnson, her sister.

Rev. and Mrs. Frank E. Moore of Richmond, Ky., visiting Edith Moore, daughter.

Mrs. Ella McConnell of Ripley, W. Va., visiting Edith Moore.

Mrs. H. G. Hutchison and Mrs. J. B. Carson of Vonore, Tenn, and Mrs. J. J Calloway of Knoxville, Tenn, visiting Susan Carson.

Mr. and Mrs. Edward J. Cleveland of Salem, New Jersey, visiting Hazel Cleveland, daughter.

Misses Beulah Rankin, Eureka Williams, and Beatrice McGuire of White Pine, Tenn., visiting Helen Rankin.

Mrs. J. E. Johnson of Athens, Tenn., visiting Jessie Johnson, daughter.

Rev. and Mrs. Isaac Messler and Cornelius Messler of Meadow, Tenn. visiting Charlotte Messler.

Rev. Martin W. Robison of Birmingham, Alabama visiting Martha and Alice Robison.

The Rev. J. M. Broady, D. D. of Birmingham, Alabama, visiting the five Alabama graduates.

SENIOR GIRLS CONDUCT Y. W.

On Sunday afternoon, May 29th, the Senior girls led the farewell service for Y. W. C. A. Blanche Bailey who had charge of the meeting read the scripture lesson and offered the prayer.

At meetings of this type, it is always interesting to know just what college life has meant to the senior so Lucille Carter spoke to us on "Looking Backward", and told of the many ways in which Y. W. and Maryville had enriched her life. Just as truly as the meaning of four years in college is interesting, also we wish to know the ideas of the graduate on what he expects of the future and Addie Fine when she spoke on "Looking Forward" gave us this. The central theme here at Maryville is "Service" and this is the foundation on which the seniors are planning to base their future work in the world.

When Louise Duncum spoke on "College Mistakes" she warned us some of the ruts into which we may fall if we are not careful. There were two things which she emphasized, especially, one, that we should participate in all college activities, the other that we should not form the habit of "cliquing" with just one group of friends and thus build a larger and fuller college friendship.

Music was furnished by Charlotte Messler and Jessie Johnson and was much enjoyed by all.

MISS CLEMMIE HENRY ON PRACTICAL CHRISTIANITY

There is a certain person on this Hill whom we all love but whom especially the Y. W. C. A. girls love. She is our friend when we need a friend most; she sympathizes with us and understands us in our joys and sorrows. For all girls who have attended the class on "Practical Christiantiy" this description brings to their mind Miss Clemmie Henry.

A brief summary of the lessons we learned will show how practical and helpful these classes were. In discussing "Is Christ Real to You?" were enumerated the qualities in people that show that Christ is real to them. Some of these qualities are: Prayer-life, attitude toward others, unselfishness, thoughtfulness, joy, faith, courage, self placed in background and Christ in the foreground, willingness to do the common place things, transformation in life, attitude toward life, and freedom,—all of this is Christ.

A consecrated Christian life is an outliving of an indwelling Christ. Don't be too eager to work for God but let Him work through you.

In a Christian life there are four things we should know: (1) ourselves, (2) other people, (3) the Bible and (4) our Master to whom we can go for sympathy, love, justice and power.

We studied the choices of Lot, Moses, and Solomon to discover the secret of making the right kind of choices. God will guide us and help us if we surrender our life to Him.

On the fifth Wednesday night she gave real incidents from the lives of people which showed that Christ was their Master. The secret of a real Christian life is to do something for some one else in the spirit of love.

The last lesson was a study of the Raising of Lazarus and particularly the phrase "Take ye away the stone". We must take away the stones in our life, before Christ can fill our life with power. After our stones—whether they are lack of faith, selfishness, pride, indifference, cowardice, or something else—are removed we will be free as Lazarus when Christ said "Loose him and let him go".

We want to thank Miss Henry for giving us for our daily motto: My life today will be "an outliving of an indwelling Christ."

ATHLETIC CAMPAIGN EXTRA

THAW MEMORIAL HALL, MARYVILLE COLLEGE

VOLUME SIX NUMBER THIRTY-ONE

Maryville, Tennessee, June 16, 1921

Entered as second class matter at Post Office, Maryville, Tennessee

$50,000 Campaign for Athletics Launched by Alumni and Former Students

After nearly a year of discussion and suggestion, the Alumni Association and former students of Maryville College have undertaken to raise $50,000 to provide for the College a modern gymnasium and an adequate athletic field.

There is no reason to wait longer for this campaign to begin. To wait much longer would be disastrous, for Maryville cannot afford to stand aside while other colleges are forging to the front in the matter of athletic equipment which is, after all, the most alluring incentive to prospective students. Maryville deserves this added equipment for athletics. She has the material in men; she has taken a step which will provide capable direction and training for her athletes; now it remains to provide her with the material facilities and this is the thing which must be done. Surely there is no channel through which the provision for these facilities can so appropriately come as through the united interest and personal contribution of the alumni and former students.

The privilege of providing this fund should go to no one but to the sons and daughters of Maryville. It would be a gracious thing and a timely one if some one person were to give $50,000 outright to provide these needed improvements, but, after all, in another sense it would be a regrettable thing, for it would deprive hundreds of alumni and former students of the privilege of having each a part in the providing of a greatly needed addition to the equipment of the old College—such an addition as will stand throughout all the future as a memorial to the loyalty of the men and women who have gone out from Maryville College to all parts of the world. Do we want any one else to do it? Is it not our great opportunity to serve Alma Mater with a genuine service?

The campaign is on. In a very few days a pledge card will be sent out to each alumnus and former student who can be reached. It is the intention of the Executive Committee to complete the drive this summer. It will be a whirlwind campaign, but why should it require more than three months to complete the task?

At the earliest possible moment work should begin on the extension of the gymnasium and on the grading and preparation of the athletic field. It may be necessary to stage one more basketball season on the present floor, but it ought not to be necessary to stage a second one there. It may be necessary to play one more football schedule through on the old gridiron, but surely only one more. And is it too much to hope that next spring, Maryville's baseball team may trot out onto a new, level field to the music of the rhythmic beat of **Howee-how** and **Let's Go Maryville** from the thousand throats of the eager crowd seated in a new grandstand and bleachers? These are not unattainable ends. Prompt, liberal, loyal action from all will render them into realities.

Professor Horace E. Orr '12 is to be the manager of the campaign. All alumni know how capably Professor Orr has conducted the work of his office as corresponding secretary of the Alumni Association, and former students who are not alumni will recognize Professor Orr as a man well fitted for the task of conducting this campaign. Although he is a very busy college professor, teaching seven courses throughout the year to large classes, he has given unsparingly of his time, and effort, and initiative to the preparation for the inauguration of this campaign.

Professor Orr will be assisted by Professor Edwin R. Hunter '14, who has been serving, during the past year, as alumni editor of the Highland Echo, and who has had the direction of this issue in hand.

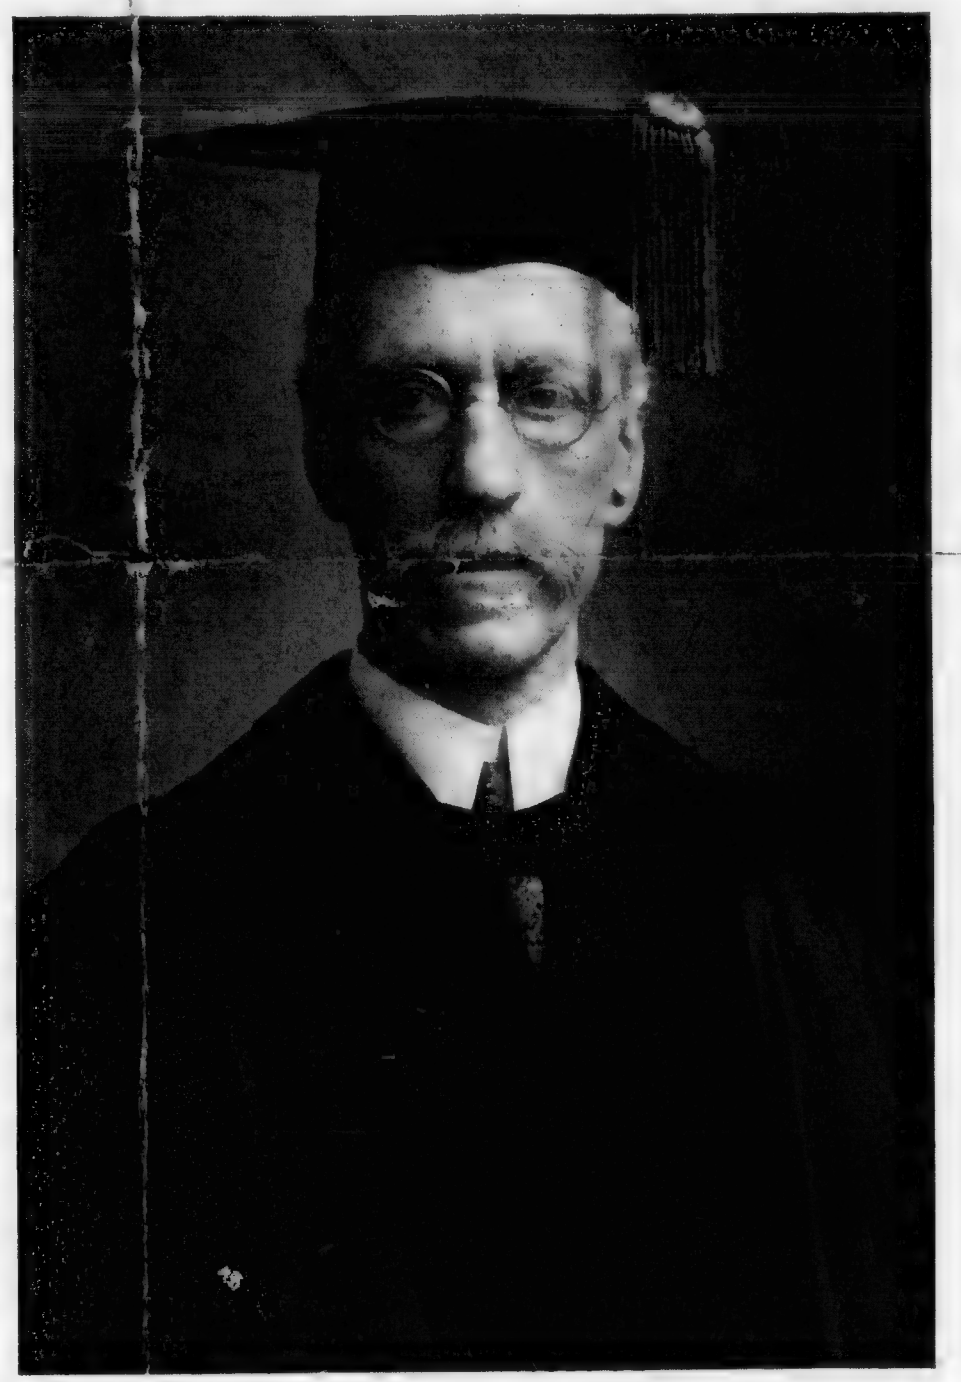
Executive Committee Recommendations Adopted as Basis of Campaign

The recommendations of the Executive Committee of the Alumni Association, which are printed below, were adopted unanimously at the annual meeting of the alumni and former students following the Alumni Dinner on June 9. These recommendations, now the official action of the Association, contain the working basis of the $50,000 athletic campaign.

Whereas, we, the Executive Committee of the Maryville College Alumni Association, realize the importance of an adequate athletic program for the College; and whereas, we are convinced that the needs of the College require that the present gymnasium be enlarged, and that an adequate athletic field be provided:

Therefore, resolved, that we present the following recommendations to the Association at its meeting on June 9, 1921:

I. We recommend that a campaign be carried on among the alumni and former students of Maryville College for the purpose of raising $50,000 to provide an athletic field and to enlarge and equip the present gymnasium.



II. We recommend that this fund be known as the Alumni and Former Students' Athletic Fund, and that those in charge of the campaign to raise the fund be authorized to solicit subscriptions from alumni, and former stu-

President Wilson Announces Emergency Forward Fund Campaign

At the commencement exercises on Thursday, June 9, President Samuel T. Wilson announced a new campaign for funds for the College, to be known as the Emergency Forward Fund of $250,000. His own statement as to this fund follows:

"When the Centennial Fund of 1919 was planned in 1915, it was believed that, when secured, it would provide very comfortably for the needs of the College; and that the College might possibly have as long a period without a new campaign for endowment as intervened between the Forward Fund Campaign in 1908 and the Centennial Forward Fund in 1919. But two unforeseen facts prevented that expectation from being realized: namely, (1) the world war and its upsetting of values and its creation of the high cost of living; and (2) the unusual growth of the college department, with the corresponding necessity of additional buildings, equipment, professors, and general outlay. These two facts made it evident, long before the Centennial Fund could be paid in, that another campaign for an additional fund would be immediately necessary in order to avert a college collapse. The following figures will make clear the menacing gravity of the case: in 1917-18, the first year of America's participation in the world war, the total expenses of the College amounted to $61,987; in 1918-19, there was an increase of $16,015 over these expenses; in 1919-1920, the increase over the preceding year was $23,515.17, while in 1920-21, the increase over the preceding year was $14,452.42; making a total increase in current expenses in only three years of $53,982.85, or eighty-eight per cent. The income from the Centennial Fund and from a slightly increased tuition took care of only part of this great increase in expenses.

"So another campaign was necessary: but in these days of financial depression, what solid basis could be found for such an enterprise? The first answer to this query was given by the General Education Board which had so splendidly helped Maryville in both of the other Forward Campaigns. The board last summer made our new Emergency Forward Fund a conditional pledge of $40,000. And now, on May 21, President James Rowland Angell of the Carnegie Corporation notified us that the corporation has made the College a conditional pledge of $50,000. And he added the kindly wish: 'We trust that this contribution to your work will be of substantial value to you.' And indeed it will be of substantial value' to us, for it increases the total of the conditional grants to the College to the handsome amount of $90,000; and with the generous time limit—four years—there can be little doubt that it makes certain the final success of this Emergency Forward Fund Campaign for $250,000 the goal that has been set for the campaign by the Directors. At least $150,000 of this total fund must be given for permanent endowment. **The $50,000 that is being sought by the alumni and old students to enlarge the gymnasium and to make an athletic field will count as the final $50,000 of the fund.** The task of raising the first $200,000 will be assumed by the college authorities; while that of securing the athletic improvements has, as a result of a recent

President Samuel Tyndale Wilson, D.D., LL.D., '78

spontaneous movement, been assumed by the alumni and old students.

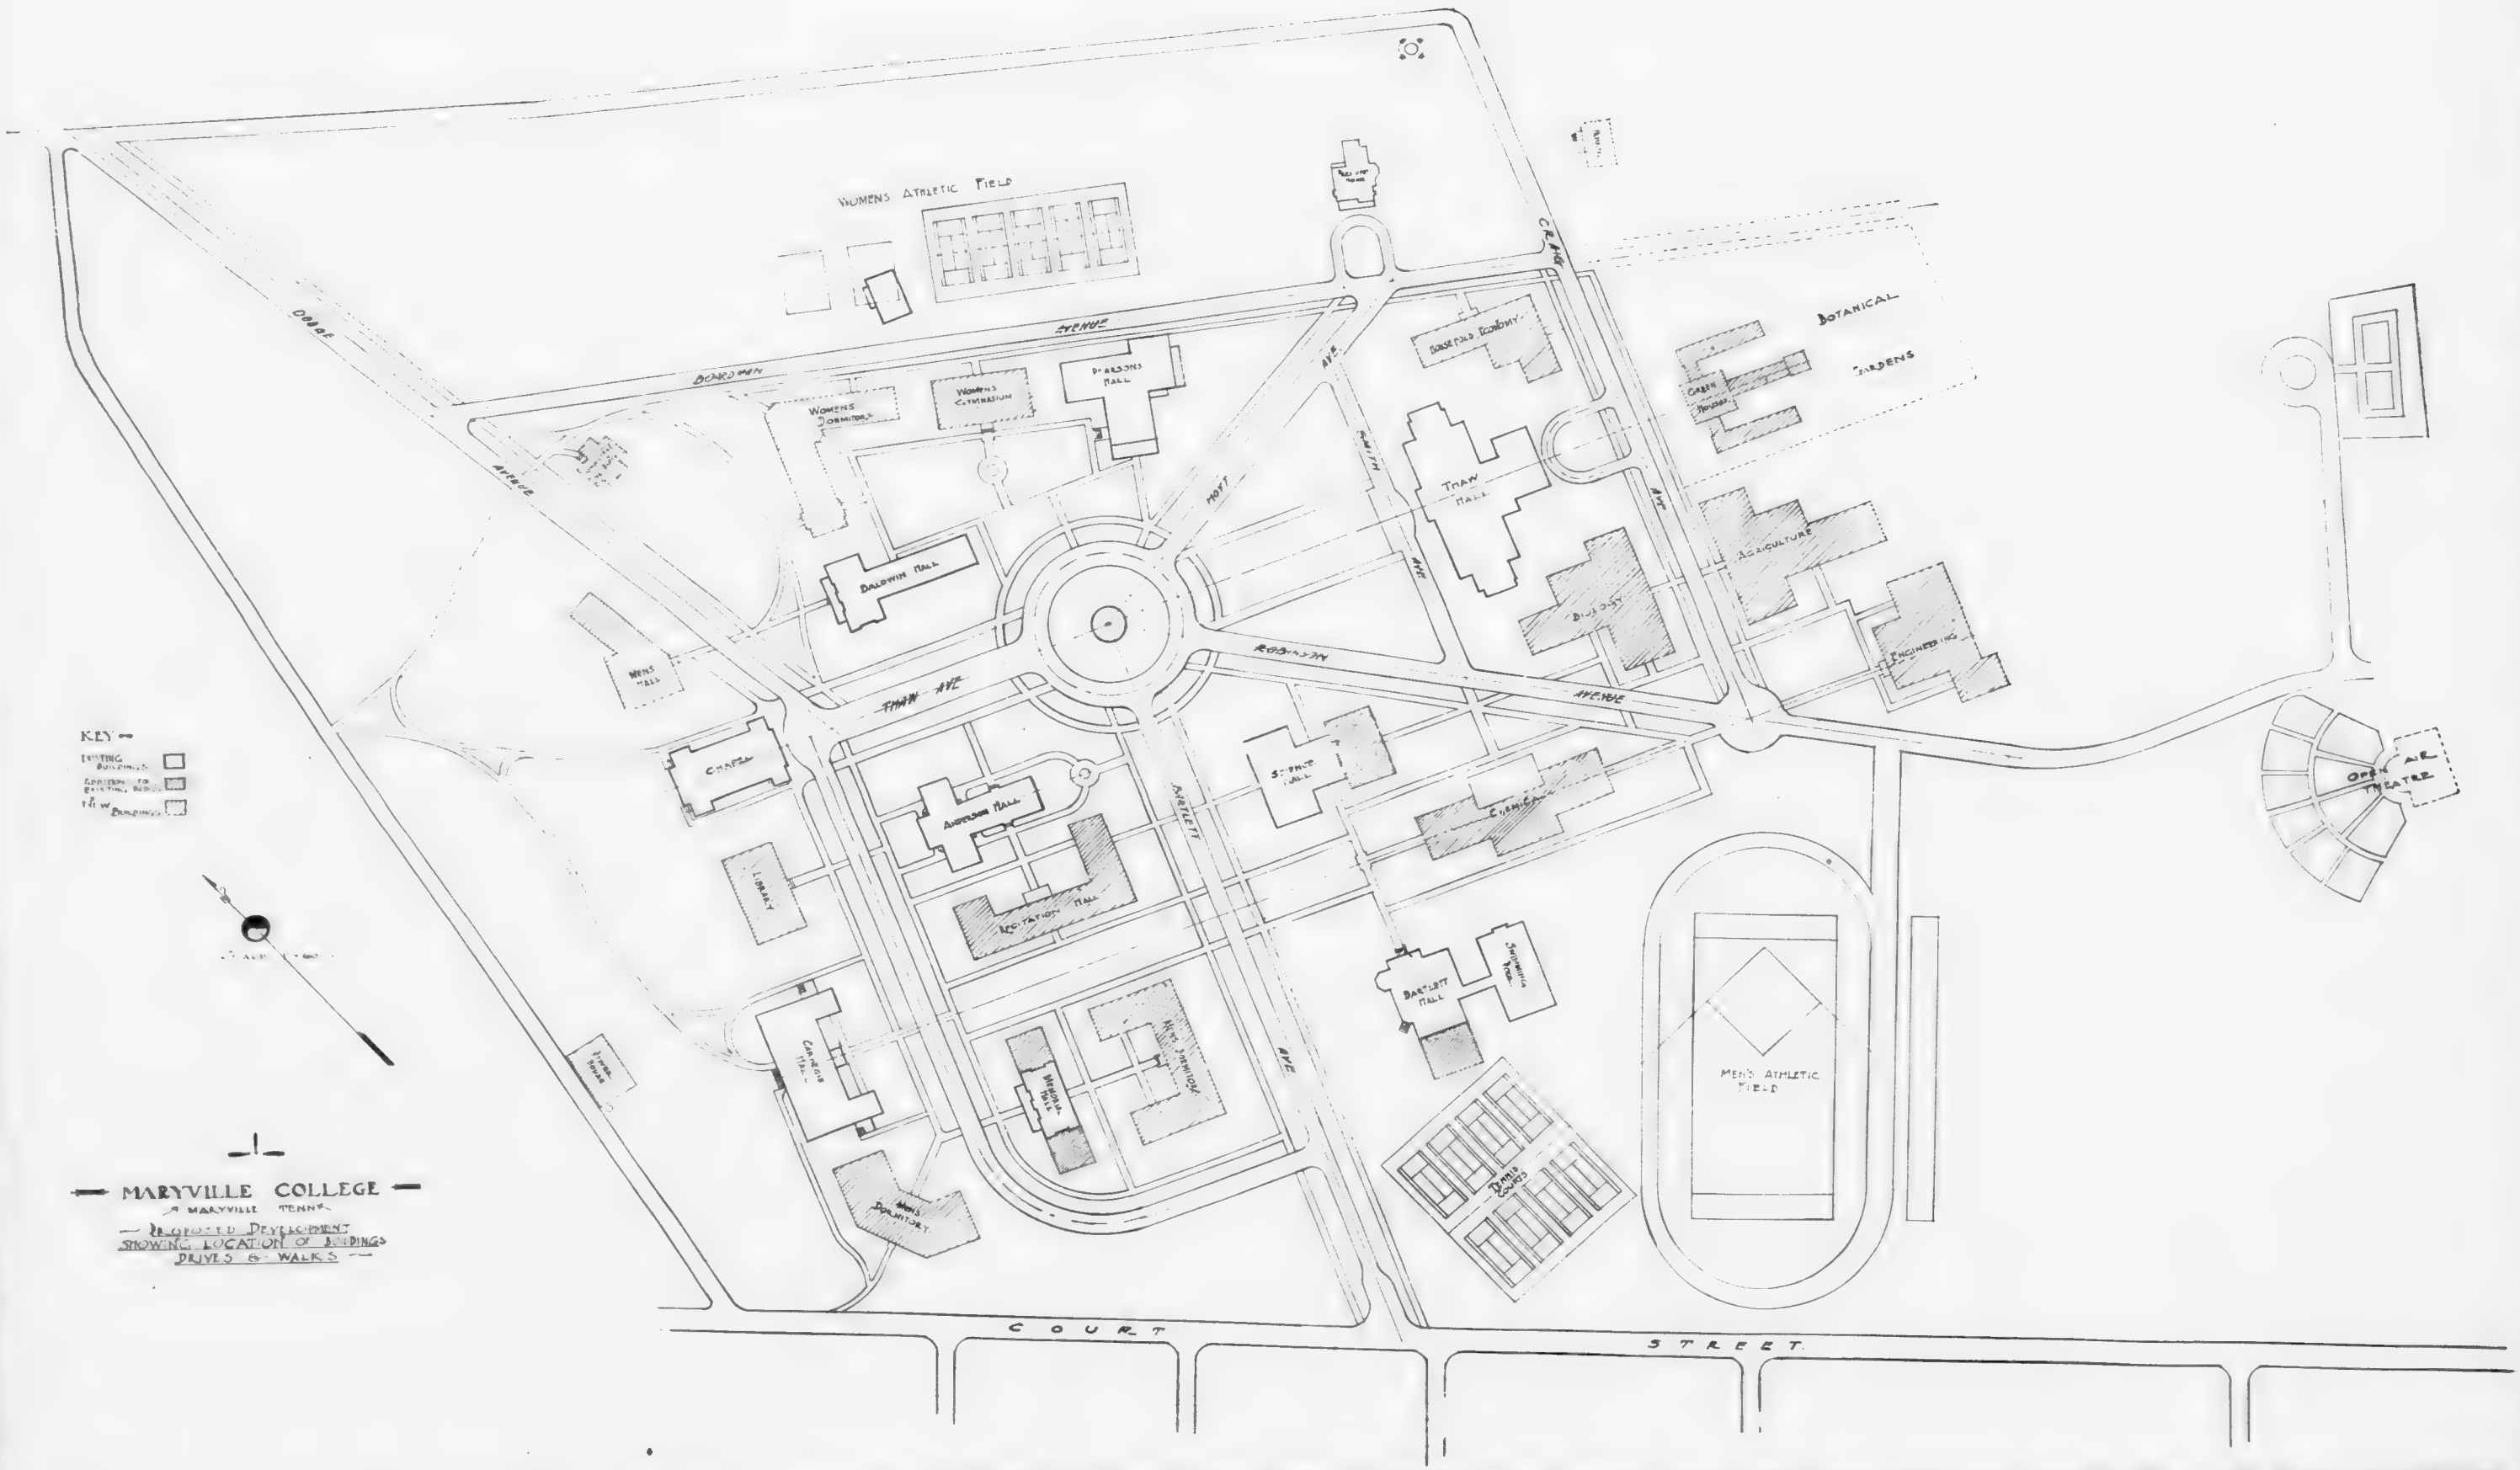
"A great task is before us; but, as in the past, the faithfulness of many friends and the providence of God, will, we are confident, crown our efforts with success. And then old Maryville will be able to respond more fully than ever to the challenge of its ever-increasing opportunities."

The alumni and former students who read this will congratulate Dr. Wilson and the College on the $90,000 already pledged. They will take a deep interest in the raising of the amount as yet unaccounted for. But their greatest interest will surely be in the fact that the task of securing $50,000 of this amount has been taken from Dr. Wilson's shoulders and assumed by the alumni and former students. If ever a valiant veteran of the service deserved honorable retirement from the rigors of battle it is our beloved president, but he is going out again in the **emergency** with **forward** orders in his hand. What a magnificent example of heroic service his whole life has been! Shall it not be our pleasure to help Dr. Wilson and the Emergency Forward Fund?

The Maryville Ideal and the Athletic Campaign

The emphasis in this campaign for $50,000 for athletic equipment should be placed aright. It is a campaign with a purpose identical with the century-long purpose of the college it seeks to serve. It is to be hoped that no one will fail to understand that the ideal of this movement is not only in harmony with the ideals of Maryville but that its ideal is the ideal of the old College itself.

The ideal of Maryville College has always been pre-eminently spiritual. No student, past nor present, but knows that to be true. No student has ever come under the influence of the old College on the Hill but has valued his contact with Maryville chiefly because of that. No pains have been spared to make the intellectual equipment of the school of the very best; the physical development of the student has never been lost sight of; but the proudest tradition of our Alma Mater is the fact that righteousness and character have always been the chief ends of education at Maryville. The spirit of unselfish service is constantly held before the students; the February Meetings bring the boys and girls face to face with the personal Christ; the history of a century is writ large in the lives of men and women who have not spared themselves in the service of the young people who have come up to Maryville. And we who know Maryville and have felt the impulse of the great Maryville Spirit want the emphasis to remain just where it has been placed for a hundred and two years.



Particularly true is it, that, in this after the war period of profit grabbing and pleasure seeking, when men are forgetting the ideals of service and brotherhood, the need is greater than ever before for the sort of education of the spirit that Maryville gives. To have fewer young people come under the inspiration of the Maryville type of education would be a calamity, for the saving of society in this day depends upon the Christian leadership of those who have caught the vision of service and brotherly kindness.

But Maryville cannot go on educating men to the Maryville ideal unless she has them within her reach to educate.

There is no attraction so great to the young man just ready for college as a modern and adequate athletic equipment. He is attracted irresistibly to the college with the large modern gymnasium and the spacious athletic field. The college with a cracker box gym, a bleacherless football gridiron, and a mountainous baseball field does not attract, even though it may have a splendid ideal and a high academic standard. Other colleges and universities in Maryville's locality are equipping new athletic fields and building new gymnasiums, and already, in a small degree, Maryville has been suffering a falling off in the number of men students enrolled. It is a fact that we will have to face: Maryville, without athletic facilities, cannot hope to compete in the enlistment of men, with colleges and universities which are rapidly coming up to date in this respect.

Here, then, is the connection between the Maryville ideal and the Athletic Campaign. The Maryville type of education—education for service—is the great end of the old College still. You and I, as sons and daughters of Maryville, are convinced of the world's need for this type of training for the generations facing college. We see that Maryville needs athletic equipment to attract men to her halls so that she may teach them her great life lesson. We are all interested in a splendid record for Maryville athletic teams. We would feel that this campaign was justified if its highest aim were to make possible the development of a team that would defeat Tennessee, and rival Centre, and challenge the attention of Tech, but that is not the highest aim of the movement. The highest aim of the campaign is to provide equipment that will make Maryville attractive to men about to enter college—so attractive that they will come to Maryville and so come into contact with the great spirit of Maryville.

No one should feel that his support of this campaign is support of football, or basketball, or baseball merely; it is a campaign for Christian education as truly as any ever launched. Its immediate fruits may be victories over U. T. and Vanderbilt, but its great lasting returns will come if it succeeds in enlisting men for the Great Game of Life in the name of the Master.

MARYVILLE COLLEGE
MARYVILLE TENN.
PROPOSED DEVELOPMENT
SHOWING LOCATION OF BUILDINGS
DRIVES & WALKS

THIS PLAN OF THE PROPOSED CAMPUS DEVELOPMENT SHOWS THE RELATIVE LOCATION OF THE PROPOSED ATHLETIC IM PROVEMENTS

dents, and friends of Maryville College to the amount named in the first resolution; that is, $50,000.

III. We recommend that those in charge be instructed to accept subscriptions made payable at such time or times as shall be most convenient to the donors; with the exception that all subscriptions shall be due and payable on or before July 1, 1925.

IV. We recommend that it be made clearly known to all, that subscriptions in any amount will be gladly received; and we suggest that recognition be made of the fact that a large proportion of the alumni and former students or Maryville are engaged in altruistic service and, in consequence, many of them have only a modest income. But we call the attention of such and of all who feel able to give only in a small way, to the fact that if everyone who, we have a right to believe, will be interested in the success of this campaign would pay the small sum of $25 a year for the period of four years, the goal of $50,000 would be immediately realized. Surely this is a small sum and it seems that we may expect it to be easily within the reach of all. Undoubtedly there are many who will subscribe much more than that. They will account for those who are unable to pay even the small sum of $25 a year.

V. We recommend that the officers and executive committee of this Association be authorized to employ such help as they may deem necessary for the carrying on of this campaign, and that the cost of such help and all other expenses of the campaign be paid out of the funds collected and out of the regular funds of the Association. It is understood, however, that those in charge shall make it their purpose to bring the campaign to a successful conclusion during the present summer.

VI. We recommend that, in order to make it possible for those in charge of this fund to proceed, at the earliest possible moment, to the construction of the improvements for which this fund is being sought, pledges remaining unpaid after July 1, 1922 draw interest from and after that date at the rate of six per cent per annum.

DIRECTORS ENDORSE CAMPAIGN

The Directors of the College at their June meeting adopted the recommendation which appears below as a statement of approval of the Alumni and Former Students' Athletic Campaign.

"The Directors, a majority of whom are themselves alumni or former students of Maryville College, heartily approve of the Alumni and Old Student Movement in favor of a $50,000 fund for the enlargement of the gymnasium and the establishment of an adequate athletic field; and, although unable to appropriate any financial help to the movement from the college treasury, already sadly inadequate to provide for the running expenses of the rapidly growing institution, they take pleasure in pledging their own personal support of the movement in every practicable way; and they commend this enterprise to all old students and friends of Maryville."

PLANS ARE PROVIDED

The drawings which appear in this publication on pages 3, 7, and 9 were prepared by Messrs. R. F. Graf and Son of Knoxville. These drawings show the floor plan of the gymnasium after the proposed extension is made; the ground plan of the proposed athletic field which includes football gridiron, baseball diamond, and running track; and the large sketch on page 3 shows the plan of the improved campus which makes clear the relation of these athletic improvements to the present buildings and grounds. At the same time, this large sketch shows most satisfactorily the plan of the new roads and improved landscape features of the campus which are soon to be laid down.

These drawings of the field and the gymnasium are, of course, by no means final, but they are at least first drafts of improvements which will help put old M. C. out in front among the colleges and universities of the South.

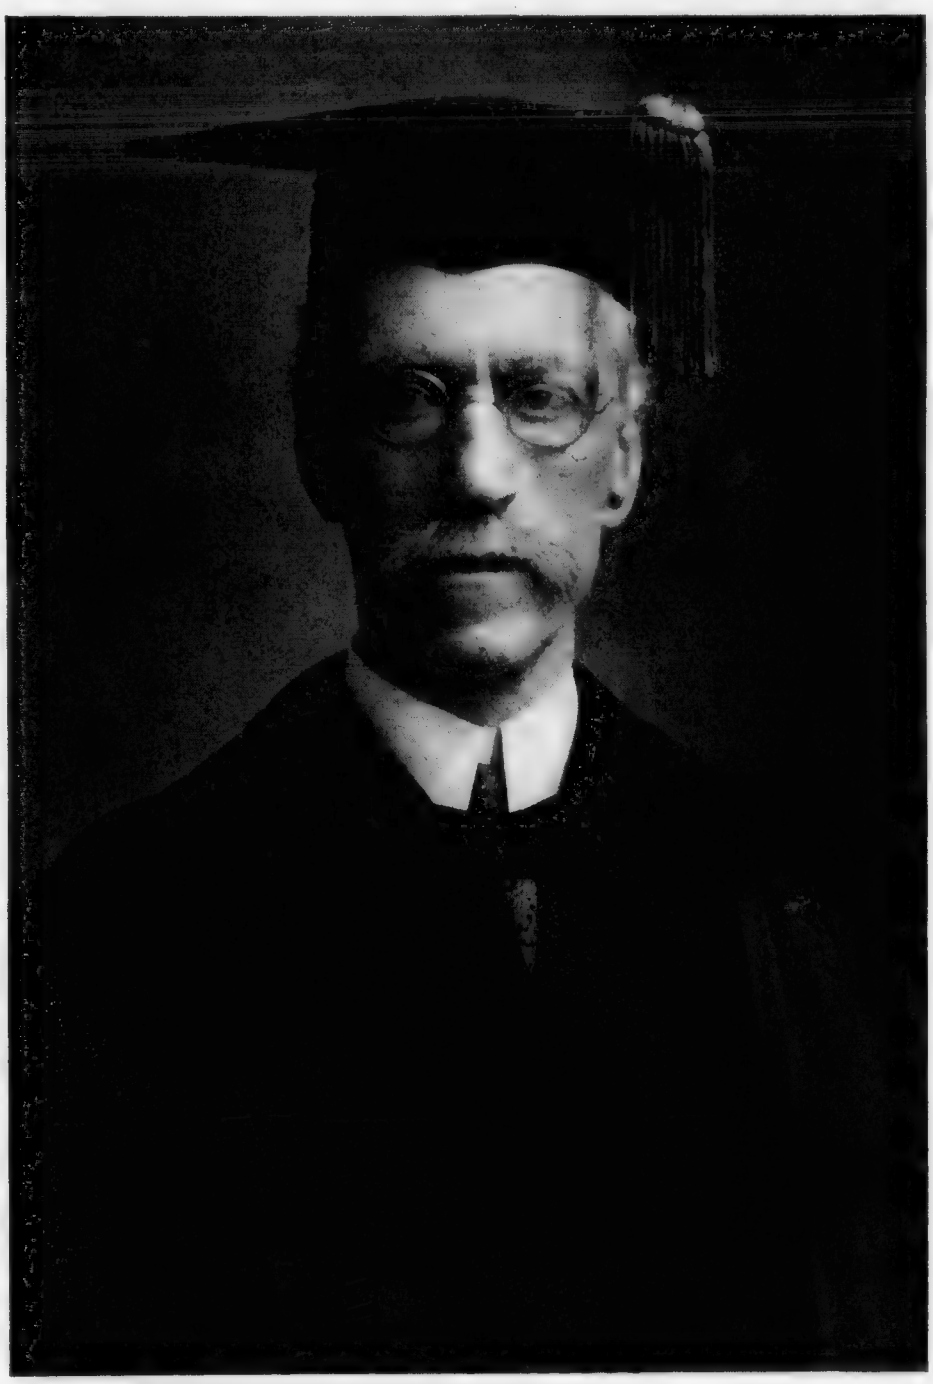
1921 ALUMNI MEETING A ROUSING OCCASION

More Than Three Hundred Alumni, Former Students, And Friends Present.

A splendid dinner and a rousing good time characterized the meeting of the alumni, former students, and friends in Pearsons Hall at 12:30, on Thursday, June 9. The dinner was served by the girls of the Home Economics Department of the College, under the direction of the Head of the Department, Mrs. J. H. McMurray.

Chancellor M. H. Gamble, '04, president of the Association, in opening the business session, called first for the report of the corresponding secretary, H. E. Orr, '12. Professor Orr presented his report which closed with the recommendation of the Executive Committee calling for the inauguaration of the $50,000 campaign for athletic equipment. These recommendations are printed in full elsewhere in this publication. Following this report, Chancellor Gamble commented appropriately and forcefully on the need for more cooperation among the former students of Maryville College and pointed out the propsed campaign as the logical task of the alumni and former students.

A number of enthusiastic speeches followed the formal presentation of the recommendations of the committee. Hon. Charles L. Smith, famous varsity fullback; Mr. Carl E. Steinmetz,



(Continued to page ten)

President Wilson Announces Emergency Forward Fund Campaign

At the commencement exercises on Thursday, June 9, President Samuel T. Wilson announced a new campaign for funds for the College, to be known as the Emergency Forward Fund of $250,000. His own statement as to this fund follows:

"When the Centennial Fund of 1919 was planned in 1915, it was believed that, when secured, it would provide very comfortably for the needs of the College; and that the College might possibly have as long a period without a new campaign for endowment as intervened between the Forward Fund Campaign in 1908 and the Centennial Forward Fund in 1919. But two unforeseen facts prevented that expectation from being realized: namely, (1) the world war and its upsetting of values and its creation of the high cost of living; and (2) the unusual growth of the college department, with the corresponding necessity of additional buildings, equipment, professors, and general outlay. These two facts made it evident, long before the Centennial Fund could be paid in, that another campaign for an additional fund would be immediately necessary in order to avert a college collapse. The following figures will make clear the menacing gravity of the case: in 1917-18, the first year of America's participation in the world war, the total expenses of the College amounted to $61,987; in 1918-19, there was an increase of $16,015 over these expenses; in 1919-1920, the increase over the preceding year was $23,515.17, while in 1920-21, the increase over the preceding year was $14,452.42; making a total increase in current expenses in only three years of $53,982.85, or eighty-eight per cent. The income from the Centennial Fund and from a slightly increased tuition took care of only part of this great increase in expenses.

"So another campaign was necessary: but in these days of financial depression, what solid basis could be found for such an enterprise? The first answer to this query was given by the General Education Board which had so splendidly helped Maryville in both of the other Forward Campaigns. The board last summer made our new Emergency Forward Fund a conditional pledge of $40,000. And now, on May 21, President James Rowland Angell of the Carnegie Corporation notified us that the corporation has made the College a conditional pledge of $50,000. And he added the kindly wish: 'We trust that this contribution to your work will be of substantial value to you.' And indeed it will be of substantial value' to us, for it increases the total of the conditional grants to the College to the handsome amount of $90,000; and with the generous time limit—four years—there can be little doubt that it makes certain the final success of this Emergency Forward Fund Campaign for $250,000 the goal that has been set for the campaign by the Directors. At least $150,000 of this total fund must be given for permanent endowment. **The $50,000 that is being sought by the alumni and old students to enlarge the gymnasium and to make an athletic field will count as the final $50,000 of the fund.** The task of raising the first $200,000 will be assumed by the college authorities; while that of securing the athletic improvements has, as a result of a recent

President Samuel Tyndale Wilson, D.D., LL.D., '78

spontaneous movement, been assumed by the alumni and old students.

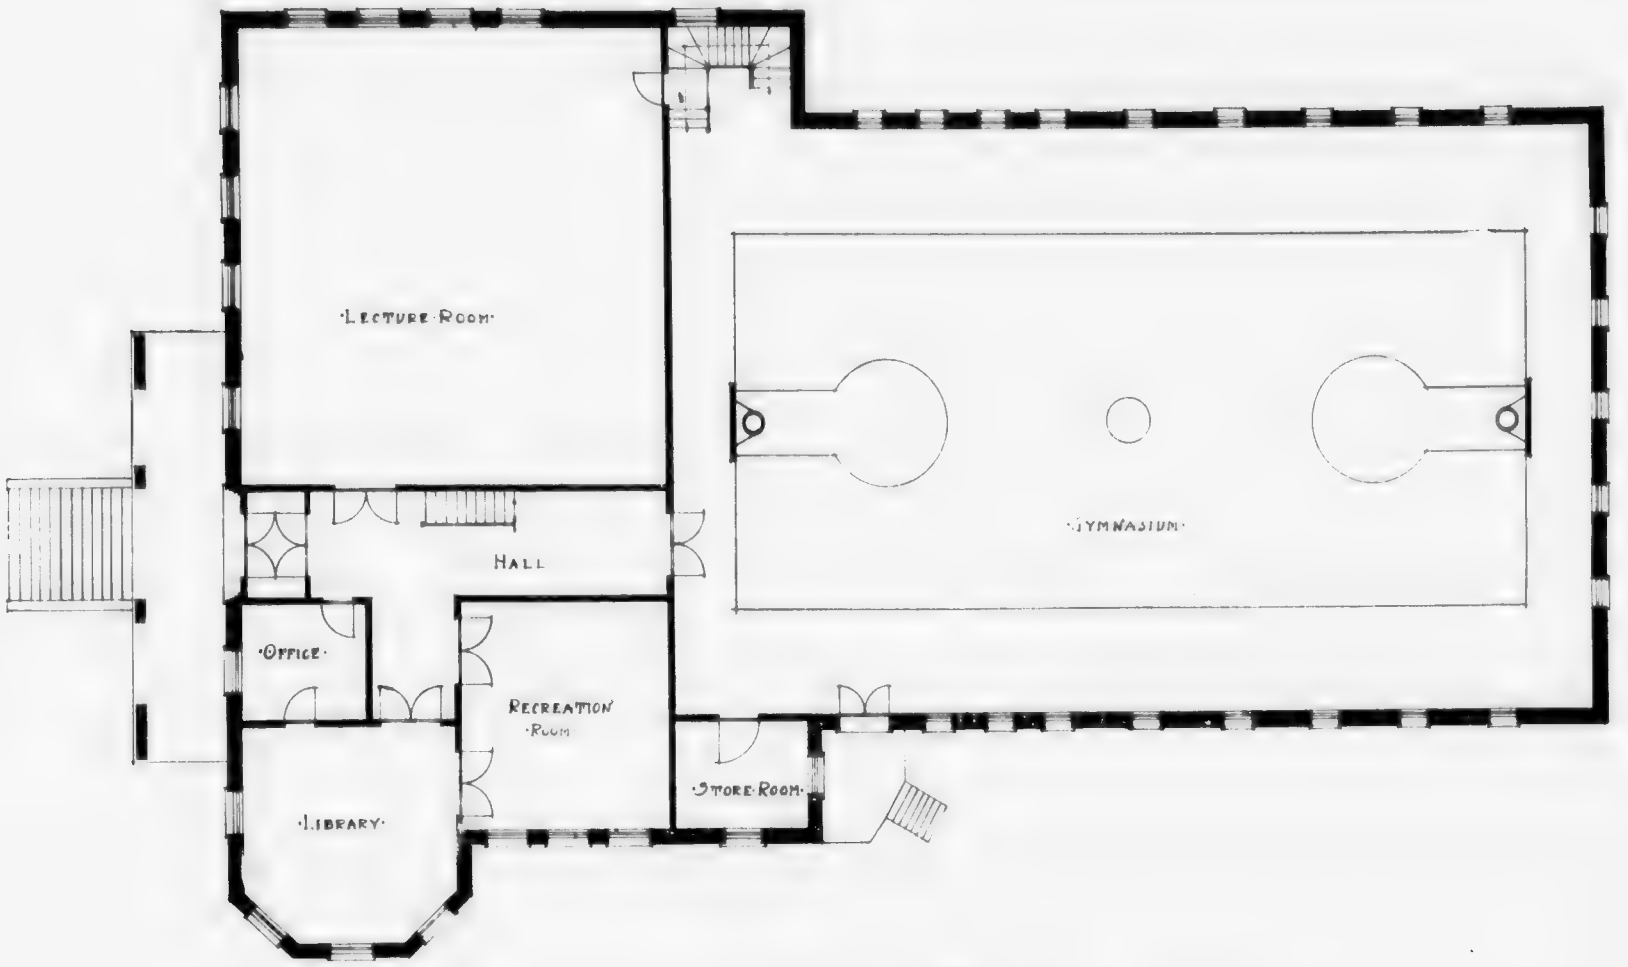
"A great task is before us; but, as in the past, the faithfulness of many friends and the providence of God, will, we are confident, crown our efforts with success. And then old Maryville will be able to respond more fully than ever to the challenge of its ever-increasing opportunities."

The alumni and former students who read this will congratulate Dr. Wilson and the College on the $90,000 already pledged. They will take a deep interest in the raising of the amount as yet unaccounted for. But their greatest interest will surely be in the fact that the task of securing $50,000 of this amount has been taken from Dr. Wilson's shoulders and assumed by the alumni and former students. If ever a valiant veteran of the service deserved honorable retirement from the rigors of battle it is our beloved president, but he is going out again in the **emergency** with **forward** orders in his hand. What a magnificent example of heroic service his whole life has been! Shall it not be our pleasure to help Dr. Wilson and the Emergency Forward Fund?

The Maryville Ideal and the Athletic Campaign

The emphasis in this campaign for $50,000 for athletic equipment should be placed aright. It is a campaign with a purpose identical with the century-long purpose of the college it seeks to serve. It is to be hoped that no one will fail to understand that the ideal of this movement is not only in harmony with the ideals of Maryville but that its ideal is the ideal of the old College itself.

The ideal of Maryville College has always been pre-eminently spiritual. No student, past nor present, but knows that to be true. No student has ever come under the influence of the old College on the Hill but has valued his contact with Maryville chiefly because of that. No pains have been spared to make the intellectual equipment of the school of the very best; the physical development of the student has never been lost sight of; but the proudest tradition of our Alma Mater is the fact that righteousness and character have always been the chief ends of education at Maryville. The spirit of unselfish service is constantly held before the students; the February Meetings bring the boys and girls face to face with the personal Christ; the history of a century is writ large in the lives of men and women who have not spared themselves in the service of the young people who have come up to Maryville. And we who know Maryville and have felt the impulse of the great Maryville Spirit want the emphasis to remain just where it has been placed for a hundred and two years.

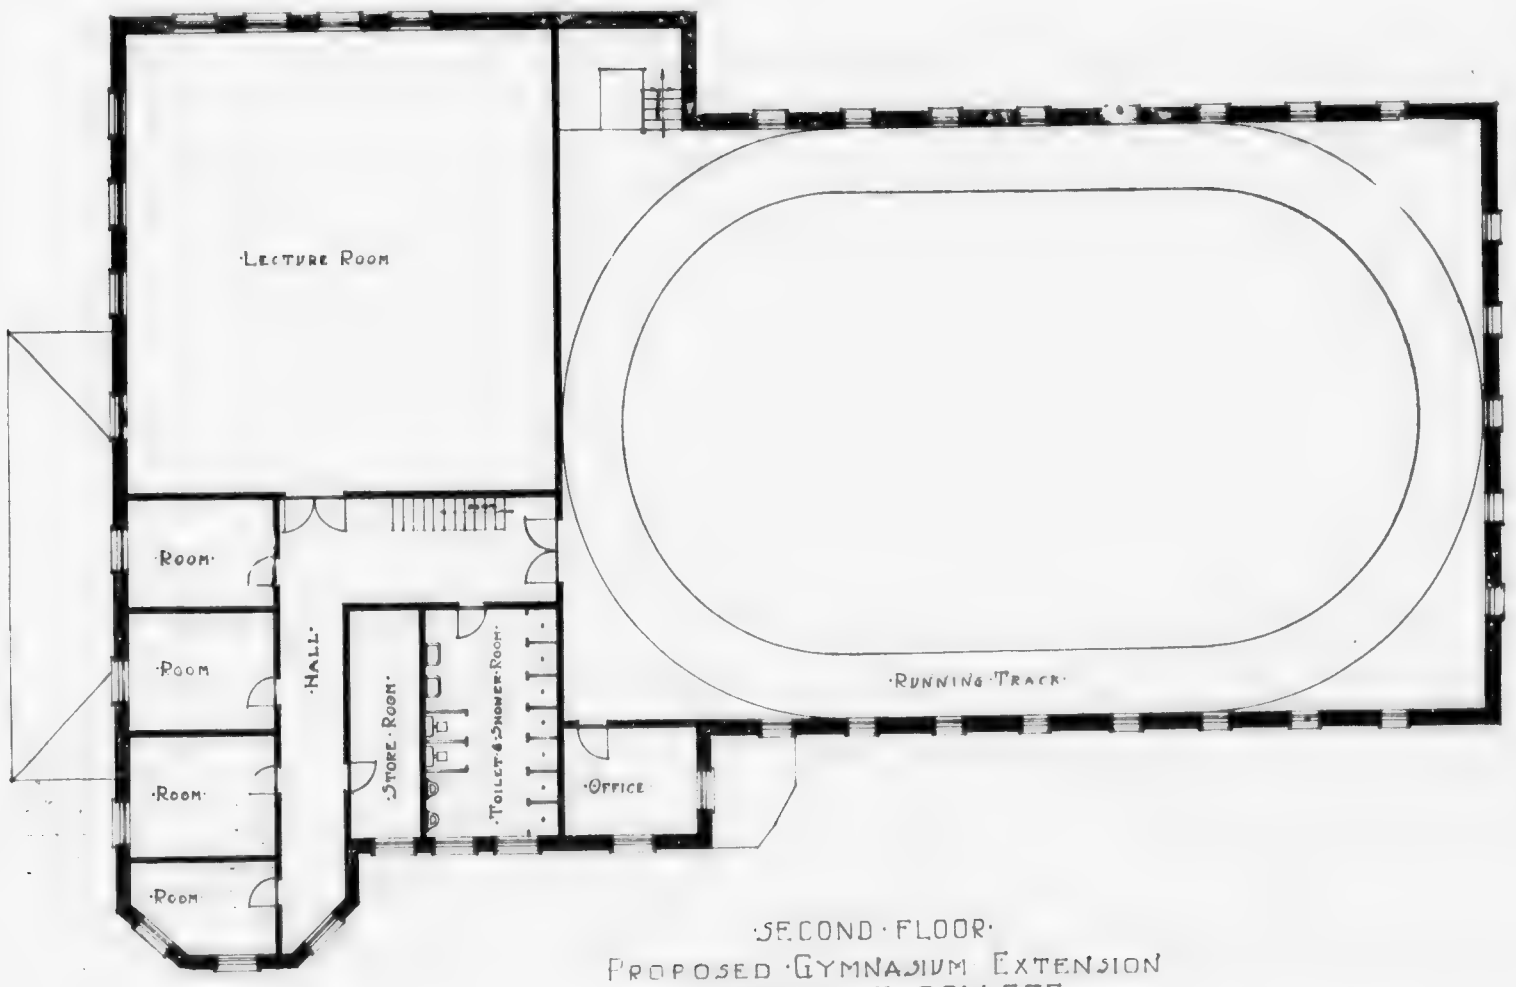


Particularly true is it, that, in this after the war period of profit grabbing and pleasure seeking, when men are forgetting the ideals of service and brotherhood, the need is greater than ever before for the sort of education of the spirit that Maryville gives. To have fewer young people come under the inspiration of the Maryville type of education would be a calamity, for the saving of society in this day depends upon the Christian leadership of those who have caught the vision of service and brotherly kindness.

But Maryville cannot go on educating men to the Maryville ideal unless she has them within her reach to educate.

There is no attraction so great to the young man just ready for college as a modern and adequate athletic equipment. He is attracted irresistibly to the college with the large modern gymnasium and the spacious athletic field. The college with a cracker box gym, a bleacherless football gridiron, and a mountainous baseball field does not attract, even though it may have a splendid ideal and a high academic standard. Other colleges and universities in Maryville's locality are equipping new athletic fields and building new gymnasiums, and already, in a small degree, Maryville has been suffering a falling off in the number of men students enrolled. It is a fact that we will have to face: Maryville, without athletic facilities, cannot hope to compete in the enlistment of men, with colleges and universities which are rapidly coming up to date in this respect.

Here, then, is the connection between the Maryville ideal and the Athletic Campaign. The Maryville type of education—education for service—is the great end of the old College still. You and I, as sons and daughters of Maryville, are convinced of the world's need for this type of training for the generations facing college. We see that Maryville needs athletic equipment to attract men to her halls so that she may teach them her great life lesson. We are all interested in a splendid record for Maryville athletic teams. We would feel that this campaign was justified if its highest aim were to make possible the development of a team that would defeat Tennessee, and rival Centre, and challenge the attention of Tech, but that is not the highest aim of the movement. The highest aim of the campaign is to provide equipment that will make Maryville attractive to men about to enter college—so attractive that they will come to Maryville and so come into contact with the great spirit of Maryville.



No one should feel that his support of this campaign is support of football, or basketball, or baseball merely; it is a campaign for Christian education as truly as any ever launched. Its immediate fruits may be victories over U. T. and Vanderbilt, but its great lasting returns will come if it succeeds in enlisting men for the Great Game of Life in the name of the Master.

Ample Space For Spectators will be Provided; The Second Floor Is To Be Extended to The Same Dimensions as The First.

Coach Honaker, the New Athletic Director

A telegram was received soon after Commencement from former Coach Keifer, saying that it would be impossible for him to leave his present work in Columbus, Ohio. But the College authorities have found a man who, they are sure, will be eminently successful as a coach and physical director.

Athletic Director Lombe S. Honaker, of the Southwestern University of Texas, is the man. Dr. James H. McMurray recommended him very enthusiastically, for Mr. Honaker was in charge of athletics at Lincoln College while Dr. McMurray was president of that institution, and Dr. McMurray was greatly pleased with his efficiency and general manliness. He is sure that Mr. Honaker will score a great success at Maryville.

Coach Honaker is thirty-one years old, and has eight years successful experience in directing college athletics. He has held the position of athletic director in Lincoln College, Penn College, and the Southwestern University, and has won an enviable reputation in being able "to mould raw material into a perfect working human machine", as the "Megaphone" of the Southwestern University puts it in a recent issue. He puts out compact and winning teams. The men "have confidence in his judgment and ability", while "his general agreeableness and strong personality make him liked by the boys, and they work under him willingly."

Archie Haun, Coach of Football, and Track and Field Athletics in Brown University, says of him, "He has had the advantage of two years' work at the University of Illinois Summer School for Coaches and thoroughly understands the methods used in that institution." He speaks of him as "a very conscientious and thorough student of the coaching side of athletics," and says that "the really fine work he has done" proves that he "can undoubtedly make good in any college." He recommends Mr. Honaker as a "coach of more than ordinary ability in football, baseball, basketball, and track."

Mr. Honaker was a letter man in football, baseball, and track at Roanoke College, where he graduated and bore the reputation of being "a thorough and capable student." "His honesty, which stands out in all his athletics and all his other dealings, wins for him a profound respect," says Physical Director Handlin, of Oregon.

During his two years at the Southwestern University, the University, one year, won the championship in basketball in the Texas Intercollegiate Athletic Association, and, the other year, tied for the position. This year, in baseball, the University was second as state champions, and lost only three games; won second place in the T. I. A. A. track meet; and played Texas University and A. and M. to their lowest scores in football.

Maryville is very fortunate in securing the service of Athletic Director Lombe S. Honaker. There is a better day coming in our athletics, with the new student activities fee and the new athletic director.

News of One hundred and Second Commencement

All exercises of the One Hundred and Second Commencement of Maryville College were attended by large and interested audiences.

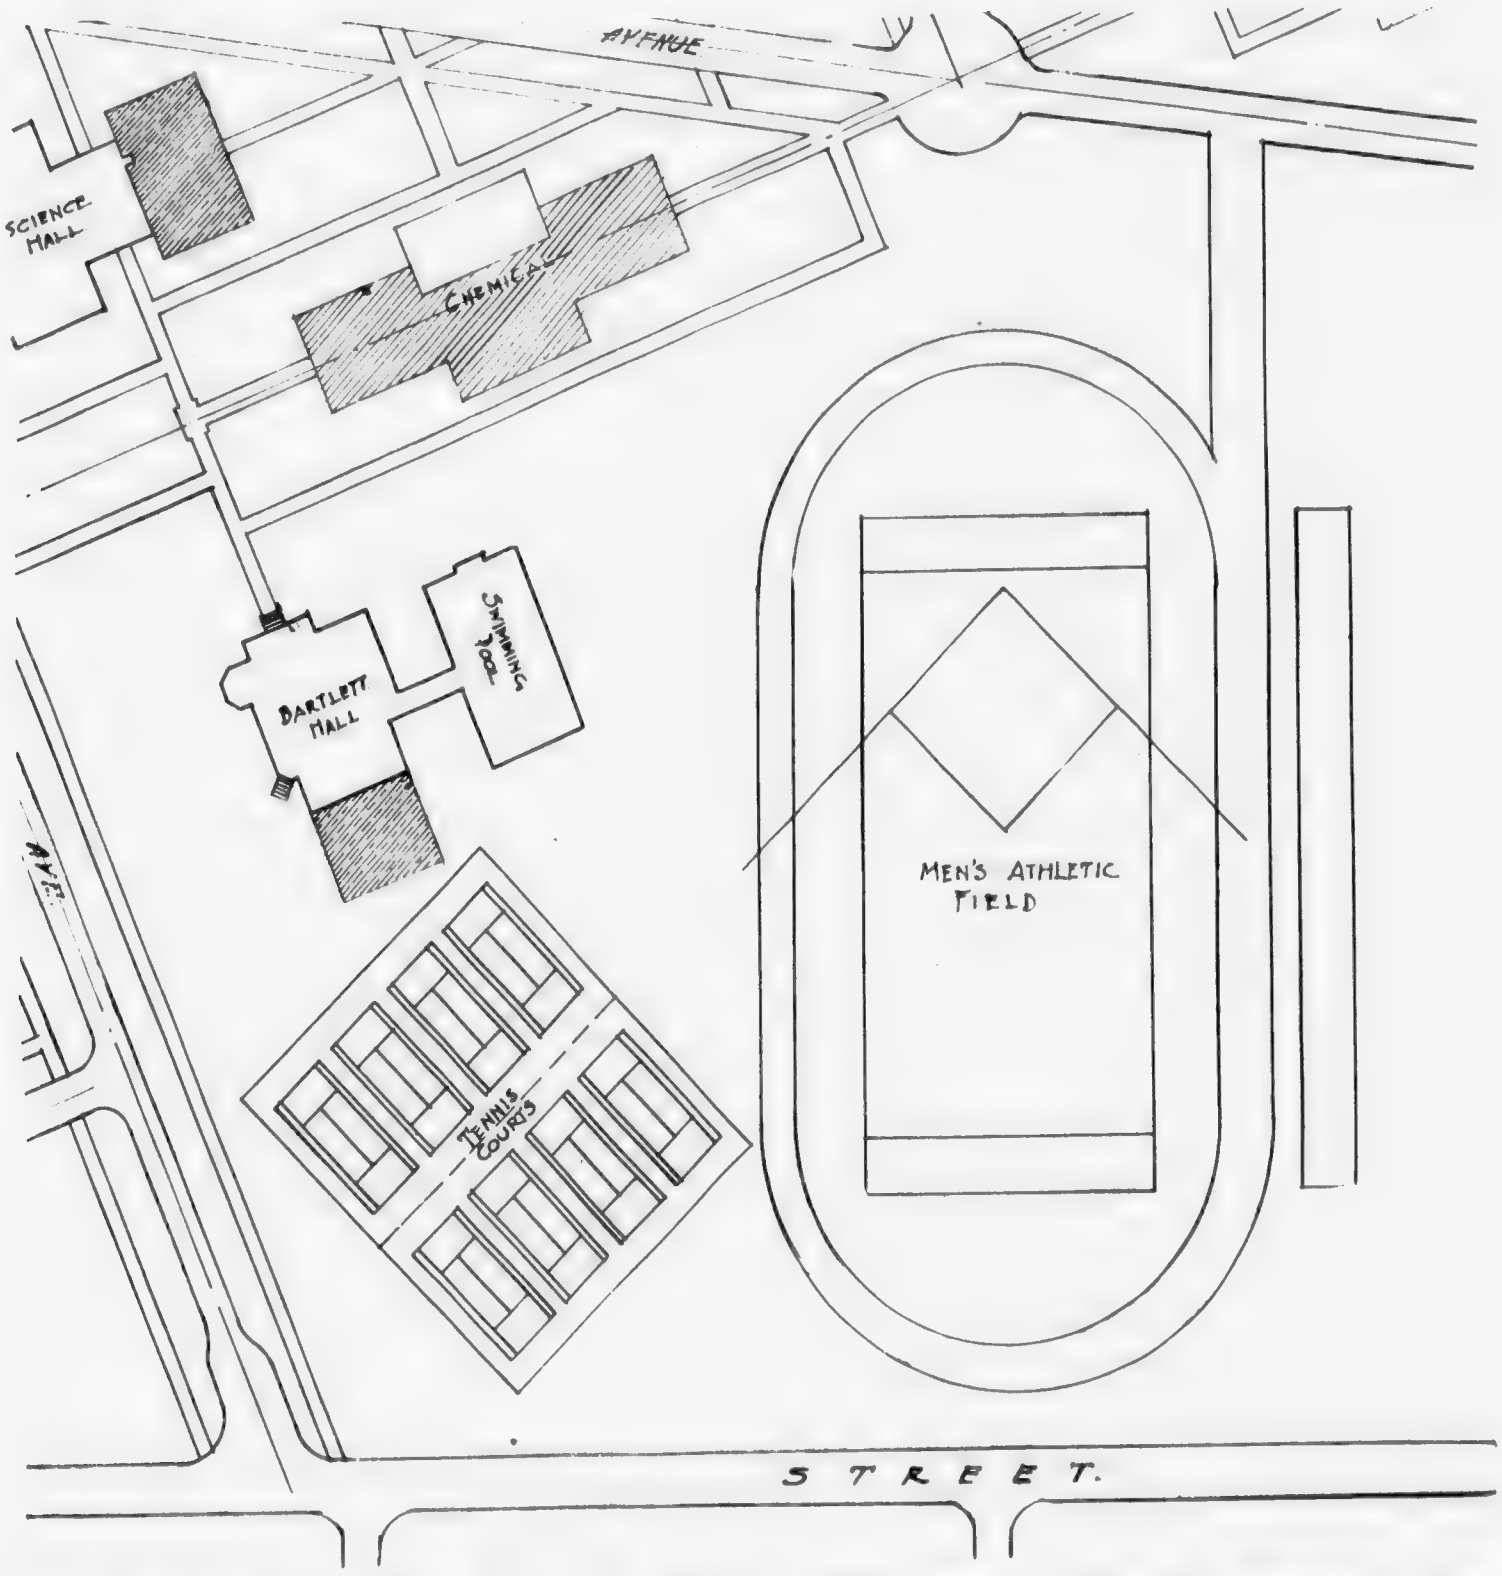
The annual baccalaureate sermon to the Senior Class was to have been preached by President Wilson but, on account of his persistent illness, he was forced to abandon his plan and turn the manuscript of his sermon over to Dr. Gillingham who read it most effectively. This sermon deserves high rank on the long and honorable roll of noteworthy addresses from our great president. The theme was The Power of an Endless Life. The auditors will not soon forget its stirring call to esteem life worthily and to invest it in eternal values.

The annual commencement address was delivered by John Evarts Tracy, Esq., '01. Mr. Tracy is one of Maryville's most successful alumni having won for himself an enviable position in the legal profession of New York City, and having practiced before the Supreme Court of the United States. In the outset of address, Mr. Tracy paid eloquent tribute to his Alma Mater, and then, proceeding into his address, he outlined the responsibilities of the educated man and woman, to grow, to bless others, and to stand for things of the mind and spirit. It was a stirring and practical address.

Two members of the Class of 1871 sat on the platform during the commencement exercises: Rev. Charles E. Tedford and Mr. James A. Goddard. Another member of this half-century-old class, Rev. Calvin A. Duncan, D. D., sent greetings to his Alma Mater and to his class mates. There were five members of the Class of 1871 and that three of them should be living to participate in the celebration of the fiftieth anniversary of their graduation is indeed a notable fact.

Beside the conferring of the baccalaureate degree on the forty-seven members of the Class of 1921, the Directors voted unanimously to confer the honorary degree of Doctor of Divinity on Rev. Charles E. Tedford, '71, of New Carlisle, Ohio, and Rev. Arthur Northwood, of Newark, New Jersey; and the honorary degree of Doctor of Laws on Rev. John Grant Newman, D. D., '88, of Philadelphia, Mr. Luther Boone Bewley, '01, Superintendent of the Public School System of the Philippine Islands, and Mr. John Evarts Tracy, '01, of New York City.

A Catechism for Ex-Maryvillians



Question 1: What is the Alumni and Former Students' Athletic Fund?

Answer: The Alumni and Former Students' Athletic Fund is a fund to provide a modern gymnasium and athletic field at Maryville College.

Answer: The amount of the fund is to be at least $50,000.

Question 4: Will $50,000 provide the desired improvements?

Answer: It is the belief of those who have gone over the ground carefully, and are in a position to give an authoritative opinion, that $50,000 will be sufficient to provide a modern gymnasium modernly equipped and a spacious athletic field with football gridiron, baseball diamond, running track, and ample facilities for accomodating spectators.

This Diagram Shows The Proposed Athletic Field With Gridiron, Diamond and Track. There Is No Finer Natural Location For An Athletic Field Anywhere.

Question 2: Does Maryville College need these improvements?

Answer: Maryville College is in great need of these improvements, for her present gymnasium floor is too small; her locker rooms and dressing rooms are entirely unsatisfactory; her baseball field is uneven; and her football field is not provided with any sort of conveniences for spectators.

Question 3: What is to be the amount of the fund?

Question 5: Why should the alumni and former students undertake this task?

Answed: The alumni and former students

should undertake and discharge this task for four reasons:

(1) All alumni and former students of Maryville College owe her a great debt of gratitude for a high type of education, and for an enthusiasm for service and helpfulness inspired by her ideals and traditions.

(2) The alumni and former students of the College, while they have been loyal and liberal as individuals, have never acted in any concerted way to serve the old College.

(3) The College itself is not able to undertake these improvements on its own behalf because of other pressingly imperative needs.

(4) The alumni and former students of other colleges and universities have done a similar service on a much larger scale for the institutions to which they owe their education.

Question 6: What other colleges and universities have benefitted in athletic equipment from financial campaigns among their alumni and former students?

Answer: The alumni and former students of Princeton, Cornell, Illinois, Ohio State, Wooster, Oberlin, and many other colleges and universities have conducted successful campaigns of this nature.

Question 7: Who will be benefitted by this fund?

Answer: Those who are now in attendance at Maryville College and those who will attend in the future will be benefitted, because it will provide for them adequate and modern facilities for physical development and for the enjoyment of athletic contests. Those who have, in the past, attended Maryville College will be benefitted because it will raise the standing of Maryville among the colleges of the country and will thereby enhance their standing as Maryville men and women.

Question 8: Will this campaign be successful?

Answer: This campaign will be successful only in the proportion that it has the loyal and generous support of each individual alumnus and former student.

Question 9: What should each alumnus and former student contribute?

Answer: The contribution of each alumnus and former student will, of course, be determined by his circumstances. If all who possibly can, will give twenty-five dollars a year for four years, the campaign will be successful. Those who cannot give so much will, of course, give as circumstances permit, and those who can give more will undoubtedly do so.

Question 10: Is there anything beside money needed to make this campaign a success?

Answer: There is one thing beside money needed for the success of this campaign. Maryville College has always counted on prayer above money. All alumni, former students, and friends of the College can and should pray for the success of this campaign.

Question 11: When and to whom should I make my contribution?

Answer: Pledge cards will be furnished to all alumni and former students, whom it is possible to reach, within a short time. Your contribution may be made payable to the Executive Committee of the Alumni Association of Maryville College. Address your correspondence to Professor Horace E. Orr, College Station, Maryville, Tennessee. Professor Orr is in charge of the campaign.

1921 ALUMNI MEETING A ROUSING OCCASION

(Continued from page four)

who managed the great football team of 1906 which defeated Tennessee; Mr. John E. Tracy, famed as a varsity halfback; Dr. William T. Bartlett. second baseman extraordinary of other days; William F. Buchanan, once a varsity baseball manager; Rev. Robert L. Houston. better known on the Hill as "Home-Run Bob" Houston; David J. Brittain, life-long athletic booster of the first rank; and Mrs. Ruth Wilson Phillips, former coed basketball star, all spoke heartily and loyally in support of the movement, out of their own personal experiences with the handicap of poor and insufficient equipment for athletics at Maryville.

Pledges of support were given by the oldest class and the youngest class through Rev. Charles E. Tedford, D. D., '71, and Mr. Lamar S. Wilson, '21. Dr. Clinton H. Gillingham announced the action of the Directors in the creation of the Chair of Physical Education with its incumbent as a member of the college faculty.

The recommendations of the Executive Committee were adopted unanimously, and thus the campaign for $50,000 was launched. At last the alumni and former students of Maryville have found their cause for united action in behalf of their Alma Mater. To this cause and this united effort may they rally with the old time Maryville Spirit!

One Hundred and Second Year of Maryville College Marked by Many Forward Steps

The academic year 1920-1921 has been a year marked by a number of very definite forward steps for Maryville. A list follows which sketches briefly some of these advances:

I. The College has operated for the first time on the semester system. Under this system a greater variety and flexibility of curriculum has been possible, and at the same time the system of majors and minors provided under the new system has mapped out for each student a more carefully specialized training along the line of his particular interest.

II. The new Thaw Memorial Hall is nearing completion. This, the largest building on the campus, is to provide commodious quarters for the Cooperative Boarding Club on its first floor, and for the Preparatory School on its second floor. This new building was made possible by the generous gift of Mrs. Mary C. Thaw, of Pittsburg.

III. The Student Activities Fee will go into operation next fall. By the provisions of this action, each student pays an annual fee of ten dollars which entitles him to attend without charge all athletic games, forensic contests, and lyceum entertainments. It further entitles him to Christian association membership, and to a subscription to the Highland Echo. Sixty per cent of this fee is to go to the support of athletics. This provision doubles the amount heretofore available for current athletic expenses.

IV. The College Department has had a rapid growth. For the first time in the history of the College, the Preparatory Department has fallen behind in the numbers enrolled. The total enrollment for the year was 933 of which the College had 468 and the Preparatory School 465.

V. The Thursday Morning Addresses by the College Pastor, Rev. William P. Stevenson, D. D., have taken the place of the Wednesday night religious services of the College. These addresses have been peculiarly apt and forceful. Their value in the lives of the entire student group is incalculable. Faculty. students, and visitors all testify to the remarkable value of this new factor in the spiritual life of the institution.

VI. The Glee Club Tour, including concerts at Sevierville, Sweetwater, Friendsville, Vonore, and Athens, was a most successful means of advertising the College. The Maryville College Glee Club was. this year, a high-class musical organization which compared favorably with the musical clubs of the larger colleges and universities.

VII. The American Council on Education, which is a union of some fifteen of the great standardizing and accrediting agencies of the country, published its findings last fall in the form of a list of standard colleges and universities. This list contains the names of three hundred and fifteen institutions, and Maryville College is one of seven Tennessee institutions listed by the Council as of the first rank. The other six Tennessee schools named are, The University of Tennessee, Vanderbilt University, The University of the South, The University of Chattanooga, Southwestern Presbyterian University, and George Peabody College for Teachers.

VIII. The General Education Board and The Carnegie Corporation, the two great educational agencies of the country, both came to the aid of the College this year. The General Education Board last summer gave $40,000 conditional on the securing of an additional $60,000 by the College in four years. This spring the Carnegie Corporation gave $50,000 conditional on the securing of $150,000 in five years. These gifts are most timely and will serve in a very practical way in this time of financial uncertainty, but aside from their intrinsic value as money, they possess the great moral value of being recognition, on the part of the two foremost bodies of educational authorities, of the sort of work Maryville is doing in the educational field.

IX. The Department of Physical Education created by the Directors at their June meeting, with its Professor of Physical Education as a member of the faculty of the College will go far toward providing Maryville with the high type of Athletic direction which she needs. This is a most progressive and modern development in the field of athletics.

X. The Alumni and Former Students' Athletic Campaign comes as the final action of this year of progress. Forward steps have been made in all other lines—in academic standards, in spiritual uplift, in material equipment for housing and instruction, in endowment funds for carrying on the educational work of the school, in growth of the college student body—now with a new provision for financing athletics, and for directing athletes, the one remaining thing needed is adequate athletic equipment. $50,000 from alumni and former students will provide a splendid athletic field, a regulation gymnasium floor, and adequate locker rooms, dressing rooms, and gallaries for spectators. **There can be no question about the need, and there should be no question about the outcome of this campaign.**

What Is My Share?

From all who have replied to the correspondence sent out in regard to the movement for increased athletic equipment at Maryville College has come the heartiest commendation of the project. Letters have had such endings as these: "I want to do my part when the time comes." "I want to do my share." "Count on me for my little stitch when you are ready to start." "Don't fail to call on me for my part."

That is the old Maryville Spirit, and that is the spirit that will carry the movement to success.

But What Is My Part? That is a practical and proper question. Unless every alumnus and former student asks that question and answers it fairly and honesly, one of two things will happen: either the campaign will fall short of success, or some one will have to do more than his share. Neither of these things should be allowed to happen.

What Is My Part? It is a well known fact that hundreds of Maryville's sons and daughters are out in life serving at a sacrifice in work of altruistic service, receiving a minimum compensation for a maximum effort. Other Maryville men and women have met life no less worthily, but have been prospered in much greater measure. Perhaps both classes will welcome a suggestion as to what seems a fair apportionment. In general terms, your part is what your circumstances permit you to contribute. All subscriptions, in whatever amount, will be gladly received, but it is believed that, if everyone who is interested in the success of this forward movement for old Maryville, will agree to pay the small sum of $25 a year for four years, the goal of the campaign, $50,000, will be assured. Undoubtedly there are many who will subscribe much more than that and from their contributions will come enough to make up for those who are unable to contribute $25 a year.

My Part, then, is what my circumstances will permit, but I ought to give at least $25 a year for four years if I possibly can, for that much from everyone means victory for the campaign.

As a matter of fact, a great many of Maryville's alumni and former students are systematic givers, who set aside a definite proportion of their incomes for benevolent purposes. The cause of the Athletic Campaign is the cause of Christian Education. It is a campaign with the end in view of making Maryville College more capable of serving her students. If you believe the ideals of Maryville are worth your support through prayer and money, then here is opportunity to place your support where, just now, it is most needed.

$25 a year is less than 50c a week. President Hibben of Princeton estimates that every Princeton man is more than a thousand dollars in debt to his instituion. What do you owe Maryville?

The End of This Issue and The Beginning of Your Responsibility.

MARYVILLE COLLEGE

Established 1819

THE HIGHLAND ECHO

The Highland Echo is a weekly student newspaper serving the Maryville College campus community. It strives to provide fair, accurate and ethical journalism coverage of the campus.

The Highland Echo was first published in 1915 under the editorship of J. Charles Walker, class of 1916. The forerunner of The Echo, the Maryville College Monthly, was published from 1898 until 1915 and is available in the Maryville College Archives.

NEW STUDENTS, WE WELCOME YOU TO THE HILL

ATHLETICS IN MARYVILLE RECEIVE NEW AND STRONG IMPETUS

COACH L. S. HONAKER COMES TO MARYVILLE

PROF. LOMBE S. HONAKER

Athletics are on the boom in Maryville. We have with us a coach who has put forth winning teams in the past and can do it again for Maryville. Coach L. S. Honaker is an athletic expert and has been trained especially for his calling. He has several coaching degrees from widely known and notable coaching institutions and he backs them up with a knowledge of men and an able and practical leadership. Coach Honaker is a very capable man and he is eager to give of his very best to Maryville. Under his efficient coaching the squad should develop rapidly into a smoothly running and very powerful machine. The coach is finding an abundance of splendid material at his command. In fact, popular opinion has it that this year's squad shows more of the earmarks of a winning team than any other squad has shown in many years. This raw material is in the hands of a masterbuilder who will make good. The look in his eye indicates that he means business and his thorough methods are impressing the squad deeply and, sometimes, painfully. But every man has the proper spirit. There's a sort of dogged determination about the way the Highlanders work that presages ill for somebody.

The entire student body is right behind the Coach and we're backing him to win. We've all sold our hammers and bought horns and knocking isn't being worn this year at all. Here's to our Coach and that team of ours!

NOTED WRITER SPEAKS IN CHAPEL SERVICES

Inspiring Address By Guy Manners.

On Tuesday, September 20th. Mr. Guy Manners, noted author, poet, traveller, and orator, was present at Chapel exercises and addressed the student body. Mr. Manners is the author of many widely-read works of fiction and has established for himself a place among America's foremost writers of the present day. During the summer he has been in the hills of East Tennessee completing his latest work, "The Whispering Hills". Mr. Manners has addressed many civic and literary organizations during his visit in this locality. He is an exceptionally strong speaker and his audiences have been very appreciative.

Mr. Manners' address to the student body dealt with the opportunities and responsibilities of the college man or woman. The speaker said, in part, "You are living in a period when ideals are being crashed about you, when men are striving to disprove God's word. We must come back. Yours is the task. The master criminal of this world is vicious ignorance. You may build the master lock which will bar the door against him. It is for each of you to carry out the sacred traditions which were founded here one hundred and three years ago. Progress—but progress a little bit backward. Back to the blessed period when mothers taught that the sacred quality of spirituality should not be debased."

From a man of Mr. Manners' ability and experience the address bore great weight and was deeply impressive. Such chapel speakers are very desirable and an arrangement whereby more men of such caliber might be obtained would be welcomed by every man or woman on the Hill.

The Echo wishes to thank Mr. J. Rod Armstrong for the service which he rendered in collecting and assembling the Athletic material for this week's issue. Mr. Hunter, the Athletic Editor-elect was not chosen at the time of our going to press and Mr. Armstrong performed the task in very able style.

HIGHLANDERS RECEIVE THEIR FIRST WORKOUT

"The Team Looks Good" Says Coach Honaker.

Even to an outsider who knows very little of football or football players the turn-out which answered Coach Honaker's call last week was amazing. Latent power and ability were everywhere in evidence and Manager Sullivan assured us that the squad is the best in many years. Sullivan said, in part, "We won't be able to tell until after the Knoxville High game next Saturday just how the team is, but it looks fine."

As to numbers, the squad eclipsed that of last year by a healthy majority. By the third day over forty men had reported and the twentieth of the month should see fifty uniformed Highlanders on the athletic field.

But numbers are not the only attributes of the squad, for every member is a worker and all of the men have the spirit of which victors are born. They all have possibilities and all are showing up well. Not only this, but there are over twenty old-timers in the lot who have played inter-collegiate football before. Among these veterans are numbered, Ford, captain, and Sullivan, manager, two of the hardest hitting tackles in the south, both stars of the year's team, McHaffin, one of the best linemen Maryville has ever seen; Hendrick and Wyncoop, runningmates, both ends of stellar ability; and last, but by no means least, Jean McMurray, whose accurate passing featured the memorable Roanoke game and other games of last season; and Sullinger a reliable fullback of sterling ability.

Among the members of last year's squad, men who contributed much to the success of the season but failed to make the Varsity, are, King, a brainy little quarter, and three fast backs, Ryburn, McCall, and Janovisky.

The new-comers, men who are donning the Orange and Garnet for the first itme, present a formidable array. From Cumberland University comes Dinwiddie, a great 237 pound guard, who is followed closely in weight by Thrower, the 200 pound Texan, also a terror in the line. Rice, a heavy strawberry blonde hails from Birmingham Southern; Secor, an all-around man, comes from Blackburn the two Williams brothers, Baxter and Roger, old on the Hill but new in Maryville moleskins, are from Knoxville; Schmitt, a 200 pound line-smasher comes from Lane Tech; Parker, a shifty back, has played splendid football in Knoxville; Hill, a smashing lineman and a bright prospect, comes from tempestous West Virginia.

Then, add to this list the names of those who are yet to come, among them, Acton, one of the cleverest backs in Alabama, and McClain, a Howard College artist.

Results are written all over the squad. There's no way around it. Captain Ford says "It's a fine bunch and looks like the best defensive team Maryville has ever had." Hobart has seen many Maryville teams and he knows what he's talking about.

It only remains to be reported what the coach, a master builder of winning teams, thinks of the material provided for his handiwork.

(Continued on page seven)

MARYVILLE WELCOMES EIGHT NEW MEMBERS INTO FACULTY

CORPS OF INSTRUCTORS GAINS LEARNED AND VALUABLE ADDITIONS.

Maryville is quite fortunate in being able to welcome as part of the teaching force seven new members of great strength and ability. Under the efficient guidance of these instructors the work in their respective departments will be greatly strengthened and increased in value.

The chair of Modern Languages will be filled by Professor George B. Hussey, Ph. D. of Newbury, South Carolina. Dr. Hussey received his B. A. from Columbia University, New York City, and his Doctor's degree from Johns Hopkins. He has done graduate work abroad in Paris and in Spain, making two foreign tours. Dr. Hussey is a man of very pleasing personality and has already made many friends among the student body. In an interview with an Echo representative he expressed interest in all student activities, particularly in tennis. In that connection he commended very highly the work of Coach Honaker and the splendid work of the football squad, remarking that this year's squad surpassed the squads of any institution of Maryville's class which he [illegible]. Those around the student body who pursue the gentle profession of Moonshining may find encouragement in the knowledge that Dr. Hussey is an ardent advocate of the particular branch of the curriculum, having once directed his energies along the same line. "The ratio of the sexes here is quite favorable," said Dr. Hussey. "In my college there were about five boys to one girl. Here I find there is a gratifying majority in the opposite way. Thus, much annoying competition is eliminated."

PROF. W. L. HYDEN

Professor William Leonard Hyden, M. S. comes to Maryville from Lafayette College in Eastern Pennsylvania where he recently took his Master's degree. Professor Hyden received his B. S. from Cumberland University, Lebanon. During his course there he won a letter in basketball and was active in various other forms of student activity. As head of the Chemistry department Professor Hyden has planned a systematic course embodying much interesting and instructive material. Yet, his interests are not confined to ill-smelling laboratories and dense, asphyxiating fumes. Like Dr. Hussey, Professor Hyden exhibited enthusiasm as he spoke of Maryville's prospect in all forms of athletics.

Mrs. Mary McDermid Minton, a graduate of Ripon College, Wisconsin, for eleven years a missionary in Mexico, and recently a teacher in Union College, Barbourville, Kentucky, comes to teach Spanish. Her wonderful ability has made itself felt many times already.

Miss Mildred Wheelock, who teaches French and Spanish, is a graduate of Mount Holyoke, Massachusetts. She has studied at Columbia and has had quite a distinguished career as a teacher. Her home is Southbridge, Massachusetts, and we welcome her to Tennessee.

Miss Wilhelmina Holland, whose home is Seale, Alabama, comes to teach expression and physical training. She is a graduate of the Leland Powers School and also of Northern Female College. She has recently taught at Central College, Lexington, Missouri. She thoroughly believes in training both mind and body.

Miss Eleanor Crawford, a graduate of Worcester College and especially trained by Professor Rowe [illegible].

Miss Glenn Froneburger, after graduating from Carson-Newman College, Tenn., studied piano under an eminent professor of Chicago. She, also, teaches music.

Miss Nannie Bird who is also a graduate of Carson-Newmon College and who has had much training under private teachers comes to teach free-hand drawing and art.

HIGHLANDERS' FIRST OPPONENTS LOOM OVER HORIZON

Knoxville High School Brings Young Hopefuls For First Game.

Coach Pete Siler of Knoxville High School's eleven is priming his youngsters for the little reception which is being planned for them by Coach Honaker and the Highland wearers of the moleskins. On Saturday the elevens will meet on the Campus field in a fray which will furnish Maryville's huskies their first taste of blood and, rooters are confident, victory.

Siler has strong men on his eleven and they are by no means novices in the art of plunging, sidestepping, punting, sprinting and divers other phases of the game. Many of them are veterans who have made enviable records in past seasons. In fact, a berth on Siler's eleven is practically the assurance of a future position on Bank's Tennessee outfit. Keister, who is impressing fans by his stellar work on the Orange and White machine, was last year a hard-hitting star on the Blue and White eleven which Pete coached through a very successful schedule.

Coach Honaker expects to catalog each member of the squad partially from the showing which is made in the first game. Realizing this, each man will be on his toes and intercepted passes, 100 yards runs, touchdowns, and other bits of evidence of ability are greatly to be desired.

COACHING THE COACH

Our new coach has arrived on the scene. He is in the midst of his new task: the placing of Maryville College athletics on a footing equal to the best. But as Coach Honaker said at the "Y" reception last Friday night, "We cannot expect to have our highest hopes realized in three months, in a year or probably not in four years."

Coach knows he has a hard row to hoe and he also knows that there are many weeds to be extracted, the accomplishing of which will take time and work, but if he should just take a little coaching from the "know-it-alls" his burdens would be greatly lightened and the row somewhat shortened—not.

Coaching the Coach seems to be a desired pastime by many old students on the Hill. Oh, how many of the sagey sages running loose here and elsewhere would like to tell the Coach a few things! For instance: as to keeping up the morale of the team. Maryville men like this or that; it is essential to the obtaining of the best results that pie be served more often and that less strenuous workouts be more frequent; that scrimmaging should begin on fourth practice day; that U. T. should be met by defensive playing and players and the offensive work need not be worried about; that a training table is not necessary; that this should bed one or that should not be, etc., etc. without end. Are you one of the self appointed coaches? If so, about turn and offer yourself for service and not as a giver of advice.

To try to coach the Coach is to make his row harder to hoe. He, a quiet and observing man, has an open ear for helpful hints and encouraging remarks; for worthy news or known facts, but he would rather not be bothered with sideline coaches.

Rather let us rest assured that our new Coach knows enough about football and football men to know what it will take to get U. T.'s goat; that he knows the standing of athletics at Maryville College; that he knows how to manage a team without being worried and handicapped by those who would show him how it was done; and let us rest assured, he is going to do his best for Maryville.

Our outlook on athletics for this year should be the rosiest. Nothing but optimism should reign in the sport atmosphere all through the year. It is our part not to bother and worry the coach or make his task harder, but to endeavor to keep up the students' morale; to boost the teams and the athletics of Maryville, and let experience, backed by sound judgment and reason, be our Coach's Coach.

BELOVED AND RESPECTED DIRECTOR OF COLLEGE PASSES AWAY

Rev. R. L. Bachman, D. D., a former pastor of the Second Presbyterian Church of Knoxville, and a director of Maryville College, died on September 21 at Chamberlain Memorial Hospital, Rockwood, Tenn. at the age of 77 years. His death followed a long illness.

The body will be taken to Utica, N. Y. wher the funeral and interment will take place. Accompaning the body will be the Rev. J. C. Orr, Rev. J. H. Miller and Mr. and Mrs. F. H. Rymer, daughter and son-in-law of the deceased, and Rev. J. W. Bachman, D. D., of Chattanooga, the only surviving brother of the deceased.

The late Rev. J. Lynn Bachman, D. D., of Sweetwater, one of the best known and most respected ministers of his time, whose death occurred about two years ago, also the late Dr. Nathan Bachman, formerly pastor of the Second Presbyterian Church, before Dr. R. L. Bachman came to Knoxville, were brothers of the deceased. The deceased is also an uncle of Nathan Bachman, associate justice of the Supreme Court of Tennessee.

Rev. R. L. Bachman, D. D., was born on the plantation Roseland, near Kingsport, Tenn., June 14, 1844. He voluntered in the Sixtieth Tennessee regiment C. S. A. in 1862 and served as a soldier of he line until the close of the war. Graduating from Hamilton College in 1871, Dr. Bachman took the Clark prize for oratory, and was made a member of the Phi Beta Kappa society. He went to Auburn Theological Seminary in 1871 and graduated in 1874. After serving for twenty-two years as pastor of churches in Fayetteville and Utica, New York, Dr. Bachman came to Knoxville and served as pastor of the Second Presbyterian church from 1896 until 1911, when he went to Jonesboro, Tenn.

Dr. Bachman was widely known and respected among a wide circle of friends. He was always a staunch friend and supporter of the College, and rendered valuable service as a member of the Board of Directors.

THOSE RECEPTION COMMITTEES

The members of the Y.M. and Y. W.C.A.'s evidently believe in getting in on the ground floor of their year's work on the Hill. Any Freshman will agree to that proposition. In fact, any student, regardless of his or her classification, who has observed closely during this first week will vouch for the industry of these wearers of the white ribbons. They have been unremitting in their efforts to impart Maryville's most sincere and genial welcome to newcomers, and to quicken in returning students the genuine spirit of fellowship which has always been prevalent on the Hill. Arriving in Maryville three days before the day set for the opening of registrations the members of the cabinets of both associations convened at Montvale in conference on methods and plans for the year. Returning on Monday they immediately began the work of meeting trains and receiving new students, a task which they performed in a manner quite worthy of our highest commendation. "Following up", information tables were installed, proving veritable oases in the dry and barren land of the registration room. And the work hasn't stopped, or even slowed down, yet.

This, we believe, is the true spirit which prevails among the students at Maryville. It is a spirit of mutual helpfulness and cooperation, of "big sisters" and genuine fellowship

We like this idea of introducing new students to the spirit of Old Maryville as our Associations have done.

Here's to the "Y's", may they never become otherwise.

First Game Tomorrow!
Everybody Out!

MISS ZORA ALICE HENRY

Friends of Miss Zora Alice Henry learned with deep regret of her death on September 10th, 1921 at the home of her parents, Mr. and Mrs. S. G. Henry, Vestal, Knoxville, Tennessee.

Proir to the failure of her health a few years ago, Miss Henry was a student of the College. Her preparatory work was finished in the Preparatory Department on the Hill and at the time of her collapse she was a member of the Junior class of the College. Upon entering College Miss Henry's intention was to specialize in the Bible Training Department and in pursuit of her plans she finished the entire Bible Training Course. Later she was prevailed upon to direct her efforts toward the degree of Bachelor of Arts. Her class work was of the highest type and she attained a degree of excellence seldom reached by any college student. During the prolonged absence of Dr. Gillingham Miss Henry conducted all of his Bible classes for almost an entire term of three months, accomplishing the task with wonderful success. Miss Henry was a thorough and conscientious student and a young lady of sterling merit and character. She stood high in the esteem of all who knew her and her death causes great sorrow in Maryville circles.

ALUMNI NOTES

Mr. Frank McLaughlin, '21, recently left for De Funiak Springs, Florida where he will begin his work as coach of athletics and instructor in the departments of English and Economics.

J. Granville Sims, '12, Commander of the Captain Lones Post of the American Legion, Maryville, was elected First Vice-Commander of the State at a meeting at Chattanooga, July 1st. and 2nd.

Miss Grace Carnahan, '07, has been doing graduate work during the summer at Ragneres-de-Bigore, France.

MINNIS—RUSH

Mr. and Mrs. Charles Caldwell
announce the marriage of their
sister
Miss Sabina Blanche Rush
to
Mr. William Edwin Minnis
on Wednesday, September fourteenth
One thousand nine hundred and twenty-one
New Market, Tennessee.

Mr. Minnis is a Maryville Alumnus, graduating with the class of 1890.

LOST: Waterman Ideal Fountain Pen. Finder please return to the College Lost and Found Department and receive reward.

WHICH ARE YOU?

The two kinds of people on earth I mean
Are the people who lift and the people who lean.
Wherever you go you will find the world's masses
Are always divided in just these two classes.
And oddly enough, you will find, too, I ween,
There is only one lifter to carry twenty who lean.
In which class are you? Are you easing the load
Of overtaxed lifters who toil down the road?
Or are you a leaner who lets others bear
Your portion of labor and worry and care?

—Ella Wheeler Wilcox.

In Ohio they tell the story of a farmer who brought his son to College. Upon finding that the course required four years for its completion the fond father raised strenous objections.

"Well", replied the Dean of the College, "the course could be shortened. God takes twenty years to make an oak, but He can make a squash in two weeks."

PERSONALS

James J. Bevan, '23, has returned to his home at Westbourne, Tennessee, after remaining on the Hill during the opening week. Mr. Bevan's credits are so numbered that work during the first semester is unnecessary for his graduation in 1923. He will return, however, for next semester's work.

On Saturday, September 16. the Seniors signed contracts for class rings with Herf-Jones Co. of Indianapolis. No shipments will be made at present.

After two years of pre-medical work at Vanderbilt, Fount Robinson, an ancient landmark, has resumed his courses at Maryville. Mr. Robinson is enrolled as a member of the Senior class.

Miss Merle Hickman, one of the new girls, has been very ill in Lamar Hospital, but she is able to be out again at present.

Louise Sheddan, of the class of '23 left for her home in Florida last Sunday after receiving word of the death of her moher. t

Miss Nannette Walker was ill in Lamar Hospital last week. She is suffering from poison ivy. (Too much Montvale, Nan?)

Misses Katherine Wilson and J. Lynn McClung entertained with an informal "feed" recently. Those present were, Elizabeth Moore, Jennie Montgomery, Helen Ott, Lina Hodges, Mary Tippitt, and Augusta Tippitt.

Miss Jennie Montgomery was the guest of Miss Katherine Wilson last week-end.

Friends of Miss Rebecca Young will be very glad to hear of her marriage. Her husband is engaged in Jewish relief work.

During the vacation season many events have transpired, notable among which are many weddings of interest to Maryville students and friends. We have been unable to secure exact data concerning each of these nuptials and we are, therefore, devoting this space to the mention of such of these happy occasions as have been brought to our notice.

To Maryville's long list of College romances another was added by the marriage of Mr. Percy W. Buchannan, '22, to Miss Clara Browning, a former student on the Hill.

The student body is never without perpetual moonshiners. Their newest acquisition is Mr. Cazwell G. Johnstone, '24. Mr. Johnstone and Miss Pauline Legg, of Maryville, were happily united in marriage at a recent date.

On June 15, 1921 Miss Aletha Purdy, '20, became the bride of Mr. Roscoe E. Martin.

In a letter to the Registrar dated July 12, 1921 Mr. David H. Briggs, '19, known better as "Sheeney", announces that he has accepted a position as teacher of Mathematics at Henderson, Kentucky. Mr. Briggs mentions incidentlly that he is a Benedict and is happily installed at housekeeping.

GODDARD-LASSFOLK

Mrs. Mary Lassfolk
announces the marriage of her
daughter
Ruth
to
Mr. Valta Francis Goddard
Wednesday, June fifteenth
Nineteen hundred and twenty-one
Crosby, North Dakota

Mr. Goddard is the son of Mr. and Mrs. Nathan Goddard of this county. He is one of the prominent citizens of Crosby, and for three years has been superintendent of his Sunday School.

Miss Lassfolk has been teacher of music in the Crosby city schools for the past year.

SUNDAY MEETING
SEPTEMBER 18, 1921

There are certain vital and powerful traditions of the moral and spiritual life of Maryville College that have been handed down to the students, through its leaders, from the days of the founder Dr. Isaac Anderson.

Sunday it was the privilege of the Y. M. C. A. to hear President Wilson speak about these traditions. There is a belief, he said, underlying and running through the traditions of our college that the Christian religion is true. This supreme belief has been confirmed not alone by the incomparable life of Jesus but also by the experiences of our own lives and the lives of Dr. Anderson, Professor Lamar and others who have had the interests of this College at heart. Since we believe that the Christian religion is true it is our duty to conform to the doctrine of God in practice and precept. We must not conform to the world but with the fear of God in our hearts resist evil even unto death. Everything that we do should recommend Jesus to others. We must carry out the traditions of the College learned from Jesus persevering unto the end.

THE HOUSE BY THE SIDE OF THE ROAD

There are hermit souls that live withdrawn
In the place of their self-content;
There are souls like stars that dwell aprt
In a fellowless firmament;
There are pioneer souls that blaze a path
Where highways never ran.
Let me live in a house by the side road,
And be a friend to man.

I see from my house by the side of the road,
By the side of the highway of life,
The men that press on with the ardor of hope,
And the men tha are faint with the strife,
And I turn not away from their smiles and their tears—
Both part of an Infinite plan.
Let me live in a house by the side road,
And be a friend to man.

I know there are brook-gladdened meadows ahead,
And mountains of wearisome height,
That the road stretches through the long afernoon
And passes away to the night.
Yet still I rejoice when the travelers rejoice,
And weep with the strangers that moan;
Nor live in my house by the side of the road
Like a man that lives alone.

Let me live in a house by the side of the road,
Where the race of men go by.
They are good, they are bad, they are weak, they are strong,
Wise, foolish; so am I.
Then why should I sit in the scorner's seat
Or hurl a cynic's ban?
Let me live in a house by the side of the road
And be a friend to man.

—Sam Walter Foss.

WATCH FOR THE "Y" HAND BOOK

Although circumstances seemed to have conspired to delay the publication of the Maryville College Hand Book, edited by the Y. W. C. A. and Y. M. C. A., yet the volume is expected to be ready to be placed in the hands of the students this week. The little book will be given to all new students as a gift from the Associations; old students will be asked to pay a fraction of its cost in return for it. The "Handy Hand Book" is intended to serve the students, as a guide and source of information, throughout the year and in spite of its late arrival is expected to meet with a hearty welcome on the Hill.

ATHLETICS

TEAM STRENGTHENED BY NEW ADDITIONS

Acton and McClain Hove In

Together with "Slim" McGinley who acted as reception committee, Acton and McLane hove in Thursday on the 6:45. A sizeable crowd greeted them at the old yellow shed and welcomed them to old M. C.

Both are football men of rare ability and show signs of strengthening the M. C. backfield in time to annihilate U. T. the first.

Acton is a Howard College football star, one of the fastest backs which the South has seen in many a day. He is also the best basketball running guard of which Dixie boasts. And on the diamond has to run sideways to keep from flying! (Bax Williams swears to this). However, as we have no proof of his aerial abilities let it suffice to say he is so speedy he has to wear furs to keep from freezing to death when he runs around end. (We got this latter from "Slim". Baxter who saw him play in Birmingham, so it must be the truth). McLane from the same seat of learning is also a capable back and a classy infielder who should make a valuable addition to the M. C. athletic family.

MARYVILLE POLY PLAYS SCRUBS TO A TIE

Maryville College Scrubs played Poly to 0-0 tie Thursday. It was some game. Poly with her usual refereeing ability got away with both kick offs, but the Scrubs rallied and held them time and time again.

The Scrubs also made several spectacular gains among which was Caruso McClung's dash around end that impressed every body (even his own coach) so they say.

Janovisky, however, played the best game for the Scrubs, being the most consistent backfield gainer.

A few more minutes of play would no doubt have seen the score changed as Maryville was in scoring distance.

Poly easily outweighed the Scrubs and used their weight to a telling advantage in their plunges. Clemons and Chandler starred for Poly.

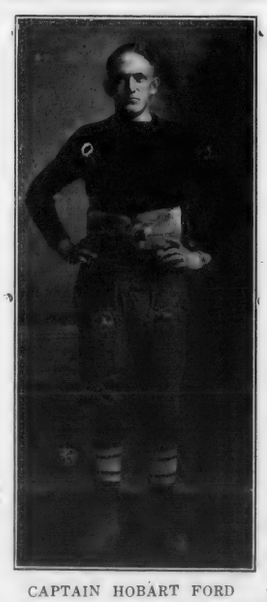
TENNESSEE PREPARING FOR FRAY

Several New Men Show Class In First Scrimmage.

U. T. had her first scrimmage Monday and several new men showed class. Among them was Earl Keister, who will be recalled as the Knoxville High School forward who distinguished himself in the M. C.-K. H. S. basketball game of last year. His scrub touch-down was, no doubt, just as much a surprise to Coach Banks as the drubbing the Highlanders will issue to him on October the first will be.

With Keister was Clayton, the quarter from Iowa whose experienced handling of the team was pleasing to watch. Clayton is also a fair punter and he and Roe Campbell will no doubt succeed the late Mr. Hatcher of the clever toe. He also passes well and will fit nicely into the U. T. machine.

Several changes have been made in the line, among them being the shift of Evans from end to guard, as the "Banks Shift" requires speedy guards. Holt is also playing end instead of full and shows signs of staying there, that is, until Vowell, the crack end of the 1916 eleven returns. Vowell will probably play end with Lindsay, the much touted All-American, as his running-mate.

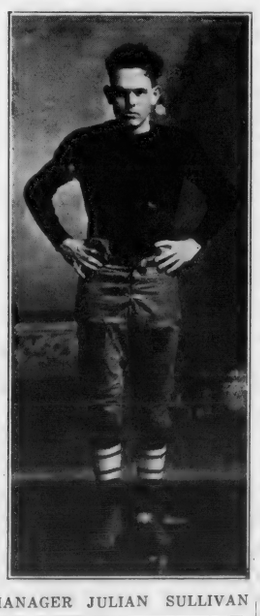


Tennessee plays Emory-Henry Saturday for her first game. "Chink" Lowe, a former Tennessee star will referee.

M. C. CRIPPLED

"Cec" McLaughlin Injured

Friends of the admirable Cecil McLaughlin will be sorry to learn that his experiment turned out somewhat detrimentally to his good looks.



Mr. McLaughlin is suffering from an acute contusion of the cuticular tissues surrounding the major optic, in other words "Cec" tried to block one of McMurray's punts with his eye. He did block the punt, but he also blacked his eye. Hurrah for the one-eyed wonder.

CAPTAIN HOBART FORD

Coach McGowan is up at C. & N. making a winning team. At least, so says the "Orange and Blue" the official organ of the school.

We can only say that we wish him all of the success our own coach is having. McGowan has a squad of forty men working and a good team is expected.

MANAGER JULIAN SULLIVAN

Among the recent visitors to College Hill who are interested in Sports were John Hendrick of the helfy hoof and Ad Cullis the stellar end of the 1919 Season. Such visitors are always welcome to the Hill for they remind us of the time when Maryville played football as she will play this year, and always did! To cleanly win.

Y. M. AND Y. W. C. A. CABINETS CONVENE

Plans and Methods Studied at Montvale.

On Saturday, September 10th, just before the opening of school a group of old students arrived in Maryville. They were members of the Y. M. and Y. W. C. A. cabinets and Blue Ridge delegates who came back early for the purpose of planning the work of the Y. M. and Y. W. for the opening week and also for the year.

The conference was held at Montvale and everyone was taken over in the College truck. The first evening was given over to a social hour and a general good time. The Maryville girls at Montvale were in charge and under their direction the evening was filled with "snappy" and enjoyable entertainment.

Sunday morning the purpose and problems of the conference were brought before the separate, and later, the joint cabinets, and the plans, aims and hopes for the year were discussed. In the address of the morning Dr. Wilson spoke on "The Opportunity of the Associations in Maryville This Year", and showed the different kinds of service to be rendered on College Hill in a very inspiring and helpful way.

The final meeting of the conference was a sunrise service at the lake Monday morning, when the resolutions of the conference were presented and acted upon.

After breakfast the truck appeared at the door and everyone climbed on filled with the enthusiasm and spirit of the meeting, feeling themselves eager for the work that was waiting for them in, what promises to be, the best year in the history of the Associations.

In the course of the conference the following resolutions were adopted:

Adopted Resolutions Compiled For The Y. M. C. A. And Y. W. C. A. Montvale Conference, September 10 to 13.

The Committee on Resolutions met on the evening of September 11, 1921 and compiled the following resolutions which are now presented to the ones here assembled in the last session of the Conference for acception, rejection, or correction.

Whereas, The Officials of the Maryville College Y. W. C. A. and Y. M. C. A. deemed it advisable to hold some form of a setting-up conference—for the purpose of outlining the Fall Program and getting all Workers into the spirit of service preliminary to the opening of Maryville College, and

Whereas, The said Conference was satisfactorily planned and is now drawing to a successful close, and

Whereas, The Montvale Management and the Executive Committee of the Conference have been quite instrumental in making the whole Conference a noteworthy success, and

Whereas, The College Officials, Faculty members, Church representatives and Friends of the Associations have given us strong support and backing during and before Conference, be it therefore highly Resolved:

1st. That those Officials of our Organizations who thought out and planned the Conference be duly thanked, and

2nd. That the personnel of the

(Continued on page seven)

Y. W. OPENS WITH JOINT MEETING

Splendid Session Held in Chapel Sunday.

The opening meeting of the Senior and Junior Y. W. was a joint session held in the chapel Sunday afternoon, being led by Miss Jones and Miss Bevan.

The subject under discussion was "Friends, Old and New" being especially appropriate for the first meeting. After a few introductory remarks by the leader the meeting was thrown open to the old girls who told something of what college friendships had meant in their lives and also of the necessity of cultivating the one great friend, Christ.

But what seemed best of all was the splendid talks by several of the new girls. They spoke of how much it meant to them to know that friends were waiting to receive and welcome them, which was possible through the Big Sister Movement, and also felt that there was a thoroughly friendly spirit here on the Hill.

The attendance of the meeting was very good and it is hoped that it will be continued throughout the year.

Music which was enjoyed by everyone was furnished by Anna Mae Holand and Mary Elizabeth Clements.

Athletic Editor Chosen

At a meeting of the Athletic Board of Control Wednesday, Mr. Van Hunter was elected Athletic Editor of the Highland Echo. Mr. Hunter possesses great ability and has done much for athletics in Maryville this year. He has the support of the Coach and the team and we wish for him a successful season as a member of the Echo staff.

CANDY KITCHEN For Sandwiches

MINISTERIAL ASSOCIATION MEETS

First Meeting Furnishes Splendid Program.

About thirty young men gathered in the auditorium of Bartlett Hall, Tuesday evening for the initial meeting of the Ministerial Association. Mr. Stanley Lange, the President of the Association made an address of welcome to the new students, and five of the new men signified their willingness to cast their lots with the organization.

The Special feature of the program was the reports of the young men who spent their summer vacation in home mission work or in teaching in the mountains of Kentucky and Tennessee.

Mr. Charles Dilworth in his quiet and unassuming way told someth of the country and people. He said that there were no railroads, pikes, buggies, or even bicycles in the entire county. Every branch, every river, every mountain and hill has been given some name by the natives, such as Buzzard Roost Mountain, Greasy Creek, Owl Nest river or the town of Cutshin. Human life has very little value in the eyes of the people. The dress of these mountain people is typical. They have no education, are very superstitious, and need our help.

The second speaker was Mr. Edgar Martin, who told about the social life of the summer vacation. The Maryville boys took a long hike in the mountains before returning to school. The social life of the people centers in bean stringing and other gatherings, which usually end in a dance or jig by some experienced performer. But the real enjoyment came from the opportunity of getting near to God in His world of nature.

The Educational and Spiritual needs of the People was the topic of the third discourse, given by Mr. Ralph Armstrong. Some of the facts he gave were indeed shocking. He said in the entire county in which they were teaching, there is not a single high school. There is money enough to build and keep up one, but there is no interest in it on the part of the people. Of the thirty teachers in the county, twenty-three have never been in a high school, and the majority of them had not completed eighth grade work.

The religious conditions are also deplorable, but the people are very desirous of making them better. The nearest church was twelve miles

ATHLETIC CAMPAIGN STILL PROGRESSING

Returns Very Gratifying Needs Still Great.

Most of those who read this issue of the Highland Echo have been informed from time to time during the summer of the progress of the Alumni and Former Students' Athletic Campaign. But, at the risk of repeating ourselves, and for the benefit of any who may not have received the various bulletins and circulars which were issued, we shall recount in brief the history of the campaign up to the present.

The campaign began at the annual alumni dinner in Pearsons Hall on June 9. At that time nearly three thousand dollars were pledged as the first contributions to the fund of $50,000 which is to give Maryville a modern gymnasium, and a first-class athletic field. The campaign was carried forward from that beginning under the management of Professor H. E. Orr, '12 with Professor E. R. Hunter, '14 as Publicity Manager. The headquarters of the movement have been on College Hill, and, in the main, the campaign has been carried on through the circularization of the alumni and of as many former students as it was possible definitely to locate.

The mailing list of the former students, not alumni, has been a source of dissatisfaction to the management, because it was impossible to secure correct addresses of hundreds of people whom the campaign literature should have reached. Up to the time of the beginning of this campaign, no effort had ever been made to keep a correct roll of the addresses of these former Maryvillians, and consequently, while an almost complete record of the graduates of the College was available, the former-student roll was most unsatisfactorily incomplete and inaccurate. No one was intentionally omitted from the appeal of the campaign. It was the desire to reach everyone and any failures were the results of unavoidable ignorance.

With a mailing list of slightly more than a thousand names, the circularization was carried forward. A number of printed bulletins were issued and circular letters were sent out frequently. The response was hearty and generous. Up to the present, approximately $15,000 have been pledged. The campaign is to go forward without intermission, for it is the belief of those who have been closest to the situation that the more than four-fifths of the constituency who have not yet contributed will not see the movement fail.

THE HANDICAPS

The obstacles of the movement have been two. First, there has stood the obstacle of financial depression: the tightness of money. Second, there has stood the obstacle of lack of precedent. Maryville College alumni and former students have never acted together for the College before. No more loyal boosters as individuals are anywhere than these same Maryville men and women, but, as an aggregation, we have been short on teamwork. In spite of these obstacles, however, the campaign has more than proved its possibility. $15,000 from less than two hundred people: most of them what the world calls poor people. And eight hundred more, poor, perhaps, but no poorer, who are going to subscribe the other $35,000.

"Oh, its not the guns nor armament, nor funds that they can pay,
But it's close cooperation that makes them win the day,
It's not the individual, nor the army as a whole,
But it's the everlastin' team work of every bloomin' soul."

And both of these obstacles are crumbling. Better times are coming. The campaign is not calling for more than the called-upon can give. And the payments extend over for years. The Bunch is getting together and beginning to work together like a team. We are going to get the close co-operation which we need. We are going to have the everlastin' team work which means victory.

THE ATHLETIC FIELD

The athletic field is to be the first fruits of the campaign. The contract for the grading of the field is already signed and dirt will begin to shift location within a week. The field is to be located out beyond the gymnasium to the left of the present baseball field in a square five hundred feet on each side. This square is to be leveled and inclosed. The fence will be of ornamental wire of sufficient height and strength effectively to secure the field from intruders and yet of such an inconspicuous nature as to detract in no way from the appearance of the grounds as would be the case with a board fence.

Inside this field it is contemplated to lay down a quarter-mile cinder track; to provide a football gridiron; to provide stands and bleachers adequate for the accommodation of at least two thousand spectators; and to provide a baseball field with the home plate four hundred feet from the extremity of the foul lines and nearly five hundred and fifty feet from deepest center field.

This field will be unsurpassed by any in the South, for pains is being taken to make it large enough for any future contingency, and its position and appointments will adapt it admirably to all athletic uses.

THE GYMNASIUM EXTENSION

But, in the midst of our gratification at the securing of the athletic field, we must not lose sight of the other interest of the campaign; viz., the expension of the gymnasium. The field may make a more spectacular appeal but the problem of the gymnasium is more important.

Maryville requires the enlarged gymnasium floor for basketball. As has been pointed out a number of times here and elsewhere, the small box-like room in Bartlett Hall, which we have dignified with the name gymnasium, is a handicap to the training of teams such as cannot be shaken off. Two years ago, our great basketball team went to Centre and beat Bo McMillin, et al. on their own court and thereby attracted the attention of all the South. On the strength of that feat they secured an engagement with Vanderbilt, the prospective champions, and went to Nashville only to lose a hard-fought game. But the point is this: the next night after defeat at the hands of the Commodores, our team went out on the same court, with the experience of the night before in their minds, and trimmed the Nashville Y. M. C. A. Ramblers who had twice previously in that season decisively beaten Vanderbilt. If that great team, one of the best Maryville ever had, had had the advantage of a large home floor, there is little doubt that a Southern Championship was in our reach.

But even more than for the sake of basketball Maryville needs the larger gym for the physical welfare of the whole student body. Only a relatively small number qualify for the squads in the four major college sports and they are those who least need training. The ideal of college physical training is the development of those who need it most and not of those who need it least. Our gym is inadequate for present needs. The student body has more than doubled since Bartlett Hall was built, and Bartlett Hall is no larger than it was twenty-five years ago. The campaign will have done its largest and worthiest service only when it has provided the larger gymnasium for the physical betterment of all of Maryville's students.

THANKS TO THE HIGHLAND ECHO

The Publicity Manager is greatly indebted to the Editor and Business Manager of the Highland Echo for the large and free use of this issue of their paper in the interests of the athletic campaign. The present issue is going out to all of the mailing list. This is perhaps the last time that we shall have this opportunity of reaching all of our mailing list this year through the Echo unless our constituency become subscribers for the paper. The news of the campaign will appear from time to time in the regular issues of this student publication.

It is also our hope to make the Highland Echo Alumni Column more newsy and helpful this year than last. A great deal of interesting alumni news has filtered into our office through the summer's correspondence, and it is our plan to give as much as possible of this news to our alumni and former student readers. A subscription to the Echo will be worth your while.

THE HONOR ROLL

A list of the worthies follows. This is a list of those who have actually made pledges or cash contributions to the Alumni and Former Students' Athletic Fund. A large number of others have expressed an intention to make contributions to the fund, and, of course, a still larger number who have not expressed such an intention in so many words, nevertheless will contribute.

We have felt a desire, as the campaign has progressed, to let whole alumni and former student body know just who they are who have contributed to this forward movement for Maryville College. Those whose names follow are those whom we all delight to honor. Other names will have been added to this list before this issue of the Highland Echo reaches its readers. Names are being added every day. The fact that some names do not appear on this list is not evidence that their bearers are disloyal, but the fact that *these* names are here is evidence that their bearers are loyal. The list:

Rev. John M. Alexander
Mrs. Guy L. Barber
Mrs. Nellie Johnston Beeler
Mr. Roger S. Boardman
Mr. Samuel W. Boardman
Miss Claudia Bogart
Prof. L. E. Bond
Mr. David H. Briggs
Prof. D. J. Brittain

GREETINGS

Its been mighty lonesome this past summer without your peppy crowd and Maryville is happy to welcome you again on the Hill.

The R. H. Chandler Co. is 100% strong for the College crowd and invite you to make our big department store your down town headquarters. We will hold our

FORMAL FALL OPENING

Friday, September 23

and every student is cordially invited to review the new styles of Suits, and Millinery.

Here you will find true exclusiveness—with everything representative of the better fashions and the better clothes for the new season.

And the most cheerful things about clothes are the extremely low prices this season—decidedly lower than a year ago.

R. H. Chandler Co.

C. D. Chandler (Next to Palace Theatre) R. H. Chandler

Students we welcome you back to Maryville. Visit our store often, we keep a young lively bunch that make you feel at home.

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24, a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Write for a copy of the catalog and other literature to

REV. CLINTON H. GILLINGHAM, D. D., Registrar,
Maryville. Tennessee

DEBATE PROSPECTS ARE BRILLIANT

Old Men Return, New Material Promising.

To all appearances Maryville College is beginning one of the greatest and most successful years of all her history. Perhaps the greatest. Who knows?

There's a great future ahead of us this year in athletics. Everyone who has been out to see those big fellows on the football field, and who has seen our new coach in action (and we'll say its *some* action) could never doubt that.

Maryville has always taken high places in every phase of college activity and this year we're going to plant the old standard of Orange and Garnet at the T O P.

But one of the phases of our activity in which we always take the highest honors does not receive much attention at the beginning of the school year, when footbal' eclipses everything but regular classroom work. We speak of our college debating teams.

In past years Maryville's debate teams have been unexcelled in almost every instance. Only last year, in spite of handicaps more or less serious our record was a great one. This year our prospects are good in the highest degree. Practically all the old men are back, and full of pep and enthusiasm. Tom Vance, Chas. McClung, David King, Roy Buffat, Charles Sharp and Sam Franklin, all old men and veteran debaters, are enough in themselves to make the stout hearts of our opponents quiver indeed. But these are not all. Corry, Armstrong, W. Clyde Wilson, Queener, Arnold, and Cornelius, are right in line with the rest, and crying for more opponents to conquer.

But if even these are not enough, we have new men of the most promising type, to bring into the front lines, and if old M. C. doesn't come out on top *this* year, it will certainly be because all our opponents get cold feet and refuse to debate us.

Now, of course it is too soon yet to make any definite announcement of the teams that we will debate. A partial list of the prospective teams however, will be interesting. Some of these teams are, Centre College, University of the South, Wake Forest, and our old friends and strong opponents, Tusculum and Carson-Newman. Others there are to be sure, dark horses that if ever brought to light and arrayed upon the platform of debate against M. C. would make every student on College Hill thrill to their finger tips in delicious anticipation of glorious contests.

We're all back of our football team, we're back of everything that Maryville does, let's get behind this debate program and win everything that comes in sight. Girls as well as boys; get behind it and push,

Oh w have girls' teams too, that we'll hear more of later. They make every bit as good a record as the boys, so don't think that you're out of it girls.

Now let's see every student on the Hill, who can debate, or thinks he can, get lined up for some real debating. Give your name to the coach, Professor Hunter, (and by the way he's the best coach in debate who ever trained a team) or to any of the debaters whose names appear in this write-up, and we will all work to make Maryville teams the champion teams of the country.

Come on fellows, let's go.

BAINONIAN ISSUES INVITATION TO NEW GIRLS

Old Bainonians, you remember the good times you have had in the past. We must get to work now and make Bainonian as good as ever.

New girls, we want you to join us and share in the pleasures Bainonian will offer. We not only want you but need you so that we can make this year's Bainonian the very best ever.

STATEMENT BY DR. WILSON COMMENCEMENT JUNE 8, 1921

When the Centennial Fund of 1919 was planned for in 1915, it was believed that, when secured, it would provide very comfortably for the needs of the College; and that the College might possibly have as long a period without a new campaign for endowment as intervened between the Forward Fund Campaign of 1908 and the Centennial Forward Fund of 1919. But two unforeseen facts prevented that expectation from being realized: namely, (1) the World War and its upsetting of values and its creation of the high cost of living; and (2) the extraordinary growth of the college department, with the corresponding necessity of additional buildings, equipment, professors, and general outlay. These two facts made it evident, long before the Centennial Forward Fund could be paid in, that another campaign for an additional fund would be immediately necessary in order to avert a college collapse. The following figures will make clear the menacing gravity of the case: in in 1918-1919, there was an increase ca's participation in the World War, the total annual expenses of the College amounted to $61,987; in 1918-1919, ther was an increase of $16,015 over these expenses; in 1919-1920, the increase over the preceding year was $14,452.42; making a total increase in current expenses in only three years of $53,982.85, or eighty-eight per cent. The income from the Centennial Fund and from a slightly increased tuition took care of only part of this great increase in expenses.

So another campaign was necessary; but, in these days of financial depression, what solid basis could be found for such an enterprise? The first answer to this query was given by the General Education Board, which had so splendidly helped Maryville in both the other Forward Campaigns. The Board last summer made our new Emergency Forward Fund a conditional pledge of $40,000. And now, on May 21, President James Rowland Angell of the Carnegie Corporation, notified us that the Corporation has made the College a conditional pledge of $50,000! And he added the kindly wish: "We trust that this contribution to your work will be of substantial value to you." And indeed it will be of "substantial value" to us, for it increases the total of the conditional grants to the College to the handsome amount of $90,000; and, with the generous time limit—four years—there can be little doubt that it makes certain the final success of this Emergency Forward Fund Campaign for $250,000, the goal that has been set for the campaign by the Directors. At least $150,000 of this total fund must be given to permanent endowment. The $50,000 that is being sought by the Alumni and Old Students to enlarge the Gymnasium and to make on Athletic Field will count as the final $50,000 of the fund. The task of raising the first $200,000 will be assumed by the college authorities; while that of securing the athletic improvements has, as the result of the result of a recent and spontaneous movement, been assumed by the Alumni and Old Students.

"A great task is before us; but, as in the past, the faithfulness of many friends and the providence of God, will, we are confident, crown our efforts with success. And then old Maryville will be able to respond more fully than ever to the challenge of its ever-increasing opportunities."

Misses Mary Emma Armentrout, Grace Majure, and Virginia Stribling, of last year's department of music, are teaching music this year. Miss Armentrout is at Dandridge, Tennessee; Miss Majure is at the State Agricultural School, Purvis, Mississippi; and Miss Stribling is at Raleigh, Mississippi. Our best wishes follow them.

ENGLISH PRIZES AWARDED

Fitting Honors Bestowed For Literary Work.

At the closing Chapel service last year, Miss Bertha Russell, '24, was awarded a number of volumes of Kipling's works for the best literary production written by any student in the English department of the College. The subject of Miss Russell's essay, or short story, was "The Seal of The Great Divide".

On the same occasion it was announced that Mr. Sam Franklin, Jr. '24, was the winner of the Rush Strong Medal, which is awarded for the best essay on "The Value of Truth". Miss Helen Rankin and Mr. R. A. N. Wilson, Jr. tied for second place in the same contest.

The spirit of competition created by these awards has proved quite a stimulus among English students and greater participaion in future contests is expected. The donors of the prizes are manifesting their interest in student ability in a very material and helpful way and the productions which are offered in the contests are very able and creditable efforts.

THE COLLEGE CONFERS HONORARY DEGREES

On Commencement Day, June 8, 1921, the College conferred the following honorary degrees:

Doctor of Divinity,

Rev. Charles Erskine Tedford, '71, of New Carlisle, Ohio.

Rev. Arthur Norwood, of Newark, N. J.

Doctor of Laws,

Hon Luther Boone Bewley, '01, Superintendent of the Public School System of the Philipine Islands.

John Evarts Tracy, Esq., '01, Counsellor at Law, 128 Broadway, New York, N. Y.

Rev. John Grant Newman, D. D., of Philadelphia, Pennsylvania.

PROSPECTS FOR MEN'S GLEE CLUB GOOD

The Men's Glee Club has made for itself an enviable reputation within the short space of two years. It has been lauded over all Eastern Tennessee. It has now become a permanent organization on College Hill.

The Club has excellent prospects for this year. Most of the former members are back with them. Keen, Herndon and King, second basses; Buchanan and Jennings, firs tenor; Jackson, McClung, Barker, Sullinger, and Waddell, second tenors; and Rowan, first tenor; are again here.

New men were given an opportunity to try-out on Friday and Saturday of last week. Several men with experience in quartette and Glee Club work made good showings. In fact, there will be more competition for places on the club than in any previous year. Though it is unfortunate in losing three of its first tenors; Messrs. Hayes, Marquis, and Owens, it hopes to replace them. Mr. Keen will probably be soloist as well as violinist this year.

R. A. N. Wilson who succeeds Mr. Ray Foster as business manager has already begun to arrange dates for tours. Miss Gregg may be relied upon to give the same close attention, and good direction, that she always has. Practices begin soon, that a program may be given at an earlier date than last year's program was given.

The concert this year will be of the same high-class type as that of last year and of the year before. Since the Glee Club this year is a part of the Student Activities every student has a share in it and should boost it at every opportunity. Maryville College Men's Glee Club is an organization of the students for the students. Boost the Glee Club! ! ! !

When our band gets in action it might be fitting and appropriate for them to play "O'er Hill and Dale" at games as players race down the field for long runs.

CANDY KITCHEN
For Candies

M. C.'S LITERARY SOCIETIES HAVE LONG AND HONORABLE RECORD

A Brief History of Beginnings

(From Dr. Wilson's book, "A Century of Maryville College.")

Maryville has never permitted the organization of fraternities or sororities lest they might interfere with the development of that altruism that is looked upon as the vital element in "the Maryville spirit". It has, however, earnestly encouraged the literary societies, which have always been among the most influential and most useful of its student organizations.

In the ante-bellum days the principal literary societies were the Beth-Hacme (house of worship), the Beth-Hacme ve Berith (house of wisdom and covenant) and the Sophirodelphian. As would be inferred from the Hebrew names, these societies were organized in the days of the theological seminary. The Beth-Hacme and the Sophirodelphian were in existence as early as 1820; and the Beth-Hacme ve Berith as early as 1834. They were not reorganized after the Civil War. The Beth-Hacme ve Berith had a small frame building on the southern edge of the old college lot; but this building was also destroyed in war times.

The post-bellum societies have been, for the young men: the Animi-Cultus, organized in 1867, and its successor, the Alpha Sigma, in 1882; and the Athenian in 1875; the Bainonian in 1875; and the Theta Epsilon in 1894. The young men's societies are divided into college and preparatory sections. The halls of all of these societies were in third story of Anderson Hall and in its annex, until the erection of Pearsons Hall, when the young woman's societies removed to their new quarters on the second floor of that building. In 1870 there was also organized the Adelphic Union Literary Society, a union composed of the existing literary societies. For many years an annual exhibition of the "A. U. L. S.", consisting of a debate, orations, and essays was held on an evening of commencement week. Nowadays, an annual banquet is held on the last Friday night of the college year. The appropriate motto of the Adelphic Union is "Bonum Unius, Bonum Omnium."

PALACE PROGRAM

FRIDAY. SEPT. 23RD.

Wanda Hawley and Walter Heirs in "HER STURDY OAK". Winsome Wanda Hawley as the clinging vine and Walter Heirs as Her Sturdy Oak. Also Bustor Keaton in "The Scarecrow."

SATURDAY, SEPT. 24TH.

Tom Mix in "AFTER YOUR OWN HEART". Ruth Roland in "Avenging Arrow."

MONDAY, SEPT. 26TH

"THE SKY PILOT" by Ralph Connor with Coleen Moore, John Bowers and David Butler.

TUESDAY, SEPT. 27TH.

Justine Johnstone in "A HEART TO LET". "Just in Time", a Chester Comedy.

WEDNESDAY, SEPT. 27TH

Douglas MacLean in "PASSING THROUGH."

THURSDAY, SEPT. 28TH.

Pola Negri in GYPSY BLOOD.

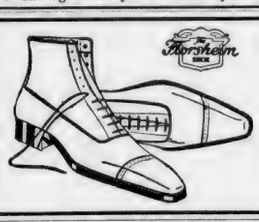
Y.W.C.A. RECEPTION FOR NEW GIRLS

At the Y. W. C. A. reception for new girls, which was given in the chapel Saturday night, we learned a host of new things. We learned that there is a time to laugh and a time not to laugh, that every one was there had an age and a poor disposition, (?) and that there is a good supply of talent among the new girls. The stunts given by the different groups showed originality and a strong sense of humor. How we jumped for the seats reserved for those to be served refreshments and how good the cakes and generous dishes of cream tasted! We feel so much better acquainted now and we all want to do our part in the Y. W. C. A. work. The new-comers are falling readily into the spirit which is being infused by the "Big Sisters" and a unity of spirit and effort is being created which will be priceless during the year's work. Three cheers for the Y. W. C. A. reception, and MAKE 'EM BIG!

JUNIOR CLASS ELECTS OFFICERS

At a meeting of the Junior Class on Thursday, officers were elected for the year. The election returns were as follows:

R. A. N. Wilson, Jr, President



Roy McCall, Vice President

Mary Elizabeth Clements, Secretary

Roscoe Wakins, Treasurer

Reva Rankin, Asst. Treasurer

Eugene Stanbery, Editor

COLLEGE NIGHT IN THE Y. M. C. A.

Saturday night the boys of the Hill, dressed in their rough togs, gathered at aBrtlett Hall to enjoy the big outdoor welcome planned by the Y. But Juvius Pluvius interfered and the crowd went into the gym for a sing. Here old Southern melodies and ragtimes soon filled the air. For the benefit of some of the fellows whose voices would not tune with the piano several boxing matches were arranged. Tom Vance used his gloves in such a manner that Edgar Martin had to look sidewise to tell what time it was. Bob King and Cove Oyster acted in such a way that it took three rounds to satisfy the crowd.

Some of the six-footers in an attempt to keep a feather in the air blew the dust off the ceiling. After the dust had been trampled well under foot several of the speed artists wriggled the length of th gym blowing a ball of paper before them. After a close race and the dust had been well removed from the floor everybody scrambled for peanuts.

While peanuts were being noisily eaten Coach Honaker told us something of what athletics should be and the part the students should take in helping build up successful teams. Each of the literary societies, through their presidents, spoke of the work being done on the Hill for the raining of public speakers and invited all students to take an active part in the work of the coming year. The Glee Club president spoke of the opportunities provided through this organization for those wanting to sing. In the closing talk Forrest Brown told the men what the Y was planning to do this year and asked for their cooperation in carrying out this program.

At the close of the talks someone emerged from a doorway with a box filled with buns and close behind followed others carrying the "dogs". Once the round was made and then again until everyone had received enough. After this came Ice-cream cones. With this meeting the Y tried to show the new fellows what it stands for and to welcome both the new and the old to old College Hill.

Y. M. AND Y. W. C. A. CABINETS CONVENE

(Continued from page three)

entire working force, under the management of Mr. Pflanze, be sincerely thanked for their much appreciated service and attention rendered while the Conference was in session. Especially do we wish to thank them for the efficient Service rendered in the dining hall, and

3rd. That the Executive Committee and Reception Committee be thanked for the very helpful part they played in making the Conference a success, and

4th. That Dr. Wilson, Faculty Members, Church Officials, Church delegates and friends of the Associations be thanked for the encouragement and backing so helpfully given, and be it further and lastly resolved

5th. That a copy of these Resolutions be published in the "Highland Echo", a copy sent to Mr. Pflanze and to Mrs. Pflanze, and that a copy be filed by each Association Secretary.

Respectfully submitted by Committemen,

Roy S. Buffat, Chairman,
Helen Deal, and
Henrietta Jackson.
Forrest D. Brown, Pres.
Roy S. Buffat, Secy.

While we are spieling we would just like to add a little tribute to a sagacious councilor, a good friend and a good tryer. We refer to "Doc" Feeman. "Doc" old boy, we are for you.

Ministerial Association Meets

(Continued from page three)

away, and so Mr. Armstrong organized a Sunday School, for which the good folks were truly grateful. They are planning to build a new school house which will be used as a church.

The last speaker was Mr. Tom Vance who made a strong appeal to the young men of the Association to consider the call of these isolated people to come and help them during the summer vacation. It is surely a place where Christian leadership is needed, and it affords an opportunity to be of real service.

Mr. Sherman Burson, the Program Secretary of the Association, gave some of his thrilling experiences in home mission work in the Tennessee mountains, as he introduced each speaker.

The boys had a very enjoyable summer, and have rendered a service not only to the people among whom they worked, but also to the Ministerial Association for their stirring reports, and thrilling appeals for new workers.

The fellow with a grouch is the most generous of all men. He forces it upon you whether you want it or not.

It would be wholly impracticable to attempt to adequately punish every man who commits a sin. There wouldn't be enough punishment to go around.

"No man has had a happier life than I have had. I have been able to do certain things that I wished to do and I am interested in being able to do many more."—Theodore Roosevelt.

Y. M. C. A. RELIGIOUS MEETINGS

In keeping with the program of the Maryvile College Y. M. C. A. to serve the young men on College Hill, the Religious Meetings of the Association have been planned to enable the fellows to come together and discuss the problems of their college life. It is hoped that a goodly number of the men will attend these services, and not only make the meetings a decided success, but also find answers to some of the perplexing problems in their lives.

The following is the program of the first semester meetings as arranged by E| C. Fritz, chairman of the committee on Religious Meetings.

SEPTEMBER

18—College Traditions, Pres. S. T. Wilson

25—The First Inning, Prof. Honaker, Coach.

OCTOBER

2—The Bible, Bible Study Committee, Wm. Magill, Chairman

9—"Callings" (Medicine), Dr. J. Q. A. West, Knoxville

16—"Blue Ridge", Delegates (Roy S. Buffat, presiding)

Y. Hike to Smokies, Oct. 22-24 (One meeting here and one in Smokies.)

23—"Sunday" (What do you do with it?) Round Table Discussion led by Forrest D. Brown

30—"Social Service in New York City", R. A. N. Wilson, Jr.

NOVEMBER

6—"Callings" (Teaching) Dr. Harcourt A. Morgan, President, University of Tennessee, Knoxville

13—"College Temptations", Dr. Stevenson

20—"Missions"— Mission Study Committee, James L. Jackson, Chairman

27—"Jesus" (the friend), Chester P. Karrick, (the physician) George D. Howell, (Stanley C. Lange, presiding)

DECEMBER

4—"Callings" (Business) Mr. G. E. Helm, Pres., King Mantel and Furniture Co., Knoxville

11—"Athletics" (Athletic Committee) Porter Turner, chairman

HIGHLANDERS RECEIVE THEIR FIRST WORKOUT

(Continued from page one)

"It's a good squad, mostly green men, but they have size and are all football men. The squad is splendid. There have been forty men out, with more yet to come. The team looks good."

Football stock is far above par and its still booming. With the splendid work of the team, the efficient training of the coach, and the unflagging support of each Maryvillian the season bids fair to become the counter-part of that of the famous Keiffer eleven which, years ago, so successfully defended the Orange and Garnet goal that the line was uncrossed during the entire season of games with strong teams, among them the University of Chattanooga and others.

The Old Reliable
BANK OF MARYVILLE
40 Years of Successful Banking
Capital and Surplus - - - - $140,000.00

John D. Rockefeller, Jr., said at a Brown University reunion.

"The prohibition law is no hardship on the majority of our most successful men. As a class these men have practiacly always been total abstainers. The reason is, of course, that they need all the brains they possess for work and can't afford to befuddle themselves with alcohol. Mr. Rockefeller smiled.

"I remember dining out once with a famous financier, and our hostess seeing that the great man drank nothing but icewater, exclaimed:

"Why, Mr. Ban, you are drinking no champange. Don't you care for it?"

"Yes, madam, the financier answered. "I like it very much." But experience has taught me that the trouble with champagne is that it makes things seem so easy."

A book containing scriptural readings in no fewer than 543 different tongues and dialects is being printed by the British and Foreign Bible Society.

A man never notices a girl until he thinks someone else wants her and then the law of demand begins to operate.—*Ohio Sun Dial.*

Bill—I certainly did wrong when I told my girl that I admired her chin.

Sill—How's that?

"She started raising another one." —*Michigan Gargoyle.*

The Bible is the greatest one column textbook on modern business ever written. For two centuries a sentence lay buried in the pages of that great business manual. We passed it by merely as a bit of rhetoric. It reads thus: 'And whosoever will be chief among you, let him be your servant'. A very pretty sentiment, men thought, but wholly impractical in a hard, practical world. Turn over the pages of any national magazine today and what do you find? Every simple advertisement, almost, is written about that thought. We have all come at last to understand that nothing but honesty pays. To endure, an institution must rest upon the solid foundation of justice to customer and employees alike; of service and vision that can look beyond this year's material rewards.—*Bruce Barton in Printer's Ink.*

Canadian—Shay, is that a Rolls-Roysh over there?

Home-Brew—Nope, thash a groshery wagon.

"Then you're not looking in the same plash."

"Hic.—neither are you." —*Dartmouth Jack O' Lantern.*

Of all the burlesque questions, evoked by Thomas Edison's now famous list, this, by Baird Leonard in the New York Telegraph, entertains the most: "Who shot what off of whose head?" —*St. Louis Globe-Democrat.*

"I want a shave", said the determined looking man, as he climbed into the barber's chair. "I don't want a haircut nor a shampoo. Neither do I want any bay rum, witch hazel, hair tonic, ho towels or face massage. I don't want the manicure lady to hold my hand, nor the bootblack to fondle my feet. I just want a plain shave with no trimmings. Do you understand that??"

"Yes, sir", said the barber. "Will you have some lather on your face, sir?"—*New York Sun.*

If anybody of this generation wishes to outdo Roger Bacon in stumping future generations, all he need do is to dictate a questionnaire on the Einstein theory to an amateur stenographer and have the result revised by the office boy.—*New York Evening Post.*

When a man is telling a lie he breathes differently from when he is telling the truth. The difference was discovered upon his students by Prof. Benussi of Graz. He prepared cards bearing letters, figures and diagrams and distributed these among his pupils. These were required to describe the cards correctly except in certain cases when the cards were marked with a red star, and the students receiving cards were required to describe them falsely.

Under the direction of Prof. Benussi the time occupied in inspiration and expiration was measured, and the measurement was taken again immediately after he finished. It was found that the utterances of a false statement always increased and the utterance of a true statement always diminished the quotient obtained by dividing the time of inspiration.

COLLEGE DIPLOMA'S WORTH

Business men are by no means agreed about the college man. One class of employers does not want college men; another class will give them precisely the opportunities other men are given; and there is a third class that very decidedly prefers college men.

The boy who is willing to work his way through college gives at once pretty good proof that he has both unusual ability and unusual ambition. I know of no "practical" substitute for such an education. College at least teaches a boy to think; even if it affords him, often, a very gay time. It also teaches him to study. I am a believer in anything that teaches anyone to think.

The first few years a young man spends in business are devoted largely to developing a point of view, sizing up the world, and determining a method of attacking it, or of being attacked by it. When a boy goes into business fresh from college, where he has had everything done for him and has done nothing for himself, the first two years of his career are usually given to finding out that the world expects something from him and is in no wise disposed to take care of him. He begins to realize that he owes the world a great deal.

The men who have worked their way through college, like the men who have enjoyed such a co-ordination of business and college training as I have referred to, do not expect something for nothing. Their immediate concern is not to find an easy way to make a living, but to find an opening, or make one, which holds promise of future usefulness. They are not looking for promotion, but rather for an opportunity to prove that they are indispensable. They got through college because they worked. It is natural for them to expect to go through life on the same basis. —Irving T. Bush, in Forbes Magazine.

VOLUME SEVEN | MARYVILLE, TENNESSEE | SEPTEMBER 29, 1921. | NUMBER TWO

HIGHLANDERS MEET ANCIENT RIVAL IN SEASON'S GREATEST GRID CLASSIC

HIGHLANDERS IN FINE FORM FOR FRAY

Good Coaching And Hard Fighting Result Well.

On the eve of our game with Tennessee, our men are running signals and perfecting their shift plays in an attempt to baffle the Volunteers Saturday. Tuesday, Wednesday and Thursday were devoted to scrimmage thus terminating all rough work, giving all injured men an opportunity to recuperate and go into the game Saturday in fine shape.

At present, indications are that every man will have all sore spots, "Charlie horses" and other bruises which necessarily slow up their speed and punch, well taken care of and ready for the big game.

The men who will probably start game for Maryville are as follow:

Right End	Williams, Burson
Left End	McCall, Hendrick
Right Guard	Rice, Sullivan
Left Guard	Dinwiddie, Youell
Right Tackle,	Thrower, Hill
Left Tackle,	Ford (captain)
Center	McLaughlin
Quarterback	McMurray, McLane
Halfback (right)	Wyncoop, Parker
Halfback (left)	Acton, Schmidt
Fullback	Sullinger, Gamble

Before writing this article, particular care was taken to ascertain as best possible, the real feeling existing among players and Coach Honaker regarding results of the game with U. T. Saturday. Thus, when you take a glance at this, you inhale the feeling of our Coach and our Men.

Below, you will find a statement from Coach Honaker and Capain Ford regarding out tilt with University of Tennessee Saturday.

COACH HONAKER:

"I don't know as it is necessary to say anything regarding our game with Tennessee Saturday other than my men are fast rounding into fine shape; the morale of men is good and the feeling of confidence that we will make Tennessee fight hard for every inch of ground that they gain is the prevailing thought in the minds of my men. The game Saturday will be a close one and I am depending on the Highlanders to display a brand of football that has not been seen on the part of an Orange and Garnet crew of pigskin arists for many years. I have worked hard with my men; they have in turn, done the same for me; thus, the only thing to do is to wait now until they get into the game Saturday and see what results will be.

Also, I want to express my appreciation for the confidence placed in my men by student body and faculty; for the interest and enthusiasm they are displaying and it is my hope that they will all go to Knoxville Saturday and support the team to the very last ditch.

CAPTAIN FORD:

"Not since I donned an Orange and Garnet uniform several seasons ago, have I had a feeling of confidence greater than that now existing in my mind that the Highlanders will give Tennessee the best game that they have in years. I am proud of their work in practice

(Continued on page 4)

NEW STUDENTS INTRODUCED TO SNAP

Opening Social of Year Staged Monday Evening.

All of Monday evening was devoted to the initiation of many novices into the intricacies of snap a la mode. They learned readily and willingly, those beginners, and the ancient and honorable, albeit antiquated, past-time gained numerous ardent devotees. Nor were all of the enthusiasts of verdant hue—many seasoned veterans of the game were in evidence, not entirely for the purpose of dispensing information concerning the game, we suspect.

The floor was crowded to capacity with participants in the genteel melee, while the balcony above was thronged with spectators rather more interested in affairs d'amour than in the scene below. Support seemed to be evenly divided between the regulation form of snap and this painless and gentler phase of the time-honored indoor sport. Then, too more than one entente cordiale was formed on the floor between couples who "stood" while a third member dashed in reckless and head-long abandon before a pursuer whose feet sped nimbly after but whose heart remained at the starting point where a lass waited to resume an interrupted conversation.

Whether the end in view was the inauguration of the old, yet new, game, or the infusing of an esprit du corps into the student body success crowned that end. This pleasant affair formally introduces new students into the social life of the Hill. Hence forth they are regularly installed as Maryvillians. As some one has aptly expressed it, "having completed this required work they are now ready to take up their electives", socially.

1922 CHILHOWEAN STAFF BEGINS WORK

On Wednesday the newly chosen staff of the 1922 Chilhowean met in the room assigned for that purpose in Anderson Hall. Already much has been done in preparation for the publication of the Annual. Before the close of school last year contracts for printing and engraving work were signed and sample copies of year books were sent to the editor, R. S. Buffat.

Mr. Buffat has chosen as his associates in the task of publishing the Chilhowean the following staff:

Herrick Arnold,	Associate Editor
August Johnston	Bus. Manager
Leslie Poe	Asst. Bus. Manager
Leslie Jones	Photo Editor
Robt. C. Dedmon,	Asst. Photo Ed.
L. T. Crawford,	Athletic Editor
Miss Lina Hodges,	Literary and Departmental
Miss Agnes Lewis,	Auxiliary
Miss Catherine Wilson,	Student Activities
Henry Cox,	Art Editor
Miss Vivian Rochester,	Asst. Art Editor.

FACULTY ADVISERS PLAN TO BE ADOPTED

Faculty Members Assigned To Student Groups.

Personal contact, with the development of friendship and mutual confidence, between teacher and student has from the beginning been a characteristic of Maryville College life. With the rapid growth of the College, however, and perhaps because of such rapid growth, has come the feeling that this very desirable personal touch might in time be lost. In order, therefore, to prevent such a calamity, the Faculty has adopted a method that successfully operates in many colleges of the Maryville size and type; namely, a grouping of the entire student body under Faculty Advisers.

In the organization of the plan, the college students have been assigned in convenient groups to their respective Advisers, and will be duly notifid as to the Advisor to whom they have been assigned.

The responsibility that is thus distributed among teachers and students alike guarantees that no student need lack a helpful word in season, either when he himself or his Advisor feels that such counsel is needed. Consultation on one's course of study, study habits, vocation, ideals, college activities, home, health, money, spiritual problems, and, indeed, anything that may concern the welfare of the individual or his group, may be freely sought with the knowledge that it will be kindly and cheerfully given. The student will still, of course, be absolutely free, as heretofore, to consult any member of the Faculty on any subject, and the officers and instructors in turn will continue to be the friends and advisers of all the students. The only thing that is obligatory under the new plan is that at least one member of the Faculty, who will be known as the Advisor, shall be accessible for counsel at such times as he may be able to arrange with the members of his group, and that the student shall report to his Advisor when requested to do so. It is hoped that this innovation will go far toward conserving all the values of the small college, and the better enable the Faculty to be the helpful, personal friends that they earnestly desire to be to every Maryville student.

The Advisers to the college students are as follows: Seniors: Dr. and Mrs. Stevenson; Juniors, who will be divided into three groups: Dean Barnes, Dr. Hussey, and Mrs. Alexander; Sophomores, five groups: Dr. Gillingham, Prof. J. A. Hyden, Miss Heron, Mrs. Minton and Miss Wheelock; Freshmen, ten groups: Prof. Knapp, Prof. Davis, Prof. Hunter, Prof. Orr, Dr. McMurray, Prof. Honaker, Prof. W. L. Hyden, Miss Green, Miss Henry, and Mrs. McMurray.

A similar plan will be carried out in the Preparatory School, and announced by Principal Ellis.

Don't Forget the Pep Meeting in the College Chapel Tonight

PEP-ER-UP MEETING OF STUDENTS AND MARYVILLIANS TUESDAY NIGHT

MR. GUY MANNERS, NOTE D AUTHOR, TRAVELLER AND BELIEVER IN MARY VILLE COLLEGE MAKES SHORT, SNAPPY SPEECH.

Ere supper was barely over Tuesday evening, the merry throng of College students began their pilgrimage over to College Chapel for initial Pep Meeting of year, in preparation for U. T. game. And the dear old Chapel was almost taken from its foundations by the hefty, noisy emittances from the throats of those who want to see M. C. win and who believe the Highlanders have got the stuff it takes to get U. T.'s Goat.

We have always been given the credit for putting it all over Tennessee in the cheering game, but let's set a precedent that has not been in vogue for Maryville College for many years past, namely: let's out-yell Tennessee and bring home the bacon also. If the Highlanders are going to win, they must have all the support in the world, and our only means of showing them we are behind the team is to yell like—we never yelled before. There are no two ways about it, we must get in there and put everything we've got into the support of our team. And once and for all times, let it be understood that we will support our scrappy eleven to the last ditch and not a time shall a big U. T. drown out the echo of a big M. C. "Rah" or a Howee-How.

Say—get this thing all mixed up in that red blood of yours, talk it up among you and be on the job Saturday afternoon, ready for the pilgrimage over to Knoxville for our big battle with U. T.

TWO SECTIONS TO BE RESERVED FOR M. C. STUDENTS AND MARYVILLIANS

Honor to all moonshiners, but say, let moonshining go for this Tennessee game. We want organization, and if we are to have it, we have decided that men and women must be seated separately. If you will get behind this movement and give it your whole hearted co-operation, you are displaying College spirit, if you fail to give this scheme your support, then—a disorganized, uneffective, unenthused, disinterested gang who will do more harm than good. This is pretty rough but the old iron is hot and there are no two ways about it there will be no let up in excitement and enthusiasm until our team will have beaten U. T. Saturday. Say what you will, but the only way to bring about real effectiveness is as aforesaid. There will be instructions regarding this seating arrangement given out in Chapel on Saturday morning. Say—it's all up to you—now show your "Dear Old Maryville" spirit.

You who were in College Chapel Tuesday night heard what Mr. Guy Manners said about his faith in Highlanders,—you heard him say he would be there with his pod of red pepper pinned on his coat. Say did you get the drift of that red pepper?—"It has a burning, stinging, peppy effect y'know". Yes, and don't forget that two weeks ago, Mr. Manners requested a down-front seat in the first line trenches of M. C.'s secondary defense; her rooters and boosters of course. Now it seems to a few that if a man of Mr. Manner's renown and who has his own personal interests scattered to the four corners of the earth to come into our midst and display so much faith and enthusiasm in us, we just must not disappoint the team, and unconsciously, ourselves as well.

MR. MANNER'S OWN WORDS

"Of course there is something more than athletics, something more than foot ball, or base ball, or basket ball; but the physical enthusiasm of athletics, particularly college foot ball, is an unquestionable evidence of the healthy college morale.

Beef and brains! Maryville College has both. Tonnage and alert thinking! They belong to Maryville. Concentration and determination! are always unknown quantities until called upon.

Personally, I am of the opinion, that from the material at Coach Honaker's disposal, one of the grandest college foot ball teams in the U. S. may be developed; and I sincerely trust that Maryville College will stand as a unit behind Coach Honaker and his chosen team.

A winning foot ball team is one of the best publicity getters for any city in which a college is located, therefore it is up to the private citizens of Maryville to ake seriously he efforts of the young athletic giants on College Hill."

Guy Manners.

SPECIAL TRAIN TO BE RUN TO AND FROM KNOXVILLE FOR STUDENTS AND MARYVILLE ROOTERS

Arrangements are now on foot to perfect a plan whereby all students may go over to Knoxville and return on a train provided for the purpose. The hour of departure from Maryville has not been definitely decided as yet, but will be announced in Chapel Saturday morning.

JUST WHO WILL, AND WHO WILL NOT ATTEND GAME.

If you are broke, then borrow, and if it takes your last cent, then spend it, if you can thereby go to game.

There is an idea pervalent in some localities that the only sportsmanship that's shown in a game is that which the players exhibit. Such an idea is highly erroneous and should be so branded wherever met. There are two kinds of sportsmanship about a football game—that shown by the men on the field and that shown by the "rooters" in the stands. Maryville has always stood firmly for both kinds and every year has caused much favorable comment among Knoxville spectators at the U. T. game.

The true sportsman doesn't yell when his opponents are calling signals, he doesn't jeer or cry "cigarettes" when a hard fighter is carried off, he doesn't criticize the referee, he doesn't hurl insulting epithets across the field at his rivals—he's just a true sportsman, conducting himself accordingly in victory or defeat.

Saturday will test our mettle. Let's all be square, clean, sportsmen!

* * * *

Dr. Gillingham recently told his Theism Class that fact and truth re not necessarily identical. Reading newspapers led us to suspect as much long ago.

* * * *

"Give us liberty or give us death". That's the prevailing sentiment in the new Prep Study Hall. They're getting neither, we're glad to say.

* * * *

Those folks at Knoxville can understand why U. T. may run up a score against us, but they won't be ble to comprehend if they outyell us. There, if nowhere else, we've on an even footing. Let's go, "yellers"!

* * * *

Let's all join Mr. Manner's "Pepper-Up Club"!

* * * *

"The melancholy days have come, the saddest of the year"; but we don't object as long as we can hear: "Signals 14-3-5-9-Shift" and then the crush and crunch of bodies, followed by wild and frantic yells from the sidelines.

* * * *

"Oh you who have daring deeds to tell!
And you who have felt ambition's spell!"

The Echo solicits contributions from all the members of the student body. There are no conditions except that copy must be written plainly on one side of the paper and placed in The Highland Echo box behind the door at the left entrance to Anderson Hall before Chapel time on Wednesday.

RESERVED SEAT SALE FOR LYCEUM BEGINS

Opening Number On, Or About October 17th.

On October 17 the opening number of the Lyceum program will be presented in Voorhees Chapel. This number will be The Impressario by Mozart presented by the American Society of Singers under the direction of Wm. Wade Henshaw. We are fortunate indeed to secure such talent since this light opera is playing a one week's tour of the South as the first performance outside of New York and the immediate vicinity.

The sale of reserved seats in the Chapel will begin on Tuesday. Each student who paid the Student Activities fee has a season ticket to the Lyceum but no seat is reserved unless the season ticket is turned in with twenty-five cents. Upon receipt of the ticket and the fee seats will be reserved. All students are admitted on this season ticket whether they reserve special seats or not.

ABOUT THE CAMPUS

Miss Louise Sheddan has returned to College. Miss Sheddan has been at her home in Deland, Fla.

Miss Bernice West has been visiting Miss Bernice Jones latley.

Mrs. T. W. Moore of Huntingdon, West Virginia was the guest of Mr. and Mrs. Basset on West Main Street the past week. Miss Janet Ensign, a cousin of Mrs. Moore, took dinner with Mrs. Basset Friday evening.

Mr. and Mrs. Orton Duggan are welcome visitors on the Hill. Mr. Duggan graduated from the College with the class of 1912.

Miss Mary Cartledge has been very ill during the past week. She is much improved at present.

Miss Blanche Bailey was the guest of her sisters, Misses Maude and Kathleen Bailey, last week-end.

Misses Maude Gentry and Edith Moore spent Monday in Knoxville.

Wednesday afternoon between the hours of four and six, Miss Rose Wilson was entertained with an informal tea. Problems of the East were discussed.

Miss Esther Miller, one of last year's Sophomore class, is attending Toledo University this year.

Miss Rebecca Calderwood, a graduate of last year's Senior Preparatory Class and who visited on the Hill during the first week, is now a freshman at H. Sophie Newcomb College, of New Orleans, La.

COACH HONAKER ADDRESSES Y MEETING

Splendid Advice Given To Men.

At the Y meeting last Sunday Coach Honaker told the men how they should line up in the various college activities so as to receive the most possible good. One of the primary considerations, he said, in every man's choosing of a college or a university was the curriculum offered. But after choosing the school with a strong curriculum there remain certain choices to be made without the regular classroom work which will do much toward making the fully developed man. There are three forms of student activities in the college to which every man should give his active support if possible. The Y. M.C.A., the Literary Societies, and the Athletic program of the school. In each of these the student should put his best for it is the work in which the student's themselves engage that develops the spirit by which every school is known.

MISS ROSE WILSON VISITS MARYVILLE

Board Secretary Comes In Interests of Missions.

The committee on Student Work of the Woman's Board of Missions of the Presbyterian Church in the United States of America sent a field secretary, Miss Rose Wilson, to visit our college and confer with our students concerning the work of the Kingdom. Miss Wilson's grandfather, Samuel Ray, was at one time a resident of Knoxville. He became a missionary to Persia and set a noble example for his children and grandchildren. Miss Wilson has lived in Persia several years and intends to go back some day.

After College—What? To advise concerning this question was her object in coming here. Her beautiful chapel service, her helpful addresses to the Volunteer Band, and her conferences with individual students have inspired and encouraged many to consider this great question and every other great question by first asking "What would Christ do?"

GIRLS SOCIETIES ENTERTAIN NEW GIRLS

Festive Occasion Staged In College Woods.

It is a sure thing that every girl knows every other girl since meeting at the Theta-Bainonian reception in the woods Satuday night. For what girls could gather around the big bon-fire, play games, give yells, sing songs, and still feel as strangers on the Hill?

Everyone was out and everyone joined hilariously in the fun. When it was nearly time for Miss Molly to say, "Girl's, it is time to go home", a snake dance was started. The line wound itself around thru' the trees, up to "The House in the Woods", over stumps, bumps and hollows. Finally the leader pointed her nose toward that section of the woods that suggested refreshments.

Here everyone was served with a plate containing salad, sandwiches, and crackers, and a cup of lemonade.

As the best was over the girls began to imagine it was time to return home. Everyone declared they had spent a wonderful evening and heartily thanked Theta and Bainonian for the good time given.

SECOND PREPS ELECT OFFICERS

At a meeting of the Second Preps the following officers were elected:

President - - - Sherman Burson
Vice President - - Annie Ellis
Secy. & Treas. - - Mr. Bennett
Editor - - - - Miss Harrington

C. E. Kelly, a new student and a live wire, was appoined to pilot the committee on the class pary.

MARYVILLE WINS 27-0 VICTORY OVER K. H. S.

High School Men Put Up Game Fight.

Under the threatening optics of our mutual friend and enemy, Jupe Pluvius, the curtain was hoisted Saturday afternoon upon Maryville College's foot ball season of 1921, resulting in a decisive count of 27 to 0 victory for the Highlanders over Coach Pete Siler's Knoxville High School crew of oval tossers.

Even an hour after the game, you could hear lots of comments regarding the poor showing of the Maryville Eleven. Maybe they did show up poorly, but those who really know foot ball and foot ball players will say most emphatically that the Highlanders looked mighty good to them ,and considering the number of substitutions, and the somewhat raw material mixed in, one could not expect so much, especially when playing against so strong an aggregation as Knoxville High School, a bunch of fellows who have played foot ball together for the past three years. And don't forget that Coach Honaker sent his men into the game to acquire a thorough knowledge of the game and not to pile up a large score, which would have necessitated the playing of first string men throughout the game and the probable injury of some.

It can be safely said that the feature of the game was the splendid line plunging displayed by Sullinger, M. C.'s plucky fullback. Another oustanding thrill of the game was the skin tackle play which enabled Wyncoop to break through tackle and run 35 yards before being downed by a High School tackler. Captain Ford at tackle, Sullivan at center, Parker at half and McMurray at quarter all played a consistent game and it is a sure bet that they will display some real stuff in forthcoming games. Some new and very promising material was uncovered in the playing of Anderson at guard, Gamble at fullback and McClung at halfback, who went in as substitutes in the latter part of game.

There is much speculation among the student body as to the real showing made by the Highlanders, but coming down to brass tacks, it can be safely stated that M.C. has a real foot ball team and furthermore, that the showing of Saturday afternoon was most favorable to Coach Honaker and those counting on the Highlanders for a winning eleven.

CITIANS SHOW FIGHT

Nothwithstnding the fact that victory was assured at the outset of the game by the rushing attack of the Highlanders, the Citians displayed a mighty fine brand of foot ball and pep and kept it up until the final whistle blew. The most noticeable part of the Citian's game was their defensive play, holding the Highlanders for downs within their own ten yard line.

On straight formations, the Citians were able to make no headway at all against the hefty Orange and Garnet line, but when ordered by Coach Siler in the fourth quarter to turn loose with their overhead attack, several good gains were accomplished. Out of ten attempts, five forward passes were successfully completed by the High School. The stellar work of Woods and Wallace who did yeoman service for City High were features of the game. These two young fellows will likely hang their names in the hall of fame of footballdom when they enter college.

GAME BY QUARTERS

First Quarter

Captain Ford won the toss; Captain Wallace of K. H. S. kicked off 30 yards to Ford, who returned 10. Two first downs were made by Highlanders in succession, by line plunges and off-tackle plays. A pass from McMurray to McCall of 20 yards placed ball on 20 yard line. Four plunges netted another first down with five yards to go for touchdown.. High school held on their five yard line and got possession of ball on downs. Wickham attempted to kick but luck was against him, the ball pounding one of High School men on the back and bounding back, Lowe for High School recovering, thus a safety. Score: Maryville 2; High School 0.

Ball was given K.H.S. on their 30 yard line. Wallace fumbled, Hendrick for Maryville recovered. Maryville fumbled, but luck was with us, enabling us to recover. Maryville was thrown for losses twice in succession, but McMurray took ball 12 yards on a neatly executed end run. Maryville failed to make first down. McMurray then made an on-side kick, Wallace getting possession of ball for High School. Mitchell attempted an end run and was about to get away for a nice run, but fumbled ball, McMurray recovering for Maryville. Maryville made first down and then quarter neded with ball in Haryville's possession on K. H.S.'s 12 yard line.

Second Quarter

Sullinger came in for one of those hefty line bucks, going through for eleven yards, to goa lline. McMurray then took ball over for first touchdown of game. McMurray attempted to kick goal, but failed. Score: Maryville 8; Knoxville High School 0.

Sullinger kicked off 40 yards to Dean, who returned to High School 30 yard line. Wood was successful for a five yard gain through line, but on next play, High School was thrown for loss on account of fumble. High School failed to gain, then Wallace elected to kick. Wallace punted 30 yards, McMurray receiving punt, but was unable to get away for a run, being downed in his tracks. Maryville made two first downs. Buchanan made ten yards; Parker went around end for good gain, bringing ball to K.H.S.'s four yard line. Sullinger took ball over goal line on first attempt. McMurray failed to kick goal. Score: Maryville 14; Knoxville High School 0.

Sullinger kicked off 40 yards to Mitchell who returned 10. Mitchell for High School thrown for loss; then Brooks took ball through for a five yard gain. Wallace fumbled and M. C. recovered ball. M. C. fumbled, High School recovering. Wallace made a line buck through Center for five yards, then kicked out of bounds. Whistle blew, ending first half.

Third Quarter

Sullinger kicked off for 50 yards to Woods, who returned ball to 20 yard line. Wallace of High School punted on first down, ball going to middle of field. Wyncoop then made that long dash down field after getting through K.H.S. end. He reached High School's 15 yard line. M. C. was penalized 15 yards for holding. M. C. made first down, but unsuccessful in making touchdown, Citians holding for downs. High School's ball on her 10 yard line. Coach Honaker sent in a fresh bunch of subs. High School kicked out of bounds 30 yards on fourth down. High School regained ball on downs. Wallace punted to Wyncoop, who was tackled before getting away. Wyncoop gained five yards thourgh line. K.H.S. penalized for being off sides. Maryville fumbled, High School recovering on their 12 yard line. The quarter ended with ball in High School's possession on her own 18 yard line.

Fourth Quarter

Knoxville High School began her aerial attack. Woods to iMtchell for 15 yards. Another pass attempted, but failed. Woods passed to Ellmore for 20 yard gain. McClung intercepted a pass from Woods and ran 30 yards before being downed. Knoxville held again for downs and took ball. Three attempts at forward passes were unsuccessful, thus M. C. took ball. McClung went through tackle for 8 yards and Sullinger then plunged through center for 14 yards, ending with ball on 6-inch line, then he carried it over on next play. McMurray kicked goal. Score: Maryville 21; Knoxville High School 0.

Sullinger kicked off to Woods, 40 yards, Woods returning 10 yards. Forward pass, Woods to Wallace netted High School 12 yards. Wallace then kicked 30 yards to McMurray who was downed before getting away. McMurray to King netted M.C. 15 yards and first down. Offside penalty compelled Maryville to punt. Woods carried ball twice, gaining first down. Mitchell received another pass for High School for another first down. Wallace fumbled, Maryville recovered ball, McMurray then got away for an end run which netted Maryville 20 yards. McMurray to Ellis and a penalty against High School for being off side put ball on High School 8 yard line. McMurray went over for touchdown. Mitchell for High School was successful in blocking McMurray's attempt at punt for goal.

Score: Maryville 27; Knoxville High School 0.

Only five seconds remained for play. Sullinger kicked off to High School, Mitchell receiving. Whistle blew, leaving ball in High School's possession in middle of field.

The line-up:

Maryville		Knoxville H. S.
Hendrick	right end	e Elmor
Rice	right tackle	Wickham
Dinwiddie	right guard	Buchanon
Sullivan	center	Lowe
Thrower	left guard	Keister
Ford	left tackle	Yule
McCall	left end	Dean
McMurray	quarterback	Woods
Parker	right half	Mitchell
Sullinger	full back	Wallace
Schmidt	left half	Brooks

Substitutions: Mryville: Buchanan for Schmidt; Wyncoop for Buchanan; King for McMurray; Anderson for Hill; Ellis for Hendrick; Greenlee for nAderson; Gamble for Sullinger; McMurray for King; Williams for Hendricks; Hendrick for Williams; Burson for McCall; Youell for Dinwiddie; McClung for Parker.

Knoxville High School: Godwin for Brooks; Flannagan for Yule;

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—Its College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

NEW Y. SECRETARY CHOSEN FOR STATE

Dale DeWitt Takes Charge of Work.

Dale DeWitt, our new State Student Secretary comes to us from Northwestern University, Evanston, Ill., a member of the class of '20. Dewitt has been actively engaged in Christian work for a number of years. He has been active in State work in Illinois during his stay in the University, and has attended student conferences at Hollister and Lake Geneva. He was a strong student leader in the Association work at Northwestern this past year where he was taking advanced work.

Mr. Dewitt is planning to continue his studies later in Yale Divinity or Oberlin Seminary in preparation for the ministry.

SENIOR PREPS ORGANIZE

On September 20th, it was deemed necessary to organize the Fourth preparatory class and to elect officers for the year. Joe Gamble assumed the responsibility of acting as chairman.

The following officers were elected:

Joe C. Gamble----------President
Francis Dean _____Vice President
Earl McCall _____ Treasurer
Susan Carson _____ Secretary

The class editor will be elected at next meeting.

CHURCHES TO GAIN AFFILIATED MEMBERS

Sunday Set Aside By Local Pastors.

Sunday the ministers of the various churches will receive those of the student body who desire to become affiliated members. The affiliated membership does not require a change of membership from the home church but only ties the student up with church work during the school months.

STUDENTS ACTIVE IN AMERICAN LEGION

Men From Hill Assist In Ceremonies.

Although last year's class was commonly known as "The War Class" thre are still many men in the College who served in some branch of government service in the World War. These veterans have no organization on the Hill but they are frequently paying tribute to their fallen comrades by assisting in the funeral rites of men who gave up their lives over seas or who have died since leaving the service.

Last Sunday a very impressive funeral service was conducted by the Captain Lones Post of the American Legion over the body of Charles Ernest Lane. Mr. Karrick acted as Chaplain and was assisted by Mr. Kimsey and other Legionaires from the Hill.

After the funeral of Mr. Lane the men from the Captain Lones Post went to Knoxville to assist the Legion Post of that city in the funeral of two comrades who made the supreme sacrifice.

On next Sunday the funeral of another ex-service man will be conducted at Forest Hill by the Captain Lones Post. The service of paying the last tribute to fallen comrades is one which may be performed by any Legionaire, and the Post invites all veterans from the Hill to participates in these rites. Service men are still united by bonds stronger than any enlistment, by bonds welded by terrible days and long nights together in the trenches

Men don't forget those bonds!

Y.W. CONDUCTS SONG SERVICE ON LAWN

Use of Old Songs Proves Splendid Service.

Even from the very beginning of creation a desire for music has been felt. Jubal, prompted by this desire, invented the harp and organ, the first musical instruments. Music has power "to sooth the savage breast". Saul, troubled by the evil spirit, called David to play for him. Many emotions require music for their expression. How many instances we find in the Psalms! "Sing praises", praise Him with the sound of the trumpet", praise Him with the psalter", or "praise Him with stringed instruments and organs" appear over and over again Every day of our lives we use music to express our joy or sorrow. We have music at weddings and funerals, at church and football games. Sometimes our joy is so abundant we burst forth into song or whistling. Sometimes only a "sing" can express our emotions.

Miss Mary Elizabeth Clements led our Y.W.C.A. in a song service last Sunday. We sang all the songs that mean so much to us. As a special treat Miss Huĭzinga played a cello solo and Miss Keskaddn sang very sweetly "Teach Me to Pray".

Dr. Wilson at noon on Wednesday, September 28th, performed the service that united in marriage a former teacher in the Home Economics Department, Miss Naomi Elizabeth Trent, of Maryville, to Mr. Walter Clyburn Taylor, of Hickory, North Carolina. The wedding took place at the residence of Mr. Joseph C. Bittle on Court street, Dr. Francisco assisted in the service.

Miss Trent was a student of the College from 1913 to 1916; graduated from the Home Economics Department in June 1916; and from 1916 to 1919 served as one of the teachers in the department from which she graduated. She was a very efficient and popular teacher. A host of college friends of hers unite in wishing her and her husband a very happy wedded life.

HIGHLANDERS IN FINE FORM FOR FRAY

(Continued from page 1)

and am satisfied that they will do their utmost to win Saturday. If we win or lose, it will be a great game and it is needless to say that Tennessee will realize some real football before they scent vicory. If we win, then we will have accomplished a feat unknown to the Orange and Garnet elevens in many years.

Again, I am proud of my men, glad of the opportunity to captain a team made up of such calibre of real manhood and foot ball players and I wish to say for them that they will give everything they have to bring victory to the Orange and Garnet supporters."

The above is an indication of what we shall expect in our game with Tennessee and it is up to us as students and backers of the Highlanders to get this spirit into our blood and support them in proportion to their work for us. Of course that calls for nothing less than one hundred per cent confidence, enthusiasm and support on the part of students and backers of the Orange and Garnet eleven.

HIGHLANDERS MEET ANCIENT RIVAL IN SEASON'S GREATEST GRID CLASSIC

HIGHLANDERS IN FINE FORM FOR FRAY

Good Coaching And Hard Fighting Result Well.

On the eve of our game with Tennessee, our men are running signals and perfecting their shift plays in an attempt to baffle the Volunteers Saturday. Tuesday, Wednesday and Thursday were devoted to scrimmage thus terminating all rough work, giving all injured men an opportunity to recuperate and go into the game Saturday in fine shape.

At present, indications are that every man will have all sore spots, "Charlie horses" and other bruises which necessarily slow up their speed and punch, well taken care of and ready for the big game.

The men who will probably start game for Maryville are as follow:

Right End	Williams, Burson
Left End	McCall, Hendrick
Right Guard	Rice, Sullivan
Left Guard	Dinwiddie, Youell
Right Tackle,	Thrower, Hill
Left Tackle,	Ford (captain)
Center	McLaughlin
Quarterback	McMurray, McLane
Halfback (right)	Wyncoop, Parker
Halfback (left)	Acton, Schmidt
Fullback	Sullinger, Gamble

Before writing this article, particular care was taken to ascertain as best possible, the real feeling existing among players and Coach Honaker regarding results of the game with U. T. Saturday. Thus, when you take a glance at this, you inhale the feeling of our Coach and our Men.

Below, you will find a statement from Coach Honaker and Capain Ford regarding out tilt with University of Tennessee Saturday.

COACH HONAKER:

"I don't know as it is necessary to say anything regarding our game with Tennessee Saturday other than my men are fast rounding into fine shape; the morale of men is good and the feeling of confidence that we will make Tennessee fight hard for every inch of ground that they gain is the prevailing thought in the minds of my men. The game Saturday will be a close one and I am depending on the Highlanders to display a brand of football that has not been seen on the part of an Orange and Garnet crew of pigskin arists for many years. I have worked hard with my men; they have in turn, done the same for me; thus, the only thing to do is to wait now until they get into the game Saturday and see what results will be.

Also, I want to express my appreciation for the confidence placed in my men by student body and faculty; for the interest and enthusiasm they are displaying and it is my hope that they will all go to Knoxville Saturday and support the team to the very last ditch.

CAPTAIN FORD:

"Not since I donned an Orange and Garnet uniform several seasons ago, have I had a feeling of confidence greater than that now existing in my mind that the Highlanders will give Tennessee the best game that they have in years. I am proud of their work in practice

(Continued on page 4)

NEW STUDENTS INTRODUCED TO SNAP

Opening Social of Year Staged Monday Evening.

All of Monday evening was devoted to the initiation of many novices into the intricacies of snap a la mode. They learned readily and willingly, those beginners, and the ancient and honorable, albeit antiquated, past-time gained numerous ardent devotees. Nor were all of the enthusiasts of verdant hue—many seasoned veterans of the game were in evidence, not entirely for the purpose of dispensing information concerning the game, we suspect.

The floor was crowded to capacity with participants in the genteel melee, while the balcony above was thronged with spectators rather more interested in affairs d'amour than in the scene below. Support seemed to be evenly divided between the regulation form of snap and this painless and gentler phase of the time-honored indoor sport. Then, too more than one entente cordiale was formed on the floor between couples who "stood" while a third member dashed in reckless and head-long abandon before a pursuer whose feet sped nimbly after but whose heart remained at the starting point where a lass waited to resume an interrupted conversation.

Whether the end in view was the inauguration of the old, yet new, game, or the infusing of an esprit du corps into the student body success crowned that end. This pleasant affair formally introduces new students into the social life of the Hill. Hence forth they are regularly installed as Maryvillians. As some one has aptly expressed it, "having completed this required work they are now ready to take up their electives", socially.

1922 CHILHOWEAN STAFF BEGINS WORK

On Wednesday the newly chosen staff of the 1922 Chilhowean met in the room assigned for that purpose in Anderson Hall. Already much has been done in preparation for the publication of the Annual. Before the close of school last year contracts for printing and engraving work were signed and sample copies of year books were sent to the editor, R. S. Buffat.

Mr. Buffat has chosen as his associates in the task of publishing the Chilhowean the following staff:

Herrick Arnold,	Associate Editor
August Johnston	Bus. Manager
Leslie Poe	Asst. Bus. Manager
Leslie Jones	Photo Editor
Robt. C. Dedmon,	Asst. Photo Ed.
L. T. Crawford,	Athletic Editor
Miss Lina Hodges,	Literary and Departmental
Miss Agnes Lewis,	Auxiliary
Miss Catherine Wilson.	Student Activities
Henry Cox,	Art Editor
Miss Vivian Rochester,	Asst. Art Editor.

FACULTY ADVISERS PLAN TO BE ADOPTED

Faculty Members Assigned To Student Groups.

Personal contact, with the development of friendship and mutual confidence, between teacher and student has from the beginning been a characteristic of Maryville College life. With the rapid growth of the College, however, and perhaps because of such rapid growth, has come the feeling that this very desirable personal touch might in time be lost. In order, therefore, to prevent such a calamity, the Faculty has adopted a method that successfully operates in many colleges of the Maryville size and type; namely, a grouping of the entire student body under Faculty Advisers.

In the organization of the plan, the college students have been assigned in convenient groups to their respective Advisers, and will be duly notifid as to the Advisor to whom they have been assigned.

The responsibility that is thus distributed among teachers and students alike guarantees that no student need lack a helpful word in season, either when he himself or his Advisor feels that such counsel is needed. Consultation on one's course of study, study habits, vocation, ideals, college activities, home, health, money, spiritual problems, and, indeed, anything that may concern the welfare of the individual or his group, may be freely sought with the knowledge that it will be kindly and cheerfully given. The student will still, of course, be absolutely free, as heretofore, to consult any member of the Faculty on any subject, and the officers and instructors in turn will continue to be the friends and advisers of all the students. The only thing that is obligatory under the new plan is that at least one member of the Faculty, who will be known as the Advisor, shall be accessible for counsel at such times as he may be able to arrange with the members of his group, and that the student shall report to his Advisor when requested to do so. It is hoped that this innovation will go far toward conserving all the values of the small college, and the better enable the Faculty to be the helpful, personal friends that they earnestly desire to be to every Maryville student.

The Advisers to the college students are as follows: Seniors: Dr. and Mrs. Stevenson; Juniors, who will be divided into three groups: Dean Barnes, Dr. Hussey, and Mrs. Alexander; Sophomores, five groups: Dr. Gillingham, Prof. J. A. Hyden, Miss Heron, Mrs. Minton and Miss Wheelock; Freshmen, ten groups: Prof. Knapp, Prof. Davis, Prof. Hunter, Prof. Orr, Dr. McMurray, Prof. Honaker, Prof. W. L. Hyden, Miss Green, Miss Henry, and Mrs. McMurray.

A similar plan will be carried out in the Preparatory School, and announced by Principal Ellis.

Don't Forget the Pep Meeting in the College Chapel Tonight

PEP-ER-UP MEETING OF STUDENTS AND MARYVILLIANS TUESDAY NIGHT

MR. GUY MANNERS, NOTED AUTHOR, TRAVELLER AND BELIEVER IN MARY VILLE COLLEGE MAKES SHORT, SNAPPY SPEECH.

Ere supper was barely over Tuesday evening, the merry throng of College students began their pilgrimage over to College Chapel for initial Pep Meeting of year, in preparation for U. T. game. And the dear old Chapel was almost taken from its foundations by the hefty, noisy emittances from the throats of those who want to see M. C. win and who believe the Highlanders have got the stuff it takes to get U. T.'s Goat.

We have always been given the credit for putting it all over Tennessee in the cheering game, but let's set a precedent that has not been in vogue for Maryville College for many years past, namely: let's out-yell Tennessee and bring home the bacon also. If the Highlanders are going to win, they must have all the support in the world, and our only means of showing them we are behind the team is to yell like we never yelled before. There are no two ways about it, we must get in there and put everything we've got into the support of our team. And once and for all times, let it be understood that we will support our scrappy eleven to the last ditch and not a time shall a big U. T. drown out the echo of a big M. C. "Rah" or a Howee-How.

Say—get this thing all mixed up in that red blood of yours, talk it up among you and be on the job Saturday afternoon, ready for the pilgrimage over to Knoxville for our big battle with U. T.

TWO SECTIONS TO BE RESERVED FOR M. C. STUDENTS AND MARYVILLIANS

Honor to all moonshiners, but say, let moonshining go for this Tennessee game. We want organization, and if we are to have it, we have decided that men and women must be seated separately. If you will get behind this movement and give it your whole hearted co-operation, you are displaying College spirit, if you fail to give this scheme your support, then—a disorganized, uneffective, unenthused, disinterested gang who will do more harm than good. This is pretty rough but the old iron is hot and there are no two ways about it there will be no let up in excitement and enthusiasm until our team will have beaten U. T. Saturday. Say what you will, but the only way to bring about real effectiveness is as aforesaid. There will be instructions regarding this seating arrangement given out in Chapel on Saturday morning. Say—it's all up to you—now show your "Dear Old Maryville" spirit.

You who were in College Chapel Tuesday night heard what Mr. Guy Manners said about his faith in Highlanders,—you heard him say he would be there with his pod of red pepper pinned on his coat. Say did you get the drift of that red pepper?—"It has a burning, stinging, peppy effect y'know". Yes, and don't forget that two weeks ago, Mr. Manners requested a down-front seat in the first line trenches of M. C.'s secondary defense; her rooters and boosters of course. Now it seems to a few that if a man of Mr. Manner's renown and who has his own personal interests scattered to the four corners of the earth to come into our midst and display so much faith and enthusiasm in us, we just must not disappoint the team, and unconsciously, ourselves as well.

MR. MANNER'S OWN WORDS

"Of course there is something more than athletics, something more than foot ball, or base ball, or basket ball; but the physical enthusiasm of athletics, particularly college foot ball, is an unquestionable evidence of the healthy college morale.

Beef and brains! Maryville College has both. Tonnage and alert thinking! They belong to Maryville. Concentration and determination! are always unknown quantities until called upon.

Personally, I am of the opinion, that from the material at Coach Honaker's disposal, one of the grandest college foot ball teams in the U. S. may be developed; and I sincerely trust that Maryville College will stand as a unit behind Coach Honaker and his chosen team.

A winning foot ball team is one of the best publicity getters for any city in which a college is located, therefore it is up to the private citizens of Maryville to ake seriously he efforts of the young athletic giants on College Hill."

Guy Manners.

SPECIAL TRAIN TO BE RUN TO AND FROM KNOXVILLE FOR STUDENTS AND MARYVILLE ROOTERS

Arrangements are now on foot to perfect a plan whereby all students may go over to Knoxville and return on a train provided for the purpose. The hour of departure from Maryville has not been definitely decided as yet, but will be announced in Chapel Saturday morning.

JUST WHO WILL, AND WHO WILL NOT ATTEND GAME.

If you are broke, then borrow, and if it takes your last cent, then spend it, if you can thereby go to game.

If students do not desire to receive their thirty issues of The Highland Echo paid for in the students' activity fee the Business Manager will mail same to any address in the U. S. for twenty-five cents extra. All subscriptions must be paid by October 15, if not they will be taken from the mailing list.

There is an idea pervalent in some localities that the only sportsmanship that's shown in a game is that which the players exhibit. Such an idea is highly erroneous and should be so branded wherever met. There are two kinds of sportsmanship about a football game—that shown by the men on the field and that shown by the "rooters" in the stands. Maryville has always stood firmly for both kinds and every year has caused much favorable comment among Knoxville spectators at the U. T. game.

The true sportsman doesn't yell when his opponents are calling signals, he doesn't jeer or cry "cigarettes" when a hard fighter is carried off, he doesn't criticize the referee, he doesn't hurl insulting epithets across the field at his rivals—he's just a true sportsman, conducting himself accordingly in victory or defeat.

Saturday will test our mettle. Let's all be square, clean, sportsmen!

* * * *

Dr. Gillingham recently told his Theism Class that fact and truth re not necessarily identical. Reading newspapers led us to suspect as much long ago.

* * * *

"Give us liberty or give us death". That's the prevailing sentiment in the new Prep Study Hall. They're getting neither, we're glad to say.

* * * *

Those folks at Knoxville can understand why U. T. may run up a score against us, but they won't be ble to comprehend if they outyell us. There, if nowhere else, we've on an even footing. Let's go, "yellers"!

* * * *

Let's all join Mr. Manner's "Pepper-Up Club"!

* * * *

"The melancholy days have come, the saddest of the year"; but we don't object as long as we can hear: "Signals 14-3-5-9-Shift" and then the crush and crunch of bodies, followed by wild and frantic yells from the sidelines.

* * * *

"Oh you who have daring deeds to tell!
And you who have felt ambition's spell!"

The Echo solicits contributions from all the members of the student body. There are no conditions except that copy must be written plainly on one side of the paper and placed in The Highland Echo box behind the door at the left entrance to Anderson Hall before Chapel time on Wednesday.

RESERVED SEAT SALE FOR LYCEUM BEGINS

Opening Number On, Or About October 17th.

On October 17 the opening number of the Lyceum program will be presented in Voorhees Chapel. This number will be The Impressario by Mozart presented by the American Society of Singers under the direction of Wm. Wade Henshaw. We are fortunate indeed to secure such talent since this light opera is playing a one week's tour of the South as the first performance outside of New York and the immediate vicinity.

The sale of reserved seats in the Chapel will begin on Tuesday. Each student who paid the Student Activities fee has a season ticket to the Lyceum but no seat is reserved unless the season ticket is turned in with twenty-five cents. Upon receipt of the ticket and the fee seats will be reserved. All students are admitted on this season ticket whether they reserve special seats or not.

ABOUT THE CAMPUS

Miss Louise Sheddan has returned to College. Miss Sheddan has been at her home in Deland, Fla.

Miss Bernice West has been visiting Miss Bernice Jones latley.

Mrs. T. W. Moore of Huntingdon, West Virginia was the guest of Mr. and Mrs. Basset on West Main Street the past week. Miss Janet Ensign, a cousin of Mrs. Moore, took dinner with Mrs. Basset Friday evening.

Mr. and Mrs. Orton Duggan are welcome visitors on the Hill. Mr. Duggan graduated from the College with the class of 1912.

Miss Mary Cartledge has been very ill during the past week. She is much improved at present.

Miss Blanche Bailey was the guest of her sisters, Misses Maude and Kathleen Bailey, last week-end.

Misses Maude Gentry and Edith Moore spent Monday in Knoxville.

Wednesday afternoon between the hours of four and six, Miss Rose Wilson was entertained with an informal tea. Problems of the East were discussed.

Miss Esther Miller, one of last year's Sophomore class, is attending Toledo University this year.

Miss Rebecca Calderwood, a graduate of last year's Senior Preparatory Class and who visited on the Hill during the first week, is now a freshman at H. Sophie Newcomb College, of New Orleans, La.

COACH HONAKER ADDRESSES Y MEETING

Splendid Advice Given To Men.

At the Y meeting last Sunday Coach Honaker told the men how they should line up in the various college activities so as to receive the most possible good. One of the primary considerations, he said, in every man's choosing of a college or a university was the curriculum offered. But after choosing the school with a strong curriculum there remain certain choices to be made without the regular classroom work which will do much toward making the fully developed man. There are three forms of student activities in the college to which every man should give his active support if possible. The Y. M.C.A., the Literary Societies, and the Athletic program of the school. In each of these the student should put his best for it is the work in which the student's themselves engage that develops the spirit by which every school is known.

MISS ROSE WILSON VISITS MARYVILLE

Board Secretary Comes In Interests of Missions.

The committee on Student Work of the Woman's Board of Missions of the Presbyterian Church in the United States of America sent a field secretary, Miss Rose Wilson, to visit our college and confer with our students concerning the work of the Kingdom. Miss Wilson's grandfather, Samuel Ray, was at one time a resident of Knoxville. He became a missionary to Persia and set a noble example for his children and grandchildren. Miss Wilson has lived in Persia several years and intends to go back some day.

After College—What? To advise concerning this question was her object in coming here. Her beautiful chapel service, her helpful addresses to the Volunteer Band, and her conferences with individual students have inspired and encouraged many to consider this great question and every other great question by first asking "What would Christ do?"

GIRLS SOCIETIES ENTERTAIN NEW GIRLS

Festive Occasion Staged In College Woods.

It is a sure thing that every girl knows every other girl since meeting at the Theta-Bainonian reception in the woods Satuday night. For what girls could gather around the big bon-fire, play games, give yells, sing songs, and still feel as strangers on the Hill?

Everyone was out and everyone joined hilariously in the fun. When it was nearly time for Miss Molly to say, "Girl's, it is time to go home", a snake dance was started. The line wound itself around thru' the trees, up to "The House in the Woods", over stumps, bumps and hollows. Finally the leader pointed her nose toward that section of the woods that suggested refreshments.

Here everyone was served with a plate containing salad, sandwiches, and crackers, and a cup of lemonade.

As the best was over the girls began to imagine it was time to return home. Everyone declared they had spent a wonderful evening and heartily thanked Theta and Bainonian for the good time given.

SECOND PREPS ELECT OFFICERS

At a meeting of the Second Preps the following officers were elected:

President - - - Sherman Burson
Vice President - - Annie Ellis
Secy. & Treas. - - Mr. Bennett
Editor - - - - Miss Harrington

C. E. Kelly, a new student and a live wire, was appoined to pilot the committee on the class pary.

MARYVILLE WINS 27-0 VICTORY OVER K. H. S.

High School Men Put Up Game Fight.

Under the threatening optics of our mutual friend and enemy, Jupe Pluvius, the curtain was hoisted Saturday afternoon upon Maryville College's foot ball season of 1921, resulting in a decisive count of 27 to 0 victory for the Highlanders over Coach Pete Siler's Knoxville High School crew of oval tossers.

Even an hour after the game, you could hear lots of comments regarding the poor showing of the Maryville Eleven. Maybe they did show up poorly, but those who really know foot ball and foot ball players will say most emphatically that the Highlanders looked mighty good to them ,and considering the number of substitutions, and the somewhat raw material mixed in, one could not expect so much, especially when playing against so strong an aggregation as Knoxville High School, a bunch of fellows who have played foot ball together for the past three years. And don't forget that Coach Honaker sent his men into the game to acquire a thorough knowledge of the game and not to pile up a large score, which would have necessitated the playing of first string men throughout the game and the probable injury of some.

It can be safely said that the feature of the game was the splendid line plunging displayed by Sullinger, M. C.'s plucky fullback. Another oustanding thrill of the game was the skin tackle play which enabled Wyncoop to break through tackle and run 35 yards before being downed by a High School tackler. Captain Ford at tackle, Sullivan at center, Parker at half and McMurray at quarter all played a consistent game and it is a sure bet that they will display some real stuff in forthcoming games. Some new and very promising material was uncovered in the playing of Anderson at guard, Gamble at fullback and McClung at halfback, who went in as substitutes in the latter part of game.

There is much speculation among the student body as to the real showing made by the Highlanders, but coming down to brass tacks, it can be safely stated that M.C. has a real foot ball team and furthermore, that the showing of Saturday afternoon was most favorable to Coach Honaker and those counting on the Highlanders for a winning eleven.

CITIANS SHOW FIGHT

Nothwithstnding the fact that victory was assured at the outset of the game by the rushing attack of the Highlanders, the Citians displayed a mighty fine brand of foot ball and pep and kept it up until the final whistle blew. The most noticeable part of the Citian's game was their defensive play, holding the Highlanders for downs within their own ten yard line.

On straight formations, the Citians were able to make no headway at all against the hefty Orange and Garnet line, but when ordered by Coach Siler in the fourth quarter to turn loose with their overhead attack, several good gains were accomplished. Out of ten attempts, five forward passes were successfully completed by the High School. The stellar work of Woods and Wallace who did yeoman service for City High were features of the game. These two young fellows will likely hang their names in the hall of fame of footballdom when they enter college.

GAME BY QUARTERS

First Quarter

Captain Ford won the toss; Captain Wallace of K. H. S. kicked off 30 yards to Ford, who returned 10. Two first downs were made by Highlanders in succession, by line plunges and off-tackle plays. A pass from McMurray to McCall of 20 yards placed ball on 20 yard line. Four plunges netted another first down with five yards to go for touchdown. High school held on their five yard line and got possession of ball on downs. Wickham attempted to kick but luck was against him, the ball pounding one of High School men on the back and bounding back, Lowe for High School recovering, thus a safety. Score: Maryville 2; High School 0.

Ball was given K.H.S. on their 30 yard line. Wallace fumbled, Hendrick for Maryville recovered. Maryville fumbled, but luck was with us, enabling us to recover. Maryville was thrown for losses twice in succession, but McMurray took ball 12 yards on a neatly executed end run. Maryville failed to make first down. McMurray then made an on-side kick, Wallace getting possession of ball for High School. Mitchell attempted an end run and was about to get away for a nice run, but fumbled ball, McMurray recovering for Maryville. Maryville made first down and then quarter neded with ball in Haryville's possession on K. H.S.'s 12 yard line.

Second Quarter

Sullinger came in for one of those hefty line bucks, going through for eleven yards, to goa lline. McMurray then took ball over for first touchdown of game. McMurray attempted to kick goal, but failed. Score: Maryville 8; Knoxville High School 0.

Sullinger kicked off 40 yards to Dean, who returned to High School 30 yard line. Wood was successful for a five yard gain through line, but on next play, High School was thrown for loss on account of fumble. High School failed to gain, then Wallace elected to kick. Wallace punted 30 yards, McMurray receiving punt, but was unable to get away for a run, being downed in his tracks. Maryville made two first downs. Buchanan made ten yards; Parker went around end for good gain, bringing ball to K.H.S.'s four yard line. Sullinger took ball over goal line on first attempt. McMurray failed to kick goal. Score: Maryville 14; Knoxville High School 0.

Sullinger kicked off 40 yards to Mitchell who returned 10. Mitchell for High School thrown for loss; then Brooks took ball through for a five yard gain. Wallace fumbled and M. C. recovered ball. M. C. fumbled, High School recovering. Wallace made a line buck through Center for five yards, then kicked out of bounds. Whistle blew, ending first half.

Third Quarter

Sullinger kicked off for 50 yards to Woods, who returned ball to 20 yard line. Wallace of High School punted on first down, ball going to middle of field. Wyncoop then made that long dash down field after getting through K.H.S. end. He reached High School's 15 yard line. M. C. was penalized 15 yards for holding. M. C. made first down, but unsuccessful in making touchdown, Citians holding for downs. High School's ball on her 10 yard line. Coach Honaker sent in a fresh bunch of subs. High School kicked out of bounds 30 yards on fourth down. High School regained ball on downs. Wallace punted to Wyncoop, who was tackled before getting away. Wyncoop gained five yards thourgh line. K.H.S. penalized for being off sides. Maryville fumbled, High School recovering on their 12 yard line. The quarter ended with ball in High School's possession on her own 18 yard line.

Fourth Quarter

Knoxville High School began her aerial attack. Woods to iMtchell for 15 yards. Another pass attempted, but failed. Woods passed to Ellmore for 20 yard gain. McClung intercepted a pass from Woods and ran 30 yards before being downed. Knoxville held again for downs and took ball. Three attempts at forward passes were unsuccessful, thus M. C. took ball. McClung went through tackle for 8 yards and Sullinger then plunged through center for 14 yards, ending with ball on 6-inch line, then he carried it over on next play. McMurray kicked goal. Score: Maryville 21; Knoxville High School 0.

Sullinger kicked off to Woods, 40 yards, Woods returning 10 yards. Forward pass, Woods to Wallace netted High School 12 yards. Wallace then kicked 30 yards to McMurray who was downed before getting away. McMurray to King netted M.C. 15 yards and first down. Offside penalty compelled Maryville to punt. Woods carried ball twice, gaining first down. Mitchell received another pass for High School for another first down. Wallace fumbled, Maryville recovered ball, McMurray then got away for an end run which netted Maryville 20 yards. McMurray to Ellis and a penalty against High School for being off side put ball on High School 8 yard line. McMurray went over for touchdown. Mitchell for High School was successful in blocking McMurray's attempt at punt for goal.

Score: Maryville 27; Knoxville High School 0.

Only five seconds remained for play. Sullinger kicked off to High School, Mitchell receiving. Whistle blew, leaving ball in High School's possession in middle of field.

The line-up:

Maryville		Knoxville H. S.
Hendrick	right end	e Elmor
Rice	right tackle	Wickham
Dinwiddie	right guard	Buchanon
Sullivan	center	Lowe
Thrower	left guard	Keister
Ford	left tackle	Yule
McCall	left end	Dean
McMurray	quarterback	Woods
Parker	right half	Mitchell
Sullinger	full back	Wallace
Schmidt	left half	Brooks

Substitutions: Mryville: Buchanan for Schmidt; Wyncoop for Buchanan; King for McMurray; Anderson for Hill; Ellis for Hendrick; Greenlee for nAderson; Gamble for Sullinger; McMurray for King; Williams for Hendricks; Hendrick for Williams; Burson for McCall; Youell for Dinwiddie; McClung for Parker.

Knoxville High School: Godwin for Brooks; Flannagan for Yule;

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—Its College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Y.W. CONDUCTS SONG SERVICE ON LAWN

Use of Old Songs Proves Splendid Service.

Even from the very beginning of creation a desire for music has been felt. Jubal, prompted by this desire, invented the harp and organ, the first musical instruments. Music has power "to sooth the savage breast". Saul, troubled by the evil spirit, called David to play for him. Many emotions require music for their expression. How many instances we find in the Psalms! "Sing praises", praise Him with the sound of the trumpet", praise Him with the psalter", or "praise Him with stringed instruments and organs" appear over and over again Every day of our lives we use music to express our joy or sorrow. We have music at weddings and funerals, at church and football games. Sometimes our joy is so abundant we burst forth into song or whistling. Sometimes only a "sing" can express our emotions.

Miss Mary Elizabeth Clements led our Y.W.C.A. in a song service last Sunday. We sang all the songs that mean so much to us. As a special treat Miss Huizinga played a cello solo and Miss Keskaddn sang very sweetly "Teach Me to Pray".

NEW Y. SECRETARY CHOSEN FOR STATE

Dale DeWitt Takes Charge of Work.

Dale DeWitt, our new State Student Secretary comes to us from Northwestern University, Evanston, Ill., a member of the class of '20. Dewitt has been actively engaged in Christian work for a number of years. He has been active in State work in Illinois during his stay in the University, and has attended student conferences at Hollister and Lake Geneva. He was a strong student leader in the Association work at Northwestern this past year where he was taking advanced work.

Mr. Dewitt is planning to continue his studies later in Yale Divinity or Oberlin Seminary in preparation for the ministry.

SENIOR PREPS ORGANIZE

On September 20th, it was deemed necessary to organize the Fourth preparatory class and to elect officers for the year. Joe Gamble assumed the responsibility of acting as chairman.

The following officers were elected:

Joe C. Gamble ..... President
Francis Dean ..... Vice President
Earl McCall ..... Treasurer
Susan Carson ..... Secretary

The class editor will be elected at next meeting.

CHURCHES TO GAIN AFFILIATED MEMBERS

Sunday Set Aside By Local Pastors.

Sunday the ministers of the various churches will receive those of the student body who desire to become affiliated members. The affiliated membership does not require a change of membership from the home church but only ties the student up with church work during the school months.

STUDENTS ACTIVE IN AMERICAN LEGION

Men From Hill Assist In Ceremonies.

Although last year's class was commonly known as "The War Class" thre are still many men in the College who served in some branch of government service in the World War. These veterans have no organization on the Hill but they are frequently paying tribute to their fallen comrades by assisting in the funeral rites of men who gave up their lives over seas or who have died since leaving the service.

Last Sunday a very impressive funeral service was conducted by the Captain Lones Post of the American Legion over the body of Charles Ernest Lane. Mr. Karrick acted as Chaplain and was assisted by Mr. Kimsey and other Legionaires from the Hill.

After the funeral of Mr. Lane the men from the Captain Lones Post went to Knoxville to assist the Legion Post of that city in the funeral of two comrades who made the supreme sacrifice.

On next Sunday the funeral of anoher ex-service man will be conducted at Forest Hill by the Captain Lones Post. The service of paying the last tribute to fallen comrades is one which may be performed by any Legionaire, and the Post invites all veterans from the Hill to participates in these rites. Service men are still united by bonds stronger than any enlistment, by bonds welded by terrible days and long nights together in the trenches

Men don't forget those bonds!

Dr. Wilson at noon on Wednesday, September 28th, performed the service that united in marriage a former teacher in the Home Economics Department, Miss Naomi Elizabeth Trent, of Maryville, to Mr. Walter Clyburn Taylor, of Hickory, North Carolina. The wedding took place at the residence of Mr. Joseph C. Bittle on Court street, Dr. Francisco assisted in the service.

Miss Trent was a student of the College from 1913 to 1916; graduated from the Home Economics Department in June 1916; and from 1916 to 1919 served as one of the teachers in the department from which she graduated. She was a very efficient and popular teacher. A host of college friends of hers unite in wishing her and her husband a very happy wedded life.

HIGHLANDERS IN FINE FORM FOR FRAY

(Continued from page 1)

and am satisfied that they will do their utmost to win Saturday. If we win or lose, it will be a great game and it is needless to say that Tennessee will realize some real football before they scent vicory. If we win, then we will have accomplished a feat unknown to the Orange and Garnet elevens in many years.

Again, I am proud of my men, glad of the opportunity to captain a team made up of such calibre of real manhood and foot ball players and I wish to say for them that they will give everything they have to bring victory to the Orange and Garnet supporters."

The above is an indication of what we shall expect in our game with Tennessee and it is up to us as students and backers of the Highlanders to get this spirit into our blood and support them in proportion to their work for us. Of course that calls for nothing less than one hundred per cent confidence, enthusiasm and support on the part of students and backers of the Orange and Garnet eleven.

HIGHLANDERS MEET ANCIENT RIVAL IN SEASON'S GREATEST GRID CLASSIC

HIGHLANDERS IN FINE FORM FOR FRAY

Good Coaching And Hard Fighting Result Well.

On the eve of our game with Tennessee, our men are running signals and perfecting their shift plays in an attempt to baffle the Volunteers Saturday. Tuesday, Wednesday and Thursday were devoted to scrimmage thus terminating all rough work, giving all injured men an opportunity to recuperate and go into the game Saturday in fine shape.

At present, indications are that every man will have all sore spots, "Charlie horses" and other bruises which necessarily slow up their speed and punch, well taken care of and ready for the big game.

The men who will probably start game for Maryville are as follow:

Right End	Williams, Burson
Left End	McCall, Hendrick
Right Guard	Rice, Sullivan
Left Guard	Dinwiddie, Youell
Right Tackle,	Thrower, Hill
Left Tackle,	Ford (captain)
Center	McLaughlin
Quarterback	McMurray, McLane
Halfback (right)	Wyncoop, Parker
Halfback (left)	Acton, Schmidt
Fullback	Sullinger, Gamble

Before writing this article, particular care was taken to ascertain as best possible, the real feeling existing among players and Coach Honaker regarding results of the game with U. T. Saturday. Thus, when you take a glance at this, you inhale the feeling of our Coach and our Men.

Below, you will find a statement from Coach Honaker and Capain Ford regarding out tilt with University of Tennessee Saturday.

COACH HONAKER:

"I don't know as it is necessary to say anything regarding our game with Tennessee Saturday other than my men are fast rounding into fine shape; the morale of men is good and the feeling of confidence that we will make Tennessee fight hard for every inch of ground that they gain is the prevailing thought in the minds of my men. The game Saturday will be a close one and I am depending on the Highlanders to display a brand of football that has not been seen on the part of an Orange and Garnet crew of pigskin arists for many years. I have worked hard with my men; they have in turn, done the same for me; thus, the only thing to do is to wait now until they get into the game Saturday and see what results will be.

Also, I want to express my appreciation for the confidence placed in my men by student body and faculty; for the interest and enthusiasm they are displaying and it is my hope that they will all go to Knoxville Saturday and support the team to the very last ditch.

CAPTAIN FORD:

"Not since I donned an Orange and Garnet uniform several seasons ago, have I had a feeling of confidence greater than that now existing in my mind that the Highlanders will give Tennessee the best game that they have in years. I am proud of their work in practice

(Continued on page 4)

NEW STUDENTS INTRODUCED TO SNAP

Opening Social of Year Staged Monday Evening.

All of Monday evening was devoted to the initiation of many novices into the intricacies of snap a la mode. They learned readily and willingly, those beginners, and the ancient and honorable, albeit antiquated, past-time gained numerous ardent devotees. Nor were all of the enthusiasts of verdant hue—many seasoned veterans of the game were in evidence, not entirely for the purpose of dispensing information concerning the game, we suspect.

The floor was crowded to capacity with participants in the genteel melee, while the balcony above was thronged with spectators rather more interested in affairs d'amour than in the scene below. Support seemed to be evenly divided between the regulation form of snap and this painless and gentler phase of the time-honored indoor sport. Then, too more than one entente cordiale was formed on the floor between couples who "stood" while a third member dashed in reckless and head-long abandon before a pursuer whose feet sped nimbly after but whose heart remained at the starting point where a lass waited to resume an interrupted conversation.

Whether the end in view was the inauguration of the old, yet new, game, or the infusing of an esprit du corps into the student body success crowned that end. This pleasant affair formally introduces new students into the social life of the Hill. Hence forth they are regularly installed as Maryvillians. As some one has aptly expressed it, "having completed this required work they are now ready to take up their electives", socially.

1922 CHILHOWEAN STAFF BEGINS WORK

On Wednesday the newly chosen staff of the 1922 Chilhowean met in the room assigned for that purpose in Anderson Hall. Already much has been done in preparation for the publication of the Annual. Before the close of school last year contracts for printing and engraving work were signed and sample copies of year books were sent to the editor, R. S. Buffat.

Mr. Buffat has chosen as his associates in the task of publishing the Chilhowean the following staff:

Herrick Arnold, Associate Editor
August Johnston Bus. Manager
Leslie Poe Asst. Bus. Manager
Leslie Jones Photo Editor
Robt. C. Dedmon, Asst. Photo Ed.
L. T. Crawford, Athletic Editor
Miss Lina Hodges, Literary and Departmental
Miss Agnes Lewis, Auxiliary
Miss Catherine Wilson, Student Activities
Henry Cox, Art Editor
Miss Vivian Rochester, Asst. Art Editor.

FACULTY ADVISERS PLAN TO BE ADOPTED

Faculty Members Assigned To Student Groups.

Personal contact, with the development of friendship and mutual confidence, between teacher and student has from the beginning been a characteristic of Maryville College life. With the rapid growth of the College, however, and perhaps because of such rapid growth, has come the feeling that this very desirable personal touch might in time be lost. In order, therefore, to prevent such a calamity, the Faculty has adopted a method that successfully operates in many colleges of the Maryville size and type; namely, a grouping of the entire student body under Faculty Advisers.

In the organization of the plan, the college students have been assigned in convenient groups to their respective Advisers, and will be duly notifid as to the Advisor to whom they have been assigned.

The responsibility that is thus distributed among teachers and students alike guarantees that no student need lack a helpful word in season, either when he himself or his Advisor feels that such counsel is needed. Consultation on one's course of study, study habits, vocation, ideals, college activities, home, health, money, spiritual problems, and, indeed, anything that may concern the welfare of the individual or his group, may be freely sought with the knowledge that it will be kindly and cheerfully given. The student will still, of course, be absolutely free, as heretofore, to consult any member of the Faculty on any subject, and the officers and instructors in turn will continue to be the friends and advisers of all the students. The only thing that is obligatory under the new plan is that at least one member of the Faculty, who will be known as the Advisor, shall be accessible for counsel at such times as he may be able to arrange with the members of his group, and that the student shall report to his Advisor when requested to do so. It is hoped that this innovation will go far toward conserving all the values of the small college, and the better enable the Faculty to be the helpful, personal friends that they earnestly desire to be to every Maryville student.

The Advisers to the college students are as follows: Seniors: Dr. and Mrs. Stevenson; Juniors, who will be divided into three groups: Dean Barnes, Dr. Hussey, and Mrs. Alexander; Sophomores, five groups: Dr. Gillingham, Prof. J. A. Hyden, Miss Heron, Mrs. Minton and Miss Wheelock; Freshmen, ten groups: Prof. Knapp, Prof. Davis, Prof. Hunter, Prof. Orr, Dr. McMurray, Prof. Honaker, Prof. W. L. Hyden, Miss Green, Miss Henry, and Mrs. McMurray.

A similar plan will be carried out in the Preparatory School, and announced by Principal Ellis.

Don't Forget the Pep Meeting in the College Chapel Tonight

PEP-ER-UP MEETING OF STUDENTS AND MARYVILLIANS TUESDAY NIGHT

MR. GUY MANNERS, NOTED AUTHOR, TRAVELLER AND BELIEVER IN MARY VILLE COLLEGE MAKES SHORT, SNAPPY SPEECH.

Ere supper was barely over Tuesday evening, the merry throng of College students began their pilgrimage over to College Chapel for initial Pep Meeting of year, in preparation for U. T. game. And the dear old Chapel was almost taken from its foundations by the hefty, noisy emittances from the throats of those who want to see M. C. win and who believe the Highlanders have got the stuff it takes to get U. T.'s Goat.

We have always been given the credit for putting it all over Tennessee in the cheering game, but let's set a precedent that has not been in vogue for Maryville College for many years past, namely: let's out-yell Tennessee and bring home the bacon also. If the Highlanders are going to win, they must have all the support in the world, and our only means of showing them we are behind the team is to yell like—we never yelled before. There are no two ways about it, we must get in there and put everything we've got into the support of our team. And once and for all times, let it be understood that we will support our scrappy eleven to the last ditch and not a time shall a big U. T. drown out the echo of a big M. C. "Rah" or a Howee-How.

Say—get this thing all mixed up in that red blood of yours, talk it up among you and be on the job Saturday afternoon, ready for the pilgrimage over to Knoxville for our big battle with U. T.

TWO SECTIONS TO BE RESERVED FOR M. C. STUDENTS AND MARYVILLIANS

Honor to all moonshiners, but say, let moonshining go for this Tennessee game. We want organization, and if we are to have it, we have decided that men and women must be seated separately. If you will get behind this movement and give it your whole hearted co-operation, you are displaying College spirit, if you fail to give this scheme your support, then—a disorganized, uneffective, unenthused, disinterested gang who will do more harm than good. This is pretty rough but the old iron is hot and there are no two ways about it there will be no let up in excitement and enthusiasm until our team will have beaten U. T. Saturday. Say what you will, but the only way to bring about real effectiveness is as aforesaid. There will be instructions regarding this seating arrangement given out in Chapel on Saturday morning. Say—it's all up to you—now show your "Dear Old Maryville" spirit.

You who were in College Chapel Tuesday night heard what Mr. Guy Manners said about his faith in Highlanders,—you heard him say he would be there with his pod of red pepper pinned on his coat. Say did you get the drift of that red pepper?—"It has a burning, stinging, peppy effect y'know". Yes, and don't forget that two weeks ago, Mr. Manners requested a down-front seat in the first line trenches of M. C.'s secondary defense; her rooters and boosters of course. Now it seems to a few that if a man of Mr. Manner's renown and who has his own personal interests scattered to the four corners of the earth to come into our midst and display so much faith and enthusiasm in us, we just must not disappoint the team, and unconsciously, ourselves as well.

MR. MANNER'S OWN WORDS

"Of course there is something more than athletics, something more than foot ball, or base ball, or basket ball; but the physical enthusiasm of athletics, particularly college foot ball, is an unquestionable evidence of the healthy college morale.

Beef and brains! Maryville College has both. Tonnage and alert thinking! They belong to Maryville. Concentration and determination! are always unknown quantities until called upon.

Personally, I am of the opinion, that from the material at Coach Honaker's disposal, one of the grandest college foot ball teams in the U. S. may be developed; and I sincerely trust that Maryville College will stand as a unit behind Coach Honaker and his chosen team.

A winning foot ball team is one of the best publicity getters for any city in which a college is located, therefore it is up to the private citizens of Maryville to ake seriously he efforts of the young athletic giants on College Hill."

Guy Manners.

SPECIAL TRAIN TO BE RUN TO AND FROM KNOXVILLE FOR STUDENTS AND MARYVILLE ROOTERS

Arrangements are now on foot to perfect a plan whereby all students may go over to Knoxville and return on a train provided for the purpose. The hour of departure from Maryville has not been definitely decided as yet, but will be announced in Chapel Saturday morning.

JUST WHO WILL, AND WHO WILL NOT ATTEND GAME.

If you are broke, then borrow, and if it takes your last cent, then spend it, if you can thereby go to game.

If students do not desire to receive their thirty issues of The Highland Echo paid for in the students' activity fee the Business Manager will mail same to any address in the U. S. for twenty-five cents extra. All subscriptions must be paid by October 15, if not they will be taken from the mailing list.

There is an idea pervalent in some localities that the only sportsmanship that's shown in a game is that which the players exhibit. Such an idea is highly erroneous and should be so branded wherever met. There are two kinds of sportsmanship about a football game—that shown by the men on the field and that shown by the "rooters" in the stands. Maryville has always stood firmly for both kinds and every year has caused much favorable comment among Knoxville spectators at the U. T. game.

The true sportsman doesn't yell when his opponents are calling signals, he doesn't jeer or cry "cigarettes" when a hard fighter is carried off, he doesn't criticize the referee, he doesn't hurl insulting epithets across the field at his rivals—he's just a true sportsman, conducting himself accordingly in victory or defeat.

Saturday will test our mettle. Let's all be square, clean, sportsmen!

* * * *

Dr. Gillingham recently told his Theism Class that fact and truth re not necessarily identical. Reading newspapers led us to suspect as much long ago.

* * * *

"Give us liberty or give us death". That's the prevailing sentiment in the new Prep Study Hall. They're getting neither, we're glad to say.

* * * *

Those folks at Knoxville can understand why U. T. may run up a score against us, but they won't be ble to comprehend if they outyell us. There, if nowhere else, we've on an even footing. Let's go, "yellers"!

* * * *

Let's all join Mr. Manner's "Pepper-Up Club"!

* * * *

"The melancholy days have come, the saddest of the year"; but we don't object as long as we can hear: "Signals 14-3-5-9-Shift" and then the crush and crunch of bodies, followed by wild and frantic yells from the sidelines.

* * * *

"Oh you who have daring deeds to tell!
And you who have felt ambition's spell!"

The Echo solicits contributions from all the members of the student body. There are no conditions except that copy must be written plainly on one side of the paper and placed in The Highland Echo box behind the door at the left entrance to Anderson Hall before Chapel time on Wednesday.

RESERVED SEAT SALE FOR LYCEUM BEGINS

Opening Number On, Or About October 17th.

On October 17 the opening number of the Lyceum program will be presented in Voorhees Chapel. This number will be The Impressario by Mozart presented by the American Society of Singers under the direction of Wm. Wade Henshaw. We are fortunate indeed to secure such talent since this light opera is playing a one week's tour of the South as the first performance outside of New York and the immediate vicinity.

The sale of reserved seats in the Chapel will begin on Tuesday. Each student who paid the Student Activities fee has a season ticket to the Lyceum but no seat is reserved unless the season ticket is turned in with twenty-five cents. Upon receipt of the ticket and the fee seats will be reserved. All students are admitted on this season ticket whether they reserve special seats or not.

ABOUT THE CAMPUS

Miss Louise Sheddan has returned to College. Miss Sheddan has been at her home in Deland, Fla.

Miss Bernice West has been visiting Miss Bernice Jones latley.

Mrs. T. W. Moore of Huntingdon, West Virginia was the guest of Mr. and Mrs. Basset on West Main Street the past week. Miss Janet Ensign, a cousin of Mrs. Moore, took dinner with Mrs. Basset Friday evening.

Mr. and Mrs. Orton Duggan are welcome visitors on the Hill. Mr. Duggan graduated from the College with the class of 1912.

Miss Mary Cartledge has been very ill during the past week. She is much improved at present.

Miss Blanche Bailey was the guest of her sisters, Misses Maude and Kathleen Bailey, last week-end.

Misses Maude Gentry and Edith Moore spent Monday in Knoxville.

Wednesday afternoon between the hours of four and six, Miss Rose Wilson was entertained with an informal tea. Problems of the East were discussed.

Miss Esther Miller, one of last year's Sophomore class, is attending Toledo University this year.

Miss Rebecca Calderwood, a graduate of last year's Senior Preparatory Class and who visited on the Hill during the first week, is now a freshman at H. Sophie Newcomb College, of New Orleans, La.

COACH HONAKER ADDRESSES Y MEETING

Splendid Advice Given To Men.

At the Y meeting last Sunday Coach Honaker told the men how they should line up in the various college activities so as to receive the most possible good. One of the primary considerations, he said, in every man's choosing of a college or a university was the curriculum offered. But after choosing the school with a strong curriculum there remain certain choices to be made without the regular classroom work which will do much toward making the fully developed man. There are three forms of student activities in the college to which every man should give his active support if possible. The Y. M.C.A., the Literary Societies, and the Athletic program of the school. In each of these the student should put his best for it is the work in which the student's themselves engage that develops the spirit by which every school is known.

MISS ROSE WILSON VISITS MARYVILLE

Board Secretary Comes In Interests of Missions.

The committee on Student Work of the Woman's Board of Missions of the Presbyterian Church in the United States of America sent a field secretary, Miss Rose Wilson, to visit our college and confer with our students concerning the work of the Kingdom. Miss Wilson's grandfather, Samuel Ray, was at one time a resident of Knoxville. He became a missionary to Persia and set a noble example for his children and grandchildren. Miss Wilson has lived in Persia several years and intends to go back some day.

After College—What? To advise concerning this question was her object in coming here. Her beautiful chapel service, her helpful addresses to the Volunteer Band, and her conferences with individual students have inspired and encouraged many to consider this great question and every other great question by first asking "What would Christ do?"

GIRLS SOCIETIES ENTERTAIN NEW GIRLS

Festive Occasion Staged In College Woods.

It is a sure thing that every girl knows every other girl since meeting at the Theta-Bainonian reception in the woods Satuday night. For what girls could gather around the big bon-fire, play games, give yells, sing songs, and still feel as strangers on the Hill?

Everyone was out and everyone joined hilariously in the fun. When it was nearly time for Miss Molly to say, "Girl's, it is time to go home", a snake dance was started. The line wound itself around thru' the trees, up to "The House in the Woods", over stumps, bumps and hollows. Finally the leader pointed her nose toward that section of the woods that suggested refreshments.

Here everyone was served with a plate containing salad, sandwiches, and crackers, and a cup of lemonade.

As the best was over the girls began to imagine it was time to return home. Everyone declared they had spent a wonderful evening and heartily thanked Theta and Bainonian for the good time given.

SECOND PREPS ELECT OFFICERS

At a meeting of the Second Preps the following officers were elected:

President - - - Sherman Burson
Vice President - - Annie Ellis
Secy. & Treas. - - Mr. Bennett
Editor - - - - Miss Harrington

C. E. Kelly, a new student and a live wire, was appoined to pilot the committee on the class pary.

MARYVILLE WINS 27-0 VICTORY OVER K. H. S.

High School Men Put Up Game Fight.

Under the threatening optics of our mutual friend and enemy, Jupe Pluvius, the curtain was hoisted Saturday afternoon upon Maryville College's foot ball season of 1921, resulting in a decisive count of 27 to 0 victory for the Highlanders over Coach Pete Siler's Knoxville High School crew of oval tossers.

Even an hour after the game, you could hear lots of comments regarding the poor showing of the Maryville Eleven. Maybe they did show up poorly, but those who really know foot ball and foot ball players will say most emphatically that the Highlanders looked mighty good to them ,and considering the number of substitutions, and the somewhat raw material mixed in, one could not expect so much, especially when playing against so strong an aggregation as Knoxville High School, a bunch of fellows who have played foot ball together for the past three years. And don't forget that Coach Honaker sent his men into the game to acquire a thorough knowledge of the game and not to pile up a large score, which would have necessitated the playing of first string men throughout the game and the probable injury of some.

It can be safely said that the feature of the game was the splendid line plunging displayed by Sullinger, M. C.'s plucky fullback. Another oustanding thrill of the game was the skin tackle play which enabled Wyncoop to break through tackle and run 35 yards before being downed by a High School tackler. Captain Ford at tackle, Sullivan at center, Parker at half and McMurray at quarter all played a consistent game and it is a sure bet that they will display some real stuff in forthcoming games. Some new and very promising material was uncovered in the playing of Anderson at guard, Gamble at fullback and McClung at halfback, who went in as substitutes in the latter part of game.

There is much speculation among the student body as to the real showing made by the Highlanders, but coming down to brass tacks, it can be safely stated that M.C. has a real foot ball team and furthermore, that the showing of Saturday afternoon was most favorable to Coach Honaker and those counting on the Highlanders for a winning eleven.

CITIANS SHOW FIGHT

Nothwithstnding the fact that victory was assured at the outset of the game by the rushing attack of the Highlanders, the Citians displayed a mighty fine brand of foot ball and pep and kept it up until the final whistle blew. The most noticeable part of the Citian's game was their defensive play, holding the Highlanders for downs within their own ten yard line.

On straight formations, the Citians were able to make no headway at all against the hefty Orange and Garnet line, but when ordered by Coach Siler in the fourth quarter to turn loose with their overhead attack, several good gains were accomplished. Out of ten attempts, five forward passes were successfully completed by the High School. The stellar work of Woods and Wallace who did yeoman service for City High were features of the game. These two young fellows will likely hang their names in the hall of fame of footballdom when they enter college.

GAME BY QUARTERS

First Quarter

Captain Ford won the toss; Captain Wallace of K. H. S. kicked off 30 yards to Ford, who returned 10. Two first downs were made by Highlanders in succession, by line plunges and off-tackle plays. A pass from McMurray to McCall of 20 yards placed ball on 20 yard line. Four plunges netted another first down with five yards to go for touchdown. High school held on their five yard line and got possession of ball on downs. Wickham attempted to kick but luck was against him, the ball pounding one of High School men on the back and bounding back, Lowe for High School recovering, thus a safety. Score: Maryville 2; High School 0.

Ball was given K.H.S. on their 30 yard line. Wallace fumbled, Hendrick for Maryville recovered. Maryville fumbled, but luck was with us, enabling us to recover. Maryville was thrown for losses twice in succession, but McMurray took ball 12 yards on a neatly executed end run. Maryville failed to make first down. McMurray then made an on-side kick, Wallace getting possession of ball for High School. Mitchell attempted an end run and was about to get away for a nice run, but fumbled ball, McMurray recovering for Maryville. Maryville made first down and then quarter neded with ball in Haryville's possession on K. H.S.'s 12 yard line.

Second Quarter

Sullinger came in for one of those hefty line bucks, going through for eleven yards, to goa lline. McMurray then took ball over for first touchdown of game. McMurray attempted to kick goal, but failed. Score: Maryville 8; Knoxville High School 0.

Sullinger kicked off 40 yards to Dean, who returned to High School 30 yard line. Wood was successful for a five yard gain through line, but on next play, High School was thrown for loss on account of fumble. High School failed to gain, then Wallace elected to kick. Wallace punted 30 yards, McMurray receiving punt, but was unable to get away for a run, being downed in his tracks. Maryville made two first downs. Buchanan made ten yards; Parker went around end for good gain, bringing ball to K.H.S.'s four yard line. Sullinger took ball over goal line on first attempt. McMurray failed to kick goal. Score: Maryville 14; Knoxville High School 0.

Sullinger kicked off 40 yards to Mitchell who returned 10. Mitchell for High School thrown for loss; then Brooks took ball through for a five yard gain. Wallace fumbled and M. C. recovered ball. M. C. fumbled, High School recovering. Wallace made a line buck through Center for five yards, then kicked out of bounds. Whistle blew, ending first half.

Third Quarter

Sullinger kicked off for 50 yards to Woods, who returned ball to 20 yard line. Wallace of High School punted on first down, ball going to middle of field. Wyncoop then made that long dash down field after getting through K.H.S. end. He reached High School's 15 yard line. M. C. was penalized 15 yards for holding. M. C. made first down, but unsuccessful in making touchdown, Citians holding for downs. High School's ball on her 10 yard line. Coach Honaker sent in a fresh bunch of subs. High School kicked out of bounds 30 yards on fourth down. High School regained ball on downs. Wallace punted to Wyncoop, who was tackled before getting away. Wyncoop gained five yards thourgh line. K.H.S. penalized for being off sides. Maryville fumbled, High School recovering on their 12 yard line. The quarter ended with ball in High School's possession on her own 18 yard line.

Fourth Quarter

Knoxville High School began her aerial attack. Woods to iMtchell for 15 yards. Another pass attempted, but failed. Woods passed to Ellmore for 20 yard gain. McClung intercepted a pass from Woods and ran 30 yards before being downed. Knoxville held again for downs and took ball. Three attempts at forward passes were unsuccessful, thus M. C. took ball. McClung went through tackle for 8 yards and Sullinger then plunged through center for 14 yards, ending with ball on 6-inch line, then he carried it over on next play. McMurray kicked goal. Score: Maryville 21; Knoxville High School 0.

Sullinger kicked off to Woods, 40 yards, Woods returning 10 yards. Forward pass, Woods to Wallace netted High School 12 yards. Wallace then kicked 30 yards to McMurray who was downed before getting away. McMurray to King netted M.C. 15 yards and first down. Offside penalty compelled Maryville to punt. Woods carried ball twice, gaining first down. Mitchell received another pass for High School for another first down. Wallace fumbled, Maryville recovered ball, McMurray then got away for an end run which netted Maryville 20 yards. McMurray to Ellis and a penalty against High School for being off side put ball on High School 8 yard line. McMurray went over for touchdown. Mitchell for High School was successful in blocking McMurray's attempt at punt for goal.

Score: Maryville 27; Knoxville High School 0.

Only five seconds remained for play. Sullinger kicked off to High School, Mitchell receiving. Whistle blew, leaving ball in High School's possession in middle of field.

The line-up:

Maryville		Knoxville H. S.
Hendrick	right end	e Elmor
Rice	right tackle	Wickham
Dinwiddie	right guard	Buchanon
Sullivan	center	Lowe
Thrower	left guard	Keister
Ford	left tackle	Yule
McCall	left end	Dean
McMurray	quarterback	Woods
Parker	right half	Mitchell
Sullinger	full back	Wallace
Schmidt	left half	Brooks

Substitutions: Mryville: Buchanan for Schmidt; Wyncoop for Buchanan; King for McMurray; Anderson for Hill; Ellis for Hendrick; Greenlee for nAderson; Gamble for Sullinger; McMurray for King; Williams for Hendricks; Hendrick for Williams; Burson for McCall; Youell for Dinwiddie; McClung for Parker.

Knoxville High School: Godwin for Brooks; Flannagan for Yule;

Maryville College
1819-1921
Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—Its College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Y.W. CONDUCTS SONG SERVICE ON LAWN

Use of Old Songs Proves Splendid Service.

Even from the very beginning of creation a desire for music has been felt. Jubal, prompted by this desire, invented the harp and organ, the first musical instruments. Music has power "to sooth the savage breast". Saul, troubled by the evil spirit, called David to play for him. Many emotions require music for their expression. How many instances we find in the Psalms! "Sing praises", praise Him with the sound of the trumpet", praise Him with the psalter", or "praise Him with stringed instruments and organs" appear over and over again Every day of our lives we use music to express our joy or sorrow. We have music at weddings and funerals, at church and football games. Sometimes our joy is so abundant we burst forth into song or whistling. Sometimes only a "sing" can express our emotions.

Miss Mary Elizabeth Clements led our Y.W.C.A. in a song service last Sunday. We sang all the songs that mean so much to us. As a special treat Miss Huizinga played a cello solo and Miss Keskaddn sang very sweetly "Teach Me to Pray".

NEW Y. SECRETARY CHOSEN FOR STATE

Dale DeWitt Takes Charge of Work.

Dale DeWitt, our new State Student Secretary comes to us from Northwestern University, Evanston, Ill., a member of the class of '20. Dewitt has been actively engaged in Christian work for a number of years. He has been active in State work in Illinois during his stay in the University, and has attended student conferences at Hollister and Lake Geneva. He was a strong student leader in the Association work at Northwestern this past year where he was taking advanced work.

Mr. Dewitt is planning to continue his studies later in Yale Divinity or Oberlin Seminary in preparation for the ministry.

SENIOR PREPS ORGANIZE

On September 20th, it was deemed necessary to organize the Fourth preparatory class and to elect officers for the year. Joe Gamble assumed the responsibility of acting as chairman.

The following officers were elected:
Joe C. Gamble.....President
Francis Dean.....Vice President
Earl McCall.....Treasurer
Susan Carson.....Secretary

The class editor will be elected at next meeting.

CHURCHES TO GAIN AFFILIATED MEMBERS

Sunday Set Aside By Local Pastors.

Sunday the ministers of the various churches will receive those of the student body who desire to become affiliated members. The affiliated membership does not require a change of membership from the home church but only ties the student up with church work during the school months.

STUDENTS ACTIVE IN AMERICAN LEGION

Men From Hill Assist In Ceremonies.

Although last year's class was commonly known as "The War Class" thre are still many men in the College who served in some branch of government service in the World War. These veterans have no organization on the Hill but they are frequently paying tribute to their fallen comrades by assisting in the funeral rites of men who gave up their lives over seas or who have died since leaving the service.

Last Sunday a very impressive funeral service was conducted by the Captain Lones Post of the American Legion over the body of Charles Ernest Lane. Mr. Karrick acted as Chaplain and was assisted by Mr. Kimsey and other Legionaires from the Hill.

After the funeral of Mr. Lane the men from the Captain Lones Post went to Knoxville to assist the Legion Post of that city in the funeral of two comrades who made the supreme sacrifice.

On next Sunday the funeral of another ex-service man will be conducted at Forest Hill by the Captain Lones Post. The service of paying the last tribute to fallen comrades is one which may be performed by any Legionaire, and the Post invites all veterans from the Hill to participates in these rites. Service men are still united by bonds stronger than any enlistment, by bonds welded by terrible days and long nights together in the trenches

Men don't forget those bonds!

Dr. Wilson at noon on Wednesday, September 28th, performed the service that united in marriage a former teacher in the Home Economics Department, Miss Naomi Elizabeth Trent, of Maryville, to Mr. Walter Clyburn Taylor, of Hickory, North Carolina. The wedding took place at the residence of Mr. Joseph C. Bittle on Court street, Dr. Francisco assisted in the service.

Miss Trent was a student of the College from 1913 to 1916; graduated from the Home Economics Department in June 1916; and from 1916 to 1919 served as one of the teachers in the department from which she graduated. She was a very efficient and popular teacher. A host of college friends of hers unite in wishing her and her husband a very happy wedded life.

HIGHLANDERS IN FINE FORM FOR FRAY

(Continued from page 1)

and am satisfied that they will do their utmost to win Saturday. If we win or lose, it will be a great game and it is needless to say that Tennessee will realize some real football before they scent vicory. If we win, then we will have accomplished a feat unknown to the Orange and Garnet elevens in many years.

Again, I am proud of my men, glad of the opportunity to captain a team made up of such calibre of real manhood and foot ball players and I wish to say for them that they will give everything they have to bring victory to the Orange and Garnet supporters."

The above is an indication of what we shall expect in our game with Tennessee and it is up to us as students and backers of the Highlanders to get this spirit into our blood and support them in proportion to their work for us. Of course that calls for nothing less than one hundred per cent confidence, enthusiasm and support on the part of students and backers of the Orange and Garnet eleven.

PALACE PROGRAM

FRIDAY, SEPT. 30TH.

Ethel Clayton in "WEALTH" Harold Lloyd in "Number Please".

SATURDAY, OCTOBER 1ST.

Franklin Farnum in "THE LAST CHANCE". Ruth Roland in 'Avenging Arrow'.

MONDAY, OCT. 3RD.

Thomas Meighan in "CAPPY RICKS".

TUESDAY, OCT. 4TH.

Constance Binney in "ROOM AND BOARD". Also a Torchy Comedy.

WEDNESDAY, OCT. 5TH.

Princess of New York with David Powell. "Hard Knocks and Love Taps" a Sennett comedy.

THURSDAY, OCT. 6TH.

"The Ace of Hearts" with Lon Chaney.

VOLUME SEVEN — MARYVILLE, TENNESSEE OCTOBER 6, 1921. — NUMBER THREE

MARYVILLE'S NEW ATHLETIC FIELD BEGINS TO TAKE SHAPE

WORK OF EXCAVATING IS BEGUN AND PROGRESSES

The Maryvillians are happy these days, they have a right to be for the longed-for Athletic field is becoming a tangibility. The toiling mules and shouting negroes are each moment bringing closer the day when Maryville, equipped with the most modern of athletic equipment will make the "Golden Tornado" of Georgia Tech bite the dust, and compel the flaunted Crimson of Harvard to seek a haven from the fierce attack of the warlike Highlanders. Maryville is on the boom, the clang of each laden scraper tells us so, and as we watch the work our hearts go out in gratitude to those who made it possible.

But to return from such metaphoric agonies and grammatical crimes, let's get to the core of the matter. Before the first of the year Maryville College will have one of the best athletic fields in the South. By then it will be leveled, rolled, and prepared for the baseball and track season, and all other successful seasons which will follow. The field will be fenced and will be furnished with accommodations for two thousand people.

The Field proper is to be five hundred feet on a side, with an ornamental wire fence enclosing it and a quarter mile cinder track surrounding it. It is to be sowed with grass and well drained, rather a contrast to a field our team played on recently.

Professor Hunter, who is Publicity Manager of the Athletic Campaign in its drive for one of the best equipped schools in the South said yesterday to an Echo correspondent, "Maryville is going to have an Athletic Field and not such impossible conditions as confronted us at Knoxville a week ago."

HOUSE IN THE WOODS OPENED TO Y DELEGATES

Blue Ridge Reunion Held Friday Evening.

And it came to pass on the thirtieth day of the ninth month, about the first hour of the night that Dr. and Mrs. Stevenson, the same who sit upon the throne and rule over The House in The Woods and the hearts of the inmates of the College, made a great feed and called to it all those who had journeyed to certain wheezes at Blue Ridge, yea, even to the Y.W. and Y.M. conferences which were pulled in that neck of the woods.

And when these days were fulfilled and certain inmates of the Halls found themselves seized with invitations they arose and went to the bank, yea, even to the work-house of the dollar, and gat for themselves plunkets, kopecks, simoleons, sinkers, yea, even bones, that they might take unto themselves new raiment, even new collars, and hair nets, for this affair bore all the earmarks of a fruity wheeze, yea, even a thoroughly ripe egg.

Now in those days, there was a pestilence throughout the land and many were grievously smitten with it. This pestilence is known among the dwellers of the land as Moonshining and it causeth much distress wherever it alighteth. And it came to pass that the male members of the tribe were sorely afflicted so that they betook themselves to Pearsons and yet other two joints, and gat for themselves damsels that they might rejoice with them in the suffering of the plague and the joys of the feed. And when they were come the maidens received them with much rejoicing, having covertly expected them even before the tidings of the affair became known afar.

And when all these things had come to pass, the Keeper, yea, even the Chaperone, spake unto them saying, "Behold, let us place an egg in our shoe and beat it." And it happened as she had commanded it.

(Continued on page four)

SENIORS TO SEE PLAY MACBETH FRIDAY

Seats Reserved For Performance at Bijou.

Arrangements have been made whereby the Senior Class will go en masse to Knoxville to witness Fritz Leiber's acting of Macbeth at the Bijou theatre on Friday evening.

The large Pullman Buss has been chartered for the occasion and a block of seats for the performance has been reserved. Mr. Leiber is playing two stands in Knoxville, Macbeth on Friday and Hamlet on Saturday. Both plays will, no doubt, be highly appreciated, especially by lovers of Shakespeare and the dramatic art. A few local people have witnessed the performances by the same cast and are enthusiastic in their approval, praising especially Fritz Leiber's wonderful work in the leading roles of both tragedies.

MARYVILLE PLAYERS OPEN SECOND SEASON

"Esmeralda" To Be First Feature.

The "Maryville Players", who won such fame on the Hill last year will present the play "Esmeralda" soon, under the direction of Mrs. West and Miss Holland. This is the first play of the season and it promises to be one of the best.

Six young ladies of the Department of Expression will read Thursday afternoon and night at the Princess Theatre. Misses McClung, Collins, and Frow will read in the afternoon; Misses Blank, Kimble and Nicely at night.

Miss Reva Rankin, and Miss Martha Mae Boyer read several humorous numbers at a social affair given by the M. E. Church on last Thursday night.

MR. MANNERS SPEAKS OF THE GAME

Author Praises Team Highly.

It was Maryville's game from start to finish! The score?—now let us consider the psychology and not the score; for be it known, the score was a most astonishingly unsatisfactory score to the seasoned players doing battle for U. T.

From the spectators' viewpoint, Maryville played both football and headball; perhaps a trifle more football.

Here is the psychology:

Maryville College penalizes herself when she reasons that she must eternally be on the defensive. She also penalizes herself when she states, "oh, we are a college, while the 'Varsity is the Varsity!"

The football team penalizes itself when it fails to engage in the gruelling work of actual and complete physical training. You cannot train on ice cream sodas, chero colas, unbalanced rations, or a lack of sudden thinking at crucial moments.

Intensive training while the football season lasts is the keynote to gridiron victories.

Here is some more psychology:

Maryville College has a right to believe herself invincible, a right to consider herself unbeatable. As she plays football, so will she play the balance of life's strenuous game.

And she played football Saturday! regardless of the condition of the field, regardless of the bugaboo, that the State University should have the better physical equipment; she sent her young giants out to battle for the glory of Orange and Garnet, and, the wonder was that she did not reverse the score.

Here-to-fore, U. of T. held Maryville at her mercy in the last half; not so this year! There was just enough of the abysmal brute in Coach Honaker's team to demand the unstinted admiration of every red-blooded spectator occupying the cold cement seats of the U. of T. unfinished stadium.

It was a battle royal that came near causing your humble scribe an attack of apoplexy. Here's to you Maryville College! Here's to you Coach Honaker! Here's to you Team! and her is to the wonderful spirit of Maryville's Citizens!

Rip! Rap! Rap!
Blood's on top!
Beat them! Beat them!—MARYVILLE!!

Guy Manners.

THIRD GAME OF SEASON WITH CUMBERLAND

Friday morning, Coach Honaker and his crew of huskies depart Kentuckyward to invade the camp of Cumberland College. It is rumored that Cumberland has a rather strong aggregation of gridiron warriors this year, inasmuch as they held Georgetown College to a 21 to 7 score last week. It will be remembered that Georgetown defeated Highlanders last year by score of 28 to 6, and since this same team defeated Cumberland 21 to 7 this year, it is quite likely that Orange and Garnet will receive somewhat of a warm welcome.

MARYVILLE-U. T. GAME FURNISHES ABUNDANT THRILLS

HIGHLANDERS HOLD TENNESSEE TO 7-0 SCORE

Ere the sun was setting Saturday afternoon over Tennessee's muddy, slippery, soggy and somewhat deceiving athletic field, Maryville College was adding history to her football itinerary by holding U. T. to a 7 to 0 count. Figures are convincing in most instances, but this is one of those few cases when the figure 7 represents luck and not that old brawn, fight, pep and push that is required to win a football game. Did Maryville outplay Tennessee? By the faith of my mother's ten year old cat, she did you know. That old stonewall defense built up by Coach Honaker in the meager period of two weeks held like a tar bucket and that old charging offensive came in for good gains time and time again. Yea—you scrappy bunch of Highlanders, we know the stuff you displayed; we saw you fight Tennessee off her feet; we saw you play the game fair and square and we sum the whole story up by calling you "Victors" inasmuch as you outplayed Tennessee and deserved to win.

THREE CHANCES TO SCORE

Three times Maryville rushed the ball down the field into the glaring shadows of Tennessee's goal, but alas! The old pigskin could not be taken over. And don't forget that old M. C. took that ball down the field by line smashes more than anything else, this proving their mettle and their driving power. The great thrill of the game was Acton's spurt thru Tennessee's defense for 50 yards, being downed on Tennessee's 13 yard line. It is safe to say that the old scoreboard would have yielded up a 7 to 7 count if the rain-soaked field would have afforded a decent footing of any kind. Never mind, Acton old scout, we know the stuff it took to pull off those 50 yards and we know too that it broke that old vital organ, the heart, when you were robbed of that touchdown which was due you. Better luck next time.

Sullinger at fullback came thru for his share of fight and pep and even though slugged to a complete "knockout" in the third quarter, the scrappy fellow came back strong in the fourth quarter and accounted for several good Orange and Garnet gains. We would like to know who has a fullback of Tubby's calibre? Parker at halfback used that old headstuff in his punting and came thru for much praise for the stellar game of football he displayed. Needless to say that his punting was so far above Clayton's and Keister's of Tennessee that there is no comparison at all. What about Thrower or Ford for a pair of tackles? Eh what? Captain Ford displayed veteran ability in handling his team and not once did he omit himself from a play.

Say—but the way that boy does play football. To characterize Thrower's work properly would be to repeat a remark made by Tennessee's much touted "All-Southern" End, but now Tackle, Vowell—however, since Mr. Vowell used little or no discretion with his English Grammar in formulating his statement, such will be omitted. Suffice to say that Thrower was in there fighting all the time. Rice and Dinwiddie who started at guard, played well and accounted for several Tennessee bumps upon their mushy terra firma. Hill and Sullivan, who relieved Rice and Dinwiddie played a great game. Hill is a new man, but be it said he has the goods and more will be heard from this fellow. There is always a feeling of confidence when dear old Sullie gets into that line for there will be no breaking through. Go to it Sullie, we know the stuff that constitutes your game. Our ends played well. Hendrick came thru for the whole fray and once he connected with a nice pass from McMurray for a gain of 15 yards. Jimmie Boy, we're counting on you this year. McLane, the boy who comes to us from Birmingham, Alabama, along with Acton, showed some real stuff. His tackling and defensive work was of the first order and say, Eddie, as he is known, is in for some real football ere this season is over. McMurray at quarterback displayed a brand of football above the ordinary, and be it known and forever remembered that his was a much better game than Clayton or Keister at Quarter for Tennessee could show. Acton—well, we don't know except we can say and do insist that Maryville has a Halfback that no College or University in Tennessee possesses. U. T. has nothing that can touch him. Wyncoop got into the game, but only for a short period, but during his inning, he bucked that old Tennessee line for three and four yards right along. We believe in you Wyncoop, old man. McCall and Baxter Williams who got into the scrap in the last quarter, displayed some real football. Williams was suffering from a bad ankle and if not for this, he would certainly have seen more service. In Williams, also McCall, Maryville College possesses two real athletes.

ATHLETIC BOARD CHOOSES CAPTAINS

At a meeting held last week of Athletic Board of Control, the following were elected as Managers of Baseball and Basketball teams respectively:

Baxter Williams for Baseball: Giles (Slim) McGinley for boy's basketball team, and Sidna Sherard for girl's basketball team.

The letter men of last year's baseball team re-elected Partee as Captain to pilot them again this year on the diamond. For basketball, the choice of last year's letter men was Jean McMurray. For the girl's basketball team, no captain has been elected as yet, but this will be decided upon in the very near future.

The above indicates that our baseball and basketball teams will be in competent hands this year and furthermore, we are going to look to these pilots of the respective baseball and basketball teams for the most successful season ever experienced by an Orange and Garnet team in years. Go to it—we're for you strong and backing you to the limit.

ABOUT A PRESIDENT'S CLUB

There are, by actual count, twenty student organizations, not including state clubs, on the Hill. That fact alone isn't particularly striking, for organizations are the natural outcroppings of the group instinct of the students. But, upon closer consideration, one finds that there is a striking degree of unity of purpose and effort manifest among these several student groups. Each organization, regardless of its nature, whether religious, athletic or literary, has as its goal the betterment of conditions, individual or collective. One group strives to attain to a degree more nearly touching perfection in forensic achievement—such a purpose is a definite and important step toward advancing the banners of the college on a very important front. Another group desires improvement in individual character and in the morale of the school. Yet another group takes as its goal supremacy in all forms of athletics. Obviously, all of these organizations are concentrating their efforts upon one primary aim—College betterment. Yet, despite this unity of purpose, each organization is a separate force. There is no medium for combining and strengthening the work. The need for such a medium is at once apparent. Without it cooperation is well-nigh impossible.

In many schools and colleges Presidents' Clubs are supplying the need for a unifying medium. Such clubs have for their personnel the presidents of all of the student organizations, excepting state clubs. At their regular sessions suggestions for cooperation and mutual improvement, complaints arising from the methods of any organization, plans for eliminating campus evils and bettering the student morale, all these, and any other questions arising, may be considered. By this plan the efforts of the various organizations are welded together and strengthened in the accomplishment of the common aim, the welfare of the school.

We believe that such an organization would be of great value to Maryville and we are quite willing to give publicity to any movement toward that end.

* * * *

AUTUMNAL BEAUTY

Autumn is flaunting her banners gay,
As if to the dying Summer say,
"Truly you had beauty for a day
But now ha'e your admirers turned away."

"My beauties consist of these,
Flaming Sumac and dancing leaves;
Goldenrods and asters, too,
A riot of leaves of every hue."

—Frances L. Harris.

ALUMNI

Rev. Samuel Lee Haworth, a former sutdent of the college is stationed at High Point, North Carolina, where he is engaged in pastoral duties. Mr. Haworth is also a contributing editor of The American Friend.

Mr. James C. Alexander, of the United Water, Gas and Electric Company of Hutchison, Kansas, who was in Maryville College from 1903 to 1907, writes: "I have very pleasant memories of my school days in Maryville, and the friends I made there, and never fail to boost it. It deserves all the boosting I can give it."

Friends of the Class of 1921 will be interested by a word as to the whereabouts and doings of the members of that class. The Alumni Editor is not able to supply information regarding two or three members but the list is nearly complete:

Blanche Bailey, Teaching, Kingston, Tennessee.

Delemo Beard, Student, Union Seminary, Richmond, Va.

Lola Beeler, Teaching, Park City, Tennessee, High School.

Jessie Brown, Teaching Home Ec. Santa Fe, New Mexico.

Lucile Carter, Teaching, Loudon, High School.

Hazel Cleveland, Teaching, Santa Fe, New Mexico.

Jarvis Cotton, Student, Western Seminary, Pittsburg, Pa.

Morgan Cox, Student Western Seminary, Pittsburg, Pa.

Leslie Davidson, Athletic Director, Bristol, Va., High School.

Elsie Dawson, Teaching Home Ec., Knoxville, High School.

Louise Duncum, Teaching, Knox County.

Moss Farmer, Teaching, Bramwell, West Virginia.

Addie Fine. Teaching, Middlesboro, Kentucky.

Ray Foster, Teaching, Cleveland, Tennessee.

Ruth Greenlee, Teaching, Old Fort, North Carolina.

Troy Haddox, Teaching, Rockford, Tennessee.

Young Hayes, Teaching, Woodstock, Alabama.

Jeanette Hibbert, Teaching, Plainview, Minnesota.

Frances Hickey, Student, Columbia University

Helen Horton, Teaching, Harriman, Tennessee.

Isaac Huskey, Teaching, Cocke County H. School, Newport, Tenn.

Jessie Johnson, Teaching, Charleston, Tennessee

Marian Krespach, Teaching

Ernest E. Loft Student, Princeton Seminary, New Jersey

Frank McLaughlin, Teaching, De Funiak Springs, Florida.

Claire McMurray, Teaching, Alcoa. Tennessee

Mary Mason, Teaching, Woodstock. Alabama

Charlotte Messler. Chemical work, Milwaukee, Wisconsin

Lee Roy Middleton, Teaching, Phoenix, Arizona

Edith Moore. Teaching, Cleveland, Tennessee

Carolyn Nelson, Teaching, Wilmington, Illinois

Hillary Park, Engineer Savannah Gas Co., Savannah, Georgia

Harry Pearson, Teaching, Minnieville, Virginia

Samuel Peters, Teaching, Sweetwater. Tennessee

Martha Robison, Teaching, Johnson City, Tennessee

Aileen Rutherford, Teaching, Pikeville, Kentucky

Irma Schwab, Teaching, Runge, Texas

Anne Sharp, County Demonstrator, Knox County, Tennessee

Oscar Stanton, Teaching, near Marshall, North Carolina

Marguerite Sullinger, Teaching, Maryville College, Music Department.

Grace Sydenstricker, Missionary, Chinkiang, China

Lela Ware. Teaching Home Ec., Lexington, North Carolina

Floyd Watt, Student, White's Bible School, New York

Lamar Wilson, Student in Engineering, University of Tennessee

ABOUT THE CAMPUS

Miss Ruth Still of Cleveland, Tenn., spent last week-end with Nina Parks.

As a bit of pleasing scenery, the rosy face and broad shoulders of "Billy" McCurry were about the Hill on Monday and Tuesday. Billy was for many years a student in the Preparatory Department and his home-coming was touching to witness.

Mrs. W. P. Stevenson left Wednesday for an extended trip in the North.

Friends of Lawrence (Ici) Crawford were surprised to meet him in Science recently with a book under his arm. Mr. Crawford astounded bystanders by his assertion that he was going to class.

Mr. Owen Henderson has been confined to his room for the past few days as the result of the failure of the laundry to make the usual weekly delivery. Investigation revealed that all of the lists were delivered with one exception, a handkerchief, a shirt and a pair of abandoned socks.

Miss Helen Park received word that her brother, who was ill in Lamar Hospital with typhoid fever, had reached home and is doing nicely.

Dean Barnes will meet his class in Child Study on Saturday morning. If the weather is favorable the class will also meet the Dean.

Miss Agnes Lewis spent the week end in Knoxville, the guest of Miss Florence Oates.

World's Series Returns by Innings, Oct. 5th. First Game.

Elizabeth Hudson recently cut a wisdom tooth. Her friends state that the tooth is the result of excessive study of Theism.

LOST—A Fourth Prep ring of 1920. Initials inside S.H.B. Finder please leave at the office.

Mason Mann, the popular Pressing King was seen lately moonshining with a local young lady. Upon being questioned, Mr. Mann stated that he was pressing his suit at the time.

The friends of Miss Bertha Russell are sorry to learn that she is in the hospital, suffering from an attack of tonsilitis.

One man in a thousand, Solomon says,
Will stick more close than a brother.
And it's worth while seeking him half your days
If you find him before the other.
Nine hundred and ninety-nine depend
On what the world sees in you,
But the Thousandth Man will stand your friend
With the whole round world agin you.

'Tis neither promise, nor prayer, nor show
Will settle the finding for 'ee.
Nine hundred and ninety-nine of 'em go
By your looks or your acts or your glory.
But if he finds you and you find him,
The rest of the world don't matter;
For the Thousandth Man will sink or swim,
With you in any water.

—*Rudyard Kipling.*

Y. W. MEMBERS ENTERTAINED IN WOODS

Dr. and Mrs. Stevenson Extend Hospitality to Girls.

"The House in the Woods" is a phrase on the lips of nearly every Maryvillian.

Once again the "House in the Woods" has cordially opened its door to the college girls. Mrs. Stevenson invited the Cabinet of the Y. W. C. A. to entertain all the new girls at her home, Monday afternoon. How cozy the room looked with a blazing fire in the large fireplace! As the girls sat around the room either on the floor or on chairs, just drinking in the comfort all around them, they were entertained by a very interesting program which was as follows:

Piano Solo - - - Elizabeth Moore
Reading - - Martha Mae Boyer
Cornet Solo - - - Dollie Enoch
Vocal Solo - Mary Elizabeth Clements
Monologue - - Anna Mae Hughes

Next on the program was a trip to the spring and an exploring trip of the woods near the house. The surroundings seemed to inspire some girls to tell very exciting "fish" stories. The stories were so exciting that some of the girls almost failed to get back in time for ice cream and wafers. Then the talent of the girls was manifested again, as several impromptu numbers were given. Since so many new girls have been introduced to "the haven of rest", Dr. and Mrs. Stevenson will not be allowed to get lonesome.

NEW MEMBERS RECEIVED INTO Y. W. C. A.

Impressive Candle Service Used Sunday Evening.

Last Sunday evening after Vespers, a goodly number of girls, both new and old, gathered in the new Y. W. C. A. rooms in Thaw Hall. The main purpose of the meeting was to initiate the new girls into full membership with the organization. This was done by the means of the effective candle service.

The room was lighted by Japanese lanterns, and as the new girls marched around to have their candles lighted by the membership chairman, Miss Green played softly on her harp, some of the old familiar hymns. Miss Odell and Miss Dumas sang very sweetly "Let the Lower Lights Be Burning" which seemed especially appropriate.

A word of welcome was given by Miss Bernice Jones who expressed the sentiments of the association as she told them how glad we are to have them with us, how much we want them to feel at home in this Y. W., and that we need their support and cooperation in carrying the plans for the year to a successful close.

STUDENT VOLUNTEER NOTES

No organization on the Hill has begun the College year with more enthusiasm than has the Student Volunteer Band. The first meeting was held Thursday evening, September 22. Mr. Louis Yelanjian, formerly head of the Mission department of Moody Bible Institute, gave a very inspiring talk. He took as his text Hebrews 12:2, "Looking unto Jesus", and showed us the significance of the present tense of "looking". With this wonderful truth in our hearts, and with the increasing interest in missions shown by the old and new students we Volunteers are looking forward to a record year.

The great souls never seek revenge, but live
To sweeten life, to give and to forgive;
Behold too, how the camphor-trees impart
To the biting ax the fragrance of their heart.

Y.M.C.A. CONSIDERS DEVOTIONAL LIFE

Sunday Meeting Very Helpful.

Sunday's meeting of the "Y" was devoted to a discussion of some of the ways by which the students can gain greater benefit from the Bible. Short talks were made by Forrest Brown, William Magill, Robert Wilson and William Jester. The main points about which most of the thought centered were the Morning Watch, Systematic Bible Study, and the Application of Biblical principles to student life.

There is no part of the day so important as the beginning. Do you begin the day in the right spirit every time? Do you spend any time in the morning thinking about the source of the strnegth that is yours for the day? Is any time spent in getting the proper perspective of the duties that lie before you? The Morning Watch is a few moments spent each morning before the day's work is entered upon in Bible reading, prayer and meditation. Every Sunday morning at the different churches of Maryville classes in Bible Study are conducted. Every student on the Hill is urged to attend one of these classes for his own personal benefit. Special work is carried on in Bible Study with a definite end in view, that of bringing out the principles of the Bible and applying them to our daily life.

Sunday, October 9th. Dr. J. Q. A. West will address a joint meeting of the Y.M.C.A. and Y.W.C.A. in the chapel. His subject will be "The Call of the Medical Profession."

THREE "I" CLUB ORGANIZES

One of the first clubs to be organized on the Hill, this year was the Three "I" Club, composed of students from the trree great states of Iowa, Illinois and Indiana. Last year this club was among the first on the Hill and was particularly noted for two things, good times and good eats. Several old students, who know how to make the club a success are back besides there are several new students ready to add new enthusiasm and zeal, that the club may be a success. Certainly more than one good time is in store for the members of this club.

The officers are:

President - - - Ralph Armstrong
Secy.-Treas. - J Lynn McClung
Editor - - - - - Irene Curtis

William Lyon Phelps, of the English chair at Yale, has added a new mixed metaphor to his large and amusing collection. This addition is from one of the novels of W. L. George: "The cloud that tried to stab their happiness was only a false rumor whose bitter taste could not splinter the radiance nor dim the effervescence of their joy."

—Detroit Free Press.

EXPRESSION DEPARTMENT

Miss Susan Carson read a Legend of Robin Red Breast at a Sunday School Rally Sunday at the M. E. Church.

Miss Lola Beeler, of the Class of '21, visited on the Hill Saturday. She will come to Maryville each Saturday to continue her work in Expression.

EXCHANGES

Room—I see that Jack had to have his dog shot. Was the poor brute mad?

Mate—Well, he didn't look very pleased about it.

—Princeton Tiger.

Ikey—Are you de young man vot safed my boy's life from drownding?

Pat—Yes, but don't mention it; I just did my duty.

Ikey—Vell, vere's his cap?

—Stanford Chaparral.

North—Webster was injured in government service.

West—Wounded in the war?

"No. He worked in the rehabilitation department and fell out of his desk chair while asleep."

—New York Sun.

A colored brother makes this explanation of an alibi: "A alibi is provin' you was at prayer meetin' where you wasn't in order to show dat you wasn't at the crap game whar you wuz."

—Arkansas Thomas Cat.

A wreath of Australian wild flowers recently arrived in England to be placed on the unknown warrior's grave in Westminister Abbey. The wreath was frozen in a solid block of ice, and when the flowers were thawed they proved to be just as fresh as when they were gathered, in spite of their six weeks' journey thru the tropics.

There were only 411 motor trucks in this country in 1904.

Salaries are never too big if the recipients produce results. A million dollar salary that produces the goods is economically beneficial.

—Saturday Evening Post.

Americanism is loyalty to the American institutions and the only loyalty which expresses itself in service and sacrifice. There is great need to remember that the quality of our citizenship is determined by the quality of the character of citizens. *—The Churchman.*

Here rest the bones of Daniel Duff,
They are as dry as borax;
He drank hair tonic, and the stuff,
Grew hair inside his thorax.

—Luke McLuke

CANDY KITCHEN
FOR CANDIES

Maryville College
1819-1921
Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24, a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

DON'T FORGET

HOUSE IN WOODS OPEN TO DELEGATES

(Continued from page one)

Then, being come to The House in The Woods, after much agony from the pestilence which beset them on every hand along the journey, they entered within the house and draped themselves about the fire that they might thaw their paws, yea, even their mitts.

And when the unfortunate ones, even the hosts, saw that the multitude craved nourishment, they commanded that they be led into the dining room, yea, even into the reception room of the luscious bean, and that they be released in the presence of the defenseless and bountiful repast which was there prepared. And it was so, yea, even more-so.

And when these things were undone, the people, feeling within themselves a great sense of complacency and prosperity, again drew near unto the fire and distributed themselves in divers fashions over the furniture, that their feet might not be over-burdened. Having thus done, their spirits were disquited within them and they opened up their mouths and uttered forth songs in a violent, yea, even an amazing manner.

And when the fourth hour of the night drew nigh it came to pass that the Chaperone arose and lifting her voice with her said, "Let all the maidens take unto themselves their scenery, including their escorts, and make haste to return to the place from whence they came even before the glims are doused, else there shall be no pity, neither compassion shown unto them, but the Guardian Angel shall sit upon them, yea, she shall fall with great slaughter upon all those who linger to pull the "Entreat me not to leave thee" act before Pearsons.

And as the Chaperone had said so was it done, partly. Then, upon leaving The House in The Woods, those who were present lifted up their voices with one accord and said "Verily, it was a party of the daddies." And it was so.

Tram Conductor—How old are you little girl?

Little Girl—If the corporation doesn't object, I'd prefer to pay the full fare and say nothing.

—*Pearson's Weekly* (London)

The motor car of today is a splendid example of scientific progress. And yet careless pedestrians are continually spoiling its delicate machinery with small pieces of themselves. —*London Opinion.*

Fresh Brown—Boys, it was so hot out in Arkansas this summer that I saw a hound chasing a jackrabbit and they were both walking.

Fresh Moss—Shucks, it was so hot in Atlanta this summer that we had to feed our hens cracked ice to keep them from laying hard-boiled eggs. —*Davidsonian.*

Sevens In The Scriptures

It seems that the number seven has always had some peculiar significance. On the seventh day of the seventh month a holy observance was ordained to the children of Israel, who feasted seven days and remained seven days in tents. The seventh day was supposed to be a Sabbath, or rest for all, and at the end of seven times seven there was a jubilee. Jacob served seven years to win Rachel for his wife. Noah had seven days' warning of the flood. Nebuchadnezzar lived seven years as a beast. The Savior spoke seven times from the cross on which he hung seven hours. In scripture there are seven resurrections mentioned. In the Lord's Prayer there are seven petitions. There were seven mysteries of the apocalyse revealed in the seven churches in Asia. In Revelation seven spirits of God, seven golden candlesticks, a book with seven seals, seven angels with seven trumpets, seven players, seven vials of wrath, seven kings, seven thunders, and a dragon with seven heads.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE OCTOBER 13, 1921 | NUMBER FOUR

BEAUTIFUL AND PATIENT LIFE ENDS

Mrs. M. A Lamar Falls Asleep Peacefully and Without Struggle at Her Home.

Mrs. M. A. Lamar, one of Maryville's most gentle and gracious women, a lady who possessed the aristocracy of a noble life, quietly passed on to her final rest Friday night. In the morning she was found cold in death, but on her face was a peaceful smile. The covers of her bed were not disturbed. Her death was as quiet and peaceful as was her splendid life.

The funeral was held in the college chapel Sunday afternoon, the body being placed by the side of the husband in the college cemetery.

The following sketch of the beautiful life was prepared by Dr. S. T. Wilson, one of the closest friends of Mrs. Lamar.

HER PIONEER ANCESTRY. The life of Mrs. Lamar connects through her four grandparents with the pioneer days of Blount county. Among the families of the congregation of the New Providence Presbyterian church of Rockbridge county, Virginia, were the Tedfords, the McNutts, the Houstons, and the Andersons. Among the first pioneer emigrants from Rockbridge county to this neighborhood were the Tedfords, the McNutts, and the Houstons; the Andersons following later in 1801. Joseph Tedford and Mary McNutt, Mrs. Lamar's paternal grandparents, were united in marriage by Rev. William Cummings in Fort Craig. Mrs. Mary McNutt Tedford heard Dr. Isaac Anderson's first and last sermons. Major James Houston, Mrs. Lamar's maternal grandfather, was probably the chief Indian fighter of what is now Blount county. He held Fort Houston, a few miles south of Maryville, against a violent Indian attack. These pioneers from New Providence church in Virginia founded here in 1786 another New Providence church. which today is filled with their descendants.

HER PARENTAGE. Mrs. Lamar's father was Rev. Ralph Erskine Tedford, the eighth of ten children of Joseph and Mary Tedford. He was a student of Maryville College in the 1820's and was ordained by the Presbytery of Union in 1834. His ministry was principally spent in Bradley county. He broke down in health, and in 1860 retired from the active ministry, and spent many years in Maryville in retirement. He died at his home on College hill in 1878, aged 70 years. Mrs. Lamar's mother was Malinda Gillespie Houston one of the twelve daughters of Major Houston. She was a first cousin of General Sam Houston of Tennessee and Texas. One of Mrs. Lamar's uncles was the famous evangelist, Dr. James Gallaher.

HER MARRIAGE. On June 1, 1874, Rev. Professor Alexander Bartlett performed the service that made Professor Thomas Jefferson Lamar and Martha Ann Tedford husband and wife. After a wedding tour of three months, the happy place on College Hill was reached that was to be their home until they should be separated by death, thirteen years later.

HER HUSBAND. Professor Lamar, the second founder of Maryville College, was in those days bearing burdens that were too heavy for the strongest to bear. His wife tried to share those burdens with him, whether they were local ones connected with the administration of the College or those carried in the securing of help for the institution from people at a distance. In it all she was a true and sympathetic colleague, cheering and heartening her, heavy-laden companion in his self-denying service. She bore with him the heat and burden of his day.

HER CHILDLESSNESS. But the greatest of sorrows came to these devoted parents. On a December day in 1880, the little boy was not for God had taken him. Meningitis was the fatal disease. The parents were crushed by the blow. They

(Continued on page four)

LYCEUM SEASON OPENS ON OCTOBER 17TH WITH SPLENDID NEW YORK PRODUCTION

"The Impresario," Mozart's Greatest Opera, to Be Presented Here, With Noted Cast of New York Artists, Headed by Percy Hemus, the American Baritone, Ruth Miller of the Metropolitan and Other Well Known Artists

William Wade Hinshaw, of New York, is bringing Mozart's comic opera, on a fifteen weeks' tour this season, with a noted cast of New York artists, headed by Percy Hemus, noted American baritone. Mr. Hemus will appear in the title role. Miss Ruth Miller, of the Metropolitan Opera; Mr. Thomas McGranahan, famous Irish tenor; Miss Hazel Huntington, well-known New York concert star; Morton Adkins, baritone, and Miss Gladys Craven at the piano, complete this remakable all-star cast. The English version was written by Edward Krehbiel, noted composer and critic of the New York Tribune. It will undoubtedly prove the sensation of the season. Mr. Hinshaw is one of America's greatest artist-producers. He has especially selected the cast from brilliant New York artists, each member being carefully chosen for the particular role he or she is to play. Mr. Hinshaw is president of the Society of American Singers. It is interesting to note that "The Impresario" was first produced in America in 1916 in New York City and the production completely took New York off its feet.

HOME-LIKE RECEPTION AT HOUSE-IN-WOODS

Dr. and Mrs. Stevenson Welcome New Men.

'Twas on Monday evening, the third of October that fifty or more new fellows enjoyed a great time at "The House in the Woods" as guests of Dr. and Mrs. W. P. Stevenson and twenty-five members of the Y.M.C.A. Cabinet and Friendship Council.

Cheering for the host and hostess started the evening's merriment. A very warm welcome was given to all by Dr. and Mrs. Stevenson who soon made the fellows feel at home.

Original and clever yells, songs, limericks and stunts relating to various well-known cars, including the Ford, if it may be termed as such, were the source of amusement provided by eight groups of all the fellows. A great deal of talent was exhibited in several of the presentations.

Dr. Stevenson, in his usual skilful and entertaining style, told of his three trips to Ireland. Some very good snapshots of his many experiences when travelling were shown, while he fruther described in story fashion his interesting journeys.

While the pleased audience travelled in thought to the cold regions of the extreme north, Mrs. Stevenson displayed more hospitality by serving ice cream and cake. Perhaps the kind host and hostess know that the way to a boy's heart is through his stomach. They certainly have won the loyalty and respect of the new students.

HIGHLANDERS TIE WITH CUMBERLAND

Men Return From Kentucky Undaunted.

Last Friday, Coach Honaker took his men to Cumberland College, Williamsburg, Ky., where they played a more or less uninteresting game of football, emerging from the fray with a 7 to 7 tie. The comments upon this game are unusually brief, due to fact that orders have come from powers that be that the least said, the better. However, there seemed to be a spirit of overconfidence and lack of pep and fight on part of Orange and Garnet eleven. The lack of old-time push and fight of the Highlanders was necessarily off-set to a certain degree by the inconvenience they experienced on the trip to Cumberland, yet, there should have been more of that old-time land-slide stuff displayed.

Wyncoop, McMurray and Acton played real football and accounted for many of Maryville's gains. It is said that Wyncoop is coming into his own footballically speaking, and he can just bet we are for him and that we are waiting for him to show some of that stuff which we believe he has.

Better luck next time fellows, and in the meantime, some real earnest training and hard work for that Roanoke game only two weeks away.

THERE'S ANOTHER GAME SATURDAY, HOW ABOUT SOME PEP!

MEN ARE PLANNING HIKE TO SMOKIES

Thunderhead, Elkmont, Townsend And Other Points Objectives.

Plan this trip to the Big Smokies under the auspices of the Y. M. C. A. A good out-of-door trip with plenty of grilling, sweaty hiking, but "lung's full" of good clean air 4500 feet above sea level. There are three trips planned involving from 25 to 50 miles, according to the route taken. The whole group shall hike to Thunderhead, there splitting in three groups, one taking the trip home through Cades Cove to Townsend, there awaiting the train, covering approximately 25 miles; another, proceeding along top of the mountains to Hall's Cabin thence returning through Walker's Valley following Tunderhead Prong to the Forks, covering about 35 miles; the last proceeding along the top of the Smokies to Elkmont, thence taking the train to Townsend, covering about 45 miles or more. It is necessary that you equip yourselves comfortably. Wear good comfortable, "broken in" shoes with woolen socks, breeches and leggins, and take a sweater to dispel the after effects perspiration. Beside this outfit it is well to equip yourself with blankets, at least two, a pack, a frying pan, bacon, eggs, canned beans, corn beef, and bread. The fare expense to Townsend from here is 86 cents, to Elkmont $1.86 one way. The hike is planned for the 22nd. lasting two whole days. Let yourself loose and feel the bouyancy of life, experience the rythmical movement of your muscles, and get stiff. It will do you good. All good things come only by exertion.

HIGHLANDERS CLASH WITH MILLIGAN

Good Game Promised From Two Strong Teams.

Arrangements were completed Tuesday afternoon by Coach Honaker to bring Milligan College's football team here on Saturday afternoon, in place of East Tennessee State Normal, as the schedule calls for. This change was made in view of the fact that several of the Normal's star players were seriously injured last Saturday in their rough and tumble tilt with Carson and Newman College, thus lowering their strength to a considerable degree. Since Coach Honaker is desirous of securing the strongest opponents possible for his men in order to prepare them for their game with the exceptionally strong Roanoke Eleven in Bluefield, W. Va., on October 22d., he accordingly cancelled the Normal game and is securing Milligan College, who is reputed to have a very formidable eleven.

Ther is little known about Milligan College as concerns their football strength, but it is known that they held the strong Emory and Henry Eleven to a 21 to 6 score two weeks ago, and if they were able to pull this stunt, they should be fully capable of furnishing the Highlanders some rather stiff opposition. You never can sometimes tell just what will happen—and it remains to be seen just what this Milligan College band of pigskin artists will pull off in their game with the Highlanders.

Coach Honaker is driving his men at top-notch speed now, in preparation for the Roanoke game and there will be no let-up in their hard work until they depart for West Virginia next Friday. Thus, the men are improving in their workouts daily, and some mighty fine football is due to be handed out by them Saturday.

Bleachers are being moved from the baseball diamond over to the football field and there will be comfortable seats for all, and we want to see everybody out to this game rooting for the Highlanders and showing that old College Spirit which it takes to win any sort of a game.

Everybody be on hand with a good stout voice and plenty of pep and enthusiasm.

GIRLS DON'T REGRET EARLY RISING

Breakfast Hike Proves Successful.

When Monday morning dawned clear and warm, it put joy in the hearts of at least one hundred and fifty girls who had planned for the Y. W. breakfast hike. Over hills down into the valleys, through fences, over fences, under fences, through woods, across rivers, and along the pike the girls followed their leaders, out into the country to an ideal spot for such an occasion.

Twelve or fifteen fires were started by the various groups and breakfast was soon on the way, for the strenuous walk had resulted in ravenous appetites. Let him forever more keep silent, who says that bread is an esesntial for breakfast in the woods! Did ever coffee taste so good, or weinies garnished with ashes seem so appetizing?

MILLIONS ARE MANUFACTURED

Tobacco, Including Chewing, Smoking, And Snuff Totalled 413,891,000 Pounds.

Washington—Cigarettes numbering 61,859,900,000 were manufactured in the United States last year, the census bureau's annual tobacco report issued today, shows. Cigars manufactured number 8,720,745,000, and tobacco manufactured, including chewing and smoking and snuff, totalled 413,891,000 pounds.

Revenue collected on tobacco, cigars, cigarettes and snuff amounted to $294,000,000, of which North Carolina contributed $108,447,000, and Virginia $20,721,000. *Journal and Tribune.*

Not long ago we clipped the above item from one of the Knoxville dailies. It impressed us, not because of its bearing on the agricultural or industrial interests of the country, nor yet, because of its bearing on matters of a moral nature. Our interest in the rather startling facts given above arises from a consideration of their possible educational aspect.

Two hundred and ninety-four million dollars! That's quite a tidy amount of money. It might do a great many things besides buying from the government the privilege of poisoning the bodies, of destroying the will-power, and of generally weakening and debasing the manhood of America. If we estimate the expenses of a student in Maryville College, including his College bills, his transportation from and returning to the most distant state represented last year, his clothing, his laundry, and a very liberal amount for his incidental expenses we have an estimate of approximately five hundred dollars. By a simple process of division we find that something like 588,000 students could be sent to institutions of learning, such as our own college, yearly. If the amount, $294,000,000 could be divided among the 110,000,000 inhabitants of the United States, each man, woman and child would receive over two dollars and a half. Of course, since revenues are used to defray the expenses of the Government, each individual really receives the equivalent of more than that amount. But how much more would he receive if the money spent for tobacco were used by the spenders to defray living expenses, and if the nation's manhood were freed from the blight of nicotine! It is futile to assail the use of tobacco or to advocate the enactment of further laws prohibiting its use; but it is not vain to attack the vicions and illegitimate use of the weed among the students on the Hill.

Not infrequently have we detected the odor of tobacco on the breath or the persons of men who are rooming in Carnegie Hall and who are bound by their honor to refrain from the use of tobacco in any form. Nor is it an uncommon sight to behold a young gentlemen light a cigarette just as he steps across the railroad at the end of the Corduroy. The man who does such things apparently has no sense of honor and very little reason. He may evade the faculty, he may escape detection by the proctor, he may be brought to terms only by the efforts of those who are "inside"— his fellow-students. Few men there are who are free from scruples in the matter of "piking" or reporting misdemeanors committed by other students. They refuse to "squeal" on their fellows. It's a matter of so-called honor. Yes, it's a low moral code which leads a man to sacrifice the honor of an insitution to his own pseudo-honor. In many schools and colleges the honor system is in practice among the students, and men and women, striving to uphold the higher honor of the school have no hesitancy about reporting any breach of rules. Although such a system is often effective we do not advocate a similar method for the Hill unless it becomes absolutely necessary. However, the student whose regard for the rules of the college and his own honor is stronger than the appeal of habit, may do much toward removing the evil by creating a strong and compelling sentiment against it. We may be unable to affect the older and more seasoned violators of the rule, but much may be done toward barring the way of misguided new men who, intoxicated by their new freedom from parental supervision, are beginning to vitiate their lives and characters by the use of tobacco. Every decent man should feel it incumbent upon him to do his utmost toward stamping out the evil while it is yet in its earlier stages. Stop that fellow next to YOU before it's too late!

CANDY KITCHEN
FOR COLD DRINKS

ABOUT THE CAMPUS

Dr. Wilson and Dr. Gillingham are attending the sessions of the Synod of Tennessee at Milan, Tenn.

Miss Effie Erickson took advantage of the absence of a certain Professor and spent a glorious week end (plus some) at home.

The Fourth Prep Class recently placed the contract for class rings and pins with Herf-Jones Co. of Indianapolis. This firm is also handling the order of the Senior Class.

ALUMNI NOTES

William James McIlvaine of New York City who was in College six years from 1879 to 1885 visited his sister Mrs. John F. Brown of Maryville, recently.

BOARDMAN—PRICE

Mrs. Charles William Price announces the marriage of her daughter
Ida Florence
to
Mr. Roger Sherman Boardman
on Saturday, the first of October
One thousand nine hundred and twenty-one
East Orange, New Jersey

Mr. Boardman is the son of a former president of the College and is himself an alumnus, graduating in 1896.

Friends of Mr. and Mrs. J. Z. Howard have received announcements of the birth of a son, Joseph Eliot on September 29, 1921.

Mr. Howard, known on the Hill as "Zollie" has many friends about the College and town.

LOST—A dark blue wool sweater, white collar and cuffs attached. Please return to Treasurer's office and receive reward.

DR. WICKER, EVANGELIST, IS CHAPEL VISITOR

Is Conducting Series of Meetings In Town.

On Wednesday morning, Dr. J. J. Wicker, evangelist from Richmond, Va., addressed the student body in Chapel. Dr. Wicker is conducting evangelistic meetings at the Baptist church in town. He recently aided Dr. Len G. Broughton, formerly of Knoxville, in a similar campaign and Dr. Broughton praises highly his spirit and ability.

Dr. Wicker's address was one of masterly style and great inspiration. At the offset the speaker established kinship with "anybody, whoever you are, wherever you are, or whither you are going", by sketching briefly his inherited religious denominations. Descended from a Presbyterian grandfather, born of a Methodist mother and a Catholic father, Dr. iWcker is a Baptist. Following a brief account of his own school days, when educators "Yankee Doodlized" the multiplication table and "sang from Maine to California", the speaker dwelt at length upon the priceless gem of individuality and the genius of every man.

Dr. Wicker is a forceful speaker and his address was timely and welcome.

DR. STEVENSON ADDRESSES MINISTERIAL ASSO.

Inspirational Address Is Enjoyed On Tuesday.

The members of the Ministerial Association were greatly favored on Tuesday evening by an address by Dr. Stevenson on the topic of Minister and his Work. His first word of advice was to enjoy the work, and to glory in it just as the artist or the musician glories in his work. However, young men desiring to lead an easy life should not consider the ministry, as a life calling.

He then spoke of the required attributes of a successful preacher. He said that a minister should love books, and love people. Books are his source of information, and since his first duty is to preach, books are absolutely necessary. But not less should be his love for people, for if there is one person in the community that gets near the hearts of the people it is the pastor. They call upon him in their hours of joy and of sorrow. A preacher must have a sense of worship, and of piety so that a spirit of worship prevails in his services. Work is an important factor in the pastor's life. Every preacher should be a worker, just as Jesus was a worker. He should have the ability for organization, for the successful organizer sometimes holds his church, not by his power of preaching, but by the ability to direct the work of the church.

The last division of the topic was the preparation for the work. Dr. Stevenson impressed upon the minds of all present that the best preparation was none too good for the minister. The standard of intelligence is higher than it was fifty years ago, and will be raised within the next few years. Hence it is necessary for the preacher to be well prepared, and every available opportunity should be seized to give him knowledge.

OFFICERS CHOSEN FOR THIRD PREP CLASS

Organization For The Year Is Effected.

For the first meeting of the year, the Junior Preps had an unusually large number present. While preliminaries were gone through with Boe Jogles' timely wit and ungainly walk furnished amusement for those not interested in anything else.

Officers were then chosen. Richard Proctor was elected president, and Walter Buchanan, vice president. Miss Viola Smythe will serve as secretary and treasurer, and for lack of material, Dunn was persuaded to be editor. At the next meeting fees and committees will be arranged.

All Junior Preps should come out with much consideration for October 31st.

BAINONIAN PROGRAM
SATURDAY EVENING

All new girls are cordially invited to come to Bainonian Hall on Saturday evening. The first program of the year will be given then and we are very anxious to have every new girl there. And we are sure every old Bainonian will be there.

JOHN HENDRICK IS BACK ON HILL

Valuable Man In All Forms of Activity.

Tuesday afternoon the smiling countenance of our old friend John Hendrick appeared on College Hill. About the first statement John made was that he was back for good and that we could count on him from this time forward.

John has not definitely announced his intention of donning the moleskins, but it is thought that this decision will be made today and that his hefty toe that punts fifty-five yards will be seen in action on College Gridiron by Thursday afternoon.

At least, if John does decide not to come out for football, it is a great relief to know that we have him for basketball, and in his ability, we rest assured that we have the best forward that any college or university in the South possesses. We are mighty glad to have you back John, not only for your athletic ability, but for the real fellow you are.

GIRLS BASKETBALL TEAM STARTS WORK

Good Material Seems Abundant And Season Promises Well.

They are getting an early start, but "The early bird gets the worm" —thus, the girls' basketball team this year should be up front in the win column, as they officially opened their practice season Monday night with a large bunch of candidates out for various positions on team. It is rumored that we have some mighty good high school material in our midst, together with other promising material coming from other colleges. These two sources, combined with our last year's letter winners and squad, should form a nucleus for one of the very best of teams that Maryville has backed in many years. It is said that Martha Washington College in Virginia has already written for a game and if we can secure a few more games as good as Martha Washington College will give us, then it will take a regular girl's basketball team to win.

CARBUNCLE EPIDEMIC HITS CARSON-NEWMAN

Journal and Tribune Special

Jefferson City, Tenn., Oct. 11.—Although Coach McGowan, of the fighting parsons, came through the practice game with the Normal Saturday unscratched, old man Jinx has struck them. An epidemic of carbuncles has broken out among the team and claimed Prince, Hicks and Jellicorse. Russell has been ill all week, losing eighteen pounds in weight. It looks now as none of these men will be able to participate in the big game with Emory Saturday in Bristol.

The remainder of the squad are working out daily behind closed gates, learning new plays. Carson-Newman expects to be forced to show their hand Saturday against Emory, as she has not, so far, in the two practice games. The fighting parsons expect to show Emory some genuine football and incidentally bring back another scalp.

STUDENT VOLUNTEERS HAVE OUTING

The Student Volunteers spent a very enjoyable afternoon, Monday, October 10th, in the form of a picnic in the woods. Games and stunts were the features of the afternoon, with weiners and marshmallows to top it all off. George Howell took along his Victrola and about fifty records, so the woods were full of beautiful vocal and violin music. All too soon the 4:30 bell rang, and a glorious afternoon was ended.

MEN MAY OBTAIN MEMBERSHIP CARDS

Y Organizes Accredited Members.

Any men who have taken out membership in the Y.M.C.A. may have accredited membership cards by calling at the Y.M.C.A. office for them. There are no charges.

This year the Association should have one hundred percent membership though that is not the first goal to strive for. Better a small membership of men who are willing to work, and who have a service interest in Christian life. Within a few week's time every man will be given a chance to participate in some phase of service. The Y. M. C. A. strives to be a training center for all men interested in going something for the Master.

CENTENNIAL YEAR OF Y. M. C. A.

Dr. George Williams Founded Y A Century Ago.

October 11, 1821, the eight son was born to Amos and Elizabeth Williams near Dulverton, England. It was this eighth son "of ruddy complexion" who founded in 1844 the Young Men's Christian Association. George Williams and his friend Beaumont were deeply stirred by conditions surrounding their associates and they determined upon an effort to bring them within reach of the Christ they had found helpful to themselves. From two the number grew to twelve and with these twelve another. Holy Club was formally organized that has proven to birthright and vindicated its function. Today it numbers nearly 9,000 organizations, with 1,483,000 members and property valued at $143,000,000.

There can be no hard and fast limit to the service of the Y.M.C.A. The whole of human life is within its purview. The vital, the essential truth and objective to be maintained at all lost and hazard, is that whatever it does shall be dominated by and be subservient to the spirit of Christ in the experience of its membership.

D. Col Halford in *Association Men.*

ALPHA SIGMA

Saturday night was the time for the regular meeting of the society. A very good program was rendered as follows:

Reading - - - James Jackson
Humorous Reading - Leslie Poe
Alpha Sigma Advance - - - - - - - - - - Mason Mann
Three extemporaneous speaches by Sherman Burton, Wilbur Templin, and Dewey Eitner

After the program the usual business meeting was held and all were dismissed by prayer by Mr Gray.

LOTUS PROVIDED FOR NEW GIRLS IN THETA

Program Furnishes Bit of Home For All.

New girls, how did you like Theta's program Saturday night? No matter from which section the country you hail, you found in Theta, when the North, South and West were represent

The evening was opened by President, Nannette Walker, welcomed the new girls. Then "America", Stella McCall, made a short talk. She introduced the northern scene. First, ther was a northern reading, then two little Eskimos stepped out of their snowy hut, and gave a wierd dance, worshipping the Northern lights.

The learning of the East was represented by a clever, little play, the scene of which was layed in Vassar College.

When we think of the South, we always think of negroes. "Rastus" played his guitar, and sang negro songs, and "Malindy" told an Uncle Remus story to her "chile."

Then the mighty west strode forth in the form of a cowboy, who gave a western reading.

The program was closed by singing Theta songs. Girls, come Theta again.

KNOXVILLE PHYSICIAN SPEAKS SUNDAY

Joint Meeting Of Y To Be In Chapel.

Dr. J. Q. A. West will address a joint meeting of the Y.M.C.A. and Y.W.C.A. Sunday afternoon at 2:30 p. m. in the chapel on "The Psychology of Decision."

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. 7. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

BEAUTIFUL AND PATIENT LIFE ENDS

(Continued from page one)

tried for the sake of one another and for the sake of the work to comfort one another and to go with their mission in life. But they suffered at every thought of their irreparable loss, so long as they lived. But they submitted to the sovereign will of their Father in heaven, and passing through the valley of Baca they made it a well.

THEIR FATAL SUCCESS. The next three years registered the completion of the mighty struggle that Professor Lamar made to secure for the College its first endowment of one hundred thousand dollars. Mrs. Lamar now accompanied her husband in his campaigns to secure the endowment and suffered acutely in his disappointments and exulted in his successes and in his final triumph came on January 1, 1884, life to her struggling husband. But the success of the campaign was the death of the brave soldier who conducted the campaign. The triumph came on January 1, 1884, and then came declining health and the ravages of disease and, at last, on March 20, 1887, the end of life. Thus within nine years had Mrs Lamar lost her father, her son, and her husband.

HER WIDOWHOOD. Then followed thirty-four years of lonely widowhood, She lived on in the old house, on the old hill, in the old town; but all things were now changed, because the voices that she had loved sounded no more in her ears. And she has lived much, during this third of a century, in the blessed memories of the past, and she has listened much to the sound of voices that are still. Loyal to the dead, and unwilling that their memory should perish from off the earth, she has done what she could to keep their names from being forgotten. And she has found much, very much, to interest and occupy her during these thirty and four quiet-flowing years.

THE COLLEGE She had every reason to be interested in the College. Her father was one of Dr. Anderson's earliest students; she herself was educated in what might be called "the college annex"; her brother Joseph was a student; her uncle John S. Craig was an ante-bellum professor; while her husband was the second Isaac Anderson of the institution. Her own life extended over four-fifths of the history of the College. And few people in Maryville have loved the College more fervently and persistently than did she. Its sorrows have been her sorrows; its joys have been her joys. When the writer, a Junior in College, was sick in his room in Memorial Hall in 1877, Professor Lamar and Mrs. Lamar came to his room and ministered to him. The welfare of the students was always her concern. Thirty years ago one Thanksgiving eve she handed the writer thirty dollars, with the request that he give a dollar to each of thirty boys that were having a hard time to meet their expenses. She furnished a room in her home for a college student for many years, and such men as Rev. John B. Creswell, Dr. William E. Graham, Dr. T. Judson Miles, Rev Fred F. Schell, Fred Hope, Charles Conrad Litterer, Willard H. Smith, Rev. W. A. Freidinger, and Professor Henry J. Bassett occupied this student's room. Touched by the death of two students in Memorial Hall from meningitis—the disease of which little Ralph Max died—she built the Ralph Max Memorial Hospital at the cost of about $6,000 and gave it to the College for the relief of the sick of the institution. She also founded a thousand dollar scholarship in the College. And a few years ago she gave twelve acres of her real estate to the institution. And in many other tangible and effective ways she has shown her abiding love for the institution with which she and her loved ones were so closely and intimately associated.

A HAPPY SURPRISE. Mrs. Lamar has seemed to have a young person's shrinking from old age and death. She thoroughly enjoyed living. She said recently that she would like to live to be a hundred years old. And now God has graciously called her from time to eternity without the shock of diease or suffering or death; He surprised her with the eternal life; she simply slept out of time into eternity. No passing could have been more gentle or quiet. She went to bed on Friday night saying that she would get a good night's sleep and wake up alright the next morning. And so she did. At chapel yesterday the students sang,

Asleep in Jesus! peaceful rest!
Whose waking is supremely blest.

A NEW ROBE. Mrs. Lamar was deeply interested in Mrs. McMurray's efforts to provide the college girls opportunities of self-help, and on Friday afternoon told her that she would be down on Saturday morning to arrange to have some dresses made. On yesterday, however, the girls who would have made these dresses made instead a burial shroud. But Mrs. Lamar had already received a white robe, the robe of Christ's righteousness. "These that are arrayed in the white robes, who are they, and whence came they? These are they that washed their robes and made them white in the blood of the Lamb."

REUNION IN HEAVEN. Heaven is described in the Word of God, as indeed a heavenly place. And its heavenliness must be made more heavenly for her by her union with her beloved parents and brothers and husband and son, and all those others whom she loved and lost.

The night is gone;
And with the morn those angel faces smile
Which I have loved long since and lost awhile.

Y. W. C. A. PLANS HIKE

Girls, new and old, didn't the breakfast hike seem just like the sample of a good time, and now wouldn't you like the real thing? How does the idea of a whole week end in the mountains appeal to you? Does it sound like a dream? Yes, but it is a dream that will come true, for the Y.W.C.A. week-end hike at Montvale is to be October 22nd. Expenses will be reasonable and announced definitely soon. Get your groups together, plan your "eats", and prepare for one of the best times of the year.

Don't forget about the "Y" hike to the Smokies October 22nd. Make your plans to go on this trip. This will be one of the out-door treats of the year—don't miss it.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN · MARYVILLE, TENNESSEE OCTOBER 20, 1921. · NUMBER FIVE

FIRST NUMBER OF LYCEUM WELL RECEIVED

Percy Hemus And Other Artists Score Great Success.

On last Monday night, Voorhees Chapel was filled to overflowing by an eager audience composed of students of College Hill, citizens of Maryville and of adjoining towns. Mozart's Musical Comedy "The Impresario" was presented by a noted cast of New York artists under the direction of William Wade Hinshaw.

"The Impresario" is one of those long forgotten operatic gems to which "The Society of American Singers" is devoting its attention. This organization was formed because of the great popularity of "The Impresario" as it was presented in New York in 1916. And even now audiences laugh at the dialogue as heartily as they could at hearing "the latest "Viennese operetta."

The music shows Mozart at his best and maturest. It is instinct with melody, fun, and gay philosophy. In it runs the light and love of old Vienna.

The leading role in this fascinating opera was played by Percy Hemus, well-known American baritone and our audience thought him quite remarkable. He is not only endowed with a wonderful voice but his interpretative gifts are rich and rare. These gifts, ever present when his beautiful voice is heard, make him a true artist. He put his audience at ease because of the ease with which he sang at all times. His voice is unusually powerful, flexible, and resonant and as the "Impresario" he found ample opportunity to show us his artistic abilities.

Completing the all American caste were Regina Vicarino (the prima donna assoluta of the Vienna Opera House); Thomas McGranahan, famous Irish tenor, as Mozart; Hazel Huntington with her beautiful soprano voice as "Demoiselle Uhlie"; and Miss Gladys Craven at the piano. The entire cast deserves much credit and praise for the successful presentation of the delightful opera.

The picturesque costumes and beautiful scenery—in fact all the efforts which made the performance possible are repaid by the fact that, Maryville feels that she enjoyed one of her best musical entertainments on Monday night. The cast was of real musical worth and we thank our Lyceum Manager for bringing "The Impresario" with Percy Hemus and his companions to us.

ROUSING SEND-OFF TO BE GIVEN TEAM

Students And Supporters Are Behind Team With Old Time Pep.

Let's all get together immediately after supper Thursday night and give our team a send off that will still be ringing in their ears when the whistle blows for action in Bluefield on Saturday. We've just got to win and those fellows must know we are behind them, and the only way to let them know that we are behind them is to get together and show them. The College Band will be in evidence and plenty of noise will be the result.

14-12 VICTORY WON BY RESERVES

Polk County High Goes Down In Defeat Before Plucky Lads.

Friday, October 14, the Reserves journeyed to Benton where the Polk County Fair was in progress and won a bitterly contested game of football from the strong and heavy Polk County High School Team by the score of 14 to 12.

The trip was made by the L. & N. to Wetmore and thence six miles by auto to Benton. Returning that evening the trip was made to Benton station four miles by car, then over the L. & N. to Knoxville and from Knoxville to Maryville by taxi. On the road from Wetmore to Benton the beautiful Hiwassee River was crossed and the road passed through the famous Savannah Farm owned by Governor Wetmore of Rhode Island, the site of a great village of Cherokee Indians in early days and the scene of one of John Sevier's Indian battles.

At Benton the boys were accorded a hearty welcome by the people of the town and were lodged at the Prince Hotel awaiting the time for the game.

Opportunity was given to visit the Fair where a creditable agricultural exhibit was on display and at this point the ladies seized the chivalrous Janivisky and forced him to act as judge in the Baby Contest where it is said he acquitted himself nobly. After luncheon an automobile parade was staged in which the players of both teams took part and which neded at the gridiron just before time for the game.

At exactly 3 o'clock Ellis kicked off to Polk County High and the game was on. The home team made some good gains and a long forward pass to Shamblin put them within scoring distance and after a number of short line plunges Lillard the Polk County Captain went over for their first touch down, but the goal was not kicked. Score P. C. H. S. 6, Reserves 0.

At this point things did not look promising from a Maryville point of view. The Benton men had carried the ball from one end of the field to the other without ever losing it and it looked as if the game would be a walkover for Benton, but adverse circumstances served merely to arouse the Reserve players and show their real mettle. They now got a chance to carry the ball and soon had it on Benton's 30 yard line. Here they were held for three downs without gain, then Bob King took the ball himself and on a cleverly executed fake dashed around High's left end, dodged the quarter back and tied the score, but tied it remained only for a moment as Joe Gamble's reliable toe put on the extra point by goal from touchdown and the score stood Reserves 7, P. C. H. S. 6. The Maryville boys never again lost the lead.

In the Second Quarter the tide of battle surged back and forth across the field until the last two minutes of play when Greenlee recovered a punt which the Benton quarterback fumbled on his own 20 yard line. This paved the way for another touchdown which was made by Shorty Sneed through the line just before the whistle blew ending the first half. Bob King the Reserve Quarterback who had been

(Continued on page three)

PLAYER IS INJURED IN SATURDAY'S GAME

Harris, Milligan Half-Back Suffers Badly Fractured Leg.

The game Saturday between Maryville and Milligan was marred by only one incident, the misfortune which befell Harris, the plucky half-back of the visitors' team.

Early in the first quarter of the game Harris was caught beneath the tangled mass of players and sustained a badly fractured leg. Time was taken and Dr. McCulloch, a town physician, was called from the stands. Not until a few minutes had passed did the spectators realize that a serious accident had occurred, but when the report spread through the stands cheer after cheer arose as the gallant fighter was borne off the field.

Mr. Harris is a popular student at Milligan and is an athlete of premier quality and sterling worth. Although only nineteen years of age he served two years in the United States Army in France, enlisting at the age of sixteen. He is at present resting very well at his home, where he was taken immediately after the accident occurred.

Spectators at the game were very generous in their praise of the splendid spirit shown by the Milligan warriors in the face of overwhleming odds, and especially of the plucky fight of the unfortunate half-back. His work was of the stellar variety and his erstwhile friendly enemies pay tribute to his valor and ability and extend their heartiest wishes for a rapid and complete recovery.

The student body voted unanimously at the chapel exercises Wednesday to send to Mr. Harris a letter expressing sympathy and admiration. A committee consisting of the President of the Athletic Association and the Presidents of the Y. M. C. A. and the Y. W. C. A. was appointed by Dean Barnes and the following letter was written and forwarded to Mr. Harris:

Maryville College,
College Station,
Maryville, Tennessee.
October 19th, 1921.

Mr. Harris,
Milligan College,
Johnson City, Tennessee.
Dear Mr. Harris:

In view of your serious accident at the Milligan-Maryville game last Saturday, we wish in this way to express our sympathy for you and our admiration for the manly, sportsmanlike manner in which you bore your misfortune.

Please accept our best wishes for a complete and speedy recovery.

Sincerely yours,
The Students of Maryville College.

PLANS MADE AND OFFICERS CHOSEN FOR CHATTANOOGA CLUB

The Chattanooga Club met Friday and elected the following officers:

President - - - Leslie Poe
Secretary - - - Frieda Mylius
Treasurer - Sidney Laymon
Editor - - Dorothy Dickerson

All Chattanoogans are urged to attend the meetings. By so doing they will show loyalty for their home town as well as have some good times which they will never forget.

ORANGE-GARNET TORNADO SWAMPS MILLIGAN COLLEGE BY LARGE SCORE

MILLIGAN COLLEGE HELPLESS BEFORE RUSHING OFFENSIVE OF ORANGE AND GARNET ELEVEN. FINAL COUNT 54 TO 0.

Milligan College was unable to withstand the slashing, ripping attack of the Highlanders Saturday afternoon and went down to an overwhelming defeat as result of their failure to check the onslaught. It was a murderous affair and what's more, the score would have been doubled if Coach Honaker had left his first string men in the game to accomplish a a bit more of their barnstorming damage to the sacred precincts of Milligan's terra firma. Mighty fine stuff our fellows showed, and especially the way they got off in the first part of the game. It would have required a mighty strong foot ball team to have held them the way they were going. A very encouraging fact is the showing the substitutes made, after having emerged from a very hard game with the Polk County High School on Friday afternoon. They waded right into that Milligan line and accounted for many long gains.

Acton, Hill and Parker did some very clever ground gaining in the backfield, Acton getting away for several long runs. Hill showed the greatest ability to buck the line for large gains. The way this boy did wade into them gives us a feeling of confidence that he will be heard from in the big games to come. The whole line held up well, coming in for more than its share of the spoils when Sullivan at guard intercepted a Milligan pass and got away for twenty yards or more. McLaughlin at Center, Thrower at Tackle, Captain Ford at Tackle and McMurray at Quarter played a good game. The wingmen, Hendrick and McLane made a very impressive showing in their tackling and defensive work.

For Milligan, Meadows as Captain, Dunlap at Quarterback, Jared at Left Halfback, all played a good game and if Harris at Right Halfback had not had the misfortune to have his leg broken in the first few minutes of play. it is a sure thing that he would have come through for yeoman service for Milligan, as he is reputed to be their premier forward passer and punter.

The above score would indicate a runaway for the Highlanders, however, let it be known that it was one plucky, scrappy and game fight that those lads from the Up-State College put up. They showed the stuff that brings forth real admiration and even after their pivot man Harris was taken from the game with his leg broken, they continued to fight for all that was in them.

The Milligan team down to a man was very appreciative of the real sportsmanship displayed by the Highlanders and they expressed themselves before leaving town that they had never been among a squarer bunch of football players than they found the Highlanders to be.

THE SCORING BY QUARTERS

On the kick-off, Acton received the ball and raced 55 yards down sidelines. Three line smashes by Hill and Parker and the ball was within striking distance of Milligan's uprights. Acton was given the ball and took it over for the first touchdown of game. McMurray kicked goal. Score: Maryville 7, Milligan 0.

Parker kicked off for Maryville and ball was returned 20 yards by Harris, whose leg was broken in this play. Time out for Milligan. Play was resumed and Milligan fumbled the ball on her own 35 yard line, McLane recovering for Maryville. End run by Acton netted Maryville 35 yards and another touchdown. Score, Maryville 14, Milligan 0.

Parker again kicked off to Milligan who returned 20 yards. Milligan was forced to punt. Maryville received ball on her 45 yard line. A series of line plunges and end runs by Acton, Hill and Parker brought the ball within scoring distance again, when Hill was given the ball and by a line plunge of 9 yards, went over for another touchdown. McMurray kicked goal. Score: Maryville 21, Milligan 0.

Dunlap kicked off 25 yards for Milligan, Jimmie Hendrick returned 10. Acton received forward pass for a gain of 20 yards. Parker went through line for 15 yards. Acton tore off another 15 yards and touchdown. McMurray kicked goal. Score: Maryville 28, Milligan 0. This ended scoring for first quarter, ball being in Milligan's possession on her own 35 yard line where it was brought on kick-off.

Second Quarter

Milligan's ball on her own 35 yard line. After being held for three downs, Milligan attempted a forward pass, Sullivan intercepted running 30 yards. Hill carried ball over for touchdown. Parker kicked goal. Score: Maryville 35, Milligan 0.

Parker kicked off to Milligan on their 20 yard line. Ball was returned only five yards. A series of line plunges netted Milligan their second first down of game. A fumble by Milligan, which was recovered by Hill placed ball in Highlander's possession again on Milligan's 45 yard line. Another brilliant series of line plunges and end runs by Acton, Hill and Parker placed the ball on Milligan's 5 yard line, from which Parker took the oval over for touchdown. Parker kicked goal. Score: Maryville 42; Milligan 0.

Parker kicked off 60 yards to Milligan, they returned 20. Two line smashes netted Milligan twelve yards and first down. After being held for no gain on next play, Milligan braced up and on next three plays, bucked Orange and Garnet line for a total of 13 yards and another first down. Half ended with Milligan having possession of ball on her own 45 yard line. Score, Maryville 42; Milligan 0.

Third Quarter

Gamble kicked off for Maryville, Milligan receiving ball on her 45 yard line and returning five. Milligan was held for downs and forced to punt, King receiving punt on Maryville's 45 yard line. After carrying ball down field by short gains and two first downs, Highlanders were forced to punt, Milli-

Patronize Those Who Advertise, They Make The Paper Possible.

The name of our weekly squeak is "The Highland Echo". We don't say that with pride and "there's a reason". The name is too expressive of the real nature of our paper—it is too truly an echo, or a series of echoes. We are inclined to believe that the "deer pee-pul" care less for echoes than they do for first hand noise. By the same hypothesis, we suspect that our readers don't wax enthusiastic over accounts of meetings of divers gregarious folk, accounts which, although grammatically and rhetorically perfect, should have been peacefully and with fitting ceremony laid to rest days before. They want well-written items which contain NEWS.

Being seized with this idea we have decided to very gently, but firmly administer to these aforementioned historical relics the editorial Bum's Rush. We want *news*, not history, and if the editors of the various organizations on the Hill will write up *forecasts* for their meetings instead of histories, of varying degrees of interest, we of the editorial staff will do our part to collect outside material.

* * * *

It's amusing to hear a student "stall" in class or say "I'm not prepared today." Why not say "I don't know"? The result's the same. Nobody's decieved.

* * * *

Davidson College boasts that her students, in passing each other on the campus always exchange a word of greeting. There aren't many "snobs" on our campus but one is too many. Try the friendly greeting habit and watch the result.

* * * *

CAMPUSISMS

Misses Mary McSpadden and Louise Sheddan spent last week end with relatives near Maryville.

Miss Ruth McCall spent a few days at home last week.

Miss Laura Elridge has been ill for the past few days, but is now able to be out.

Grace Blank is improving slowly from a severe illness. Her many friends hope to see her out again soon.

Miss Mary Broady has recovered from a throat operation. During her illness her mother was with her.

On Wednesday evening the Seniors were their own guests at a swimming party. Much splendid class spirit is developing at these parties and all members of the class are giving their full support to class policies.

COLLEGE PROFESSOR TAKES UP NEW STUDY

Will Devote Most of His Time To Experiments.

On Tuesday, October 18, a son, who will bear the name Robert Alison, was born to Professor and Mrs. E. R. Hunter.

As Gap Johnson of Rumpus Ridge might say, the child is "the first heir in whom the parents are well pleased."

When interviewed Thursday, Professor Hunter admitted that Robert Alison is the only infant he has ever seen who possesses characteristics which distinguish him from all other infants. The proud father added modestly that the chap is by far the most intelligent and promising which either of the parents have ever seen. The training of the child has not yet been begun. Professor Hunter states that the infant is already the possessor of a large vocabulary and that he has on several occasions spoken some words quite distinctly even at his tender age. No plans have been made for the child's future but the father intimated that he is entertaining the ideas of the Presidency.

The many student friends of the proud parents congratulate them and wish for the child the realization of all parental dreams.

GOSSIP AND TEA ARE GIRLS' COMMODITIES

Bainonian Gives Tea For New Girls.

Last Thursday afternoon Bainonian Hall was just about the most homelike and cozy place on the Hill. In the windows, on the tables and piano were big ferns. The big easy rocking chairs, placed here and there, remained unoccupied until about four o'clock. At this time girls, all decked out in organdies and taffetas began to come in and soon the hall was full of new girls. First they were welcomed by the receiving line; then each girl fell in line to await her serving of punch, sandwich and wafer; then when thru' the line she made herself comfortable in a cozy corner and chatted with other girls for a while. Above the noise of girls' talking and laughing was the snappy music of the piano which was being played all the time. All too soon five o'clock came around, and the Bainonian Tea was over.

ANANIAS HANDICAP TO BE RUN ON SATURDAY

Material Is Promising, Competition May Be Lively.

Next Saturday evening, beginning at 6:30, a special humorous program will be given by the Athenian Literary Society. The first number on the program will be an extemporaneous debate, Resolved, That the egg which Mr. Jones' hen laid in Mr. Smith's dog house belongs to Mr. Smith. This debate will contain some, if not all, of the elements of humor, for the president will select the debaters carefully.

The second, and last, part of the program will be a free-for-all feast of jokes, yarns, and lies. To the one telling, or otherwise making known, the best joke, yarn, or lie a prize of one dog will be awarded.

Liars are requested to attend this meeting and to stay away from all others. Jokesmiths and yarn spinners will, however, always be welcomed.

It's a wise child that resembles its rich relations.—*Toronto Telegram.*

GRID WARRIORS READY FOR ROANOKE BATTLE

Team Departs Friday Morning For Foreign Soil.

In the past few days, Coach Honaker has driven his men at a rate of speed unprecedented on a Maryville College gridiron, and the result as seen at present is a well oiled, well drilled, smooth running football machine, primed to the highest pitch of excitement for their big game with Roanoke College at Bluefield, West Virginia on Saturday. The Coach is well pleased with the pep and fight shown by the men this week in scrimmage and those who witnessed the Tuesday afternoon's workout are unanimous in their belief that if the huskies show the stuff Saturday that they displayed Tuesday, old Roanoke will have a great old time crossing the Orange and Garnet uprights.

It is going to be a great old game from all indications, with the odds favoring neither team. It seems as if the Maroons are going to make it a mighty warm reception for the Orange and Garnet as they plan to make Saturday an Alumni Home Coming Day at West Virginia Fair, in addition to running a special train from Roanoke for the student body. Thus it would appear that old Roanoke will have plenty of aid of the sideline variety in battering the stonewall defense of the Highlander crew. And it will be some battering and ramming that they will do to break through. True it is that there will be very few Orange and Garnet backers away up in the Mountain City, but surely there will be somebody on the sidelines to give that old rebel yell "Ye shall not cross that line."

Coach Honaker and his men will leave Maryville Friday morning at six o'clock, arriving in Bluefield at 7:30 p. m. No statement has been given out as yet relative to the men who will make the trip, but at least eighteen men besides the Coach will entrain for the journey. And don't forget that these men are going to West Virginia to put everything that is in them into that game. In other words, they are going to play that game for the old College. We believe they will win and if they do then said victory will be a present from the fellows to Coach Honaker. The Coach wants to win this game above all others, Roanoke being his Alma Mater and the fellows all say they can't go back on the Coach—he's done too much for them. And so—let's all get behind our team and give them a send off that they will remember when they go into the game on foreign soil Saturday.

DEBATE ARISES OVER PREP STUDY HALL

Junior Athenians Decide Matter.

Oh, no, we have not ceased to exist—far from it. But now that there are no more interruptions in sight, such as snaps, ball games, etc., we are going to get down to real business.

A very interesting program was carried out last Saturday evening. It seems however, that the approaching snap had such an effct on some of the members that the program was rendered somewhat incomplete by their absence.

But what there was of it was 'excellente'. A reading was given by Mr. Donald Buchanan. Then a debate followed which made everyone 'sit up and take notice', for it was on a question that all we preps are interested in—especially the affirmative side.

The question was, Resolved, That the Prep study hall should be abolished. Mr. Walter Buchanan heroically uphled the affirmative side, and Mr. William Murphy gallantly defended the negative side.

Mr. Murphy succeeded in obtaining the decision of the judges, but the decision of the house favored Mr. Buchanan.

Such were the proceedings of last Saturday evening in the Junior Athenian Hall. So come along fellows, old and new, and let's put our society on top—where it belongs.

KENTUCKIANS ORGANIZE

14-12 VICTORY WON BY RESERVES

(Continued from page one)

playing a star game making most of Maryville's gains and showing fine football judgment in his choice of plays was knocked out just before the second touchdown was scored for Maryville. Although struck on the head, being temporarily blinded, he continued to play for three downs in absolute darkness until carried to the sidelines by his team mates and replaced by his brother Jimmy who immediately began to star in his place. Gamble kicked goal again after the second Reserve touchdown and the score at the end of the first half was Reserves 14, P. C. H. S. 6.

In the third quarter neither team scored but in the middle of the Fourth Quarter the Home team started an offensive from their own 30 yard line and made a remarkable march down the field which did not end until McClary had gone over for a touchdown. Again Benton missed the goal and score now stood Reserves 14, P. C. H. S. 12. This tightened the game. There were six minutes more to play, excitement was intense and the Polk County people were calling on their men for another touchdown. Their chances were greatly prejudiced by a very poor kick-off which was received by Greenlee on Maryville's 40 yard line and returned five yards. Maryville made a first down and was then forced to punt. It was here that Gamble made what is believed to be a world's record. Since the ball was on Benton's 25 yard line it was good policy to kick out of bounds which he did, but since the gridiron was on the side of a very slope the ball going over the steep side rolled about three hundred yards. The kick will probably go down in history as the longest one ever made by a Maryville player—about 310 yards. After about five minutes delay the ball was returned to the field where it went out of bounds and was given to Benton on her fifteen yard line. Four minutes time remained but after Benton had made one first down she attempted a forward pass which was intercepted by Judge Janivisky and Maryville got possession of the ball in Benton's territory where it remained the two minutes that were left to play.

Prince, a former Polk County High, Maryville, U. T. and Vanderbilt man acted as referee and his work was of a high order, giving satisfaction to both sides. In fact all of the officials were far above the average in efficiency and it is doubtful if there has been a game played in East Tennessee this year in which the officials gave such thorough satisfaction. The people of Benton were cordial, hospitable and sportsmanlike and deserve great credit for the support they are giving their splendid team.

Nuchols, Lillard, McClary and the Shamblin Brothers starred for Benton. For the Reserves the play was of such a uniformily high character that it is hard to choose any particular player as being an outstanding star above the others. Bob King proved a wonderful field general, a consistent ground gainer and displayed grit and nerve that won the plaudits of the spectators. both through the line and around end. McClung made a forty yard run, the longest of the game but proved chiefly valuable on defense, diagnosing plays. Gamble's coolness and judgment steadied the whole team and his kicking of goals proved to be the margin of victory. Blickensderfer played against Benton's strongest man and held him, while Ellis at the other end was in almost every play. Youell has a tower of strength at center. Greenlee used his great weight and strength to advantage, while both tackles Holland and Bowles although injured early in the struggle played gamely. Of the subs J. King, Musick and Janiviscky got into the game and did well. Brown, Clabough and McCall were also carried on the trip and were anxious to play, begging the coach every minute to put them in.

The Reserve Team trained consistently. Ther weas no smoking or over-eating. A cleaner set of men never represented Maryville. Most of the men are young and will make future stars for the varsity, they deserve the support of the student body.

A Gateway—Electrical

ONLY a forty-foot gateway bounded by two brick pilasters and ornamental lamps, but it is unlike any other gateway in the entire world.

For back of it is the General Electric Company's main office building, accommodating 2300 employees. And just next door is its main laboratory with the best equipment for testing, standardizing and research at the command of capable engineers. Then down the street a mile long—are other buildings where electrical products are made by the thousands of electrical workers who daily stream through.

Through this gate messages and representatives from a score of other factories and over fifty branch offices come and go every hour—an endless chain of coordinated activities carrying on and enlarging the scope of over a quarter century's work for the betterment of mankind.

What a story this gate would tell, if it could, of the leaders of the electrical industry and of ambassadors from other industries and institutions—and from foreign lands. The story would be the history of electric lighting, electric transportation, electrified industrials and electricity in the home.

ORANGE-GARNET WINS FROM MILLIGAN COLLEGE

(Continued from page one)

gan receiving the ball on her 35 yard line and failing to return. Milligan held and forced to punt, but punt was blocked by Orange and Garnet where ball went down on a tackle on Milligan's 35 yard line. Gamble received ball and went the whole distance of 35 yards for a touchdown. Gamble failed to kick goal. Score: Maryville 48; Milligan 0.

Gamble kicked off for Maryville 45 yards, Milligan returning 10. Penalization of 10 yards for Maryville netted Milligan first down McCall intercepted a Milligan pass, but failed to get away. Highlander combination of Sneed, Gamble, McClung brought ball to Milligan's 20 yard line, where Sneed got away for the entire distance, chalking up another and final touchdown of game. Gamble failed to kick goal. Score: Maryville 54; Milligan 0.

Gamble kicked off to Milligan 45 yards, Milligan returning 15. Milligan held for downs and forced to punt. McMurray received punt for Maryville and brought ball back down field for 35 yards before being tackled. After a series of short gains, an attempted forward pass was intercepted by Milligan. End of third quarter. Milligan's ball on her own 45 yard line.

Fourth Quarter

Milligan's ball on her own 45 yard line. Milligan took a decided brace in this period and succeeded in making two first downs in succession, both first downs being made on straight line plunges. Milligan attempted to drop kick, but was blocked by McLaughlin on Maryville's 35 yard line. Hill and McClung brought ball back toward Milligan goal for 25 yards by an assortment of hefty line plnuges. A pass from McMurray to Hill netted Highlanders another 20 yards. Milligan penalized 10 yards and a pass from McMurray to Maryville another 20 yard gain. A line buck by Hill placed ball within easy scoring distance, but a touchdown for Maryville brought the ball back on Milligan's 40 yard line and just far enough to prevent another touchdown for Maryville, as there was not sufficient time left for the play, whistle blowing as ball was being placed in position. Final score: Maryville, 54; Milligan 0.

HIKING CLUB IS BORN

On the eve of September 28, 1921 there was born, at the home of Mr. Sam Franklin, a healthy, robust organization. As is the custom upon such occasions, the parents, Arellano, Arnold, O. Armstrong, F. Brown, Crow, Franklin, Howell and Burson were too frustrated to name the infant. Its name is not to be chosen in haste and must be noble and full of meaning as it will surely be the pride of its mothers.

Much discussion was contributed, absorbed and digested regarding said infant's contribution. It was finally agreed that Messrs. Brown, Wilson and Crow should settle that matter.

Mr. Sam Franklin was elected its God father. Mr. Sherman Burson was to register each new tooth, its first steps and take pictures of its progress, recording and filing same.

Mr. Arnold was elected to notify the public of such matters as might prove feasible for the infant's popularity.

All retired happy over the arrival of the illustrious youngster—pldging their interest in its future welfare.

Respectfully submitted,
Sherman Burson, Recorder.

DEFINITE STEPS TAKEN FOR SOPH CLASS PARTY

The Sophomore Class officers for 1921-1922 are:

President - - - Charles Partee
Vice President - Dorothy Dickerson
Secretary - - - - Mason Mann
Treasurer - Margaret McKinney
Editor - - - Henrietta Jackson

The Southern Methodist church has been selected as the place for the Hallowe'en party. Th class dues are only $1.00 and since there are over twice as many girls as boys, the girls may invite their friends. Every Sophomore come out and let's meet the Spooks together!

PROF. RECALLS WHITE ELEPHANT STORIES

The Student Volunteers were charmed with a talk by Professor Jones, Thursday evening, October 13. We have heard him several times before, but never with more interest. He usually tells us something of the work to be done on the field, or how we should be preparing ourselves over here. But this time he told us some marvelous "fish" stories, which we accepted, tho with difficulty. He told also of the wild animals which he had encountered over in Siam, and of the white elephants and their work. We are always eager and glad to hear about the diversions and side-lines of a missionary's life.

Teacher—If a cat in a well climbs up two feet and falls back one, how long will it take her to get out?

Son of an Efficiency Export.—I have little or no interest in such a cat.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE OCTOBER 27, 1921. | NUMBER SIX

SECOND LYCEUM "IT PAYS TO ADVERTISE"

Complete Production of Modern American Play To Be Given By Company of Eight On November 4th.

A big feature of the Lyceum Course will be the complete production of the delightful comedy, "It Pays to Advertise", which will be given on November 4 by a company of eight.

"It Pays to Advertise" is one of the most successful of modern plays. It is so well balanced in basic human value that it cheers the heart and diverts the mind by the same operation. The authors, Roi Cooper Megrue and Walter Hackett are numbered among the most successful playwrights of this generation.

"It Pays to Advertise" is absolutely clean and wholesome and this fact combined with the rich Americanism of its humor, the rapid-fire idioms contained in the dialogue and the many clever situations effected, marked its New York production as the most successful drama in years.

The story is told with a contagious vim and vigor and the dialogue is written with a real feeling for that particular type of human being that has been recognized as purely American since the days of Ben Franklin.

The laughs?

"It Pays to Advertise" runs over with laughs. Before the company has been before you two minutes the play will reach out after you and rap you genially on the back and you will be aware of a warm, comfortable feeling that will cause you to settle back contentedly, with complete trust that is going to keep you jovial and interested the whole evening.

It makes fun of advertising, but is one of the best ads the advertising man can have.

The central character is soaked in the gospel of advertising. He claims that the reason we eat hen's eggs instead of duck's eggs is because the hen advertises her product.

The refreshingly clean tone and genial humanity of "It Pays to Advertise" will mark it as one of the big features of the entire Lyceum Course.

MONTVALE IS SCENE OF GIRLS' FESTIVITY

Week-End Hike Scores Big Success.

Last Saturday afternoon was a time of great excitement as four large truck loads of girls left the Hill for Montvale to spend the week-end.

Those who reached the chosen spot first hunted camps and prepared supper for the ones who came later and all enjoyed their Saturday night's "weiners and bread" under the canopy of the blue sky instead of the canopy of our dining-room ceiling.

The campfires were glowing brightly when a halloo came that Maryville had won 16 to 0, which caused a great deal of excitement and soon every girl had gathered in the parlor and we celebrated. There were peanut hunts, games, stunts, songs, yells, and races, (Mrs. West and Miss Wheelock). After a noisy march up and down the halls yelling and singing all went well until 6 o'clock Sunday morning. We hiked to Lake Lanier for our Sunrise Service by the lake in which were the reflections of the many colored trees making the scene more beautiful as the sun rose slowly and serenely over the mountain top. Then started our freedom. Some hiked to Look Rock, others to various places, and others stayed around enjoying their freedom, but all in all the day was busily spent kodaking, laughing, eating, running, jumping, sliding and in fact doing every imaginable or unimaginable thing. At 4:30 Mrs. West led the vesper service which everyone enjoyed.

By 2:30 Monday every girl was safely back in Maryville after having spent one of the most profitable week-ends in their college career. We dare say there's not one girl who is sorry she went but perhaps there are some who are sorry they didn't go. All-together now—Fifteen rahs for Montvale!

PHANTOM FOOTSTEPS FALL ON FRIDAY EVE.

Seniors Stage Party Friday; Underclasses on Monday.

It's the universally discussed subject, this class party matter. From the lowliest Prep to the loftiest Senior "the party's the thing". Lads and lassies who are for the first time feeling the social instinct of which Dean Barnes' students prate so glibly are searching frantically for "a date" and the veterans of Moonshine have long ago encountered the domestic difficulty of attending two parties or of fixing upon one to attend together. Others, of both sexes, who disdain to take advantage of the limitless social opportunities of a co-ed college and who prefer a state of single blessedness, view with cynical eyes the arrangements which are being completed by the enterprising comittees of the various classes. Never-the-less, the arrangements go on.

The Seniors, as befits their superior position apart from the common herd, are staging their party on Friday evening at Mrs. West's. "There's a method in their madness' and that method is revealed in the diplomatic overtures of a number of dignitaries who are offering themselves unselfishly as escorts to an equal number of comely maidens from the underclasses, aforesaid offer to take effect on Monday evening at the under-class parties.

The Juniors, unwilling to surrender to the Sophs their last year's party site, have accepted Dr. Stevenson's invitation to make his home, The House in The Woods the scene of their festivity.

The proud Sophs, manfully smothering their righteous indignation, will avail themselves of the rare opportunity of having a large time in the basement of the Southern Methodist church.

The verdant Freshman will disport himself at the New Providence church whose lofty arches will resound to his youthful merriment.

With their usual foresight, the Preps began planning their parties at meetings held Thursday and no data is available for all of the classes, at the time of our going to press. Investigation was dropped when a prominent member of the Third Preparatory Class replied, in answer to an inquiry concerning the place for his party, "What party?"

RESERVES ADMINISTER LICKING TO POLY

Bond Clan Fails to Make Showing Against Second String Artists.

Friday afternoon before a sizeable crowd the Scrappy Scrubs walloped the Poly warriors for an 18-0 victory on the home grid. The touted Bond eleven at no time showed the class which has featured their early-season contests, and the Reserves were at no time troubled by the Poly attack.

The three touchdowns, scored by Gamble, King and McClung came from a combination of hefty line bucking by the front rank men and well executed end runs by the backfield. The entire team played almost flawless football and there were no outstanding stars. The game consisted of straight football and was devoid of the element of the spectacular. However, both elevens showed good form and splendid morale, both the result of efficient coaching on the part of Messrs. Bond and Honaker.

The stands were well filled and a gratifying amount of first class rooting was in evidence, contrary to the general suposition that the first string men have a corner on organized noise at games. The Reserves had the hearty support of the spectators and Scrub stock rose several points as the result of Friday's fuss.

Dame Rumor has it that the lads are after Tennessee's hirsute adornment, a trinket which could easily be snatched if dopesters are reading the signs according to Hoyle. The Tennessee Reserves defeated Poly by the narrow margin of 6-0 and even at that the Bond band was almost a match for the Knoxvillians. In the event of a contest between Maryville's reserves and the second string force of Tennessee the odds would be with the Orange and Garnet camp. No one on the Hill is desirous of promoting strife but few there are who would look with distaste upon the spectacle of the flaying of the Knoxville lads over the terrain by the Rowdy Reserves.

BOYS INVADE WILDS ON WEEK-END HIKE

Numerous Adventures Encountered On Long Trip.

Eighteen boys alighted at Townsend Saturday afternoon and turned their footsteps towards the Smokies. Fully equipped with blankets, eats and equipment, the procession made quite a stir among the townspeople. Bear stories circulated and the fellows were wished "good luck" in their hunt. Dr. Hussey, the senior member of the party was not less excited than the rest.

"Four miles to go before pitching camp for the night", was the slogan and for two hours and a half till long after the last rays of light had faded from the sky, the procession pressed forward. No wonder the prospects for a sixty mile hike began to lengthen and strentch into immense proportions! At last Beach Creek was crossed and packs dumped for the night. Fires sprung up all around, and the little grove flickered with light. Bacon and eggs, spuds, onions, and bologna flavored the air and drew to the circles of light and into the

HIGHLANDERS ADD THIRD SCALP TO SEASON'S BELT

VIRGINIANS BOW TO DEFEAT WITH 16-0 SCORE IN HARD FOUGHT GAME.

Coach Honaker's crew of pigskin warriors returned to old College Hill from Bluefield, West Virginia, victors over the Roanoke College Maroons. It was a great game and a great team that went down to defeat at the hands of those fighting Maryvillians. From whistle to whistle, those Roanokers were continually pulling off something new in football strategy and if it were not for the well coached, well conditioned and fighting football eleven that Coach Honaker sent against them, said football game would have been turned into a defeat and not a victory for Maryville. We have always been able to win mediocre games on our own gridiron, but when we can send an eleven to foreign soil and win against a team as strong as Roanoke without the old Orange and Garnet goal line being crossed, then hats off to the Coach and to the fellows who played that game. Again, Roanoke has a great team, but Maryville can boast of one several points better as the results show and if those fighting Highlanders can keep up the pace they showed against Roanoke, then we are going to accomplish a miracle and turn all our remaining battles into Maryville victories.

Below are two brief statements as they appeared in the Bluefield Daily Telegraph last Sunday morning and which show in a very concise manner, the impression the Highlanders made upon the West Virginians as a football machine and as real fellows.

"Mryville College won its gridiron battle against Roanoke College Saturday afternoon in the presence of 1,500 spectators at the Fair Grounds, beating the Virginians 16 to 0. Maryville won something else also—the admiration and respect of the fans for the gentlemanly bearing and sportsmanship of the players, even when matters did not appear to be going fairly for them."

"The average weight of the Tennessee Eleven was said to be 175 pounds, per man, while that of the Roanckers was put at 155 pounds, per man. Added to that, the Maryville boys apparently had better teamwork and a more cordial relationship with each other."

Thus you can get an idea of just how the Highlanders came through with their struggle and the impression they left of themselves and of Maryville College in Bluefield.

Roanoke depended upon the aerial game as their most consistent ground gaining device. Several times it looked as though they were going to cross the Highlander goal line as the result of long forward passes. Roanoke attempted about thirty passes, half of that number being completed for gains, the longest being for thirty-five yards, which placed the ball within touchdown distance for Roanoke. Their fake plays were numerous, the double pass fake and criss crosses being used to advantage on several occasions. They were unable at any time to get through the Maryville line for any appreciable gains, the old Highlander defense holding like a stone wall. For Roanoke, Caldwell at quarterback, who was a demon at the passing game, Hite at fullback, Gray at halfback, Woods, left end, Neese at right tackle and Weidwitz at halfback were all towers of strength and gave the Highlanders much trouble the entire game. The Maroon team down to a man was a well coached and hard fighting machine.

The Highlanders resorted to only two fake formations and very little forward passing. Out of six attempts, four passes were completed, the longest being for fifteen yards from McMurray to McLane. The quarterback fake between tackle and end and the cross buck were the only fake formations used, the ball being taken down the field in most instances by line smashes and end runs.

There is a doubt as to who played the greatest game for Highlanders. The whole team played real football. Eddie McLane at right end pulled off some real stuff—sure was great to see him get down the field under punts, always getting his man before he could get away; his tackling was sure and fast. McLane also pulled down a neat pass for a good gain and in general, played the kind of game that wins. Jimmie Hendrick at left end starred also in breaking up and intercepting passes, tackling fast and with deadly effect. McLaughlin, who played a roving center, was all up and down that line of scrimmage and was always ready for his man—he played a great game. Sneed, who substituted for Wynecoop was a terror to the Roanokers—"They said he was". Shorty went through that Maroon line for many long gains. Wynecoop who substituted for Acton was taken out as a result of his old trouble, his knee-cap being strained by a Roanoke tackler, but he played a great game while in. Acton, who went over for the first touchdown was injured shortly afterwards before the end of the first quarter and was unable to play any more. We could have counted on Tony for two more touchdowns had it not been for hard luck. Sullinger displayed the greatest ability to hit the line for long gains. Time and time again, Tubby went through for good gains. Parker played a good consistent game, punting for a distance of 60 yards once, but on an average, his punting was around 30 to 35 yards. Sullivan, Thrower, Rice, Dinwiddie all came through with yeoman service for Maryville. It was the work of Thrower and Sullivan that accounted for Maryville's first score, Thrower blocking a Roanoke punt and Sullivan tackling the Roanoke recoverer behind the Maroon goal line. Captain Ford had a great day—he kept his men fighting all the time and never failed to get his man. Fordy was knocked groggy once and time had to be called, but he went back strong and fought like a demon. Bob King who substituted for McMurray in the fourth quarter played a good game and handled the team well. Hill went in for Parker at the beginning of fourth quarter and was a main cog in battering that old Roanoke line for M. C.'s final touchdown. Hill is a valuable man and can gain through any line. John Hendrick was unable to play on account of his ankle's giving him trouble.

McMurray at quarterback went the entire route until the fourth quarter, when he was taken out to allow King to get a chance at the Roanokers. McMurray played a good consistent game of football,

Have You Noticed It?

There is a growing spirit of irreverence in evidence in the dining room during the period of thanksgiving which precedes each meal. One dislikes to comment upon or to seem to criticise matters of such delicacy, but present conditions are such that cognizance must be taken of them and measures taken toward remedying them.

After the students are seated considerably difficulty is sometimes encountered in securing silence so that thanks may be given for the meal. Then, even before the final words are spoken, saucers are frequently pushed from plates and a commotion arises which almost entirely dispels the atmosphere the creation of which is the aim of the custom of thanksgiving.

Undeniably, there is need for a new policy or for a different administration of the policy now in use. The selection of a new course is beyond student control, but, since the matter is of so much concern to the students, it seems that suggestions from the student body should be considered.

It is possible that silence might better be preserved by offering thanks before the students are seated. Thus, the noise caused by scraping chairs might be avoided. In the pursuance of this plan the waitresses at the tables nearest the entrances might close the doors at a signal given by the professor in charge, thus removing the annoyance caused by late-comers who attempt to reach their places before thanks are given. After the prayer the students might be seated at a tap of the bell and the disorder caused by premature pushing of saucers from plates might thereby be eliminated. After the bell the doors might be opened and the meal begun.

Whether this plan is feasible or not, we believe that there is a universal desire for better conditions and that a change whereby the matter would be remedied would be welcomed by the majority of the students.

* * * *

Patiently, nobly, magnanimously, God waits; waits for the man who is a fool to find out his own folly; waits for the heart which has tried to find pleasure in everything else to find out that everything else disappoints, and to come back to Him, the fountain of all wholesome pleasure, the well-spring of all life fit for a man to live.

—*Charles Kingsley.*

There are 304 more girls enrolled in Ohio University than boys.

Trouble, I find, compels prayer; and prayer dispels trouble.

—*Melancthon.*

"The rank's but the guinea's stamp, the man's the gold for a' that."

CAMPUSISMS

One of the novel happenings of this week was the joint surprise birthday party of Mabel Doughtery and Jimmie Jackson. The party was given by Henrietta Jackson in the parlors of Pearsons from 12:45 till 1:10. About twenty children were invited and the happy birthdayers were showered with presents of marbles, jacks and balls. Ice cream cones were served.

Miss Maude Baily has left for her home in Baileyton. Miss Bailey suffered an attack of chronic appendicitis last week.

On account of the conference in Knoxville this week, many of the old timers will visit their friends here. Among that number are Carrie Sheddan, Doscia Cate, Jessie Johnson, Helen Horton and Winnie Newton.

Miss Sidna Sherrad visited home folks at Ooltewah this week.

Table number one entertained themselves at an afternoon party last Monday. Games were played and a delicious ice course served.

Miss Lorena Mansfield spent a few days at home this week.

Mr. Robert Milling, a student of last year's vintage, spent last week end on the Hill with his brothers.

On Tuesday morning, Dr. Wilson, pastor of the Second Presbyterian Church of Knoxville and a recently chosen director of the College, conducted morning worship in Chapel. Dr. Wilson introduced Rev. Richard J. Dosker, Missionary Pastor whom the Second Presbyterian Church supports in his work in Japan, and Mr. Dosker delivered a brief but stirring address on Mission work in Japan.

LOST—A stick pin with a blue cameo set. Finder take it to lost and found department and receive reward.

ALUMNI

A marriage of great interest to Alumni and former students occurred on Wednesday night at 8 o'clock when Miss Nellie C. Pickens '13 was married to Mr. Bert T. Anderson of Rockford. The wedding took place at the bride's residence on Wilson Avenue, Dr. C. H. Gillingham officiating. Mr. and Mrs. Anderson will be at home on their farm near Rockford after November 1. Both bride and groom are former students of the College, and Mrs. Anderson an alumna, and a graduate in the Department of Expression. Many friends in and out of Maryville will join in hearty wishes for their great happiness.

G. O. Robinson, '16 is Superintendent of Schools at Coldwater, Kansas where a successful school session is in prospect.

J. C. Walker, '16 is entering the Foreign Service School of Georgetown University, at Washington for a year's work.

James A. Acton, '16 has recently been appointed Athletic Director of an Alabama High Schol.

Announcements have been received of the marriage of Miss Rachel Sells, of Spokane, Washington, to Mr. Louis Jabine on September 20. Miss Sells was a student at Maryville in 1918-1919. Congratulations.

Mr. and Mrs. George R. Burnett of Crossville annouce the marriage of their daughter, Mildred Sue to Chaplain Frank Lewis Miller at Fort Clayton, Canal Zone on August 2. The groom was class orator and president of the class of 1914 and is now a regular army chaplain stationed at Fort Sherman, Canal Zone. Chaplain and Mrs. Miller have the sincere good wishes of scores of Maryville College friends.

CANDY KITCHEN

PSALMS FURNISH VERY INTERESTING SUBJECT

Anne Culbertson Leads Y. W. C. A.

There is always something to be thankful for. The girls who were at the Y. W. C. A. meeting Sunday afternoon may well be thankful that they didn't miss it. Anna Culbertson, the leader, truly led the meeting. After announcing the subject of the meeting, Psalms, and after asking for a speech introductory to the Psalms by Ethel Doctor, she turned the meeting over to the girls. As the Psalms express so well every emotion, they are resorted to by people who wish to express what they feel but can't express themselves. The girls responded freely and sincerely, giving their favorite Psalm and explaining what it meant to them. As the Psalms were originally composed to be sung, the song by Ruth Ackermann fitted into the meeting perfectly. The meeting was so successful that each of us couldn't help feeling a little closer to God and to each other.

MIDGETS TAKE TEMPESTUOUS TILT

Plucky Nicotines Succumb to Onslaught of Hefty Midgets.

Porter Turner's classy Nicotine eleven fell before the fierce attack of "Chink" Mitchell's speedy Midgets in a fast contest Monday morning. At the end the score was 7-6 in favor of the Midgets but until the last whistle had blown the outcome was debatable, and the crowd which thronged the field was on its feet constantly applauding the spectacular features of the scrappy, snappy contest.

The stars of the game for the Midgets were P. Buchanan and Sixsmith, while for their oponents Turner, Marler, Bettis and Warwick furnished the crowd with bundant thrills.

Summary

Scoring—Midgets: Touch downs, P. Buchanan; Goals after touchdowns, Mitchell.

Nicotines: Touchdowns, Bettis.

Score by quarters:

Midgets	0	0	0	7
Nicotines:	0	6	0	0

NEW YORK CITY

Fellows! One of our own number, R. A. N. Wilson, Jr. spent seven weeks this summer in New York City. He was Assistant Secretary of the Bowery Y. M. C. A., working at the counter, where he met all classes of men. He gave talks on the street corners to the "Boys of the Bowery". He had many thrilling and exciting experiences. He attended the World's Christian Endeavor Convention.

On Sunday afternoon at one o'clock at Bartlett Hall, Wilson will tell us about his work, his experiences, and New York City. Everyone wants to go to New York. You should hear this speech before going. Every man on the Hill is cordially invited to come to the Y at one o'clock Sunday and hear about New York City.

Lost, strayed, or stolen—one Bible, and its well-known companion, The Blue Horse Composition Book. Finder please return to Louise Morris and receive her everlasting gratitude.

HIGHLANDERS TO REST THIS WEEK

Saturday, October 29th is an open date on the Highlander Schedule, and since every effort to secure a formidable opponent has failed, it has been decided that they will be given a "legal" holiday this Saturday. We would like to see them go up against some strong team in preparation for their Carson-Newman, Emory & Henry and Chattanooga University games, but after what they went through with the past Saturday, it probably will do them no harm to get a day off. Here's to you fellows and a good rest on that date, and work hard next week for the game with Cumberland, who by the way, held Sewanee to a 28 to 0 score, thus they must be rather strong.

STUDENT VOLUNTEERS

The Student Volunteers met Thursday evening, October 20, for a short devotional service led by Bernice Jones. It was a wonderful meeting, and it seemed as if every word spoken was spoken with the realization that God was a living presence. The whole service tended to make us look up, to give us a brighter vision of what real living is. You Volunteers who were not there, come out next time and help us out, and be the better for it.

ATHENIAN PROGRAM POSTPONED

Athletic activities completely eclipsed literary endeavor Saturday evening on College Hill. Immediately after the opening prayer the Athenians impelled by a spirit of patriotism and a desire to get to the big noise, adjourned to take part in whatever might be pulled off to celebrate the victory over Roanoke.

The extemporary program of jokes, yarns, and lies, scheduled for the evening was postponed until next Saturday. There will also be a debate, Resolved, That the egg which Mr. Jones' hen laid in Mr. Smith's dog house belongs to Mr. Smith. This debate is supposed to be humorous, and no efforts will be spared to make it so.

GEORGIA CLUB ORGANIZED

When the "Crackers" and "peaches" were called together there was found to be a "live bunch" here from Georgia. The new students as well as the old ones received a welcome.

The following officers were elected:

President, - - - Owen Henderson
Vice President - Martha Forrester
Sec. & Treas. - - - Floyd Corry
Editor - - Rachel Higginbotham

ARKANSAS CLUB ORGANIZES

"Oh, Arkansaw! Could Moses have stood
On thy highest peak, I think he would
Have thought, as he gazed on scenes so grand,
That he had entered the promised land".—C. H. Graham.

Eight representatives from Arkansas met last week and organized into an Arkansas Club. Arkansas ish well represented, thoug there are only the eight mebers. Robert Campbell is president; Salee Huffaker, vice president; Mary Jane Eiland, secretary and treasurer; Louise Morris, editor.

The members of the Arkansas Club wish everyone in Maryville College to know that there is "sech an animal"; and that there is in Arkansas, something running beside a slow train.

ALL ABOARD FOR THE "HOBO SPECIAL"

The Second Preps are to be Hoboes and Hobosses Hallowe'en eve.

CANDY KITCHEN FOR CANDIES

EXCHANGES

When I proposed to my best girl she said, "I would rather be excused", and I, like an idiot, excused her. But I got even with her later: I married her mother; then my father married the girl. Now I don't know who I am. When I married the girl's mother, the girl became my daughter, and when my father married my daughter he became my son, whereas the girl became my mother. If my father is my son, and my daughter is my mother, who am I? My mother's mother (which is my wife) must be my grandmother, and I being my grandmother's husband, am my own grandfather.

Keep the face you've got—you'll never get another. You can replace your teeth, get a glass eye, or a cork leg; you can resod the old terrace with a snappy-looking toupee if your hair falls out—but, brother, what are you going to do when the old face quits? Keep the one you've got. Spare parts for it are hard to find. Your face cannot be reupholstered, repainted, retreaded, or revulcanized, but it can be retained. And the best friend your face ever had is a good barber. Bring your face to the Boone Tarvern Barber Shop for good work. —*Berea Citizen.*

A plan has been proposed by the former students and alumni of Carson-Newman to raise money for building the separate library building at a cost of $60,000. The library as proposed is to contain the library and two halls for the young men's literary societies.

It's a great deal of trouble to climb
a mountain,
But the inspiration of the summit
is still greater.
Take courage and let's go.

All sunshine would scorch and
blight our crops,
All rain would drown and wash
away,
But together they usher in a golden harvest,
So it is with our lives.
—*Orange and Blue*

Davidson College has for some time felt the need of a first rate efficient wireless station and this dream has at last reached its fulfillment. The student body by personal subscription, has been able to buy some excellent instruments, which have been installed and are receiving messages from all over the country. This innovation enables the student body to hear from all the football games play by play, and also gives them the benefit of many interesting news items at first hand.

Scientists say that man some day will live to an average age of at least 159 years.

"Tell me about de people in dis heah l'il ole town, Rastus. You'se been heah longer than I has. Tell me who's who."

"Aw, dey's no good, Sambo. Nobody ain't who, heah."

First Frosh: "They say that some of these Profs. lead a fast life."

Second Frosh: "I doubt it; none of them have passed me this year."
—*Orange and Blue.*

At a meeting of the Alumnae Association of the North Carolina College for Women on Founder's Day, plans were approved for the construction of an alumnae building which will be a modern structure of three stories, with adequate facilities for lodging, club meetings, meals, etc. Construction of the cafeteria will begin at once and the entire structure, estimated at a cost of $100,000, is expected to be completed by commencement.

Judge McCormick, of San Francisco, says these are the thirteen commonest mistakes in life.

1. To attempt to set up your own standards of right and wrong.
2. To try to measure the enjoyment of others by your own.
3. To expect uniformity of opinion in this world.
4. To fail to make allowances for inexperience.
5. To endeavor to mold all dispositions in this world.
6. Not to yield to unimportant trifles.
7. To look for perfection in our own actions.
8. To worry ourselves and others about what cannot be remedied.
9. To consider a thing impossible that we ourselves cannot perform.
10. Failing to help everybody, wherever, however and whenever we can.
11. To believe only what our minds can grasp.
12. Not to make allowances for the weaknesses of others.
13. To estimate by some outside quality when it is within which maks the man.

Dean Barnes (discussing mental deficiency) "As an illustration of that point, I was in one of the town drug stores the other day to buy some turpentine; I don't remember whether the amount was a dollar and a half or a dollar and fifty cents—"

(For verification of the above see any member of the Child Psychology class.)

BOYS INVADE WILDS ON WEEK END HIKE

(Continued from page one)

shadows, varied spotlights in the dark. After an hour, blankets were spread, and guards picked for the watches. Evening songs and prayers prepared for sleep the weary hikers.

By sun up, the fires were once more blazing, breakfast cooking, and camp equipment was replaced into the packs. The long ascent began. Across rivulets, up banks, along rocky trails trudged the group of Maryvillians. An occasional stop for water and air broke the regular step. Eleven o'clock found the party on the top at Spence's Cabin. Cold dinner was served, and the party divided; three taking the trail through Cades Cove back by Montvale and the Block House, the rest continuing down the range.

The steep climb to Thunderhead consumed quite a space of time, dinner did not settle very comfortably in so short an interval. From here the scene was wonderously beautiful. Maryville was visible to the west under a canopy of haze; to the east, north, and south extended an innumerable number of peaks and ranges. Seated half in Tennessee and half in North Carolina and above both, the scene was one that to the chap who was on a mountain for his first time, was wonderous indeed. On the faint horizon were visible Pisgah, Mitchell and the Craggies, familiar to members of the group from former experiences.

Bearings for the remainder of the trip were taken and the journey continued. Twice within a short half hour, the trail was lost, and scouts sent up to the tops of high trees to pick out the directions. Back once more, the hikers went forth with more certainty. Along the narrow ridge, scarcely wide enough for one man, the trail wound through thick rhododendron. Below on the one side was a sharp descent into the Tennessee valley while on the other was a sheer drop for almost a thousand feet into North Carolina. Fear and trembling accompanied the travellers along the narrow passage until again the trail widened and the cliffs were left behind. The hike then continued without event except for the "Count Off" frequently issued from the head of the column. Chestnuts covered the pathway and furnished employment for the hungry jaws.

Sun-down the party halted in front of Hall's Cabin. Hunters within flashed out guns as though they suspected a charge from a tribe of wild Indians. These firearms were replaced as soon as the youthful faces appeared and the harmless question, "Where can we get some water?", was asked. The mountaineers were very cordial distributing to the fellows trophies such as pheasant wings and squirrel tails. Bear feet were handled with curiosity, and the story of how Sir Bruin had been captured was attended with much eager questioning. Four other bears had been killed in the valley just ahead it seemed and possibilities loomed up large to the campers for the night. Only a few minutes were allowed for rest, and then again the trail was taken.

The trip was one full of adventure, experience, good times and fellowship; and all without a single regret. We are all ready to take the trip over again in the Spring, though it could never be prettier than under the tint of Autumn. The chap who misses this mountain top experience is neglecting a valuable portion of his deucation.

Berea College has launched a Necessity Campaign for One Million Dollars.

The Wake Forest College Library has 25,851 volumes in it at the present time.

Students will be given credit for work accomplished in the Literary Societies at the University of Richmond this year.

Davidson College has established a modern wireless station on her campus.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE NOVEMBER 3, 1921 | NUMBER SEVEN

HIGHLANDERS MEET CUMBERLAND SAT.

Visiting Dark Horse Causes Much Speculation.

Cumberland University's football eleven will arrive in Maryville Saturday morning, bent on taking the Highlander's scalp back to their college town of Lebanon, Tenn.

We are wandering more or less in the dark as to information relative to just what sort of team Cumberland will present here on Saturday. Absolutely nothing is known concerning her gridiron success this year other than the Cumberland-Sewanee game resulted in a 28 to 0 victory for Sewanee. Now coming down to brass tacks, this dope on the Sewanee game is sufficient to convince ye loyal student body who always bank on a big M. C. victory that the Highlanders will have to show some real stuff to emerge from this particular fray with the long end of the secore. Don't forget that Sewanee has a real team, a real contender for S. I. A. A. honors this year, having already taken the University of Alabama's measure by the tune of 17 to 0 and Kentucky State's by the count of 7 to 0. Futhermore, this Cumberland-Sewanee game was played at Sewanee, another big factor that would enlarge Sewanee's score. Thus you can form your own opinion as to just what sort of a scrap we have in store for Saturday.

Coach Honaker is taking no chances on this game and is driving his men at top speed in preparation for what may turn up on the old College Grid in this Cumberland game. Furthermore, considering the fact that injuries, sickness, etc., coupled with the unkind disposition of our sometimes friend and enemy, Jupe Pluvius, have all together served to slow up the Highlanders in every way. Coach Honaker has a big job to get his men in the proper fighting trim to meet a formidable foe ere Saturday arrives, however, we will leave this to Coach for we know he will produce results and await the initial whistle at 3:15 Saturday afternoon when the scrap will begin.

BASKETBALL PRACTICE BEGINS THIS WEEK

Wealth of Material To Be Whipped Into Shape.

Orders have come forth from Coach Honaker that basketball practice will be initiated this week. Of course those men who are on the football squad and who are contemplating going out for a position on the Maryville Quintet will not participate in this early practice. However, those men who are on the Hill and who are not playing football will be subject to this early call for practice.

It is rumored that there is an abundance of material on College Hill this year and indications point to a very formidable bunch of basket tossers who will wear the big Orange "M". With such last year letter men back as McGinley, McMurray, John Hendrick, Cecil McLaughlin, Delozier and Janoviczky, things will wax warm in the way of a good scrap for a place on the Highlander Five.

In addition to the above letter

(Continued on page four)

SECOND TREAT IN STORE FOR MARYVILLIANS IN NEW YORK COMEDY SUCCESS "IT PAYS TO ADVERTISE"

PLAY IS REPLETE WITH GENUINE AMERICAN HUMOR AND ALL PARTS ARE PLAYED SUPERBLY BY STELLAR CAST.

NEW YORK COMEDY SUCCESS, "IT PAYS TO ADVERTISE."

"It Pays to Advertise" is one of the most successful of modern comedy dramas. The story is told with contagious verve and vigor, and the dialogue is written with a real feeling for that particular type of humor that has been recognized as purely American since the days of Ben Franklin.

It is so well balanced in basic human values that it cheers the heart and diverts the mind at the same operation.

The central idea of "It Pays to Advertise" is an old one. It is the familiar story of the rich father and the idle son. The father makes a wager with his stenographer that she cannot induce the son to go to work. She succeeds in getting him interested in a business proposition. He forms a partnership with a fellow who believes with all of his heart and soul and amazing nerve that it pays to advertise.

The central character is soaked in the gospel of advertising. He claims that the reason we eat hens' eggs instead of ducks' eggs is because the hen advertises her product.

"It Pays to Advertise" is absolutely clean and wholesome. The rich Americanism of its humor, the rapid-fire idioms contained in the dialogue and the many clever situations marked its New York production as the most successful comedy drama in years.

The laughs?

"It Pays to Advertise" runs over with laughs.

Before the curtain has been up two minutes the play reaches out after you and raps you genially on the back.

It keeps you jovial and interested during every minute of its three acts.

COLLEGE FACULTY AND ALL CLASSES ARE CAUGHT IN ANNUAL SOCIAL WHIRL OF HALLOWE'EN

FROM LOWLY PREP TO LOFTY PROFESSOR ALL YIELD TO WITCHES' SPELL AND JOY IS UNCONFINED ON YEAR'S BIG OPEN NIGHT.

PARTY SEASON OPENED BY GAY SENIOR AFFAIR

House In The Woods Opened On Friday Evening.

The phantom footsteps did fall on Friday eve. The Class of '22 then opened the "Spook Season" with true Hallowe'en gaiety at The House in The Woods. Ghosts and goblins lurked in all the dark places thereabout. While the under classmen brought in wood for the fire, the Seniors pulled many original stunts to the amusement of certain post-graduates who were present. Then came the eats—such glorious eats! All too soon came the hour of departure.

"Esmeralda" Coming Monday.

FACULTY FROLICS IN UNDIGNIFIED MANNER

Miss Hale Hostess At Gay Affair.

Do you recall how hard it used to be to wait for Christmas and the Fourth of July? Youngsters are always that way. The latest proof of this appears in the fact that the Faculty had to have their Hallowe'en party earlier than the more patient and conservative Preps and Freshman and Sophomores and Juniors. They simply couldn't wait till Monday night.

Accordingly the College Faculty had their Hallowe'en fun at the home of Mr. S. H. Dunn with Miss Laura Hale as hostess, on Satur-

(Continued on page four)

COLLEGE WOODS ARE INVADED BY SPOOKS

Juniors Have Gay Time At Dr. Stevenson's Home.

On the night of Monday, October 31st. about the usual time for ghosts and witches to convene, the College Woods began to resound with strange and weird noises. In the dim light of the goblins' torches could be seen the fantastical shapes and figures as they wended their way towards the annual celebration of the spooks.

As it was impossible for all the spooks on and about College Hill to gather in one place this class was chosen from all the rest to enjoy the night of revelry in the House

(Continued on page four)

ESMERALDA!

The lost is found! The dead have come to life! And there is great rejoicing. In other words the Maryville Players have aroused themselves to life and are to be here next Monday evening at 8:00 o'clock in the chapel. Oh no! This isn't a family reunion or anything like that, it is a great big sure 'nuff play called "Esmeralda."

Are you in love? Then you will be sympathetic when you see "pore little Esmeraldy" torn away from the simple, strong heart she loved and from the little "house of hearts settin' all alone". You will wonder if true hearts can be parted any longer than a little while at the most.

Presto. It's gay "Paree" with its artists, balls and— Esmeralda with her "high spirited" mother and her poor hen pecked father. But there is no loving Dave, instead a fortune seeking Marquis. Can you see any hope of clearing up a love tangle like this in four acts? But they are long, interesting acts with plenty of humor and pathos to keep them from boring the most fastidious student.

Come out Monday evening at 8 o'clock and for your quarter (or 50c) we promise you a nice time, a good cry or so and many, many regular side splitting laughs. Come out, don't forget! !

KNOX ENDEAVORERS INTERESTED IN M. C.

Encourage Work of New Department.

Only a short while ago Mrs. McMurray expressed her desire to have a new sewing department for Maryville College so as to enable numbers of girls to battle the financial problems of college days better.

It was necessary to have machines for the girls to work with and so the attempt was made to get them, with encouraging results Many friends of the College have helped and among these friends are the Christian Endeavorers of Knoxville.

Hearing attentively the news that one machine would enable four girls every year to stay in College, sixteen every four years, the Endeavorers said we will speak by sending two of the best machines on the market and you can look for others from us before the year is over.

An extensive drive is being made among the some ten or eighteen C. E. Societies for more machines for the new sewing department. Mr. F. A. Leake, president of the Knoxville C. E. Local Union, has expressed his desire that every Endeavorer show his approval of the good work done by Maryville College by encouraging and assisting as far as possible in the noble cause that has been brought to the attention of the Knoxville C. E. folks.

We of Maryville College appreciate this deep interest, and to the Knoxville Endeavorers we say, THANK YOU.

SEE ESMERALDA MONDAY NIGHT!

Patronize Those Who Advertise, They Make The Paper Possible.

Our Christian Associations deserve much praise for the very excellent handbook which will soon be in the hands of every student. The book is well arranged and the material is of the highest grade. They will, no doubt, receive that richly deserved praise, but we take this opportunity of referring to a bit of history. During the last days of the school term last year the business manager of the handbook worked tirelessly securing the advertising material which made possible the defraying of the expense of publishing the book. We might condense our statements into the simple eulogy which was spoken of Barnabas, "He was a good man". He isn't back this year but his efforts for the handbook should not be forgotten. We mean Ben Montgomery.

* * * *

More than once in a century someone says something about sincerity and the value of being what one really is. We have observed two classes of pretenders around here, and elsewhere. There are quite a few tinsel gods among the upperclassmen and no fewer would-be hard-boiled eggs among our newer friends of the lower classes. One can understand why the former is true, but it is more difficult to comprehend why a sane individual should swagger about the Hall and try to swear and be otherwise rough when he is, in reality, harmless. If our transparent toughs would be natural we are convinced that much disturbance would be eliminated.

* * * *

Excepting the requests for checks, how many times have you written home this year?

EXCHANGES

If a man knows and knows that he knows, he is a wise man, follow him.

If a man knows and knows not that he knows he is asleep. Wake him.

If a man knows not and knows that he knows not, he can be taught, teach him.

If a man knows not and knows not that he knows not, he is a fool, pass him by.

Richmond Collegian.

Dr. John R. Mott's twenty-five year's survey: "The World's Student Christian Federation; Origin, Achievements, Forecast", has been translated into German by Theophile Mann, and Mlle. Bidgrain is preparing a French edition.

MOUNTAIN HIKE MONDAY

All those who like mountain air and mountain romance, come out Monday night to see "Esmeralda."

No one will be admitted after play starts Monday night.

See Chad McClure, Gene Stanbery and Jimmy Brown starring in "Esmeralda."

NEW Y. W. ROOMS ARE SCENE OF PLAY

"The Friendly Road", An Allegory, Is Presented.

Sunday afternoon at 5:00 o'clock the new Y. W. C. A. rooms were the scene of another interesting and helpful program. Under the direction of J. Lynn McClung a little play, "The Friendly Road", was presented. A girl of "Our Land" and a girl of "Many Lands" begin the search for the Friendly Road alone, before long they meet and would be friends but are parted by "Differences". "Service" enters and aids them by showing them the way of the "Blue Triangle" calling to her assistances, "Health", "Study", "Worship" and "Play". "Differences" again separate the friends, but at last "Understanding" comes, and in her light the dark robe is thrown off and "Inspiration" stands before them. Frinedship is pledged and "Our Land" and "Many Lands" walk down "The Friendly Road" of Life together.

"FOUR SQUARE GIRL" DISCUSSED IN JR. Y.

Meeting Is Of Great Merit.

One morning as I was passing by the library, my attention was attracted by an unusual poster on which was drawn a girl. But this was not an ordinary girl, her face was square, her arms were square, in fact, there were no curved lines about her. Staring me in the face, were the words in bold square letters, "The Four-Square Girl". As I glanced down the poster the full significance of it dawned upon me. Sidna Sherad was going to lead the meeting at Junior Y. W. C. A. Sunday afternoon in Theta Hall. Right then I decided to go, and following this decision, I went to the appointed place where I found many other girls with the same purpose. Of course the meeting was very helpful. There were two things which impressed me so much that I could not restrain the desire to let the other girls know about them. First, at every Junior Y. W. C. A. meeting the program is always as helpful as you expect it to be. Second, there is always some surprise, in the line of readings or music, which make the meeting more entertaining. As I left Theta Hall, I was impressed with the fact, that other girls should know what they are missing.

Hence this article.

BAINONIAN PRESENTS FAIRY PROGRAM

Fairy Queen Presides Over Saturday Meeting.

Bainonian Hall was crowded last Saturday evening with girls who were waiting to see what the fairies would bring from Fairyland. The waiting seemed long, but finally four merry dancing fairies appeared bringing with them their fairy queen. After favoring us with an attractive fairy dance, Queen Sarah Witherington waved her wand and Fairy Mary Elizabeth Clements sang, "From the Land of the Sky Blue Waters". Then the queen waved her wand again and Fairy Annarine Atkins read "Seeing Hearts". Now the queen thouhgt it was time to present her play, so she waved her wand and Fairy Alice McAnulty and Fairy Geraldine Rouseau pulled the curtains and we saw no more of the fairies.

The play which they brought was, "The Fairy Godmother"—as the name suggests the workings of fairies were in it, although the only visible characters were ordinary men and women.

CANDY KITCHEN
FOR FRUITS

CAMPUSISMS

Misses Mabell Baker and Mere Humpston, former students of the College, were visitors of Miss Helen Rankin during last week.

Misses Annie Mae Holland and Madeline Husinga were guests of Ruth McCall the past week-end.

Miss Gladys Marshall has returned to the Hill after a siege of illness at home.

Mrs. Burnett's, Popular Play, "Esmeralda" is coming.

Misses Augusta Tippitt and Elizabeth Moore spent the last few days in Knoxville visiting relatives.

Miss Florence Oates came over from Knoxville last Monday to visit Agnes Lewis, and incidentally to go to the Junior class party.

At a reception at Mrs. Sam Dunn's Friday afternoon, Miss Goldie Nicely read two numbers.

Misses Virginia Nicely, Lina Hodges, Nelle Collins and Winona Johnson read at a school entertainment at Alnwick, Saturday night.

Mrs. Ellis, a teacher in the department of Expression, read two numbers at the church social Monday night, at the Baptist church.

The same evening, Miss Virginia Nicely, and Miss Hazel Bevan read at the Southern M. E. Church, and Miss Alberta Frow at the M. E. Church.

We are all glad to see Jimmie Hendrick's smiling countenance roving around College Hill once more. For several days, Jimmie has been suffering with tonsilitis, being confined to his bed. One day Jimmie was delirious so the story goes and the topics of his wild raving ranged from football to his "Best Girl"—yea verily, he even included a bit of Spanish and algebra. Jimmie Boy,—you should never talk in your sleep.

After an absence of several weeks, due to an injury to his ankle received in football scrimmage, Baxter Williams is able to be out and around—as he says—his first point of interest after being able to walk was old College Hill. We regret to learn that the condition of his ankle will not permit his going out for football the remainder of the season.

Ernest Kidder had as his guests at his home in Knoxville last week end Guy Myers and Ralph Jennings.

James J. Bevan, '23 was attracted to the Hill Monday by class matters.

F. A. Greene and Harry (Bumpus) Owen, pedants, were in evidence over the week-end.

BAINONIAN SATURDAY NIGHT.
Something Special.
Don't Miss It!
7 O'clock.

TIMID FRESH BREAKS INTO SOCIETY CIRCLES

New Providence Church Overflows With Joyous Youngsters.

On the Eve of All Hallows, the basement of the New Providence Presbyterian church presented an aspect quite different from its usual one. Leaves threw ghostly shadows on the windows as seen from the outside, but within they merely added a bit of autumn color to the Halowe'en orange and black seen everywhere. Big black bats fluttered in the air, and wicked black witches rode gaily over the room on their broomsticks.

At seven-thirty the Freshies began to make their irregular appearance. Often one boy and one girl strolled in together. Sometimes, the door opened to admit a group of just girls, at other times, just boys, and then there were some mixed groups.

Cards with tiny pencils dangling from them were distributed and soon everyone was besieged with cries of "Oh, I want your name." "Sign my card, please". "Here, boy put your John Henry right there", and the broad backs and steady hands of some very obliging persons served as temporary desks while each and everyone inscribed his name on card after card as they were presented to him.

The witches' den, where an old hag, the seventh daughter of a seventh daughter and born on All Hallows Eve, disclosed the secrets of the future, held a fascination for some. Others felt strangely drawn to a little table where a Miss in orange and black served punch.

When these and other attractions began to lose their power to attract, the Refreshment Committee revived Freshman interest by passing paper napkins. These were quickly followed by something more substantial, a delicious salad course. The second course was pumpkin pie a' la mode, the brown and white of the ice cream blending beautifully with the brown of that pumpkin pie.

The girls knew that back at Pearsons Miss Molly would be waiting for them and that her colleagues at Baldwin and Memorial would be equally watchful. Therefore, eleven o'clock found the basement of the New Providence Presbyterian church again looking quite deserted, and the minds of the good chaperones, Dr. and Mrs. McMurray, were at peace. The Freshmen of 1921-22, happy and satisfied were on their way home from their first college class party.

ALPHA SIGMA

The program of society for Saturday night is as follows:

Current Events - - - Babylon
Debate: Resolved: That Ireland should be given complete Independence from British Isles.
Affirmative, Huber; Negative, Baldwin.
Speech - - - - Jean McMurray
Jokes - - - - Cecil McLaughlin

The regular election of officers will be held at this meeting. Every one be present at this meeting. Welcome to one and all.

See Chad McClure as the mountain boy Monday night.

ELECTRIC LIGHT 42 YEARS AGO

Interesting Facts About Edison's Invention Anniversary Of Which Is Being Celebrated This Year.

(By E. W. Davidson)

Since man first walked the earth he has met the great needs of his daily life by trying first one thing and then another, persistently, ingeniously, untill he got what he had to have. By that means he obtained food that was good for him, and clothing and shelter that really protected, and light that has been handed down through the ages constantly increasing in brilliance and serviceability from the pine knot, the tallow-candle, the wick-in-oil and the gas burner to the incandescent electric lamp of today—the lamp whose invention 42 years ago, in October 1879, by Thomas A. Edison is being celebrated this year.

Research— this inquisitiveness which grew out of a man's constant striving after new and better things—embraces whole groups of professions peopled by men and women who are devoting their lives to scientific improvement of that which satisfies man's wants. And of all researches it would be hard to find one that has resulted in so much definite benefit to mankind as that in which Mr. Edison played so notable a part in the year 1879.

Long before 1879—in 1810—the arc lamp was devised. By 1878 it had become well established for outdoor illumination But it was too powerful for home or office lighting. The task before the electrical researchers of the time was to "subdivide" it into units small enough for indoor use. Several men had made incandescent lamps which radiated light from a carbon rod in a partial vacuum to prevent the carbon from burning up instantly. But none of these crude lamps would burn long enough to make them practical.

Then Mr. Edison centered his remarkable talent tirelessly upon the problem in 1878. For a year he experimented, making an occasional forward step.

He thought a carbon thread would make the best filament. But it had to operate in a more nearly perfect vacuum than any obtainable at the time. So he built a superior pump to secure such a vacuum. Then he struggled for weeks to find the right sort of material to carbonize into a filament, using bamboo, cotton thread, and finally cardboard paper.

Having made his fine filament, and secured a sufficiently high vacuum in which it might operate inside a glass bulb, the next difficulty was to get the filament sealed inside the bulb. The connection between the filament and the current wire outside the bulb had to be made of some material that would expand and contract at the same rate as glass in order that the glass would not crack. He produced an alloy of platinum and iridium which filled this need.

Then the first Edison lamp was made October 21, 1879. When it was attached for a trial, employees in the Edison laboratories at Menlo Park, N. J. wagered excitedly over the number of minutes it would burn before the fragile filament broke. It burned 45 hours. Mr. Edison knew he had succeeded.

Since then other epoch making improvements have been made in the incandescent lamp. Dr. W. D. Coolidge of the General Electric Co. in 1910 discovered how to make tungsten, that brittlest of all metals, ductile so it could be drawn out into filament of any size ranging down to a gauge six times finer than human hair and stronger than any known substance for lamp use. The tungsten lamp then replaced the far less efficient carbon lamp.

A few years ago Dr. Irving Langmuir discovered that if lamp bulbs were filled with argon, one of the most inert gases in our atmosphere, the tungsten filament would operate at even higher temperatures with even longer life. This resulted in the gas-filled lamp which, in various forms, is one of the highest products of electric lamp makers today.

Thus, one thing and then another has been tried by experimenters in lamps just as prehistoric man made his crude efforts in his own behalf. Constant research has given man a better and better lamp so that the most modern ones among the more than four hundred million which glow every 24 hours all around the world, are giving eight times as much light for a given input of current as Mr. Edison's original lamps and the cost of lighting in 1919 was but three percent of the cost in 1881.

CHICAGO NOW HAS "LITTLE MARYVILLE"

Alumni In Big Burg Convene With Miss Fanson.

Dinner for "Maryville in Chicago" was a rare treat on Sunday, October 30th., when ten Maryvillians were bountifully treated by Miss Fanson at her Sorority home on West Adams Street. Unfortunately several from "Chicago's Maryville" could not be with us. "Unfortunately" we repeat, because those missing this treat were heavily the losers in something that reminded us of certain familiar and endeared parlor and dining room scenes on and off of our old Campus. The lucky ones were: Mr. and Mrs. Rolfe M. Rankin, ("Gummy" and "Lula" of '16) and young Master Robert Rankin (not yet an alumnus of M. C.), Alfred D. Biggs '15, Mr. Moore '11, Ivan Hill ex-'24, F. G. Cooper, '18, J. Haskew ("Judge") Turner '18, Mr. Gibson ex-'20, Robert L. Belt ("Bob" '20), Geo. B. Callahan '20, who were guests of Miss Ethel Fanson, '13. After the sumptuous dinner an afternoon of delightful acquaintance-making and reminiscing passed all too fleetingly for these Maryvillians with Miss Fanson and friends who made our day one of so much joy. And as 5:00 p. m. once meant "Farewells" at Maryville by "Moonshiners" so that grim hour came and went by unheeded today until nearly its succeeding gong—when thoughts of the morrow stole unwelcomed but fatefully true into our minds. So "Alma Mater" was sung followed by "Howee How" and "Dear Old Maryville". Then the "Futures" composed of a Minister, a Lawyer, a Mathematician and family, some Doctors and a Dentist expressed their sincere gratitude and reluctantly bade "Good-day" to our amiable hostess and her friends. P. S. "G. Cooper" met a fellow Alabamy citizen in the colored cook from "Bummingham" who prepared our chicken dinner with real Southern biscuits. Again we say—a bountiful dinner—with emphasis on "G. Coop's" disposal of said biscuits.

EXCHANGES

When a book agent calls, the line of least resistance is the dotted line.

Some people talk much, think little, and do less.

An alarm clock that went off like corks popping would get most men out of bed.

The infant comes into the world burdened with original sin and his share of the war debt.

Since the foundation of the government we have expended in round numbers 67 billions of dollars, and of this, 58 billions were for war; that is, for the army, navy, their auxiliaries, on pensions and interest on the public debt. And yet we claim to be an enlightened, a civilized, a peaceful and a Christian people. —David F. Houston, Ex-Secretary of Treasury in World Work.

SEE "EMERALDA" MONDAY

SOPHISTICATED SOPH WRITES NEWS LETTER

Missive Bears Tidings of "Big Do'ins."

Maryville College,
November 1, 1921.

Dear Bill:

Speaking of gay times, I had 'em last night. I went to the Sophomore class Hallowe'en party at the Methodist church. It was Hallowe'en-y too, believe me! Everything was decorated with corn-stalks, pumpkins, crepe paper, 'n' everythin'. And the girls! Man alive! The prettiest girls in school were at that party. Some of them wore what they call "evening gowns", some of them wore costumes, and some of them wore peachy dresses that one girl told me was satin, georgette and taffeta. (What ever that is).

Well, I shook hands with ghosts, bobbed for apples, held a dead man's brain, ear and eye in my hand until I was all creepy. I had my fortune told, too. I'll tell you about it, someday.

We had punch, Kid! It was glorious and two good looking queens poured it out for me. Oh! Boy! But the eats! I won't punish you, but we had sandwiches, salad, ice cream, cake and bananas. I'll say it hit the right spot. Sweet Papa but you missed it!

If you come to M. C. next year, maybe we'll have as good a time at the Junior party. I doubt it.

Well, I didn't get in until 11:15 so I'm getting sleepy. So long and drop me a line, will you?

Jake.

AN INSIGHT INTO NEW YORK SOCIAL SERVICE

College Man Tells of Work In Bowery Y. M. C. A.

He was no prophet or preacher, and as he claimed, not even a speaker, but only a talker. That is sufficient.

But who was the talker and what was it he talked about? R. A. N. Wilson, Jr. better known as "Ran", gave out the words and they gave us a picture of the work which is being done in lower New York. Districts for the relief of the unemployed, bums, and "hard luckers".

"Ran" was one of four southern men who went to New York as Social Service Workers and beginning, as he said, at the ground floor he was sent through "The Mill of the Unemployed".

From a perch on a bench outside of the Bowery "Y" to the receiving desk, quizzing line, and physical examiner and employment agent, Wilson journeyed. Shower, shave and shine, ward bunking and a ticket meal of soup, bread and coffee, which was eaten at the time all kinds and classes of men ate, and then on to the job he really obtained as porter. After some explanation however, he was placed at the Receiving Desk as Secretary and there he worked for six weeks studying all kinds of men and administering to the best of his knowledge and authority to all who came his way.

To have heard the talk was to really see the work done there. A work of relief and encouragement; a work which appeals to the man who really wants to serve his fellowman who needs help. Have you heard that call to service, and do you know how much your service, though humble it may be, is needed? As we see into the heart of the situation of the social order let us lend a hand as best we can to better it for the sake of those aided if nothing else, and nothing else should be our aim.

See Esmeralda Monday Night!

FACULTY FROLICS IN UNDIGNIFIED MANNER

(Continued from page one)

day night. The Echo is a student publication but perhaps some of its readers will be interested in a brief account of this festive occasion. It was a witches carnival in which witches with real cauldrons and awesome voices, and sheeted ghosts with gliding movements and fateful countenances mingled and wove their spells in such a fashion as to make even the mathematical and psychological cross themselves for very fear.

The outwitting of the principal witch by so practical an intelligence as that possessed by a dean, the hilarity and familiar levity of staid doctors in the presence of the torn and shattered remains of poor John Brown, daring aeroplane flights by erstwhile demure and unadventurous professoresses, and the voracity and velocity with which frosted pumpkins were made to disappear,—all these were features of a most delightful evening.

The guests were sincerely unanimous in their appreciation of the gracious entertainment furnished by the hostess, Miss Hale, and the ladies of the faculty who assisted her, and of the kindly hospitality of Mr. and Mrs. Dunn whose beautiful home made so delightful a setting for the occasion.

COLLEGE WOODS ARE INVADED BY SPOOKS

(Continued from page one)

in the Woods. They were greeted by the grinning faces of jack o lanterns and ghosts. Then the real fun began.

The place of mystery was the scene of many pale faces and shouts of agony, as the deathly things contained there-in were observed.

As a special attraction the twin dancers from Hawaii were exhibited. Mr. Buffat won the prize for the best names for the twins by calling them Peat and Repeat. Innumerable games were kept going in rapid succession and then the call to the feast. And what a feast it was!

Banana nut salad, brown bread sandwiches, cheese straws, cottage cheese sandwiches, hot chocolate with plenty of delicious whipped cream and then that wonderful ice cream with light fluffy kisses. Every ghost present pronounced the whole festival as the biggest success ever witnessed.

The night was dark
The coast was clear
When out of the barn
Came Paul Revere.
He jumped in his Ford
And gave her the gas
The darn thing exploded
He lit on the grass.

BASKETBALL PRACTICE STARTS THIS WEEK

(Continued from page one)

men, there are a number of very good men who will make their debut on M. C.'s court this year. Among these are: Jimmie Hendrick, Tony Acton, Hill, Thrower, Dinwiddie, Parker and numerous others whose names are unknown. Also, there are the last year's substitutes to be reckoned with, namely; Wynecoop, Roy McCall and Ashely.

The chances that all sorts of dope will be upset concerning basketball on College Hill this year is very good. You never can tell just what is going to happen, and we believe the Coach has something up his sleeve. It is a recognized fact that since Coach Honaker is steering the old boat, the fellow who makes a record and who receives his basketball letter will be a mighty good basketball man; for it is always the best man who wins with the Coach. Furthermore, don't forget that Maryville College possesses the very best coach in this section of the country when it comes to basketball and every man who comes out for the "Five" will learn something he never knew before.

The schedule this year calls for no less than twenty-four games, however, since it is thus far only a tentative one, it is thought best not to print same until further developments have materialized. Be assured however that this schedule includes some of the best colleges and universities in the South and includes Kentucky State, Georgia Tech and other big schools.

Manager McGinley, (Slim) is devoting a great deal of time to developing this schedule and the way it looks on paper brings much praise to McGinley for his ability to get together a real schedule that will do credit to any school. Manager McGinley will have his schedule complete and ready to be printed within another two weeks, at which time it will be included in the columns of the Highland Echo.

She: "Darling, I have something to tell you. My left eye is glass."

He: "That's all right, so are the diamonds in your engagement ring."

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN — MARYVILLE, TENNESSEE NOVEMBER 10, 1921 — NUMBER EIGHT

BUSINESS MEN OF TOWN PRESENT BLANKETS TO TEAM

FRIENDS AND BOOSTERS OF ATHLETICS GIVE SPLENDID EVIDENCE OF LOYAL SUPPORT TO GRID WARRIORS.

Two weeks ago, there was a plan put on foot by the Business Men of Maryville who are interested in the fortunes of athletics on College Hill to outfit Coach Honaker's crew of gridiron warriors with the finest set of blankets procurable. This plan has actually materialized in the arrival of twenty beautiful richly colored, garnet blankets, all wool and of good thick, warm material. Those who have viewed these blankets declare them to be the finest ever seen. Of course these genuine good fellows who are responsible for the gift are doing this just for the sportsmanship of the thing and not for any personal renumeration—it's just a token of the good fellowship that it takes to make this old world go around and everybody on the Hill is speculating as to the means of showing our appreciation for this wonderful gift. About the best conclusion thus far reached is that announced by the venerable Cecil McLaughlin—namely; trounce Carson and Newman so badly that they will wonder just what sort of a bunch we Maryvillians are anyhow. Well—who knows, we might do this little thing just for the delight of Cecil and the many other people around Maryville and Old College Hill who are wanting to see this thing done. But coming back to the means of showing our appreciation of these blankets, be it known that we will have shown a great deal of said appreciation if we do as intimated above on Saturday when the hefty Highlanders journey to Jefferson City to battle with the "Fighting Parsons".

Below is the list of men who have fished down in their jeans in order to make these blankets for our football team a reality. You will notice that some of these kind donors are individuals and others are business firms, but regardless, every one of these gentlemen are in business of some sort in the City of Maryville and deserve our patronage in the future.

Ed F. Harper,
Jas. B. Hedge, Jr.,
Ellis-Proffitt Co.,
Claude C. Smith,
Badgett Store Co.,
R. H. Chandler Co.,
Dr. Earl Crawford, Dentist.
Hope Bros.,
Rosenfield & Steinberg,
Norton Hardware Company,
Waggoner Drug Company,
Spraker-Atkins Company,
Service Barber Shop,
Tipton-Dunn & Webb,
Acuff Furniture Company,
Mitchell Drug Company,
Ray Sullinger,
Wiggins Cash & Carry Co.,
Mary Blount Cafe,
Maryville Laundry.

These blankets are being decorated with 10-inch "M" in center of back and a 3-inch orange "M" on each corner, this work being done by Mrs. McMurray's Department, and are to be presented to the Football Team on Thursday morning during College Chapel Services, by the gentlemen who have given them, provided the blankets are completed in time. If this arrangement is not carried out, then the team will make their appearance in their new "Clothes" at the Carson-Newman game on Saturday, and the robes will be presented to the team next week. On the inside of each robe will be inscribed the name of each donor and the men who wear these robes should always keep the name of the donor of their robe constantly in mind and play the very best game that is in them for the sake of the man who made it possible for them to be enshrouded in such fine attire as these robes are.

It is a great thing, the biggest ever in the history of Maryville College football and we are for the men who have made this gift and we are going to show our appreciation in "Numerous" ways. Thank you and—"Call me up some time", yea verily, come around, the old Hill is still here and you are always welcome any time and anywhere.

FIGHTING PARSONS FURNISH NEXT FRAY

Various Speculations By Student Body As To How To Get To Jefferson City To View This Affair.

Why the heck "ain't" there no trains so's a guy could bum his way? And thus the old story goes on College Hill these few remaining days before the bloody fray at Jefferson City on Saturday with the "Fighting Parsons" of Carson and Newman College. Yea verily, many famous remarks made around the Hill during the past few days wouldn't do for print—but gee whiz—they surely do express a guy's sentiments when he really wants to see a thing as bad as he does this Highlander-Parson game on Saturday. Well anyway—we'll, there in numbers and old Carson and Newman will know it ere we have been there very long.

There are approximately a hundred cars going to Jefferson City from Maryville, besides the possibility of the College truck being driven up with a load of yelping, blood-thirsty lions. Also, there is rumored around that Mr. Hood of the Knoxville-Maryville line of the Southern is investigating as to the possibility of running a special train clear through from Maryville to Jefferson City. Of course, this depends upon the number of people who will attend the game. This matter is being worked up and if it is actually arranged, then the stock of student pep will begin to rise in market value—for the price of a ticket is lowered and no $2.50 for bus fare from here to Jefferson City and return. More will be known about this later in the week.

OHIO STATE HAS "DAD'S DAY"

Plans for Dad's Day, the first of its kind to be held at the Ohio State University, were announced for the week-end of the Ohio State-Purdue football game, November 12, by university heads.

Mother's Day has long been observed by Ohio State; so this year for the dad's will be the start of what is hoped to be an annual affair.

Dad's Days have been observed by various universities in the country where the affair has become established.

FULL PROGRAM FOR ARMISTICE FESTIVAL

Entire Day Full of Fitting Exercises.

Armistice Day will be fittingly celebrated on the campus and in town by a program lasting through out the entire day and ending with an American Legion Minstrel in the chapel in the evening. After the fashion of last year the students will attend chapel where a very enjoyable and impressive service will be held. The college orchestra will be present and the Department of Expression will entertain with some of its best readers. Dr. Stevenson will address the student body on the Disarmament Conference which will then be in session in Washington, after which the students will parade to town in formation to participate in the parade down Main Street. Immediately after the parade the American Legion Vaudeville will be presented under canvas on one of the side streets. At this vaudeville James Goddard, Grand Opera Star, will sing and Governor Alf Taylor will be present with his famous fiddle.

The feature of the afternoon will be the annual football game between the army and navy teams, composed of Maryville men and former college stars. The game will be played on the college grid and will be called at 2:30.

In the evening the American Legion will present a minstrel show of a very high order in Voorhees Chapel. The cast of the minstrel is drawn from Maryville business men and college students who are members of the Legion. Mr. Goddard will sing again and other local stars of the first magnitude will be in evidence. For those who are not inclined toward operas Governor Taylor and his famous hound, "Limber" will lead a fox hunt of the sort which made Tennessee and the South famous in the golden days "befoh de wah".

From such a variety of entertainment even the most discriminating of tastes should be satisfied and the day should be an epoch in the history of the town and college.

MEN'S DEBATE BEGINS TO ASSUME SHAPE

Strong Schedule Being Arranged For Season.

Arrangements have practically been completed for the 1921-1922 College Debate Schedule. The girls are to debate the Tusculum girls again in a dual debate. This is the third annual meeting of these rivals and the record up to the present is an even division of the honors. The men are also to meet Tusculum in a dual affair and Roanoke College in a dual debate. The latest schedule development is the possibility of a debate with Centre College. It has not been definitely settled that our men are the meet the Colonels but correspondence from Danville "holds out hope of a debate." In view of the national reputation enjoyed by the Kentucky College because of its marvelous football achievements, this debate should be a most interesting event.

The men's first preliminary is to be held on December 19 and 20. Thirty-nine men have entered the competition for selection in this preliminary. In view of the debate with Centre which seems to be almost sure, we shall have to have

(Continued on page four)

SEWANEE'S SCORE AGAINST CUMBERLAND BETTERED

HIGHLANDERS SWAMP OPPONENTS IN ONE-SIDED EXHIBITION— HILL AT HALF IS OUTSTANDING STAR FOR MARYVILLE AGGREGRATION.

In a slow and listless game of football, the Highlanders romped away with a 47 to 7 victory over Cumberland University on College Gridiron last Saturday afternoon. The game was full of fumbles, unnecessary debate, etc., which may make a football game anything but interesting and entertaining. However, after the first half, things began to hum and look more like a grid battle and before many minutes of the third quarter had progressed, the old Highlander battering ram had gotten its bearings and started down the field like a real football machine.

A very noticeable feature of the day was the one hundred per cent attendance of the members of the "Fighting Parsons" of Carson and Newman College, who were down to the City to look us over and see what they might "find" that would give them a line on the scrappy Highlanders. The only story they had to carry back with them is the fact that Coach Honaker has a team whose battering strength is unlimited and whose trick plays they knew nothing about, for it is true that nothing was uncorked in the game Saturday that would slow up the effectiveness of our fake formations which are being perfected for the Carson & Newman fray.

Another feature of the day was the entertainment afforded the spectators by the punting of Mr. Holmes, a former student of Lincoln College in Illinois, of which Dr. McMurray is an ex-President. Time and time again Mr. Holmes booted the oval for a distance of 70 yards or more and once he sent a perfect drop-kick floating through the hazy blue clear over the center of the uprights from the 45 yard line. His was declared the best punting ever seen on a Maryville College Grid.

The outstanding feature of the game was the brilliant work of Hill at halfback and McLane at end. The 60 yard run for a touchdown clear through the entire Cumberland team by Hill was declared the greatest bit of football ever seen on the College Grid. Also, Captain Ford, Sullivan, Sullinger, Thrower, McLaughlin, and the entire team played well. The blocking of three punts, one by Ford and two by Sullivan was a superior brand of offensive work, also the line work of Thrower and McLaughlin stood out prominently. Sullinger never failed to make his gain.

For Cumberland, the work of Quarterback Sizer was the feature, getting away for a 55 yard run and touchdown around the entire Highlander crew.

GAME BY QUARTER:

First Quarter

Captain Johnson won toss and elected to receive. Sullinger kicked off 40 yards and ball went outside. On the first play, Cumberland attempted a forward pass and Sneed intercepted and ran for touchdown but ball was brought back to Cumberland's 18 yard line where it was given to Maryville. Maryville fumbled and Cumberland recovered. Cumberland's ball on her own 18 yard line. Noland attempted end run with no gain. Wallace of Cumberland fumbled and Rice recovered for Maryville on Cumberland's 18 yard line. Sullinger gained 6 yards through line. Acton fumbled, but recovered and first down Maryville. Cumberland off side and received a penalty of five yards, placing ball on Cumberland's 18 yard line. Sullinger went through line for 4 yards. Sneed on next play went over for first touchdown of game. McMurray failed to kick goal. Score: Maryville 6; Cumberland 0.

Sullinger kicked off 40 yards, Cumberland returned 10 yards. Cumberland failed to gain, second down, 10 yards to go. Cumberland made 1 yard through line, third down and 14 yards to go. Cumberland punted 45 yards, McMurray failing to recover in time to make a return. It was Maryville's ball on her own 15 yard line. McMurray failed to gain, second down, 10 yards to go. Hendrick punted for 35 yards, Cumberland failing to return. First down, 10 yards to go. Cumberland attemtped a pass, but it was broken up by Sullinger, second down, 10 yards to go. Cumberland again resorted to pass, but broken up by Acton, third down, 10 yards to go. Cumberland punted for 45 yards, ball rolling outside and brought back and put in play on Maryville's 20 yard line. Acton gained 8 yards through line, second down, 2 yards to go. Sneed went through for 10 yards, and first down Maryville. Sullinger made 6 yards through line, second down, 4 yards to go. Acton went through for 6 yards, and first down Maryville. Sneed went through for 9 yards, second down, 1 yard to go. McMurray thrown for 1 yard loss. Third down, 2 yards to go. Acton went through for 6 yards, and first down Maryville. Pass, McMurray to Acton failed. Second down, 10 yards to go. McMurray failed to gain through line, third down, 10 yards to go. Sullinger made 4 yards through line, fourth down and 6 yards to go. A beautiful pass, McMurray to McLane netted Maryville 25 yards, and first down. The ball was on Cumberland's 12 yard line. Sneed fumbled and Cumberland recovered on her own 12 yard line. Cumberland, by fake, gains 5 yards through line. Second down, 5 yards to go. Cumberland offside and penalized 5 yards. Third down and 10 yards to go. Cumberland punted 35 yards, McMurray returned 10. Quarter ended with ball in Maryville's possession on Cumberland's 45 yard line.

Second Quarter

It was at beginning of this quarter that Cumberland staged her intercollegiate debate, but lost by one vote, namely, that of "The Referee". M. C.'s ball on Cumberland's 45 yard line. Sullinger made 3 yards through line, second down, 7 to go. Acton made half yard through line. Third down, 6½ yards to go. Maryville attempted to pass, but pass intercepted by Cumberland on her own 30 yard line. Cumberland gained 1 yard through line. Second down, 9 yards to go. Cumberland fumbled and recovered, losing two yards. Third down, 11 yards to go. Cumberland lost 3 yards by an attempted end run, fourth down, 14 yards to go. Cumberland punted, Sullivan blocking punt on Cumberland's 15 yard line, Cumberland recovering. Cumberland's ball on her own 15 yard line. Cumberland thrown for 3 yard loss, second down, 13 yards to go. Cumberland gained 5 yards around end by fake play, third down, 8 yards to go. A forward pass netted Cumberland 15 yards and first down. First down, 10 yards to go. Cumberland failed to gain, second

Patronize Those Who Advertise, They Make The Paper Possible.

Rarily does one find a spirit of co-operation and friendliness existing between a college and its town such as the spirit which exists between our college and our town of Maryville. During the long years of the history of the college there has been nothing to mar the record. The business men of the town have, time after time, come to the aid of the school when the future looked dark indeed, and in return the students have given their support to the town in every possible way. On April 12, 1916 Carnegie Hall was totally destroyed by fire. The loss was staggering to college authorities as a campaign had just been launched for a Forward Fund of Three Hundred Thousand Dollars. The former occupants of the Hall were shelterless and the college authorities were unable to provide for them. The town people generously opened their homes and received the students. Nor did their generosity stop there. A committee was appointed by the Chamber of Commerce and in one day $17,400 towards the erection of a new dormitory was raised. In 1919 while the President of the College was in the east laboring to procure the Centennial Forward Fund of $325,000, and when he was facing defeat because of physical weakness, the citizens of the town again nobly came to the rescue and raised The Samuel T. Wilson Victory Fund of $50,000. The average student little realizes the importance of this aid to the college and what it means to each individual. It is, virtually, a personal gift to each student.

The presentation of those beautiful blankets to our football team is another evidence of the splendid loyalty and support of the town friends of the College. Every student should appreciate this latest gift and should resolve to express his appreciation to the town by becoming a worthy representative of the school which calls forth such loyalty and a better citizen of the town has so nobly aided Alma Mater in the time of her greatest need.

The Weakly Whisper: "What's thed difference between a sewing machine and a kiss?"

"One sews seams good, and the other seems so good."

—University News.

CAMPUSISMS

Janet Ensign and Julia Anderson had as their guests over the week-end the Misses Parrott and Gouffon of Knoxville, who are former students here and who now run the "Pollyanna Tea Garden" in Knoxville.

Misses Katherine Graf and Stella Sehorn, of last year, are visitors on the Hill at present.

Miss Sallie Huffaker spent the last few days at Sevierville, Tenn.

Miss Louise Sheddan has had as her guest, her aunt from Florida.

BLUE RIDGE MEN TALK TO Y. M. C. A.

Inspirational Messages Are Brought By Delegates.

We were able Sunday afternoon to look at some of the things that transpired at Blue Ridge during the past summer through the eyes of those men who thought it worth their time to attend. Although those who have attended Blue Ridge conferences in the past realize how impossible it is to cover the main features of the work in any one afternoon, yet the four reports made brought out just such qualities of the conference period that those who listened also caught some of the vision and inspiration that inevitably comes from a ten day visit in "The Land of The Sky"

Blue Ridge is the place where the permeating spirit is that of Christian brotherhood and broad minded service. Here the spirit of Christian fellowship is cultivated, characters are shaped and lives are lived for awhile in the spirit of Christ. The three spirits, then as Roy Buffat told us, are the spirit of Fellowship, Character and the spirit of Christ.

Charles Sharp gave an epitome of the two addresses of Sherwood Eddy which dealt with applying the Golden Rule to Industry. A New Era is upon us which is demanding a change from our old methods in Industry to principles following out more closely the principles of Jesus Christ.

In addition to the addresses which gave us in outline some of the problems in our Industrial Life classes were held, conducted by men competent to speak on such matters. A class conducted by Dr. Mitchell of Richmond College was attended by several of the men from Maryville and several of the principles discussed were brought out in Sunday's meeting by Emery Fritz.

One of the most decided benefits which men receive who attend these conferences is the opportunity afforded for self-analysis and examination. To be able to think awhile in a different atmosphere and to take inventory of moral and spiritual stock is a privilege which we should all appreciate, who have attended Blue Ridge. It is this assistance to young men in their attempts to find themselves that was brought out in the report of John Hall in telling what Blue Ridge has to offer men.

Blue Ridge is one of several places given over today to the linking the thought of college men to the problems of the day while they are yet in school and better still, affording a right perspective gained by looking at the world through the eyes of Christ. Maryville needs more men at these summer conferences. Make arrangements to go next year.

Advice to would be Male vamps. First select a girl (a pretty one) and bet a dollar you can kiss her without touching her. This sounds impossible and will appeal to her sporting blood. Next kiss her and pay the dollar like a good sport.

SEEK PARTICIPANTS FOR GIRLS' DEBATE

Preliminaries To Be Staged In Near Future.

Tusculum's co-ed debaters are shrieking for blood. Last week, nearly thirty of M. C.'s most pugnacious, witty, alma-matriotic co-eds happified the coach and others interested in girls' forensics by signifying their willingness to use all their powers towards defeating Tusculum fore and aft.

This does not mark your last opportunity to show us who and what you are, ye timid Freshmen. Is there any certainity of your making a team? There is a possibility of any one of you being a flesh and blood representative on one of the teams.

There is a certainity that all of you can make the teams. How? How? Get in on the practice debates that come before Christmas, sign up for the preliminaries, stick it out, and whomever the teams may be composed of, they will owe their strength to the persistent partakers in the preliminaries. You can make the team.

For information regarding the preliminaries, see Ruth McCall, Janet Ensign, Reva Rankin or Ethel DeHaven. Sign up for the preliminaries with Ruth McCall or Professor Hunter.

BIBLE SPELLING MATCH IN SR. Y. W. C. A

Misses Kiskadden And Waddel Lead Meeting.

Senior Y. W. C. A., held Sunday afternoon in Baldwin parlors, proved to be a novel and interesting meeting under the leadership of Miss Dennis Blevins. After the preliminary exercises, sides were chosen by Sara Kiskadden and Lucy Waddel and an old-fashioned spelling match was begun. It was new however in that all words were taken from the Bible. As the words came around each girl spelled and gave some fact concerning her word. Some learned new facts, others reviewed old knowledge, but all found it necessary to think quickly and accurately concerning these Biblical names and terms with which we are supposed to be familiar. The meeting was enjoyed by all and a spirit of fellowship prevailed due to the informality of the meeting. Special music was furnished by Miss Zeila Stoval which was much appreciated.

JR. Y. W. C. A. HEARS MRS. MINTON SUNDAY

Interesting Address on Mexican Missions.

Jesus said: "Thou shalt love thy neighbor as thyself". Mexico, is a neighbor which we are likely to misunderstand. There has been a tendency toward a hostile feeling between the two neighbors. The only way to appreciate Mexico is to learn of the existing conditions there. In compliance with this idea, Mrs. Minton spoke to the Junior Y.W.C.A., Sunday. The interesting things which she told were made more real by the many pictures which she showed. Many were interested enough to stay after the meeting in order to hear more about the work carried on there.

The University of Oregon plays the University of Hawaii at Honolulu in January. College yells will be accompanied in all probability by hulu dancing and the strumming of the ukeleles.

MINISTERIAL ASSOCIATION

The Ministerial Association, at its meeting Tuesday night, heard a very interesting and valuable talk by Dr. J. R. Johnson, pastor of the Baptist church. Dr. Johnson's subject was ::Personal Work."

The speaker pointed out that there are four conditions which one must meet before he can be a really good personal worker. These are: Personal knowledge of sin and the saving power of Christ from sin, Courage unhampered by sin, a self-surrendered life, and a real compassion for lost souls. Some of the things which we, as Ministerial students at Maryville, can do are to keep our self respect, win the respect of our fellow students as a prerequisite to leading them into Christ's Kingdom, and make a united effort toward making Maryville a church-going, Christ-loving town. The last may be promoted by visiting the uninterested, the aged, and the inmates of the jail, and by taking advantage of every opportunity to advance the cause of Christ, whether on the streets, on the campus or at a game for pleasure.

MOUSE TRAPPED IN THETA SATURAY NIGHT

The old saying that women are more fearless than men in the face of great danger, but absolutely lose all their nerve when an innocent little mouse appears in their midst, was proven in Theta Saturday night, when William Dean Howell's comedy, "The Mouse Trap" was presented by the Theta players.

Many new names were presented for membership.

Remember girls!
I'm a Theta born,
I'm a Theta bred,
And when I die I'll be a Theta dead!
So it's rah! rah! for Theta! Theta!
Rah! rah! for Theta—Theta!
Rah! rah! for The-ta!
Rah! rah! rah!

A man named Du Bose met a girl
Who lisped thro' her teeth of pure pearl.
"I'll hug you or kiss you", he swore
She cried with surprise, "Oh, Mr. Du Both."

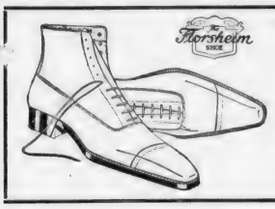
MAUD MULLER AT BAINONIAN



The last Bainonian program was one of unusual interest. Those dear old songs, "Loves Old Sweet Song", and "Sweet and Low" were sung by a chorus of eight girls. Then as "Maud Muller" was read the characters appeared on the stage and put into action the words of the poem. Then the chorus concluded the program by singing "Bainonian".

Next Saturday evening a patriotic program will be given. Every girl that comes will feel again those thrills of patriotism that she felt on the first Armistice Day.

Sewanee's Score Against Cumberland Bettered

(Continued from page one)

down, 10 yards to go. Cumberland fumbled, but recovered behind line of scrimmage. Third down, 10 yards to go. Cumberland attempted long pass, being broken up by Acton, fourth down, 10 yards to go. Cumberland punted 45 yards to McMurray who returned 10 yards. Maryville's ball on her own 45 yard line. Acton failed to gain through line. Second down, 10 yards to go. Sneed thrown for 1 yard loss, third down, 11 yards to go. An attempted pass, Sullinger to McLane failed, fourth down, 11 yards to go. Hendrick punted 32 yards, ball going outside on Cumberland's 35 yard line. First down, 10 yards to go. Sweeping end run netted Cumberland 5 yards. Second down, 5 yards to go. An attempted Cumberland pass broken up by Acton, third down, 5 yards to go. Cumberland attempted another pass, but broken up by McLaughlin. Fourth down, 5 to go. Cumberland punted, but blocked by Ford and caught by Hendrick. Maryville's ball on Cumberland's 43 yard line. Sneed failed to gain, second down, 10 yards to go. King substituted for McMurray. Acton gained 12 yards through line and first down Maryville. First down, 10 yards to go. Sneed failed to gain, second down, 10 yards to go. Hendrick punted 30 yards, Cumberland failing to return. Cumberland gained 15 yards, around left end, and first down. First down, 10 yards to go. Jimmie Hendrick substituted for John Hendrick. Cumberland gained 1 yard through line. Second down, 9 yards to go. Cumberland failed to gain, third down, 9 yards to go. Ford goes through line of scrimmage and throws Cumberland for a 5 yard loss. Fourth down, 14 yards to go. Cumberland punted, but offside and ball brought back and Cumberland penalized 5 yards. Cumberland punted 45 yards, King returned 3 yards. Maryville's ball on her own 45 yard line. Sullinger gained 2 yards through line, second down, 8 yards to go. Sneed gained 8 yards through line and first down Maryville. Sullinger went through for 3 yards. Acton gained 15 yards, but Maryville penalized 15 yards for holding. Third down, 7 to go. Parker substituted for Sneed. Parker punted 30 yards to Cumberland, King getting down under punt and recovering for Maryville. Acton gained 8 yards through line, second down, 2 to go. Sullinger made 4 yards and first down Maryville. First down, 10 to go. Bob King, by quarterback fake goes through for touchdown. Parker kicked goal. Score: Maryville 13; Cumberland 0.

Sullinger kicked off 30 yards, to Cumberland, Cumberland returning 3 yards. Cumberland's ball on her own 28 yard line. Cumberland failed to gain. Half ended with ball in Cumberland's possession on her own 28 yard line.

Third Quarter

Hill substituted for Acton. Cumberland kicked off to Maryville's 10 yard line, ball rolling outside. Ball taken back and kicked off again, ball landing on Maryville's 5 yard line and Sullinger returning 20 yards before being downed. First down, 10 yards to go. Hill went through for 10 yards and first down Maryville. Sullinger went through 6 yards. Second down, 4 yards to go. Parker went through for 4 yards, and first down Maryville. Hill went through for 4 yards, second down, 6 to go. Sullinger went through for 6 yards, and first down Maryville. Sullinger went through for 4 yards, second down, 6 to go. King failed to gain, third down, 6 to go. Hill went through for 2 yards. Fourth down, 2 to go. An attempted pass, Sullinger to McLane broken up, Parker punted 30 yards behind Cumberland goal line. Ball brought back to Cumberland's 20 yard line. Cumberland failed to gain. Second down, 10 yards to go. An attempted Cumberland pass broken up by McLaughlin. Third down, 10 yards to go. A completed forward pass netted Cumberland 20 yards, and first down. Cumberland thrown for 8 yard loss, second down, 18 yards to go. Another pass broken up. An attempted pass broken up by Sullinger. Fourth down, 18 yards to go. Sullivan blocked punt on Cumberland's 18 yard line. It was Maryville's ball on Cumberland's 15 yard line. Cumberland offside and penalized 5 yards. Parker thrown for 1 yard loss, second down, 11 yards to go. Hill made 4 yards through line, third down, 7 yards to go. Bob King, by quarterback sneak snatched another 8 yards, placing ball on Cumberland's 1 yard line and first down Maryville. Hill went over for touchdown. Parker failed to kick goal. Maryville 19; Cumberland 0.

Sullinger kicked off 40 yards to Cumberland, who returned 20 yards. Cumberland gained 1 yard through line, second down, 9 to go. Sullinger broke up an attempted forward pass. Third down, 9 to go. Cumberland gained 1 yard by pass. Fourth down, 8 yards to go. Cumberland punted 35 yards to King who returned 10 yards. Parker gained 15 yards by nice end run and first down Maryville. Hill took possession of ball standing on his own 40 yard line and ran through entire Cumberland team for 60 yards and touchdown. Hill kicked his own goal. Score: Maryville 26; Cumberland 0.

Sullinger kicked off to Cumberland's 20 yard line and Cumberland failed to return. Hill intercepted a Cumberland pass and went 4 yards.

CANDY KITCHEN
FOR COLD DRINKS

Why Is Iron Magnetic?

A horse-shoe magnet attracts a steel needle. But why? We don't know exactly. We do know that electricity and magnetism are related.

In dynamos and motors we apply electro-magnetic effects. All our power-stations, lighting systems, electric traction and motor drives, even the ignition systems of our automobiles, depend upon these magnetic effects which we use and do not understand.

Perhaps if we understood them we could utilize them much more efficiently. Perhaps we could discover combinations of metals more magnetic than iron.

The Research Laboratories of the General Electric Company investigate magnetism by trying to find out more about electrons and their arrangement in atoms.

X-rays have shown that each iron atom consists of electrons grouped around a central nucleus—like planets around an infinitesimal sun. X-rays enable us to some extent to see into the atom and may at last reveal to us what makes for magnetism.

This is research in pure science, and nothing else. Only thus can real progress be made.

Studies of this kind are constantly resulting in minor improvements. But some day a discovery may be made which will enable a metallurgist to work out the formula for a magnetic alloy which has not yet been cast, but which will surely have the properties required. Such a result would be an achievement with tremendous possibilities. It would improve all electric generators, motors, and magnetic devices.

In the meantime the continual improvement in electrical machinery proceeds, in lesser steps. These summed up, constitute the phenomenal progress experienced in the electrical art during the past twenty-five years.

FRIDAY, NOV. 11.

Harry Carey in "Freeze Out". Also "His Youthful Fancy", a Sennett comedy.

TUESDAY, NOV. 15.

"Love's Battle" with Joe Moore. Also "Nobody's Wife", a Christie comedy.

Columbia University students are going "on location" and will film a reel or two of "snow-stuff" this winter as part of a new course in the movies, the first of the kind given in the United States.

Sewanee's Score Against Cumberland Bettered

(Continued from page three)

First down. An attempted pass, Sullinger to Hendrick failed. Third down, 10 yards to go. A beautiful pass Sullinger to McLane for 30 yards, netted Maryville another touchdown. Hill kicked goal. Score: Maryville 33; Cumberland 0.

Sullinger kicked off to Cumberland on their 10 yard line, Cumberland returning 10 yards. Quarter ended with ball in Cumberland's possession on their own 20 yard line.

Fourth Quarter

John Hendrick substitued for Jimmie Hendrick; McMurray for King. Cumberland's ball on her own 20 yard line. Cumberland failed to gain. Second down, 10 yards to go. Cumberland thrown for 8 yard loss. Third down, 18 yards to go. Cumberland punted 30 yards, ball rolling outside. Maryville's ball on her own 40 yard line. Cumberland offside, penalized 5yards. Hill goes 15 yards through line with four men on top of him and first down Maryville. Sullinger went through for 4 yards, second down, 6 yards to go. Parker went through for 4 yards, third down, 2 yards to go. Hill went through for 10 yards, and first down Maryville. McMurray fumbled but recovered. Second down, 10 yards to go. Parker went through line for 8 yards. Third down, 2 yards to go. Cumberland off side and penalized 5 yards. Sullinger went through for 8 yards and first down Maryville. Hill went through for 10 yards, and touchdown. Hill kicked goal. Score: Maryville 40; Cumberland 0.

Sulilnger kicked off to Cumberland on their 25 yard line, Cumberland returning 5 yards. Cumberland failed to gain, second down, 10 yards to go. Gamble substituted for Sullinger; McCall for McLane, Yeuell for Rice, Bowles for Sullivan. An attempted Cumberland pass went outside. Third down, 10 yards to go. Cumberland completed pass for 30 yards, and first down Cumberland. Cumberland failed to gain, second down, 10 yards to go. Cumberland thrown for 2 yard loss, third down, 12 yards to go. Hill intercepted Cumberland pass on Maryville's goal line and returned to 2 yard line. Maryville's ball on her own 2 yard line. Parker punted 50 yards to Sizer of Cumberland who ran around the entire Maryville defense for 52 yards, and touchdown. Johnson kicked goal. Score: Maryville 40; Cumberland 7.

Cumberland kicked off 40 yards to Gamble who returned 30. Gamble went through for 4 yards. Second down, 6 yards to go. Parker failed to gain. Third down, 6 yards to go. Parker punted 45 yards to Cumberland's 20 yard line. Cumberland failed to gain through line. Second down, 10 yards to go. Cumberland fumbled and ball rolled to their 5 yard line. Maryville recovering. Hill then took ball over for another touchdown, but Maryville was offside and ball was brought back. Gamble failed to gain. Second down, 10 yards to go. Hill made 4 yards through line. A fake cross buck, combination of McMurray and Parker netted Maryville their final touchdown, Parker going over for the marker. Hill kicked goal. Score: Maryville 47; Cumberland 7.

The whistle blew as ball was being placed in position for the kick off, ending game.

Final Score: Maryville 47; Cumberland 7.

MEN'S DEBATE BEGINS TO ASSUME SHAPE

(Continued from page one)

more debaters than was at first contemplated. There will be need for fifteen men at the least and most probably for eighteen. In addition to these there will be a need for five or six alternates.

The Tennessee Forensic League Oratorical Contest is scheduled for April 7 at Lincoln Memorial University. Plans are under consideration for a more pretentious local preliminary for that contest this year. Remgember our orator was placed second last year and ranked a high first with one of the judges. Maryville has an enviable record in intercollegiate debate. Let's do all that is possible to increase her prestige in intercollegiate oratory.

SOPHS USE AIRPLANE TO CHALLENGE FRESHIES

Challenges to the Oberlin College freshman class for the annual interclass scrap, Sept. 26, were dropped on the campus today by sophomores flying an airplane bearing the class colors of blue and white.

Forbidden by town and college authorities to follow the tradition of plastering the village buildings with sensational posters, the sophomore class decided to use air route.

Armistice Day Anniversary Event

What did the end of the war mean to you? To that, most people answer, "A very great deal". To everyone except those profiting unfairly and illegitimately, the war ended timely. It marked the beginning of the end of sacrifices in some instances very great. To you in general, patrons, the end of the war was welcome. And to us, too, it meant a great deal. In view of the fact that unstable conditions are more stable by far than they would be had the war continued, in view of the fact that merchandise scarce though it is, is available in greater quantities than it would be had the end been delayed, we shall celebrate with cut prices on just such merchandise. We are not expecting, and you know we could not, to give things away, but you will note fairly that prices are such that values are unusual. And we believe you will appreciate them. The reductions are in effect on Friday, November 11th.

VOLUME SEVEN | MARYVILLE, TENNESSEE NOVEMBER 17, 1921 | NUMBER NINE

CHAMPIONSHIP FRAY STAGED HERE FRIDAY

Highlanders Meet One of Strongest Opponents of Season.

Coach Fullerton and his twenty "Wasps" from Emory & Henry University of Virginia will arrive in Maryville Friday morning and will furnish the opposition for Coach Honaker and his Highlanders on the College Grid Friday afternoon. This bids fair to be a real classic and to result in one of the best games of the season in East Tennessee. The odds favor the Highlanders to a slight degree, but you never can tell about a football game. Emory and Henry has thus far emerged with three defeats and two victories. They lost to Tennessee by count of 27 to 0; lost to Trinity of North Carolina 7 to 0; lost to Roanoke College 21 to 7. They won from Carson & Newman 9 to 7; won from Lynchburg College of Virginia 21 to 6. In all but the Tennessee and Lynchburg game, Emory and Henry has been without the services of four regulars, on account of injuries. Since the past week was an open date on the schedule, Coach Fullerton should bring his entire team to Maryville in great shape and primed to the last notch to give the Highlanders the best game this season. It is rumored that Emory & Henry has a backfield that will give any team trouble, their fake formations being perfected to the last word. It was their fake plays that gave Tennessee so much trouble in the first two quarters of their game at first of season.

Coach Honaker realizes that a victory over Emory and Henry will mean much to the success of the Highlander schedule and also, this game decides the championship of the Appalachian Athletic Conference. Thus, he is drilling his men to the limit for this game Friday.

We will welcome Coach Fullerton and his "Wasps" to College Hill and it is hoped that their impression of Old Maryville will be such that they will want to return again.

Everybody out to this game and show the Coach and the team that we are behind them every inch of the way.

PLANS FORMULATED FOR TOURNAMENT

Neighboring High Schools Will Contend For Honors.

The plans of the Athletic and Recreational Committee of the Y. M. C. A. will be conducted along the same lines as of last year in one feature at least, that is in regard to the East Tennessee High School Basketball Tournament. The Tournament of this school year will be the third Annual Tournament of East Tennessee, and will probably be held in the latter part of February. The members of the tournament will probably be the same as those of last year with probably the addition of a few better teams and the dismissal of some of the weaker teams. Knoxville High School has been the winner of the tournament in both of the preceding years so it is about time for the championship to be placed over the head of some other strong team of East Tennessee.

The members who will receive an invitation this year will probably be, one school from Chattanooga, T. M. I., Knoxville High School, LaFallette, Bristol, and probably Central of Knoxville. Trophies will be given as usual and will be worth the fight of any of these teams.

MID-WINTER SEASON LOOMS NEAR AT HAND

Preparations Under Way For Four Great Productions.

As the grand opera season approaches the mid-winter committees of the Literary Societies are bestirring themselves on sundry preparations. Representatives have selected plays for their respective societies and casts have been chosen, casts containing not a few Booths, Marlowes, Bernhardts and Siddons, so rumor has it.

Indications are that this year's productions will equal those of last year, if indeed, they do not surpass them. Yet, it would be grossly unjust to imply that the plays presented at that time were not of the highest degree of excellence. The classic allegory, "Everywoman" was offered by Bainonian and was acclaimed one of the most successful productions ever staged in the college chapel. The Athenians presented "The Fortune Hunters", a comedy-drama which in no detail fell below the high standard set by the preceeding play. Theta Epsilon added to the glory of a brilliant season by the presentation of "The House of Rimmon", a dramatization of the familiar Bible story. "Strong Heart", a virile American play was offered by Alpha Sigma and gained for that society her just share of praise.

NEW AND BEAUTIFUL QUARTERS FOR Y. W.

Rooms In Thaw Hall Are Furnished And Ready For Exclusive Use of Girls.

It seems to us no small wonder that the Y.W.C.A. didn't die out of the lives and hearts of M. C. girls. The reasons for such a disappearance would have been evident, no rooms to meet in, no place to meet for a good time and most of all NOTHING attractive to bring out the girls, except the great truth and love for the work.

But time has wrought changes—In the new Thaw Hall, two of the best rooms are for the Y. W. C. A. These rooms are beautifully equipped because the Y.W. has furnished them with the best to be had, and, morover, all girls have access to these rooms at all times.

The Y.W. library has been moved to the new rooms and the best of novels and monthly magazines are to be found there.

Remember, girls visit these rooms and if you come once you'll come always. The rooms, with all their beauty, are yours to make or to mar.

SENIORS STAGE ARMISTICE PARTY IN GYM

The Senior Class is so patriotic that it could not wait until November 11th, but started its celebration of the Armistice on the eve of November 10th. Bartlett Hall decked with red, white and blue garlands and flags was the scene of this celebration. Notable among the many important events that took place was a speech given by Tom Vance assisted by Professor Hunter. The whole evening was a grand success. Even the young ladies from the underclasses declared it so.

A committee of college presidents and professors is to be one of the major groups to assist in the work of the Woodrow Wilson Foundation, according to an announcement made by Mr. Holt, executive director of the foundation. The purpose of the foundation is to perpetuate the ideals of Mr. Wilson.

—Richmond Collegian.

CONFERENCE ON DISARMAMENT IS ISSUE

Students Meet In Chapel To Discuss Subject.

On Thursday evening, November 10, the student body met for the purpose of discussing the Disarmament Conference called by President Harding to convene in Washington on Armistice Day. The subject was divided into five phases. Charles Sharp presented the causes leading up to the Conference. R. A. N. Wilson spoke on the personnel. Geraldine Odell and Forrest Brown presented the issues which will come before the conference. Verton Queener discussed some of the possible results. After the final speech Nannette Walker proposed the following resolutions:

Resolutions

Whereas, The loyal citizens of this Nation and of the World, and the Christian Forces of America, feel the deep significance of the Conference on the Limitation of Armaments, and

Whereas, The said Conference can do much towards bringing to pass, for all time, a Warless World, be it therefore highly resolved:

First, That we, in a broad minded and altruistic psirit, express our appreciation and thanks to our Honorable President, Warren G. Harding, for having called into Conference of no mean worth so noteworthy an assemblage of dignitaries and officials of the leading Nations of the world, and

Second, That in co-operation with the combined forces of Christendom we humbly request the Officials and Personnel of the Conference to invoke the blessings of Almighty God on their endeavors, and may we not further request that all things done be for the furtherance of the Kingdom of Christ in the world and in the hearts of men.

Respectfully submitted by the Students of Maryville College.

(Signed)

Committeemen and Student Representatives.

After the resolutions were adopted Roy Buffatt led a devotional service.

Recently, the Committee received letters from Senators Root and Lodge expressing their acknowledgement and thanks, also their earnest desire to help make the Conference a success.

Ladies and Gentlemen!

Under the mast head on page two of this paper you will find a statement to the effect that thirty issues are guaranteed. There will be thirty, but two of them will be fused into one grand combination, the Football Edition. In order to make this special edition possible next week's issue will be omitted. On December the first, or thereabout, will appear an eight page issue devoted to a resume of the glorious football season which is drawing toward its close. We believe that the readers of the Echo would sanction such action if opportunity to do so were presented to them and we trust that the special edition will meet with the approval of all of our readers.

Thank You!

A census of 600 students at Radcliffe College shows that the women prefer the sports page to the Women's Page. 94 percent claimed to read the papers, but only 4 per cent claimed any interest in the Women's Page. *—Exchange*

CARSON-NEWMAN TASTES DEFEAT ON OWN HOME GRID

"FIGHTING PARSONS" GO DOWN TO DEFEAT AT HANDS OF SMOOTH-RUNNING HIGHLANDER ELEVEN. SCORE 5 TO 0.

Displaying a jam-up defense that was immovable from start to finish, and a flashy, hard hitting backfield, Coach Honaker's crew of hefty Highlanders triumphed over Carson and Newman College at Jefferson City last Saturday by a count of 5 to 0. It was a good game from start to finish and nothing which transpired in the actual play prevented the struggle from being a real classic.

Highlanders Failed to Buck Oval Across Goal Line.

Three times the Highlanders were in easy scoring distance but the unexpected happened and they were turned back. Once the ball was on Carson-Newman's 14 yard line and a fumble lost the ball to Carson-Newman. Again on the Carson-Newman line and Hill resorted to the trusty toe that counted a field goal. The best chance of all was on the 2 yard line where Maryville had advanced the ball 40 yards on end runs and line smashes. It was third down and two yards to go and McMurray was thrown for a yard loss and the ball went to Carson-Newman on downs.

Carson-Newman threatened only once when they advanced the ball to Maryville's 20 yard line. An attempted forward pass which was broken up by Sullinger on Maryville's 5 yard line as the oval was falling into the waiting arms of a Person was the nearest C-N could come to the Orange and Garnet goal line.

Maryville attempted five forward passes, none being succesful. C.-N. attempted seven passes, only one being successful, netting C.-N. 10 yards but not first down on account of a penalty. Maryville's backfield accounted for itself by intercepting two of their opponents passes for a total gain of 25 yards to their opponents none. Carson-Newman failed to intercept any passes. The punting of Hendrick was a feature, booting the oval ten times for an average of a little more than 41 yards. His opponents average was 34 yards for 8 punts. Maryville fumbled twice, recovering once; Carson-Newman fumbled three times, recovering once. Maryville gained 240 yards from line of scrimmage as against 75 yards for their opponents, clearly out-rushing them at all stages of the game. Maryville clashed up more than twice as many first downs as their opponents. 14-6.

GAME BY QUARTERS

FIRST QUARTER

Captain Russell of C.-N. won the toss and elected to kick off. Jellicorse kicked off 35 yards to Sullinger who returned to Maryville's 22 yard line. Two line smashes yielded only 5 yards and Hendrick punted 40 yards to C.-N.'s 45 yard line. Carson-Newman, by line bucks, brought the ball to Maryville's 44 yard line. Carson-Newman fumbled on Maryville's 43 yard line and Acton recovered. Failing to gain through line. Hendrick punted for 37 yards to Carson-Newman 20 yard line. Lillard punted, and kick was blocked by Rice, fallen upon by McLane on C.-N. 32 yard line. Hill went through line for 7 yards, then around end for 10 yards and first down on C.-N. 20 yard line. McMurray gained 2 yards by sneak play. Acton, on a skin tackle play gained 9 yards and a first down Maryville on C.-N. 9 yard line. Maryville off-side and penalized 5 yards. Maryville fumbled and C.-N. recovered on her own 14 yard line. Pass, Burnett to Southern failed, ball going behind goal line and recovered by Carson-Newman, netting Maryville a safety and 2 points.

Score: Maryville 2; Carson-Newman 0.

Ball was put in play on C.-N. 30 yard line. Lillard gained 9 yards through Maryville line. On next play, Captain Ford went through line and threw Southern for a 2 yard loss. Maryville off side and penalized 5 yards. It was fourth down, 6 yards to go and ball on Carson-Newman 44 yard line and Lillard punted, McMurray returning ball to Maryville's own 15 yard line. Hendrick punted for 33 yards to Holt who was downed by McLane with no gain. Carson-Newman gained two yards through line. Quarter ended with ball in Carson-Newman's possession on Maryville's 46 yard line.

Score: Maryville 2; Carson-Newman 0.

SECOND QUARTER

Jellicorse went around right end for 6 yards. Carson-Newman held for downs. Maryville's ball on her own 38 yard line. McMurray attempted an end run but was forced out of bounds on 40 yard line. Two line smashes netted Maryville 6 yards. Hendrick punted out of bounds on C.-N.'s 30 yard line. Lillard punted to McMurray who returned ball to the 50 yard line. Three line smashes netted Maryville first down on Carson-Newman's 37 yard line. Acton went around end for 15 yards and a first down Maryville on C.-N.'s 24 yard line. Hill went through for 5 yards and Sullinger made it another first down on the 13 yard line. Maryville off-side and penalized 5 yards. Acton gained 5 yards by an end run. Two unsuccessful passes and then Hill stepped back and dropkicked a pretty field goal from the 25 yard line, the ball sailing squarely between the C.-N. uprights.

Score: Maryville 5; Carson-Newman 0.

Jellicorse kicked off to Acton who returned ball to Maryville's 35 yard line. Maryville failed to gain and on third down, Hendrick punted to Holt who returned to C.-N. 28 yard line. Carson-Newman failed to gain. Jellicorse punted to his own 45 yard line, Maryville failing to return. Three line plunges netted 7 yards and Maryville penalized 15 yards for holding. Hendrick punted to Holt on Carson-Newman's 20 yard line. Carson-Newman penalized 15 yards for unnecessary roughing, the ball being placed on their 4 yard line. A Carson-Newman player disputed with Referee and Carson-Newman penalized half the distance to their goal, the ball being placed on their 2 yard line. Jellicorse punted from behind his own goal line to McMurray who returned ball to Carson-Newman 25 yard line and the end of first half.

Score: Maryville 5; Carson-Newman 0.

THIRD QUARTER

Jellicorse kicked off 35 yards to Hill who returned ball to Maryville's 32 yard line. Maryville failed to gain and on third down. Hendrick punted to Holt who returned to his own 45 yard line. Carson-Newman fumbled but recovered with a 5-yard loss. Lillard failed to gain around right end. A pass, Southern to Lemmons was good for 10 yards,

Patronize Those Who Advertise, They Make The Paper Possible.

Eight members of the World War Veterans Association and others who won Congressional Medals of Honor and Distinguished Service Medals recently made engagements with President Harding to offer memorials asking the pardon of Eugene V. Debs and 140 others now in penitentiares for having obstructed the activities of the government during the war. These decorated former service men assert that the prisoners were moved to oppose the war by motives similar to those which moved men to enlist in the service. Speaking of liberality and heaping coals of fire upon the heads of others, we venture the assertion that the odor of burning hair may be plainly detected for several blocks around the prisons where these traitors are confined.

CAMPUSISMS

Misses Bernice Jones and Nanette Walker spent Monday in Knoxville shopping. It has been reported that Miller's may have to go out of business as the result.

Owing to the holiday last week most of the students from and few days of the week at home. Among the number were Catherine around Knoxville spent the last Wilson, Mary Tedford, Edith Moore, and Grace Harrington.

The new Y. W. C. A. rooms will be open this week. These rooms are located in Thaw Hall. All girls will be welcome at any time.

Miss Helen Enloe is ill in the hospital. It is to be hoped that she recovers soon.

LOST—Between Anderson, Chapel and Memorial Hall, a silver eversharp pencil, with "Lorene" engraved on it. Finder please return to Lorene Smith, Memorial Hall and receive reward.

LOST—A small fountain pen with gold cap and ring. Also, a gold crescent pin. Please bring to Registrar's office.

PATRIOTIC SERVICE IS Y. W. C. A. THEME

Lina Hodges Leads Excellent Meeting On Sunday Afternoon.

"In the Service of Our Country" was the subject which Lina Hodges used Sunday afternoon when she led the Y.W.C.A. meeting. Her talk was helpful, interesting, inspiring. She showed that college girls may serve their country well in at least two ways, the first being to take an interest in national questions, the second in social questions. Nationally was may help by being well informed and be able to use our vote properly, not blindly. Socially we may help by keeping up the standards here on our own campus, and also in our home communities. It is a greater privilege to live in America than most girls realize and we should prove worthy of our opportunities and our country. Special music was given by Madeline Huizinga which everyone enjoyed.

Girls, you cannot afford to miss these Sunday afternoon meetings. They are on topics of interst to everyone of you. Next Sunday, everybody out.

JUNIOR Y. W. HAS A FRIENDSHIP LESSON

Are You a Friend to Jesus?

A very interesting and helpful meeting was held in Theta Epsilon Hall Sunday afternoon by Miss Dorothy Dickerson on "Jesus, the Friend".

Some of the questions discussed by various Y. W. girls were: "Are you really a friend to those around you?". "What is true friendship?". "Are you a friend to Jesus?"

A true friendship is a continual give and take. Are you always taking and never giving, or is it equal? There is no greater accomplishment than that of being a true friend to one's fellow men and Jesus, for it takes the very best in one's nature to produce real friendship.

The Bible says: "Greater love hath no man than this, that he lay down his life for his friend." Jesus is the only perfect example of true friendship. He called us His friends and He laid down his life for us. In return we can give Him our love, our confidence and our trust—our friendship.

ARE YOU MEETING WITH TEMPTATIONS?

Dr. Stevenson Tells How To Resist Them.

"College Temptations", says Dr. Stevenson, "are the usual temptations which we have at home—plus". There is no place immune from tmeptations; life is made up of risks. The literal meaning of temptation is a testing. A testing to see if one is fit for a definite, specific task. The average college student is given a larger freedom than he has been accustomed, a power of self-determination which before possibly did not exist. But liberty has its discipline. Said James in his epistle, "Blessed is the man that endureth tmeptation; for when he hath been tried, he shall receive the crown of life." Not until the man has been tried shall he receive the reward. Common to college students are the temptations to waste time, to appear what we are not, to appear worse than we are, to get discouraged. But with the temptations there comes ways of escape. There are five means suggested by Dr. Stevenson by which we may overcome temptations. 1. By surrendering ways and will to God. 2. By using the means given us in the development of our moral character. 3. By being careful in the choice of our friends. 4. By keeping busy. 5. In time of temptation think to God, the means so often suggested by Dr. Wilson. We grow stronger only by wrestling with temptation.

STUDENT CENSUS ON LIFE WORK DECISIONS

Statistics Compiled To Aid Life Work Conference.

The statistics secured in the life decision census at Chapel recently, are being compiled by the class committees, and will soon be available. The results are likely to prove very interesting. Among the men's replies, the most popular professions seemed to be medicine, teaching, ministry, engineering, and business. There seem to be no law students at all in the Junior and Senior classes. Approximately fifty college students expressed their preference for work abroad in the various professions. Only about six different branches of service were named in either of the upper classes.

These figures when compiled will be used to obtain speakers from technical schools, and from the Church Boards for the Conference, which comes on the 3rd, 4th, and 5th of March. Dr. W. D. Weatherford and Mrs. Weatherford have been secured for the opening day. Dr. S. C. Mitchell, the great economic and business expert, of Richmond University will speak on the second day. C. K. Ober, the oldest personnel man in the service of the Young Men's Christian Association, the same who found John R. Mott, years ago, has expressed a desire to be present. His plans for the spring have not been completed as yet, however. Mr. Lovell, a Yale graduate who has spent some years in foreign service of the Association, and who is the traveling student secretary for the Presbyterian church, has promised his services for the entire Conference. It is hoped the other Church Boards will likewise send their student advisors and personnel secretaries. The technical experts will be selected when the statistical list is fully made up.

This Conference will give the student who has decided his life work, an excellent chance to consult able advisors on further training and field; it will offer to the undecided an opportunity to hear of the attractions of the callings and their field of service. Life is too valuable to throw away or misuse, and the man who finds his place in the world early in life, has the best chance to make good. The day is past when men drift into life and make a success. An aim is now essential, even if the goal is simply digging a ditch.

A NEW KIND OF PROFESSOR

The George Peabody College for Teachers in Nashville, Tenn., has recently added to its faculty a Professor of Race Relations in the person of Mr. R. H. Leavell of Mississippi, whose study for the government of causes of the Negro migration attracted much attention during the war.

Mr. Leavell's appointment to this unique professorship, the first of its kind in the United States, has been made possible through the farsightedness of a little knot of Christian business men in Tennessee and in Texas. They especially desired to have courses offered at the college which would make the teachers there trained "aware of the Negro population as a part of the community", and to show these students how to handle those community problems which cut across racial lines.

Mr. Leavell makes personal studies of communities which are dealing successfully with any phase of bi-racial life, hygienic, economic or moral, as well as of the beneficial results to both races of such methods. These first-hand facts are used in his lectures, which are drawing an increasing number of students of a fine type of both sexes. One student is a young woman who wishes to fit herself to return to her brother's large plantation and develop Christian adjustments between the races in a country community with a large Negro population.

ESMERALDA WINS MUCH DESERVED APPROVAL

Play Was Unprecedented Success Throughout.

The value of sincere virtue and simple affection shows most vividly in contrast to the restless cravings of ambition and the haughty pride of this world in Frances Hogdson Burnett's play, "Esmeralda", presented by the Maryville Players in the chapel on Monday night, November 7th. The scenes are all the world apart in space and in the social scale and those who move in and out to make the play are representatives of all the ranks and sorts which make the world. Bald Mountain and Paris! Meek old Mr. Rogers and the Marquis! Mrs. Rogers and Dave! Esmeralda the sweet child of nature at home and glad among her native North Carolina hills, and this same little mountain lass decked out with the finery of the boulevards, unhappy and heart-sore in Paris! These are the contrasts of the play. And in and out among these contrasts and conflicts move the good geniuses of the play, the artist Esterbrook, and the Desmonds, and Drew, who after all is not so bad.

Those who saw the Maryville Players present this play were unanimous in their praise of the uniformally excellent work done. The Players had a really difficult task inasmuch as only three nights before the Lyceum Committee had presented "It Pays to Advertise" staged by a company of accomplished performers. But no one who saw both plays has failed to note how really creditable was the performance of the local dramatic club in even such close comparison with the professional company. Miss Holland in whose hands was the direction of the play deserves the highest commendation for her work.

To mention those who performed would be merely to recite a list of the players who appeared. The work of Eugene Stanbery as Mr. Rogers was of surpassing excellence. His interpretation of the part was sympathetic and well sustained. Members of the audience have been heard to confess that his work was so real and gripping in its quality as to lead them to forget Gene Stanbery altogether and to see only the simple, lovable old mountaineer. The part of Mrs. Rogers was taken most successfully by Nelle Collins. The part is difficult and yet in the hands of Miss Collins it found a strong and dominating rendition. Perhaps the most difficult part in the play is the role of Dave, the lover of Esmeralda. Charles McClure played this part most acceptably. A little too much sentimentalizing, a touch too much of melodrama and this part is spoiled, but Mr. McClure's understanding of the part was so thorough that he kept it on the high level it deserves and made it what its author must have conceived it to be, the real personation of constancy and honest virtue which saves the situation.

As has been said, the remaining parts were admirably taken. It was a performance par excellence. May we have the Players again soon!

Below is an eloquent commentary on the presentation taken from a recent issue of the Knoxville Journal and Tribune.

"The Maryville College Players in presenting Frances H. Burnett's four-act comedy "Esmeralda" before a packed house here Monday night marked themselves as amateur dramatists par excellent. The play lacked only the elaborate scenic effects of the original production to make it compare favorably with the professional presentation.

"'Esmeralda" the first of the season's series of productions to be presented by the College Players under the direction of Miss Wilhelmina Holland, was amiably adapted to the cast. Unlike most amateur productions it moved smoothly and swiftly. From the first curtain to the last the play was one continuous round of enjoyment and merriment, interspersed at times with a skilful touch of pathos.

Eugene Stanbery, in the role of Elbert Rogers, the North Carolina farmer, was easily the best figure in the cast. His portrayal of a rather difficult character was nothing short of superb. Charles McClure, playing opposite Mildred Kimble, as "Esmeralda", was also very good. The entire cast was good without exception, but perhaps Miss Nelle Collins as Lydia Cum Rogers, deserves especial mention".

ADVISORY BOARD OF Y ELECTS OFFICERS

Dr. McMurray Elected Chairman—Other Members Chosen.

At a recent meeting of the Advisory Board of the Y.M.C.A., Dr. McMurray was elected Chairman. The classes were elected as follows: Class of 1922: Drs. Gililngham and McMurray, and Wm. T. Magill; class of 1923: Treasurer Proffitt, Major McTeer, and Robert L. King; class of 1924: Dr. Wilson, Professor Ellis, and Clyde Wilson; Professor Curtis and Mr. Kramar wer also elected to sit with the Board as representatives of the Methodist Sunday Schools. Meetings hereafter will be held each month on the third Tuesday.

The finances of the Association occupied quite a bit of the attention. It was decided to bring the Fisk Singers to Maryville, if possible, for a Concert to make up the deficit. The Committees of the Association are making monthly written reports to the Board, and have selected from the Faculty and Board regular Committee advisors to give permanance, discretion, and foresight to the work from year to year. The Committee Advisors appointed were: For Treasurer, Dr. McMurray; for Publicity, and for Deputations, Prof. Hunter; for Athletic, Coach Honaker; for Social, Professor Knapp; for Conventions, Dr. Wilson; for Membership, Professor Ellis; for Religious Meetings, Dr. Gilingham; for Mission Study, Bible Study, and Social Service, Dr. Stevenson; for Lyceum, Prof. Orr; and for Music, Miss Gregg. These Advisors will serve the purpose of a Student Secretary, giving training to the Committees.

It was the opinion of the Board that the work of the Association was on a good footing for the year, and that many possibilities were yet opening up. The Asociation rightfully enjoys a peculiar place of distinction on the campus of the College. It has been functioning with increasing efficiency since 1877. Through it such men as Fred Hope, Charles Alexander, and Homer Hammontree have gone out into a larger world of service. The young men taking advantage of the opportunities for Christian training and self expression naturally take the places of Christian leadership in the world of affairs. We commend the Association to every young man seeking that larger life of leadership.

GEORGIANS HAVE PICNIC

Talk about good times, well, we had 'em Monday. About two o'clock a bunch of girls and boys, each carrying a basket or sack, was seen in front of the Library. Some one curious to know what was "up" strolled by and found that we were the Georgia Club on our way for a picnic. We found a nice little spot behind Thaw Hall and here we stopped.

After the games, contests and "heaps of fun" we had one of the most important parts—the eats. Each one had all he wanted of pineapple, chicken salad and pimento sandwiches, ice cream and cake and apples. Some one has said of us "quality but not quantity". Guess you would have believed it Monday. Now don't you wish you were from Georgia, too?

—New York University News.

The University of Cincinnati has a Girls' Glee Club of eighty members.

The Harvard Glee Club has just returned from a successful tour of France and Italy, this being the first time a trip of this kind has been made by an American college chorus and the first time an official invitation has been tendered by European governments and expenses subsidized by them to such an organization.

"De noive of that guy", complained Jimmie, the demon office-boy, "offerin' me six dollars a week. What's he think I am, a college-graduate?" (*Arklight, U. S. S. Arkansas.*)

A course in wrestling is being given at Trinity College in connection with the required physical training this year, not with the view of developing professional wrestlers, but with the view of developing the body.

On a recent Sabbath evening the congregation of the Herron Avenue Presbyterian Church at Pittsburgh whose pulpit was vacant received by radio communication the entire service of Calvary Episcopal Church, ten miles away in the same city.

Education is a better safeguard to liberty than a standing army. If we retrench the wages of the schoolmaster, we must raise those of the recruiting sergeant.

—Edward Everett.

Carson-Newman Tastes Defeat on Own Home Grid

(Continued from page one)

leaving 5 yards on third down. Jellicorse punted to McMurray who returned to his own 21 yard line. Hendrick punted to Holt who returned ball to Carson-Newman's 46 yard line. Prince substituted for Lillard. Two line smashes by Southern and Prince netted Carson-Newman a first down on Maryville's 35 yard line. Three more downs and another first down for Carson-Newman on Maryville's 24 yard line. McLaughlin broke through line and threw Prince for a 2 yard loss. A Carson-Newman pass failed, King of C.-N. attempted a dropkick, but boot went wide and Referee ruled it a touchback.

Maryville's ball on her own 30 yard line. Hendrick punted out of bounds on Carson-Newman's 49 yard line. Jellicorse injured. Maryville offside, and a 5 yard penalty, making it first down for Carson-Newman on her own 46 yard line. Prince lost 4 yards on two attempts around Maryville's wingmen. Hill intercepted a Carson-Newman pass just as quarter ended but ball given back to Carson-Newman on the 50 yard line.

FOURTH QUARTER

It was third down for Carson-Newman and 15 yards to go. King punted to McMurray, who was downed in his tracks by Russell on Maryville's own 13 yard line. Sullinger went through tackle for 5 yards. Hendrick punted out of bounds on his own 43 yard line. Line plunges netted Carson-Newman 7 yards, and Maryville was offside, and a 5 yard penalty, netting Carson-Newman another first down on Maryville's 31 yard line. McMurray intercepted a forward pass on his own 5 yard line and returned to 30 yard line by a pretty piece of broken field running. Acton on a skin tackle play gained 9 yards. McMurray got away for a 12 yard gain and a first down for Maryville on C.-N.'s 40 yard line. Four line plunges netted Maryville 12 yards and another first down. A pass, McMurray to Hendrick failed on C.-N.'s 25 yard line. McMurray got away for 18 yard run to C.-N.'s 9 yard line and first down Maryville. Maryville fumbled but recovered. Sullinger plunged through line to Carson-Newman's 5 yard line. Acton plunged through to the 2 yard line. McMurray on sneak play was thrown for a loss and Carson-Newman took possession of ball on their own 3 yard line. King punted from behind his own goal line, the ball bounding and rolling twenty yards behind McMurray, who made a whirlwind recovery and returned ball from his own 35 yard line to Carson-Newman's 45 yard line. Acton went through for 15 yards and a first down. Maryville on C.-N.'s 30 yard line. Maryville fumbled but recovered and a first down Maryville. Sneed substituted for Hill who was shifted to end. Sneed went around left end for 8 yards. Sneed then went the same course for a good gain and a first down Maryville on Carson-Newman's 30 yard line. Sullinger gained 8 yards off left tackle. Sneed then went through for a first down on C.-N.'s 19 yard line. Three passes failed and Carson-Newman took possession of ball on her own 20 yard line. McLane intercepted a pass on Carson-Newman's 35 yard line and the whistle blew ending game.

Score: Maryville 5; Carson-Newman 0.

The Line-up and Summary:

Maryville		Carson-Newman
Hendrick	l.e.	Burnett
Ford (capt.)	l.t.	Russell (capt.)
Sullivan	l.g.	Sharp
McLaughlin	c.	Sprinkle
Rice	r.g.	Hicks
Thrower	r.t.	Eller
McLane	r.e.	Lemmons
McMurray	q.	Holt
Hill	l.h.	Lillard
Acton	r.h.	Southern
Sullinger	f.b.	Jellicorse

Scoring: Maryville, Safety; Burnett; Field Goal, Hill.

Substitutions: Maryville:— Sneed for Hill; Hill for Hendrick; Dinwiddie for Sullivan; Schmidt for Rice, Parker for Sullinger.

Substitutions: Carson and Newman: Prince for Lillard; Siske for Jellicorse; Dance for Sharp; King for Southern.

Officials: Referee: Richardson, Ohio State. Umpire: Boyer, Williams-Jewell. Headlinesman: Wolfe, University of Tennessee.

Time of quarters: 15 minutes.

GIRLS EARN FUND TO BUILD HOUSE BY SHOE SHINES

This is the story of the house the college girls built. They shined shoes in public, they sold lemonade, served lunches, did all manner of things, but they raised a thousand dollars and built the house.

Determination on the part of the girls at the Michigan Agricultural College built "The Flower Pot", that is the trade name. Literally, it is a "practice house" for senior students in the home economics course. It ranks as one of the two or three of its kind in the country.

"The Flower Pot" is a tea-room built in a ramshackle building on the M. A. C. campus. It has a dining room and a kitchen and some homely home-made pictures. The food is furnished largely from the M. A. C. farm and by the boys and girls' clubs which are conducted throughout the state. This tea-room is to be a non-profit making institution when it gets well under way.

The $1,000 was needed to convert the old building into a tea-room. The tea-room was necessary but there were no funds. So led by a few ambitious ones the girls went out into the high-ways and by-ways and shined shoes.

A double quartet of University students was organized last week to take the place of the usual Glee Club at Richmond University.

The Highland Echo

VOLUME SEVEN | MARYVILLE, TENNESSEE DECEMBER 1, 1921 | NUMBER TEN

HAIL HIGHLANDERS! APPALACHIAN CHAMPIONS FOR 1921!

Champions all! Not all of the men pictured above "went in" during games, but each man of them had a vital part in making the 1921 team Champion of the Appalachian Conference and the best produced by Maryville in many years.
From left to right seated. Youell, McLane, Thrower, McMurray, Rice, McLaughlin, Jimmy Hendrick, Sullivan (mgr.), Ford (capt.). Second row: Coach Honaker, Sneed, Blickensderfer, McClung, Wynecoop, Sullinger, Dinwiddie, Parker, John Hendrick, King, McCall, Gamble. Back row: McCall, McTeer, J. King, Musick, Brown, Bowles, Balch, Proffit, Clabough, Holand, Greenlee, Hill, Schmidt, Ellis.

HIGHLANDERS DEFEAT WASPS AND CAPTURE SECTIONAL HONORS

CHARGING OF LINEMEN AND FAST, HARD-HITTING HIGHLANDER BACKFIELD RESPONSIBLE FOR EMORY & HENRY'S UNDOING.

Displaying a brand of football superior in every way to the Emory & Henry "Wasps", the Highlanders emerged victors by a 34 to 7 count in their annual clash with Emory and Henry on College Grid November 18th. The first half resembled the actions of a roller, the Highlander machine achieving victory within the first three minutes of play when the first touchdown of game was put across the E. & H. goal line. The Varsity seemed to have no trouole at all in solving the much touted "Fullerton" shift and every play was broken up by the defensive Highlander linemen.

The outstanding features of the game from a Highlander viewpoint was the stellar work of McLane at end who got down under punts in great style and whose tackling was deadly at all times. Also, the great defensive and offensive game of Ford and Thrower was a feature, these two men opening holes time and time again in the Wasp line large enough for an elephant. Acton and Hill and Sullinger performed well in their backfield positions, each of them being credited with many good gains. McLaughlin at center played a great defensive game.

For Emory and Henry, the work of Captain Dickenson in the line and Perry and Caldwell in the backfield stood out most prominently over that of their teammates.

The attendance at the game was remarkably large, several of the business firms of Maryville being interested to the extent that they closed their places in order to attend the game. Approximately fifteen hundred witnessed the fray: the business houses of Maryville who closed for the game are as follow:

Waggoner Drug Co.,
Mitchell Drug Co.,
Harper Furniture Co.,
Rosenfield & Steinberg,
Kreis-Keener Shoe Company.
O. K. Barker Shop,
Service Barber Shop,
Hunnicutt Barber Shop.
Candy Kitchen.

The following is an account of game by quarters.

First Quarter

Maryville kicked off to Emory & Henry to the 20 yard line, Emory & Henry returning 5 yards. The ball was put in play on the Emory and Henry 25 yard line, Emory punting on the first down for a distance of 45 yards. It was Maryville's ball on her 30 yard line. By straight football and off-tackle plays, three first downs followed in succession and placing oval on Emory's 40 yard line. McMurray, standing on Emory and Henry's 40 yard line heaved a beautiful pass of 30 yards to McLane who was downed on the E. & H. 10 yard line. A line buck by McMurray placed oval on Emory's 5 yard line and Sullinger, by line smash went over for the first touchdown. McMurray kicked goal.

Score: Maryville 7; E. & H. 0.

Emory & Henry kicked off to Maryville, Acton receiving oval on M. C.'s own 15 yard line and sprinting down the sidelines for a great run of 65 yards before being tackled by Emory's safety man. The ball was on Emory & Henry's 25 yard line. A first down followed.

FOOTBALL PROSPECTS FOR 1922 SEASON

Maryville To Play Heavier And More Representative Schedule.

By Coach Lombe S. Honaker

While the 1922 schedule has not been completed, it is very evident that Maryville College is going to play a much heavier and more representative schedule than in the season just closed.

It is practically certain now that

we shall have Centre College as one opponent in 1922 and this means much to Maryville for it is not an easy task to get on the football schedule of the "Praying Colonels", even for a practice game.

As has been the custom for several years, "U. T." will also be host to

(Continued on page five)

THANKSGIVING GAME BRINGS GREAT SEASON TO CLOSE

HIGHLANDERS END THEIR 1921 FOOTBALL SEASON BY TROUNCING UNIVERSITY OF CHATTANOOGA BY SCORE OF 34 TO 0.

The Turkey Day attraction on College Grid proved to be one of the best games witnessed on the Hill in many a day. However, outplayed from the start, the Chattanooga Eleven staged a game scrap and showed lots of fight until the final whistle. Only once did they threaten to score when they secured the ball on a fumble and advanced it to the Maryville 10 yard line where the Highlanders held for downs and took possession of the oval. The flashy game of Acton and Hill at Half and the charging of the Highlander line proved too much for the Chattanooga "Moccasins" and they "sneaked" back to their mountain home in "Nooga" with the short end of a 34 to 0 defeat chalked up against them. Also, the fact that Talman, Chattanooga's star backfield man was left at home on account of a broken ankle probably had a great deal to do with the weakness of the Moccasin Eleven.

Acton and McLane played their last game of college football and it was evident that they played it well. McLane played a great game and showed up well in getting down the field under punts and getting his man. The pass of 30 yards from McMurray to McLane which resulted in a touchdown was the third stunt for him this year of this kind and was a piece of football that thrills the heart of the grid lover. Acton was out to avenge the defeat that Chattanooga handed his former Alma Mater, Howard College in Birmingham this year—he did his share in administering this defeat. Hill's playing was consistent as well as spectacular, going through the line, around end and off-tackle for long gains. His run of 35 yards through the Chattanooga team for a touchdown was a thriller. The entire line played well, however, several injuries occurring. Captain Ford and Sullivan received large gashes over their eyes and "Pigmy" Dinwiddie was knocked out twice, somebody's hefty toe coming into friendly contact with his head, thus proving his undoing.

For Chattanooga, the playing of Barnes at Half, N. Williams at Half, Cate at Fullback and Sussdorf at End featured. Redd, their big Tackle was injured in the early part of game. Peak, who substituted for Barnes proved their most consistent ground gainer. Their forward passing was excellent, gaining them much yardage. Their backs were unable to rip the Highlander line for any appreciable gains and the Highlander ends were always aggressive, thus keeping them from attempting any end runs.

It was a fiitting conclusion to one of the most successful season in Maryville College Football History.

The following is an account of game by quarters:

First Quarter

Chattanooga won the toss and Captain Owen elected to defend the west goal. Sullinger kicked off to Chattanooga on their 20 yard line, they returned 3. First down, 10 yards to go. Cate gained three yards through line, second down, 8 yards to go. Cate failed to gain, third down, 8 yards to go. Barnes thrown for 3 yard loss, 4th down, 11 yards to go. Chattanooga punted 38 yards, Acton returning 4.

Patronize Those Who Advertise, They Make The Paper Possible.

Well its over. But, like Banquo's ghost, this foot ball season "will not down." The history made during its course will be immortal in the annals of Maryville. Its laureled heroes, already accorded their places in football's' Hall of Fame, will live for years in the oft-repeated reminiscences of those who witnessed their Titanic struggles in the lists, struggles in which they, as none who have gone before, defended the honor of Maryville and bore the Orange and Garnet triumphant to unparelleled and glittering victory. The team whose career has now become history is only the precursor of other teams which will rival the successes of this now-closed season. But, though their laurels be unsullied, though they never taste defeat, not one of those warriors who emerge from the future can dim the glory of the individual members of this year's team.

They were clean sportsmen, every one of them, in success or reverses. Every interest on the Hill pays lavish tribute to them and none of it is ill-deserved. The town recognizes their achievements—thruout all of Eastern Tenessee they are acclaimed champions. If such were our mission we would be glad to extend to each individual whose prowess has gone into the making of this season, the highest praise of which we are capable of rendering. But that pleasant task falls to the lot of the Athletic Editor. But here's to 'em as Tim Tim said, "one and all."

THE 1921 FOOTBALL TEAM ITS FUNCTION

The remarkably successful football season that has just closed has brought great satisfaction and enthusiasm to all loyal Maryvillians. Great credit and gratitude are due to the Coach and the team, who have done the efficient training and the hard playing that have made possible the victories secured. That two weeks' brief training could send to the U. T. game a team that manifested such significance and exhibited such team work, was proof at once of the rare ability of Coach Honaker and of the faithfulness, strength, and quickness of the team. And we are all proud of the Coach and of the more than three teams that have been trained under him.

The team has, of course, sustained Maryville's traditional reputation for clean sport and individual determination, and has advanced Maryville's reputation for courage, confidence, and masterly playing.

The Student Activities' Fund made possible a better schedule than usual; the Alumni Athletic Campaign aroused more interest among former students; while the splendid backing given the team by our friends in town has contributed substantially to the success of the season.

And now we foresee already the ambition of Professor Honaker becoming realized, namely, the coming of the day when football shall "Become an institution at Maryville".

Samuel Tyndale Wilson.

"WHAT DOWN NOW?"

Professor McMurray Sums Up Results of Season.

Football should not be an end, but a means to an end. In other words, it should develop a love for habitual physical exercise which will be a constant source of physical, mental and moral stamina all through life.

As we come to the end of the football season, it is well for us to strike a balance, in order to ascertain whether the gains have been as substantial in other lines as they have been in the matter of scores—a total of 224 points to opponents' 28.

Certain it is that there have been positive gains to the forty or fifty athletes who have been in training. Rugged health, strength and endurance, presence of mind, self-control, unselfish-team spirit, submission to rigid discipline and unqualified obedience to orders—all the results of team training—should prove to be real assets to every member of the squad after he leaves college.

But what have been the gains to the College?

Any administrator knows that good student morale is just as necessary in a college as is morale in an army. The loyal college spirit bred by the sensible, clean and winning type of football played by the Maryville boys has meant much to the College and will mean more in the future. Then too, the College has been widely and favorably advertised by press reports of the games, so that Maryville is receiving athletic recognition from prominent institutions whose interest will tend to make a larger and better Maryville.

The successful season has also enlisted the active and lively interest of the local community and has been instrumental in binding together college and town in a common and enthusiastic loyalty to the Institution.

And what have been the gains to the supporters of the team?

In the first place, the fondest hopes of the followers of the team hav been more than realized; for little did they think at the beginning of the year that a team of such strength could be developed by any coach in one short season.

The triumphs of the team have been the triumphs of its supporters, and have developed a healthy and loyal respect for the College.

The supporters have gained a higher sense of sportsmanship from the ideals that have been emphasized—fairness, courtesy to visiting teams, cleanness of play and of speech, tabco on professionalism and practice of the principle that positions on the team are always open to those best qualified to fill them.

The healthy interest taken in the team by the supporters has reacted in furnishing an entertaining diversion from study and a form of out-door recreation that has been both beneficial and enjoyable.

Surely the 1921 football season at Maryville has brought great honor and credit to the team, to the College—and to all of its friends and supporters.

COLLEGE CALENDARS ARE RECEIVED WITH APPROVAL

The College Calendars for 1922 have appeared and are being received with much approval. The calendars are handsome affairs bound in stamped black leather. They contain beautiful scenes on the campus and photographs of various forms of student activity. Maryville claims the distinction of being one of the very few colleges of her class to publish calendars which are absolutely at par with any issued by larger institutions. The men who collected and arranged the material deserve much praise for their efforts.

"By the Stream", "The White Way". See the COLLEGE CALENDAR.

THE SEASON'S GAMES LOOKING BACKWARD

A Birds-Eye View of How It Came To Pass.

With a squad of men unknown to the Coach as far as their football ability was concerned and with only seven of last year's letter men back in the fold, Coach Honaker drilled his squad into a likely looking bunch of pigskin artists in little less than two weeks when the season's opener with Knoxville High School arrived and the new and old men alike were given an opportunity to show their ability and grit on the gridiron.

KNOXVILLE HIGH SCHOOL GAME:

On September 24th, Coach Pete Siler and his Knoxville High School crew, together with their loyal gang of rooters journeyed over to the "City" to do battle with the Orange and Garnet eleven, which at that time was undeveloped and green. The High School lads came through famously, holding the Highlanders to a 27 to 0 score. Of course the score would have been much larger but for the fact that Coach Honaker wanted to see just what sort of stuff was in his men, thus substituting thirteen men in this game. It will be remembered that Hill, Acton or McLane failed to get into this game, three of the best men with the oval to be found in the State. Also Tennessee's Assistant Coach was present to look us over and for this reason, only straight football was resorted to. This game was merely the beginning of real practice for Coach Honaker was able to single out his men and make any changes in their position which he deemed necessary. The result of this fray was that it gave the entire squad confidence and too, it initiated a feeling of good fellowship among the entire squad that was lacking to a great degree when they had tasted battle together.

THE TENNESSEE GAME:

On October 1st, the Highlanders together with the entire student body journeyed over to Knoxville for our big game with Tennessee. This was a great game, with Maryville having a decided edge on the "Volunteers" during the entire game. It is true that the Highlanders were defeated by a lone touchdown, the result of a Maryville punt being bolcked on their three yard line. For three downs, the Highlander line held on their own three yard line, but on the fourth down, a short pass netted Tennessee their lone touchdown against the Highlanders. Both teams made the same number of first downs, but Maryville outpunted Tennessee by a good margin. The ball was in Tennessee's territory almost throughout, twice being taken to their 10 yard line but failing to be bucked across, and according to the majority of those who witnessed this game, it should have been Maryville's. This opinion was freely expressed by Tennessee's rooters—"nuf sed". The condition of the field that day was bad and enough to offset the playing of any team. It was a great moral victory for M. C. and the watchword of every student and supporter now is "Look out Tennessee in 1922".

THE CUMBERLAND COLLEGE GAME:

This game resulted in a 7 to 7 tie and is considered by the team to be the dark horse of the entire season. It is true that the team was decidedly off form, having to crawl out of their "warm places" at four in the morning in order to make the trip to Cumberland. The Highlanders have long since proven that they are the superiors of Cumberland by at least fifty points and the whole affair has been erased from the memory of those who participated in this game and by the students as well.

THE MILLIGAN COLLEGE GAME:

Next on the schedule was Milligan College. This game was played on October 15th, on College Grid and resulted in an overwhleming defeat for Milligan, the score being 54 to 0. This game was featured by the playing of Hill and Acton. The team was just beginning to show its strength in this game and Milligan was no match for them. This game was another opportunity for Coach Honaker to test his second string men and a large number of substitutions were made. The last thing said by the Milligan team upon departure from Maryville was that Maryville College was the cleanest, squarest bunch of good fellows and real sportsmen they had ever met. We return to Milligan the same greetings—they are real fellows.

THE ROANOKE COLLEGE GAME:

This game was played in Bluefield, W. V., eighteen men and the Coach making the trip. Aside from the Tennessee game, this was the stiffest opposition encountered this year, the Roanokers being a hard-hitting, speedy bunch. This was the game the fellows played for their Coach and they played it well. By taking the measure of the Roanokers, the Highlanders gained a victory for themselves. that they can well afford to be proud of. The final score was 16 to 0, resulting from two touchdowns and a safety. The Highlanders gained for themselves the admiration of the whole city of Bluefield, for their good sportsmanship and clean playing, consequently making reputation for themselves and their dear old College in the "Mountain City" and surrounding country.

THE CUMBERLAND UNIVERSITY GAME:

On November 5th Cumberland invaded the local grid but were turned back to their mountain city of Lebanon, Tennessee with a 47 to 7 defeat chalked up against them at the hands of the Highlanders. This game was a runaway for the Orange and Garnet eleven and was featured by the spectacular run of 60 yards through the entire Cumberland team by Hill for a touchdown. It was Sewanee who won by a 26 to 0 score from Cumberland, thus it would appear as if M. C., has the advantage over Sewanee by a goodly margin. In this game, many substitutions were made, thus lowering the score from a Highlander point of view by at least three touchdowns.

THE CARSON AND NEWMAN COLLEGE GAME:

This game was played in Jefferson City on November 12th. The score was 5 to 0, Maryville and was marked by the spectacular playing of both teams. A special train with something like a hundred and seventy-five rooters accompanied the team, the result of the good graces of our dear old friend, "Doc Mitchell" who put up the guarantee and made this special train possible. And thus the Highlanders continued on their victorious rampage.

THE EMORY & HENRY GAME:

And here is where the Highlanders established a real record for themselves and spilled the dope from a football viewpoint of every fan in East Tennessee. The final score was 34-7, Maryville, and our reward was the championship of the Appalachian Athletic Conference. Emory and Henry held Tennessee to a 27 to 0 score during the early part of the season and if not for the entire team being substituted at the beginning of the second half, the score would probably have been more than doubled. It was Maryville's game the whole way and not once did Emory & Henry get thru the Highlander defense for any appreciable gains until a few minutes before the final whistle when the scrubs yielded to them and a short pass on the M. C. ten yard line gave Emory & Henry their lone marker of the game. It was a great game and featured by the excellent work of the entire Maryville Eleven.

THE UNIVERSITY OF CHATTANOOGA GAME:

The Chattanooga University game was the Turkey Day treat for Maryvillians, the game being staged on the home grid. This game marked the close of one of the most successful football seasons in the history of Maryville College, the Highlanders emerging victors by a 34 to 0 count. Only once during the game was the Highlander goal line threatened by the crawling "Moccasions" when they carried the ball to M. C.'s 10 yard line, only to lose the oval on downs, being unable to buck the stonewall defense of the Highlander line.

The game was featured by the excellent work of Acton and Hill at right and left half, these two men ripping off long gains. The defensive play of the Highlanders was very noticeable, Capt. Ford, Thrower and McLaughlin doing yeoman duty in the line. And too, this was the occasion of Acton and McLane's last appearance on a college gridiron. They played their final game of college football, and played it well.

Chattanooga has a good team and several times showed much defensive and offensive strength. Their forward passing for short gains through the line of scrimmage was excellent and proved quite a worry to the Highlanders, gaining them much yardage which they could not have annexed through the Highlander line.

It was a big Maryville victory and an appropriate conclusion of a most successful season.

SOMETHING TO THINK ABOUT

By the way of jogging the memory of those who have merely been content to see the Highlanders win, it would probably be an interesting experience to recall and to permanently store away in your thinking caps the fact that our Highlanders have this season rolled up a total of 225 points to their opponents' 28. This is a mighty fine record and one to be proud of, both by the team and by the student body.

Their work has been of a high order, not once during the entire season has a single man been ineligible to play on account of his college work. This bespeaks praise for them, for it is no cinch to go thru the season and keep on top the whole way.

It is an assured fact that every man will return in 1922 with the exception of Acton and McLane who will be graduated the coming spring and then we will make it "Big" and "cow-tramp" U. T.

Thanks to you fellows, you are each and every one a real man from the ground up and our appreciation of your efforts for the dear old College is so great that, it would take columns to express same.

Y. M. C. A. STUDIES FORMS OF SERVICE

Various Christian Callings Interestingly Considered.

Sunday afternoon there were presented some of the opportunities in the greatest field of service, that of work in foreign lands. While there are many more fields of service than those presented at this meeting still the challenge that these fields bring to the young manhood and womanhood of America must be answered. Three fields open today in foreign lands for college graduates are, Evangelical, Educational, and Industrial. Another just as important is the Medical field. Through several speakers the work which these several fields demands was briefly given. Dewey Eitner spoke of the work in evangelical lines in which the men who are prepared to deal with international problems will find some of the greatest opportunities afforded any one in the history of the world. Warner Gray brought out the need for teachers in the foreign countries in order that the people may be protected against the business and trade invaders who are selfishly working their countries. In an age when industry is at its highest point there comes a call from across the seas for help. Millions of people are without the advantages of modern civilization and vast resources are lying untouched in the Far East.

James Jackson gave some figures showing the calls for men and women to go out into these great countries. In 1920 America sent out 16,000 missionaries and in the present year there is a call for 21,000.

THE TEAM OF 1921

Facts About Grid Warriors.

By Prof. E. R. Hunter

The following pen pictures of the men who have participated in five or more quarters of play in Varsity games are given with a minimum of that extravagance which threatens the estimates of an admirer. But the most disinterested mirer. But the most disinterested observer of our championship team has, in spite of himself, waxed enthusiastic. And so although the words which follow are words of praise, as will readily appear, they are praise of merit. A great team deserves great praise both as a team and as individuals.

The weights given are stripped weights. The average weight of the team which started against Chattanooga on Thanskgiving Day is: entire team, 176 pounds; line, 183 pounds, line exclusive of ends, 193 pounds; back field 166 pounds.

ENDS

The work of EDDIE MCLANE (150) at end has been a revelation of quick thinking and brilliant defensive play throughout the season. His ability to get down the field fast is one of his characteristics, and surely no Maryville end ever proved a more difficult stumbling block to opposing runners—back of punts. McLane is always alert and quick to size up an opposing formation. No amount or skill of enemy interference has been able to keep him from sifting through to get the man with the ball whenever the play was tried around his end. McMurray-to-McLane has been a great forward passing combination, and although the pass has not figured largely in the Highlanders scoring repertoire, the few long tosses in Eddie's direction have oftener than not found safe keeping in his arms, no matter how thickly the atmosphere was infested by opponents. A truly great end—better than any against whom his team has played all season,—that characterizes Eddie. It is sincerely to be regretted that this, his first year of Maryville football, is also his last, for he is a Senior.

JIMMIE HENDRICK (165) at left end has completed his second season of Maryvlie College football. Jimmie is a fearless tackler and an extremely difficult man for the opposing team to box. He has all the requisites of a great end: speed, weight, reach, and an ability to follow the play quickly and unerringly. He gets into every play, and although he may start a game with a head gear on, it's not many minutes old before the leather helmet is gone and Jimmie plays on regardless of its absence or by preference without it. It's a real joy to see his black head among the helmets down the field, its owner recklessly blocking interference, running down under punts, tackling, snatching passes out of the empyrean,—in short playing end for old Maryville like a veteran or like a house afire. Jimmie returns next year.

JOHN HENDRICK (165) entered college late this fall but his experience and skill particularly in the punting line won him a place on a team already handsomely equipped with ends. It was John's second year as a regular and although he was severely hnadicapped by a weak ankle, he has punted with almost his old-time skill. His work in the Carson and Newman game was particularly noteworthy inasmuch as his punting was clearly superior to that of the redoubtable Jellicorse. John is moreover a defensive end whose work leaves little to be desired. He is scheduled for one more year of Maryville football.

ROY MCCALL (145) is the fourth of Maryville's brilliant quartet of wingmen. Roy has almost made the team in at least two previous years only to be deprived of his chance by injuries, but this year he has better fortune and has had a number of opporutnities to serve his team. In every case his performance has been excellent. Roy is alert, fast on his feet, a sure and courageous tackler, in short a most valuable man to have around. He is a Junior.

TACKLES

CAPTAIN FORD (166) returned to his old home at tackle this fall after a season's absence at quarter and he came back with even more than his old-time skill. Followers of the gridiron game on the Hill have agreed for some years that Ford is one of the greatest linemen who ever wore the Orange and Garnet. This year has added to his laurels. The captain's steady and experienced football head has been invaluable in the direction of the team on the field, and, as a player, Ford has stood out as one of the bright stars of a remarkably well balanced team. It was as if there were three ends on the team, for it was one of Ford's pet amusements to dispose of his opposing lineman and, so having done his tackle's duty, dash in behind the line of scrimmage and often, before the ends had time to do their deadly work, tackle the runner and end the play. Surely Maryville may claim the right to supply two or three positions on an All-Tennessee team, and for left tackle on that mythical eleven we nominate Captain Hobart Ford. He has two more years of Highlander football coming.

THROWER (193) the big Texan tackle has proved a match for any opposing lineman who has been so unfortunate as to have to face him this season. The Tennessee linemen who tried to stop him in the memorable game of October 1 came out of the fray wondering how on earth W. Camp ever overlooked Thrower in selecting his 1920 All-American team. Throughout the season, in every game, this giant tackle has torn open opposing lines of defense, and on defense has stood a rugged part of the stone wall. Thrower is one of those linemen possessing the invaluable combination of weight and speed. Time after time he has been seen hurtling out of the confusion of massed scrimmage to nail an enemy back or drop on a fumbled ball. He has three more years of college football and will most probably return to the Hill next fall.

SCHMIDT (180) after a succession of injuries which would have broken the spirit of the most of us, blossomed out in the late games of the season as a tackle of surprising merit. His work rivalled that of Captain Ford and Thrower, for no opposition seemed able to stop his charging, and it was good to see him tear through any sort of line to hurry the punter or passer. He will most probably be with us again next year.

BOWLES (190) made a place for himself as reserve tackle through the sheer merit of his all-round playing. He is fast enougn in addition to his weight to make him a lineman to be feared and he has never failed to make his presence felt whenever called upon to make a part of the great stone wall line. Bowles is a Freshman with a fine football future ahead of him.

GUARDS

MANAGER SULLIVAN (170) at left guard is completing his third season of football at Maryville. In his other two years he has been considered a first-class lineman and this year his play has risen to an even higher standard of excellence. He is in the play every minute, fighting with every ounce of his strength and his energy and fighting spirit are good for the team. In the Carsan and Newman game he suffered a severe injury which kept him out of the entire Emory and Henry game, the first game in the three years of his college career all of which he was forced to watch from the sidelines. In addition to his stellar work in the line, Sullivan has carried the duties of manager with great success. This managerial burden is a heavy one, fraught with worries and accompanied by a mass of detail which ought not to fell on the shoulders of a member of the team. The idea of player-managers is all wrong in theory and in practice it is obviously unfair. Sullivan is a Junior, and next year, free from the worries of the managership and schooled by the experience of three remarkably successful seasons, he should round out his full quota of Maryville football with highest honor.

DINWIDDIE (228) is the pigmy of the squad, tipping the beam at two hundred and twenty-eight good honest Presbyterian pounds, and standing six feet six according to the few who have been up to see. His game at guard has been interrupted by injuries but he has put in some excellent work while he has been in the line-up. He has a goodly amount of speed, too, in combination with his great weight, and so has been most troublesome to his opponents when Maryville had the ball, as well as when his team was on the defensive. His charging has been low and effective. Oftener than once he has gone into games suffering from the lingering effects of a persistent injury, which he disregarded, in order to give his services to the team. Dinwiddie will return next year.

RICE (194) the big strawberry blond guard, is another newcomer who has made a home for himself in the good will of orthodox Maryville football fans. He is built on the general plan of a superdreadnaught so as to combine speed and weight, and no enemy line has succeeded in stopping him nor in consistently penetrating his defense. Rice seemed to improve with every advance of the season until at the end he was astonishing the grandstands with his uncanny skill in charging through. Statistics of details of play are not available but the writer doubts whether any other two members of the team together recovered more fumbles than did Rice, and the occasions have been many when he has broken through and hurried the opposing passer or punter most inconsiderately. His game throughout the season has been unusually alert and agressive. He will return next year.

CENTER

CECIL MCLAUGHLIN (183) at center has served more actual playing time than any other member of the team. He was kept out of the practice game with Knoxville High School by an injury, but has played every minute of the thirty-two quarters since, and when we say *has played* we mean what we say. His passing has been strong and accurate, and, in spite of the handicap always experienced by the center in the fact that he is slightly off balance as the play starts due to the motion of snapping back the ball, he has been remarkably quick in getting under way. On defense he has played an aggressive hard-working game, and in spite of his reckless participation in every play, he has come through the season unscathed and begging for more. Ignatz is an invaluable playing asset to the team but he is worth at least a million dollars in addition as a never-failing source of pep and fighting spirit. He's always talking it up, and his "Let's go, gang!" deserves place among the great fighting slogans of history. Maryville is counting on three years more of Ignatz.

QUARTER BACKS

JEAN MCMURRAY, (150) playing his second year of college football, played this year at quarter back after a year at half back. Jean took on weight during the summer in good bone and brawn and through the season he maintained tip-top physical condition. No member of the team trained harder than Jean. He trains in season and out of season, and his splendid endurance has borne testimony to that faithful training. His work in the Tennessee game, while not so spectacular as that in the Emory and Henry, and Chattanooga games, was nevertheless particularly noteworthy, for the task of taking the generalship of a team for the first time in the hardest game of its schedule is a nerve-testing experinece. But this young quarter back of ours passed the test nobly, as those who saw the game know. McMurray has done som pretty football toting on his own account in addition to his direction of his teammates play. The sight of Jean in his favoriate quarterback sneak across the enemy goal line will be one of the pleasant memories of this great season. He will be with us two years more.

BOB KING, (142) has also proven himself extremely valuable at quarter back. One of the secrets of this season of miracles is in the fact that no one man's absence from the line up wrecked the team or made it noticably weaker. There were always men on the sidelines waiting for the nod of the coach who could fill any gap. This was outstandingly true of the quarter back position. McMurray gave way to King in every game of the season and Bob continued the direction of the play in a masterful fashion. He is an unusually fast man and is agressive and resourceful in his generalship. King is a Junior.

HALF BACKS

ACTON, (170) at right half is undoubtedly the greatest Maryville back of this generation. After starring at Howard College, Birmingham, for three seasons, he came to Maryville this fall for his Senior year, and from his first day on the field to the last whistle of the season his work on offense and on defense has been beautiful to see. The feature of the Tennessee game was not this time the careless abandon with which Volunteer backs ran around the Maryville flanks for gain after gain. It was the double feature of the impenetrable defense of the Highlanders' line and the spectacular plunging and end running of Acton. Acton is fast,—a genuine ten-second man, able to side-step and pick an opening where there apparently is none. He is never stopped by the first man who makes the effort. Whether through the line, or off tackle, or around the end his speed and uncanny football instinct always account for a gain. The playing of this fleet half back never shone more brightly than in the last game of his career, the Chattanooga game, in which he did every thing a back field man is supposed to do, and did them all superlatively well. His defensive game is only less brilliant than his offense. He is a deadly tackler, and is a wizard in breaking up an aerial attack. If he were only a Sophomore or something, how happy we'd be, but, alas, he's a Senior, and has played his last grand game of college football.

HILL, (179) at left half is the most versatile player on the team. During the season, he has played end, tackle, guard, and full back in addition to his more habitual work at half back, and in all of these positions he has acquitted himself brilliantly. Opposing lines have found Hill a most difficult man to stop. No matter how many were appointed on the reception committee to meet Mr. Hill at the line of scrimmage, when Mr. Hill arrived he usually went on through, accompanied by as many of the committee as really cared to ride. "Hill back!" was a deadly play for the opposition, for some sort of sizeable gain was sure to follow and not infrequently Hill tore through for dashes of forty and fifty yards. He is the youngest player on the team. In another season or two he should rise to All-Southern class. He is eligible for several more years of football and will be most welcome at Maryville.

PARKER, (165) has played a great game at half bak. He is a good runner with the ball and a punter of more than average ability. He has participated in every game of the season and has always turned in a creditable performance on both offense and defense. One of the prettiest plays of the entire season came almost at the end of the last game when Parker, called on for a kick with Hill and Acton on-side, lifted a perfect kick high and just across the line of scrimmage in such a position as to make its recovery by Acton easily possible. Parker will look still better next year.

WYNCOOP, (153) played at end last year but this season he has worked at half back, and seemingly he has found his proper football niche. Wyncoop is a nervy player with the ability to plunge the line or slip through a broken field most successfully. Almost from the beginning of the season, he has been handicapped by a bad knee, but his work whenever he has been able to get into the line up, has been most gratifying. He will return next year.

SNEED, (140) at half back has tried his hand at football after a successful baseball season last spring and has made good with a rush. He is fast and hard to stop. What he lacks in isze he more than makes up in elusiveness and speed. Next year he should make a back of more than ordinary value. Shorty is a Sophomore.

FULL BACKS

SULLINGER, (165) at full back is finishing his second year on the varsity. A gamer, harder plunging player never battled for the College. Sullinger is lighter than average full-back standards prescribe, but what he lacks in weight he amply supplements by grit and nerve. Playing between the spectacular Acton and the smashing Hill, Sullinger has done his part to maintain the stellar standard of the Maryville offense. It is a genuine delight to the spectators in the stands to see Tubby gather himself for the plunge and tear through the toughest defense for five-eight-ten yards, and repeat the process again and again. Sullinger has one more year and it should be a great one.

JOE GAMBLE, (148) has just finished his first try at football, and he has shown exceptional promise. His playing in varsity and reserve games has been at full back and his line plunging has been of the sort that invariably registers a gain. In addition to his great all-round ability which insures his future stardom, Joe is a drop kicker of great promise. Joe has several years more of football.

BAINONIAN-ATHENIAN

The movies did nothing wonderful when they produced "The Woman Thou Gavest Me", for twenty-five cents, the Athenians and Bainonians produced a trip around the world for fifteen cents, last Saturday, (with eats in each country.) Can you beat it?

If one began the evening right, (as all ones surely did) one went to Japan, which is Bainonian Hall in everyday life, here everything was all Jappy, even to the charming little maids that served the tea and wafers.

One young gentleman went far enoug to say, "no wonder so many fellows go to Japan as missionaries—those eyes." 'Nuff said 'about Japan.

Africa—the land of the smoky blonds (in other words third floor Anderson) and those jungles! A person felt like shreiking "who dat," when the heavy underbrush moved, for fear of a stray boa-constrictor. That same trembling soul would shiver with fright as he reached up and pulled down a banana, you know there might have been one of his ancestors i said tree.

Thank goodness!! Home again, home again jig-a-de-jig! America (Bartlett)). Here Uncle Sam greeted the tourists with his broadest smile and entertained them with an excellent program, which only proves what talent really is and where it is! Then he offered the pilgrims a trip to the most beautiful spot in the world M. C.

At M. C. Dr. Wilson and Miss Molly made them welcome and announced a snap in their honor. After just heaps ofice cream, (and after the lights had flashed) the weary, dusty, travel-worn tourists returned home to dream of a world round trip for only fifteen cents.

Miss Ruth Abbey of Hariman, Tenn., has been a visitor on the hill for the last few days.

Mr. Robert Broady had as a Thanksgiving guest Mr. Herbert Smiley, of White Pine, Tenn.

Misses Stella and Bessie Taylor spent Thanksgiving day in Knoxville.

Miss Helen Rankin has had as her guest her sister during the past few days.

CANDY KITCHEN FOR FRUITS

College activities reviewed in pictures in the new CALENDAR.

PROFESSOR BRITAIN EXERCISES RIGHT TO PICK MYTHICAL TEAM

WALTER CAMP HAS NEW RIVAL IN SELECTION OF ALL-AMERICAN ELEVEN.

There is always something new buzzing around, and the article below is one of the newest of them all, and an article of the first magnitude. Professor Britain has picked a first, second and third All-American Eleven for 1921 and he sets forth his reasons in a most convincing way. Also, those who know the game and have followed the different elvens over the country this year realize that Professor Britain has used some fine judgment and it is wondered just how near to Walter Camp's selection the choice will come. Positively, the choice cannot miss the mark very far for it contains the names of the real great stars of the game and furthermore, we are fortunate in having the privilege of boasting of a man on College Hill with the ability to pull a stunt such as this. It is some keen dope and should prove very interesting in comparing with other picks the country over.

—

Along with the right of life, liberty and the pursuit of happiness—every American possesses another inalienable right—the right to choose an All-American Football Team, but to exrcise this right before Thanskgiving Day has come to be regarded as almost as serious an offense as running for Congress. One strong argument however, may be brought forward in favor of such a course and that is that the public may be assured that the author has really used his own judgment in choosing his men and not merely followed the lead of certain celebrated sporting writers, rehearsing their choices in the monotonous, parrot-like fashion so well known to us all. In choosing a team as early as November 16th., a writer may be justly accused of acting without full information but he does necessarily escape the odium of being a mere copyist since there are no All-American Teams chosen by experts at this time to copy.

The information one has at hand for such a task as this must have come from three sources; what he has seen, what he has heard, what he has read. The first of these is the most useful but the most limited, since even the representative of a great daily newspaper can hardly see more than twenty teams in action in a season. The second is more useful than the third since it is better to talk to a witness than to read a newspaper account of an affair but it is impossible to talk to competent judges who have seen all collegiate teams in action, therefore of necessity a choice must be made largely from the accounts of games played as given in the sport pages of our papers. No critic who chooses from a wide field can escape from this—and he who chooses an All-American Team, and chooses justly, must choose from a field whose four corners are in Maine, Florida, California and Washington.

But one principle should be followed in making a choice and that should be to choose the best man available for each position, regardless of what he may be a member of, providede he is clean. A player, who has resorted to rough or unsportsmanlike methods can never be considered for a team that must be All-American in ideals as well as in ability. A great many sport writers in choosing an All-American Team either confine themselves to a few of the leading teams in their choices or go to the other extreme of positively refusing to choose two men from the same team no matter how good they may be, when they would have no difficulty if they would follow one principle, that of choosing the best man whether every man be chosen from the same team or each from a different one. If Yale for instance had the two best guards in America, would it not be a grave injustice to deprive one of these men of his place on the All-American Team, giving it to the third best man merely to avoid having two guards from the same team on the All-American eleven? Another unfair practice is the taking of a man who has played in one position all season and putting him on the All-American Team in another position, for instance taking some one who has played guard all season and placing him on the All-American as tackle. Is not this an injustice to the tackles who might have been chosen? And who can say that any good guard will make a good tackle or any good quarterback a good half? Such a case has arisen this season. There are in American two great quarterbacks "Bo" McMillan and "Red" Killinger. McMillan having had more experience, being more versatile and having played against greater odds will probably be chosen All-American quarter by most critics but many of these same critics will put Killinger on the team as halfback. I am a great admirer of the "Red Deer". Killinger is not only a great player but one of the finest sportsmen in the world, therefore I think he would agree with me that I would be doing wrong to deprive some halfback of his place on the team to make a place for another quarterback. An All-American Team of this order would be incomplete. It would have two quarterbacks but only one half-back.

In comparing men in making these choices I have tried to think of each man in this way: First as to his individual ability to play his position; Second, as to his ability as a teamworker; Third, as to his temperment. As to temperment I have considered coolness, willingness, "pep", quickness of thought, ability to rise to the occasion, determination and most important of all old fashioned grit. I have also tried to think of the team as a whole so as to secure a balanced team—one strong on offense and defense; one capable of gaining through the line, around the ends or by the air and one able to hold its own in a punting duel and with capable place and drop kicking, sufficient to put the winning margin on close games; a team with an attack versatile enough to keep its opponents guessing always and having men in the line and backfield capable of diagnosing their rivals' plays and properly directing their own.

For ends it is necessary to have men who are fleet, (they must get down the field rapidly on kicks); men who are experienced (they must not allow themselves to be drawn in on fake plays); men who can receive forward passes skilfully (they must always hold out the threat of taking a pass in order to make the opposing halfbacks uncertain); men who are strong enough to hold their position in the face of sustained attack (they must not allow the opposing interferenc to brush them out of the way). There are two such men to be found, Muller of California and Roberts of Centre. The former is the best forward pass receiver America has ever seen; the latter is the best interference smasher or maker, it matters not which you ask of him, this country has seen for years. Both are large men, fast as deer, but with the strength and courage of lions. They are up to all the requiremnts I have mentioned and would form a remarkable wing offense and defense. Kiley of Notre Dame is a good forward pass receiver and a fine heady, nervy player. John Staton of Georgia Tech. has for sometime been one of the leading ends of America. He is one of the most intelligent players the game has ever produced and will make a high grade coach. Snively (Princeton) was changed from tackle to end in mid-season and at once became a star. Swanson of Nebraska was one of the most expert pass receivers of the season and a good all-round end. Any of these men would be good enough for All-American and beside them we have Pease (Williams), Janin (Harvard), McCollum (Penn. State), Carney (Illinois), Wilson (Texas A. & M.), Stork (Army), Edwards (Case), Meyers (Ohio State), Barrett (Brown) and many other capable ends.

The choice of tackles is more difficult. At least five men stand out conspicuously above the others: McGuire (Chicago), Huffman (Ohio State), Keck (Princeton), King (Navy), Stein (W. & J.)—he also played end part of the season. I rate these men in the order named. They are all sterling players above the average of All-American tacklers. There is really very little difference among them. Many would rate Keck, King and Stein above McGuire and Huffman but I give these two the preference on account of their consistency. Neither has ever played a poor game. McGuire showed his superiority over Keck when Chicago met Princeton and Huffman's record of eleven blocked punts in important games in the last three years is hard to surpass. Next to these five super-tackles, one would probably give Stallings of Oberlin the call. He was captain and about two-thirds of the Oberlin Team—a team that beat Ohio State that defeated Chicago, Princeton's Conqueror. Then we might name Kane of Harvard, Hanson (Cornell), Pew (Georgia), Gulick (Syracuse), Gordy (Centre), Fargo (Williams), Skidmore (Sewanee), Shaw and Garvey of Notre Dame, Slater (Iowa), Fleaman (Kentucky State), Busch (Stevens)—all good men.

When it comes to choosing guards we have on our hands a really difficult proposition. In the modern game the guard's position is so covered up that it is difficult to observe his work and there is little opportunity for him to do anything spectacular and therefore little is said of his work as a rule and when guards are chosen on an All-American Team it is very much of a gamble. The two men who seem to stand out above the others are Baer of Penn. State and Schwab of LaFayette. These men played on two of the best machines of the year and each was an important cog in his machine. Both are large and both are aggressive. Both know the game. Capt. Dunne (Michigan) was a good guard, the main stay of a good line. Garbisch of Army, after he got started proved a valuable all-round man. Cruikshank (Yale) was not a showy player but he was one of the most reliable guards in the land and could stand any amount of punishment without wavering and this is worth much in a guard. Raub of Rutgers was a tower of strength on a weak team. Ohio State possessed two guards of onusual ability in Trot and Pixley. Florida had a good man in Perry. Seidilson (Pittsburg) and Guernsey (Yale) were above the average.

A host of good centers played in 1921. The best of these was Stein of Pittsburg. He was the directing and inspiring force of his team. He was the fastest man on it (not excepting even Davies). He was the most aggressive and the best to follow the ball. His passing was well high perfect. Larsen (Navy) was a really great center but not as aggressive as Stein. Witmer (Princeton) a fullback of 1920 played a star game against Harvard but did not show so well against Yale.

Army had a first class man in Greene. In the South Day (Georgia)), Caton (Auburn), and Reed (Tulane) did good work. In Grizzard, Tennesse developed a star but he was opposed in the Maryville game by the most aggressive center in the work of McLaughlin. Ogden (DePauw) was a good man so was Kirk (Baylor) who has a hard job owing to the intricate system of passing used by that team. Hawk of Miami and Williams of Oklahoma A. & M. as well as Blount, North Carolina's veteran deserve mention. But next to Stein and Larsen the man whose work stands out is little Shurtleff (Brown). He is a phenomenal player. I doubt not that with another year's experience he will be one of the greatest centers America has ever had.

Now we come to that position where the greatest wealth of material abounds. There has never been a sason in my recollection that has produced as many star quarterbacks. Of course McMillan (Centre) and Killinger (Penn. State) stand mountain high above all the others, but they are by no means the only stellar players in this position. Aubrey Devine, the Iowa captain, for instance will go down in history as one of the really good players of all time. In Lourie (Princeton) Buell (Harvard) and O'Hearn (Yale), the so-called Big Three Teams all have stars and Rex Wray of Pennsylvania, on a poor team was better than any one of them. At the other end of the Keystone State, Pittsburg had a star in Hooloran and across the line at Ohio State, there was Workman a great field general to whom must be credited most of the success of his team. Romney (Chicago) was another Western performer of brilliance, a kicker of no mean ability too. And there is Hebeling of little Wittenburg to be considered, Eggler (St. Louis), Heidorf (Union), Hale (Case), Coons (Cincinnati) and others. The men chosen for the First, Second and Third Teams— McMillan, Killinger and Devine will always be remembered as the three best broken-field runners of a decade.

Good half-backs were not so plentiful as quarters but on the whole they were up to the average. Aldrich (Yale) and Kaw (Cornell) clearly deserve their places. Not merely are they the two greatest point scorers in the country by actual statistics but they are the two best interference makers back of the line today. Only Roberts (Centre) approaches them in their respect among all those playing football today. Aldrich and Kaw are both great kickers, the former an unusually great one. Both, but Kaw especially are terrific line plungers. Either can throw the forward pass. Each has made tremendous gains around end all season. What more would one desire in a half-back combination? An opponent would never know what to expect from such a pair. It would offer our great genral McMillan a splendid opportunity to employ all his powers of deception. There are two other great versatile half backs—veterans too. Although they have not shown themselves equal to Aldrich or Kaw on this year's record, they are unquestionably great players and capable of every means of attack, whether it be running or plunging, passing or punting. These men are Robertson (Dartmouth) and Davies (Pittsburg). I have put them on my Second Team. Next to these perhaps may be found Jim Tom Reynolds of Georgia, next to McMillan, the greatest player in Dixie, and Brunner (LaFayette) the old Pennsylvania star. Penn. State has a pair of lightening fast men in Lightner and Wilson. Gilroy (Princeton) made one of the most sensational plays of the season against Harvard and played a great defensive game all year. His team mate Garrity is a good player but has not the physique to stand a hard season's work. Barron (Ga. Tech.) and Anderson (Pittsburg) both deserve high rank. Oxen (Harvard) was good. Erickson (Wash. & Jeff.) has always been a great player. Both Notre Dame half-backs, Mohardt and Casther were in the limelight constantly. Snoddy (Centre) proved as good a half this year as he was end last year. Miller (Pennsylvania) was a wonderful runner in a broken field. Stuart (Ohio State) proved a star in the latter half of the season. Steketee (Mich.) and Ollinger (Auburn) are remarkable kickers. Goat Hale (Mississippi College) is a star of the first magnitude while Simendinger (Holy Cross) is a "simen dinger" indeed. Acton (Maryville) and Wagner (Mt. Union) were stars on teams that played light schedules.

First class fullback material has never been so scarce as this year. There are men who are great at special things but for general purposes the matter resolves itself down to six or eight men. French (Army), Levi (Haskell Indians), Harlan (Ga. Tech.), Bowser (Bucknell), Legendre (Tulane), Sundt (Wisconsin), Barchet (Navy), Bomar (Vanderbilt). I would arrange them in this order. If I had to choose three more would choose Laner (Detroit) and Robinson (Arkansas) and Jordan (Yale).

French, although out of the game a part of the season is without question the class of the fullbacks. What he could do was clearly demonstrated in the few minutes he played in the Yale game. Levi the Haskell Indian may not be well-known in the East but he deserves his place on the Second Team. His average in punting for the last two years has been sixty yards. Last year when with Phillips University he, single handed, made that team a championship combination. He is a better plunger than Judy Harkan and almost as fast as Red Killinger. He is even better at defensive than offensive playing. He possesses that characteristic coolness, grit and football instinct of his race. Harlan's great line plunging and magnificent defensive playing clearly gives him a right to the place on the Third Team.

A glance at the All-American as shown will convince a person that it is the proverbial "powerful combination". Here we have a line, large and rugged with plenty of experience and a maximum of aggressiveness—with unusual strength on the flanks as to getting down the field, receiving passes, making interference, smashing it or ducking it and with a center who has seldom been equalled in diagnosing plays or breaking through opposing lines. We have a backfield of men whose season's work shows conclusively that they can go through hard games and get better as the going gets harder. Every man of our backfield can kick, pass, plunge or skirt ends and all are good broken-field runners and all high-class defensive players. These men would be lead by Bo McMillan "the noblest Roman of them all". It is my opinion that no other team could stop them or score on them in a season.

ALL-AMERICAN TEAM

First Team

Ends—Muller (California)
Roberts (Centre)

Tackles—McGuire (Chicago)
Huffman (Ohio State)

Guards—Baer (Penn. State)
Schwab (LaFayette)

Center—Stein (Pittsburg)

Quarterback—McMillan (Centre)

Half-backs—Aldrich (Yale)
Kaw (Cornell)

Full-backs—French (Army)

Second Team

Ends—Kiley (Notre Dame)
J. Staton (Ga. Tech.)

Tackles—Keck (Princeton)
King (Navy)

Guards—Dunne (Michigan)
Garbisch (Army)

Center—Larsen (Navy)

Quarterback—Killinger (Penn. State)

Halfbacks— Robertson (Dartmouth)
Davies (Pittsburg)

Full-backs—Levi (Haskell Indians)

Third Team

Ends—Snively (Princeton)
Swanson (Nebraska)

Tackles—Stein (Wash. & Jeff.)
Stallings (Oberlin)

Guards—Cruikshanks (Yale)
Kay (West Virginia)

Center—Shurtleff (Brown)

Quarterback—A. Devine (Iowa)

Halfback—Reynolds (Georgia)
Brunner (LaFayette)

Full-back—Harlan (Ga. Tech.)

CANDY KITCHEN FOR CANDIES

THE HIGHLANDER SQUAD RATES PRAISE

Men Have Been Faithful And Have Trained Rigorously.

On September 12th, approximately forty-four men reported to Coach Honaker for practice. From day to day they were put through their regular routine of conditioning themselves for the games ahead of them. As time passed, the squad began to shape itslef into a formidable looking bunch of pigskin artists. The Coach was new to the men and vice-versa, thus the progress made was great in consideration of this drawback. The crucial test shows the real stuff in a fellow and judging from the regularity that these men have appeared in uniform each afternoon for their workouts, Maryville College can boast of some real fellows as well as athletes. A few weeks after practice was begun, the squad dwindled to approximately thirty-six men and this average has been maintained throughout the season, thus we are proud of this record for it shows the fellows were out for what they could learn and and were deeply interested in the sport and the success of their College on the gridiron.

The above is the spirit which has permeated the ranks of Coach Honaker's squad of oval-toaters the entire season and it is of course an easy conclusion that this is the spirit it takes to put a winning team on the field. Results show better than anything else the effect of a big squad to work with for Coach Honaker most certainly has whipped a winning eleven into form from his squad, as shown from the games they have played and won this season.

There is more than a winning eleven that has journeyed out to the old grid each day for the past three months. There are two men for every position, some better than others of course—this is only natural, but each man a fighter who has scrapped hard for his place.

Again the squad—a nucleus for a team. Coach Honaker has developed two entire backfields, both composed of fast, hard-hitting men, capable of gaining against any good team. A good squad—the result; two good backfields.

In the line, there has been a continual scrap since the first day of practice for a place on the team. The Highlander line has a reputation of being a "hard" proposition—ask Tennessee? The line that has started in most of the varsity games can be substituted from end to end and continue to hold. A good squad—the result—a good eleven, with a surplus of good, dependable substitutes.

These men who have composed the squad this fall, omitting the first string men, deserve far more praise and appreciation than they have thus far or will probably receive. It takes a fellow with lots of the old doggedness and downright determination to go out every day, bear his bumps and jolts and then see some other fellow get into the game in place of himself. Yet this is what these fellows have done, day in and day out and it is hoped that next year, such will not be their luck, but instead that they will beat some other good man out for a position on the varsity. They are a real bunch and to them is due to a great extent, the success that has come of Coach Honaker and his "Fighting Highlanders".

Again, the squad and what they have gotten from their labors. It is useless to say that they have learned much in the fundamentals of football under the able tutelage of Coach Honaker. Thus, when they gain don their moleskins in the fall of 1922, they will be far in advance of other good men like themselves who will begin where they once begun. The squad is composed of good material and should yield Coach Honaker some fine varsity caliber in 1922.

Those composing the squad and who have failed to participate in five quarters of varsity football this season are as follow:

Youell, Center, Guard; Musick, Guard; Balch, End or Tackle; Holland, Tackle; Anderson, Guard or Tackle; Greenlee, Guard; Proffitt, Guard; Janoviczky, End or Halfback; Blickensderfer, End; Claybough, Fullback; King, J., Quarterback; McClung, Halfback; Ellis, End; Brown, Halfback; McCall, Halfback; Ruble, Halfback; Justice, End.

Those who have participated in five or more quarters of varsity football this season are as follow:

McLaughlin, Center; Rice, Guard; Dinwiddie, Guard; Sullivan, Guard; Ford, Tackle; Bowles, Tackle; Thrower, Tackle; Schmidt, Tackle; McLane, End; McCall, End; Hendrick, Jimmie, End; John Hendrick, End; Wynecoop, Halfback; Sullinger, Fullback; Gamble, Fullback; McMurray, Quarterback; King, R., Quarterback; Hill, Halfback; Acton, Halfback; Parker, Halfback; Sneed, Halfback.

The above represents the entire personnel of Coach Honaker's squad, both varsity and scrubs and it is some gang of scrappers. We want to see every one of you back here next year fighting for a place on the Orange & Garnet Eleven and for the glory and honor of your old College.

Did you enjoy that bonfire and "feed" on Thanksgiving evening? Further, do you know who did most to make it possible? DR. WILSON! How? Simply by purchasing *at his own expense*, the "eats" for the occasion. he feed was "on" Dr. Wilson.

Few stopped to think, as they were participating in the celebration, of the quiet, unassuming man whose whole life is given to the students in unselfish service, but that man, content to stand in the background and observe the happiness to which he had so generously contributed, has the sincere love and admiration of every student.

Miss Effie Erickson attended the funeral of the father of Emaline Warrick, last Friday. Miss Warrick was a student in M. C. in 1919 and 1920.

TOWN BUSINESS MEN TALK OF CHAMP TEAM

Old Grads and Supporters Are Pleased With Season.

Below are several brief statements as voiced by the business men of Maryville who have watched the Highlanders in their games this year, and they are very indicative of the opinion that is uppermost in the minds of all who are behind them and who want to see football forge ahead on College Hill.

"Maryville has taken high football rank this season. Three outstanding reasons seem responsible: There has been a great supply of enthusiastic material for a winning team; that material has been worked into most perfect form by an efficient coach; and team and coach have featured clean, manly sportsmanship. With weight, intelligent training, a thorough belief in honest athletics, and an enthusiasm that dispels gloom, what might not be expected? If reports are true, Maryville has left only the most favorable impression abroad as well as at home. Both Coach Honaker and the team are to congratulated!"—Jas. B. Hedge, Jr., Maryville Enterprise.

"Maryville's showing this year places her in the class with the strongest Dixie Elevens.

"With the new athletic field almost complete, with the co-operation of the Alumni, the Business Men of Maryville, Coach Honaker and all the Highlanders, I say, next year let's make it "Champions of the South" instead of "East Tennessee.—Dave Proffitt, Ellis-Proffitt Company.

"The 1921 Football Team will long be remembered. It has taken Maryville College out of one class and placed it in another. Now for Centre, Georgia Tech and Harvard".—Dr. John Mitchell.

"I think that Maryville College has one of the best football teams in its history—if not the best.

"I have been following the team on the field for the past twenty years and will say that I have only missed one or two games in that time. Further, I wish to say about the team this year that I have never heard an oath uttered by any of the boys and have never seen a more gentlemanly set of players. Their coolness when in action is remarkable. In fact, I don't think the faculty could hold their heads as well as the boys on the team do.

"If you only have a heart-to-heart talk with Coach Honaker, you will realize just why we have such a clean, hard-fighting team this year. In my opinion, Coach Honaker is the best we have ever had on the "Hill" and he stands for only clean playing and it will be a great loss to Maryville College and to the town if we don't have him and the whole team back next year."—Ed. F. Harper, Harper's Furniture Company.

"I am indeed happy that this opportunity has been afforded me to express, in some measure, my thoughts and sentiments toward our football team this season.

"I have been an enthusiastic follower of all athletic teams which have represented Maryville College for the past ten years and can conscientiously say that the team which has been developed this year under the able and careful tutelage of Coach Honaker, is one of the strongest and hardest-playing teams turned out by our institution and indeed, would be a credit to any college or university with a much larger student enrollment.

"There is no need for me to elaborate upon the achievements of the team during the present season as every one knows well the brand of football they have treated us to. However, I do wish to emphasize one point; that of the clean sportsmanship displayed at all times, and to my knoweldge, I do not know of one single instance wherein the Maryville team has been penalized his season through rough or "dirty" playing—this in itself would be enough commendation for any team, to say nothing of bringing victory and the Appalachian Championship to perch upon the standard of the "Orange and Garnet", and I sincerely trust that they will carry the same spirit with them when they have finished their college courses and entered upon the difficult road of life. MAY THEY EVER WIN".—Hugh M. Waggoner, Waggoner's Drug Co.

"The 'high powered' calibre and good sportsmanship of the Maryville College football team this season is a matter of common knowledge, and needs no special elucidation. Although volumes could probably be written on their glory and success on the gridiron, we merely wish to say that we are always with the boy from the "Hill" —WIN OR LOSE.

"We further wish to commend the efforts of Coach Honaker which have made the success of the present season possible, and we sincerely hope that his return next year can be arranged for."—Tipton-Dunn & Webb Clothing Company.

"The 1921 football team has won an enviable reputation. It has been composed of clean, manly fellows, coached to play a hard game. Following every game, there have come words of praise for their conduct, both on and off the gridiron. This high praise speaks volumes for the excellent work of Coach Honaker. With such coaching and with such excellent material which he has had to work with this year, along with the loyal support, both on the Hill and in town, it is little wondered that the team has made such a remarkable showing this season.

Such a team is a real asset to the College and we are looking forward to a great season for 1922."—F. L. Proffitt.

The season opened with an enormous amount of interest of all Maryville alumni and friends. So far as the first game was concerned, there was no indication whatever of the startling reports which were to follow and which were destined to make the season of 1921 one of the most remarkable of all gridiron years.

But in the ensuing games, events developed with a vengeance and when the season closed, the 1921 team presented the most powerful aggregation of players that has been on old M. C.'s gridiron for a long, long time.

The successes of this season were due in large measures to the excellent coaching of Coach Honaker and to the cooperation, concentration, teamwork and unselfishness of the squad.

The M. C. football team of 1921 was one of the best that ever fought under the banner of the Orange and Garnet and as alumni and friends, we are justly proud to be represented by a team which has maintained such a high degree of physical and mental and moral courage.

Dr. Earle Crawford,
Class of 1912.
Quarterback on Highlander Varsity for three years.

The above sentiments are mighty fine and furthermore, they are genuine and it is hoped that next year, the faith as indicated above will have no cause to falter for we want to see a greater eleven on College Hill in 1922 than in 1921, for we are going to have much bigger schools to compete with and stronger teams to battle with.

Football Prospects For Season of 1922

(Continued from page one)

Maryville this time, playing in Knoxville, October 7th.

These are the only dates definitely fixed, but letters are out for games with Transylvania, Georgetown, Roanoke, Davidson College of North Carolina, Mississippi A. & M. and Emory & Henry, while it will probably be Maryville College vs. University of Chattanooga at Chattanooga on Thanksgiving.

Our record this year has been such as to command the attention of all the better schools in this section and we shall certainly have no trouble in getting some real football teams to Maryville to display their wares on the new athletic field which is now in the course of construction.

L. S. Honaker.

SIDE LIGHTS FROM JOURNAL & TRIBUNE

Casual Comments On The Champs.

J. Rod Armstrong

While we all know what kind of a team the champion Highlanders are it is also interesting to note just what our less enlightened contemporaries in the neighboring suburb have had to say of the Fighting Honaker bunch. The beginning is usually the best place to start and for that reason let us notice that the Journal & Tribune says: "It is safe to say that the team that starts against K. H. S. will be one of the heaviest and most promising elevens turned out by Maryville in recent years."

hTey must have been afraid of that bunch of seven bright little (?) fellows we had in the line for here we catch them saying "One point cannot be overlooked. The Highlanders will bring a line to Knoxville Saturday that will out-weigh Tennessee defense. Not in recent years has Maryville been able to muster such a hefty crop of footballers." Yes, but boy, just observe our smoke from now on.

Then too, "to be figured with is that do-or-die spirit that the Highlanders carry to Knoxville under their Garnet jerseys." Well, why not? It's part of the old Hill. That spirit must have worried those fellows for we meet again the statement. "Perhaps the most serious factor Tennessee will face today is the determined do-or-die spirit the Highlanders always put into their efforts against the Vols."

Then we saw the woeful squeal "Highlanders Hold Vols To 7-0 Count". It ought to read "Vols were Lucky". because if any body ever did have a horseshoe fly up and smack his mug it was the old fighting Vol on October first because; "At times the Highlanders clearly outplayed Tennessee and forced them to assume the defensive role thru-out the greater portion of the game". "Maryville threatened more than once".

Not only that but Maryville also rushed the ball 64 yards to 56 for the followers of Banks and Holt; Parker punted so much better than the "Iowa Flash" that we just about substituted Fizzle for Flash on several instances.

Just about that time the Highlanders began to be the fan-critics among the wagering bunch as we see when old J. & T. says "Maryville will enter the fray, (with Mililgan) a favorite". Then we drift on after squashing Milligan to the Thursday before the Roanoke game when we read "The way they are going right now, it is going to take an avalanche of strength to stop them, and combining their defensive strength with their battering ability, it is going to be a mighty fine football machine that Coach Honaker will present to West Virginia gridiron fans on Saturday". Yes indeed, that is just what the folks thought at Bluefield where "Playing the best game of the season up to date the Maryville Highlander triumphed over the strong Roanoke College eleven, 16-0 here today". Read it and weep.

After a week's strenuous rest, full of hard work, we suddenly discover that "The Highlanders have a rugged line that holds like a wall when it wills. They also have two sets of backs that might well give any defense a gruelling afternoon".

Then later "Maryville out-rushed her opponents by a goodly margin"; "and when the final whistle blew, just as darkness was beginning to threaten an untimely end to the fray, it left Maryville the only undefeated team among the members of the Appalachian Intercollegiate Athletic Conference".

Maryville was again a favorite when we met the Wasps with their Foreign Missions shift; we call it that because any heathen might use it, E. & H. could not; and on the following day "A new football monarch emerged from the fastnesses of the Smoky Mountains—when Maryville buried the hopes of Emory and Henry under a top-heavy 34-7 score, thereby capturing the championship crown of the Appalachian Collegiate Athletic Conference."

Thus we see that "The Presbyterians are rounding out one of the best records hung up since 1915 when Coach Keifer developed a team which scored 257 points and had an uncrossed goal line", and when we met Chattanooga, unfortunately without her star we trounced her soundly and Won for ourselves the title of the best college team east of the Cumberlands.

15 For the Team and Make 'EM B I G! ! ! ! ! !

ALPHA SIGMA— THETA EPSILON JOINT MEETING

The pouring down of the rain last Saturday evening did not prevent the pouring forth to Voorhees Chapel all true Theta Epsilons and loyal Alpha Sigmas to their first joint meeting of the year.

At 7:30 p. m., when the meeting was called to order by President Magill, an analytical spectator would have observed that the audience had assumed the considerate proportions of two seats occupied and one vacant, all of which indicates that there is an unwritten code among 'moonshiners' as in any other established business or profession.

The program, being presented by the Alpha Sigmas and Theta Epsilons, was naturally of a superlative quality, and the numbers were so arranged and prepared that the most critical person would have admitted that an extraordinary performance had been presented.

Following an opening prayer by Dr. McMurray, the Impromptu Quartet composed of R. Lohr, H. Robison, E. Jackson and A. Stewart sang two melodious selections, both of which were recognized and appreciated by the receptive and kind hearted audience.

Then Susan Carson read a one-act play which displayed her versatility and strong interpretation. The audience was really sorry that her encore consisted of but a curtsy.

Madeline Huizinga, cello soloist, then gave an exquisite interpretation of Ethelbert Nevin's "A Love Song". It was noticed that the "moonshiners" were deeply affected.

We were now mentally transported to the dim, mystic Orient as Mrs. Ellis recited Kipling's "Mandalay". The poem was read in that rollicksome, yet yearning manner with which we always associate the hapless "Tommy" who is longing to return to his Burma girl.

Then Cephas Lippard, one of our most prominent soloists, ably accompanied by Nanette Walker, sang "Boy of Mine". We like the way "our Cephas" smiles when he sings. It is a pleasure to listen.

The two toasts of the evning, "To Alpha Sigs" by Janet Ensign and "To Thetas" by Chad McClure, deserve special commendation as they both contained wit, ingenuity and loftiness of thought.

The Alpha Sigmas must surely realize more fully the beneficial influence they can exert after hearing Miss Ensign enumerate the activities of every kind in which they have always participated.

Chad McClure, in his own inimitable way, captivated the audience as he delivered his toast "To Thetas".

The program now being over, and our mental appetite being satisfied, we retired to the refreshment room to obtain physical nourishment; thus concluding a well balanced and thoroughly enjoyable joint meeting.

MARYVILLE COLLEGE CALENDARS, bound in black pebble grain leather, $1.25. Limited supply on hand.

"It's all in how you take it", said the pickpocket.—The Kilikilik.

A MARYVILLE COLLEGE CALENDAR, a Christmas gift of distinction.

ALPHA SIGMA OPENS MID-WINTER SEASON

"Rip Van Winkle" Is First Production of Year.

If I were to announce a sale of home-made pies, the kind that mother makes, stampede for my room would ensue, and Mr. McCurry would have to send in a riot call. No we're not advertising a confectionery store, but we have something to offer that is more saccharine than sugar and as "homey" as "Home Sweet Home". Three guesses and you have it, a snappy, tingling, vivacious bit of entertainment known to the readers of Irving as "RIP VAN WINKLE". Why did I say "homey", first of all, because its characteristic of home, hen-pecked husband and everything. Second, because its to be presented by home-talent, more particularly, by the members of the Alpha Sigma Literary Society.

When and where did I hear you inquire? That's easy to answer—Monday, December 5, 8:00 P. M. at the College Chapel. A nominal fee of thirty-five cents covers all expenses.

The cast is as follows:

Rip Van Winkle - - -	Leslie Poe
Derrick Von Beekman,	Mason Mann
Nick Veddan - -	James Jackson
Hendrick - - - -	Malcolm Miles
	Ernest Kidder
Cockles - - - -	Dewey Eitner
Seth Slough - -	William Magill
Gretchen - - - -	Myrtle Ardis
Meenie - - - -	Ruth McMurray, Alice Johnson

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—Its College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to th Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Trainin 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, at the discipline is careful. The students' spiritual welfare is the first co..cern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24, a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Thanksgiving Game Brings Great Season to Close

(Continued from page one)

Maryville's ball in middle of field. Time out for Chattanooga. First down, 10 yards to go. Sullinger gained 6 yards through line, second down, 4 yards to go. Hill fumbled, Chattanooga recovered. Chattanooga's ball on her own 45 yard line. First down, 10 yards to go. Cate failed to gain, second down and 10 yards to go. Cate failed to gain around left end, third down and 10 yards to go. Chattanooga punted 35 yards, McMurray returning 10 yards. Maryville's ball. First down and 10 yards to go. Sullinger gained 9 yards through line, second down, 1 yard to go. McMurray gained 12 yards through line by quarterback sneak and first down Maryville. Maryville's ball on Chattanooga's 43 yard line. Hill gained 5 yards throughl ine, second down, 5 yards to go. Sulilnger gained 9 yards through line and first down Maryville. First down, 10 yards to go. Hill took possession of ball and by eluding, sidestepping and squirming, got through the entire Chattanooga team for 35 yards and touchdown. This touchdown came in first five minutes of play., McMurray kicked goal.

Score: Maryville 7; Chattanooga 0.

Sullinger kicked off forty yards to Chattanooga, Cate returning 22 yards. Chattanooga's ball on her own 42 yard line, First down, 10 yards to go. Cate thrown for a 3 yard loss, second down, 13 yards to go. Pass, Cate to Sussdorf netted Chattanooga 6 yards, third down and 7 yards to go. Pass, Cate to Murkett broken up by McLaughlin. Fourth down, 7 yards to go. Time out for Maryville. End run by Barnes around Maryville's right wing netted Chattanooga 20 yards and first down, first down and 10 yards to go. Williams failed to gain, second down and 10 yards to go. A Chattanooga pass broken up, third down, 10 yards to go. Pass, Cate to Sussdorf broken up by Acton, fourth down, 10 yards to go. Ball on Maryville's 36 yard line. A fake boot for a field goal and then a pass through line of scrimmage netted Chattanooga 9 yards. They lost ball on downs. aMryville's ball on her own 27 yard line. First down and 10 yards to go. Sullinger gained 5 yards through line, second down and 5 yards to go. Hill gained 9 yards through line and first down Maryville. Ball on Maryville's 39 yard line. Hill gained 10 yards through line and another first down Maryville. First down, 10 yards to go. Acton went through line for 9 yards, second down, 1 yard to go. McMurray gained two yards and first down Maryville. Ball in Maryville's possession on Chattanooga's 21yard line. Time out for Chattanooga. First down, 10 yards to go. Acton circled left end for 10 yards and first down Maryville. First down, 10 yards to go. Hill failed to gain. Second down, 10 yards to go. McMurray, by quarterback sneak, gained 4 yards through line. Third down, 6 yards to go. Ball within 6 yards of Chattanooga goal line. Sullinger failed to gain through line, fourth down, 6 yards to go. Fake pass, McMurray to Acton netted Maryville the necessary 6 yards, Acton going over for touchdown. McMurray kicked goal.

Score: Maryville 14; Chattanooga 0.

Sullinger kicked off 40 yards to Chattanooga, Peak returning 10 yards. Chattanooga's ball on her own 30 yard line. First down, 10 yards to go. Peak gained 5 yards through line, second down, 5 yards to go. Barnes gained 4 yards around end, third down, 1 yard to go. Sussdorf thrown for 5 yard loss, fourth down, 6 yards to go. Chattanooga punted 38 yards, McMurray returning 10 yards. Maryville's ball on their own 46 yard line. First down, 10 yards to go. Sullinger hit the line for 4 yards, second down and six yards to go. Hill gained 1 yard through line, third down and 5 yards to go. Whistle blew, quarter up with ball in Maryville's possession on Chattanooga's 49 yard line.

Score: Maryville 14; Chattanooga 0.

Second Quarter

Maryville's ball on Chattanooga's 49 yard line, third down, 5 yards to go. McMurray gained 2 yards thru line, fourth down, 3 yards to go. Hendrick punted 45 yards, ball rolling outside Chattanooga's goal line, brought back and put in play on Chattanooga's 20 yard line. First down, 10 yards to go. Barnes failed to gain, second down, 10 yards to go. Peak gained 2 yards through line, third down, 8 yards to go. Cate gained 2 yards through line, fourth down, 6 yards to go. Cate punted 38 yards, McMurray downed in his tracks. Maryville's ball on her own 35 yard line. First down, 10 yards to go. Sullinger gained 5 yards through line, Maryville offside, penalized 5 yards. Maryville's ball on her own 30 yard line. Hill went through line for a gain of 20 yards and first down Maryville. First down, 10 yards to go. Acton gained 9 yards through line, second down and 1 yard to go. Acton gained 3 yards through line, ball going outside, and first down Maryville. First down, 10 yards to go. Maryville's ball on Chattanooga's 32 yard line. Hill went through line for 4 yards, second down and 6 yards to go. McMurray fumbled, Peak recovering for Chattanooga and running 20 yards before being downed by the spectacular work of Acton. Chattanooga's ball on Maryville's 40 yard line. First down, 10 yards to go. Williams failed to gain, second down, 10 yards to go. Barnes failed to gain, third down, 10 yards to go. Time out Maryville. Pass, Cate to Barnes netted Chattanooga 4 yards, fourth down, 6 yards to go. Chattanooga punted 30 yards, McMurray fumbling on Maryville's 10 yard line, Chattanooga recovering. First down, 10 yards to go. Chattanooga failed to gain, second down, 10 yards to go. Williams failed to gain, third down, 10 yards to go. Acton intercepted pass and ran 90 yards, but play ruled out and ball brought back and put in play on Maryville's 10 yard line in Chattanooga's possession. Fourth down, 10 yards to go. Acton intercepted Chattanooga pass behind Maryville goal line and a touchdown for Maryville. Ball brought out to Maryville's 20 yard line in Maryville's possession. First down, 10 yards to go. Sullinger failed to gain, second down, 10 yards to go. Hendrick punted 40 yards, Peak of Chattanooga fumbling and McLane recovering for Maryville on Chattanooga's 47 yard line. First down, 10 yards to go. McMurray bucked line for 3 yards, second down, 7 yards to go. Acton broke through for 20 yards and first down Maryville. First down, 10 yards to go. Hill went through for 9 yards, second down, 1 yard to go. McMurray gained 9 yards and a first down Maryville. Ball on Chattanooga's 20 yard line. Acton went through for 20 yards and touchdown. McMurray kicked goal.

Score: Maryville 21; Chattanooga 0.

Sullinger kicked off 45 yards to Chattanooga, Peak returning 15 yards. First down, 10 yards to go. Chattanooga's ball on their own 30 yard line. Williams gained 2 yards through line, second down, 8 yards to go. Pass, Cate to Sussdorf incomplete, third down, 8 yards to go. Pass, Cate to Williams incomplete, fourth down, 8 yards to go. Cate punted 40 yards to McMurray who returned 10 yards. First down, 10 yards to go. Acton skirted right end for 7 yards, second down, 3 yards to go. Hill made 5 yards through line and a first down Maryville. First down, 10 yards to go. Sullinger made 5 yards through line, second down, 5 yards to go. Hill failed to gain, third down, 5 yards to go. McMurray punted 30 yards, Chattanooga fumbled but recovered. Chattanooga's ball on their own 20 yard line. First down, 10 yards to go. Cate gained 4 yards through line, second down, 6 yards to go. Pass, Cate to Sussdorf gained Chattanooga 14 yards and first down. First down, 10 yards to go. Acton intercepted a Chattanooga pass of 35 yards on the Maryville 35 yard line, but failed to get way. Maryville's ball on her own 35 yard line. First down, 10 yards to go. Hill gained 5 yards through line. Half ended with ball in Maryville's possession on their own 40 yard line.

Score: Maryville 21; Chattanooga 0.

Fourth Quarter

Maryville's ball on her own 40 yard line. Second down, 6 yards to go. McMurray gained 13 yards through line and a first down Maryville. Chattanooga offside and penalized 5 yards and another first down, 1 yard to go. McMurray gained 6 yards through line and a first down Maryville. First down, 10 yards to go. Acton broke through Chattanooga's first and secondary defense for 27 yards and touchdown. McMurray failed to kick goal.

Score: Maryville 34, Chattanooga 0.

McLaughlin kicked off 45 yards to Chattanooga who returned 15 yards. First down, 10 yards to go. Williams gained 2 yards thru line. Second down, 8 yards to go. Pass, Barnes to Redd incomplete, third down 8 yards to go. Barnes made 10 yards thru line and a first down Chattanooga. First down, 10 yards to go. Pass, Barnes to Sussdorf incomplete, second down, 10 yards to go. Chattanooga fumbled, Cate recovered and gained 8 yards, third down, 2 yards to go. Both teams offside, third down, 2 yards to go. Pass, Barnes to Redd netted Chattanooga 12 yards and a first down. First down, 10 yards to go. Chattanooga fumbled, Ford recovering for Maryville. First down, 10 yards to go. Acton gained 5 yards through line, second down, 5 yards to go. King gained 4 yards around right end, third down, 6 yards to go. Hill gained 18 yards off tackle and a first down Maryvilleville. First down, 10 yards to go. Hill failed to gain, second down, 10 yards to go. Maryville offsides and penalized 5 yards, second down, 15 yards to go. Pass, Hill to Hendrick incomplete. Third down, 15 yards to go. Parker, on a perfect onside punt of 9 yards and Acton recovered, getting through for 45 yards but ball was brought back. Oval went to Chattanooga on downs. Chattanooga's ball on their own 39 yard line. First down, 10 yards to go. Williams failed to gain. Second down, 10 yards to go. Pass, Barnes to Sussdorf gives Chattanooga 6 yards, fourth down and 4 yards to go. Pass incomplete. Ball went over to Maryville on downs. Maryville's ball on their own 45 yard line, first down and 10 yards to go. Hill gained 4 yards through line, second down 6 yards to go. Hill gained 1 yard through line, third down, 5 yards to go. Jimmie Hendrick gained 3 yards around right end. Fourth down and 2 yards to go. Fake pass, King to Thrower gains 25 yards, but play ruled out and ball brought back, fourth down, 2 yards to go. Cate of Chattanooga intercepted a Maryville pass. It was Chattanooga's ball on their own 30 yard line. Cate gained 5 yards through line. Second down, 5 yards to go. Williams gained 1 yard through line, third down, 6 yards to go. Chattanooga failed to gain through line, fourth down, 6 yards to go. Pass, Cate to Redd netted Chattanooga 7 yards and a first down. Whistle blew ending game.

Score: Maryville 34; Chattanooga 0.

HAPPENINGS IN THE EXPRESSION DEPARTMENT

Miss Goldie Nicely gave two numbers Friday night at the meeting of one of the Circles of the Baptist Church.

Miss Irene Bewley, a teacher in the department of Expression last year, is reading in Colorado and Kansas this winter, with Lyceum bureau.

At a social gathering at the home of Mrs. Waller on High Street, on last Thursday, Miss J. Lynn McClung and Miss Susan Carson read before an appreciative audience.

Miss Mary McSpadden read a Thanksgiving number at a social affair at the Presbyterian church last Thursday.

Miss Alberta Frow gave two numbers at a recital given in the Rockford Presbyterian church, last week.

CAMPUSISMS

Miss Margaret Willis has returned from Knoxville where she has been visiting her aunt at the "Wesley House".

Miss Myrtle Stonecipher has returned to the Hill after being summoned home on account of the illness of her mother and the death of a baby brother. We are glad to know that Mrs. Stonecipher is very much improved and we extend sympathy to the entire family over the loss of the brother.

Miss Elizabeth Montgomery's sister visited her last week.

SENIOR Y. W.

Oftentimes it proves beneficial for an organization to stop and consider its purpose and relationships. This was the central thought of Senior Y. W. Sunday afternoon, Under the leadership of Nanette Walker and Effie Erickson the girls were told not only of the Y.W.C.A. work of College Hill, but also of the relationships of this association both nationaly and internationaly, and of what a big, world-wide movement it is really a part. These ideas bring to the mind that along with the social life and good times of Y. W. girls there also comes a real responsibility.

Special numbers, a reading by Sidna Sherrod and a cornet solo by Dollie Enoch were enjoyed by the large number present.

Highlanders Defeat Wasps And Capture Title

(Continued from page one)

placing oval on E. & H. 15 yard line. A line buck by Acton netted the Highlanders 15 yards and another touchdown. McMurray kicked goal.

Score: Maryville 14; E. & H. 0.

There was no further scoring in the first quarter, however, Emory & Henry had a good chance to show its real offensive strength when they recovered a Maryville fumble on Maryville's 40 yard line, but to no avail they pommeled the Highlander line. The period ended with the oval in Emory and Henry's possession in midfield.

Score: Maryville 14; E. & H. 0.

Second Quarter

Emory & Henry fumbled on the second play and Maryville took possession of oval in midfield. Hill made 20 yards through tackle and McMurray, by his quarterback sneak, went the remaining distance for another touchdown. McMurray kicked goal.

Score: Maryville 21; E. & H. 0.

Maryville kicked off to Emory & Henry, but they fumbled again on the second play, Thrower recovering for Maryville on the E. & H. 25 yard line. Emory & Henry stiffened in their defense and held for two downs in succession when Hill attempted a drop-kick which went wide of the uprights. Emory and Henry took possession of the ball on downs on their own 10 yard line and punted. Maryville soon brought the oval on first downs to the shadows of the Wasp goal line, Acton going through for touchdown. McMurray kicked goal.

Score: Maryville 28; E. & H. 0.

Maryville kicked off to Emory & Henry, but on the third down, E. & H. fumbled the oval and Thrower recovered for Maryville on the "Wasp" 20 yard line and after a first down, McMurray skirted end on his quarterback fake for another touchdown. The ball was grounded in going over goal line and Referee would not allow an attempt for goal.

Score: Maryville 34; E. & H. 0.

Emory and Henry kicked off to Maryville, Sneed skirted end for a distance of 20 yards when the whistle blew for the end of first half, with ball in Maryville's possession in midfield.

Score: Maryville 34; E. & H. 0.

Third Quarter

In this quarter, Coach Honaker sent in a drove of substitutes and the result was that the ball seesawed up and down the field thruout the quarter, with neither team having the advantage. However, E. & H. did advance the oval to the Highlander 30 yard line, but to be held on downs. There was no scoring.

Score: Maryville 34; E. & H. 0.

Fourth Quarter:

This quarter was also an evenly divided affair, with the ball going from one to the other until the last few minuites of play. Maryville punted, E. & H. putting oval in play on Highlander 45 yard line. The Wasps gained a first down and from the Highlander 35 yard line, they attempted a placement kick, being partially broken up by McLane. Emory & Henry recovered and took oval to the Highlander 15 yard line. Failing to gain through the Highlander line, the Wasps passed and Perry received and ran across the Highlander goal line for Emory & Henry's lone marker of the game.

Score: Maryville 34; E. & H. 7.

Before another play could be executed, the whistle blew ending game.

The Line-Up:

Hendrick, John	l.e.	Vial
Ford (captain)	l.t.	Dickenson (captain)
Dinwiddie	l.g.	Cole
McLaughlin	c.	Eddins
Rice	r.g.	Wiley
Thrower	r.t.	Ball
McLane	r.e.	Williams
McMurray	q.b.	Caldwell
Acton	r.h.	Perry
Hill	l.h.	Kelly
Sullinger	f.b.	White

Score by periods:

Maryville	14	20	0	0	—34
Emory & Henry	0	0	0	7	— 7

Scoring: Maryville, touchdowns: Acton 2; McMurray 2; Sullinger. Goals after touchdowns, McMurray 4.

Scoring: Emory & Henry, touchdowns: Perry. Goal after touchdown, Caldwell.

Officials: Referee, Lowe, Tennessee; Umpire, Crawford, Vanderbilt; Headlinesman, Bond, Maryville.

MEN LACK COURTESY SAYS COLLEGE PAPER

By Universal Service

Berkeley, Cal., Nov. 19—Men students of the University of California were scored for their alleged lack of courtesy to co-eds in an editorial in the recent annual women's day edition of the *"Daily Californian."*

Leading off with a quotation from Arthur Brisbane, that civilization is a million years ahead of the people, the editorial continues:

"Judging from the way some students on the campus act, we are forced to believe that there is some truth in Mr. Brisbane's statement. The haste and excitement of college life may be responsible for the evident lack of manners of college students, but not altogether responsible.

"It has become a rare sight to se a man with his head uncovered while talking to a woman on the campus. Men sit comfortably in seats in crowded lecture rooms while women stand or sit on the floor. The college women have grown accustomed to these discourtesies, bu will the women a man associates with after he leaves college overlook these faults?

"Co-education has been cited as a cause of this condition. It has been said that men and women competing with each other from grammar school days through college lose this respect, as shown in good manners, for each other. This argument does not hold weight, because men and women must mingle in later life, so why not in their school days?"

"The lack of attention we have shown patrons and patronnesses at campus dances is an argument in favor of Brisbane's theory. Just a little forethought would remedy this situation.

"Why wait until the far-off date in the future to bring an era of better manners to this world? We all pride ourselves on being well bred; then let our manners be a reflection of what we consider ourselves to be".

On Sunday afternoon Mr. Geo. E. Helm of the King Mantel Company of Knoxville will address the Y. M. C. A. Mr. Helm is an advertising man of much prominence and his address is expected to be of great value.

Have you enjoyed that hazardous pleasure of making out your Christmas gift list yet? It's the thrill that comes once in every year. It's a matter of conjecture, a gamble, a worry perhaps, and yet isn't it great? And don't you love to hear the sighs of satisfaction on Christmas morning when your pleased family and friends clasp close what you gave them? And don't you feel repaid for poring over that list to make it satisfactory? Better get to it at once if it isn't made out yet. And if it is, it is just the right time to start shopping now while stocks are complete.

Basketball Coming. Let's Have That Pep!

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE | DECEMBER 8, 1921 | NUMBER ELEVEN

HIGHLANDERS ADD LAST SCORE TO YEAR

Post-Season Affair Adds To Victories of Orange and Garnet.

Despite the fact that the football season is supposed to end at Thanksgiving and although no score was brought back from Sunshine, the game last Monday was interesting and full of thrills from beginning to end. The following sums up the game by quarters:

First Quarter

The whistle sounded—a train whistle, to be sure, but it started things, nevertheless. Each Highlander not in football togs but almost as effectively costumed, and each lady-fair, bundled in sweaters, got on the train to the merry jingle of skillets and tin cups. The run to Sunshine was snappy and gave promise of something snappier just ahead. Features of the first quarter were—getting on the train at Maryville and getting off at Sunshine.

Second Quarter

Various plays exhibited themselves in this quarter. The goal was the top of the hotel on the top of Mt. Luke and everyone attained it. Some took the short but steep path all the way, some chose it for only part of the way, while some disdained it entirely. The radiators in the hotel did not give enough heat so fires were built in the open. They did. So well, that it was hard to leave them, although watches and other time-pieces called time-up. The hike down the mountain featured nothing of general interest.

Third Quarter

Mrs. McMurray made the success of this quarter not only possible but perfect. The menu was suitable, thanks to her. The cooking was enjoyable, thanks to the chefs. The eating was super-excellent, thanks to—oh! that's where everyone starred.

Fourth Quarter

No matter how intersting a game may be throughout, the final quarter is usually the most interesting. The game Monday was no exception. No one was too tired to chew gum and lean back against the soft cushions. Pep returned signally when yells were called for. Indeed, everyone joined in voice and in spirit and the train rocked. They were big! The yells, Mrs. McMurray, Coach Lombe, the hike.

REORGANIZATION OF AN ANCIENT BODY

Pre-Med Students Get Together

Those interested in the study of medicine met the other day and organized the Pre-Medical Club for 1921-1922.

The following officers were elected:

President - - - - - Sam Hall
Vice President - - Louise Sheddan
Editor - - - - Fount Robinson
Secy. & Treas. - - - Sue Veasey

A committee on Current Literature and speakers was appointed.

The aim of the club is to do more than get its name in print. It's purpose is to function. We are going to find out something worth while about and get a clearer vision of the great work to which we feel ourselves called.

If you are interested at all in the subject, your place is with us; if you have not yet decided on your life's calling, visit our meetings and find out what the profession has to offer.

THETAS PRESENT SECOND MID-WINTER

"The Heart's Happiness" To Be Presented By Theta.

There is one quality which men have sought after from the beginning of time. Many have never reached it, others have attained to it, and still others are yet searching. Philosophers have philosophized upon it, essayists have written many truths about it, and even poets have used the idea in their rhymes. Since human nature, human interests and human desires remain the same through all the ages, it is not surprising that a dramatist of today should try his luck in solving the problems of happiness. Neither then is it surprising that Theta Epsilon should wish to present such a play.

What is it that every mid-winter audience wants? Experience shows that it enjoys most a modern American comedy, which is full to the brim of reality, humor, mystery, and love. Reality for the lover of truth, humor for everybody, mystery for the romantic and love for the moonshiner. All these qualities and many more are found in "The Heart's Happiness".

When you attended "Rip Van Winkle" Monday night, you started the formation of a good habit which might be called the mid-winter habit. There is a definition by James with which students of Dean Barnes are more or less familiar, to the effect that in habit formation we should make use of energy opportunity. Your chance to strengthen this "mid-winter habit" comes Monday, December 12, at 8 p. m. when Theta Epsilon presents the play, "The Heart's Happiness', featuring the following all-star cast.

Philip Chandos - - Burney Acton
Fermoy MacDonagh - - - - - - - - Howard Sullinger
John Scowcroft - Cecil McLaughlin
Mrs. Chrystal Pole - Goldie Nicely
Miss Perkins - - Virginia Nicely
Mrs. Wreay - - - Susan Carson
Jennie Wreay - - Louise Gallmar
Jennie Carter - - Dennis Blevins
Children - - - (Lucile Campbell (Catherine Wilson
Maid - - - - - Maud Gentry

BOARD OF CONTROL AWARDS MEN HONORS

Football Men Receive Their Letters.

Saturday noon, December 3rd., the Athletic Board of Control met and voted football letters to members of football team of 1921 for their faithful and undeviating services to their Coach and to their College.

A football player in the days when college experiences are but a memory has nothing whatsoever to show for his ability and service but his football letter and every student on the Hill along with the faculty congratulates the men who are receiving their letter, some for the first time, others for the second time and still others for the third. We hope that you may again wear the moleskins of the Orange and Garnet and that your services in the future may be of such calibre as to warrant another football "M".

Those to whom 1921 football letters were awarded are as follows:

Ford, Thrower, McLaughlin, Hill, McLane, Acton, Dinwiddie, Sullivan, Rice, McMurray, Sullinger, Jim Hendrick, Parker, Wyncoop, John Hendrick, King, Sneed.

BASKET BALL SQUAD OUT FOR INSPECTION

Basketball Practice In Full Swing.

Basketball practice is now in full swing, approximately forty candidates presenting themselves daily for Coach Honaker's inspection and instruction. It is not definitely known when, but sometime this week the squad will be cut to some twenty men from which number the Coach is hopeful of whipping a winning bunch of basket tossers into shape. Within another two weeks the Coach expects to select the "five" that will play the initial game of the season against Johnson Bible College on our own floor December 20th. Of course this will only be a practice game, but nevertheless, it will give us a line on the relative strength of the basket tossrs who will uphold M. C.'s enviable reputation for the year of 1921-1922.

The same problem confronts the Coach in basketball as was the case when the football season opened, namely, getting acquainted with his men and their ability to play the game. However, it is a consoling fact to know that we have a Coach who is as well versed in the basket game as they get to be, and if the material which is present on the Hill offers itself, we may look forward to a great team. Furthermore, we must have a great team this year in order to avenge the two defeats dished the Highlanders last year by The Tennessee Five. This must not happen again and too, we have a reputation in basketball that includes victories over old Vandy, Centre, Kentucky State, Tennessee and the other big schools and we want to see that reputation retained this season.

VALUABLE ADDITIONS TO COLLEGE LIBRARY

Generous Gift Received From New England Friend.

Have you noticed the new magazine covers in the Lamar Library?

A generous gift from Miss Annie Cheney, of New Manchester, Connecticut, one of the most interested friends of the College, has made possible the purchase of the new covers for the periodicals. Students who have become accustomed to the dilapidated binders which have covered the Literary Digest, and the Outlook, and all the other popular magazines will be rejoiced to see their old friends in new clothes. The new covers are of the very best quality,—serviceable and attractive.

Miss Cheney's generosity overflowed the actual need for the magazine binders, and has made possible the addition of several valuable reference volumes to the library. Notable among these is a copy of A New Etymological Dictionary, by Professor Weekley, a work of accurate and interested scholarship which is one of the most notable recent additions to the literature of English language study. Another very valuable addition is a copy of Bartlett's Dictionary of Quotations which is one of the most valuable keys to the treasuries of literature.

The students and faculty are very grateful to Miss Cheney for her interest so substantially manifested.

For the Student Friendship Fund Yale has pledged more than $10,000

DEBATE ARRANGEMENTS ASSUME SHAPE

Subjects Chosen And Schedules Framed For Another Successful Season.

The first preliminary for the College Men's Debate Team will be held in Athenian Hall on Monday and Tuesday afternoons, December 19 and 20. Nearly forty men will contest in this try out for places on the teams. The second preliminary will be held on January 16 and 17. The girls' preliminary will be held on January 20 and 21.

The debate schedule for the year is nearing completion. Arrangements for the debate with Centre are still pending but there seems to be no reason to doubt their ultimate completion. The schedule follows:

March 6, Maryville vs Tusculum, Girls.
March 13, Maryville vs. Roanoke,
March 27, Maryville vs. Tusculum.
April 17, Maryville vs. Centre, pending.

The questions for the first three debates have been selcted. For the girls' debate the question is: Labor should have a hand in the management of industry after the general plan of the Proctor-Gamble Company. For the Roanoke debate the proposition is: The principle of the open shop offers the best solution for the Capital-Labor problem. The question for the men's debate with Tusculum is: All revenues of government, federal, state, and local, should be derived from a tax on retail sales.

NEW JOURNAL APPEARS IN TOWN CIRCLES

Public Welcomes First Number of "The Live Wire".

On Wednesday a "maverick" rambled into the journalistic corral of Maryville and proceeded to make itself very much at home. It loudly asserts its claim for recognition and the brand of public approval and indications are that the long-suffering public will submit to this another activity.

This embryo newspaper bears the modest title "The Live Wire" and, as is customary among live wires, it really delivers a shock to its readers. The sheet is a four column, eight page affair somewhat smaller than the Echo. According to its own testimony it is published semi-occasionaaly and owes it origin to the firms of R. H. Chandler and Co., Mitchell Drug Co., The Palace Theatre, The Maryville Bakery and The Candy Kitchen. The real editors prudently neglect to diclose their identity but rumor has it that much of the material of the "Wire's" columns savors of one "Doc" Mitchell, local pill maker, and another Luke Jackson, a business man and dog fancier of wide renown.

Either moved by philanthropic motives or discouraged by the prospect of a subscription campaign, the publishers are offering their paper to the public free, gratis, and for nothing. Copies may be had by calling at either of the firms named above. Careful scrutiny reveals the sheet's absolute innocence of news but it is replete with helpful advertising suggestions, well sprinkled with wholesome humor. Welcome Maryville's Whizz Bang!

"They can't see me for my dust," murmured Mary as she powdered her nose.—The DePauw.

PLANS ANNOUNCED FOR BATES CONTEST

Oratorical Contest Open To Girls of Junior and Senior Classes.

Notice was given some time ago in regard to the subjects for the Bates Prize Contest for the present college year. This year the prize is for the young men of the Senior and Junior classes. Committees have been appointed by the presidents of the interested classes to act as recruiting officers for this contest. There is a large amount of real speaking ability among the co-eds of the upper classes which should insure a contest of unusual excellence this year.

The date for the submission of the manuscripts is the first Tuesday in April. The orations are to be original compositions of the ones submitting them. The maximum word limit is fifteen hundred words. Six typewritten copies are to be submitted, five of them signed with a nom de plume, and one unsigned. In a sealed envelope the contestant is to enclose her name and her nom de plume and this envelope is to be submitted with the manuscripts. The manuscripts are to be left the President's office. A committee of faculty judges reads the manuscripts and selects the best six, which will be delivered at the public contest during Commencement week before a committee of judges selected from outside the College. The rating of these judges determines the winner of the prize. Last year the prize was forty-five dollars. It will be approximately the same this year.

The subjects chosen are as follows:

Our Neighbor Mexico
Dante After Six Hundred Years
The Obligations of Culture
The Twentieth Century and Woman.
Disarmament
The Golden Rule in International Politics.

FOOTBALL MEN GUESTS AT KNOXVILLE FEED

Knox County Association Dines Grid Men.

Since the football season closed the members of the football squad have been the recipients of much honor, both at home and abroad. Dr. and Mrs. Stevenson recently entertained for them with a sumptuous turkey dinner and there are many persistent rumors concerning another banquet which may be given in the team's honor by other Maryville friends. Arrangements have been completed for a banquet which will be tendered in the dining room of the Second Presbyterian Church of Knoxville on Tuesday, December 13, at 7:30 p. m. At this banquet, given by the members of the Knox County Maryville College Association, Dr. Wilson and the members of the the squad will be the guests of honor. The Association is composed of alumni and former students of Maryville College residing in Knoxville and Knox County, and more than 100 are expected to attend the banquet. This will be the first get-together meeting of the Association since its organization several months ago.

A distinctly Maryville gift for that friend—the COLLEGE CALENDAR.

Patronize Those Who Advertise. They Make The Paper Possible.

The diplomats who meet at Washington are of the older generation. Yet, by the decisions which they make, we of the younger generation must live. Is it not well that we turn our attention to their doings?

The main business of students is to prepare themselves through study for participating in the affairs of the world. In focusing our attention upon the problems germane to the restriction of armaments we shall be exercising an influence; for discussion of the armament question, wherever it takes place, adds to the volume of the public voice, diming in the ears of the Washington Conference.

—Intercollegiate Liberal League.

* * * *

We recently received a copy of resolutions and of the constitution framed by the National Convocation of Universities and Colleges on International Relations, which was in session in Chicago on November 12, 13. and 14, 1921. More than two hundred institutions were represented in the gathering and the results achieved indicate that the sessions were characterized by an intense interest and a lofty purpose throughout.

According to the statement in the Constitution the purpose of the organization formed, namely, "The National Student Committee for the Limitation of Armaments", are five as follow: the furnishing of speakers on disarmament to colleges; the preparation of pertinent syllabi; the encouragement of meetings for study and discussion; the conducting of simultaneous straw votes expressive of undergraduates and faculty opinion, and, the furtherance of the cause of international disarmament in every possible way.

The organization of the Committee includes all of the states of the Union grouped into five regions, Tennessee being in the South Central region. Each state chooses a State Chairman who with the other State Chairmen of the region elects from their body a Regional Chairman. The five Regional Chairmen constitute the National Administrative Committee which appoints a National Chairman as National Executive officer.

The resolutions adopted by the Convocation express hearty appreciation and endorsement of the Washington Conference and have been sent to the President of the United States and to the Secretary of State.

It is our belief that the formation of this organization is indicative of a general student interest in international affairs and such an interest augurs well for the future of our nation. Many have expressed a desire to take some steps to promote interest on our own campus and any attempt toward that end would be very timely.

COL. PALMER WRITES FOR COLLEGE PAPERS

Noted Correspondent Tells of Big Conference.

The recently organized National Student Committee for the Limitation of Armaments is conducting a form of news bureau for the student publications of various Colleges and Universities throughout the country. The items, which are sent weekly, are reviews of the actions taken by the Washington Conference during the week and are written by Colonel Frederick Palmer, eminent correspondent and author. Colonel Palmer, the Dean of American War Correspondents, has been through every war of importance from the Graeco-Turkish War of 1897 down to date. During 1914 and 1916 he was the accredited American correspondent with the British Army. During 1917-18 he was a Lieutenant Colonel in the A. E. F. Colonel Palmer has written a number of excellent books among which are, "America In France", "The Last Shot", and "The Folly of Nations". The following is the first of these interesting articles:

Washington, November 25th. The third plenary session has been held this week, and the committees are at grips with their work. At a plenary session all the delegates make a public appearance. Then you may see the chiefs "up stage" and back of them their numerous subordinates, and back of these the representatives of the world's press and all other persons who have sufficient influence to secure tickets of admission. Then you may listen to the clear tones of Mr. Hughes, as Chairman, to the well turned phrases of Mr. Balfour, or the gusty enunciation in Japanese of Baran Kato, while you watch the immobile face of Mr. Root, or Senator Lodge as he thoughtfully presses his fingers together. or General Pershing, sitting so firm and erect.

At the first plenary session Mr. Hughes said to the world: America is ready to cut down her navy, here is her programme. Hitherto, when nations talked about limitation of armament the question was "Who will begin first?" and no nation held up its hand as a volunteer. Mr. Hughes proposed that the three great sea powers start naval reduction at the same time. What would the other two sea-powers say to this? At the second session they accepted in principle. Then committees were appointed to work out the details.

The third plenary session was held in order that Premier Briand of France might state the situation of France. One may be held, if Premier Lloyd George comes to America, to allow him to be as eloquent about his country as M. Briand was about his. This would be only fair play and an equivalent theatrical courtesy.

We shall have a plenary session, too, when the committees have worked out details far enough to make public annoucement of progress. For all that is said at the plenary session is given to the world. The committees do the real work, and this behind closed doors, when, perhaps, it would be better if the doors were kept open. But the world is leaving this to the choice of the committees for the time being as they think that they can accomplish more in secret sessions. Their task is enormous. They are attempting a feat which is without precedent in the war-worn history of the human race. Each nation, thinking in the terms of its own security, must study every angle of the proposals. The details of naval reduction are as complicated as the mechanism of a modern battleship; the details of the Far Eastern problem are as complicated as all the ills that old China is heir to related to all the national intersts that have sought aggrandizement at her expense.

Meanwhile, as the committees labor, we shall hear rumors and conjectures founded on guess-work as to what is going on in the secret sessions. All men and women should unite to discourage ill feeling between nations which will lead to dissension at the council boards.

Failure of the conference means that the world will return to tooth and claw and have to bear a heavier burden of taxation than ever before. Success will mean that we have taken a first definite step toward bringing permanent peace to the world. Every minute that one spends on informing himself on this problem of peace and war, every thought that is brought to bear to help Mr. Hughes and the other delegates will be an aid to success.

CAMPUSISMS

Miss Anne Culberson has been ill, on account of a slight operation, but she is able to be out again.

Miss Margaret Willis was called to Knoxville last week on account of the illness of her aunt. However, she had improved enough to allow Miss Willis to return to Maryville Monday morning.

Miss Margaret Weeks was at her home this last week-end.

It's a wonder there's anything left in Knoxville, after the shopping expedition that Miss Wheelock chaperoned last Monday. About six girls nejoyed the trip.

Misses Carolyn White and Willie Bewley, two of last year's students were visiting on the Hill recently.

Mr. Shorty Sneed has had as his guest his sister.

Edgar Martin, '23, has returned to his home in Mississippi where he will remain until the opening of the second semester. For some time Mr. Martin has been suffering from an ailment of the eyes and upon the advice of specialists he has temporarily abandoned his work on the Hill.

Much enlightenment on the Chinese problem was afforded by an address delivered in Chapel on Tuesday morning by Dr. Hudson. Dr. Hudson has for twenty years devoted his life to missionary service in China and he displayed a thorough understanding of the attitude of the Yellow Race toward world affairs.

It was Knoxville's privilege on Wednesday to welcome one Owen "Hooks" Henderson who hails from 'these diggins". Mr. Henderson is making an intensive study of the methods of operating tea rooms economically and profitably. He reported that the income is satisfactory and will enable him to remain in school at least until the end of the semester.

Prohibition Agent W. P. Seaton recently conducted a raid into Sevier County in quest of the elusive moonshiner. Among others who went with him to uphold the Law was Bo Thrower of Maryville football fame. Thrower thirsted for adventure and his thirst was assuaged.

Only five weeks until exams! Some of the more diligent staden's have already begun to attend class in order to ascertain which texts are eing used.

THE ORGANIZED ORCHESTRA

Out of an apparantly dead organization, the College Orchestra has sprung. Though still a trifle wobbly on its feet, it is full of pep and already making plans for the future. However, in order to keep going, it needs the help of every member, of those who would like to become members, and also it needs the backing up of the entire student body.

Join now! Let's get in front and pull, let's get behind and push. Let's get some new music and let's have a good time.

TIME TURNS BACKWARD TO CHILDHOOD DAYS

Old Fashioned Spelling Match Staged In Athenian.

The Athenians held an old-fashioned spelling match at their regular meeting last Saturday evening. With Arnold and Queener as captains sides were drawn up. Men fell to the right and left before the rapid onslaught of words fired with machine-gun precision by Vance. Sacrilegious claimed seven victims, and hypothesis came second with four to its credit. In the grand finale of the match there was only one man, Burr Bassel, standing on the side of captain Queener, while on the side of captain Arnold there were five, including the captain himself. Bassel succeed in withstanding the attack until finally only he and David King were left to opopse each other, but Bassel at last went down before the tempest, leaving King winner of the match.

James Morrison Brown, better known as Shimmy, was elected program secretary of the society to take the place of Edgar Martin who has been forced to leave school on account of por health.

On the program for next week is a paper on current events, by Edward Cornelius; a sing, by the society; and an extemporaneous debate, debaters to be appointed at time of meeting.

SENIOR Y. W. C. A.

All the Y. W. programs of the year have been of unusual interest and worth but none of them have been more so than the missionary program of last Sunday as directed by Winona Johnston. Girls representing many of the mission countries, dressed in costume, spoke of the actual experiences of missionaries on the various fields. A number of the stories emphasized the fact of answered prayer, showing God's power in the lives of the men. The vocal solo by Edith Longworth was especially appreciated and was in keeping with the theme of the meeting. The program as a whole put forth a devided challenge for the support of the missionary ideal in the different ways possible for the college girls as prayer, general attiude and financial aid for those who cannot enter the field themselves.

If we work upon marble, it will perish; if we work upon brass, time will efface it; if be rear temples, they will crumble into dust; but if we work upon immortal minds, if we imbue them with principles, with the just fear of God and love of our fellow men, we engrave on these tablets something which will brighten to all eternity.—Daniel Webster.

MR. CORWITH VISITS SOCIAL SCIENCE CLASS

Secretary of Chamber of Commerce Speaks On Subject of City Planning.

On Wednesday Mr. Corwith, Secretary of the Chamber of Commerce of Maryville, addressed the class in Social Science on the subject "City Planning, Its Importance and Operation". For some time the class has been studying the operation of different forms of city government and the question of City planning has frequently arisen for discussion. As a supplement to the regular class-room work Dr. McMurray secured Mr. Corwith's consent to lecture upon the subject. Mr. Corwith is an expert in his profession and his broad experience in dealing with city problems enabled him to impart some very very interesting and practical instruction to the class of novices. Such forms of instructionn are enjoyable as well as profitable and would serve in many classes to add diversion to subjects which are frequently monotonous. Mr. Corwith's visit, coming as the result of Dr. McMurray's thoughtfulness was very welcome and an invitation for another visit was extended to him.

BAINONIAN

The outstandng feature of the Bainonian program Saturday evening was a debate as to whether it were better to be a resident of fourth or second floor Pearsons. The many points that would assure one it were better to live on fourth were collected and presented to the eagerly listening audience by Geraldine Odell and Martha Mae Boyer. To confute these arguments Mary Tippet and Hazel Bevan upheldheld the joys and benefits of rooming on second. The judges decision was in favor of the latter.

Other splendid numbers were: a violin solo by Merle Hickman, reading by Lina Hodges and extemporaneous speech, "Why I joined Bainonian", by Virginia Paulsell.

Everybody be sure and come to the new girls' program next Saturday night.

JUNIOR ALPHA SIGMA

The program for Saturday, December 3rd., was very well carried out. Every one present enjoyed it immensely. The program was as follows:

Inauguration Speech - - President Mr. Delozier
Alpha Sigma Advance - Mr. Blickensderfer
Two extemporaneous speeches:
1. The most exciting experience of my life, Mr. Hansen
2. What I think of the monshine system of Maryville Colleges, Mr. Green

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to th Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Trainir 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, at the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Write for a copy of the catalog and other literature to

Maryville, Tennessee

KNOXVILLE BUSINESS MAN ADDRESSES Y

Mr. G. E. Helm Speaks of Business Profession.

One of the most helpful and inspirational addresses of the year was that of Mr. G. E. Helm of Knoxville on last Sunday afternoon. Mr. Helm is the president of the King Mantel and Furniture Company and is one of the leading business men in that city. In speaking of the attractiveness of the business profession Mr. Helm said that one of the fundamental things was to have right attitudes toward the thing you were engaged in. Another thing no less fundamental was belief in self. The consciousness of a dominant power within is the possession of all things attainable that are worth while. The basis of the attractions of business may be said to revolve about the following points:

1. Find a job. Get something to do. If possible find THE job for which you are best fitted, but find a job. A job is a stepping stone to another job.

2. Adjust self to environment. Adjust self to associates.

3. Take care of the body.

4. Learn to think clearly. Keep the mind alert. Learn to remember minor points, dates, faces, and keep engagements.

5. Resolve to be happy.

6. Learn to listen. The fact that every normal man has two ears and only one mouth teaches us the importance of listening.

7. Save money. Spend a little less than you earn.

8. Make yourself agreeable. Don't argue. Discuss matters, for that is the way to find the truth. Be a good mixer.

9. Be a thoro-bred. A thoro-bred never whimpers, never whins. Go until the last minute and then go a minute longer. It is the last minute that counts.

10. Give everybody a square deal.

Regardless of the right or wrong of these points the observance of them is good business.

THE NEW ORDER OF THINGS IN THETA

New Regime Chosen for Second Semester.

That "there is nothing new under the sun" was proved to be most decidedly untrue last Saturday night when the program for Theta was rendered by the new girls of that society.

Some real talent was displayed in the "Minstrel" in which about twenty girls, under the direction of Miriam Palmer, took part. The program was opened by "Mammy" sung by the chorus. "The Agony Four" composed of Rastus, Bones, Snowball and Sambo, furnished quite a bit of amusement individually and as a quartet. Another very attractive feature was a Gypsy Duet. Thetas have agreed that there is also a very graceful swordsman among our number this year. The Saxaphone Sextette was a howling success and the program was brought to a close by the Grand Finale "Ma".

The new officers for Theta are as fololws:

President - - - - - Janet Ensign
Vice President - - - Helen Ott
Secretary - - - Susan Carson
Treasurer - - - Thelma Adair
Program Secretaries - Maude Gentry, Louise Gallmar
Editor - - - - Mary Robison

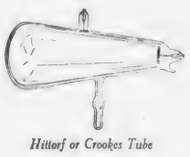
CANDY KITCHEN
FOR COLD DRINKS

EVERY BODY OUT!

After you had attended Junior Y. W. C. A. meeting Sunday, were not you glad that there were so many present but didn't you wish that everybody had been there? Didn't you feel a little conscience stricken because you hadn't adopted the slogan "Everybody out"? How many people did you see later who would have enjoyed the meeting as much as you did? Never mind, you have the same chance next Sunday. Next Sunday we are going to have a Christmas Song Service. Adopt your slogan now, so that no one will miss it.

Dr. Buchanan made a very interesting talk. He told of the kindergarten work which is very important because young minds are easily moulded and because there is an opportunity for work in the home.

School-teaching is a very necessary phase of mission work. Christianity stands for education. Most people who are not Christians are not well educated.



Evangelization is promoted in many ways. Tracts are often distributed. The Gospel is carried through song. Personal work is very important. The meetings are helpful.

Japan must receive our attention now or we will be too late. It will not be many years before Japan will need no more new missionaries.

There is no other profession which more deserving of our support and which gives more satisfaction to those engaged in it.

The Japanese government is going to send representatives to study the religions of other countries. Our lives must be consistent or we may hinder the growth of Christianity.

There were two very pleasant surprises. Percy Buchanan sang "Hold Thou My Hand", and Hazel Bevan read "When Earth's Last Picture is Painted".

Hittorf or Crookes Tube

How Were X-Rays Discovered?

SIR James M enzie Davidson visited Professor Roentgen to find out how he discovered the X-rays.

Roentgen had covered a vacuum tube, called a Hittorf or Crookes tube, with black paper so as to cut off all its light. About four yards away was a piece of cardboard coated with a fluorescent compound. He turned on the current in the tube. The cardboard glowed brightly.

Sir James asked him: "What did you think?"

"I didn't think, I investigated," said Roentgen. He wanted to know what made the cardboard glow. Only planned experiments could give the answer. We all know the practical result. Thousands of lives are saved by surgeons who use the X-rays.

Later on, one of the scientists in the Research Laboratory of the General Electric Company became interested in a certain phenomenon sometimes observed in incandescent lamps. Others had observed it, but he, like Roentgen, investigated. The result was the discovery of new laws governing electrical conduction in high vacuum.

Another scientist in the same laboratory saw that on the basis of those new laws he could build a new tube for producing X-rays more effectively. This was the Coolidge X-ray tube which marked the greatest advance in the X-ray art since the original discovery by Roentgen.

Thus, scientific investigation of a strange phenomenon led to the discovery of a new art, and scientific investigation of another strange phenomenon led to the greatest improvement in that art.

It is for such reasons that the Research Laboratories of the General Electric Company are continually investigating, continually exploring the unknown. It is new knowledge that is sought. But practical results follow in an endless stream, and in many unexpected ways.

EXCHANGES

There is power in the soul quite separate from the intellect, which sweeps away or recognizes the marvelous faith by which God is felt. Faith stands serenly far above the reach of the athesim of science. It does not rest on the wonderful, but on the eternal wisdom and goodness of God. The revelation of the Son was to proclaim a Father, not a mystery. No science can sweep away the everlasting love which the heart feels, and which the intelelct does not even pretend to judge or recognize.—F. W. Robertson.

PLAYING THE OLD GAME

Sam Franklin: "I think Acton is our best man."

Dorothy Winters: "Oh, this is so sudden!"

Columbia University reports thirty students doing settlement work.

At the University of Pennsylvania 1600 students attended banquets given under the auspices of the Christian Association of six denominations. Men from thirty-six states and sixteen foreign countries attended.

President Angell has said: "Stability and sobriety and reason will only assert themselves again as a generation trained to honest thinking and courageous endeavor comes to commands."

The best receipt for happiness is plain, old-fashioned, unadulterated kindness to others.—The White Topper.

The first practice of the 1921 basketball squad took place Tuesday afternoon with thirty candidates reporting. Several members of last year's squad are back, and the material in general is above the average. Funk, Porter, and Forwood, of last year's team are on the job. One forward position and one guard are open, but these places can easily be filled by last year's scrubs or by new material.—The "Georgetown", edition, Dec. 2d., 1921, Georgetown College, Ky.

Miss Adelaide D. Simpson, a graduate of Bryn Mawr and Columbia has the honor of being the first woman member of the faculty at the University of Virginia. She is Dean of Women there this year.

To the mother of a large family life seems to be just one darned stocking after the other.—Teaser.

Stanford University's rugby team will tour the Canadian provinces during the Christmas holidays. They will represent "the Cardinal" as far east as Montreal, if plans materialize. It is the intention to have a complete team, with substitutes, leave for British Columbia on December 21. Games scheduled for January are University of Vancouver, University of Toronto, McGill University and others.

Prof.: "Hey, what's that noise out there?"

Stude: "I just dropped a perpendicular."—University News.

There have been added to the classical department of the University of Cincinnati this year two new courses which have been designed to meet a persistent demand of some years, the presentation of the literature and thought of the Greeks and Romans in English translation. A feature of these courses is, that absolutely no knowledge of either of the languages is a requisite for entering the courses. The sole aim of the department is to present a content-course, that is, that the student shall become acquainted with the ideas first of all, and then, as far as such is possible in translation, with the artistry of the authors.

"This pearl came from an oyster; isn't that a wonderful freak of nature?"

"That's nothing, my sister has a whole string of them that she got from a lobster." —The Green and White.

Central: "812 green?"
Voice: "No, drank one too soon."

Practical Gifts

Have you enjoyed that hazardous pleasure of making out your Christmas gift list yet? It's the thrill that comes once in every year. It's a matter of conjecture, a gamble, a worry perhaps, and yet isn't it great? And don't you love to hear the sighs of satisfaction on Christmas morning when your pleased family and friends clasp close what you gave them? And don't you feel repaid for poring over that list to make it satisfactory? Better get to it at once if it isn't made out yet. And if it is, it is just the right time to start shopping now while stocks are complete.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN — MARYVILLE, TENNESSEE DECEMBER 16, 1921 — NUMBER TWELVE

ATHENIANS PRESENT NEXT MID-WINTER

"The Man of The Hour" To Be Presented on January 9th.

Start the New Year off right by making a resolution now to see the big play that the Athenian Literary Society will present on the first Monday night after returning to the "grind."

THE MAN OF THE HOUR

What a world of meaning that phrase implies—some girls think their "steady" is the man of the hour, some men think they are the man of the hour. But come to the Chapel on January 8th. and see who "The Man o fthe Hour" really is.

This play is truly a man's play, a play with an excellent plot, a play with a moral, a play with humor, a play with pathos, and most of all a real love-story.

In the original cast were such such stars as, Douglas Fairbanks, Charles Stedman, William Richard, Mark J. Cody and others. But the cast presenting it to the students of Maryville College are equally as great (in their own magnitude) they are the following:

Alwyn Bennett - - Charles Sharp
Chas. Wainwright - Ed. Cornelius
Scott G Gibbs - - Vernon Queener
Richard Horigan - Lawrence Crawford
James Phelan - - - Roy McCall
Perry Wainwright, August Johnson
Judge Newman - - Tom Vance
Henry Thompson - - Wm. Jester
Richard P. Roberts, Alvis Johnston
Henry Williams - - Joe Gamble
Mills, the butler)
Payne, the butler) Roscoe Campbell
Dallas Wainwright - Bernice West
Cynthia Garrison, Mary McSpadden
Mrs. Bennett - - Effie Erickson
Ingram - - - - Hugh Clabough

MISCELLANEOUS BILL STAGED SATURDAY

Alpha Sigma Holds Interesting Meeting Saturday Night.

Everybody enjoyed a trip made to a Basketball tuornament as told by Mr. Huber. His quiet humor and great interest in the topic aroused much interest on the part of his audience.

We all learned much from the Discourse on Recent Inventions by Mr. Kidder. It was gratifying to all prospective gardeners, florists and agriculturists to know that an invention had been patented which provides for comfort while pulling weeds.

The vocal solo "I'm Wearin' Awa'" by Mr. Stewart received its well deserved applause.

A shiver went up the spines of the hearers as they heard about the Poisonous Reptiles and their Poisons. Mr. Sam Hall did much in his easy, quiet demeanor to allay the fear of dangerous reptiles by those listening to the discourse.

Everybody likes to have the news read to them. It saves so much trouble. Mr. Othel Armstrong performed that duty tactfully and well, and may it be said, fearlessly for everyone came in for his share in the jokes. This weekly paper, the Alpha Sigma Advance started out with a huge success for its first issue in spite of the strike that threatened its overthrow.

BASKET BALL SQUAD WORKING OUT DAILY

Coach Honaker Is Optimistic For Winning Team This Season.

With only one more week of practice before Christmas, Coach Honaker is driving his squad of some eighteen basketballers at full speed in order to get them in shape for immediate action following the holidays. From the way every thing looks just now, old Maryville will have a "Five" that will be there with the best of them when the season opens in early January. At least the Coach, insofar as information is concerned, is rather on the quiet at present, except to say that things are looking "pretty good". Thus we will trust the Coach for he knows pretty well just what's what.

Of course he will spring a few surprises when he sends his team against their first opponents—he has to fool some you know and that's his chief sport—furnishing jolts—yea verily, but happy ones to those who are backing M. C. in an athletic way.

The material this year is very good, with four of last year's letter men on the floor to offset any lack of experience on the part of candidates who are trying for the team. With eighteen good men to work with, the Coach is confident concerning the results which he will get and until after the holidays, the squad will remain as at present but another big cut will be made in the number of men on the squad immediately after practice is resumed in January.

ATHLETES SPEAK IN SUNDAY Y SERVICE

Fundamentals of All-Around Life Discussed By College Men.

There remains no doubt in the minds of those who heard the talks at the Y last Sunday as to the place that athletics must have in the program of a student's life. Speaking from experience, for all of the speakers have taken part in some form of college athletics, these men showed in what way athletics are beneficial to those who engage in them. One of the fundamental things for a man to remember in the development of an all-round life is that the body is the temple of the Holy Spirit.

Aside from the individual good that is the direct benefit of clean sports there is a spirit ingenered that permeates the whole student body which is mainly responsible for college loyalty. The national game which is baseball furnishes an outlet for the play spirit that exists in every normal person and helps keep up the morale of the nation. The college team is one of the most potent factors in building up the name of the college in the eyes of the world. Acton, McClung, Rowan, Secor and McCall were the speakers at this meeting. Rice and Dinwiddie were in charge of the devotional part of the service. Special music was furnished for the meeting by the men's quartette.

GIRLS' TEAM FAST ROUNDING INTO FORM

Spirit Pepping Up And Everything Points To A Most Successful Season.

For several weeks there have been echoes of feminine voices mixed occasionally with the deep masculine tones of Coach Queener coming forth from the confines of the College Gym as the squad of some twenty or more "fast" and apt girls go through their basketball practice and naturally a good natured scrap for a berth on the "five" that will represent the "Coeds" of old M. C. this season. Gee whiz! but 'tis going to be some team, says Coach Queener, when the rough edges have been brushed away and the finishing touches have been applied which will present to us the girls basketball team for the season. At least we sincerely hope that the Coach is right and that he and his troupe of cagers will bring much glory to the College and win much prestige for themselves in their games this season.

Those who are out for positions on the "Five" are as follow:

For forwards, T. Adair; B. Headrick, E. Montgomery, E. Miller, M. McSpadden, Lois Painter, Eva Morelock, Ruth Quinn. Guards: V. Paulsell, S. McCall, L. Heiskell, G. Kuhn, Miss Paccalo, M. McKinny, Miss Brown, Helen Sweeton, Bailey, Blair, C. Caldwell. Centers: S. Sherrod, M. Robison, A. Westfall, Louise Farrar.

Manager Sherard has been very successful in arranging a good schedule and it is needless to say that if a majority of the games are victories for Maryville, the Coach and his team will have won quite a reputation. The possible schedule is

(Continued on page four)

TUSCULUM'S QUINTET PICKED AS WINNERS

One of Maryville's Rivals Showing Good Form.

Journal and Tribune Special.

Tusculum College, Tenn., Dec. 13. Tusculum's basketball team is rapidly rounding into shape, and in view of the showing made thus far in the practice games, local fans are convinced that the quintet of this year is due to win the majority of its games.

Last Saturday evening the team defeated a hard-playing team of alumni and former students by the decisive score of 32-12. Considering the fact that their opponents had in their line-up the two Doaks and Arch Register and that they have played together for several seasons, this score is the more impressive.

Coach Christian has been particularly fortunate in his material this year. Most of last year's squad is back in college, and this group has been greatly strengthened through the arrival of several real stars, among the new men. In their first practice game, when they defeated Newport 35-12, the team showed an offensive that promised big things. Last night they supplemented this with a guarding game sufficiently effective to break up the passing of the stars of other years.

The games of this season are arranged almost exclusively with members of the Appalachian Conference.

FACULTY WOMEN MEET IN NEW COUNCIL

Ways of Helping College Discussed.

Last September a new organization made its appearance at Maryville College. The name, Council of Faculty Women was chosen for this organization. At the first meeting the following officers were elected: Mrs. Stevenson, President; Mrs. McMurray, Vice President; Miss Clemmie Henry, Secretary. The purpose of this organization is helpfulness—to the students, to the other members of the Faculty, to each other, in fact to the College in general.

The meeting held last Friday was typical. The members met at three o'clock in the rooms belonging to the Home Economics Department. At the business meeting which followed, many questions pertaining to the College were discussed. The purpose of each discussion was the same—to discover how the women of the Faculty can best help the College.

After the business meeting, Mrs. Stevenson, assisted by a committee prepared a most delicious supper. The unique thing about this supper was that each member, having brought her own dishes, went to the table, helped herself to whatever she liked, and then retired to whatever corner of the room she chose, to eat her supper. In this way the drudgery of serving and dish-washing was reduced to a minimum.

After supper the members of the Council dispersed, each feeling that the Council of Faculty Women was filling a real need in the life of the College.

CHRISTMAS TREE AND GIFTS IN THETA

Orphans Will Be Entertained Saturday Night.

The Thetas are planning a tree and Santa for a bunch of kiddies. A Christmas celebration without children is difficult to imagine. So the Theta girls are going to give two dozen kiddies a jolly time at their last meeting of the year. Arrangements have been made for transportation and decoration. The Christmas program planned for the children will be given by Billy West, Ruth McMurray, Grace and Ruth Proffitt. Besides the toys for the children an unusual gift will be presented to the girls of Theta Epsilon. On account of the tneder age of some of the guests the program will commencep rmoptly at 6:30 and minutes and roll call will be omitted.

The very enjoyable program which was given in Theta Saturday night proved the worth of the new program committee. Irene Curtis played the part of the new girl on her arrival at Maryville. It was very amusing to see yourself as others saw you during the first week. The matriculation, faculty reception and even the choice of societies was very skillfully carried out. The program as a whole was remarkable considering the fact that this was the night of the dress rehearsal of the mid-winter.

NURSERY FIRM SENDS TREES FOR COLLEGE

Enough Fruit Trees Received For Two Acre Orchard On College Farm.

Near the close of the last school year Professor E. R. Walker in an announcement made in Chapel, described plans which he had formed for beautifying the campus by planting banks of shrubbery against the College buildings. At that time Professor Walker read letters which he had received from nursery firms to which he had written regarding the matter of securing gifts of shrubs to serve the desired end. The letters were of a very gratifying tone, practically every one containing promises of further consideration of the matter.

As the sequel to the first announcement made by Professor Walker comes the announcement that 160 fine fruit trees have been given to the College, free of charge, by the New Haven Nursery Company of New Haven, Missouri. These trees are of very high stock and splendid quality and are sufficient in number to plant an orchard of two acres.

Nor does the generosity of this firm end with the gift described above. With the trees comes the assurance that shrubs for the buildings will be shipped, with the same terms, at a later date.

The College is indeed highly appreciative of this manifestation of the loyal interest and wholehearted support of the New Haven Nursery Company. The gift will form a lasting reminder of their friendship and generosity. It will also serve as a monument to the loyalty of Professor Walker, through whose efforts the gifts were secured.

"ARE YOU LIVING ON EASY STREET?"--Y. W.

Margaret McKinney Leads Practical Meeting.

"Easy Street" was the subject of the Y. W. Sunday afternoon meeting. Some who were not present may wonder just what it means and how it could be applied to college girls. Margaret McKinney, the leader showed how it means just living along the path of least resistence, and then asked Alice McAnulty to speak of two things, "Eating" and "Moonshining" which are apt to lead one along "Easy Street". Mary Elizabeth Clements spoke of three rules which are broken most often and by everyone, namely coming from town after five o'clock, cooking Sunday afternoons and talking after the lights go out. Little things in themselves but they help lead to bigger ones as time after time they are overstepped.

All the girls will agree that it was a helpful and applicable meeting but that the best part of all was the new Y.W. piano given by Miss Hale. It is appreciated, especially by the girls in school this year and it will mean much to those in the years to come.

One half of the world wonders why the other half lives.

Be it ever so homely there's no face like your own. —Berea Citizen.

THE CHRISTMAS MESSAGE

Lo! the sky is solemnly white,
List, this is Christmas night!
The silvery snow, silvery bells,
A message of hope the chime tells—
Jesus, the Prince of lowly birth
In the star lit town of Bethlehem
Brings everywhere, Peace on Earth,
And, Good-will toward Men.

—Frances L. Harris.

And its Christmas again. Christmas!! Christmas! Christmas. But, no matted how many times or with how much emphasis we speak the word it somehow lacks thrill, the old-time thrill it used to strike to our hearts when as kids we counted the days and visited the toy stores and dreamed dreams of "Santy Claus". Ah, those were golden days, when in the afternoon we clung to mother's hand through the crowded streets until darkness fell and the street lights gleamed through haloes of snow. Then we went home and peopled a land of dreams with the glittering joys of the toy stores.

But those toyful joys and joyful toys belong to a sweet yesterday. And as we turn from their memories to a less blissful today we slowly realize—and the realization brings an ache—that with the passing of childhood days come the passing of Christmas, for those days *were* Christmas. So, to the youngsters whom we saw today standing with noses pressed against the windows of a self-styled Toyland must come 'ere long the same bitter realization, for the present-day Christmas is real only to the child.

We have forgotten the true Christmas Spirit. Robbing the sacred occasion of its holy significance we have clothed it with a new meaning—we have modernized Christmas, and Christmas deprived of its rich fulness and given in return only a childish appeal dies for every man when childhood's blossom fades and falls to give place to manhood's fruit. For, what does Christmas mean to a child? A season of happiness occasioned by gifts from fond parents! What an empty meaning to attach to the anniversary of God's gift of love to man, that gift proclaimed by the Celestial Choir outside sleeping Bethlehem "as shepherds watched their flocks by night". For the child who hears at a mother's knee this true deeper meaning of Christmas, the passing years will do naught but enrich and hallow the joys of Yule Tide. Only by going back to that meaning can we regain the Christmas Spirit, and regain it in a richer and fuller measure. Let's forget the modern, commercialized Christmas and restore to the occasion its sacred and holy signficance.

At least twenty-five men in the lower classes made no report. We assume that these have made no decision, making the total undecided, about 112.

Key—D.-Decided; UD-Undecided; F-Foreign.

Replies covered a large variety of callings, but for convenience, they have been grouped under the above general headings.

CARMEN EX COELO

(A Song from Heaven)

By Jno. Grant Newman, DD., LL.D.

1.

'Twas "Glory to God";—
The music so ran;—
And shepherds that night
Stood still for they feared it;
But "peace on earth",
"Good will" to man,
Brought holy calm,
As gladly they heard it.

Then sing, ye hosts,
Forever sing it;
As heaven then rang,
It yet would ring it;
But world, your hearts
Must sweetly muse it,
Or tongues will falter,
And fall, and lose it.

2.

It's "Glory to God",
Then "peace on earth";
Not glory witheld,
And peace e'en without it;
For praise to Him,
Gives peace its birth;
So ran this song
Of angels about it.

Thus sing, ye lands,
Forever sing it;
As heaven then rang,
Ye lands now ring it;
But lands, your hearts
Must daily use it,
Or tongues alone
Will still abuse it.

3.

Heaven's song of peace,
Midst all man's ill,
Could not be sung
Till Gabriel led it;
But now, that "praise"
With God's "Good will",
Brings peace as deep,
As God's who then said it.

Then sing, my tongue,
Forever sing it;
As Judah then rang,
Let me now ring it;
Ah me! My heart
Must highly prize it;
Or base my tongue,
If lone, it tries it.

"HEART'S HAPPINESS IS WELL RECEIVED

Successful Midwinter Staged By Thetas.

"The Heart's Happiness' given by Theta last Monday night was greatly enjoyed by all who attended. Jennie with her sunny smile and happy disposition was a sure cure for all blues. The story of how the idle rich were brought to realize that happiness is found only in doing for others was clearly carried out and well acted throughout the play. Each member of the cast seemed especially adapted to the part he played. The surprise to which Professor Honaker referred was the beautiful new curtains of which all are proud.

VARIED ATTRACTIONS FOUND IN BAINONION

Bainonians Enjoyed a Chautauqua Program Saturday Evening.

Everyone who came to Bainonian last Saturday evening is very grateful to the new Bainonians, because it was they who represented some of the most famous chautauqua entertainers and made us think that we were attending a real chautauqua program. Wonderful talent was shown by: Virginia Paulsell as stage manager. Henrietta Smith as a magician, Ruth Clay, Helen Sweeten, Josephine Neal and Francis Harris as a famous quartet. Elizabeth Montgomery as a reader, Eugena Evans as a pianist, Georgia Kuhn as a child trainer, Katherine Loux as a lecturer.

Special music was rendered by the Bainonian orchestra.

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to th Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Trainir 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, al the discipline is careful. The students' spiritual welfare is the first co..cern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Write for a copy of the catalog and other literature to

Maryville. Tennessee

CHARMS OF MUSIC IN CHRISTMAS SONGS

Junior Y. W. Service Given To Singing.

"Variety is the Spice of Life" so they say. The Jr. Y.W.C.A. programs are surely varied sufficiently to interest all types of girls. The girls who believe that "Music hath its Charms" and who believe the power of music is strong, must have enjoyed the Christmas Song Service last Sunday evening at twilight. The music was certainly charming. The Christmas songs which mean much to us were sung by the assembly. The special music which added greatly to the appropriateness of the service was furnished by Madelaine Huizzinga, Ruth Newton, Mary Biles, and Pansy Cross. It was indeed a helpful and inspirational service.

SCIENCE IN THE AIR

Supercharger Made Record Breaking Airplane Flight Possible.

The recent record breaking airplane flight of Lieut. J. A. MacReady to a height of over 40,000 feet, was made possible through the use of special turbine supercharger. This is a device which takes the scant supply of oxygen from the rarefied atmosphere at these tremendous heights and compresses it to sea level density, supplying it at this density to the carburetors of the airplane engine.

The supercharger does the same thing for the engine that oxygen flasks do for the pilot—prevents suffocation.

Beyond altitudes of 15,000 feet, the aviator must begin to take oxygen.

As the aviator approaches 20,000 feet, the gas engine of his airplane begins to struggle, also for want of oxygen; for at that level there is only half as much oxygen in the atmosphere as there is at sea level. The speed of the engine slows down because there is not enough oxygen for combustion.

Aided by the supercharger, however, the airplane can now master heights unattainable without it. The supercharger has given the gas engine of the airplane actually more vitality than the man who rides in the airplane.

Dr. Sanford A. Moss, research engineer, who designed the G. E. supercharger, has made the apparatus work by means of a complete cycle of operations. The red-hot exhaust gases from the airplane engine, which formerly passed off into the air as wasted energy, are now made to discharge against a small turbine wheel, causing it to revolve at between 20,000 and 20,000 revolutions per minute.

The turbine drives a centrifugal air compressor, which compresses the small percentage of oxygen in the rarefied air to sea level density and feeds it into the carburetors of the engine. That enables the engine to continue running at full power; to continue driving the propeller of the airship; and to continue discharging exhaust gases, which, in turn, continue to operate the turbine wheel.

MILLING—PARHAM

Mr. and Mrs. W. E. Parham announce the engagement of their daughter
Ida Elizabeth
to
Mr. Robert Nathan Milling
Middlesboro, Ky.,
The marriage will be solemnized Wednesday, December 21, 1921.

Wake Forest College North Carolina has recently been accepted as a member of the Southern Association of Colleges and Preparatory Schools.

CANDY KITCHEN
FOR COLD DRINKS

McMILLIN GETS $10,000 JOB

Accepts Offer of Shreveport, La., College, After Turning Down Bids.

Jorunal and Tribune Special.

Danville, Ky., Dec. 13—"Bo" McMillin, Centre college's star quarterback, today accepted an offer to coach Centenary College, Shreveport, La., next season. It was said the contract called for his services for three years at $10,000 a year.

McMillin said that he had accepted the Centenary College proposal, but declined to say anything more.

In accepting the offer, McMillin turned down several other offers, including one from Dallas university, Texas, and one from Howard college, Birmingham, Ala. The Dallas offer was said to have been $7,000 a year for five years.

McMillin has been at Centre college for over four years and was captain of the team for two years before voluntarily retiring last year. He was on Walter Camp's all-American team in 1919 and has been selected by the several authorities as the all-American quarterback this year.

RESEARCH BELOW ZERO

The science of cold—of extremely low temperatures—may be regarded by many persons as still remote from industry. Cryogenics, as this science is called, nevertheless, has become a practical subject, particularly the characteristics of gas mixtures in relation to liquefaction and separation of gases for industrial application purposes. Liquid oxygen has a practical application as an explosive. If an absorbent pad is saturated with a liquid hydrocarbon, it can, in presence of liquid oxygen, be exploded with great violence. The combination is used at the present time in mines in France and Germany. The only commercial use of liquid air is as a source of liquid and gaseous oxygen. Other uses may be developed. Knowledge of cryogenics aids in separation of pure helium. Substituting helium for hydrogen removes many dangers from air-ships and baloons.

NEW X-RAY APPARATUS

Elimination of the danger from contact with high voltage wiring in the use of modern X-ray apparatus, has been accomplished recently by Dr. W. D. Coolidge. The X-ray tube, and transformer are enclosed in an oil filled metal case within which the ordinary household current is "stepped up" to a pressure of between 40,000 and 60,000 volts. The X-rays then pass through the cover of the case and are used in the regular way for making photographs. The case which contains the high tension elements is grounded and swung from a folding arm or bracket allowing the rays to be directed at any angle. Only a low voltage lead of 110 volts is exposed and this comes from the lighting circuit.

The apparatus is suitable for dental work or general radiography. Its development is said to be a big forward step towards making X-ray apparatus safer to handle than at any other time in the past.

A jolly young chemist—tuff
While mixing a compound of snuff,
Dropped a match in the vial
And after a while,
They found his front teeth
And a cuff. —*University News.*

Al: You better get a haircut.
Fal: How's so?
Al: Well, that's cheaper than buying a violin. —*Georgetonian.*

A new rule has gone into effect in the Frosh co-ed dormitory at Beloit, Wisconsin. All girls taking French must necessarily converse in French and infringement of the rule results in a one cent fine for every word not found in the romance language.

MAKING GREAT LENSES—A NEW AMERICAN INDUSTRY

Recent perfection of electrically heated furnaces has made it possible for the United States to manufacture optical glass of a quality equal, if not superior to, that which this country formerly depended upon Germany to supply.

Now we look no longer to the vaunted city of Jena for this material. A new American industry with electricity's aid sees to it that we don't. Forty-inch telescopic lenses are being turned out by a New York State lens company. Cooling the molten glass at just the proper rate is the scientific secret of good optical glass manufacture.

Formerly most of the glass annealing furnaces of this country were fuel fired. Then came electricity.

The even heat of the electric furnace throughout its interior due to electricity's peculiar quality of uniform radiation and the furnace's perfect insulation, its exact control, and its freedom from all gases that might contaminate the furnace charge are proving to be factors enabling America to meet Germany on an even competitive basis.

EXCHANGES

She licked his lips.
He liked it,
And held up his head for more.
But she arose,
And stretched,
And then
Walked over to the dish under the stove;
Because that's where
A mama kittie is
Supposed to eat, isn't it?
Her little kittie followed
His mama kittie.

"What is velocity?" asks a science journal.

We have always thought that it was the thing with which one lets go a wasp. —London Opinion.

"Aw", said Willie, "you're afraid, to fight; that's all it is."
"No, I'm not," protested Jack, "but if I fight my ma'll find it out and lick me."
"How'll she find out?"
"She'll see the doctor goin' to your house." —Exchange.

There is a move on foot at New York University to establish a student bank. A complete tentative organization of the bank has already taken place.

Centre College is scheduled to play one of the strong western teams in San Diego on January 1.

"He hit me on the kok, yer honor."
"What do you mean by that?"
"Me knob, me top-piece."
"Your head?"
"Yes, yer honor."
"Why don't you speak the English language?"
"I do yer honor. I never was out of dis country in my life."
—Birmingham Age-Herald.

The University of Michigan plans to build a campus theatre to cost approximately $400,000. It is the intention of the theatre committee to have a building to house all campus productions and give Michigan predominance in educational dramatic work. Michigan will be the first university in the country to build a large modern theatre of this kind.

"The Blockhouse" is the name chosen for the annual at Toleda University. This is the first annual ever published at T. U. Eight members of the staff have already been chosen and two places remain to be filled. The book will be sold to the students at exactly what it costs to publish it.

GIRLS' TEAM FAST ROUNDING INTO FORM

(Continued from page one)

as follows: The trip to Kentucky is assured and includes games with Cumberland College, at Williamsburg; Eastern Kentucky, State Normal at Richmond, Ky.; Kentucky State University at Lexington; either Georgetown College at Georgetown or Kentucky College for Women at Danville. The Virginia trip which is planned but not as yet complete is as follows: Martha Washington College at Abingdon, Va.; Sullins College at Bristol, Va.; East Tennessee State Normal, Johnson City, Tenn. Also a game has been arranged with Peabody College at Nashville and this trip will be made. University of Tennessee Co-eds at Knoxville. C. & N. at Jefferson City.

The games to be played at home are: U. of T. Co-Eds; Martha Washington College; Carson and Newman College; Peabody College.

The above is a rather hefty schedule and if everything pans out well, it is expected that the Colleges enumerated above will all be played this season.

On Monday, Miss Thelma Adair, by popular vote, was elected to captain the team this year. Hats off to Captain Adair, she is there all the time. Miss Adair was a hard working member of last year's squad. For the benefit of those who have not seen her play, it is a sure thing that she can stay with the best of 'em and then some. She will make a good leader.

And thus we shall remain dormant in our comments, etc. and await the appearance of the so-called "speedy and fast" bunch of girl basket tossers which Coach Queener firmly states he will present to us ere the early part of January, 1922 rolls around.

The University of California netted close to one million dollars in this season's football gate receipts while the University of Minnesota netted only sixty-two thousand dollars.

Be a booster—like a rooster—always crowing loud and long; keep a yelling what you're selling—put some pepper in your song. If you're tired, go get fired—hunt a job you think will suit you; either like it or else hike it somewhere else before we shoot you. Be a getter—times are better for the man that packs a smile, take your licking or quit your kicking—dig right in and make your pile. The war is over and there is clover in the pastures all around; it's not waiting or debating, but making hay out of the ground. Watch it growing—always showing lots of blossoms—it's alive. If you're a dead one, go use a lead gun—drones ain't wanted in this hive. Be a doing—quit your stewing—get a move on, grab some kale; don't let your head get feeling dead yet—sweat and smile and you can't fail.—Selected.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE | JANUARY 12, 1922. | NUMBER THIRTEEN

MILLIGAN WINS HARD FOUGHT BATTLE 24-18

Cause of Defeat Was Inability of Highlanders to Perfect Their Passing Game.

The opening game of the Highlander basketball season came to grief Saturday night when the "Five" from Milligan College scored a victory over the Highlander cagesters by the score of 18 to 24 on our floor. It was a heartbreaking affair for Maryville, but one which will undoubtedly do the team much good and inject more fight and determination in them to go out and win the games which are yet to be played.

From all indications the sole cause of defeat for the Highlanders was their inability to pass the ball effectively since this is the foundation upon which Coach Honaker is endeavoring to build up a winning aggregation of basket tossers.

Milligan's points were the result of some science, but more luck than any thing else, their main dependence being placed upon their lean, lanky center who seemed to be able to locate the basket with little trouble. Several long shots were taken, many resulting in goals which ordinarily result in nothing but rebounds. But such is life—they won, but we get another whack at them soon.

The box score is as follows:

Maryville	G.	F.	F.T. At.	F.T. Sfl.	Pts.
McMurray, f.	2		5	2	6
John Hendrick, f.	5	2			10
McGinley, c.		2			
McLaughlin, g.		1			
Jimmie Hendrick, g.		3			2
Janoviczky, f.					
Total					18

Milligan	G.	F.	F.T. At.	F.T. Sfl.	Pts.
Proffitt, f.	1				2
Jared, f.	3	2	6	2	8
McCormick, c.	6	1			12
Mitchell, g.					
Sawyer, g.	1	2	2		2
Total					24

Referee: Bond, Maryville; Time of halves, 20 minutes.

PREP FORENSICS ARE ROUNDING INTO FORM

Teams Chosen For Year—Schedule Planned.

The debate preliminaries were held just before the holidays and the following were chosen to represent the Preparatory Department this year:

Edgar Buchanan, Sherman Burson, Robert Campbell, Neff Delozier, Dewey Eitner, Joe Gamble, Julius Huffman, William Jester, Clarence Jones, L. E. Milling, Lee Moore, William Murphy.

Prospects for a successful year are very promising. The ever faithful coach has been kept busy this fall, but has secured debates with Knoxville, Athens, and Chattanooga. Another debate may be secured with some other school soon.

Now is our chance, fellows, to boost our school. Let everybody get their eyebrows plaited and their ears pinned back ready for a big time in debating this year.

BAINONIANS PRESENT CLOSING MID-WINTER

Season Closes With "The Arrowmaker".

Maryville's Grand Opera Season closes on Monday evening, January 16th. with the supreme production of the year, Mary Austin's great play, "The Arrowmaker". The Bainonian Literary Society, having the triple advantage of the climax of the season's schedule, one of the greatest plays yet presented, and, the choice of the best talent on the Hill, offers this production, by special permission of the author, in the chapel at eight o'clock.

"The Arrowmaker", an unusual Indian play, is a dramatic presentation of Indian nature and tribal customs. Set in the foothills of the Sierras in Northern California the scenes are full of action portraying the warlike spirit and the peaceful tribal life of those romantic children of nature, the aboriginal inhabitants of North America. Interwoven throughout the story is a very unusual and appealing theme of romance with the true Indian coloring and character study. One lives again with the nomads of the forest before primeval nature was marred by the hand of civilization. He moves with their chief, their braves, and their maidens among the tepees, he feels their emotions, their joys and their sorrows, as he could never be brought to feel them even by Cooper's vivid lines or Longfellow's masterful verse. Unchanging human nature is portrayed among the primitive Red Men with an attractiveness and appeal which are winning even beyond the appeal of modern dramas.

Such a play is exceedingly difficult of production because of the many unfamiliar customs and traits which are involved. Unusual talent is required for the impersonation of these strange people, the Indians, who lived as tribes and nations long before modern customs were introduced. With that talent must be associated the tireless coaching of an efficient and understanding tutor. In "The Arrowmaker" both elements are combined, attaining a degree of excellence seldom seen in an amateur production. The cast, among which are numbered some of the ablest students of the Department of Expression follows:

The Chisera—Medicine Woman of the Paiutes - - Alberta Frow
Simwa—The Arrowmaker - - - - - - - - - J. Alvin Keen
Rain Wind—Chief of the Paiutes - - - - - Owen Henderson
Padahoon—Rival to Simwa - - - - - - - - Reed Rowan
Bright Water—The Chief's Daughter - - - Annarine Atkins
Segootchie—The Chief's Wife - - - - - - Hazel Bevan
The Fighting Men—
Pamquash - - J. Lynn McClung
Choco - - - - Nelle Collins
Tavwats - - - Geraldine Odell
The Councilmen—
The Youths
Tribeswomen

Madison, Wisconsin.—It is estimated that from 4,000 to 6,000 library books are used each month at the University of Wisconsin. Between 700 and 1,000 books are used each day in the library, while four times as many books are drawn out the day before a holiday. More books of English literature are drawn out for home use than any other kind, but in the library more books on English history and economics are used.

LECTURER AND ORATOR COMES FOR LYCEUM

William Rainey Bennett To Lecture—"The Man Who Can."

The Lyceum programs which have been offered this year have been of exceptionally high merit and have been universally acclaimed as the best which have been presented since Fred Hope established the annual Lyceum Course. The creation of the Student Activities Fee placed a larger sum of money at the disposal of the Lyceum manager and with such increased means he has been able to secure the best talent under the control of the Bureau.

The first number presented, "The Impresario", with Percy Hemus and a support of other Metropolitan stars, was a production which holds equal rank with the best of comic operas. The second presentation, "It Pays to Advertise", a modern comedy drama, gained quite as much appreciation as did the more classical opera which was previously presented.

The third number will be presented on January 19, 8 p. m. in Voorhees chapel. That the Lyceum Course may be well-balanced and of universal appeal the manager has secured for the third number William Rainey Bennett, nationally famous lecturer and orator. Mr. Bennett's lecture, "The Man Who Can", has been widely heard and is recognized as a masterpiece of its type. It is highly inspirational and carries with it remarkable force and appeal. Far from being the dry lecture which was so commonly heard from Lyceum platforms twenty years ago, Mr. Bennett's lecture is decidedly modern and up-to-date in every respect. It is interspersed frequently with rare wit and humor for those who seek these lighter elements and it contains an abundance of solid worth so that every type of hearer is carried through the evening without a touch of ennui and is left, at the close of the lecture, with loftier purpose, firmer resolve, and a fire of inspiration which does not die for many a day.

EXAMINATION SCHEDULE FOR FIRST SEMESTER

The examination schedule for the First Semester is as follows:

B classes, Tuesday, January 24, 8:30.

C classes, Tuesday, January 24, 1:10

D classes and "extra" Spanish and French, Wednesday, January 25, 8:30.

E classes, Wednesday, January 25, 1:10.

a classes, Thursday, January 26, 8:30.

b classes, Thursday, January 26, 1:10.

c classes, Friday, January 27, 8:30.

d classes, Friday, January 27, 1:10.

e classes, Saturday, January 28, 8:30.

f classes, Saturday, January 28, 1:10.

Final examinations are a thing of the past in the Wharton School of the University of Pennsylvania. Dean Johnson believes that the time can be spent more profitably in coordinated class work rather than preparing for examinations. Two weeks of each semester will be saved in which more profitable knowledge can be gained by the students.

ATHENIAN MID-WINTER MEETS WITH SUCCESS

"The Man of The Hour" Witnessed by Large Audience.

The Athenian Literary Society presented the third mid-winter of the season on last Monday evening and proved that their reputation for presenting plays of excellence is well deserved. "The Man of the Hour" disappointed no one who saw it. The large audience which packed the chapel never lost interest from the moment the first act began until the final curtain fell. The play was unusual in that all the action went steadily toward the climax. There were no weak moments following the exciting ones, and there was no slow action.

The plot was strong and well developed. It took many surprising turns and the interest of the audience was held in suspense to the very end.

Perry and his sweetheart, Cynthia added the needed touch of comedy to the drama, but even they could be serious when it was demanded of them.

The cast was all-star and each player interpreted his part exceedingly well. Throughout each act, the man playing the part was forgotten, and only the man of the play lived.

After the curtain had fallen, the applauding audience realized with regret that already they had seen three of the four mid-winters and that only one more will be presented this season.

DEBATE PRELIMINARY SHOWS GREAT PROMISE

Abundance Of Material From Which To Pick Teams.

The College Men's first debate preliminary held just before the holidays brought out an unusually large number of promising debaters. Thirty-one men spoke in this preliminary and from that number twenty were selected to compete in the second preliminary with the veteran debaters for the coveted positions on the college teams. Three full debates are scheduled and in the second preliminary eighteen men will be selected for principals' places and six for alternates' positions. This second preliminary is to be held on Monday, January 23.

The debate which was in process of arrangement with Center College did not come to successful issue but the vacancy on the schedule has been very acceptably filled by Milligan College. The details of this debate are yet to be worked out but the actual agreement to debate has been closed.

The girls' preliminary is to be held on Friday and Saturday, January 20 and 21. The competition for positions on this team promises to be very spirited this year. A large number of girls are preparing for the try-out and the ability of the candidates bodes ill for Tusculum's hopes of victory.

Debate is not quite so spectacular as the athletic contests which thrill us all. However, the students of Maryville have always supported their forensic representatives loyally. In this debate season now so soon to begin the teams will merit the support of every Maryville student. Fifteen Rahs for Victory,—make it Victories.

JOHNSON B. C. FALLS TO MARYVILLE 28-14

Highlanders Hand Johnson Bible College Five 28-14 Defeat.

At last it seems that we've found ourselves. M. C.'s victory over Johnson Bible College Tuesday night was a decisive one, the final count being 28 to 14 for the Highlanders. During the first half the Highlanders looked like a bunch of high school cagesters, their passing being of a poor order and many attempts failed to locate the basket. But—whew! how they did get in there in the second half! They showed us some real basketball and made us think of days gone by. The beginning of the second half saw two substitutions, Janoviczky for McGinley and Thrower for Acton. These two fellows got in and gave us all they had. The guarding of Thrower was good and Janoviczky who was playing guard for his first time was all over the floor at all times. His pass to McMurray while lying flat of his back on the floor was a beauty and resulted in a goal by McMurray. Music also got a chance in the second and showed up well. McLaughlin, although a new man at center, played a good consistent game. John Hendrick had the old basket well located and accounted for fourteen points. Captain McMurray played a good consistent game.

It seems as if Coach Honaker has had some secrets revealed to him through this game for which he has been looking and praying for quite a long while. We believe we've got a winning team now and go to it Coach, we believe in you and the men who are working to make a real bunch of basket-tossers.

The box score is as follows:

Maryville	G.	F.	F.T. At.	F.T. Sfl.	Pts.
John Hendrick, f.	7			4	14
McMurray, f.	3	5	2	1	14
McLuaghlin, c.				3	
Acton, g.					
McGinley, g.				1	
Thrower, g.	1			1	2
Music, g.					
Janoviczky, g.	1			1	2
McGinley, c.	1				2
Thrower, c.					
Total					28

ALUMNI NOTES

At a recent meeting of the North Carolina Association of City Superintendents, Superintendent R. W. Carver of Hickory was elected vice president of the state organization. Mr. Carver is a member of the class of 1916 who is making a most enviable record as a school administrator.

A. D. Biggs, '15 was a member of the graduating class of Rush Medical College, Chicago, which received degrees in December.

J. Charles Walker, '16 is connected with the State Department at Washington, and in addition to his work in the Department Mr. Walker is pursuing a course of study in Georgetown University.

Ethel Fanson, '13 is included in the upper ten per cent of her class at Rush Medical College to be elected to A O A a medical society analogous to Phi Beta Kappa in the field of general scholarship. Miss Fanson has been appointed to an internship in the Los Angeles County Hospital. This was a competitive appointment. Fifty members of a class of three hundred were appointed. Miss Fanson was twenty-ninth in the list of fifty.

D. H. Briggs, '19 and wife were Maryville visitors during the Christmas season. Mr. Briggs is coaching athletics and teaching at the Henderson, Kentucky High School.

A. A. Ferguson, '16 is teaching mathematics at Westminister Collegiate Institute, Salt Lake City, Utah.

HUSKEY—CLIFTON

The following announcement will be of interest to Maryville students and alumni:

Mr. and Mrs. J. K. Clifton
of Chattanooga
announce the engagement of their
daughter
Mary Anne
to
Mr. Isaac Leimen Huskey
of Sevierville, Tennessee.

Mr. Huskey is a graduate of Maryville, being a member of the class of 1919.

Iowa City, Iowa.—Fewer students are cutting classes this year than in previous years at the University of Iowa according to Dean Rienow. If students cut classes to a noticeable degree without sufficient excuse, they are notified. The student is liable to suspension if this practice is continued.

Georgetown College, Georgetown, Kentucky, is publishing a weekly news bulletin issued by the college office. This paper, The Gist, is the house organ of the college.

CANDY KITCHEN
FOR CANDIES

MRS. MAY HAS BOOKS OF BIBLE INTEREST

Students May Obtain Valuable Works.

Mrs. M. May, of Maryville has in her possession a number of books which belonged to her husband's library, and which she wishes to dispose of to the students of the College. These books are of great interest to ministerial students and would be very valuable additions to the libraries which they will collect during their ministry. Among them are two sets of encyclopedia, a set of valuable Bible commentaries and a number of other useful reference books. Mrs. May very generously offers to give some of these books to studnets who may desire them and to dispose of others at very low prices. To that end she will be glad to receive any students who will call at her home, 500 Court Street, to inspect the books.

WEISBECKER—TURNER

A wedding that will be of interest to old students took place during the holidays. Miss Helena Turner and Mr. Homer Weisbecker were married at the Presbyterian church, Auburn, Kentucky, on Tuesday, December 27th, at five o'clock.

The church was simply but beautifully decorated. The altar was banked with white narcissus and ferns and white tapers burned on either side.

Just before the ceremony the bride's sister, Miss Cola Turner, sang "I Love You Truly". Immediately following, the bride and groom advanced to the altar to the strains of Mendelssohn's Wedding March.

The bride wore a dark blue suit of llama cloth, dark blue hat with lighter ostrich tip and carried a bridal bouquet of pink rosebuds.

Mr. and Mrs. Weisbecker left for Chicago, Fort Wayne, and other points in the north. After January first they will be at home at 111 Broad Street, Harrisburg, Penn.

Mr. Weisbecker is a graduate of Maryville and was at one time physical director. At present he is assistant to the pastor of the Pine Street Presbyterian Church, Harrisburg.

Mrs. Weisbecker graduated from Home Economics at Maryville several years ago, and has since been doing Home Demonstration Work in Kentucky.

CAMUSISMS

We are glad to know that Miss Martha Mae Boyer is able to be out again after a serious illness.

Miss Dennis Blevins was a shopper in Knoxville Monday.

Miss Sidney Lamon is very ill at present, but it is hoped she will improve soon.

A number of old students did not return after the holidays. Among them are Misses Ruth Heslip and Susie Copeland. Their many friends regret their absence.

Miss Bernice Jones visited U. T. last Monday, on business.

Miss Imogene Copeland, a former student was a visitor on the Hill last week.

Leslie Jones is improving at the Hospital and will soon be able to resume his class room work. Mr. Jones was injured sometime ago by a fall in Science Hall, as a result of which he sustained a fracture of the bones of the right wrist. His friends heard with much regret of his injury and they wish for him an early and complete recovery.

First Guy—I hate to bother you, Bill, but I'm looking for a little financial succor.

Second Same—Sorry, but I'm not in the market for any oil stock today. —Gargoyle.

RESOLUTIONS FORMED FOR YEAR IN JR. Y. W.

Open Meeting In Junior Y. W. Is Full of New Year's Inspiration.

The Jr. Y. W. C. A. has some impromptu speakers who will likely become famous in the future. This is what any person, who was at the Y.W.C.A. meeting Sunday, is likely to conclude. There was no program planned. It was left to the girls to make the meeting worthwhile—and they did it. The girls entered heartily into the singing and when asked to give some new year thoughts, they responded loyally.

A few of the talks in brief will prove that the meeting was a success. One of the girls had been to a "reppy" New Year Meeting held by a C. E. society. She predicted a successful year for that Society because it had started right. She emphasized the importance of starting our Y. W. C. A. out right.

Another girl compared the New Year to a new book with fresh, clean sheets. We are left to fill its this book going to be more beautiful than the one we filled last year?

The next thought brought to our mind was that the Y. W. C. A. is worldwide. A great deal of inspiration comes from knowing that girls over all the world uphold the same standards, and have the same aims as we.

The next reminder was that our lives should have a purpose. To be successful in living up to this purpose, our lives must be prayerful. We should strive to be more efficient in our prayers. It is better to talk *with* God than merely *to* God.

Susan Carson read a Christ Legend entitled Robin Red Breast. She brought a new year's thought to us which is worth remembering.

Our president presided over the meeting and she gave several New Year thoughts. In brief, "It is the best meeting we have had" as one of the girls said.

PROF. HUNTER LEADS SUNDAY Y. MEETING

Consideration of College Man's Social Life.

The Sunday Y. M. C. A. meeting was a good one with which to begin the new year. It was a roundtable discussion dealing with the college man's social life. Professor Hunter directed the discussion. In opening the meeting Professor Hunter emphasized the fact of the multitude of teachers that each one has in college. Professors and students alike are teachers. Does the college man acquire a great passion to become a leader? Or does he desire to enter a life of sacrifice? If analyzed, said Professor Hunter, the passion or desire will be found to be largely colored by the social contacts.

Several problems of the college man's social life were introduced and discussed.

1. Should a man when entering a new field of associations modify and adapt himself to those associations? When you are with the crowd must you always do as the crowd does?

2. To what extent should a college man have one standard at home and another at college? Can a college man serve in his own community?

3. To what extent is a man's social life marred by selfishness? How many intimate friendships can a man justly make?

4. What are some false criterions of social respectabiity? Is a free use of money necessary? A daring irreverence? A reputation for petty lawlessness?

5. To what extent should a man's religious life affect his social life? Can a man be red-bloodedly effective in his relation to God?

THETA PROSPECTUS FOR YEAR OF 1922

Important And Interesting Programs Planned.

The year 1921 has been a very noteworthy one in the history of Theta Epsilon Literary Society. Some of the outstanding features of the past year have been: the unusual interest taken by the girls in cleaning and decorating the hall, the negro minstrel presented by new girls, the pleasing play, "Heart's Happiness", the presentation of a suit of men's clothes to the society by the Senior members and the entertainment of the children of the Industrial Home at Christmas. The Knoxville Sentinel mentioned with much commendation this effort of the Theta girls to bring happiness to these little children who might otherwise be forgotten at Christmas time.

Theta Epsilon looks forward as the new year begins to even greater achievements, with a stable financial situation, a large and active membership and plenty of pep, Theta is planning big things for 1922.

The editor has not the authority to divulge to the public yet two schemes that are being perfected but all Thetas are asked to notice the following announcements.

The second order of Theta pins will be mailed on Monday, January 16. If interested see Susan Carson.

Theta pennants will be made in the work room.

The program this week will be an annual get together meeting. The Theta players, a dramatic troupe, and Theta orchestra, two organizations which promise to make themselves as immortal as the Saxophone Sextette, will make their debut.

SR. Y. W. C. A. HEARS MRS. MINTON SUNDAY

Mrs. Minton Tells of Work In Mission Schools of Mexico.

The Senior Y. W. C. A. meeting on Sunday afternoon was addressed by Mrs. Minton. She spoke of her work in Mexico and something of what can be accomplished by a mission school. She showed the results of the work of the school by telling of the lives of several girls who went back to their own communities to lives of service and helpfulness. Special music was given by Miss Ella Eyman who played a violin solo. It was especially appreciated by all who heard it and it is hoped that it will not be Miss Eyman's last appearance.

Stage Manager—All ready, run up the curtain.

Stage Hand—What do you think I am, a squirrel?—Froth.

Stewed—Honey, I'd like to see you apart for a moment.

Lady Clerk: Say, kid, whadayah think I am; a puzzle for the little ones? —Awgwan.

1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24, a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

STUDENTS ON HILL FIND AMPLE FUN

Many Gay Affairs Enjoyed by Students Remaining on Hill.

At seven o'clock on Christmas Eve, Miss Molly rang her little signal bell and the boys and girls began to come forth from Pearsons Hall. They took the road to the House in the Woods. Santa must have taken the same road for a little later he appeared in Mrs. Steevenson's home and gave a pleasing little toy to each good boy and girl present. The happy youngsters amused themselves with these until the refreshments were brought in. When it was almost time to go, Mr. Arellano seated himself at the piano, everyone else gathered around and the room was filled with music—the music of Christmas songs.

On Monday evening, December twenty-sixth, those seated on the floor in the House in the Woods felt shivers run up and down their spines while they watched poor old Scrooge being led about by the ghosts—creatures in white, with weird wailing voices. When the curtain was drawn for the last time, no one could help giving a little sigh of relief because the ghosts were gone, not because the play had ended, for everyone agreed that all the players deserved much credit for their presentation of Dickens' "Christmas Carol".

Mrs. W. B. Higginbotham arrived on last Monday afternoon to spend the week with her daughters, Mabel and Rachel.

Mrs. W. C. Jackson has been visiting her daughter, Henrietta and son, Jimmy during the holidays.

Other happenings of the holidays:

1. Dinner party for Prof. Britain's Sunday School class at his home.

2. Montvale trip.

3. A party in Bainonion Friday evening for Mrs. Higginbotham and Mrs. Jackson.

On both Sunday evenings the students were allowed to attend C. E. and the evening church services. Everyone enjoyed C. E. and the church services had an added charm because it was night.

When Santa Claus visited the Presbyterian church to reward the little tots who had given such a delightful program, he brought so many sacks of candy, nuts and fruit, that there was one for each college sutdent there. This kindly Santa remembered Miss Molly, too, and he, himself, presented her with her sticky treat.

Ralph Armstrong has been wandering to town a great deal lately and has had a most peculiar experience. He was walking down the street and met a beautiful girl. She looked feminine and was alone, so he concluded she was singular. He went over and became nominative. She got verbal and he asked her to be dative. She was not objective, so they became plural. They went home together. Her Mother became accusative when he got imperative. Once within the house, her little brother came around and was an indefinite article. Ralph spoke of the future but she changed the subject. He didn't dare be anything but perfect, lest she might get masculine. He didn't notice it at first, but her Father was present and things became tense. Ralph made a faux pas and at once became the direct object of his wrath. The Father used his foot, and Ralph became a past participle. This was the end of a perfect day.

CANDY KITCHEN
FOR COLD DRINKS

CHRISTMAS HASH

By Wart Jones

The Boarding Club reports that it provided provender for one hundred and ten people during the holidays.

Henry Cox is reported to have spent most of his time in Pearson Hall helpless from a severe attack of moonshineeatus.

P. G. Rice calls gelatine "nervous desert".

About thirty-five students went to Montvale Wednesday the 28th. Their chaperone got lost somewhere between the hotel and Look Rock. The rest of the bunch report that they had the time of their lives.

One girl says, "The greatest joke of all the holidays was that we were allowed to moonshine from seven to nine in the evening."

Well, what could a person expect with so many other moonshiners around?

George Howell and Mason Mann got in bad for being caught in the picture show with certain fair coed residents of Pearsons Hall.

AFTER THE CHRISTMAS DINNER

P. G. Rice: "Have some rice?"

Josephine Neal: "Sir!"

Dinwiddie: "Make that boy be good."

Josephine N.: "He won't be. I wish you'd take him out and spank him."

Dinwiddie: "Oh no, that would be cruel. I wouldn't think of spanking him on a full stomach."

IT ACTUALLY HAPPENED

(An Inmate of Pearsons)

Many envied students whose Mothers visited them during the holidays. This envy was voiced by Mary Humphreys when she said, "Oh, Jimmie, how I wish my Mother were here also". Whereupon the gallant Jimmie immediately proposed, by saying, "Won't my Mother do?"

Louise F.: "Why it is only six o'clock, and I told you to come after supper!"

John: "That's what I came after."

Ed C.: "May I call on you this evening?"

Henrietta S.: "Yes, but the lights go out at ten."

Ed C.: "Isn't that considerate of them!"

HEARD AT THE DINNER TABLE

Army: "May I sit on your right hand?"

Ruth A.: "No—I have to eat with that."

Cec McL., returning from vacation: "Do you notice any change in me?"

Sarah: "No, why?"

Cec: "I just swallowed a dime."

Will Magill spent long weary hours of vacation composing poetry to keep from getting too lonely and dwelling on memories of ardent moonshining last year. He indulged quite freely in blank verse as follows, all about Hazel—

"Owed to Her Memory"

"

Wm. T. Magill.

Please excuse misspelling in this poem. The words are rare and not commonly used—exceedingly so, in fact.

Othel Armstrong in the drug store: "I want some aspirin tablets".

Clever Clerk: "We haven't aspirin, but we have writing tablets."

Pats: "Awfully sorry to have kept you waiting so long, but I was composing."

Frank: "I had a suspicion that you were making up."

U. T. PETITIONS FOR CHAIR IN SPEAKING

Various Groups Present Paper To President Morgan For Reference to Trustees Asking This Action.

A petition is soon to be presented to President H. A. Morgan and the members of the board of trustees of the University of Tennessee to establish a chair of public speaking at the university so that all students may have the chance to elect courses to aid in university and intercollegiate forensics.

The petition was planned a month ago at a meeting of the "Tennessee" chapter of Tau Kappa Alpha intercollegiate debating and oratorical fraternity. The last signatures were secured yesterday and the petition was turned over to President Morgan. Twelve students, eleven faculty members and the secretary of the alumni association subscribed to the petition, which is as follows:

"The undersigned representatives of bodies and organizations of the University of Tennessee do petition and respectfully urge the president and board of trustees of the university to establish at the institution a chair of public speaking.

"From time to time there have been movements to secure such a chair at the University of Teinessee, emanating from a deep and personal interest in intercollegiate and intracollegiate forensics. This present request is general, coming from students, faculty and alumni after much agitation and consideration of the advantages to the university of regular instruction in debating and oratory.

"We feel that the creation of such a department will stimulate greater interest in forensics at the University of Tennessee by increasing the number of debaters and speakers in general; providing a greater number of intercollegiate speaking contests in which this institution may take a creditable part; and giving better and thorough training to those in literary societies and on teams representing the University of Tennessee.

"Ability to express opinions in a forcible and pleasing manner in public gatherings is essential for the lawyer, the extension worker, the teacher, the business man, and, in fact, the graduate of any department of the university. The lack of this ability of former graduates has been noted on numerous occasions. We want to profit in the future by the experience of the past.

"Training in public speaking will enlarge the opportunity and increase the usefulness of future graduates professionally and will make them more notable citizens and alumni.

"The establishment of a chair of public speaking at the University of Tennessee would be in keeping with the healthy growth of our institution, which has placed us on a par with the best colleges and universities of the United States, many of which of less strength than our institution have already established public speaking departments for the benefit of their students."

—Journal and Tribune Special.

RESOLUTIONS

WHEREAS: God, in His mercy and wisdom, has called to himself the mother of our classmate, Ernestine Gallion,

Be it Resolved: That the members of the Fourth Year Class of the Preparatory School extead heartfelt sympathy to its bereaved classmate in her great sorrow:

And be it further Resolved: That a copy of this resolution be read in chapel, that a copy be printed in The Highland Echo, and that a copy be sent to Miss Gallion.

ARMSTRONG TO TRY BLICKENSDERFER

Wednesday Judge Ben Huber handed down a decision of guilty in the case of W. H. Murphy vs. the People on a charge of overeating in Pearsons. The case was appealed by Baldwin and Stewart, attorneys for defense, while Armstrong and Hardin were states attorneys.

Next Wednesday at 6:14 p. m. Judge J. R. Armstrong will try C. B. Blickensderfer for Larceny. W. H. Murphy will represent the State.

Any one wishing to join the Law Club be on hand Wednesday evening and give the president yoru name. Visitors cordially invited to attend.

"Professor" Charles Edgemon's back. Well, what about it? Of course, he's been back a number of times, but he's back this time to stay, unless Fortune again calls him away to the busy marts of trade. He's a sort of ancient landmark, having graduated in 1919 and having spent a year with Professor Proffitt and Miss Rough in the quest of the elusive shekel. After leaving the Treasurer's office "Charlie" left "these parts" and entered the insurance business in Knoxville. It required just another year for him to insure practically everything insurable and then he came back, to serve in his former capacity—as assistant to the Treasurer.

"Your honor", said the prosecuting attorney, "your bull pup has went and chawed up the court Bible."

"Well", grumbled the court, "make the witness kiss the dog. We can't adjourn to get a new Bible."
—Record

"I sure do miss that cuspidor since it has gone."

"Well, you did that before," said friend wife. "That's why it has gone." —Wag Jag.

"How can I keep my toes from going to sleep?"

"Don't let them turn in".
Purple Cow.

Noknees: "Which are the more destructive, worms or caterpillars?"

Bolegs: "I don't know, old citron I never had caterpillars."
—Purple Cow.

Pop (to his bright infant): "What's wrong?"

Son (twelve years old): "I had a terrible scene with your wife".
—ap and Bells.

Rastus—"What fo' you-all got yo' pants on wrong side out nigh gah?"

Sambo—"Cause Ah's goin' to do ball tonight and Ah wants to git de bag outer de knees."
Orange Peel.

"Been to church this morning, Shorty?"

"Do my clothes look as though they've been slept in?—Jack-O-Lantern.

"Why do they call this fellow 'Knight of the Garter?'"

"He's one of the King's chief supporters."—Mirror.

"Hey, hey! You can't sleep here."

"I know I can't wid you makin' all dis fuss."—Tar Baby.

"Father, why are the students carrying their books to class today? They never did it before."

"They have examinations today, my son."—Wag Jag.

Two worthies were complaining to Miss Molly about her severity in Christmas regulations. Miss Molly is alleged to have replied: "Oh well, there'll be no matrons in Heaven."

"No more moonshine
No more fun
Vacation's over
Work's begun!"

Sam Franklin says he got a very interesting book for Christmas. The name of it is, "If Winter Comes".

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN — MARYVILLE, TENNESSEE JANUARY 19, 1922. — NUMBER FOURTEEN

HIGHLANDERS CAGE KNOXVILLE TIGERS

Knoxville Y. M. C. A. Goes Down To 29-11 Defeat at Hands of Coach Honaker's Cagesters.

By playing a whirlwind game from start to finish the Highlander cagemen triumphed over the Knoxville Y. M. C. A. Tigers Thursday night by a hefty margin, the score being 29-11. Thus they have caged the "Bengals" from the hills just sixteen miles over the way and have thereby established a little needed prestige for themselves as well as stimulating a bit more confidence in those who are pulling for them to go out and win.

The chief factor in the defeat of the Tigers was the ability of the Highlanders to pass the ball effectively at all times and again we return to the "gospel" of Coach Honaker. "Pass the ball" still echoes in our dreams" according to Slim McGinley and John Hendrick, but if passing effectively has the effect on other good teams as it did on the Tigers, then let "Slim" and John lose a little sleep.

Many combinations have been tried by Coach Honaker in an attempt to form a winning Five and the one he presented to us Thursday night seemed to have solved his problem. McLaughlin jumps at center and then goes back to guard while McGinley shifts from guard to the center position while the ball is in play, with Janovickzy playing the running guard position.

The improved teamwork of the Highlander Five was very noticeable and the floor work of the individuals much better than in previous games.

T. Garrett at forward was the pivot of strength for the Tigers. Their main dependability was their long shots but they were unsuccessful in these as the Highlander guards were right on them.

The East Tennessee trip this week is a difficult one and if the Highlanders play the basketball they did Thursday night they are going to win; if they do not, we are doomed to defeat. They have some mighty good basketball teams to go up against, consequently some mighty good games to win. Their trip includes games with Tusculum, King College, Milligan, and East Tennessee State Normal.

The Box Score is as follows:

Maryville

	G.	F.	F. Thws. Atts.	Pts. Suc.	Pts.
Hendrick, f.	6				12
McMurray, f.	4	1	6	3	11
McLaughlin, c	1	2			2
McGinley, g. Janovickzy, g.	2				4
Total					29

Knoxville Y.M.C.A. Tigers

	G.	F.	F. Thws. Atts.	Pts. Suc.	Pts.
T. Garrett, f.	1	1	3	0	2
J. Boyd, f.	1	0			2
R. Bittle, c.					
B. Sandbery, g.	2	1	4	1	5
Mabry, g.	1	1			2
J. Garrett, f.					
Total					11

MILLIGAN DID NOT DEFEAT MARYVILLE

Report Received From Coach States Game Was Tie, 21-21.

A pall of gloom settled upon basketball fans on the Hill when the report came that the Orange and Garnet had again bowed in defeat before the onslaught of the Milligan College quintet. The newspaper reports gave Milligan the victory by a 22 to 21 score, but gave the Highlanders credit for a clean, snappy game from whistle to whistle.

This first report is erroneous, according to a telegram received by Professor Proffitt from Coach Honaker, stating that the game resulted in a tie score 21 to 21. Rooters received this revised report with much rejoicing for a tie score looks better on a season's record than a defeat by such a narrow margin.

The following is the account of the game as given in the Journal and Tribune. With Coach Honaker's telegram in mind one may review the account and get a satisfactory report of the Johnson City fray.

Johnson City, Tenn., Jan. 17—Milligan College defeated the fast Maryville College bunch tonight by the score of 22 to 21. It was a hot game from start to finish. At the end of the first half Milligan was one point ahead, the score being 11 to 10, and was ahead most of the second half, Maryville being unable to hold the lead. Both teams fought well and it was never anything but a bet which team would win.

One feature of the game was the shooting of fouls by Jared, who shot seven out of nine. Maryville got a total of nine field goals and three fouls. Milligan got a total of seven field goals and eight fouls Maryville shot three fouls out of thirteen trials, while Milligan shot eight fouls out of fourteen trials.

Another feature of the game was the beautiful field goals shot by McMurray from midfield.

This is the second time that Milligan has beaten Maryville this season, the first score being 26 to 18 in Milligan's favor.

The first score was the result of an error on the part of the score marker. Coach Honaker states that the tie score 21-21 is accurate.

MISS WEEKS LEADS JR. Y. W. MEETING

Topic Studied Is Foreign Missions.

Sunday afternoon in the beautiful new Y.W.C.A. rooms, the Junior Y.W.C.A. had an unusually interesting meeting. Margaret Weeks, the leader, asked three girls to make talks. Ruth Avery gave a very interesting discussion on the subject "The Conditions in the Heathen Lands before the Arrival of the Missionary". Her talk was followed by one by Eugenia Evans on "The Conditions in the Heathen Lands After the Arrival of the Missionary". Miss Helena Tarrar told about 'The Problems of the Missionary". Since she had had opportunity to make personal observations, she made it seem very real. If anyone believes that a Missionary meeting is necessarily uninteresting, he should visit our Y. W. C. A. Missionary meetings.

MARYVILLE TIGERS DEFEAT POLY TEAM

Reserves Make Good Showing In Fast Game.

Journal and Tribune Special.

Maryville, Tenn., Jan. 17—The Maryville College Tigers defeated Maryville Polytechnic School tonight, 26-16, in a game featured by the close guarding of both quintets.

McCall and Sneed bore the brunt of the battle for the Tigers, while blen was in the thick of the play for the Polys.

The Tigers will meet the Knoxville Kiwanis team next Tuesday night at the Central Y. M. C. A. in Knoxville. The Kiwanians have already defeated the Maryville College scrubs, but the Tigers expect to raise the Maryville standards again.

The line-up was as follows:

Tigers		M. P. S.
Sneed	forward	Eblen
Gamble	forward	Crookshanks
DeLozier	center	Chandler
McCall	guard	Clemens
Watkins	guard	Davis

DUAL LEADERSHIP OF SUNDAY Y. MEETING

Jesus, The Master, Jesus, the Saviour, Topic.

The Sunday meetng of the Y was conducted by representatives from the Ministerial Association. The devotional service was conducted by the president, Stanley Lange. Two talks were made on Jesus, the Master, and Jesus, the Saviour, by Ralph Armstrong and Edgar Martin. Speaking on Jesus as our Master, Ralph Armstrong reminded us of the number of times he was called Master in the records of the gospels. There are certain duties due to the master as well as certain privileges in working for the master. There must be faithfulness, a willingness to let the master rule and a willingness to serve the master. In addition to the duties there are privileges which come from working for the Master. There is protection and there is the knowledge of his approval. But Jesus is something else beside Master. He is Saviour. The wages of Sin is death. Some one must pay. We have sinned and must be reconciled to God. Jesus reconciles us to God if we let Him. Jesus never enters a heart that is not willing for him to come in.

Dr. Gillingham will address the Y. M. C. A. Sunday afternoon on "The Principles of the Christian Life".

Princeton, New Jersey—Power to expel students without giving reasons to the faculty has been granted to the undergraduate governing body of the University. This body is composed of students elected by all the classes and may exercise the right of dismissal over those whom they find guilty of not upholding the good name and traditions of Princeton.

The mule he has two legs behind
And two he has before,
You step behind before you find
What the two behind be for.
—Michigan Daily.

ALPHA SIGMA BEGINS WITH NEW OFFICERS

New Pep Injected And Programs Start With a Push.

After a fellow has once been inoculated with the pleasing germ known to medical science as Alpha Sigma, he is immune to all other societies.

Every week a larger number of persons present themselves for treatment at the Literary Hall of the Alpha Sigmas.

A large and appreciative audience is the first requisite of a good program. Alpha Sigma is proud of her membership. Hard workers is the next necessity. The members are trained in it. Talent is absolutely necessary. With a heterogeneous throng of orators, debaters, musicians, and athletes to pick from we are sure that talent is the society's biggest asset.

Saturday night promptly at 6:30 the weekly meeting of the Alpha Sigma Literary Society was called to order by President Magill. As the numbers on the program were called each participant stepped forward and delivered the goods in such a snappy and concise way that not once during the long program did interest lag.

Noteworthy was the reading of James Jackson on "Three religions opposed to Christianity", Everyon who heard Mr. Jackson's presentation of various portions of the holy books of Buddhism, Hinduism and Mohammedanism, had his education broadened in a practical way. William Magill's inspiring talk on the possibilities of 1922 made everyone feel that each possibility was a probability, and all resolved to make each a reality.

Who ever heard of Mason Mann, the pressing king, rendering special music? Yet that was just what had been announced. All noise was subdued and stillness reigned as Mason and his accompanist, Othel Armstrong, walked to the front of the hall. From behind the piano was brought forth a victrola (model 1492). Needless to say this number was encored. Officers were elected for the next quarter as follows:

President - - - - - - Sam Hall
Vice President - - - Ernest Kidder
Recording Secy. - Flynn Humphreys
Asst. Recording Secy. - - - - - James Jackson
Censors, Eugene Stanbery, G. Leslie Poe and William Magill.
Sergeant-at-Arms - - James Hardin
Janitor - - - - Mason Mann
Editor - - - Robert M. Baldwin

Don't come late next week. You will miss part of the program and you may have to stand up.

Ann Arbor, Michigan—Big Ten elevens will lose many of their grid stars this year, according to reports from the University of Michigan. Michigan will lose 6 of its 22 "M" men, Illinois will lose 10 players, Wisconsin will lose 6 regulars and Iowa is hard hit, losing all of its star players.

Roses are red,
Violets are blue,
Sunflowers are yellow,
So are dandelions.
—University News.

Wrestling has been introduced among the college sports at the University of Richmond.

MISS OATES MAY GET POSITION

Community Council Bids For Teacher.

Friends of Miss Florence Oates, who was a student on the Hill during 1919-1920, will be pleased to learn of her recent promotion to a position in the Knoxville Community Service Council. Miss Oates was a very popular and capable student and was a leader in many student activities.

The following clipping from the Journal and Tribune gives the details of Miss Oates' advancement:

"In order to extend the work of the Knoxville Community Service Council, especially among the schools, the council has decided to employ Miss Florence Oates, a teacher in the city schools, as an assistant director.

"The council yesterday addressed a letter to Supt. W. E. Miller, asking that Miss Oates be released from her teaching contract, by February 1, if possible, and explaining that she was considered the best qualified for the position of a number who were discussed for the office. Miss Oates has taken a special course in physical education and has been prominent in recreational work in Knoxville. If she becomes associated with Community Service, as is probable, her work will be largely among school children of Knoxville and she will take a special course of instruction at the headquarters of Community Service in the east."

LETTER WRITING IS SUNDAY'S Y. W. SUBJECT

Are Your Letters Really Worth While?

The Secret of Letter Writing was the topic at Senior Y. W. C. A. Sunday, the discussion being led by Catherine Wilson. If one takes time to think one knows that letters are a very important factor in college life. Do we as college girls take the time or thought to make our letters really worth while? Some of the very hlepful ideas brought out were consideration for the person to whom you are writing, promptness in replying, and naturalness in expression. Paul is considered the great letter writer of all times and a study of his letters shows many of the little courtesies needed in correspondence, as writing when inspiration was needed or writing things of especial interest and assocociation to those who would receive his letter. With just a little foresight and thoughtfulness college girls can make their letters of interest and worth.

Next Sunday afternoon there is to be a special musical service in the reading rooms. A choir, a quartet, and solos will have places on the program, also there is a very pleasant surprise of interest to every girl. DON'T MISS IT!

The student body of Emory & Henry in a meeting last week, voted unanimously to present a gold football to each man who won his letter in football during the season of 1921.

THE NEW YEAR AND OPPORTUNITY

By Dr. Frank Crane

The New Year spells Opportunity.

That is its great, outstanding message.

Once a year the old Clock of the Universe strikes, at 12 o'clock on December 31st, and as its strokes thunder around the world they say to men and women everywhere: "Now, you have a chance to try it again! Begin, begin again! Twelve words.

Discouraged boy, tired of waiting, ready to give up, with your heart down and the devil whispering to you, "What's the use?" Listen! Don't you hear the clock? Up and at it once more! Slough off your discouragement, as a dirty coat, roll up your sleeves—the world's your hickory-nut, full of meat, and you're the boy to crack it.

Young man, wrestling with the Snake called Bad Habit, that is slowly throttling you, poisoning you, ruining your career, breaking your mother's heart, and turning gray your father's hair—listen! The twelve bells peal across the snowfields of the earth ring out in the mountains and echo in the valleys. They are to you, for you. Begin again! The Almighty Father thinks of you in every stroke, every beat is a heart pulse of His meaning, and says, "Life is yours. The future is yours! Step on your dead self and rise. All things are yours, for you are mine."

Old man, you're never too old to come back. A man is only as old as his Will. Buck up! Don't you hear the Clock? Opportunity is ringing. There's a place for you, work for you, a meed for your purpose, a goal still for your high emprise.

No man sinks in the waters of fate but the one cramped with fear. Kick, and you'll float.

No man is discharged in the great war of life. Only deserters fight no more.

Come! The Infinite is your friend, surrounds you, presses upon you like the atmosphere, and will breathe into you tides of power, if you will but open your soul. And the opener of souls is Courage.

No insuperable calamity can befall me except I be afraid and give up.

What! Have you not lived until this day? Have not the Everlasting Arms held you up till now, even though you be spent, and hungered, torn, bloody, desperate? Still you have Life—then look up to that Concealed One who gave you your Life and has so far upheld it, and cry, as you tighten your belt, and adjust your gas mask against the asphyxiations of despair, and grasp your good rifle—cry out to Him who though He seem distant and unknown is yet "nearer to you than hands and feet, and closer to you than breathing."

"So long Thy power hath held me,
sure it still
Will lead me on
O'er moor and fen, o'er crag and
torrent, till
The night is gone,
And with the morn those angel
faces smile
Which I have loved long since and
lost awhile."

(Written for Association Men and reprinted because of its timely message.)

CANDY KITCHEN

CAMPUSISMS

Friends of Miss Sidney Lamon will be glad to know that she is improving. The Doctors hope that she may be able to leave the hospital this week.

Miss Mary Perry, of last year's fourth prep class, was a visitor here last Monday.

"Be careful Bernice next time you try to swipe salad from Miss Mollie—don't spill it over the table anyway." Youarwelcome.

Miss Ernestine Gallion has returned to school after a lengthy absence.

Miss Emmaline Warrick of '19 was the visitor of Miss Effie Erickson over the week-end.

Miss Mary E. Clements has been ill for the past few days.

Misses Jennie Lequire and Grace Blank have had guests over the past week-end.

Miss Mary B. Brent, after much trouble has succeeded in getting re-campussed.

COLLEGE BAND FORMS NEW ORGANIZATION

Officers Chosen and Plans Laid For Year's Work.

The Maryville College Band had a special business meeting last Thursday night and elected the following officers:

President - - - Leslie Poe
Secretary-Treas. - H. C. Bowles
Editor - - Robert A. Broady

This band has been handicapped in many ways and in consequence has been able to do very little. But Maryville College Band has recovered from its attack of sleeping sickness and it is determined to do something worth while. But to do this it must have the support of the faculty and of the entire student body.

Before long, you will probably hear from this band in a different way. If you don't like what you hear, tell us; if you do like it, tell others.

Benjamin Franklin Said:

"The Noblest Question in the world is what good may I do in it?"

"Work as if you were to live 100 years. Pray as if you were to die tomorrow."

"Useful Attainments in your Minority will procure Riches in Maturity, of which Writing and Accounts are not the meanest."

"No man e'er was glorious, who was not laborious."

"Idleness is the greatest prodigality."

"A true great man will neither tramble on a worm nor sreak to an emperor."

"Better is little with content than much with contention."

SERIOUS CHARGES BROUGHT BY STUDENT

Law Club Becoming One Of Hill's Liveliest Bodies.

Every chair in the Athenian Hall was occupied Wednesday evening at the meeting of the Law Club. Andrew Stewart led in prayer and the president called for the attorneys and jurors to come forward. Murphy and Hardin represented the state and the defense was plead by R. M. Baldwin. Sheriff Jimmie King kept his eye on the defendant, C. Barney Blickensderfer. The indictment stated that the defendant would be tried for stealing a pair of shoes off Ben Huber's feet. The jury wept as John Stockton, star witness for the defense, told them the simple story of Barney's innocence. Barney is now a free man.

Officers were elected as follows:

President, V. Queener; Vice President, E. Stanbery; Secretary, E. Cornelius; Treasurer, W. H. Murphy; Program Secretary, A. Stewart; Editor, R. M. Baldwin.

Every Wednesday night at 6:14. Come early if you want a seat.

PICKING COTTON BY ELECTRICITY

A device consisting of a farm tractor equipped with an electric generator, is being used successfully in the Northern cotton belt to pick cotton with electricity's aid. Hollow flexible tubes reach out in four directions from the tractor. On the end of each is a set of revolving brushes encased in a small metal frame, with an opening about the size of a man's double fists, and ussficiently large to take a boll of cotton. The brushes are driven by an electric motor through a flexible drive shaft and revolve inwardly, or toward each other. This creates a comb-like movement which pulls the cotton from the plant the moment it comes in contact with the brushes. It is then sucked up the hollow tube and deposited in a receptacle carried on the tractor. Tests have indicated that the new electric cotton picker makes it possible for a person to gather from 40 0to 700 pounds of cotton a day as compared with 70 to 150 by hand.

"CARRIER CURRENT" NEWEST COMMUNICATION SYSTEM

Through a new method of electrical communication it is possible to send a telephone message over a trolley wire from a moving electric train. The trolley wire while supplying power to the train also acts as a conductor of another or second current which is superimposed upon it at a higher frequency.

At any convenient point along the line this second or "carrier current" may be picked up and carried short distances through the air where it may be made to operate a telephone instrument. The system may be used for communication between engineers of different trains on the same road, between the locomotive at the head of a long freight train and the caboose at the rear, or between the engineer and distant substations or terminals.

A demonstration of the system was given recently before a group of prominent railway men, by the General Electric Company.

One of the largest circuit breakers in the world has recently been built by an American electrical concern. It is rated at 165,000 volts. According to Dr. C. P. Steinmetz, the energy dissipated when a circuit breaker of this isze automatically opens on overload, is equal to the energy which would be consumed in a head-on collision between two 125 ton locomotives meeting at a speed of 45 miles per hour.

OUR CREED To tell the truth about the goods; to supply the most of the best for the least; to be accommodating and courteous and fair in every detail of our business intercourse with you; to endeavor in every legitimate way to merit, gain and retain your confidence and to serve you well and with promptitude.

NATIONAL STUDENT COMMITTEE ACTS ON DISARMAMENT

On November 10th—four days prior to the conference at Chicago from which the National Student Committee originated—Mr. E. E. Overdorf of Penn State College wrote a circular letter to student leaders in various sections of the country, sounding them on the idea of sending a nationally representative delegation to Washington which should make a statement to the American delegation in behalf of the students of America. It was Mr. Overdorf's idea that this statement should be based on some sort of instructions gathered in from the students themselves.

Although the Conference is drawing to a close, this suggestion is still workable. Now, more than ever, does the American delegation need the support and guidance of expressed opinions. *The results of the Conference will soon go to the Senate there to be confirmed or nullified.* Now is the time when young citizens can speak with effect.

We have been taking counsel during the past few weeks in preparation for an expression of opinion which might be timely and effective. We have consulted with persons active in the Conference and with skilled politicians who know the mind of the Senate. The following plan, now ready for your approval and execution, is the result of expert advice.

1. A. Let each college in the United States hold a student meeting on some date in January.

B. Let this meeting result in a resolution which shall express the sentiment of a majority of those present on any question relative to the Conference which may seem to them important.

C. Let the organizers of the meeting send a copy of the resolution with a count of the votes, and a brief report of the meeting, to this office.

2. We, in the national office, will make an abstract from the total collection of resolutions, indicating what subjects have been considered and what has been the total vote on each. It is probable that there will be a considerable uniformity in the resolutions, indicating that the students—a cross section of the American public—have selected certain issues as important. This sort of expression, being composite of the deliberations of many separate meetings cannot be discounted as manufactured opinion is discounted. It must be hearkened to *whatever it may be.*

3. The possible matters for consideration in resolutions are too many for enumeration here. In general they may be classified as follows:

A. Issues which will go before the Senate.

B. Expressions of opinion relative to the work of the Conference, of the American delegations, relative to the behavior of the foreign delegation, etc.

C. Issues which have not come within the scope of the Conference, but which are associated with it.

D. Matters within the province of the Conference regarding which it has made no decisions or incomplete decisions.

E. Issues of the future.

4. The meetings may be organized in a variety of ways.

A. The organizers of the meeting may frame a resolution which shall be made the subject of a formal debate between student debaters; after the formal presentation of arguments on both sides, discussion may be thrown open to the audience as in a forum, and the motions modifying the resolution, or remarks relative to it, allowed from the floor; when the meeting has dealt with the proposed amendments and listened to comments, the resolution may then be submitted to a single vote, or voted on by clauses.

B. Such a discussion of the resolution may be preceded by an address or by a symposium of addresses.

5. On February First, President Harding will receive the six regional representatives at the White House, together with any of the State Chairmen who can be present at their own expense. This delegation, representing the students of America, will submit to President Harding a complete file of the original resolutions and the abstract already referred to.

I hope to hear from your at once relative to action in your college. This colossal demonstration will attract international attention, and it will have a bearing, not only on Senate ratification, but on our course as a nation with regard to proposed Conferences of the future and unsettled problems of the Conference.

Very sincerely yours,
John Rochschild.

ELECTROGRAPHS

More than twenty vessels ranging in size from a small fire boat to big Atlantic freighters and warships, are now propelled by electricity in the United States.

Spain has begun the electrification of her railways. The first contract for a stretch of forty miles was placed with an American concern, the International General Electric Company. Extensive electrification of the Spanish roads which run through mountainous territory, is expected to follow.

A lighting system has been devised for highways which makes it possible for night automobile drivers to travel with headlights dimmed, so brilliantly is the roadway lighted. Part of the Licoln highway will be lighted by this system.

The radio message sent by President Harding at the opening of the great central radio station on Long Island, was picked up in over seventeen foreign countries. The station is operated by the Radio Corporation of America.

Germany is engaged in making quite the most interesting and significant experiment in the organization of undergraduate life to be found anywhere in the student world today, namely, the effort to create a German State. By the Student State, Germans mean the organization of every phase of student existence in such away that the entire body of students becomes a self-supporting entity, completely independent economically and politically. The Conference of the Deutche Studentenschaft at Erlangen, in July last, laid it down as a principle that every student should learn a trade, and if possible, exercise it during at least one year of his academic life.

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

MAKING TUNGSTEN DUCTILE

By Dr. Irving Langmuir

Until 1904, tungsten had been known for a century and a quarter only in its unrefined state. Its value as a hardening alloy had, it is true, been recognized and appreciated. In 1905 and thereafter the metal, mixed with paste and squirted through dies, had given the incandescent lamp its most efficient filament; but the brittleness of this filament caused great embarrassment to electric lamp makers and users alike.

For many years scientists had sought a process for making tungsten ductile. The feat was regarded as almost impossible by metallurgists. To make any ordinary metal soft, it is heated to a temperature above its annealing point and then cooled to room temperature. This process, however, left tungsten as brittle as ever.

It was eventually found that the only way to make the metal ductile was to mash the grains out into fibrosity and thus make it ductile while cold. This was accomplished by first heating the tungsten to a temperature below its annealing point and then mechanically working it with infinite care at a variety of degrees of heat, each less than the one preceding it, until it was at room temperature. A similar treatment would, if applied to ordinary metals destroy their ductility.

A process was worked out which, if followed without the slightest deviation, stretched the grains out and the metal was made ductile; but if the working varied from this process, failure resulted. The tungsten would break at a stroke, when cold.

Thus, after years of patient labor a triumph of far-reaching consequence in the field of research was rewarded. The filament produced had a startling tensile strength—about 600,000 pounds per square inch for wire one-thousandth of an inch in diameter. It was so pliable that it could be wound into any form safely and handled with no thought of its breaking.

Wolframite is the most important tungsten ore. It is obtained from both Korea and the United States. Extraction from the ore is comparatively simple, yielding metallic tungsten in the form of powder of various density. This powder is formed into ingots by great hydraulic pressure—not by fusion. The melting point of tungsten is about 3550o C., being higher than for any other known metal. From ingots to fine wire there are many steps, every one important, in the complicated process.

The tungsten filament has doubled the efficiency of incandescent lamps and provides a white light of far purer quality than any lamp heretofore known. It has provided new targets for X-ray tubes, phonographs needles fifty times as efficient as any that preceded them, better ignition contacts for automobiles, and many other new articles and improvements of old ones.

The story of ductile tungsten is one of the romances of research—the epic of accomplisihng the "impossible."

TOWN PESTS

Our Private Pest comes into this Busy Office, grinning like a Hyena, to Point out a Typographical Error in the Paper. Like all Newspapers, we make Errors and we Expect to Keep Right On making Them, and we are not Worrying very much About it. What's More!

Why talk about this being a young man's age? The average age of George Washington's cabinet was under 40, of Harding's it is 58. When Alexander Hamilton was Secretary of the Treasury he was but 32, Mr. Mellon is 66. At 30 Alexander the Great was longing for more worlds to conquer, at 68 Foch was hailed as the greatest of generals. Pitt was not over 25 when he was bossing England. Benjamin Franklin was leading Philadelphia's business men at 25. John Wanamaker at 84 holds the reins in his vast merchandising enterprises. Byron blinked out before he was 40, Lyman Abbott is going strong as he nears 90. —Association Men.

"To what do you attribute your long life, Uncle Mose?" asked a newspaper interviewer of a colored centenarian.

"Becuz Ah was bo'n a long time back", the old gentleman replied.

"People are everything. They make and unmake history. They write it. Statesmen merely hold the pen—and they do not always hold it well."—Premier Briand.

TURNING WAR'S KNOWLEDGE TO PEACE TIME USE

Growth of Cooperative Industrial Research Points Way To Salvaging Scientific Achievements Born of Conflict—1200 Industrial Laboratories In Country Employing 9000 Investigators And What They Are Doing To Awaken Nation's Latent Industrial and Economic Power.

By E. W. Davidson

The lessons we learned at war were multitudinous. The boundaries of human knowledge were pushed far afield. But how is the world to profit by it all?

The answer comes from the Engineering Foundation, which in a report on cooperation in industrial research, declares that America is entering on an 'era of industrial research in which corporations large and small are linked with government agencies, engineering organizations, and universities in a systematic effort to salvage the knowledge gained in war and turn it to peace time use in order to awaken the nation's latent industrial and economic power."

And the research laboratories of the land are to play a large part in this invaluable work. It is the highest tribute this country ever paid to those scientific workshops and to the men in them—scientists, engineers, experimenters, in a word "inventors"— who were once scorned as futile, puttering fellows by all-wise Business.

For years these industrial "invention shops" of America have been conscientiously at work pioneering constantly into the unknown, producing achievements of industrial value or of purest science or nothing, as success attended or failed to atend their efforts. The great laboratories of the United States Steel Corporation showed how to build better rails and more dependable frames for sky scrapers. Those of the Du Pont interests produced more serviceable explosives and a wider range of valuable by-products. The Eastman laboratories continuously make photography easier and more accurate. Swift and company's "inventors" do wonders with foods.

The General Electric Company's 275 scientists, engineers and allied workers, both men and women, in the big laboratory at Schenectady, save the country a billion dollars every year on its electric light bills through improvements in incandescent lamps. And so its goes, the nation over. More than 1200 companies have laboratories. More than 9000 men and women work in them. They serve the people of the whole world by cheapening and bettering goods, finding substitutes more satisfactory than original products and continually giving humanity more comfort, more happiness and more to live for.

BAINONIANS CLOSE MID-WINTER SEASON

The closing number of the mid-winters was given in the College Chapel on Monday evening to a crowded house. The Bainonians presented Mary Austin's great play The Arrow-Maker, with a splendid cast. The stage setting was more elaborate than has been attempted heretofore, representing the compody of the Sagharawetes in the foothills of the Sierras. A very effective waterfall was bursting from the rocky hillside, which with the shrubbery and rocks presented a suitable background for the Indian costumes of deerskin, fringed and beaded. The dark beauty of the Indian women in the cast, and the agile and handsome braves, their queer dancing and weird music were true to the life of this ancient and little known people. Miss Alberta Frow, and Miss Annarine Atkins were truly great in the tragic roles they enacted. Miss Frow especially portraying a most tragic character, naturally and convincingly. Mr. J. Alvin Keen portrayed the Arrow-Maker in a way to win the admiration of his audience for his manly beauty and skill and to make them loath the duplicity and cruelty that resulted in his killing the Chisera. Too much can not be said in praise of the young women of this society and the young men who assisted them, for their arduous work and painstaking attention to duty which made this beautiful and tragic play true to life, and the time in which it was enacted, and the strange people who lived and moved on the stage on that evening. The youngest of the cast was baby Mary Anne Coleman, eight weeks old daughter of Mr. and Mrs. Frank Coleman, who appeared in the arms of one of the Indian women.

Felt He Wasn't Wanted.

My young son had been telling me about an occasion on which he had felt greatly wound up by saying: "Mother, I never felt so unnecessary in all my life."—Chicago Tribune.

Very Few Are.

"No man I ever saw," said Uncle Eben, "was quite as good his own se'f as he thought ev'body else ought to be."

Relieving Rheumatism.

Temporary relief from the pain of muscular rheumatism is often obtained from local applications of equal parts of oil of wintergreen and olive oil.

CANDY KITCHEN FOR FRUITS

"You tickle me, Duke."
"My word, what a strange request." —Pupper.

Fish Berry: "Do you know Theda Bara's brother?"
Harry Grubbs: "No, who is he?"
Berry: "Pallbearer."
??!!xx??!!**.

Soph: "What would you say if I flunked three majors?"
Frosh: "Get out; you're fooling!"
Soph: "That's what the Dean said."

"Ma, do cows and bees go to heaven?"
"Mercy, child, what a question! Why?"
"Cause if they don't, the milk and honey the preacher said was up there must be all canned stuff."

Mica.

Mica, so named from its being easily divided into glistening scales, consists of silica and alumina, associated with magnesia, soda and lime in varying proportions. Thus we have potash mica, consisting of silica, alumina and potash; and magnesia mica, in which the alumina is partially replaced by magnesia, passing—as the proportion of magnesia increases—into soft talc, which is chiefly composed of silica and magnesia.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE JANUARY 26, 1922 | NUMBER FIFTEEN

HIGHLANDERS RETURN FROM E. TENN. TRIP

Hard Schedule Yeilds Lone Victory—Milligan Score Contested.

Friday afternoon Coach Honaker and his basketeers arrived on College Hill from their trip into East Tennessee where they won thier first and only game from Tusculum, losing to East Tennessee Normal and King College and as the official scorebook indicates, tieing with Milligan. Of course, this means only one victory out of four games and ordinarily such luck would cast a spell of gloom over the season, but in this instance not so. For instance, according to official information, the only real gymnasium encountered on the trip was at Bristol, the other three gyms being far inferior to our gym on College Hill. Of course these conditions are all in the game, but they count mightily in the success of a visiting team.

It is a funny thing, but miracles do sometimes happen. It is the report of every man and Coach Honaker also, that Tusculum was the best team encountered on the trip. This game resulted in a 33 to 23 victory for Maryville. The passing of both teams was good but the Highlanders were going at a clip that could not be denied, thus they won. The entire team played well.

The Milligan game was a close affair, the score at the end of the game being 21 to 19 for Milligan but a close scrutiny of scorebook resulted in a 21 to 21 tie. Further debate took place and Milligan claimed a 22 to 21 victory. We look upon the game as a tie. McMurray's free throwing was off in this game, resulting in three goals out of eleven attempts. However, he made up for this in his floor work and goals from floor.

The East Tennessee Normal game was the worst defeat dished out to the Highlanders. On the Normal court were six posts in different parts of the floor to support the building, also one basket tilted to a 50 degree incline on one side, necessitating an attempt at goal from only one side of the basket. Also, the ball was not played out of bounds. Now these conditions are sufficient to account for the defeat of the best team in the country, yet the Highlanders chased the Normal basketeers in a game race and made them go the limit on such a floor, the final score being 27 to 34 for Normal. McMurray staged a come back in his free throwing, caging eleven out of eighteen attempts.

The King College game which was staged on the Bristol Y. M. C. A. court was a heartbreaking affair, the Highlanders losing by a lonely field goal, the score being 27 to 25 for King College. This was the easiest game of the entire trip and should have been a Maryville victory. It was a case of dame "Hard Luck" casting her magic spell over the Highlanders. They passed the ball all over the floor and shot many more times than the King basketeers, but they just couldn't locate the basket. McMurray was sick but played the entire game. The fellows were all played out and it was just a case

(Continued on page four)

TUSCULUM IS AGAIN DEFEATED BY M. C.

Second Victory of Season Over Tusculum. Game Slow, But Marked By Clean Playing of Both Teams.

Tuesday night the Highlanders met Tusculum on the local floor and defeated them 26 to 13, the second time they have dealt the Tusculomites the bitter end of the bargain this season. The game was slow but the work of John Hendrick at forward for the Highlanders stood out prominently, this boy garnering fourteen of the Highlander's 26 points. Seems to be a habit with John.

For Tusculum the work of the Ramsey brothers was a feature. The main offensive strength of the team seemed to center around them. H. Ramsey at the center position was one of the best seen on the local floor in quite a while. He seemed to have springs under him.

The following is the box score:

Maryville	G.	F. At.	Thws. Sucfl.	Pts.
Hendrick, f.	7			14
McMurray, f.	2	4	2	6
McLaughlin, c.				
Janoviczky, g.				
Schmidt, g.				
McGinley, g.	2			4
Music, g.	1			2
McGinley, c.				
Total Points				26

Tusculum	G.	F. At.	Thws. Sucfl.	Pts.
D. Ramsey, f.	2	5	1	5
Davis, f.	1			2
H. Ramsey, c.	3			6
Lawson, g.				
C. Campbell, g.				
L. C. Bryan, f.				
Bryan, g.				
Total Points				13

S. O. S.

Glee Club Seeks Tenors For Annual Concert.

It will be remembered that, at the beginning of this school year, an aritcle appeared in this publication asking students (the masculine sort) who could sing to see Miss Gregg for a try-out with the Men's Glee Club. It was stated then that the club was an organization of the students, for the students. We wish to emphasize again this truth, and to call the students to our assistance. The time for our annual concert is rapidly approaching and we are in dire need of tenors, first and second. One good one of each variety (if there be any variety this year) must be unearthed somewhere. We ask you to help us ransack thoroughly this old Hill for "he's" who can sing, and that you will way-lay any person who may stroll in among the new ones next semester, who has any of the marks (ear, or otherwise) of a singer. We're not out, but just a little bit inclined to that direction and we implore your help.

Small Boy, after eating a weiner slowly and sadly—"Doggone".

CHILHOWEAN STAFF GETS GENEROUS

Offers Free Page For Best Prepared Section Or Page.

The staff of the 1922 Chilhowean has announced a very attractive proposition to the subscribers for its pages. A notice was recently posted on the bulletin board outside the Library stating that one page in the annual will be given to the class or organization which presents the most attractive section or page for publication in the annual. The only requirement for entrance in the contest is that the page or section must have been previously paid for at the standard price, twelve dollars per page.

The individuals who will judge the merits of the pages have not yet been chosen, but it is probable that Mr. E. L. Webb, Staff Photographer, will be asked to serve in that capacity.

The editor is very desirous of obtaining copy from every organization on the Hill as soon as possible, so that it may be assembled and sent to the printer. The task of publishing a College year-book is indeed an ardous one, one which gains for its performer an abundance of blame with a marked scarcity of genuine praise. No renumeration is offered and no credits are given for work done on the annual, yet it is one of the hardest jobs on the Hill. For these reasons the editor has the right to expect the cooperation of every organization on the Hill.

PREPARE THAT COPY NOW!

POLITICS HOLD SWAY IN ATHENIAN HALL

Work For Next Semester Conducted By New Officers.

Last Saturday evening another of those lively programs for which the Athenian is justly famed was given in Athenian Hall. Roy S. Buffat read a highly instructive and entertaining paper describing some of the superstitions of the Chinese. Their strange beliefs about River Gods and Devils were described in detail. Also some of the extraordinary and unusual things that they do because of these beliefs were related.

Edward Cornelius favored the Society with a number of that entertaining weekly journal "The Athenian". The special articles, racy wit and humor of "The Athenian" always far surpass that of the "Live Wire". This number proved no exception. One of the special articles was an interview with one of our stellar football players, P. G. Rice. That article showed that Mr. Rice was something more than a football player.

The jokes were sparkling gems of wit. A poetical outburst on the part of the talented editor, gave a poet's vision of conditions on the Hill when the milennium comes.

After the program was finished the officers for the second semester were elected.

TEMPERANCE PRIZE AGAIN OFFERED

Contestants Chosen From English Classes— Award of $25.00.

The Board of Temperance and Moral Welfare of the Presbyterian Church has awarded Maryville College a twenty-five dollar prize to be divided between the two students making the best speech on a subject related to the question of temperance. Last year in the case of a similar donation the contest was held in connection with the Sophomore required English course, English 1. The same plan is being followed this year, with some modifications. The members of the two sections of English 1 have all spoken on temperance subjects and the members of the classes have selected their own representatives for the final contest, subject to the approval of the instructor.

Nine people are to speak in the final contest which will be held on Saturday afternoon, February 4, at 3:15, probably in the Alpha Sigma Hall. Members of the faculty and of the student body are welcome to attend the contest. The nine participants are: Ralph Babylon, Mary Broady, Dorothy Dickerson, Sam Franklin, Emery Fritz, Lina Hodges, Eula Miller, Bertha Russell, and Lorena Smith. The prize will be given as a first prize of fifteen dollars, and a second prize of ten dollars. The prizes were won last year by Misses Reva Rankin and Jessie Johnson.

The College is greatly indebted to the Board of Temperance for its courtesy in the matter of this prize. The connection of our former Professor A. F. Southwick with this board lends a warm personal interest to the other interests of this award.

EXTEMPO PROGRAM IS SUCCESS IN ALPHA

New Officers Are Installed And Are Taking Charge.

No sooner had the clang of the gong cleared the dining hall than the ancient steps began to creak with the tread of many feet, ascending to Alpha Sigma.

In most societies there is a lack of interest just before examinations. Not so in Alpha Sigma. The installation of officers was quickly accomplished and Sam Hall's inaugural address received. Scarcely had the peals of applause died away before the extemporaneous program was being presented. The Secretary said it had not been prepared, but in the minds of all present, the garrulous ramblings of Poe, the sedate eloquence of Mann, the carefully planned statements of Othel Armstrong, and the oratorical spasms of Stanbery, were evidence that someone must have told them to be prepared. They debated at length the greatest of Pearsons Hall Problems, "Resolved, that the open parlor presents the best solution to the social problem."

Robert Baldwin gave a little talk advising all young students to fol-

(Continued on page four)

DEBATE TEAMS ARE PICKED FOR SEASON

Preliminaries Unusually Strong Yeilding Strong Teams.

Debate preliminaries are over and the grind of getting ready for the battles of the stage is beginning. A great deal of interest has been manifested in debate already this year and the preliminaries have been of unusual excellence.

The girls' preliminary was held January 20 and 21. Twenty-three girls participated. The judges, Professors Knapp, McMurray and Brittain selected the eight who are to compose the teams. The following team assignment has been announced by the coach: Affirmaitve, Ethel De Haven, Captain; Reva Rankin, and Martha Mae Boyer, with Bertha Russell as alternate. Negative, Ruth McCall, Captain; Janet Ensign, and Mary Broady, with Marie Bellotte as alternate. This debate is to take place on March 6 as the first debate of the season. The proposition to be debated is: Labor should have a hand in the management of industry after the general plan of the Proctor and Gamble Company.

The second men's preliminary was held on Monday, January 23. It was an all-day affair in which thirty-one men competed. Since the men are to have three dual debates it was necessary for the judges, Professors Knapp, Davis and McMurray, to select eighteen to serve as principals and six as alternates. The team assignments have been announced and the work of perfecting a skillful scalp-lifting technique is already in progress.

The first men's debate is to occur on March 13. The opposition is to be furnished by Roanoke College, of Salem, Virginia. The question for this debate is: The principl of the Open Shop offers the best solution for the present Capital-Labor problem. The affirmative team, which journeys to Salem, consists of Charles McClure, Captain; Herrick Arnold, and Leslie Poe, with Forrest Brown as alternate. The negative team debating at home consists of Tomas Vance, Captain; David King, and John Stockton, with Henry Cox as alternate. Maryville has never met Roanoke in debate before but all reports point to an interesting time on March 13.

On March 27, the third debate occurs, a dual debate with Tusculum College, our time-honoredest rival in forensics. This debate is to be on the question of the single tax on land as a substitute for all other forms of taxation. The affirmative team which is to go to Tusculum is composed of Charles Sharp, Captain, Verton Queener, and Andrew Stewart, with Roy Buffat as alternate. Tusculum will be met on the local floor by Captain Sam Franklin, Eugene Stanbery, and William Magill. Robert Baldwin is the alternate on this team.

The last College debate will take place on April 17 with Milligan College. As is true of Roanoke so also is it true of Milligan that Maryville has never debated with her before, but the progressive spirit of the Johnson City college and its fine sportsmanship as manifested in athletics leads us to ex-

Colleges and Football

Purdue's dimissal of its football coach is an example of the steps that are sometimes necessary to combat the extreme enthusiasm for athletics which President Lowell criticized. The Purdue coach and a few alumni were determined that their university should have a first rate football team and they proceeded to solicit the attendance at Purdue of promising athletes. They even offered them scholarships! This news indicates a direct purchase of athletic material, which is distinctly forbidden by the ethical code of colleges of high standing. Such a transaction is indefensible, but it nevertheless has much in common with the custom of most colleges of making life easier for the athletes than for ordinary students. There is scarcely a college in the country where a good athlete is not helped in his studies if he shows signns of falling below the "passing mark" or where he may not find a job if he needs financial assistance. And there are very many college alumni who would rather send a good football player than an average student to their loved alma mater!—Baltimore Sun.

Y. M. C. A.

In speaking on "The Principles of the Christian Life" Dr. Gillingham said that Christianity is a living thing. The first fact of Christianity is birth and the second growth. The principles of Christian living then may be said to consist of Jesus' principles of being and doing. Using the verse "Ye are the salt of the earth", taken from Jesus' sermon on the mount, Dr. Gillingham asked if any one would be satisfied to be salt. There are three ways, he said, of looking at salt. 1. Salt is a preservative. 2. Salt has a sweetening power, and 3. Salt permeates the earth. Here the analogy of the part a Christian may play in the world by being salt. Again, Jesus' principles of doing were perhaps similar in part to some of the principles set forth by such men before Christ's time as Confucius, Plato, and writers in the Talmud. There are principles which should govern our lives which persist even though rules may be superceded and outgrown. Thus the Golden Rule is a principle rather than a rule. "All things therefore whatsoever ye would that men would do unto you, even so do ye unto them." We must recognize ourselves in our true value before we can carry out this principle.

Roy Buffat is attending the State Y. M. C. A. convention which is being held in Nashville, this week.

THE HOOSIER POET IN BAINONIAN MEETING

Interesting Study of Works Of Riley Saturday Evening.

The Bainonian Society Hall was the scene of much merriment on last Saturday evening when the Hoosier poet was present in poetry and pantomine.

Virginia Paulsell gave a short biographical sketch of Riley, touching the points of interest in his early life and then followed the program of music and selected readings, which carried us back to our childhood days by such selections as "Out to Old Aunt Mary's" and "The Lisper", or carried us forward to the time when we, with the poet, might meditate upon "That Old Sweetheart of Mine". There was a mingling of humor and pathos such as only Riley can produce.

Near the close of the program a few old familiar poems were given in clever pantomine.

No matter whether Riley's verses take us to the farm, to the child, or to the inner circle of the home, he makes us feel that he has a sympathetic understanding of the common people.

Remember, if you miss Bainonian you miss something worth while.

MISSIONARY SERIES MAKING PROGRESS

Meetings Are Interesting And Very Enjoyable.

The Jr. Y. W. C. A. is having a series of missionary services. Each one is of a different type but is especially interesting. Last Sunday, the spirit of the meeting was emphasized by the leader's talk which helped those present to enjoy the rest of the program by watching for the special thought in each selection. The spirit of the meeting was Service. The meeting was begun by Elizabeth Moore playing a Prelude from Chopin. "A Friendly Sort of Way", read by Louise Gollmar, and a cutting from "The Mansior", read by Susan Carson, meant more to us than ever before. Ruth Quinn read "A Legend of Service" by Van Dyke which also brought an inspirational message.

The music was a very enjoyable feature of the program. Sallee Huffaker played "A Norwegian Bridal Procession" and the quartet sang.

This was an exceedingly hlepful and enjoyable service. There will be a Missionary program next Sunday afternoon of an entirely different type. Come and see what it is like!

CAMPUSISMS

Wonder why Annie Mai Hughes carries salt in her vanity all the time.

Miss Edna Dawson, one of last year's popular teachers, was on the Hill last week. She was the guest of Miss Gregg and Mrs. Caldwell of Stanley Street.

Miss Sidney Lamon has been released from the hospital, she is feeling quite well again.

To the regret of her many friends, Miss Mary Tippett was taken to Knoxville, last Tuesday, for an operation. It is hoped that she will recover speedily.

Miss Augusta Tippett and Miss Lina Hodges spent the day, Wednesday, with Mary Tippett in Knoxville.

Miss Frances Deane had as a week-end guest, at her home in Knoxville, Miss Katherine Franklin of Maryville.

DO NOT READ

Unless You Are a Prep Girl Or a College Student.

This write-up is for college students and for preparatory girls. Boys who are students of the Preparatory Department do not need to read this because they already know all about our meeting. If there was any preparatory boy absent from the Junior Alpha Sigma Hall Saturday night a mistake must have been made. President Murette Delozier called the meeting to order and installed the new officers:

President - - - D. W. Eitner
Vice-Pres. - - - Julius Huffman
Corresponding Secy. - - - Barney Blickensderfer
Program Secy - - Merlin Usner
Treasurer - - - Sherman Burson
Editor - - - - - Frank Smith
Sergeant-at-Arms - Warner Gray

The debate should have been heard by everyone. Fred Green and Frank Smith defended the question "Resolved that the College graduate is better able to support a home than the tradesman". Julius Huffman and Warner Gray succeeded in snowing under the affirmative.

Barney Blickensderfer, bass violinist of the Cincinnati Junior Symphony Orchestra accompanied Dewey Eitner, vocalist of the Maryville College Choir, in a pleasing selection.

Visitors are always welcome to our society. We will find chairs for all that come.

KNOCABOUTS TROUNCE STRONG JUNIOR TEAM

Football Tactics Fail to Make Showing Against Science.

Before a boisterous crowd on Saturday night the College Knockabouts defeated the Juniors by the decisive score of 29-19. The game was featured by the football tactics of T. J. and Mac of the Junior faction, and the very accurate shooting of Gillingham for the Knockabouts. Bring on the Seniors!

The line-up.

Knockabouts		Juniors
Gillingham, 17	f.	Watkins, 8
Kinsler, 10	f.	Ellis, 6
Burchfield, 2	c.	Sullinger
Seaton,	g.	McCall, 2

"BO" McMILLAN ON TRUE COLLEGE SPIRIT

You Can Be An Athelte and A Regular College Student At The Same Time.

(V. H.)

Athletics and college spirit are two mighty important factors in the life of a college man who performs on the gridiron, the track, the basketball court or on the diamond. An athelete who is a real he-sized fellow must have the knack of knowing more than athletics; he must be a full-fledged college man, carrying all his subjects in the proper way and full of undying loyalty for his old college.

Again, from the standpoint of the fellow who does not perform in any branch of athletics. What is college spirit for him? It is a composition of many things, one of which is to back the fellows who are fighting for their college in athletics, back them with wholeheartedness and with a desire to see every man do his very best, the best that is in him. Again, it is the initiative he puts into his own work, in class-room; in his relations with his fellows, his reverence for college traditions and the fire and unbounded enthuiasm to carry on and prepare to get ahead in the world which he must face when college days are history. We cannot wish our college well and at the same time slump along on a half-hearted way, doing just enough to get by. The keynote of getting ahead in this old world is to do just a little bit more than is expected of you, regardless of what your duty may be, thus by working hard all the time and giving the old college the best that is in us, we are therefore expressing in the only real way, a sincere good wish that our old college will rank at the top.

Below are a few quotations from "Bo" McMillin, Quarterback on Centre College's football eleven and selected as All-American by Walter Camp and furthermore, said by those who know to be one of the greatest players the game has ever known. Also, a few quotations from the Athletic Director of Centre College, "Chief" Myers.

Thus says "Chief" Myers—"Speaking of our glorious record since 1917, don't forget that somebody is working at this thing. It didn't just happen. We certainly have put over some big things with merely a bunch of kids. The teams we have beaten, man for man, with only an occasional exception, were considerably better than we. I want to say to you that brotherly love and team spirit made us, more than anything else. Now if each man of us were ten times as good we wouldn't get anywhere without that spirit sweet and clean and strong, because I know that without it we shall be back among the second and third raters."

From "Bo" McMillin—"This spirit, of which the Chief talks, is the big keynote. It's a spirit that makes every man on the field outdo anything he ever realized he had in him. For example, I can't punt a ball over thirty yards in practice to save my life. And yet in more than one game I have lined out fifty yard punts. I've seen some of the boys tear down the field to make a tackle at a faster pace than they could ever set on a cinder path and I have watched them in play after play, spill linemen who outweighed them by many pounds."

"Every man loves the game. And I reckon that most records are smashed in work or play, because some one loved what he was doing"

"Another big influence in what we've been able to accomplish is the fact that we all work together without friction or jealousy. It's a case of each for all and all for each. There are eleven men in every offensive play. It's not a one man or a two man team. Maybe there are a few things I can do a little better than some of the other fellows, but there are other things that most any one of them can do better than I."

From "Chief" Myers—"When a fellow is down and trying to get up (working at it I mean) he is at his best. He is all man then. But when he gets on top, with his ears full of sweet-sounding bunk, it seems as if the dry rot begins to set in on him then and there. It's only a little time until he is through."

Again "Chief" Myers says "A fellow who isn't good enough to keep up his work in his classes, and do what he is supposed to go to college for doesn't belong on our football team. He isn't smart enough to hold a place on it."

Thus, with the wonderful sentiments expressed above, do you not wonder at the wonderful football eleven that goes forth each fall to win glory for their old Centre College of the Blue Grass?

We here on College Hill can take a lesson from the above. We have just as good a Coach as Centre College and he loves every man who works for him just as "Chief" Myers of Centre loves his men. We have just as many college men as Centre and they are of the same fine calibre. Furthermore and most important of all, we have the athletes, athletes who are as good and some much better than any thing to be found around East Tennessee.

Right now the Coach is aching for next fall and football.

He is also counting on every man to return to College next fall who does not graduate this spring and put every ounce of strength he has into the game and the determination to win and let the world know more about old Maryville.

OUR CREED To tell the truth about the goods; to supply the most of the best for the least; to be accommodating and courteous and fair in every detail of our business intercourse with you; to endeavor in every legitimate way to merit, gain and retain your confidence and to serve you well and with promptitude.

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Trainir 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, a the discipline is careful. The students' spiritual welfare is the first co..cern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

MEN ARE NEEDED FOR ORATORICAL CONTEST

New Arrangements Made For Preliminaries—Prizes To Be Offered.

College records! Supremacy in all lines of achievement. That's what's back of every man's College spirit. When he yells for a team he's yelling for them to Win, for the College. When he plays on those teams he's playing to Win, for the College. Every man, who is the "right sort" is boosting for victory. And the boosting bears abundant fruit. We're East Tennessee Football Champions, we're playing good basketball, we're acknowledged champions in our debate circuit, we're Winning. It's every man's duty to do his utmost, to give of his best for College achievement.

There's one field of achievement which is new for Maryville—The Inter-Collegiate Oratorical Contest. For two years Maryville has participated and has made honorable records. Last year the Maryville orator, Leslie Poe won second place. This year——— is yet to come. On April 7, at Lincoln Memorial University the third contest is taged and Maryvile's going to be in the game.

That our past records may be untarnished, that we may issue from the Contest Victors we must have the best material available.

The custom has been to chose an orator by a preliminary contest held in one of the Literary Society halls. In accordance with Maryville's enlarged forensics program that plan has been changed.

The preliminary contest will be held in the Chapel on or about the evening of March 20, the date being subject to change.

Ac a further change, the Men's Societies have created a fund of twenty dollars to be given in prizes to the men winning first and second places.

The orations must be at least 1,200 words in length and not over 1,500. They must be original compositions and must contain not more than 150 quoted words. Suggested subjects will be posted.

The prize above should be sufficient inducement, but there's a greater one. It's College Spirit. If YOU try out YOU may bring the College Victory. Don't say you can't. The least you can afford to do for Maryville is to offer the best you have.

REVIVAL PLANNED AT LINCOLN MEMORIAL

Journal and Tribune Special.

Harrogate, Tenn., Jan. 26—Captain Will Arthur Dietrick will lecture at Lincoln Memorial university on the evening of January 26. Captain Dietrick has carried on special research work in the British museum, the Boston Scientific society, and the Mt. Wilson Solar observatory.

Some of his most popular subjects are: "The Immensity of the Universe", "Civilization", "Culture" "Microscopy", and "Telescopy."

TUSCULUM LOSES TO JOHNSON BIBLE FIVE

Journal and Tribune Special.

Kimberlin Heights, Tenn., Jan. 26.—Johnson Bible College five won an impressive 25-9 victory over Tusculum college here today. At no time did the boys from Greeneville threaten to cop the victory.

The feature of the game was the excellent work of Armstrong, who scored seven field goals for the victors.

Miss Ethel Swindler hasn't been able to stand the strain of approaching exams, consequently she has been ill.

HIGH SCHOOL FIVES BIDS FOR SUPREMACY

Knoxville May Send Three Quints To Annual Sectional Tournament—K. H. S. Needs One More Win to Cinch Coveted Cup.

The date for the East Tennessee prep school basketball championship tournament at Maryville has been set for February 24 and 2 Invitations have already been sent out by the Maryville College authorities to the leading teams in the vicinity.

It is expected that a large number of quintets will enter the list as the woods are full of formidable teams. The probabilities are that Knoxville will be represented by Knoxville High, Central High, and Park City High.

Knoxville High will enter the tournament with two straight victories in the two years the tournament has been held.

A victory this year will insure permanent possession of the handsome silver trophy, which has been offered to the team winning three legs in succession.

In past years, the blue and white boys have had little difficulty in disposing of their opponents. This year will be different, however, with many contestants, some of which have very impressive records.

PREP GIRLS ENTERTAIN AT THETA

All out for a snappy meeting of Theta Saturday night. The Prep girls have charge of the program and it's sure to be good. Exams will be over and all worries past. If you do not attend society regularily celebrate Saturday night.

The extemporaneous program last week was unusually good. Each one arose to the occasion and did her part willingly nad well. Lots of fun as well as real talent was shown. Don't Miss this week's program or you'll regret it.

SONNET IN HONOR OF MARYVILLE'S FAVORITE DISH

Ah Hash! How lovely is thy smell
Which permeates the air.
There's every sort of odor there,
And what a feast it doth foretell.
A quart of water from the well
Three spuds, an onion, meat quite rare,
Tomatoes, beans, some corn silk fair,
Cook 'til it's mixed; then ring the bell.
I love thee to my dying day,
Thou fruit of Miss Darby's genius tree,
I smack my lips in resounding way,
Then grab my spoon, and you shall see
Naught left but the dish after my affray.
But I sit content—in ecstasy.

Helen W. Sweeton, '25.

Forty-one years ago William Cullen Bryant Kemp became a student at Columbia University. Today he is still a student and hasn't missed a semester. Having studied everything worth while and exhausted all of the "ologies" Mr. Kemp, who is more than 50 years old, is spending his time this year learning all about the paleogeographic development of North America. He has many degrees, including a "D. M. P." (doctor of perpetual motion) conferred by his fellow students. Some say that Mr. Kemp wouldn't study when a boy, and that a wise uncle left a will for him providing for him as long as he was a regularly enrolled student in a university. Mr. Kemp won't talk, only to say: "The more you learn the more you know." —Exchange

Despite the fact that many a fair co-ed has been thrown in to the arms of her companion while riding over its bumps, a stretch of bad road between the highway and the campus of the Mexico State University was repaired by students. Blisters and sores on the hands were a natural consequence. For those who failed to do their share in the work, a bath party was staged in a nearby irrigation ditch.

VOLUME SEVEN | MARYVILLE, TENNESSEE FEBRUARY 2, 1922 | NUMBER SIXTEEN

MARYVILLE ADOPTS NEW CREDIT SYSTEM

New Plan of Grading—Quality Credits To Be Given.

After having made a thorough study of the grading systems of thirty representative colleges and universities, the Faculty has adopted the system explained in the follow ng paragraphs:

Grades and quality credits are now to be recorded as follows: A, unusual excellence, three quality credits for each semester hour of the course; B, honor rank, two quality credits; C, good, one quality credit; D, passing, and acceptable for graduation, but not entitling to quality credit; E, condition, which may be changed to D upon re-examination at the close of the following semester, and which becomes F if the second examination is not then taken; F, failure, requiring that the course be taken again before credit can be allowed; I, incomplete, which will be changed to F if the work is not completed within one semester. In addition to the 126 semester hours credit, 122 quality credits will also be required for graduation.

The Quality Credit System is effective from the beginning of the second semester of 1921-1922, except that it does not apply to the Class of 1922, and that for Juniors, Sophomores, and Freshmen already enrolled, the total requirement for graduation is reduced by the amount of fifteen quality credits for each semester of their atnedance to and including the first semester of 1921-1922.

In the case of students from other institutions admited to the Sophomore, Junior, or Senior class, a proportionate number of quality credits (not fewer than 30 such credits for each year at Maryville) shall be required for graduation.

Students who at the end of any semester have received grades of E, F, or I in a majority of their studies will be asked to withdraw from the College, unless for satisfactory reasons they are reinstated by vote of the Faculty.

Three unexecused absences incurred in any course debar the student from receiving any grade higher than D in that course.

Absences for any cause, excused or unexecused, totaling 25% of the course in which the absences are incurred, debar the student from receiving any grade higher than D; or totaling 50%, debar from examination in that course.

Beginning on January 31, 1922, the opening day of the second semester, all absences from any required duty—classroom, Church and Sabbath School, chapel, gymnasium, or study hours—whether excused or unexcused, will be reported to the Registrar's office and will become a part of the student's permanent record.

THETA

In spite of pep aroused over the ball game Saturday night Thetas enjoyed a delightful program. Because of the postponement of the Prep program we still have that pleasure to look forward to. So don't fail to come next Saturday night.

College girls show your loyalty and don't miss the Prep meeting, for you are sure to miss something good.

CLASS TEAMS ARE TO COMPETE FOR HONORS

Much Interest Displayed by Each Class in Their Respective Teams. Tournament Bids Fair To Be Hotly Contested.

Class basket ball is the chief attraction on the Hill this week, continuing through to Monday of next week when the finals will be decided. It is reported that many good teams are on hand to grapple for the championship of the Hill and it will be "good night mother" when the runners-up will decide the supremacy on Monday, February 6th. The team that wins will have a feather in its cap for there are some real fast and scrappy Fives participating in this tournament.

The games are as follows:

Game	Date	Opponents
No. 1,	Jan. 31,	Juniors-Freshman
No. 2,	Jan. 31,	T Preps-F. Preps
No. 3,	Feb. 1,	Sophomores-Seniors
No. 4,	Feb. 1,	Loser No. 1-Loser 2
No. 5	Feb. 2,	Winner 1-Winner 2
No. 6,	Feb. 2,	Loser 4-Winner 3
No. 7,	Feb. 3,	Loser 3-Loser 3
No. 8,	Feb. 3,	Winner 5-Winner 3
No. 9,	Feb. 4,	Winner 4-Winner 7
No. 10,	February 6.	

The winner of games Nos. 8 and 9 will play for Championship.

Losers of games 8 and 9 may play for third and fourth places.

The numbers above represent the order in which these games are being played. This also will serve to note that two games are being played daily.

The tournament is being directed by Coach Honaker with the valuable assistance of John Hendrick, a star of the Highlander varsity "Five". Mr. Schmidt has the refereeing end of the Tournament and is giving great satisfaction with his officiating.

It sure makes a fellow feel good to see this tournament going off in such an orderly manner and it is a cinch that much time and thought has been put into the working out of this plan—and it is already a big success.

CO-EDS DROP GOOD GAME TO MARTHA

20-18 Score After Hard And Close Scrap.

Our girls' basket ball team lost to Martha Washington last Saturday evening by the score of 18 to 20. The game was hard fought from start to finish and seemed to be anybody's game until the last minute of play gave the visitors a lucky break that resulted in a basket and the winning of the game.

Our team this year is composed of girls who have never had any college basket ball experience, with the exception of two girls, one of whom is playing in a new position, yet the whole team put up a good exhibition and gave the interested onlookers a game of the fastest basketball that a girls' team has ever played on the local floor.

There were no outstanding stars because all played hard and seemed to know what they were doing. They get a whack at Martha again in the next few days and with several good practices and the discarding of a few defects which were shown in their play Saturday night, it will be look-out Martha for 'tis a sure thing y' know that our Co-eds have a real good basket ball team and are getting better every practice.

FORTY-FIFTH SERIES OF MEETINGS NEAR

Dr. Jos. M. Broady Leads Meetings And Rev. S. E Stringham Conducts Music.

REV. S. E. STRINGHAM

For forty-two years the February Meetings have been an institution at Maryville College. They were established during the term of Rev. Mason P. Bartlett, D. D., President of the College from 1868 to 1887. Rev. Nathan Bachman, D. D. conducted the first series of meetings in 1877 in the old chapel on the second floor of Anderson Hall. Since that time there have been forty-five meetings, conducted by men of remarkable power and consecration. In the course of these meetings, from 1877 until 1916 there have been 1595 recorded decisions, while the results of thirteen meetings were unrecorded.

On Tuesday, February 7th, the forty-fifth series of meetings begins, under the leadership of Rev. Jos. M. Broady, D. D. Dr. Broady has led three meetings in former years and has a number of friends among the faculty and student body. He is a native of Maryville and is a Director and a staunch and loyal friend of the College. Dr. Broady's interest in Maryville's February Meetings is of a very personal nature, for it was in a series of these meetings that he surrendered his life to Christ and entered upon his course of Christian service. He is at present pastor of the Fifth Avenue Presbyterian Church of Birmingham, Alabama. This church has seven hundred members and is one of the strongest churches in the entire South.

Students who recall the splendid meetings of former years, especially those of 1920 and 1921 in which Mr. Homer Hammontree directed the music, will be glad to learn that the music of the coming meetings will be led by a man who possesses great ability as a soloist and song leader. Mr. Hammontree's successor is Rev. Sidney E. Stringham, pastor of the First M. E. Church of Alcoa, Tennessee. Mr. Stringham is well fitted for the task, having been a singing evangelist for eight years. He is a Moody Institute man and is a friend of Mr. Hammontree. Maryville is fortunate in securing the services of Mr. Stringham and all the friends of the February Meetings are confident that he will contribute much to the success of the coming series.

The first service of the series will be conducted on Tuesday morning at the Chapel hour and on the succeeding days meetings will be conducted at the same hour and at six thirty in the evening.

CARNEGIE INSTITUTE HONORS DR. C. K. HOYT

Former Maryville Instructor Granted Retirement Allowance.

An announcement of much interest in Southern educational circles is that which comes from New York that the Carnegie Foundation for the Advancement of Learning, on the recommendation of President George Morgan Ward of Rollins College, has granted a retiring allowance to Dr. Charles Kimball Hoyt, for many years Professor Emeritus. Rollins is the only college in Florida and one of a limited number in the entire South to receive such a signal honor at the hands of the country's great accrediting institution, and is the happy result of Dr. Ward's earnest and persistent efforts for the past six months to secure for this worthy and talented man, who has spent so many of his years in the teaching profession, the recognition to which his work justly entitled him.

Dr. Hoyt is a graduate of Hamilton College (receiving both A. B. and A. M. degrees from that institution) and of the Auburn Theological Seminary. He began his educational career as Superintnedent of the Public Schools of Waterloo, N. Y., and served as Professor of English at Wells College, Bellevue College, Huron College, and Maryville College before assuming his duties at Rollins. It was while Dr. Ward was President of Wells that Dr. Hoyt acted as head of the English Department there. Aside from his work in the teaching field Dr. Hoyt has devoted much of his time to other lines of literary work and has made contributions from time to time to the magazines. For some time he has been a regular contributor to Johnson Encyclopaedia. Dr. Hoyt is also well-known for his ability as a public speaker and has for many years preached in Presbyterian pulpits throughout the country. For a time he acted as an advisor for the Presbyterian College Board in accrediting the work of Presbyterian colleges. He holds the honorary degree of Doctor of Divinity from the University of Omaha.

A Moment Please!

Believing that there should be a minimum of diversion during the coming series of meetings, we have decided to make this the last number of the Echo until the meetings close. After two weeks, during which there will be no publication, a summary of the February Meetings will be published.

This arrangement in no way affects our guarantee of thirty issues. Unless our financial affairs become a bit awkward or the Law interferes, we intend to adhere to that guarantee.

Out of a possible one hundred and forty members of the Virginia Legislature now in session in Richmond there are twenty-one University of Richmond Alumni. Five of this number are Senators and seventeen are members of the House of Delegates.

There iz 2 things in this life for which we are never fully prepared, and that iz twins.

—University News.

SOPHOMORES AND THIRD PREPS WIN

Lofty Seniors And Haughty Juniors Humiliated by Underclassmen.

The second set of elimination games in the Class Basketball Tournament was played Wednesday, resulting in a 47 to 26 victory for the Sophomores over the Seniors. Both teams played well but the Seniors were unable to cope with the stellar basket shooting of the Soph Five.

The Third Preps threw a big score into the hopes of possible contenders for the Championship when they walked away to a 30 to 15 victory over the Collegians. This gives the Third Preps a brighter look into things in general, especially in comparing the result of the Fish-Junior tilt on Tuesday.

It is going to be a throw-up as to who comes out ahead in the tournament.

KNOCKABOUTS PULL CLAWS FROM TIGERS

Fast Playing And Accurate Shooting Yield 20-16 Victory

In a fast game from start to finish the Knockabouts took the roar out of the college Tigers to the tune of 20-16. The first half ended with the Tigers leading 12 to 9. The Knockabouts staged a rapid comeback in the second half and held their opponents to 4 points, while adding 11 to their own string. Kinsler's fast floor work and accurate shooting was the feature of the game.

Knockabouts		Tigers
Burchfield	f.	Gamble, 2
Gillingham, 8	f.	Sneed, 6
Kinsler, 12	c.	Delozier, 4
McClung	g.	McCall, 2

ATHENIAN STARTS OFF WITH BIG RUSH

First Meeting Under New Regime Is Full of Spirit.

The installation of the new officers, and short speeches were the order of the day in the Athenian Society meeting of last Saturday night. The new officers were present and took the oath of office to start off in good form for the second semester.

Among the short speeches were an address by the new president, Mr. Herndon. Mr. Vance the retiring president gave an address on "Choosing a Vocation". Mr. Sharp outlined the work of the Intercollegiate Oratorical contest. Mr. Brown (otherwise known as Shimmy) gave an inspiring talk on "Society Spirit."

Then to vary the program Messrs. Broady and R. H. Johnson gave a special musical number which was appreciated by all present.

For the program next Saturday evening the Alpha Sigma Society has been invited to be the guests of the Athenian Society for the evening. The Program Secretary has a super-special program arranged in their honor. "Everybody out for Athenian".

Patronize Those Who Advertise, They Make The Paper Possible.

The February Meetings are near. To old students that statement means a great deal and after the coming series it should mean quite as much to any new students. A brief introduction to this Maryville institution will be found on the first page of this paper, but, in addition, another introduction, of slightly different nature, may not be amiss.

To students who have attended these meetings nothing need be said. There is about them a strong spiritual atmosphere which grips every student and draws him nearer to the real things of life. He may not possess great faith or thorough consecration, he may not make a decision in the course of the meetings, but, nevertheless, he senses the spiritual atmosphere and is deeply moved by it. The hundreds of decisions which have been made since Dr. Bachman conducted the first series of meetings in 1877 have been the results of this spiritual atmosphere. Yet, the changing of those lives was not accidental nor without effort on the part of someone. The man whose life was changed did half of the operation in the act of surrender. The leader of the meetings or their spiritual atmosphere did not reach out and force that act—it was voluntary.

We're not preaching a sermon or starting the meetings prematurely, but we insist that its every students' two-fold duty—to self and God—to avail himself of the opportunity which these meetings present, to attend the services, to maintain a reverent attitude, and to yield to the impulses which the meetings will certainly create within him.

* * * *

Maryville men and women, both graduates and undergraduates, are always glad to see the "old college on the hill" move forward. The College is, of course, continually advancing. Not to do so would very soon, in these days of rapid progress in education, cause the College to forfeit the place among the best institutions of higher learning of her type that she has held for a hundred years. Much, indeed, of the advancement made, particularly in the matter of details of the curriculum, is announced only through the pages of the College Bulletins, and its importance is scarcely realized until its benefits have become manifest in the higher grade of work done by the students. For example, in 1909 the college entrance requirement was raised to fifteen units, although a candidate offering twelve units was admitted with three conditions. In 1912 the minimum of thirteen units with two units condition became the practice; beginning in 1916, fourteen units became the minimum, and only one unit condition was allowed; and in 1921, the minimum of fifteen units was adopted. The result is that practically every incoming class has been somewhat more thoroughly prepared for college work than have the preceding classes, and a higher level of scholarly attainments has been rendered possible. There is today no student in any of the four college classes who has fewer than fifteen units credited for entrance.

Another step has now been taken to improve the quality of the work done, and thereby to contribute toward the greater thoroughness of training and increase of efficiency among those who take part or all of their college course at Maryville. This step is the adoption of the Quality Credit System published on another page of this issue.

It will doubtless be of interest to our readers to learn some of the facts regarding the use of this system elsewhere. It is widely used. The thirty institutions that furnished the basis for studying the subject are located in eighteen states. They all represent the best practices and include church colleges of various denominations, and private, city, and state universities. Of these institutions only seven definitely indicate that a quality credit system distinct from the usual passing grade is not used. At least eighteen of them do use a quality test, requiring an average higher than passing for graduation. Two use systems somewhat unique. Six do not indicate their grading systems. At least nineteen use a literal system, and of these, all but one apply it by the method just adopted by the Faculty. All the institutions having the Quality Credit System, without exception, require an average of C for graduation. Practically all award graduation honors, and except for one institution requiring A, all require an average of B for such honors.

"MINUTE MEN" ARE BAINONIAN FEATURES

Interesting Programs Furnished Upon Short Notice.

On Saturday evening members of the Bainonian Society were reminded that they had entertainers who might be called "Minute Men", for they were ready on the spur of the minute with an interesting program. At the beginning of the meeting, the evening's program was read and every member upon whom sentence had been pronounced began to rack her brain for something that would be interesting and instructive to her audience.

The roll call and business was quickly dispensed with in anticipation of the program which was to follow. The first part of the program consisted of a solo by Ruth Newton and a reading by Winona Johnston. Then followed the greatest feature of the evening—a contest between two dignified Seniors in which they explained to our unbelieving ears the value of Theism. These learned discourses were very valuable and every Junior, Sophomore and even Freshman is keeping in her mind the definition of evolution so that she may have it ready when she is ushered into the selected class, especially set aside for Seniors.

The program was brought to a close by a piano solo by Eugenia Evans.

Bainonian is planning for the biggest program of the year on next Saturday night and the entertainers need a large audience in order that they may do their best.

Let's give them the crowd and they will assure us something new and startling.

Mother—Come Keith, don't be a little savage—kiss the lady.

Keith—No, she's a naughty lady If I kiss her she'll give me a slap just as she did to papa.

—"Topics Of The Day" Films.

"Who", asked the professor of the student, "was Homer?"

"The guy Babe Ruth knocked out", was the reply.—Exchange.

STUDIES LAW IN PLASTER CAST

Injured Syracuse Quarterback Enjoying Life. Names Are Written All Over His Plaster Cell.

New York, Jan. 26—Harry Hubert studied some law today and seemed to get a lot of fun out of life, although he has been encased in plaster from the top of his head to his hips since November 12, when he broke his neck while playing quarterback for Syracuse university in a game with Colgate.

At Mount Sinai hospital, to which he has just been removed from a Syracuse hospital, where he lay for ten weeks, everyone was interested in the numerous signatures which have made an album out of his huge white plaster cast. Pretty nurses were quick to put their names beside those of college professors, campus companions, football players and the mayor of Syracuse. They call Hubert "The Sheik", because his enforced headgear resembles the helmet of the desert.

Tonight Syracuse alumni were among the many callers at the bedside of the youth, whom doctors consider very lucky to be alive. Joe Alexander, Syracuse, '20, and all-American guard, and now an interne at Mount Sinai, was one of those attending the injured collegian.

Johnny—Mother, do I have to wash my face?

Mother—Certainly, my dear.

Johnny—Aw, why can't I just powder it, like you do yours?

PERSHING SENDS U. T. AUTOGRAPHED PHOTO

The University of Tennessee military department has just received a 10x18 inch picture of General John J. Pershing, autographed and addressed to the university R. O. T. C.

The inscription on the picture is "To the University of Tennessee R. O. T. C., with my very best wishes John J. Pershing."

This picture will be framed and hung in the gallery of military nobles which has been established at the university by Major W. A Raborg, commandant.

This gallery now contains the autographed photographs of the head of the Fourth Army Corps Area, Chief of Infantry, Chief of Engineers, and General Pershing. Major Raborg hopes to add to it in the near future.

JUST EMULATION

Mother—Elsie, why are you shouting in that horrible fashion? Why can't you be quiet like Willie?

Elsie—He's got to be quiet the way we're playn'. He's papa coming home late and I'm you.

—Worchester (Mass.) Post.

Dr. Wilson's Statement About The Meetings

"The culmination of the yearly efforts of Maryville to build the best possible manhood product is reached in the February Meetings. Believing most heartily that the cleanest, truest, noblest, and most altruistic character is that which results from the fear and love of God, and from loyalty to His church and Word and will, the College seeks most earnestly and persistently to lead every student to enter definitely and heartily into the service of God and His church."

The members of the Texas A. & M. football team, conquerers of Centre, will receive from the State of Texas gold footballs, each set with a real diamond, as a reward for their victory.

She: "Are late hours good for one?"

He: "No, but they are fine for two." —Jester.

From A Faint Blue Glow To Modern Miracles

EDISON saw it first—a mere shadow of blue light streaking across the terminals inside an imperfect electric lamp. This "leak" of electric current, an obstacle to lamp perfection, was soon banished by removing more air from the bulbs.

But the ghostly light, and its mysterious disappearance in a high vacuum remained unexplained for years.

Then J. J. Thomson established the electron theory on the transmission of electricity in a partial vacuum—and the blue light was understood. In a very high vacuum, however, the light and apparently the currents that caused it disappeared.

One day, however, a scientist in the Research Laboratories of the General Electric Company proved that a current could be made to pass through the highest possible vacuum, and could be varied according to fixed laws. But the phantom light had vanished.

Here was a new and definite phenomenon—a basis for further research.

Immediately, scientists began a series of experiments with far reaching practical results. A new type of X-ray tube, known as the Coolidge tube, soon gave a great impetus to the art of surgery. The Kenotron and Pliotron, followed in quick succession by the Dynatron and Magnetron, made possible long distance radio telephony and revolutionized radio telegraphy. And the usefulness of the "tron" family has only begun.

The troublesome little blue glow was banished nearly forty years ago. But for scientific research, it would have been forgotten. Yet there is hardly a man, woman or child in the country today whose life has not been benefited, directly or indirectly, by the results of the scientific investigations that followed.

Thus it is that persistent organized research gives man new tools, makes available forces that otherwise might remain unknown for centuries.

Maryville College 1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to t' Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Trainir 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongiy Christian, a the discipline is careful. The students' spiritual welfare is the first co..cern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

Y. W. C. A. CONTINUES MISSION STUDY PLAN

Worth of Meetings Proved By Increased Attendance.

The Y.W.C.A. meetings this year in which "missions" has been the theme have been of unusual interest, but the meeting Sunday afternoon proved to be one of the most interesting of the series. Miss Reid spoke to the joint associations no her work in the Kentucky mountains. Her personality, earnestness and sincerity added much to the stories she told of her experiences among the people there. She is located in a community center and her work falls under four heads, the Sunday School, Women's Bible Classes, Girls' Sewing Classes and Home Visitation. One of the chief thoughts she wanted to leave was that in the hearts of these people who have not had opportunities given to them, are very often the same longings and ambitions for education and higher and better things that are in the hearts of boys and girls in college. They need some one from the outside to bring the message to them that they may have a chance to develop and to attain to their desires. Special music was furnished by Ruth McCall and Madeline Huizinga which every one enjoyed.

Y NOTES

Last Sunday afternoon two score students heard Dr. Buchanan speak on "Moral Earnestness" which proved instructive and beneficial to those present. The meeting opened with a devotional service led by James Jackson. Special music was enjoyed by all when Percy Buchanan sang accompanied by his father. It is hoped that they will visit the Y again.

This Sunday the Music Department is going to render a special program. Miss Hale is preparing a variety of good music which will likely consist of piano, cello and vocal solos, and possibly trios and quartets. Look for posters announcing program. Every fellow is cordially invited to hear some of the school talent, and to share in the fellowship for all. The Sunday afternoon meetings are prepared for all male students, for their benefit and enjoyment. Don't forget—before you write home or take a walk or nap, stop at the Y for a little while to enjoy an entertaining program.

Fellows: Ask your girl. Shine your shoes. Have your suit pressed. What for? The "Fiske Jubilee Quartet", well-known and pleasing musical organization, will be on the Hill the last of March. This number promises to be unusually attractive.

Through the Association Press the Y has obtained special reduced rates on some very excellent reading matter pertaining to books on religion. Books by prominent writers of authority such as Fosdick, Bosworth, Curry, Adam, Fleming, and Fahs may be had for a very small sum. Pocket Testaments are also for sale. For further information see Walter S. Thompson, Carnegie 202, agent for the College Y. M. C. A.

ALPHA SIGMA

"Resolved: That the Hobo is happier than the Millionaire."

Affirmative: Robert Baldwin, Othel Armstrong; Negative: Henry Cox, Melvin Lawson. Official Decision: Affirmative 0, Negative 3.

Many new phases of the beautiful and ideal life of the tramp were brought out by the affirmative. Mr. Cox spoke in his solemn and serious voice of the happiness of married life, and the religious inclinations of the Millionaire.

Ralph Jennings stirred the hearts of all music lovers when he burst forth into song. "I Have Many Invitations to Step into Caruso's Shoes", said Ralph "but he wore only elevens." Music rendered in such a pleasing way is an added feature to any program.

REGENERATED LAW CLUB PROGRESSES

Promise Shown In Manner of Presentation of Programs.

The regenerated Law Club met Wednesday night in Alpha Sigma Hall, and again held one of those beneficial sessions for which it is now noted. Just the other day the writer overheard a Senior ask a "Freshie" if he belonged to the Law Club. The reply was, "Of course, if I intend to get the most out of College life, joining good organizations is essential, so I joined the Law Club first thing." We solicit others to follow the plans of this wise Freshman.

The first part of the meeting was given over to the installation of officers, Ex-President Huber administering the oath. With President Queener in charge the following program was presented:

Barney Blickensderfer, gave an article on "Don'ts for Automobilists". The program secretary gave him several law volumes from which to chose a subject and that was what he unearthed.

The next number was a biography of William Ewart Gladstone, delivered by Andrew Stewart. The fact that Gladstone was elected to the Prime Ministry four times made the ambitious young lawyers-to-be who filled the seats visualize their goal in life even more clearly.

The concluding feature of the program was an excellent discussion on the Common Law in the United States and England by Verton Queener. He traced very thoroughly the Common Law from its origin in the dim past when it was a measure of revenge, to its great place in the judicial realm of today.

After a well conducted business meeting the club adjourned.

NEWS OF LATEST Y. W. STIR—THE BANQUET

Lass Writes of Menu and Program At Girls' Affair.

Maryville College

Dear Brother:

I know that Maryville surpasses every other college in almost every respect. Of course, you have heard this before but I have a special reason for repeating this statement.

You remember that I used to say that all banquets were entirely too formal, that at banquets you didn't get anything to eat, and that the toasts were always long and dry.

As usual, the Y. W. C. A. was at the head of this annual banquet which I am going to tell you about. All unnecessary formality was dispensed with. I imagine you would have thought it a very charming picture if you could have seen the girls, all dressed in the most becoming things they had, seated around the tables in a candle-lit room. We sang all kinds of songs from "Juanita" to "That's Where My Money Goes."

I won't have to make any comments about the eats, other than that rolls were passed three times. The menu which follows will speak for itself:

Grape Fruit Cocktail
Breaded Veal Peas
Sweet Potatoes Timbles
Candle Salad
Nut Ice Coffee Mints

Of course we enjoyed eating but I believe we enjoyed listening to the toasts just as much. Bernice Jones, one of the peppist girls on the Hill, mad an excellent toast mistress. Nannette Walker (you know how attractive and capable she is) gave a toast "To Junior Y. W. C. A.". Hazel Bevan gave a very interesting response, "To Senior Y. W. C. A." We had a laugh on her when she very feelingly quoted a saying of "one of our dear college boys". This was followed by a toast "To Frineds of the Y.W.C.A." by Alice McAnulty. Miss Green responded to Alice's talk by a short, original poem. Anna Mai Hughes gave a reading and we encored her. Edith Longsworth gave a good toast "To Future M. C." and Martha Mae Boyer closed the program with an appropriate talk "Good Night".

As a fitting climax, Mr. Burson took a flashlight picture of us all. Don't you think we had a delightful time? A banquet that includes plenty to eat, a limited amount of formality, and interesting toasts is surely ideal in my estimation.

I can't think of anything to write about half as important as our Banquet and the Y. W. C. A., so will say good bye,

Your loving sister.

BRICK WINS OVER COMPETITION IN EXAM

Member of Sophomore Class Makes Highest Average For West Point.

Capt. George R. Armstrong, of Chattanooga, formerly in charge of the Knoxville U. S. A. recruiting station, arrived in Knoxville Saturday to meet his son, Justus Rogers Armstrong, who is a student at Maryville College.

Young Armstrong recently stood examination for entrance to West Point Military Academy. Captain Armstrong received a communication from Congressman Joe Brown. Third district, showing that his son secured the highest grade of all young men taking the examination and would be appointed. His grade was 93.92.

Justus Armstrong will remain in the classes at Maryville until the close of the scholastic year.

—Jorunal and Tribune.

GAMES NOS. 1 AND 2 TOURNAMENT PLAYED

Freshman Quintet Victors Over Juniors. Fourth Preps Defeat Third Prep Five.

The first two games of Class Basket Ball Tournament were played Tuesday afternoon, resulting in victories for the "Fish" Quintet and the Fourth Prep Five.

The "Fish" mixed it in a hotly contested encounter with their more learned brothers the Juniors. The game was a thriller for a class game and ended in a 21 to 20 victory for the humble "Fish". However defeated, the Juniors are determined to come back strong in their remaining games and score victories. Both teams have some rare material in their line-ups, several members of both Quintets being members of the notorious "Tigers" and "Knockabouts".

The Fourth Preps scored an easy victory over their younger brothers the Third Preps, the score being 25 to 15. The Fourth Preps have an excellent opportunity to go through to the finals as their "Five" is composed of several members of the Knockabouts and Tigers. For the Fourth Preps, McCall was the individual star.

MILLIGAN DEFEATS CARSON-NEWMAN

Jorunal and Tribune Special.

Johnson City, Tenn., Jan. 31—Milligan defeated Carson-Newman college here tonight in a very exciting game of basketball by the score of 22 to 19. The first half was 17 to 7 in favor of Milligan and was featured by the spectacular shooting of Proffitt and Jared for Milligan, each shooting three baskets from the middle of the floor.

The game was very cleanly played during the first half, but during the second half, a number of personal fouls were called on each team. In the second half of the game Carson Newman became more sure of their shots and scored 12 points to 5 for Milligan.

"What is a flapper?"

"A flapper, Henry, is the latest style cigarette holder."

EVANS—DEARING

Judge Elbridge M. Dearing announces the marriage of his daughter
Elizabeth Bust '17-'18
to
Mr. John Franklin Evans, Jr.
on Monday, the nineteenth day of December, one thousand nine hundred and twenty-one
Potosi, Missouri

Mrs. Evans was a student on the Hill in 1917 and 1918, and her brother is doing work in the College at present.

CALDWELL—HOUTS

Rev. T. J. Houts
anonunces the marriage of his daughter
Jessie May
to
Alex B. Caldwell
on Sunday, December the twenty-fifth, nineteen hundred and twenty-one
Gate City, Virginia
At home
After January First,
Harrogate, Tenn.

Mr. Caldwell is an alumnus of Maryville. He was a member of the graduating class of 1916.

The following announcement, although somewhat belated, will be of interest to Maryville alumni:

MCGHEE—GERLACH

Mr. and Mrs. Robert H. Gerlach
announce the marriage of their daughter
Anna Louisa
to
Mr. William E. McGhee
on Wednesday, October the fifth
one thousand nine hundred and twenty-one
Washington, D. C.

CROSS—SILSBY

Rev. and Mrs. J. A. Silsby
announce the marriage of their daughter
Helen Cassilly
to
Rev. Robert Carroll Cross
on Tuesday, the sixth of December
One thousand nine hundred and twenty-one
Los Angeles, California
At home
613 Esperanza Street

Both Mr. and Mrs. Cross were popular students on the Hill, graduating with the class of 1913.

Sam F. Powell, Jr., a member of the Class of 1915 and a graduate of Harvard Law School in June 1921 is associated with a law firm in New York City.

Roy S. Buffat returned Monday from Nashville where he attended a Convention of Tennessee Y. M. C. A. Secretaries.

Among the old-timers who arrived on the Hill at the beginning of the second semester are James J. Bevan, '23, Harry Owen, '23, and Clyde Stephenson, of the same classification.

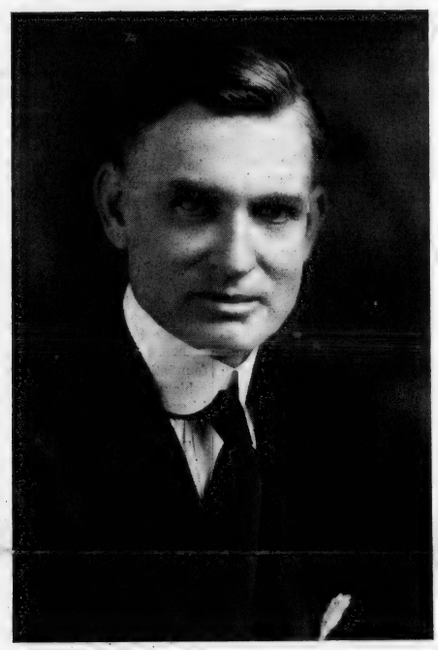
Two Big Events: The Tournament And The Conference

The Highland Echo



Let's Keep That February meeting Spirit Alive All The Time.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN — MARYVILLE, TENNESSEE FEBRUARY 23, 1922 — NUMBER SEVENTEEN

GREAT SUCCESS CROWNS FORTY-FIFTH SERIES OF FEBRUARY MEETINGS

DR. BROADY AND MR. STRINGHAM CONDUCT SERVICES IN WHICH 77 ARE CONVERTED AND 430 RECONSECRATE THEMSELVES.

Praise God from whom all blessings flow,
Praise Him all creatures here below,
Praise Him above ye heavenly host,
Praise Father, Son, and Holy Ghost.

This is the benediction of every heart on College Hill and of a multitude of hearts throughout the world. Seventy-seven were converted and four hundred and thirty reconsecrated their lives to Christ in the February Meetings. Every Christian everywhere will rejoice and praise God when these glad tidings are heard. His mercy to us calls for ceaseless songs of praise.

Three faithful servants of God served us as leaders: Dr. Wilson, Dr. Broady, and Rev. Stringham. They were backed by God's blessing and the prayers of many.

Dr. Wilson, whose big heart always carries an oversupply of others' burdens, lives, as he says, mostly for February Meetings. All through the first semester he told us that the student body this year was of a higher moral standing than usual, but his heart was none the less full of paternal longing to see all his children saved. He likes to call himself the father of a large family, and we are his family. As he sat above us we knew that he searched us with careful eyes to discover some child he might help or encourage. No reward could be greater to him than to see his children do the thing that is right and best for them. With open eyes he prays for each soul he sees. He's an humble servant but a great leader.

At the first glimpse of Dr. Broady we are impressed by his powerful and commanding stature. We dared shake our fits in his face, at Dr. Wilson's request, because there is safety in numbers. We shook our fists in his face when he came and yelled at the top of our voices when he left, but he seemed to enjoy it. This big fellow told us he was frightened when he left home, and grew more frightened as he came nearer to us. This sounded

(Continued on page four)

GENEROUS GIFT OF LIGHTS FOR CHAPEL

Mr. and Mrs. J. H. Webb Present Beautiful Fixtures To Replace Old Lights.

Why were the meetings the success they were? Because everybody helped. Who helped? Dr. Broady helped, Rev. Stringham helped, the students helped, and our new lights helped.

Dr. Broady preached, Rev. Stringham led the singing, the students sang, and what part did the lights have? Their part was, first, to give light; second, to give a shaded, softened light that hurt no one's eyes; third, just to be themselves, things of beauty.

For sixteen long years the old lights had done their best, but that best was merely to give light. They were not beautiful and their glare hurt the eyes of those who had to face them. Then, one Sunday evening, Mr. and Mrs. J. H. Webb came to Vespers. There it occured to them how poor the old lights were, and what an improvement new ones would be. In a few days, the new lights for the College chapel were ordered, and they came just at the time when they were needed most, at the beginning of the February meetings.

They served the College well during the meetings, and will continue to serve it through many years to come. In those years, the students —that are-to-be will feel toward Mr. and Mrs. Webb the same gratitude that the students of '22 expressed with their fifteen rahs for the Webbs, and that the Board of Directors expressed by extending a vote of thanks to them.

For these new lights, the whole college says, "Thank you, Mr. and Mrs. Webb."

V.P.

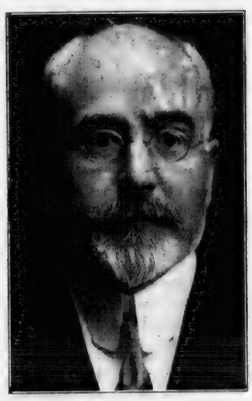
HUMOR HEARD IN THE MEETINGS

A farmer was taught by his daughters to say "present company excepted". Dr. Broady used this expression before us one night. He then told us how the farmer before visitors once said "I've got the finest bunch of hogs in the company—present company excepted."



Maybe he was comparing us to hogs. Who knows? At any rate Dr. Broady has eaten in Pearson's Hall too.

It's all right to push a dish rag to get through college, but hitch to something higher for life.

Girls open your eyes. Dr. Broady says some of your fellows have a girl in town, one on the Hill, and one in the country.

THE FIRST LIFE WORK CONFERENCE IN HISTORY OF MARYVILLE ARRANGED

SOME OF COUNTRY'S ABLEST SPEAKERS AND LEADERS SECURED FOR MEETINGS MARCH 3-5. CONFERENCES WITH STUDENTS MAY BE ARRANGED

DR. S. C. MITCHELL
A Conference Leader

W. D. WEATHERFORD, Ph. D.
Another Conference Leader

During the first week of March there is to be held a Life Work Conference on the Hill for the benefit of all the students. This conference is the only one of its kind in the South and has been obtained through the efforts of the Y.M.C.A. and Y.W.C.A. But the purpose is not to get students to decide to enter the ministry or mission work, it is to help all students to decide something definite as to their life work.

We are to have some of the leading men in the Christian work with us and these men will be able to help us on any line of work we might wish to take up with them. Of course all this can not be covered in the addresses which they will give but we wish to make our interviews with them the main feature of the Conference.

This Conference begins Friday, March 3rd. and closes on Sunday, March 5th. During these three days the speakers will be open for interviews with any boy or girl. Before you can get an interview with them however, you must first see one of the fellows who have this in charge and book your interview.

Walter Thompson will book interviews for all the speakers, except those who speak on law, medicine and engineering. Verton Queener will book interviews for law, Sam Hall, medicine and Lee Herndon engineering.

The interviews for the women speakers will be handled by Dorothy Dickerson and Helen Deal. Any boy or girl may interview either man or woman speakers, but if a girl wishes to interview a man she must first book an interview through Walter Thompson.

The Conference begins Friday morning at the regular chapel period with an address by Dr. Weatherford on "Principles that should guide in the choice of Life Work". All during the day there will be addresses in different buildings for those who care to attend.

All meetings are open for both boys and girls.

The meeting Friday night will be opened with a song service led by Mr. Stringham who served so efficiently during the February meetings.

Drs. Lovell, Cleveland and Heimberger will be here during the entire Conference while the other speakers will only be with us the day on which they are scheduled to speak.

These men and women are well fitted for the purpose for which they are brought to Maryville and it is a great opportunity for the students of Maryville College.

Dr. Lovell will interview any persons who have not definitely decided upon their life work. The others will hold interviews concerning the department in which they are scheduled on the program.

Highlanders Return From Kentucky Trip And Meet East Tenn. Normal

M. C. BASKETEERS WIN FROM TRANSY BUT TROUNCED BY CENTRE AND UNION—LOSE TO EAST TENNESSEE STATE NORMAL.

The Highlanders were given another hefty jolt on their Kentucky trip which included games with Transylvania, Centre College and Union College. At times they played good, bad and indifferent basket ball and the result was one victory and two defeats.

The Transylvania game on February 3rd. was fast throughout and the entire Highlander Five was going good and, thus they emerged with a 29 to 24 victory and they won from a good, fast and snappy team. This victory should have put them in line for at least another win, but something went "fluie" and a different story.

Saturday, February 4th. they journeyed on to Danville, the home of the Centreites and "Bo" McMillin's bunch of cagesters where they rested until Monday, playing the Centre boys on February 6th. and getting licked the worst this year, the score being 34 to 17 for Centre. Something was wrong in this

East Tennessee High School Teams Compete For Tournament Honors

ARRANGEMENTS COMPLETED AND SCHEDULE FORMED FOR CONTEST IN COLLEGE GYM ON FRIDAY AND SATURDAY.

Lovers of classy sport contests are to be rewarded this week-end with the third Annual High School Basket Ball Tournament of East Tennessee. One of the best sport offerings of the season, it is said, and one which will compel the best of playing on the part of each player on each of the eight teams, chosen as the best eight quintets in East Tennessee, in order to win the prizes which the College Y. has offered.

These prizes are two choice loving cups, the first prize, a 16-inch cup on an ebony base with Champions East Tennessee High School Basket Ball Tournament 1922" engraved upon it; and the second prize a similar 7-inch cup on an ebony base with "Second Prize East Tennessee High School Basket Ball Tournament" engraved on it. More than that, each member of the winning team will recieve a watch fob a sterling silver basket ball, as a reminder of his fight to help his

Patronize Those Who Advertise, They Make The Paper Possible.

At Roanoke College twenty-four students were dropped from the college roll last semester on account of deficiencies in studies. This action came as the result of failure of the men to pass the minimum number of hours work for one semester. This minimum requirement is six semester hours for Freshmen and Sophomores, and nine hours for Juniors and Seniors.

President Smith, in making the announcement said, "The college intends to make its degree worth as much as that of any standard college in the country. In order to be fair it is impossible to carry students who are either improperly prepared or else lacking in seriousness of scholastic purpose. Unless our colleges develop men of ideals and high purposes, it is a question as to whether they justify their existence."

President Smith also stated that no stigma was attached to those who were dismissed, but that they were dismissed simply because of failure to meet requirements.

Some of the most popular men in the college were among those who failed to meet requirements, among them being the president of the student body and the 1921 football captain.

It seems to us that Maryville College would do well to put this minimum requirement clause into the quality-point system which has just been adopted. This system allows a student to remain in college indefinately when it were better for all concerned that he be dropped. All this system does is to prevent a student who is mentally lazy or mentally incompetent from graduating, but we believe that the former class of students should be dropped with a jolt in order to stimulate them to more strenous endeavor. We also believe if to be a self evident fact that the latter class should be dropped for their own good as well as for the reputation of the institution which they attend.

E.L.J.

* * * *

A glance at the Editorial Staff as given at the top of the page will reveal a rather radical change. We have added some very capable writers and with their assistance we hope to raise the standards of the Echo during this semester.

ALL RECEIVE GIFTS IN LAST MORNING SERVICE

Dr. Broady And Mr. Stringham Get Wallets—Dr. Wilson Gets Cake.

The Friday morning service brought to a fitting close, this 1922 series of February meetings. It was opened by a band selection which seemed almost to reflect the spirit and feeling of triumph, joy and hope in each heart, but love was the predominant factor, Dr. Broady's love for the students, and the students' love for Dr. Broady, in fact, Maryville seems to like love, for it voted "That's Why I Love Him" the favorite song, this, with several other old favorites and "He's a Wonderful Saviour to Me", which won second place, were sung with such fervor that even the sturdy brick walls of the Voorhees Chapel seemed to shake.

Then Dr. Broady spoke. His plea was practically irresistable, and many hearts were touched. After it all those who had been converted during the meetings or had taken a new hold on the Christian life shook hands with him. Then came a real and unexpected treat, Dr. Wilson gave Dr. Broady a "talkin to". He conferred upon him the unique and before this year, unattainable degree of F. M. C. S. and a wallet, to show that the degree meant more than a slight loss of ink at each signature. He also conferred upon the students the degree of F. O. B. which was heartily welcomed, for never was a degree so easily and pleasantly earned.

Dr. Broady, instead of resenting it, seemed to enjoy being told a few things, saying afterward that he wished his wife had been there to hear it.

Mr. Stringham, whose wife was right there to hear, was then told that we would be glad to say goodbye to him, because he had "strung" too many student hearts already, he was degreed and walleted also. In his reply to our generous president, he showed his true manly spirit, by telling his intentions with regard to the future speech to "friend wife". This talk was to include "I told you so".

The lights went out and Stella McCall came in, dressed all in white and bearing a huge, white birthday cake, with sixty-four, red, burning candles around it. She expressed the wishes of the student body as to Dr. Wilson's health and his family's health. "May they live long and prosper", and in order that this last wish might be more surely realized, Dr. Broady, gave him a traveling bag to be proud of and some advice to go off somewhere and take a rest.

By this time the students had been brought to a point of enthusiasm where further silence was impossible, so with Poe leading, they cheered out their feelings.

The meeting was closed, and after two pictures had been taken, one inside the chapel, and one in front where Dr. Wilson, Dr. Broady and Mr. Stringham were very much in prominence on the shoulders of the ardent students, the entire body adjourned to the station.

The last farewells were shouted to Dr. Broady, as the train, which had been waiting, pulled out, and he was gone in person, but his spirit is still on the Hill and is likely to stay longer than he or any one else dreams.

H.W.S.

HUNTER RESIGNS FROM ATHLETIC EDITORSHIP

Brick Armstrong Succeeds Van As Writer of Sport Dope.

Readers of College papers are interested, in the main, in the accounts of various athletic activities, and the standard reached by those accounts contributes much to the standard of the publication and to the reputation of the school. Hence the position of Athletic Editor must be filled by a very capable man, a man who understands every game, who is strongly back of every team, and who possesses considerable ability as a writer.

The Echo has been very fortunate in having the services of a man who meets these requirements—Van Hunter. Yet, we are very unfortunate in losing those services, for Hunter has accepted a position with the Aluminum Company of America which will occupy all of his time during which he is not in class.

We are sorry indeed to lose Hunter for he has achieved much as Athletic Editor and is a strong supporter of Maryville's athletics.

J. Rod Armstrong, known locally as "Brick" will succeed Mr. Hunter. "Brick" has proved his ability on a number of occasions and he will give of his best to satisfactorily fill his office.

OLD PIANO IS MADE NEW FOR CHAPEL

What was the big thing you noticed, the first morning of the meeting, as you entered the chapel? ? In all probability it was the second grand piano on the stage, and of course you wondered the *how* and *why* of it all.

Through the courtesy of the College and the music department a seemingly useless old grand was made to *shine* and *play* like new. Its tones were so sweet and mellow that many remarked "how much better it sounded than the old one".

My how the music did ring with both instruments going and how it inspired one to sing his very best. Let us be thankful for three grand things, the two pianos and our live music department!

H. B.

E. Tenn. Teams Compete For Tournament Honors.

(Continued from page one)

team win.

For the benefit of those who may be interested in the conditions of eligibility they are given below:

1. Each player must be carrying at least 15 hours works.

2. Each player must maintain an average of 75 percent in each subject.

3. No coaches or the like will be allowed to play.

4. No player can be over 21 years old.

The competing teams will be:

Clinton H. S.; Knoxville H. S.; LaFollette H. S.; Porter H. S.; Karnes H. S.; Morristown H. S.; Tennessee H. S. of Bristol; Maryville Poly.

Referee: C. B. Schmidt, M. C.

Oh! by the way Fellows, Friday night, when, in addition to the Tournament Game, the Varsity will play the Knoxville Y.M.C.A. You will have to reach down in the depth of those old jeans and peel something off that wad of yours and then on Saturday and the finals come you will have to duplicate. In other words, if that lady friend of yours still likes you Saturday night it will be because you did your duty

Now fellows, treat her right.

NEW ASPIRANT FOR SWIMMING HONORS

Hooks Henderson Wears Clothes As Protection From Cold Water.

Wives in a certain California city have petitioned the authorities to put a stop to the annoying habit which beach vamps have of beguiling the hearts of men who are morally and legally the property of afore-mentioned wives.

We haven't noticed any of the species beach vamp whose chief characteristic seems to be wearing matters of small consequence around here. On the contrary, the practice in these parts seems to be to go bathing in the pool fully clad. Hoox Henderson started the practice last Tuesday when he dived into the pool with all of his fig leaves on, excepting the trivial matters of hat, shoes and coat. The motive which led Mr. Henderson to such an act are obsucre. Some believe that he is a victim of a form of hydrophobia which causes him to go mac at the sight of water. His closest friends state that he exhibits fear of water to a marked degree and that this theory is quite probable.

However, the most probable theory is that Hoox fastened upon the hot end of a wager and couldn't let go. In other words he asserted that he would do the diving venus act for the paltry sum of four bits from each of the four spectators.

To his amazement the lucre was produced and it remained for him to "stick". Which he did.

The tragedy is that he owed the two dollars and his laundry and pressing bills totalled more than his remaining assets. He states that water is good for drinking purposes but that it is a poor business proposition to jump into.

TEMPERANCE CONTEST HELD IN ALPHA SIGMA

Close Race For Prizes

Saturday afternoon, February the fourth, the annual Temperance Contest was held in Alpha Sigma Hall. This contest is under the direction of the Presbyterian Board of Temperance and Moral Welfare. This Board gives to the two people who write and deliver the two best speeches on some temperance subject two prizes, one of fifteen dollars and the other of ten dollars.

Maryville College is especially interested in this Board because Professor A. F. Southwick, formerly of Maryville College Faculty is a member of this Board.

In this year's contest, nine members of the Public Speaking Department participated. The contest was so close that two people, Miss Lina Hodges and Miss Bertha Russell, tied for first place. It was decided that the prizes should be divided equally between them.

However, not only were the winning two speeches good, but also all the others were well worth hearing. Those who missed hearing them missed something that was not only educational but was also inspirational and was conductive to the highest good of the individual, the state, the nation, and the world.

R. B.

(Taken from the Alabama University Paper.)

"Slim" Carter, the lion of the trip, was one of the individual stars of the evening. The "Gigantic Swede" possessing a great build, marvelous dribble, wonderful athletic head, spectacular shot, of greatest spirit, makes up one of the premier pivot men in this section of the hemisphere."

Hearken ye old timers, read this you skeptics—Look how a Maryville man gets the credit in other climes for "Slim" got his dope right here on the Hill and now look how he spills the opposition. Good stuff

OLD RIVALS BURY THE TOMAHAWK

The Joint Meeting of The Alpha Sigma And Athenian Literary Societies A Great Success.

On February 4th, the Alpha Sigma and Athenian Societies met in Athenian Hall for a joint meeting, which proved to be one of the biggest events of the season.

In view of the then approaching February Meetings a short devotional exercise prefaced the regular literary program of the evening. Mr. Magill read a portion of the Scripture. Then a quartette composed of Messrs. Robert King, Percy Buchanan, Howard Sullinger, and Robert Lohr sang a religious selection. This was followed by a series of sentence prayers.

The literary program of the evening began with a number by the quartette. That the singing of the quartette was appreciated was shown by repeated encores. The songs sketched a small boy's experiences with his Aunt Marjorie; a modern version of Jack and Jill in a car; and the whales caught by Sunday fishing.

The hospitable welcome to the visiting Society was given by Mr. Brown. Mr. Brown sketched the foundation, noble ideas and mighty achievements of the Alpha Sigma Literary Society and extended to them sincerest welcome.

The response to this welcome was given by Mr. McClure. In this response Mr. McClure proved himself to be a genuine silver-tongued orator. His elegant, euphuistic, spontaneous outbursts of oratory have no parallel even in the orations of Demosthenes. He lauded the pleasant moments spent in such joint meetings in the highest degree. And praised such meetings as offering the best expression of virile manhood of any meeting on the Hill.

Mr. Sharp in discussing Society Cooperation, commended the existing friendly rivalry between the Societies, and urged that it be maintained. He suggested as true Society Cooperation that each society support and serve Maryville in Promoting and Developing her ideals and aspirations among its members.

The concluding number on the program was an humorous debate. Resolved: That a crying woman causes more agony than an alarm clock. The affirmative was supported by Messrs. Cox and Vance; the negative by Messrs. Stockton and Baldwin.

The diction of Mr. Cox the first speaker was superb and majestic. Quoting from his word picture of a woman crying, it is: "one long moan rising to a high pitch, only to break and start again in a moan more excruciating than the one preceding."

While Mr. Stockton's smooth and convincing way of picturing a crying woman almost convinced that crying was an added charm to a woman.

The third speaker was Mr. Vance one of the stellar debaters of the Forensic League. By his sharp reasoning demonstrated that the arguments of his opponents were based on the fallacy of the "petitios principii" and were therefore false and absurd.

Mr. Baldwin handled his argument with the ease and skill of a professional lawyer, and vividly portrayed the agony caused by an alarm clock in its minutest details.

In the rebuttal speeches the definition of a woman was given. The wave of applause greeting this definition proved that it was a rich one.

According to the decision of the Judges the Negative won the debate. However, the House was unanimous in deciding for the affirmative.

Such joint meetings are an inspiration to members of each so-

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—Its Past. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—Its Present. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—Its Plant. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—Its College Curriculum. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—Its Other Departments. 1. Preparatory. 2. Bible Trainir 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—Its Moral Atmosphere. The College is strongly Christian, as the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—Its Inexpensiveness. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

7:00 The Challenge Overseas—Students and Dr. Cleveland
Special music

Mr. Gilbert Lovell, Student Secretary of the Presbyterian Church, is a Yale man, and also a graduate of Hartford Seminary. He was in the active ministry only one year, and then went to China where for fifteen years he has been directing the activities of a boys' school.

Mr. Lovell became acquainted with many of China's great men, among them, General Feng.

Since his return to America, Mr. Lovell has been giving his time largely to life service conferences. President Burma of Trinity said recently: "Mr. Lovell is here and has made a wonderful hit with our students in his conferences. He arrived Saturday morning and this is Saturday afternoon and he has been so busy with conferences that I have hardly had a chance to see him. I was told this morning that he would by no means get to see all who wished an interview with him. I am greatly pleased with his work."

Mr. Lovell will spend the entire Conference period at Maryville, arriving on the afternoon of the second. He will have charge of the Saturday morning Chapel service, and will speak in the Presbyterian Church Sunday morning on The New China. Besides, he will have other small meetings, and be open for interviews during the entire conference.

In a recent letter, Mr. Lovell expressde a desire to be in the dormitory with the boys and without doubt he will be able to help many to determine their life investment.

We are very fortunate, indeed, in having Dr. Weatherford with us.

W. D. WEATHERFORD, Ph. D.

Facts Concerning His Work

Dr. W. D. Weatherford brings four distinct messages to the Conference: The Principles that Should Govern the Choice of a Life Work; The Field of the Christian Callings; The Race Issue; and Preparation for a Life Work.

No man could be better fitted to bring just these messages. Dr. Weatherford served as Student Secretary of the South for fifteen years, visiting during that time every Southern campus in the interests of the vital issues of life. He conducted evangelistic and life work meetings throughout the States, and was a frequent speaker and counselor at foreign Conferto write many books. The best known on the Hill is "Introducing Men to Christ", the text which has been used in the Bible Study groups since Christmas. He is the author of "Personal Elements in Religious Life", "Christian Life—a Normal Experience", "Negro Life in the South", "Present Forces in Negro Progress", and other religious and social studies.

Almost all of Dr. Weatherford's life has been spent with students and he understands them better perhaps than any man in the field of student work. He is especially helpful in interviews, and it is hoped that many of the students will take advantage of this rare opportunity.

Dr. Weatherford is now President of the Southern College of Y. M. C. A., the southern training center for Association Secretaries, located at Nashville. He is also the Executive Secretary of the Blue Ridge Association at which the Southern Student Conference is held.

All the other speakers are well fitted to bring us their messages. Let us all enter into the spirit of the Conference and make it the best that the South has ever seen.

ANNA DOTY

Are you looking for a real treat? If you are you can't miss hearing Miss Anna Doty, the general secretary of the Knoxville Y. W. C. A.

This is an unexpected pleasure on the part of the College organization. It had not been dreamed that Miss Doty would be able to be here for the Life Work Conference.

Before her Knoxville work she was doing active Red Cross work, and is educated in every way as to the demands of the age. The most popular vocations for College women are the very ones on which she is prepared to speak. Do not deny yourself the chance to hear Miss Doty.

MRS. GEO. A. BLAIR, R. N.

Mrs. Geo. A. Blair, R. N. of Knoxville is expected to speak to the students who are interested in Nursing. Mrs. Blair is supervisor of the East Building of the Knoxville General Hospital in Knoxville. She has been very highly recommended to us, for this occasion, by one of the leading surgeons in Knoxville. She will speak on Friday morning from 9:10 to 9:20 o'clock to all who are interested in Nursing and wish to hear her.

JULIA LAKE SKINNER

Graduated from Agnes Scott College. Taught for a number of years. Now has charge of the Young Peoples Activities at the First Presbyterian Church at Knoxville. She has organized a Business Girls Bible Class which meets every Friday night, a Young People's Bible Class which meets every Thursday night; a Teacher Training Class meeting every Sunday. Included in these activities are the Sunday School and Christian Endeavor. Besides this she has work at a City Mission and is engaged in a number of other Christian activities both in the city and state.

Miss Skinner is a very consecrated young woman and is loved by all who know her. She is full of life and "pep" making her religion an every day matter.

One of the headlines for the Life Work Conference is Dr. S. C. Mitchell. Dr. Mitchell is known nationally as an economist and has for many years been a prominent figure in educational circles. He has been head of the Department of History of Richmond University, also President of the University of South Carolina and of Delaware College. Dr. Mitchell has served on a number of United States Commissions both at home and in foreign countries. His ability as an economist is recognized by officials at Washington and he is frequently called to the Capitol for Conferences on industrial and economic matters.

After Dr. Mitchell's address he will give interviews to any student

Highlanders Return From Ky. Trip and Meet E. Tenn. Normal

(Continued from page one)

game, the Highlanders getting numerous shots at the basket but the ball did not seem big enough and they just rolled out, one after another with a disastrous effect upon Coach Honaker's tribe.

February 7th, the Highlanders met Union College of Barbourville, Kentucky, and went down to a 21 to 17 score. Again the "jinx" was in control of the ball since the fellows shot freely but they just wouldn't go in. This should have been Maryville's game. It wasn't such a bitter pill to take defeat from Centre, but Union—yes verily—it did seem tough.

The fellows all reported a fine time on their trip, in fact the best treatment ever afforded the M. C. athletes on a Kentucky trip seems to have resulted on this jaunt. We shall endeavor to return the favor when the Kentucky lads invade our territory.

The following is a record of the Highlanders in their three games:

	G.	F. T. At.	Pts. Sfl.
Hendrick, f.	11		22
McMurray, f.	8	25 15	31
McLaughlin, c.	2		4
McGinley, g.	2		4
Schmidt, g.			
Janoviczky, g.	1		2
Music, g.			
		Total	63

Never have we seen such a heartbreaking scrap against luck, never did we see the Highlanders line up to the name, the "Fighting Highlanders", in such a noble fashion only to be defeated by a homely jinx. One lone point and yet fight as they could they could not seem to pass the hoodoo that had them vamped. Still let us recall that even a "Heartbreaker" as that was is relished by the best of teams and when we go after U. T. they had better get an armored car for they have about as much chance with that five of ours as a can of Van Camp's Beans has when it tries to stop a traction engine.

Although the whole team looked good perhaps "Cap" McMurray and the demon center, the noble Mr. McLaughlin performed in best style for our bunch while Reece, at forward, for the Schoolmasters was the most consistent performer for the Johnson Cityites.

Great Success Crowns Forty-Fifth Series of February Meetings.

(Continued from page one)

queer in a man so big, until he explained that it was not stage-fright, nor fear of us, but an apprehension that he would not be big enough for the task of seeing us all brought into the fold of God. We soon found out that Dr. Broady was a big man in other ways. He has the religion of a big man. He combines will-power with the power of Christ as an inner motive. His is a living, fighting religion, not a dying one, and he preaches not primarily to save souls from hell but to see them saved now, so they may give a life of service to its cause. His inner motive was stronger than his body. We could see plainly during his last sermons that he was suffering much fatigue of mind and body because of the strain he had been under. With almost superhuman power he continued to plead for the cause of Christ until the end. Not once did he strike a pessimistic note as to the success of the meetings, for he is a man of great faith. He called for help and having received it expressed his appreciation of it in due time. Big men are modest and so was he, "I came not to tell you anything new. I couldn't teach a Freshman anything much less an upper classman." Dr. Wilson speaking of his tenacity told him he looked like a mule—but he wasn't a mule. "You gave us life, love and liberty and you take away with you eight-hundred Maryville hearts."

The singer is not Mr. "Stingem" as Dr. Broady would have us believe but the Reverend S. E. Stringham of Alcoa. He is a good leader of group singing and an interpretative and impressive soloist. He loves the spirit of song and knows how to make others enjoy singing. Many whose vocal cords were rusty from disuse found out that they were capable of being used. Every person who did not sing was threatened. If you didn't sing with the group you'd have to sing without it, and Poe had to sing a solo because he did sing with his classmates. He grew fond of Poe's voice and so called on him a second time and a third time. At the third time Poe said he couldn't sing so the leader sang it for him. In Dr. Wilson's words "You led us and boosted us in song and we sang as we've never sung before. You enveigled, cajaled, and wheedled us into singing." He did and here's an example of his method, "Break up your faces, and open your mouths wide. Fill up with air and let's sing the second verse."

These were our servant-leaders but they had help from many others. Letters came to Dr. Wilson from everywhere telling of their prayers for us. The students led in prayer in the meet ings and talked with others about their soul's salvation. Above all other things Jesus Christ was in our midst, and the meetings could be nothing but a success.

The message that comes through Dr. Broady was in brief as given below:

Sin is alluring. We looked at, long for, and then take it. You can't dismiss it for it's always coming up. Good resolutions in themselves are not sufficient, for "like crying babies they must be carried out."

No question is so great as Pilate's, "What shall I do with Jesus, who is called the Christ?" This question can't be dismissed and Christ can't be mistaken. He's different for He's without a fault. Man conquers by physical force and armies but Christ in humble service wins souls to Himself through love No one can be neutral to this question. If we reject Him we turn our backs upon our best friend. If we receive Him we will be helped to live a victorious life. "As many as received him, to them gave he power to become the sons of God."

We must live in Christ and He in us. This is the inner motive that will enable us to withstand temptations. "If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved."

A man is unsafe who trusts in physical and mental strength alone He is unsafe when he is disloyal to the institution with which he is identified, and unsafe if he lives under a religious pretense. There is a power that will "keep you from falling and to present you faultless before the presence of his glory with exceeding joy."

Many of our troubles are due to neglect. There is a great salvation big enough to meet every need of life. It is offered through Jesus to all. A man should not be content to give his life in service to the devil, and then give God the shattered remains. This salvation is not cheap for things that are great are not cheap.

The successful and happy life is that spent in following and being obedient to the "heavenly vision". This sort of a life is inspired by sacrifice and service and yields the biggest and best returns of success and happiness.

Harness your thrills. Hitch to those thrills that arise when you hear a forceful message in religious services. Use discretion. You would be careful what sort of a girl you hitched to for life. Be more careful in selecting a thrill, to serve. That which we fail to use we lose. Miss Margaret E. Henry harnessed to a great thrill and her life was spent in rendering Maryville College a great service.

One of the greatest results of the meetings is a closer union of our faculty. Every heart rejoiced when a student stood and by so doing expressed his belief in the Lord of us all. There is that within us that expresses approval and draws us to those whom we may not have known in a friendly way before. We can smile with everyone and feel a deeper liking for each other. We have a higher and nobler appreciation one for the other. We can confide in and feel confidence in all around us for a true christian is a brother to every other Christian. This mutual love should be kept alive. It puts student in harmony with student, professor with professor, and student with professor.

We are not divided all one body we—
One in hope, and doctrine, one in charity.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE MARCH 2, 1922. | NUMBER EIGHTEEN

TOURNAMENT CUP GOES TO POLY AFTER HARD SCRAP WITH KARNES HIGH CREW

EAST TENNESSEE TEAMS FIGHT FOR COVETED TROPHY AWARDED BY Y. M. C. A.

Elimination of Early Losers Leaves Match To Scrappy Bond Outfit and Karnes High School Five, Resulting in Narrow Score for Poly.

Once more Maryville demonstrated her efficiency as a sport center when Saturday afternoon, after two days of hard fighting "Peanut" Bond's scrappy Poly quintet romped on Karnes 24-22 in one of the fastest contests which the College gym has seen this season. Poly fought her way to the top over the mangled remains of LaFollette, whom she defeated by a top-heavy 23-14 score and Porter High, who succumbed 22-15—after an hour of strenuous basket ball.

Karnes, the gallant second placers won recognition in the very opener in the masterly way in which they handled Pete Siler's touted Knoxville High quintet—the score was 22-21—a rather rough outcome but true nevertheless. However, the victory is more easily explained when the stellar work of Sharpe et al is considered as the factor in Knoxville's defeat. In the semi-wind-up the Park City five held Karnes to a 18-18 tie throughout the whole period only to be driven off their feet, tho' fighting gamely, by the fierce attack of the boys from Karnes, Sharpe's machine tossing four baskets in five minutes while the Park City bunch succeeded in corralling but one in the same period. The final score was 26-20.

Clinton and Moristown also entered but they fell in the first round, the former losing to Park City, 13-15, and the latter dropping a slow 36-8 game to Porter High. The games read:

Preliminaries—

Karnes 22—Knoxville 21.
Park City 15—Clinton 13
Poly 23—LaFollette 14
Porter High 36—Morristown 8

Semi-Finals—

Karnes 26—Park City 20
Poly 22—Porter High 15

Finals—

Poly 24—Karnes 22

According to the dope an all tournament team would have Crookshanks and Eblen, of Polytech, Forward; Horace Clemens, Polytech and Sharpe, Karnes, Guards; Kenneth Clemens, Polytech, Center. Such a team would have a strong center, capable on the jump, on the floor and near the basket; two hard-working guards capable floormen and with pronounced distance shooting ability and reliable, speedy fkorwards. Sharpe would captain the team.

DEBATE SEASON OPENS WITH ANCIENT FOE

Maryville Co-Eds Meet Tusculum On Monday Evening.

The first debate of the season will be held next Monday night when the girls' teams debate Tusculum. The propsition to be debated is: Labor should have a hand in the management of industry after then general plan of the Proctor and Gamble Company. The affirmative team composed of Ethel DeHaven, Reva Rankin, Martha Mae Boyer and Bertha Russell debate Tusculum's negative team at Tusculum. Tusculum's affirmative team comes to Maryville to debate Maryville's negative team, composed of Ruth McCall, Janet Ensign, Mary Broady and Marie Bellotte.

For the last two years the girls' teams have broken even with Tusculum, one team winning and one losing. A great deal of interest has been manifested in the practices and the debate promises to be one of unsual excellence.

Our girls are after both victories this year and they have the determination that always wins.

It is going to be a great debate from all indications. Let's show these girls we are for them, just as we do our varsity men, and have a full attendance at the chapel next Monday night.

This year's program is the largest and most ambitious Maryville has ever faced in forensic circles, and the girls' debate with Tusculum promises to be a good beginning..

CLOSING NUMBER OF LYCEUM COURSE TUESDAY PROMISES TO BE THE SEASON'S BEST

England's Finest Popular Concert Company Now Touring This Country

Elsie Illingworth, With Talented Assisting Artists, Making First American Tour—Company Has Made Great Record in England—Entertained Two Years in War Zone.

England's finest popular musical company is touring the United States this season under the exclusive management of the Affiliated Lyceum Bureau. Elsie Illingworth and her London Concert party will appear here in the near future and local people will have an opportunity to enjoy a company which won for itself considerable fame during and after the war in France and Germany. Miss Illingworth's company has the distinction of having played to more soldiers than any other musical company. They spent a year and a half in France in the war zone and followed this up with a six months' tour with the Army of Occupation.

Miss Illingworth is a mezzo soprano whose work has won finest commendation in such papers as the London Daily Mail and the Pall Mall Gazette. Miss Nellie Norway furnishes a clever novelty work as hand bells soloist and artist in other lines. Mr. John Nester, a popular musical star of London, is an impersonator, imitator and all round comedian, and he is known as one of England's finest artists. Miss Mollie Seymour is a talented violinist whose work is featured in the company program.

NEW LEADERS ARE CHOSEN FOR Y. W. C. A.

Successful Term of Present Officers Nears Close.

Inspired by the success achieved in the work of the current year the Senior section of the Y.W.C.A. has chosen officers and mapped programs for even greater achievements during the year of 1922-23. A nominating committee recently submitted the names of persons from whom the officers of the Association were chosen. In accordance with the existing regulations the ballots cast in the election were collected by a room-to-room canvass. The officers chosen were as follow:

President - Catherine Wilson, '23
Vice-President - Alice McAnulty '24
Secretary - - - Mary Broady '24
Treasurer - Margaret McKinney '24
Under-Graduate Representative - - - Sarah Witherington '23

These officers will be installed on March 12th. in order that they may attend the East Tennessee Cabinet Council which convenes immediately there-after. The work will not be handicapped by the change in the personnel because the newly-elected officers have served the Association in various capacities and are thoroughly familiar with every phase of the work. The Association has undergone a great transformation in recent years and its scope of activity and success is ever-widening. Many new features have been incorporated in the annual programs and the weekly meetings have become more inspiring and of greater practical value, while other features, such as the impending Life Work Conference, have led the Association out upon planes of ser-

BASEBALL OUTLOOK INDICATES GOOD YEAR

Old Stars Return While New Luminaries Appear.

Now as the basket ball season wanes and as the fighting cagesters who flaunt the Orange and Garnet in our cage contests go back into private life, as it were, let us turn our attention to the third one of our major sports—baseball.

The team this year will have an unusual infield it is thought and a strong outfield, the chief weakness at this time being numerical strength in the pitching staff for we have, as letter men Captain Partee, an infielder of known ability who but lately refused an offer with a Southern league club that his amateur standing might remain unsullied by the accusation of Professionalism. Then there are the Williams brothers, a battery renowned throughout this section with "Back" behind the bat and a Roger "Buck" on the mound we should have no cause to worry; following them comes Roy McCall a sterling outfielder, last year's manager Reed Rowan, an outfielder who should be in fine form for work this spring. Following these comes Sneed, last year the demon second baseman, a fielding fool especially on "Texas Leaguers".

Then too it is rumored that Frank Lowry, whose pep and energy so illumined the season of last year, will again be with us as well as Troutman, whose work during the summer in Kentucky stamped him as a sure comer in the outfield. Then there are the scrubs of last year, "Cec", "Shorty" McCall, Joe Gamble and the rest to say no-

(Continued on page four)

"INTERNATIONALISM" IS SUNDAY SUBJECT

Dr. O. E. Brown of Vanderbilt Speaks To Joint Meeting.

DR. O. E. BROWN

College students are bound to India, China, and Syria because certain of their numbers are investing their lives there. Foreign lands need us, and because they have needs, we are obligated to them as neighbors. Moreover, we have foreign students in our schools, who further enlarge our interests and visions and make universal ties.

As Christians how big are we?

Some are provincial Christians. They can't see out over any large horizon. Their vision is of small extent.

Some are patriotic Christians. They are one hundred per cent Americans. Any one who is moving America in a direction for isolated efficiency is moving her to her doom. In cleaning up America we are sending out to the ends of the world some things that ought to be

(Continued on page four)

Y. M. ELECTS OFFICERS FOR ENSUING YEAR

New Men Possess Points of Leadership.

At a recent meeting of the Y. M. C. A. cabinet a committee was chosen to consider nominations for the offices of the Y.M.C.A. for the year of 1922-23. This committee, after due deliberation submitted nominations as follow:

For President: R. S. Buffat, and A. L. Johnston.

For Vice-President: R. A. N. Wilson and Sam Franklin

For Secretary: E. C. Fritz and Chester Karrick

For Treasurer: Jean McMurray and Beryl Pritchard.

These nominations will be presented to the active members of the Association on Tuesday evening, March 7th. for action by that body. From such a list, the Cabinet members believe, a personnel will be chosen which will be highly capable of leading the Association during the coming year.

All of these men have served in some form of Y. M. C. A. activity and are fitted by that service for leadership in these positions of trust.

During the term of the present officers the Association has presented a varied program of great practical value to every man on the Hill. Although handicapped in various ways, especially in financial matters, many new forms of endeavor have been attempted and have been completed with a remarkable degree of success. Notable

(Continued on page four)

DR. BROWN LEADS VESPER SERVICES

What Is The Yield Of Your Christian Life?

Shall the yield of your Christian life be one hundred-fold, sixty-fold, or thirty-fold? Every one has the capacity to be in the one hundred-fold class. Failures are due not to lack of capacity, but to lack of character.

Those that yield thirty-fold are primarily concerned with themselves. They look after their own weaknesses and expect others to see to themselves. The realm of self will never find you at your best. This group is static.

Those that yield sixty-fold are not merely static. They are rather energetic and active, but not from the highest motives. Church propagandists are in this class. When you've won one for your church you've done something, but not all. Institutions were not meant to be all.

The one-hundred-fold Christian is creative. He is not static, nor active primarily for an institution. He gives himself in service to others. He prays and practices. He desires to be used to the limit.

Here is as good a place as Shanghai to do creative work. Just how big are we: thirty-fold, sixty-fold, or one-hundred-fold Christians?

A cat has nine lives, so they say,
And that, indeed, is right.
But you never hear about the frog,
And he croaks every night.

—Froth.

Patronize Those Who Advertise, They Make The Paper Possible.

The time is approaching for the election of the editor for The Highland Echo for the period of 1922-23. In accordance with the system recently inaugurated, a number of nominees for the office are chosen by a committee from the faculty and these nominations are submitted to the student body. The election is conducted by ballot at a mass meeting held in the chapel. The president of the Senior Class presides. The nominees may be either men or women and may be members of any class.

Great interest is manifested in this contest and, in view of the fact that the issue is an important one, each student should begin now to consider capable candidates for the office. In this consideration a number of factors should be involved.

The candidate should be capable of performing the duties of the office. These duties require an ordinary knowledge of grammar and rhetoric and a measure of skill and originality of composition.

Further, he should be free from other interests which would conflict with his duties as editor. These duties are more strenuous than a casual observer might be led to suppose and they require a great expenditure of time and energy. Too frequently the mistake is made whereby a man who has displayed ability and who holds several offices in the student body is chosen for the editorship of The Highland Echo. Such a choice results in hardship upon the man chosen, in a lowering of his grades, in a sacrifice of the value of the Echo to the students, and in an injustice to other men whose unproved ability may be as great as that of the man chosen.

Another element of more than ordinary importance which should be considered is the man's popularity with the students-at-large and his ability to cooperate with his chosen associates. The support of the students is of vital importance since wtihout it the paper cannot be truly representative of the student body. In addition, the candidate's willingness to cooperate with his associates is a factor upon which too much stress can hardly be placed.

One can scarcely hope to find the composite of all of these virtues. To do so would be to accomplish a feat which has never been accomplished in the past. Yet, the students may do much toward insuring a better and a more representative paper for next year by a careful choice of a man for the editorship.

* * * *

Miss Stella McCall entertained some of the lofty Senior girls, at her home, last week.

SENIORS INDULGE IN WASHINGTON FETE

House In Woods Is Scene of Another Gay Party.

On last Wednesday evening the members of the Class of '22 directed their footsteps to the House in the Woods, there they found George and Martha, the cherry tree and the hatchet. The evening was spent according to colonial customs back in 'Ole Virginia'. Each had an opportunity to display his or her knowledge of American History—by not reciting the Declaration of Indedence. There was one Sharp person present, however, and he got the candy too. The enjoyment of the occasion reached its height when all were seated about the cherry tree partaking of the most delectable dainties that those well trained senior minds could imagine.

THETA HONORED BY GEORGE WASHINGTON

Father of His Country Enacts Stirring Scenes.

Saturday evening Theta Epsilon enjoyed a rare treat. When the curtains were parted, little George Washington, holding a new hatchet was seen on one side of the stage, while on the other side was a cherry tree with real cherries on it. Of course you all know what happened.

The next appearance of Washington, showed him as a young man in love, but not so deeply that it kept him from seeking another girl when the first one turned him down. Theta girls now know how proposing was done during colonial days.

In the next scene, Washington and his general, seeing the empty flag staff, decided that a flag was necessary. After carefully planning it, Washington went to the home of Betsy Ross. Here he obligingly walked up and down with the fretful baby while the flag was being made.

The most impressive scene came last. This was the inaugural address. The animated audience cheered and cheered as Washington closed his speech. All who were present at this patriotic program feel as if they have really seen George Washington as he lived a hundred and fifty years ago. We also felt more peppy about being Americans when we heard our patriotic songs played for us.

Girls! Be sure to come next time if you do not want to miss a good program.

The 1922 Chilhowean is progressing rapidly. From all indications its going to be better than ever before. If you've any kicks, register them now—don't wait until the annual appears and then knock it.

* * * *

We are glad to see the re-painting of the fire escapes on Carnegie. The process of improvement should be continued inside the Hall. Rust is not more undesirable than unsightly and defaced walls.

The Fountain is a memorial left by the Class of 1916. For the sake of its donors we hope that their memory is in a better state of care and preservation than is their memorial. Such a state of affairs offers small encouragement for the beautification of the Campus by future classes.

"Mother, why did you marry father?"

"So you've begun to wonder too?"

St. Louis Post Dispatch.

C. H. Yang: "What experiment we have in physic tomorrow?"

Jones: "There'll be no lab. this week."

C. H. Yang: "For why no lab? You cheat me! I pay money for lab. and if no have how I get my money's worth?"

BAINONIAS STAGE WASHINGTON PLAY

Phases Of Great Hero's Life Revealed.

Very few people have had the privilege of knowing George Washington's love-affairs. This special privilege was enjoyed by Bainonians at their last meeting. With J. Lynn McClung, as the gallant George, Mary McSpadden as the beloved and Margaret McKinney as the old black Mammy, a real play was presetned, in which it was plainly brought out that great men have love-affairs also.

Special music was rendered by Ella Eyman and Merle Hickman, violinists, accompanied by Frances Hickman, pianist. In the words of the music critic—"It was especially good."

SENIOR AND JUNIOR ATHENIANS HOLD A JOINT MEETING

Talent Chosen From Both Branches Furnishes Great Program.

The few Athenians who were so unfortunate as to be unable to attend the joint meeting of the Senior and Junior sections of the Society, indeed missed a rare treat in the way of a literary program. From start to finish the interest of the audience never fagged. The two sections of the Athenian Society taken together make an irresistable combination.

The program started off with a paper on Washington read by our efficient Program Secretary, Mr. Cornelius. Next in order followed a reading by Mr. Wolverton. Mr. Wolverton read in the Dutch dialect, and he certainly reads the dialect. The plight of the Dutch lover pining for the heart of his "vidder", brought bursts of laughter from the audience.

The musical part of the program was furnished by the Junior Athenian quartet. That quartet has the goods too. Their songs were song hits that hit the spot. Especially well do we remember the stellar work done by Lee Moore in coming in for a part at the end of each verse. Mr. Moore's only trouble was a tendency to sleep on the job.

The forensic part of the program was furnished by a debate on the question: Resolved, That the blues are a worse disease than the measles. The affirmative of the question was upheld by Messrs. L. E. Milling and A. D. Moody, and the Negative by Lee Moore and Edgar Martin. All the speakers displayed real debating ability, and ably supported either side. Milling and Moody won the unanimous decision of the Judges by their clear logic and fiery eloquence.

The program for next Saturday promises to be an entertaining one. Among the many features are an humorous debate, a paper on Marriage by one of our married members, and a special feature by Leslie Jones. Then the following week promises a surprise program. It is planned to be a Senior program. None but members of the Senior Class will take part. The men of the Class of '22 are certain to provide a spicy program. The progams we are having now in Athenian are alive, not a dull minute in them. Bring your "Old Lady" to Athenian Saturday night.

DEATH OF WIFE AND DAUGHTER OF FORMER COLLEGE PRESIDENT

Funeral services for Mrs. Sarah Greene Boardman, widow of Rev. Samuel W. Boardman, D. D., who died February 5 at Bloomfield, N. J., and Miss Elizabeth H. Boardman, her daughter, who died December 21, 1921, will be held at 2:30 o'clock Saturday afternoon at Bradley Memorial Chapel. Rev. Arthur S. Hoyt, D. D., of Auburn Seminary faculty, will conduct the services. Burial will be in Fort Hill Cemetery.

Miss Boardman had been an invalid for several years, unable to leave her room. At the time of Miss Boardman's death Mrs. Boardman was very ill but she lingered until Sunday. Both were former Auburnians when Doctor Boardman was pastor of the Second Presbyterian Church for many years. He left Auburn early in the eighties and went to Maryville College at Maryville, Tenn., to act as president of the college. About 20 years ago he retired and went to Bloomfield, N. J., to reside. He died about three years ago. The body was brought to Auburn for burial.

Two sons and a daughter of the late Doctor and Mrs. Boardman survive, Samuel W. Boardman, Jr., of Newark, N. J.; Roger Sherman Boardman of New York City and Miss Martha Boardman of Bloomfield. They, and Mrs. Roger S. Boardman, will be in the city tomorrow for the funeral and burial of Mrs. Boardman and Miss Boardman.

Auburn (N. Y.) *Advertiser-Journal*

Dr. and Mrs. Boardman lived in Maryville from 1889 till 1901. The president's residence, the Willard Memorial, was erected in 1890 by Mrs. and the Misses Wilard of Auburn, N. Y., friends of Dr. Boardman; and it was in this building that Mrs. Boardman was homemaker for eleven years.

Mrs. Sarah Green Boardman was related to the Greenes who have been leaders in foreign mission work as connected with the American Board of Commissioners for Foreign Missions. She was of a deeply spiritual character, and was faithful to God and his church in her personal and home life, and in her capacity as pastor's wife in Auburn, N. Y., and elsewhere where her husband conducted his ministry, and in Maryville College, where he was college president.

For the twenty-one years that have elapsed since Dr. Boardman resigned the presidency of the College, the family home has been located in Bloomfield, N. J. There the Boardmans have welcomed Maryville people who have visited them, and have revealed their undying interest in old Maryville. Dr. Boardman lived to within one day of his eighty-seventh birthday. He died on August 30, 1917. His widow lived to be eighty-four years old. She died at her home in Bloomfield, on February 5, 1922.

Mrs. Boardman's daughter Elizabeth, long an invalid, passed away on December 21, 1921, during the last illness of her mother. Three children of Mrs. Boardman, two of them graduates of Maryville College, survive their mother: Samuel W. Boardman, Jr., class of '94, now a lawyer of Newark, N. J.; Roger Sherman Boardman, class of '96, connected with a publishing house in New York City; and Martha Tracy Boardman, of Bloomfield, N. J.

The interment of both Mrs. Boardman and her daughter Elizabeth took place at Auburn, New York, on February 11. Rev. Arthur S. Hoyt, D. D., brother of our Dr. Hoyt, conducted the funeral services.

CAMPUSISMS

Mis Laura B. Hale was the week end guest of Miss Edna Dawson, in Knoxville.

F. A. Greene, principal of the high school at Oliver Springs, was in evidence on the Hill over the week-end.

Ray Foster, '21, who is teaching school at Kingston was a visitor during the recent basketball tournament.

Samuel Peters, '21 was a recent visitor on the campus.

On Tuesday morning the Rev. Mr. Hines of Spring City, father of one of the College girls, spoke in the chapel.

Misses Carrie Sheddan '19 and Helen Horton '21 were visitors on the Hill recently.

Miss Lila McGhee spent the past week-end in Knoxville with relatives.

Miss Mary Cartledge is very ill with a case of the flu.

Miss Elizabeth Moore has been to her home in Louisville, Kentucky.

Miss Nell Collins gave a reading alst week at the W. M. U. social, which met at the home of Mrs. Bassel.

A number of last year's students are expecting to spend the Easter holidays on the Hill.

Miss Vashti Thweat is paying the hospital an extended visit. It is to be hoped she will be able to come home this week.

Miss Virginia Paulsell was given a birthday party on Tuesday at 12:45. The birthday cake was covered with many pink candles. The other children showered the one-year older lady with many pretty toys.

Announcing

The opening of the CHANDLER-SINGLETON DEPARTMENT STORE in the building formerly occupied by the Acuff Furniture and Music Co.

The two mammoth stocks of the R. H. Chandler Co. and the J. H. Singleton Co. have been merged and Blount County people will have the advantage of the greatest merchandising consolidation in years.

WE ARE NOW READY FOR BUSINESS---and with a wonderful stock of Spring Goods, fresh from the New York fashion centers. Latest models in Ladies' Ready-to-Wear, Millinery, Shoes, Men's Furnishings are now showing. And don't forget our BARGAIN BASEMENT.

Drop in and see us; we will be glad to show you thru our new store.

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

VARSITY TAMES SEVIER TIGERS

Highlanders Win in Easy Exhibition Game During Tournament.

Last Saturday night the Sevierville Tigers journeyed to M. C. to take on our varsity bunch and, as Shakespeare said, the Tiger got his tail twisted to a walloping 44-16 score. Even then mobs of Maryville folk declare that Speedy went to sleep and failed to chalk-up skarkle goals that every body shot.

Although it was a game fight on the part of the unfortunate felines they had vastly more trouble in amassing their paltry 16 points than the Kaiser had in winning the war and the only reason they got a single goal, so most folks say, was because McMurray, whose tender heart is world famous, got sorry for the poor cats and lent them his own private range finder for a minute or so.

The whole team did splendidly but "Slim" seemed to be quite in his element and the only things he did not put in the basket were the showers and the scoreboard, the reasons being the fact that the showers were bolted down and that he was afraid to monkey with the scoreboard for fear that Speedy, who rules there supreme, would crown him with a lacing needle.

In fact one of the outstanding features of the game was the fact that we crave competition.

Box Score:

SWEATERS ARRIVE

Co-Eds Also Display Orange And Garnet.

No, friends, that brilliant redfield with a fiery orange M on it is not a billboard. Neither is it a Mellins food ad but rather the hefty chest of some one of those fourteen fighters who so nobly defended the Orange and Garnet goal this year, those Highlanders whose scrappy play and marvelous ability was the talk of the South and who firmly ensconced themselves in the Maryville Hall of Fame as the "Champs of 1921".

For although we have been late in recognizing the things they did for us we feel grateful nevertheless and vote to them at least skorkle times, the big fifteen. However, strange to say as we gaze around here and there the co-eds who also so proudly wear the Orange and Garnet we feel that there is still a spirit of good fellowship which exists as one might say between those who were the champs and those who know them.

The Champs are as follows, see how many you know:

"Burney"
"Eddie"
"Tubby"
"Cec"
"Flivver"
"Airdale"
"Tweedo"
"Wynie"
"Johnnie"
"Jimmie"
"Bob"
"Squatto"
"Peegee"
"George"

Miss Grace Blank has been visiting in Knoxville.

SPORT SPAZZUMS

FIELD COMING ALONG IN GREAT SHAPE

Graded And Rolled For Spring Practice.

Day by day, as we stroll about the campus, we become more convinced that this spring Maryville will find herself in possession of one of the best athletic fields in the country. Daily the appearance becomes more complete and daily, as the labor goes on we see it taking on the appearance of the lesser stadiums such as the Yale bowl and Shields-Watkins field which rears its massive mud bank on the shores of the Sunny Tennessee. However, as we cannot thus say the things that come quickest to our lips we can aver that with the new field to work on Coach Honaker should be willing to let even the haughty Seniors and homely Freshmen perch on the fence and watch the stellar baseball and track artists whose forms now grace the campus, to say nothing of the rampant Juniors, rowdy Sophs, and pedantic Preps.

Still as we recall the labor that has gone into the field, which is as yet unnamed, let us tender our thanks to those Maryvilians who made it possible and give to each of them the notable degree of M. M. Maryville Men.

CO-EDS BREAK EVEN

While we are shouting the praise of the "Champs of 1921" let us not forget that we have a girls' squad that has more grit and determination than several carloads of the best imported wildcats. For instance, last week they journeyed down the line and walloped the University of Chattanooga to a 27-17 score and then after traveling all day held the all-star Peabody quintet to a 37-17 score, a stunt which few teams in this section can and have performed and one which has only the more firmly established the reputation which Coach Queener's bunch has for being the scrappiest girls' bunch in the State.

On the trip we might add, the value of team work was again proved especially in the work of Adair, Sherrod and Robison, whose amazing endurance is the marvel of the school. Adair was undoubtedly the star of the Chattanooga game where she got rowdy, so some say, and shot 24 out of the 27 points scored. The scores were:

M. C. 27; Chattanooga 17.
M. C. 17; Peabody 37.

KNOCKABOUTS CHALLENGE POLY

No sooner had the blood of Karnes and other unfortunates been swabbed from the tear stained gym when George Gillingham, nice admiral and manager of the dare-devil Knockabouts, thrust an undeniable challenge under the nose of Bond, Eblen, etc. which, reliable authorities, even George himself, say will be met in the near future.

Such an offering would undoubtedly be a treat which all sport lovers would enjoy so that none but the most blase can fail to be affected by the announcement of this contest. However, as it is not best to begin cashing tickets until the horses cross the line we will only wish, in behalf of the sport loving element of our population, that these two, who in times past have displayed such a stellar brand of caging may be permitted to display their best brands of basketball on our court, and that right early.

"Oh, I can't ever be a pretty girl", wailed little Susie Smith. "One of my knees is crooked."
—Old Gold and Black.

DR. BROADY'S SPEECH OF PRESENTATION AT CLOSE OF MEETINGS

Dr. Wilson, sit down, you have had your opportunity to say some things to me in presenting a token of appreciation by the faculty and student body, and now my hour has come to retaliate in the same coin, which indeed I deem a rare privilege.

In fact, most every one of the faculty and not a few of the students coveted this privilege, but their oratory would doubtless take on the characteristics of the rivers upon who's banks they have stood and addressed the waters in the absence of auditors. The one that was raised on the Susquehanna, would perhaps have the length of that endless river and the depth too, which is only about two inches; another would have the dull, sluggish, unattractive eloquence of the Delaware; then another, the likeness of the Cumberland, which is always muddy and never clear; and still another reared on the banks of Pistol Creek would be both dangerous and deafening to have such an explosion as that might bring at this time; then another whose activity in connection with this 64th celebration of your coming into the world, and whose general interest in the appetite and dress of the student, surpasses all others, would take on the characteristics one of the models turned out by the Department of Domestic Science, the "Mother-hubbard" covering everything and touching but little, or touching everything, and hardly covering the subject. Or perhaps, if any student should have been accorded this favor, that has come to me, they would have become intoxicated by their own eloquence, which would never do in a prohibition territory, so the Committee decided to have me hand you this lovely traveling bag as a token of their love and veneration for your hoary head and pure heart.

I have always wanted to tell a College audience what it is my privilege now to say, that is, that I helped make you, and it is peculiarly fitting that I reveal the contribution which I have made towards you on your birthday, that is, I helped made your gray hairs which are now held in honor by all who know you.

You referred in your happy speech made, to my having some of the characteristics of a mule, which I do not deny, and when I look at this beautiful walrus bag, it has occurred to me that the bag was suggestive of some of your proclivities, that is, this walrus leather is like you, tough, (now I see the students and faculty have given the wrong interpretation to the word "tough") I mean durable; for no other man with naturally a weak and frail body has shown such endurance as you have; this can only be accounted for by the fact that your heart and will are bigger and stronger than your body. The fact that this kind of a gift was selected might have a very great suggestion in it for you if you stop and read between the lines, for it might mean that they think you have been here long enough and it is time for you to travel on to other fields, yet without a moment's hesitation, I am convinced beyond all possible doubt that there was a higher thought in the minds of the donors, and that was, that you needed rest and more recreation, and that this bag would suggest to you repairing to quiet places wher your physical strength might catch up with your heaven given qualities. Then too, as you daily bear the needs of this Institution to God, that He might raise up new friends for her, that you will, with this bag in hand make your way to the homes and offices of men who love the Kingdom of God and Christian Education as developed here, and thus it may be used to carry the documents and facts to convince donors of the supreme opportunity we have here for preparation for Christian service.

Therefore, I present this love token to you, given by the Faculty and student student body of the greatest Presbyterian College in the United States, and to the best College President in the world. We confess it is not big enough to carry our love for you, but take it and use it, "'Till traveling days are done".

J. M. Broady.

INTERNATIONALISM IS SUNDAY SUBJECT

(Continued from page one)

destroyed at home. An example of this is the sending of intoxicants to Africa. We must send the best we have or be blacklisted by the rest of the world—and justly so. To be an American Christian ought to mean being a fine citizen of the world.

All nations are agreed that the need is a "Guaranteed World Peace". There will never be world peace without world freedom. A peace based on forced will will not last, but a peace based on freedom will hold. In the principles of Jesus Christ may be found a program for world peace and freedom.

Every person is divine and sacred, and is akin to God in possibility. Every person, then, should have an opportunity to receive the Christian life. The primary consideration is reverence for a person or persons.

There is for every person nothing suitable but the best available, regardless of his province, nation, or race.

The strong must support the weak. Our privileges are a measure of our responsibilities. The two great movements of science and missions give us more privileges and more responsibilities. We must be interested in world affairs for we are obligated to all men. We must have renewed faith, and with faith a consuming passion to share with others what Christ has given us.

CONFERENCE LEADER TO ADDRESS MEETING

Mr. Gilbert Lovell, Student Secretary of Presbyterian Church Leads Y.

The Sunday Y. meeting ought to be well attended for Mr. Gilbert Lovell, Student Secretary of the Presbyterian Church, will speak on The Ministry.

Mr. Lovell is a Yale man, and also a graduate of Hartford Seminary. For fifteen years he has been directing the activities of a boys' school in China. Since his return to America Mr. Lovell has been giving his time largely to life service conferences. His talk is bound to be interesting and instructive not only to every Ministerial student, but ot all fellows on the Hill. Don't forget, fellows, just after dinner, meet in Bartlett Hall and hear an inspiring and helpful address.

McKay: "Had a serious accident up my way Christmas."
Cassel: "Did you?"
McKay: "Yes, my brother sat on a fruit cake and was shocked by a currant." —The Brackety-Ack.

thing of "Airdale" McMurray and the Ruble boy that we call truly, Speedy.

Then ther is a young mob of new men, Schmidt, a catcher with good experience as player and coach in Chicago and Utah; Mathews, a Middle Tennessee twirler whose work at Middle Tennessee Normal last year stamps him as a real contender for a place. Then come Acton and McLane, Howard College products who have both strutted their stuff successfully around Birmingham.

Finally, there is the Coach. Coach Honaker brings from Texas a splendid record in baseball as well as football and consequently, with proper support from the student body should produce a splendid nine.

Y. M. ELECTS OFFICERS FOR THE COMING YEAR

(Continued from page one)

among the achievements under the present regime are the Bible Study Classes which meet under student leadership, in the town churches on the Sabbath, the Tuesday Evening Discussion Groups and the East Tennessee High School Basket Ball Tournament.

This early election of officers is beneficial for a number of reasons, chief among which is that it affords instruction for the new officers in their duties by the old officers while the latter are still in active service. In addition, these men, aware of their responsibilities for the coming year, may attend the Student Conference at Blue Ridge where they may receive special instruction for the execution of their duties.

MUSIC TEACHERS ATTEND RECITAL

Miss Hale and Miss Crawford attended a pianoforte recital in Knoxville on Thursday, February 23rd. The recital was given by Florence Williams-Parker, a noted pianist.

R. S. Buffat spent Sunday in Kingston where he preached at the Presbyterian church.

THE LIFE WORK SESSIONS CLOSE AFTER HELPFUL CONFERENCES

DRS. WEATHERFORD, MITCHELL, WILSON AND LOVELL PROVE LEADERS OF REMARKABLE POWER.

All of the inspiring addresses and personal interviews helped to make the life work conference a great success. The speakers were very busy from Friday morning to Sunday night. Mr. Lovell, of the Presbyterian Board, remained in Carnegie Hall until Monday night so as to help many students who wished advice.

Dr. Weatherford made the opening address on "Principles that should guide in the choice of a life work" Friday morning at 8:30. The power of Dr. Weatherford's speech was so great that students remarked that he is a wonder.

Immediately following the opening service the six speakers who were on the platform talked for a half hour in separate rooms to students interested in their particular calling.

The students of the Sociology class listened with interest to Dr. Weatherford as he spoke about "The Race Problem".

In the afternoon Miss Doty of the Knoxville Y. W. C. A. spoke to the girls about the service of the Secretaryship.

Mr. Stringham led the song service which preceded Dr. Weatherford's instructive talk—Preparation for a life work. Every minute of Dr. Weatherford's time was taken in talking and interviewing, even after his last address many students went to him for information and kept him up until 10:00 o'clock. The students will never forget the personality and ringing addresses of Dr. Weatherford.

Saturday morning Dr. Wilson, pastor of the Second Presbyterian Church of Knoxville emphasized the importance of choosing a Christian calling, not necessarily the ministry or foreign service.

The girls of the Y. W. were pleased to hear Miss Skinner of the Knoxville Y. W. C. A. speak on Social Service Saturday at 3:00.

Bartlett Hall was well filled with men and town people at 4:00 Saturday to hear Dr. Mitchell, a noted educator and prominent man of the South, speak of the "Challenge of Industrialism."

In the evening after literary society meetings, Dr. Mitchell thrilled and inspired a large audience by telling about the Christian teacher, her opportunities and responsibilities.

Sunday morning the Baptist Church was crowded to hear Dr. Mitchell. He showed, in his most interesting sermon, that Christianity is practical to present day needs.

At the Y. W. meeting in Thaw Hall Sunday at 1:30 a large gathering of girls heard Miss Skinner again. Her talk—Necessity for Decision—was greatly enjoyed.

Sunday was an unusually busy day for Mr. Lovell. At the morning

(Continued on page four)

GIRLS TEAM TRIMS EAST TENN. NORMAL

Fast Work of Robinson Feature of Game.

Coach Queener's Co-ed quintet terminated the girls' basktball season last Monday aftrenoon by severely stepping upon the East Tennessee State Normal girls. At four sharp Coach Queener led his Amazons to the field of contest. The opening of the game was slow and even. Neither team staggered the stands with dazzling pass work or brilliant shooting of baskets. Each team appeared satisfied to equal the other and thus the half ended with the score 10-10 and odds even for the winner.

In the interim Coach Queener said a few words to the home team to the effect that they should mess things up a bit. They did. The second half opened with a goal by Sid and was characterized by some keen playing from the whole team. Our tall center covered the floor like a carpet, and her fast work was by far the outstanding feature of the game, while our captain and her side-partner rolled up the score in an efficient manner. The visitors never proved dangerous or in the way after the first half, although their diminutive right forward caged a few uncanny baskets. The score of the second half was 11 to 2. Hats off to the ladies.

Coach Queener expresses great satisfaction over the result of the season. In view of the inexperience of most of the players, in college basketball and the interruptions in the schedule throughout the season the record of six victories and two reverses is decidedly not bad at all. In fact, it is altogether refreshing. The line-up:

Maryville		E.T.S.N.
Adair, 13	f.	Minzer
Sherrod, 8	f.	Leonard
Robinson	c.	Smith
Heiskell	g.	Breeding
Brown	g.	Briscoll

DEBATE SEASON OPENS FOR MEN WITH ROANOKE AS THE FIRST FOE

STRONG TEAMS ON BOTH SIDES OF LIVELY QUESTION PROMISE VICTORY IN GOOD CONTEST.

Monday night marks the event of the biggest debate of the forensic season. Maryville and Roanoke meet simultaneously on the home floors, the affirmative teams travelling.

The question for debate is, "Resolved, that the Principle of The Open Shop Offers the Best Solution to the Present Capital-Labor Problem". This is possibly the livliest question in industry today in view of the Open Shop Drive in certain of the American Industries and the antagonistic spirit on the part of labor unions. A proper solution of this question, legislative or otherwise, will bring industrial peace; a bungling of the issue will mean no less than industrial war of a very bitter sort. College men and women in the days to come will have to face this issue and it is with considerable gratification that Maryville students look forward to the presentation of this issue Monday night. The time set for the debate is 7:30.

Roanoke seems to consider this debate the key stone of their schedule which is a very strong one. They will not soon forget the defeat administered by the victorious Maryville Eleven last fall at Bluefield. Coach Honaker, "the gray eyed man of destiny", assures us that they "do debate" in that country and so forensic followers look forward to a heated contest. In view of the fact that the Affirmative team comes near to the territory of the West Virginia coal fileds about which some of the issues of the debate resolve, the chances are that they will have a lively time in Roanoke.

The affirmative team composed of Chad McClure, Capt., Herrick Arnold, and Leslie Poe leaves Saturday afternoon for the invasion. With such a combination of brains, study, and noise this team will no doubt bring home the bacon. The logic of their invincible line has had sway before so it is no new venture for this team.

The negative team composed of Tom Vance, Capt., John Stockton, and David King is scarcely less invincible. One of these men, Stockton, is entering for his first time into the College lime light, but his clear thinking in practice guarantees his success. The other men already wear dried scalps at their belt indicative of previous victories. Theyy perform before the home audience.

In fact, we feel so proud of these warriors that we are all going to be on hand to watch them administer another defeat to Roanoke. However, the battle will not be won with much margin, and not without your support. If forensics indicate the thinking stock of the College, then you had better take out a couple of shares Monday night!

LYCEUM RUN CLOSES WITH BEST OF YEAR

Elsie Illingworth and London Concert Party Score Big Success.

Who said the English are phlegmatic? Whoever did has surely misjudged them, at least, if the representatives of that fair race who were on the Hill Tuesday are typical.

To be more explicit, the closing Lyceum entertainment was revealing, amazing, humorous, beautiful, scothing, livening and altogether so satisfying that as each part on the program was finished, there was a general desire to leave, in order to keep that special number in mind as a final impression.

The program was of the kind that would appeal to everyone in any type of audience. There was sweet, classical music to start with, the well known "Barcarolle" from Tales of Hoffman and Raff's "Cavatina". Then Miss Seymour, violin artiste of the company, changed the mood and played some Scotch airs and jigs, a mixture of laughter, and tears. Her imitation of bag pipes was remarkable.

Miss Norway offered a surprise with her clear, feeling interpretation of music on silver bells. She could ring a bell and it was soft, sweet and clear; she could ring the same bell and the sound was heavy, rich and deep. The bells were like the sweet fairy chimes, we imagined we heard in childhood.

But while the music was the main part of the program, Mr. Nester was certainly welcome with his impersonations. His Dicken's characters were perfect, and his droll humor, delicious. His "Stories without Words" were so full of expression and laughter that many

(Continued on page four)

GIRLS WIN HOME BOUT OF TUSCULUM DEBATE

Misses Ensign, McCall, And Broady Furnish Invincible Arguments.

Last Monday evening, March the sixth, was an event at Voorhees Chapel. Were you there? If not, you missed a treat, for "something was doing". In order that you may not want to miss any more debates, we will tell you what that something was.

First Professor H. E. Orr led in a short prayer, thanking God for such a privilege as we had and asking His blessing on the exercises.

After the invocation, Percy Buchanan, Maryville College's favorite vocalist, sang "Up From Somerset" and in doing this he took us on a journey to see the King and Queen.

Then we returned to College Hill and listened to the debate on the question: Resolved, that labor should have a hand in the management of industry after the general plan of the Proctor-Gamble Company.

The speakers on the affirmative were: Misses Anna Rhea, Hazel Burkey, and Anna Lee McGuffin. Those on the negative were Misses Janet Ensign, Ruth McCall and Mary Broady.

In the constructive speeches the Tusculum trio ran the Maryville triumvirate a good race but M. C. sprinted and outdistanced them on the rebuttals, winning the unanimous decision of the judges.

The Maryville team was a particularly strong one. Miss Ensign is a senior and we regret to say that her first appearance as a debate speaker last Monday night must also be her last. But this one performance entitles her to high rank

(Continued on page four)

ENGLISH PRIZE IS AGAIN OFFERED

Contest Regulations Announced For Literary Prize.

Have you read the announcement regarding the English prize on page 63 in your little Maryville handbook? This is what it says "The English teachers of the College have, during the past year, established a prize for the best literary production by a college student. The prize consists of ten volumes of the work of some standard author."

On the same page our little book describes other contests but only one other is open to all Freshmen, the Rush Strong Medal Contest, and in that the subject isl imited.

Her are the facts about the English Prize contest:

There is no limit whatsoever for the subject, the length, or the kind of discourse used. Narration, description, exposition, poetry, plays, anything will be excepted. The only requirements are that there be three type-written copies of the manuscript, and that they be handed in by May 1st. Students may submit more than one manuscript.

The judges for the contest will not be connected with the English faculty.

Those, offering the prize,—Mrs. Alexander, Professor Hunter and Miss Heron,—are hoping that there will be much competition this year.

(Continued on page four)

AFFIRMATIVE TEAM WINS AT TUSCULUM

Strong Speakers Score Victory Abroad As Well As at Home

Although the clouds were gathering and robbing folks of the comforting warmth of the sun, yet this did not dampen the spirits with which the girls' debating team started on their trip to Tusculum last Monday forenoon.

The team, consisting of Ethel DeHaven, Reva Rankin, and Martha Mae Boyer, had worked hard in preparation for the debate. So they were primed with information and arguments, and were anxious for the fray. They were not over-confident for there is always the element of doubt as to the outcome of a debate, especially when debating away from home.

The team had the honor of being driven from the station to the college in the Dean's own car, by the Dean himself. The girls are wondering what the speed limit is in that part of the country! However, they had a jolly time.

At seven-thirty the debate started. Although the subject for debate was pretty technical—Resolved: that labor should have a hand in the management of industry according to the Proctor-Gamble plan—yet the arguments were so well thought out and handled, the delivery so good, that the teams held the attention of their audience from the start, despite the annoyance of having the lights frequently going off and on.

The contest was close. To one who was handicapped by keeping time, there was considerable difficulty in deciding how the judges would probably vote.

The judges were J. M. Barrey, a banker from Erwin, Tenn.; J. E.

BAINONIANS HEAR KIPLING PROGRAM

Number of Great Poems Read Capably.

Quite an excellent treat was enjoyed at Bainonian when different types of Kipling's poems were read, a play well presented and the author's life history given.

The program was opened with Kipling's "Recessional" by Margaret McSpadden. Then "Danny Deever" and "Tommy Atkins" were excellently read by J. Lynn McClung. Nelle Collins gave "When Earth's Last Picture is Painted" and "The Palace". A play followed, presented by an all-star cast. The actors in "Poor Dear Mama" were Helena Farrar as Miss Minnie Theigan, Alice McAnulty, Miss Emma Deercourt, Sallee Huffaker, Mrs. Theigan, and Ruth Tedford, Captain Dasny. The play was filled with mirth and kept every one laughing throughout its entire length.

The music was furnished by Misses Ruth Gamble and Charlotte Allen who sang solos and Miss Lilah Hembree who gave a piano solo.

JUNIOR ATHENIANS ELECT OFFICERS

At the meeting of the Junior Athenian Literary Society Saturday night, the officers for the Spring term were elected. The important and rsponsible office of President was given by Lee Moore, a senior in the Preparatory school. L. E. Milling was elected vice president; Donald Buchanan, recording secretary; Thomas Kent and Horace Wolverton, critics, and D. W. Buchanan, sergeant-at-arms. The race for janitor was a hotly contended affair between our retiring president, Mr. Campbell and Mr. William Murphy. Mr. Murphy won by a very small majority.

LET'S "RED UP" THE CAMPUS"! It needs it, surely! Many students have felt during the past few months that the disorderly and run-down appearance of College Hill is detrimental to the prestige of Maryville and sadly lacking in cultural influence upon the student body. It does need a thorough housecleaning!

Why do the authorities of the college not keep the campus in better order? Principally on account of lack of funds. Most of the students know that the College could not run at all if it were not for the personal sacrifices constantly being made by the salaried officers of the institution. There is no money to employ more workers and those already employed are "full up". Some student workers are used, not enough to accomplish satisfactory results, but more even than can conveniently be compensated for their labor. As it is, the college has paid out to students in various ways that help the student earn his education, some six thousand dollars more than the scholarship funds are able to provide. In every way the College, after giving first concern to the student's spiritual welfare and then seeing to it that the educational standards are continually raised, does everything possible to keep the expense to the student at the lowest figure. For example, when colleges throughout the country were doubling their tuition, and in some cases more than doubling it, Maryville raised its tuition only 33 1-2%; from $18.00 to $24.00. The campus has been neglected, most unwillingly, in order to help the students financially.

Let's stop kicking, stop destroying, and start improving!

It is noticeable that oftentimes those who complain the loudest about "lack of culture", and the like, join in with the "uncultured" in cutting corners, tramping out whatever grass is left, disfiguring trees, scattering papers and other rubbish, and on rainy days preferring the mud puddles to the walks! During a recent rainy day observation proved that about two-thirds of all the students and teachers (for some of the latter are as guilty as the former) showed decided preference for the muddiest and sloppiest puddles! And these puddles are on the campus only because of failure to respect the grass at a time when we did have beautiful lawns.

There are better times coming. A campus improvement fund has been subscribed by the people of Maryville, and as fast as the subscriptions are paid the improvement program is being carried forward.

But the program is a big one. Commonsense and business sagacity demand that these pledges be spent only on permanent improvements, such as necessary grading, streets, and the like, as provided for in the re-landscaping plans adopted last year.

What can the students do to help? (1) Stop destroying what is left! (2) Organize "campus cleaning companies". (3) Clean up the entire campus. (4) Sow grass seed, or sod the ugliest spots. (5) Protect the improvements against the ignorant and thoughtless. (6) See to it that cars do not drive or park off the drives. (7) After the work is done, modify the organization into some sort of student league to develop a sense of pride and responsibility for the appearance of the campus. (8) Ask the faculty to cooperate. (9) Do not wait until the whole improvement scheme can be made effective. (10) Let's meet, organize, plan, and do something! Who and where are the students that will lead?

ATHENIANS PRESENT VARIED PROGRAM

Humorous and Serious Numbers Blended In Pleasing Style.

The program of the Athenian Society last Saturday evening opened with a sketch of the significant current events of the week by Mr. Timblin. This was followed by an excellent paper on "Advertising Your College" by Mr. Crow. Mr. Crow pointed out four ways in which students can advertise their college namely: athletics, forensics, Glee Clubs, and college papers.

The next number of the program was an unusual feature. It was a short story entitled, "The Quest of the Edelweis" by Mr. Wathen. Mr. Wathen told this romantic story in his own charming way. The scene of the story was laid in the Alps of Switzerland. There two young men start out to find the fabled edelweis, a flower of indescribable beauty growing in the dangerous crags above the timber line. The one succeeding in bringing a specimen of the edelweis to "The Girl whom they both sought would find favor in her eyes. Their suffering and struggle on the treacherous glacier was described with genuine pathos by Mr. Wathen, as was the tragic end of the story.

The Athenian was read by Mr. Leslie Jones, who is known by all on the Hill for his wit and humor. This number of The Athenian had many special features. Its saying of Jo-Jo was: Jo-Jo says, "In the spring a young man's fancy lightly turns to thoughts of sassafras tea for supper at the hash hall". Billy Sunday's gem quotations on girls developed many unique sayings. In the joke column were some hot ones about hot dogs.

The special attraction of the program proved to be Mr. Fawcett's paper on the subject "Get Married". Mr. Fawcett being a married man was able to write an instructive paper on the subject. Getting married was treated under four heads. Are you old enough? If you are old enough you will have too much sense to get married. Can you afford it? Young couples were warned not to be deceived by that romantic but erroneous fancy that two can live in a cottage on nothing but love. Can you get the girl? Young men were warned not to be so optimistic as the young man who told his friend that he was to be married in January, all because the girl to whom he proposed said, it would be a cold day before she married him.

The fourth consideration was the kind of girl, especially can she cook? The fundamental importance of this was illustrated by the story of a young bride who in lamenting to her loving hubby the failure of her sponge cake remarked "It's all the fault of that mean old chemist he must have sold me the wrong kind of sponge." The satisfactory answer of these questions: Are you old enough? Can you afford it? Can you get the girl? and Can she cook?, are the basis of the problem of matrimony.

An humorous debate closed the program of the evening. The debaters were Messrs. Martin, Prince, Clabough and Alvis Johnson. The program next week will be given exclusively by men of the Senior Class. It comes to us well advertised, and is sure to be a success. You can not afford to miss any of the Athenian programs of the present time, and especially not this program given by the Senior Athenians.

THETA

You may always look to Theta for a display of real talent Last Saturday night a most enjoyable program was carried out by this society.

Myrtle Ardis read and then a solo by Eve Reed was enjoyed by all. A study in black and white was well carried out in the Jack Johnson-Jack Dempsey fight. The last feature, a debate on the question, "Resolved, that a girl should marry before she is twenty-one and a boy before he is twenty-five", was greatly enjoyed. The debaters, affirmative, Mary Jane Eiland, and Eva Moorelock; negative, Eula Miller and Frieda Mylus, showed real ability and spoke with authority.

While the judges were deciding in favor of the affirmative, Elizabeth Dumas favored us with a solo. Don't let us have to tell about Theta next time—come and see.

HAVE YOU PAID MR. WEBB FOR THAT PICTURE? UNLESS YOU PAY IMMEDIATELY IT CANNOT BE RELEASED IN TIME FOR THE ANNUAL. BETTER "PUT".

ALPHA HITS OLD TIME STEADY STRIDE

Well Balanced Features Are Greatly Enjoyed.

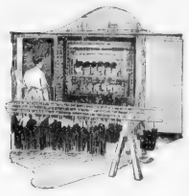
From the smiles upon the physiognomies of the motley mob which poured forth from the venerable hall of the Alpha Sigma, it could be seen that every one had been enjoying himself. The program hit the right spot. It wasn't dry. It wasn't foolish. It was humorous, serious, musical—at different times. Mr. Fritz opened the meeting with a word of prayer. The first number, an oration by Othel Armstrong, told us many of the secrets of the powder puff. Mr. Armstrong's strong point was the often quoted maxim: "Save the surface and you save all." Ernest Kidder extemporaneously related an one-act heavy drama in which the three leading characters were himself, his father and a leather strap. Time: Prehistoric. Place: The barn of the Kidder plantation.

Everyone is interested in Muscle Shoals. Andrew Stewart and Henry Cox defended the question, "Resolved, that the United States should complete and operate the Muscle Shoals project." Eugene Stanbery and Robert Baldwin as negatives, took the stand that Henry Ford should be allowed to purchase the project from the government. The decisions of the judges were negative 2; affirmative 1.

Our songbird, Emory Frizt, rendered a pleasing selection, and was forced to go back for an encore because of the thunderous applause. G. Leslie Poe, as censor gave some very helpful suggestions to improve our speech and presentation. After a short business meeting the society adjourned with a prayer by a new member, Beryl Prichard.

Maryville's Ochlocracy

We have an organization in which the mob has the controlling voice. It has no pledge, no constitution, and no laws. The voice of the mob is supreme. Conventions are held each Tuesday night in Theta Epsilon Hall immediately after supper. During the period from 6:15 to 6:45 each member has as much power as any other. The chief aim of this organization is that each member may have an opportunity to hear himself. He may express himself in three ways: by quoting a verse of scripture relative to a selected scriptural text, by taking part in sentence prayers, or by giving personal testimony. If you wish to have a part in our Ochlocracy come to the convention each Tuesday night prepared to express yourself in some way.



R.L.K.

Mr. Luther Jackson, of the Kandy Kitchen, has succeeded in securing the services of Cecil McLoughlin in the capacity of vender of dogs et cetera. Cec states that plans are under consideration for the immediate opening of an open roof garden in the basement of the Kitchen.

Mr. E. L. Webb, official photographer to the College, is a frequent visitor on the Hill. Almost every day finds Mr. Webb at work with groups for the 1922 Chilhowean.

J. Rod Armstrong, Athletic Editor of the Echo has been away from the College for a few days. Brick is in Atlanta taking the examinations for West Point Military Academy.

Miss Vashti Thweat is able to be out again after a siege of illness.

What Is Water Japan?

JAPAN—not the country but a metal-coating varnish—and your morning bottle of milk. Totally unlike, yet associated!

Ordinary japan consists of a tough, rubbery, tar-like "base" and a highly inflammable "solvent." The solvent dilutes the base so that the metal may be coated with it easily. The presence of the solvent involves considerable fire risk, especially in the baking oven.

Milk is a watery fluid containing suspended particles of butter fat, so small that one needs the ultra-microscope to detect them. An insoluble substance held permanently in suspension in a liquid in this manner is in "colloidal suspension."

The principle of colloidal suspension as demonstrated in milk was applied by the Research Laboratories of the General Electric Company to develop Water Japan. In this compound the particles of japan base are colloidally suspended in water. The fire risk vanishes.

So the analysis of milk has pointed the way to a safe japan. Again Nature serves industry.

Connected with the common things around us are many principles which may be applied to the uses of industry with revolutionary results. As Hamlet said, "There are more things in Heaven and earth, Horatio, than are dreamt of in your philosophy."

Ethel Clayton in "HER OWN MONEY". Also "Sport Pictorial".

Perdido River.

The Perdido river is a small river and bay on the western border of Florida, separating it from Alabama. The word is Spanish and means "lost."

Y OFFICERS ELECTED

At a special called meeting of the Y. M. C. A. Tuesday afternoon officers for the coming year were elected as follows:

President - - - - Roy S. Buffat
Vice-President - - - Sam Franklin
Secretary - - - - Emory Fritz
Treasurer - - - B. Pritchard

We see in these men one of the brightest outlooks for a year of efficient and helpful service that the Hill has lately enjoyed through the channel of the Y.

These officers-elect have been actively engaged in the work of the Y since their coming to the Hill; they have the work at heart and we are confident that they will give us the high grade of service for which they are so eminently fitted.

The retiring corps of capable men who have led us so well this year will turn over the reins of leadership to their successors on the first Sunday in April. Let's all cooperate with these men for a bigger and better Y!

Helium Atoms From Radium.

A gram of radium continuously sends off helium atoms, known as "alpha particles," at the rate of 145,000 billion a second, traveling at a speed of [illegible] miles a second.

SPORT SPAZZUMS

COLLEGE COACHING

Because some colleges pay professional coaches large salaries and others have allowed abuses of professionalism among football players certain sport reformers would abolish all professional college coaches. There is something to be said in favor of the idea of placing college sports entirely in the hands of the undergraduates. But would this bring about the desired results?

There is no reason why football should not be taught by able and experienced men. It has a recognized part in college life. Its instruction requires technical knowledge of the game and skill in teaching rarely to be found among undergraduates. The coach can instruct in the tactics and technic of the game to the benefit of the team and of the college.

Whatever abuse may rightly be charged is rather in the matter of the influence which coaches may exercise at games. It has been said for example, that coaches have directed plays from the sidelines. Such charges have usually been disproved. It has been claimed that the big games have become little more than battles of wits between coaches. Such exaggerations are obviously unfair to the players.

In order to free football contests from the taint of professionalism, more often suspected than proved, Dr. Mendell, of the Yale Athletic Board of Control, makes an interesting suggestion—to leave the coaches at home during the game, or at least, to place them in the bleachers.—New York Herald.

Mercer To Represent South in Basketball

Macon, Ga., March 7.—The Mercer university basket ball team, which was defeated by North Carolina in the finals in Atlanta last week, for the basketball championship of the south, will represnt the south in the national basket ball meet to be held at Indianapolis, March 9, 10, 11, it was announced today. When North Carolina failed to gain consent of its faculty to go, the invitation came to Mercer.

Indiana Nine To Play 12 Games in Tokio

Bloomington, Ind., March 7.—The Indiana university baseball team has accepted the invitation of the Waseda university team of Tokio, Japan, to play 12 games at Tokio.

Gates in a Roman Camp.

The "praetorian gate" was the name of the front gate in a Roman camp. It was always the gate that faced the enemy. Every Roman camp had four gates. The "decuman gate" was opposite to the praetorian gate, and was the farthest from the enemy. The gates on the right and left sides of the camp were called respectively the porta principalis dextra and the porta principalis sinistra.

CLEAN LIFE FOR PADDOCK

To those who are followers of national and international sports it will come as a repitition of the "I told-you-so" slogan to hear that Charles W. Paddock, holder of ten world's sprint records and said to be the swiftest human being on the track, athletically speaking, announced his intention of continuing the clean living program which, he avers, has made him so successful as a sprinter. He says, "I just want to prove that by following the dictates of clean living and common sense I can, with a few weeks' training, run a fast race once every year for several years."

Apparently professional athletes have small cause for worry about "hard times". Lamp a few of these salaries and compare them with those of our College officials.

Babe Ruth, King of Swat, draws down approximately $75,000 during the coming season of about six months for playing 154 games. He may continue his contract for five years and receive a tidy sum of not less than $385,000. Not bad to keep the wolf away.

Manager McGraw has a five year contract with the New York Giants at $50,000 a year.

Heinie Groh was purchased by the Giants at $50,000 from Cincinnati and Charles O'Connell comes from the Pacific Coast league a year hence at $75,000.

It is estimated that the salary lists of the sixteen clubs of the two major leagues will aggregate more than $2,000,000 a season.

Great incentive for a College education, eh what?

Forty men were out for baseball at U. T. on Wednesday.

CAMPUSISMS

Notice! Those wishing to wear their clothes backward, see Nannette. She is very proficient.

Miss Margaret Huston of last year, has been a visitor on the Hill the past few days. Miss Huston is a Junior at University of Chattanooga this year.

Miss Sadie Wilson was the guest of Mr. Forrest Brown last Thursday.

Mrs. Alexander and Miss Smith will entertain the girls' forensic league with a dinner on Wednesday evening.

Miss Alberta Frow gave a reading at a reception of Mrs. J. L. Tweed's last Tuesday. Mrs. Tweed was formerly Miss Ashton Clayton, '20.

Miss Stella McCall entertained a number of girls Monday in honor of Miss Huston of Chattanooga.

Miss Julia Lake Skinner was the guest of Elizabeth Hudson recently.

Miss Ollie Thornton has returned to the Hill.

Leslie Jones, who has been confined to his room for several days by an attack of Influenza, has been removed to the Hospital. Mr. Jones' condition, although not serious in the extreme, is weakened by his recent confinement to the Hospital. Doctors state that the critical point of his illness will be safely passed and that Leslie will soon be on the road to recovery. Come on Wart! We're all for you!

Miss Darby has in her possession part of a gold pencil which was lost in the Dining Hall. The owner may have same by claiming it.

Mr. E. J. Frazier, a Maryville alumnus and Superintendent of the Public Schools of Bradley County, visited the Hill and spoke at Chapel services Tuesday.

Millions Have Leprosy.

It is estimated that there are 3,000,000 lepers in the world of whom 2 [illegible]

FUNNY BONES

Very few men have sprained their wrists in their eagerness to turn over a new leaf.
—Martha's Mirror.

Student to Teacher—"What was the largest proposition ever undertaken?"
Teacher—"I don't know."
Student—"Wheeling, West Virginia on the Ohio river."
—The Georgetownian

Nets are made to catch things in. Men usually get caught in hair nets.—White Topper.

Minister—"Do you ever attend a place of worship on Sunday?"
Sam—"Yes, sir, I'm going to her house now."
—The Georgetowniar

Coach: "Have you had any experi ence with gym work?"
Jones: "Yes, I've danced with lots of dumb-bells."
—The Crescent

Prof.—You should make this test. You have a Week-End to work on it.
Student—That's just the reason I am afraid that I will flunk it.
—Richmond Collegian.

Poor: "Why does a barber give you an egg shampoo?"
Simp: "To make your hair lay."
—University News.

She: "How clear the horizon is this afternoon!"
He: "Yes, I just swept it with my eye."

When woman was made from man's rib someone pulled a bone.
—College Mercury.

Whenever any one
Offers to give you SOMETHING for NOTHING
Or MORE for something THAN IT'S WORTH,
Or SOMETHING for less than it's worth,
Look out!

Stevens: "It's too bad that accident happened in church Sunday."
Prince: "What accident?"
Stevns: "A lady had her eye on a seat and I came in and sat down on it."

She: "He always was a bad egg, but nobody seemed to notice it when he was rich."
He: "That's only natural. He was all right until he was broke."

Daughter: "Yes, mother; Al did kiss me last night, but I surely sat on him for it."
—Richmond Collegian.

PRACTICE MAKES PERFECT

Doctor Ellis: "You cough more easily this morning."
Dorothy Adkins: "I ought to; I practiced nearly all night".

Jones: "How can you stand lying in bed so mush?"
Dillworth: "I don't stand lying. I'm no acrobat."

"My girl lives on Petticoat Avenue,"
Was his response to me.
"But where in the thunder is that?" says I;
"Near the outskirts, sir" said he.
—Emory Wheel.

A girl thinks that to be a little dear she must be a little bare.
—The Lenorian.

Don't complain that your confidence has been betrayed. The fault is your own for having poured unsafe talk into leaky minds.
—The Georgetonian.

Nowhere in the lab is there quiet, but everywhere there is work. Fat students, skinny students, tall students, short students, dull students, clever students, girls and boys, everybody works.

GIRLS WIN HOME BOUT OF TUSCULUM DEBATE

(Continued from page one)

on Maryville's Scroll of the Famous. Seldom have we seen such precision and poise in argument as she displayed. The debate had degenerated into a quibble as to the definition of the question until her well calculated refutation speech set the matter at rights and cleared the field for the real issues of discussion.

Miss McCall, also a senior, is a veteran of two former seasons. Indeed, she has grown up with the tradition of girls' debates on the Hill. Two years ago she was a member of the first girls' team to represent the College. Maryville's affirmative team of which she was a member won that year against Tusculum. Last year she was a member of the Maryville team which lost to Tusculum, and this year, as captain of her team, she led to victory. Always a capable and thoughtful debater, she showed to particular advantage in this her last effort. The conclusion of her rebuttal speech left no room for doubt as to the nature of the decision. Maryville appreciates her splendid three years of service and says, "Thank you!"

Miss Broady is a Sophomore, and long may she live and prosper, for seldom has a Maryville debater shown such promise of a great debating career. Miss Broady possesses a habit of incisive thinking which is admirably seconded by the ability to speak with force and conviction. Both in constructive speech and in refutation her work of Monday night exhibited remarkable effectiveness.

Before the decisions of the judges were announced, Mrs. J. H. McMurray, a capable chairman indeed, gave a timely illustration of good sportsmanship.

When the decisions were read, the Tusculum girls showed us that they possessed that valuable characteristic, without which none can be good losers.

Monday night was the first time in history that the question was raised as to whether or not Ivory Soap will float. We know it floated at Tusculum, but we also know that it didn't float here at Maryville. Would you like to know why it didn't float here? Those who hold the dope say that the "preponderance of capitalistic power" would sink a steamboat, and all who were at the debate Monday evening will agree to it.

Let's go, gang! Out with the old pep! Fifteen rahs for the Maryville College Debaters! Three rays for the girls' team! Let's be at every debate this year and show the debatrs we are behind them. Let's go and let them hear the yells but don't stay at home and show the "yeller". R.A.B.

Peggy ::Ain't nature wonderful."
Cec. Mc.: "Hou' sat?"
Peggy: "She gives us our own faces, but we can pick our teeth."

LIFE WORK SESSIONS CLOSE AFTER HELPFUL CONFERENCES

(Continued from page one)

service of the Presbyterian Church Mr. Lovell spoke of "China Today". He certainly does know something about China.

The Ministry Calling was analyzed by Mr. Lovell in an attractive way at the Y. meeting in Bartlett Hall Sunday afternoon. Twenty-five of the fifty-five present are Ministerial students.

The Vesper service was well attended. Those who did not hear Mr. Lovell give an account of his experiences in China missed a rare treat. His challenge to oversea service gripped the hearts of more than volunteer students.

Both of the Y's are very grateful to all of the speakers for their successful efforts to satisfy the great need of choosing a life work, especially of Christian nature.

LYCEUM RUN CLOSES WITH BEST OF YEAR

(Continued from page one)

people are still chuckling to themselves.

Mr. Herbert Goode, accompanist, is an artist of pianoforte. His execution of every selection was perfect and the quartet numbers which he arranged were especially appealing.

Altogether the program was thoroughly enjoyable, and all were truly sorry to see the gifted Londoners leave.

ENGLISH PRIZE IS AGAIN OFFERED

(Continued from page one)

The contest is open to any student in the College, but it is a big chance for the Freshmen who are now handing in two themes in every three weeks.

Put your mind, your memory, your imagination to work. Who knows how many future authors are among us now!

AFFIRMATIVE TEAM WINS AT TUSCULUM

(Continued from page one)

Cox, and W. W. Belew, both lawyers from Johnson City. They voted unanimously in favor of the Maryville Team.

Aside from the victory won, the memory of the trip to Tusculum is a very pleasant one—the hospitality shown by President and Mrs. Gray in entertaining the teams in their home after the debate; the graceous welcome of the matron, Miss McCollum, and the girls of Haines Hall; and the courtesy shown by the Dean and Professors.

Miss Green accompanied the team in the capacity of general advisor, and guardian and, in spite of her efforts to suppress them, the debaters are very warm in their praise of her splendid sportsmanship and good fellowship.

The girls came home feeling that they had played a part in strengthening the ties of good fellowship between Maryville and Tusculum.

Sneed: "Why is my purse always the same?"
Partee: "I'm 'fraid I can't tell you."
Sneed: "Why because you never see any change in it."

King Solomon and King David
Led merry, merry lives,
With many, many lady friends
And many, many wives;
But when old age crept over them,
With many, many qualms,
King Solomon wrote the Proverbs
And King David wrote the Psalms.

Have You Done Your Part on The Annual?

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE MARCH 16, 1922. | NUMBER TWENTY

HOME FLOOR SCENE OF SECOND VICTORY

Roanoke Fights Hard But Is Unable To Win Decision.

	Dbts.	W.	L.	Percent.
Maryville	4	4	0	1000
Tusculum	2	0	2	000
Roanoke	2	0	2	000

Such would be the standing of the Orange and Garnet if ranked with her rivals so far this season.

The chapel on Monday evening was the scene of a Forensic Battle when the Maryville men equaled the record of the girls by winning from the strong Roanoke team.

Seldom has a Maryville team shown such ability in debate as our negative showed Monday evening. The debate was a pitched battle from the very start and the decision was doubtful to the very last but it is believed by the writer that all of the audience with the exception of one judge were convinced that the Open Shop does not offer the best solution for the present Capital Labor problem.

The Roanoke Team put up a strong fight and proved themselves to be good losers. Whitescarver, the captain of the team, opened the debate and soon convinced his opponents that they had a hard fight before them. Coleman and Deeds deserve praise for their grasp of the subject and excellent delivery.

As for our team, we have every reason to be proud of it. Stockton, participating for his first time in an intercollegiate debate, would have made a stranger believe that he was a veteran debater. John we are expecting a great future for you as a debater.

King David, our second speaker did much to build up his already wonderful reputation as a debater and spread terror in the ranks of the Roanoke men by his logical argument. This was the second time that King David has helped win a victory for Maryville and we are glad to say that he has two more years in which to carry the Orange and Garnet to victory.

As for Vance, our veteran debater, he surely did much to win the debate, which is the last one that he will participate in for his Alma Mater. Three times has Vance debated for Maryville and three times has he won a victory. His debate Monday evening was a triumphant conclusion to his inter-collegiate debating career. His constructive speech was strong but it was his closing rebuttal speech that was especially strong. Tom we are convinced that your Industrial Court will solve all Capital Labor Problems.

Two debates remain between Maryville and Tusculum and Milligan. Everybody get behind these teams to make our victories unanimous.

MICKEL-DAWSON

Maryville students and friends will be interested to learn of the marriage of Miss Edna Elizabeth Dawson to Rev. Carl Theodore Mickel of Harlan, Ky. The wedding will be solemnized March 21st., at the Graystone Presbyterian Church of Knoxville.

Miss Dawson is a graduate of the College and was for some time a teacher in the Music Department. She has many friends on the Hill both among the faculty, of which she was a member last year, and among the student body.

The silly age is the time when they think they know the most.

BASE BALL PRACTICE IS IN FULL SWING

Fifty Candidates Out For Positions, Giving Promise Of Great Nine.

Once more the field is alive with action, once more the hibernating railbird can leave his shell for out there where the stands beckon so lonesomely the Base Ball Team is already warming up preparing for the time when the Umpires will take the new ball, white and glistening, from its crimson carton, toss it to the pitcher and turn to the stands and shout "Ladies an' Gemmen! Batree's for today's game: Maryville Blup blup an' Blup for Tennessee Blup an' Blup blup." "Play ball!"

Between now and then there is not so long a space of time as one might imagine, but all of it is full of work for each one of the fifty hopeful candidates which are disporting their spikes on what was the home roost of the 1921 Champion Eleven and what will be the roost of the 1922 Champion Nine.

As we have said over fifty men are out for places and the indications are that a splendid team is to be expected with unusual infield strength, especially if last year's short stop, Lowry returns as it is rumored he will. Then too, the outfield should contain capable ground coverers and there seems to be no fear behind the bat either. Also the pitching staff, which would prove weak, it was feared has developed an unexpected strength and should have no cause to give worry to any railbird.

ROANOKE EASY PREY TO M. C. INVADERS

Traveling Team Scores Unanimous Decision Abroad.

On Monday night for the first time in the history of the two schools, Maryville and Roanoke Colleges met in debate. The question was the question of the Open Shop as a solution of the problem of Capital and Labor. Maryville's affirmative betook itself to Virginia on Saturday afternoon and spent Sunday in Roanoke. Roanoke, any member of this team will tell you, is a real town in spite of its seven restaurants which didn't exactly suit every member of the Maryville Expeditionary Force.

The invasion of Salem, which city of the peaceful name is the site of Roanoke College, took place on Monday afternoon. The reception accorded the invaders was very cordial and when eight o'clock arrived the greater part of the student body and many people from the town had gathered for the debate.

The debate was a spirited affair. Like the recent affair with Tusculum this debate became a quibble as to the definition of the question. The contestants really did not clash until the rebuttals began, and then,—Oh, my!

When it was all over and the smoke had settled somewhat, the chairman found himself possessed of three sealed envelopes which contained three cards each indicating a decision for the affirmative, or in other words, a unanimous decision for Maryville.

The Roanoke team was a good one. Its captain, Mr. H. R. Deal, is a very persuasive and pleasing

(Continued on page four)

FAMOUS LECTURER SPEAKS THURSDAY

Dr. Ira Landrith, Noted Reform Leader Comes To Maryville.

DR. IRA LANDRITH

Dr. Ira Landrith, a famous Chautauqua lecturer, orator, journalist, and statesman, will speak on the timely subject—"Today and the America For It" in the chapel Thursday evening at 7:30, March 23.

Although he comes from Chicago the South has a strong hold on him for he was born in Texas and educated in Tennessee. Dr. Landrith says of himself—"I am more an American". This is true for he a picture of health, a great man, and a live Christian, always fighting for right.

His slogan "A Saloonless Nation by 1920", his mighty voice and written opinions have all aided in the adoption of the Eighteenth Amendment. He is likewise an equally strong factor in securing its strict enforcement. His clarion appeal for World Prohibition is one of the strongest and most stirring declarations today being heard from the American platform.

During the war he spoke under the auspices of the Y. M. C. A. and other organizations in nearly every army camp, cantonment, and naval training station.

He has been one of the foremost speakers in this modern day in all great Interdenominational, Missionary and Presbyterian gatherings. He has been Moderator of his church's General Assembly.

He was for fourteen years a religious newspaper editor and for ten years a college president.

As a champion of Prohibition, Dr. Landrith has repeatedly crossed the continent and has campaigned in every state in the Union. Everywhere large crowds have thronged to hear him.

Throughout his address, Dr. Landrith kept his audience in good spirits with an occasional effective, humorous story, while he defiantly attacked the liquor traffic from almost every angle—Beaumont (Texas) Enterprise.

Few men combine so many qualities requisite to the able platform speaker. Of fine physique, an exceedingly pleasing voice, brilliant intellect, rare culture, vivid imagination, a cheerful temperament, a happy outlook on life and an acute appreciation of humor and wit, he possesses withal the happy faculty of adapting himself in an instant to any audience, swaying it with his eloquence.—National Lincoln Chautauquas.

Everyone is welcome to hear this noted lecturer. Admission is free.

Jealousy keeps many a woman looking her best.

ORATORICAL PRELIMS. ARE STAGED MONDAY

New Event Introduced Into Forensic Program.

Some time ago announcement was made of plans whereby a new feature was to be added to the list of forensic events which are offered to the Maryville public "about this time o' year".

Those plans have matured and the preliminary contest for the Intercollegiate Oratorical Meet will take place in the Chapel on Monday evening at six-thirty o'clock.

Hitherto these elimination contests have been staged in the Literary Society halls before very small audiences. However, in view of the fact that the orator chosen will represent the College in the final contest at Harrogate, the preliminary should be given greater importance than has been accorded to it in former years. By joint action the men's societies have established a fund of twenty dollars to be used as awards to the winners of the preliminary contest. The committees from the societies will purchase a medal to be awarded on Monday evening to the winner of first place.

The number of contestants for preliminary honors is not definitely known but it is thought that it will be large. A good contest is assured and oratory will furnish a bit of variety to the debate season. "Come and bring a friend."

Y. W. C. A. HOSTESS IN EAST TENN. COUNCIL

Number of Visitors Expected For Helpful Cabinet Conference.

Friday, Saturday and Sunday of this coming week-end will be big days for Y. W. on College Hill as our girls are entertaining the cabinet counsel for East Tennessee and are expecting about thirty visitors.

The purpose of this conference is to give the new cabinets an opportunity to learn more definitely something of the workings of the organization, to become familiar with the main issues in the National Convention to be held at Hot Springs, and to get new ideas and suggestions in order to meet effectively the problems with which they are confronted.

As the whole Maryville cabinet is expected to attend this means an unusual opportunity for our Y. W. and will lead to a bigger, better and stronger association next year.

Everybody boost, for this is to make your Y. W. more effective.

Entertain For Miss Eyman

In honor of Miss Ella Eyman, who left recently for her home in Prospect, Pa., a number of her friends entertained with a Consequence party in 59 Pearsons Thursday evning. After playing Rook and Consequences, the guests were served a luncheon of hot chocolate, marshmallow sandwiches, and ice cream. Those who were present to enjoy the evening were Misses Ella Eyman, Mabel Baker, Mildred and Edna Kimble, Mary and Marguerite Broady, Lilah Hembree, Evelyn Northrop, and Helen Rankin.

The main objection to light wines and beer is the fact that an overplus becomes too heavy.

QUINTET QUITS COURT AFTER GREAT SEASON

Both Teams Have Made Fine Showing Against Hard Schedules.

"In the Spring a young man's fancy lightly turns" to a few things other than baseball and track, and so it is only proper that as good sports we should recall the stellar performance of both our college quintets in the season which has just been finished. Not only did the boys who won eight games, lost but five and tied one perform in true Maryville fashion, but the girls as well, under the able leadreship of "Syd" Sherrod and Coach Queener displayed a brand of basketball well up to any standard.

Not only did the fellows win almost twice as many games as they lost but the Maryvillians defeated their opponents by a score of 361 to 294 or 67 points advantage which tells the tale of our success. While the whole bunch deserves credit for their work the three best point getters were Hendrick who scored 124 points, Captain McMurray, whose total was 81 and that bold western knight from Kansas City, Giles McGinley who pointage, scored from guards' position was 36.

The season was about as follows: First Milligan trounced us to an 18-24 tune in the opener and we came back by beating Johnson Bible College 28 to 14, and the Knoxville Y. M. C. A. 29 to 11. Then we took our first trip, on which we won one, tied one and lost one. Beating Tusculum 33-23, tieing Milligan 21-21 but falling before E. T. S. N. 34-27 and King 27-25. Tusculum craved more punishment and on the way back we trounced them 26-13 just to show we still had our pep and then came home in tune to lick the University of Louisville 27-21.

Soon afterwards we went north and after trouncing Transy 29-24 fell to Bo McMillin's Centre cagesters and flopped to Union 21-17 on the following evening. Then came a rest after which we failed to solve the shots of E.T.S.N. and lost our championship. Hard luck game 21-20 and ended the season by taking in the Sevierville Tigers 44-6.

This might be called the Worst Hard Luck Season that we have yet had for never did we seem worse jinxed than we did this year. Look at that last E. T. S. N. score 21-20. Look at both games, it seemed as though a hoodoo was on our trail and that try as we might we could not escape it. Still the season was successful. We won the most of our games and whenever we won we won by a big margin and every game we lost, save the Centre scrap, we lost by less than 7 points.

However, to change the subject, remember that Co-Ed team of ours, and Coach Queener. Its season was also a success in that it won five, lost one, and tied one of its seven games coming out splendidly on the credit side of the ledger. Tusculum they beat 15-10, Chattanooga 27-17, E. T. S. N. 21-14, Poly 16-3 and East Side 36-6, losing to Peabody 37-17 and holding Martha Washington to an 18-18 tie.

The best scoring machines were Adair and Sherrod although, due to some mistake the numerical pointages are not available. The guards, Heiskell and Brown played

AN ATHLETIC MANAGER

Not long ago we talked at great length with a very widely known Maryville alumnus upon the subject of Maryville's athletics. After the glorious achievement of our 1921 football team discussions of that topic are not infrequent among students and friends of the College. This particular discussion had as its theme the management of all the Athletic teams of the Hill. The alumnus, a former basket ball star, stated that he was fostering, and had secured the endorsement of other alumni in Knoxville, a scheme whereby the College would appropriate funds for the hiring of a manager, from among the alumni, for all of Maryville's athletic teams. He presented very forcible and convincing arguments upon the matter and speculated to considerable extent upon the results of proposing the system to the students of the College.

This matter of the management of teams has arisen repeatedly and the proposition for the hiring of an alumnus manager may have many adherents. Yet, such a system would have its disadvantages. In the first place, it would entail the expenditure of a very considerable amount of money which might be spent to better advantage in improving the College's athletic equipment. The manager would, of necessity, devote considerable time and attention to the arranging of schedules and the management of games at home and abroad. In fact, he would have little time for any other occupation. The result would be a demand for a salary large enough to meet living conditions. This cost alone is prohibitive.

Again, the system would hardly be democratic. The paid manager, deriving his salary from the College, could hardly be said to be at all times in harmony with the team. Of course the College, being representative of the larger group, is rightly superior to the team in the matter of schedules, yet, a manager, who is a salaried official of the institution could easily estrange the players and cause serious ruptures of the team.

Further, all forms of athletics are distinctly student institutions. No matter how just or how sane may be the action, players and students alike resent interference from faculty members and officers of the College. A certain amount of management by officials is necessary, yet, even this occasions widespread criticism in almost every instance. In order that increased friction may be prevented—for the alumni manager plan would almost certainly result in friction—it seems that the project should not be considered. The student management, stamp of student ownership of athletics, should not be abolished.

The alumnus manager, if chosen, should be, according to the statement of the exponent of the plan, a man who is progressive and who will secure a strong schedule of games with little consideration of expense. Such a man, although he might pit the Orange and Garnet against America's strongest teams, might also place athletics upon such a basis that each season would close with a financial deficit —that the essential pillar of al schedules would be destroyed. Conservatism, on the financial side of a schedule is just as vital to a good manager as are ideals of progress.

It seems to us that the sanest change in the system of team management—and there is need for a change—would be the election of non-playing managers. The majority of the largest institutions of the country choose managers for their teams from the men who do not play on teams. The advantages of such a system are so obvious that there is little need for a statement of them. "Slim' McGinley, basket ball manager for 1921, advocates the plan because of the inconvenience he experienced because his trunks lacked pockets for the money given him from the gate receipts of games. It is manifestly unfair to handicap a player with the burden of team management when that burden might be borne more easily, and just as capably, by a man who does not play.

The new policy in athletics may bring other changes in addition to those already made, but it seems that the alumni manager plan for athletic teams is inexpedient and not in accord with the progressive, yet conservative policies of Maryville.

PUTTING IT FAIRLY

Little Willie: "Pass me the butter."

"Mother (reproachfully) "If what, Willie?"

Little Willie: "If you can reach it."

—Gargoyle

She: "Have you seen the camel walk?"

He: (still maintaining a little equilibrium): "Nope, not yet, I'm only up to the green snakes so far."

—Lord Jeff.

A shrewd politician is a great advocate of the freedom of the press—until he gets found out.

CANDLE SERVICE USED IN Y. W. INSTALLATION

New Officers Light Candles From Those of Retiring Leaders.

Sunday evening, just after Vespers, the new Y. W. C. A. officers and cabinet members held their installation service. The old officers resigned with a feeling of regret because of the joy that they had experienced in the work; with a feeling of satisfaction because of the capability of those taking their places. Each old officer before extinguishing her candle lit the unused candle of the new officer, with the hope, appropriately expressed, that the candles of the Y. W. C. A. might never be suffered to go out. Such a service can not but inspire others on to do their bit more efficiently, and impress the new officers with the sacredness of the big task ahead. The Y. W. C. A. officers are as follows:

Senior	Junior
Catherine Wilson	Mary Robison
President	
Alice McAnulty	Geraldine Odell
Vice President	
Mary Broady	Harriet Green
Secretary	
Margaret McKinney	Virginia
Treasurer	Witherington
Sarah Witherington	Alice Robsison
U. R.	

DR. J. C. BRANNER PASSES AWAY

Former Jefferson Countian Was Presidnet of California Institution.

Special to The Knoxville Sentinel

Dandridge, Tenn., March 6.—A message has been received announcing the death of Dr. John Caspar Banner at his home Leland Stanford Jr. University, California.

Dr. Branner was a native of Jefferson county, having been born at New Market, July 4th, 1850. During his early life the Branner family moved to the old Branner farm, a mile east of town, where he lived to young manhood. He attended Maury Academy and later Maryville College. In 1882 he was graduated from Cornell University. Prior to his graduation he went to Europe with Professor Hart, of Cornell and later served as his assistant on the Brazil geological survey. During eight years the party traveled extensively in Brazil, Argentine Paraguay and other South American countries.

HONORED BY BRAZIL EMPEROR

During his stay in Brazil Dr. Branner became a personal friend of the Emporer Don Perdo III, who appointed him assistant and interpreter for the Imperial Geological Commission of Brazil.

While in Brazil Dr. Branner served as special botanist for Edison and agent of the U. S. Departme of Agriculture in South America.

Upon his return to North America, Dr. Branner was made assistant geologist for the state of Pennsylvania and spent two years in th anthracite coal regions. From 1885 to 1891 he held the chair of geology in the University of Indiana. During this time he was granted leave of absence and served as state geologist for Arkansas.

HEADED SCIENTIFIC EXPEDITION

In 1892 Dr. Branner was called to the chair of geology in Leland Stanford, Jr., University. In 1899 he became vice-president of the university and the same year went to South America in charge of the Alexander-Agassiz-Banner scientific expedition.

He was the author of several text books on geology. At the St. Louis World's Fair he was awarded a gold medal for his writings on the geology of Arkansas.

In 1913 he succeeded David Starr Jordan as president of Leland Stanford, Jr. University. Two years later at the age of sixty-five re retired as active president and was made president emeritus in which honored position he remained until his death.

Dr. Branner was married in 1882 to Miss Susan Kennedy, of Oneida, New York. Mrs. Branner, two sons and a daughter reside in California.

Dr. Branner frequently visited his old home and friends in East Tennessee. He was to have attended the Continental celebration of Maury Academy in 1906, and deliver the principal address. The San Francisco earthquake prevented his coming east, but he wrote a wonderful message which was read by his lifelong friend the late Alexander Hynds.

His last visit here was in the autumn of 1918 when he and Mrs. Branner spent some time with relatives and friends here and at Knoxville.

Casper and Michael Branner, grandfather and great grandfather of Dr. Branner are buried in the old cemetery here. The family are descendants of the Branners who came from Germany about 1750 and located in the Shenandoah valley of Virginia.

Mrs. Branner-Johnston, sister of the deceased died in Knoxville during the past year. Numerous distant relatives reside in East Tennessee.

BAINONIANS GO TO MOVIES SATURDAY

Society Hall Converted Into Palace Cinema—Home Talent Used.

Did some one say that College girls were not supposed to attend the movies? If that is so, the members of Bainonian Literary Society departed from their training on last Saturday evening, for the society attended the movies "en masse". The members who failed to "come and go along with us" lived to regret it when they heard the accounts of the wonderful acting and the rousing good times that took place in own Society hall, presented by Bainonian movie stars.

We were introduced into movie land by a splendid review of Weekly News, including live news of the day from all over the world. Even news items from College Hill were not omitted. Then followed "Watch Your Husband", featuring Mar Fickford as the neglected wife, Wallace Reed as the husband, and Theda Bara as the vamp. A vamp always causes trouble and so she did in this picture.

To cheer us up a bit after the tragical ending of the preceeding picture "A Gay Old Dog" was presented. In this comedy Charlie Chaplin was at his best and befor the end he decided that "a wife has a place—but it isn't the beach."

This comedy closed the movie and everyone present will indorse the statement that Bainonian Hall is a second Palace.

After a week of toil and worry, Bainonian Society is just the place to drive away your troubles. There you wil always hear an instructive and entertaining program; and there you will meet a jolly bunch of girls.

LAW CLUB ELECTS OFFICERS

The Law Club held its bi-semester election Wednesday, March 8th, in the Athenian Hall, and the following men were elected: Edward Cornelius, president; Verton M. Queener, vice president; A. D. Moody, recording secretary; John Stockton, pregram secretary; Hugh C. Clabough, editor.

At the last meeting of the Law Club, March 15th, there was a good attendance but the program was not as good as usual for various reasons. The program secretary was absent, and an extemporaneous program was carried out. We also missed our new president Mr. Cornelius. Ed the members of the Law Club extend to you their deepest sympathy and wish your mother a speedy recovery.

The program was short but sweet. How could it be otherwise when it concerned the fair co-ed's? The question for debate was: Resolved, that moonshining should be permitted on Sunday afternoon. Of course all were in favor of the affirmative which was ably defended by Chas. R. Black and James Hardin. To have a debate you must have a negative and this distasteful task was the lot of William Murphy and Hugh C. Clabough. It might be well to give the results in order that others may know how at least two members of the law club feel toward Sunday moonshining. The decision of the judges was two affirmative and one negative. I wonder who?

Kindly Man to Prisoner: "You seem to be in a tight place, my poor man."

Prisoner: "Well, it ain't exactly roomy fer a guy with loose habits like mine."

—Gargoyle (Michigan)

Biggs: "Lend me a dollar and I'll be eternally indebted to you."

Wiggs: "Yes, I'm afraid so."

—Record (Yale)

The girl who never looks in a glass is fortunate. She can believe all of the bunk that is handed to her.

CAMPUSISMS

Miss Green is planning to chaperone a crowd of town girls on a camping trip to Thunder Head this week.

Miss Janet Ensign and Julia Anderson are expecting guests from U. T. in the near future.

Sam Hall spent the past week end with Ernest Kidder at the latter's home in Knoxville.

Miss Reed, of the National Y. W. C. A. was on the Hill Wednesday to perfect plans for the cabinet council of the coming week.

Miss Mabel Dougherty has as a guest her sister, of Birmingham, Alabama, who is paying an extended visit.

Miss Helen Park spent the last week-end at the home of Troy Haddox of Rockford.

Miss Gamble chaperoned a number of shoppers to Knoxville Monday.

The day of the June bride is hopping along. Likewise of the Junebug.

William McGill has recently been removed to the hospital to recover from an attack of influenza. He should be out in a few days.

Leslie Jones is recuperating from a serious attack of influenza. He will soon be able to be about the Campus.

James J. Bevan is taking work at the University of Tennessee. He's not rabid, however, and still comes around the Hill.

The 1922 Chilhewean staff has sent the first copy to the engraver and will be concerned heneceforth only with printed matter.

Robert Landon Taylor, 1918, will graduate this year from West Point in the Four Year's course. He is a sergeant.

Capt. Frank Eckle Taylor, 1907, is Chief Justice of Claims, War Department, Claim Section, 20 and C street, N. W., Washington, D. C.

SENIORS ARE HEARD AT ATHENIAN

The opening number of the Athenian program of Saturday evening was a piano solo "Traumerei" by Mr. Howell. The following numbers were broken into by the practice of the Glee Club, as this caused Mr. Buchanan and Mr. Rowan to be absent, thereby rendering impossible for them to give their numbers.

Four Senior boys staged a humorous debate on the subject of Seniors wearing a mustache or carrying a cane. Sharp and Robinson defended the affirmative, while Vance and Brown pressed the negative. Much fiery eloquence was displayed on each side. However the affirmative won both the decision of the judges and the house.

The next program contains a number of short talks that are certain to be good. Then the following is a joint meeting with the Junior Athenians. You who are Athenians cannot afford to miss these meetings!

"What is a football moustache?"

"One that has eleven on each side." —Pelican (U. of Calif.

SPORT SPAZZUMS

AIREDALE ELECTED CAPTAIN

Monday evening, about the time the Angelus would have been rung in La Belle, France a gay gang of peerless basket ball tossers assembled at the domicile of the Valiant Airedale, Capt. McMurray. As they filed in someone, less able to restrain himself, than the rest of the doughty knights murmured, so swears "Slim" McGinley by the beard of the Prophet, some body said "Eats". Well, as Evangeline says "you tell 'em". The table did not groan, it wailed and oh how that gang did eat. Then after the feed, when the table resumed its erstwhile bouyant frame of mind and the groan was removed, a stunt those huskey goal tossers had put across like Sloan's Liniment claims to, they fell to and elected a Captain for next year's basket ball team.

H. R. H. Jean McMurray, Prince of Good Fellows, Host of Hosts and Captain of the Champian Maryville Basket Ball Team of 1922 and 1923.

The following were present, His Grace Sir Giles McGinley, His Lordship Sir John Hendrick, Viscount Cecil Adalbert McLoughlin, Lord of the Kandy Kitchen, His Lordship Doris Augustus Musick, of the Blue Grass, Sir Andrew Janovisckzy, and Sir Carl Schmidt.

COME OUT FOR TRACK

Listen fellows. We think Maryville is an up-to-date college but do you realize that for several years we have neglected track? This should not be; we decided that last year so this year we revived our track team. But here is where you come in. You must come out. No track team can be made of about six men even if they are all Paddocks or Rays. We must also have a few others for although Paddocks and Rays can break records at the hundred or half mile, they are rotten shot putters and worse on the javelin or discus. They are not built that way. Moreover, even if you are a Paddock or Ray you will not win track meets in Carnegie corridors. You must get out and practice for no track man, no matter if he is a record breaker, will break records for any thing but laziness lying in bed. So if you can do any thing, or if you can not but are willing to try, come out, Coach is no bear. He won't bite.

Old Lady: "Say, Pilot, stop this plane a minute, please."

Pilot: "What for?"

Old Lady: "My Willie just climbed over the side." —Sun Dodger

Pike: What is that rasping noise in the office?

Peak: Oh, I guess somebody's filing a complaint. —Punch Bowl.

It's unwise for a woman to marry a man with the expectation of reforming him. He might entertain similar ideas.

"KENTUCKY BELLE" IS THETA PRESENTATION

Players Stage Charming Play In Professional Style.

From the minute the curtain was raised and Manager Gentry's caste appeared until the last notes of "Old Kentucky Home" died out, the intense interest of Theta audience Saturday night was held. A movie or Barry play was never more enjoyed than "Kentucky Belle" given by Theta players. Each participant was well adapted to the part she played.

The gallant young hero, really a rich sociologist, playing the part of an ordinary linesman, in his fall from a telephone pole brought about his introduction to the lovely heroine in whose home he was cared for until fully recovered. By so doing he shattered the plans of a certain old colonel, who had intended thrusting his aristocratic name upon the girl of our hero's dreams.

The race, in which Kentucky Belle, the beautiful horse of the girl, was to take part, would decide all. Should the horse lose, the colonel would win the girl, otherwise she would marry the hero. After the law of all storybooks, Kentucky Belle won and happiness reigned supreme for in the course of events the old colonel had decided that the Aunt of the household was really the one for him after all. Henceforth the reputation of the Theta players is even more firmly established for the program was, without doubt, one of the best of the season.

LIMIT FUNERAL SERMONS

Atlanta, March 7.—One hour as the time limit for funeral sermons was unanimously endorsed by the African Methodist Episcopal union at its weekly meeting here today after David T. Howard, a negro undertaker, in proposing the curtailment had asserted that "the majority of the colored ministers of this city spend one to five hours preaching funerals.

"The colored people lose enough time from their work attneding funerals in one year to earn enough money to support two-thirds of the colored schools of the city", said the Rev. W. J. Williams, pastor of the Cosmopolitan A. M. E. church, in endorsing the ban on long eulogies.

—Jorunal & Tribune.

ALPHA SIGMA

In the absence of President Sam Hall, James Jackson presided over the Alpha Sigma Literary Society in its regular peppy meeting, last Saturday. As everyone knows, this society is noted for its originality. The meeting was a trial of a new form of declamation—story telling. Porter Turner efficiently and interestingly related the story of the "Brushwood Buy". That Mr. Turner succeeded in relating the story in an eloquent way might be proved by asking anyone who heard it to relate the facts of the narrative.

"The Minister's Black Veil" was humorously told by Douglas Andrews. Mr. Andrews is only a Freshman, yet his ease of presentation predicts that he will be in the limelight someday. Benjamin A. Huber spoke hesitatingly on the subject "The Safety Pin". He gave some interesting facts which were appreciated by all. "Lap Poodles" are not very beautiful adornments according to Harvey Griggs, the next orator. Donald Taylor made his subject "Onions" so realistic that he soon had everyone in tears.

There are still a few seats which we can spare to visitors and delinquent members.

From Freshmen's Themes

I put my cake into the oven with a long breath.

Another group of girls were clad in serge dresses with curly locks.

Some are in charge of many bundles and suitcases looking very tired and forlorn.

I started off carrying a basket with my cousins.

We had accomplished an impossible feat.

An ambulance appeared, and, gathering up the wounded, hurried to the hospital.

The campus was dotted with bobbed heads, like sparkling diamonds in the clouds.

The girls gather in little wads to exchange a few remarks.

Her traveling suit was of dark blue serge, which matched her eyes and hair.

Then we saw a woman walk up a ladder without any shoes.

QUINTET QUITS COURT AFTER GREAT SEASON

(Continued from page one)

consistent games and did more than their share in the making of the season. Nor can too much be said of Robinson, the fighting center, whose work, in our humble opinion, far surpassed that of any center we've seen on our court in many a day.

On the whole then, the basket ball seasons were a success both in points scored and in games won, so let's all throng round the oft remembered pazaza and give

Howee How and Make It Big.

ROANOKE FALLS EASY PREY TO M. C. INVADERS

(Continued from page one)

speaker. He is in external impression very suggestive of our own Jason Deyton of other days. Messrs. Mauney and Hefner are good debaters, the latter, a Freshman, will develop into a splendid speaker in anoter year or two.

And the Maryville team acquitted itself magnificently! Leslie Poe, our intercollegiate orator of a year ago, was doing his first intercollegiate debating Monday night, and his work was most gratifying. His delivery is always effective because of the energy and conviction behind it. His constructive speech of Monday night was one of the outstanding factors of victory.

Herrick Arnold, who was forced out of debate last year by illness after a fine beginning in his Freshman year, came back against Roanoke a finished and resourceful debater. His rebuttal speech on this occasion was a masterpiece of resourcefulness and timely refutation, for it was this speech which called the debate back to a discussion of the question. Arnold has one more year of intercollegiate debate. It promises to be a great one.

Chad McClure, the captain, beside his constructive speech which opened the debate and set the pace, did eight minutes of genuine hard work in his rebuttal such as was good to hear. McClure is a logical thinker and a merciless dealer with illogical material in an opposing speech. He has a manner of speech all his own which is highly effective. He is resourceful in his handling of an unexpected situation. All of these qualities were exhibited Monday night for the benefit of the Roanokers. Chad is a Senior. This is his second intercollegiate debate for Maryville and his second victory. In the midst of our regret at fosing him we find a genuine joy in having had him.

The treatment received by this M. E. F. at the hands of the faculty and students of Roanoke College was most cordial and courteous. The audience was respectful and the attitude of everyone was hospitable. The trip was a hard one, but it was worth the effort, for it carried Maryville debate outside of its traditional territory and found it equal to the test.

The New Spring Fashions---

Spring Opening Days at our store will reveal the many delightful changes which styledom has brought about. With the newer fullness which fashions have set in every feature of women's wear, come materials of softer textures and colorings contrasting the brighter and smarter effects of sport's wear against the rich tinted effects of oriental colorings, including not only the fabrics for outerwear, but those for underwear as well.

With the dropping of the luxury taxes, prices have gone through a still further readjustment so that this season you will find prettier things in better qualities at much less than you formerly paid.

May we extend our heartiest invitation to you to share with us the wealth of new creations at the same time enjoying the distinct reduction in the prices which is the big feature of our Spring Showings.

The Highland Echo

Mass Meeting Tuesday, Election Of Echo Editor

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE MARCH 23, 1922 | NUMBER TWENTY-ONE

SKULL PRACTICE IS RULE DURING COLD

Season's Opener Comes Monday In Exhibition Game.

After ten days of good weather, during which time the half hundred baseball candidates had been stripped to thirty-one, Jack Frost, this week, invaded the Highland Haunt and drove the team indoors. However practice did not stop even though the spikes were momentarily forsaken for throughout the cold season Coach Honaker has been drilling into the team and its members the principles of successful baseball. Hence the cold spell comes rather as a boon than a hardship for it will enable the Highland camp to be free to practice on the diamond rather than the blackboard later when the weather is generally fairer.

The team is progressing wonderfully. Batteries heretofore unthought of and unknown are rounding into excellent form and the well nigh impregnable infield is daily becoming more and more a perfect fielding machine. The outfield also is coming along so splendidly that even the most rabid pessimists declare that the season will, as a success, rival the past football season.

The only trouble, as heard in some camps is the lack of batting punch but to judge from the practices, dope, and appearances this also is a myth so that the bogey of a poor baseball team, a bogey about as common as pink rhinoseroses, is and ever has been, lost in the Mid-Atlantic.

The much delayed schedule, so mysteriously rare here abouts heretofore has at last been found, discovered on the upper reaches of the Skateegoo by a party of raliant hunters, composed of the famous Irish twins Back and Buck.

It reads:

March 27—Central High of Knoxville at Maryville

March 30-31—Mars Hill College, N. C., at Maryville

April 3—Tusculum College at Maryville

April 6—N. Y. Giants at Maryville

April 10—U. T. at Knoxville

April 11—East Tenn. Normal, at Maryville

April 13-14—Cumberland University at Maryville

April 17—T. P. I. at Cookeville

April 18-19—Cumberland University at Lebanon.

April 20-21—Bryson College at Fayetteville

April 22—Middle Tennessee Normal at Murfreesboro

April 25—U. T. at Maryville

April 27-28— Transylvania at Maryville.

May 1-2—L. M. U. at Harrogate

May 5-6—Milligan at Maryville

May 8—U. T. at Knoxville

May 10—Vocational Dept. U. T. at Maryville

May 13—Vocational Dept. U. T. at Knoxville

May 17-18—L. M. U. at Maryville

However, with the coming of the rejuvenated spring-time Wednesday saw a resumption of hostilities and once more the smack of the bat against the ball and the shouts of the scrappy Highland squad. Consequently the team, which plays its first game Monday should be pick-

(Continued on page four)

STRONG LECTURES ARE HEARD BY STUDENTS

"Today And The America For It" Is Subject of Dr. Landrith.

One of the greatest evnts of the school year has been the visit of Dr. Ira Landrith, renowned orator, Chautauqua lecturer, and fighter in the cause of Prohibition and Law Enforcement.

On Thursday morning, Dr. Landrith spoke to the students in Chapel and his address was the chief topic of conversation throughout the day. It was unquestionably the most entertaining and the most highly inspirational chapel address of the year.

Yet, the address delivered by Dr Landrith on Thursday evening almost eclipsed his earlier offering. It was a message of the New America by one of the strongest citizens of that New America. Touching upon many of the vital issues of the day the speaker traced God's hand in American history and eloquently pictured the America of tomorrow bearing the gospel of peace and sobriety to the nations of the world.

The address was a masterful and effective message interspersed throughout by humorous and appropriate stories and stinging attacks upon the liquor traffic.

Dr. Landrith is one of the earliest champions of Prohibition an has repeatedly crossed the continent in the interests of Temperance Reform. At a National Christian Endeavor Convention at Atlantic City he first uttered that slogan which has rung from coast to coast until it has reached its fulfillme "A Salconless Nation by 1920".

Since the forces of Temperance have won their first objective Dr Landrith has bent all of his energies toward the enforcement of the Prohibition Amendment to the Constitution.

Yet, he is not an anaemic crank advocating Blue Law Legislation. A giant in stature, with a booming voice softened by a Southern drawl, he rose to dramatic heights and swayed his audience into full sympathy with his cause.

Dr. Landrith is unquestionably one of the strongest speakers heard here in many years, and his addresses will long be remembered as masterpieces of true American patriotism.

SENIORS PLANNING AS COMMENCEMENT COMES

Cast Selected For Play To Be Presented In June.

The buds and birds of the Gentle Season are stirring the Hill from its Winter lethargy and rumors of the approaching Commencement season are being heard among members of the Class of '22. Class Day committees have been appointed and, as more concrete evidence of the nearness of the Spring function, the cast has been chosen for the Senior Play.

The play presented at the beginning of each Commencement week by the Senior Class is always of a high order of character and presentation. This year the dramatiza-

(Continued on page four)

STUDENTS ELECT NEW EDITOR ON TUESDAY

Eight Nominees Announced By Committee—All Are Capable

The nominees for the position of editor of The Hihland Echo have been announced and the student body will choose the editor at a mass meeting in the Chapel on Tuesday evening. The nominees chosen by the faculty committee are: Misses Mary Robinson, Thelma Adair, Martha Mae Boyer, Ethel DeHaven, and Messrs. R. A. N. Wilson, Jr., Leslie Poe, David King and Clyde Wilson.

Each of these nominees is well-fitted for the task of publishing the Echo and whatever the result of the election may be a good paper is assured for next year.

The position of editor offers no renumeration except credits upon the English course. It is, however, a position which carries with it much responsibility and considerable influence. The duties consist not only of editing the material for the Echo's columns, but also of reading galley proof and of supervising the making up of each page. These duties consume much time and require constant application.

The candidate selected on Tuesday evening will have abundant time for learning his duties since there will yet be nine numbers of the Echo. It is customary for the editor-elect to choose his staff and publish the final number of the Echo.

STEWART CHOSEN TO REPRESENT COLLEGE

Oratorical Preliminary Medal Awarded On Monday Evening.

At the preliminary to the Intercollegiate Oratorical Contest which was held in the Chapel on Monday evening Andrew Stewart was chosen to represent the College at Harrogate. In addition to this honor, Mr. Stewart's victory made him the possessor of the handsome twenty dollar medal presented by the men's literary societies. The winning oration was entitled, "The Might of Right". It was indeed a masterful composition and was delivered in masterful style. Mr. Stewart has a voice of splendid timbre which is admirably suited for oratory and his inflection was especially good.

The program was very enjoyable throughout, consisting of seven orations. Beside Mr. Stewart, the competitors and their subjects were. Robert Baldwin, "Rome's Contribution to American Culture"; Herrick Arnold, "The Road to Industrial Peace"; Henry Cox, "The First American"; Benjamin Huber, "Success'; C. N. Sharp, "The Puritans"; Ralph Armstrong, "The Philippines."

Lost, Strayed, or Stolen: One leather notebook from the bulletin board in front of the library. $5.00 reward for the return of same to C. R. Anderson. No questions will be asked. Contents of notebook valuable to me on account of class notes and other personal property contained therein.

MARYVILLE SCENE OF Y. CABINET COUNCIL

Representatives of East Tenn. Colleges Meet In Helpful Sessions.

The Cabinet Council for East Tennessee met at Maryville this past week. The schools represented were University of Chattanooga, University of Tennessee, Lincoln Memorial University, Tusculum and Maryville. Miss Reed and Miss Riggs, Y. W. C. A. secretaries in the South Central Field were here to help in leading the discussions. Dr. Stevenson and Miss Clemmie Henry also helped with the program and lived up to their reputations for making worth while talks.

The meeting was most successful. Many ideas and much inspiration was gained. Next year the biggest and best associations in the history of these colleges is expected due partly to this Cabinet Council and partly to the spirit of progress which exists on each campus.

The program of the Council was as follows:

Friday

6:30—Supper—Hostess

7:30—"Get Acquainted"—Y. W. Rooms—Thaw Hall

8:00—Opening of Council—

Devotionals, Catherine Wilson, Sr. President, Maryville, Mary Robison, Jr. President, Maryville, leaders

Election of chairman of Council

Introduction of Field Secretaries

8:30—Opening Discussion

SATURDAY

6:30—Sunrise Meeting and breakfast hike. (All delegates meet in front of Pearsons Hall)

8:30—Discussions—Y. W. rooms Thaw Hall.

9:30—Fundamentals, Dr. Stevenson, Thaw Hall.

10:30—Discussions, Y. W. Rooms, Thaw Hall

11:45—Lunch, Mitchell's Drug Store

1:30 to 4:30—Discussions

6:00—Blue Ridge Supper, Home Ec., Science Hall

8:00—Discussions, Y. W. Rooms.

SUNDAY

6:50—Breakfast, Pearsons Hall

9:00—Bible Discussion, Y. W. Rooms, Thaw Hall

10:30—Church (in town)

12:20—Dinner, Pearsons Hall

1:30—Y. W. C. A. Meeting, led by Devotional Chairmen

2:30 to 4:30—Discussions

5:20—Supper, Pearsons Hall

7:00—Vesper Service, Voorhees Chapel

8:00—Final Discussions, Voorhees Chapel.

ATHENIANS PRESENT USUAL GOOD PROGRAM

Miscellaneous Numbers Add Variety To Meeting.

The Athenian program for March 18th consisted of the following numbers:

Current Events - - Floyd Corry

Talk - - - J. Rod Armstrong

Talk - - - - - Charles Ellis

Talk - - - - - David King

Mr. Corry gave an able review of the events of the week. Discussing at length the recent developments of the coal strike situation. Also the prospect of a soldier bonus.

(Continued on page four)

ANCIENT RIVAL IN NEXT DEBATE MEET

Men Meet Tusculum On Strong Question Monday Evening.

For six weeks Maryville's debate teams have been training and training hard for Tusculum, our ancient foe. Already the girls have met the Tusculum Co-Eds and have scored a double victory, and on Monday evening the men engage in like conflict and we're backing them to emerge with like results.

The question for debate is, Resolved: that all revenues of Government, federal, state, and local excepting those arising from tariff should be derived from a single tax on land values. The question is one of interest to those who have followed the deliberations of the National legislators on the matter of changes in the form of taxation. The current problem of the soldier bonus has given rise to wide discussion of the question of revenue and thus taxation has been brought before the public eye. The measure proposed by the question for Monday's debate is not, however, relative to the single tax measure recently proposed by President Harding as a measure of raising funds for the soldier bonus. The measure outlined by the question provides that all revenue for the budget of the federal government and the budgets of all state and local governments shall be derived from one tax levied upon the actual land values of the country. The adoption of the plan would, of course, mean the abolition of all present forms of taxation and a complete change in the tax program.

The affirmative team of Tusculum has prepared a system which they will advance as the solution to the tax problem and the negative team of Maryville is prepared t assail any proposal which they may make. The affirmative team from Tusculum which comes to Maryville is composed of Messrs. Justice, Fraker and Brooks. One of these men, Fraker, debated in Tusculum's Preparatory Department for two years and then came to Maryville, making our Prep team last year. He is now a freshman at Tusculum.

Maryville's negative team is composed of: Sam Franklin, Captain, William Magill, Eugene Stanbery, and Robert Baldwin, alternate. These men are strong speakers and, in spite of the seeming inequality of the question, Monday's affai will call for the very best they have. The debate bids fair to be the hardest of the season.

On the same evening Maryville's affirmative team will debate the same question at Tusculum. This team is composed of C. N. Sharp, Captain, Verton Queener, Andrew Stewart, and R. S. Buffat, alternate. In view of the fact that the measure advocated by the affirmative is somewhat radical these men are expecting some stiff opposition.

A double victory in this contest will practically assure a completely successful season. In the two debates which have already past Maryville has won both side of each question. Such a record is indeed noteworthy and an entire season of such victories would lift Maryville quite above the class of her opponents.

ATHENIANS PRESENT USUAL GOOD PROGRAM

(Continued from page one)

Mr. Armstrong in a well prepared and effectively given address discussed Achievements with an humorous introduction he showed how our dress is limited by fashion, convention and decree. Then taking up the serious subject of our achievements he showed how they are limited by motives such as revenge, glory, fame, and our willingness to work.

Mr. Ellis, our well known Physics assistant, gave an address on the Value of Physics. In his talk he brought out the fect that this fundamental science is of great value because it is the basis of the profession of Medicine, Astronomy, and Engineering both Mechanical, Civil and Electrical.

Mr. King had for a topic "United We Stand". And gave as a plea a get-together spirit for the success of the literary work.

The next program is scheduled to be a joint meeting with the Junior Athenians. You can not afford to miss the rare literary program in store for you at that meeting.

ANCIENT RIVAL IN NEXT DEBATE MEET

(Continued from page one)

Both teams are confident of victory in the coming debate. We believe that we're going to win and its our duty to support our team by our presence Monday evening.

HIKE PARTY COVERS TOO MUCH TERRITORY

(Continued from page two)

by guides. We would have been in a tragic plight if our friends in the cabin had not permitted us to thaw out by their log heap in the same room with the dog and goat.

After every body had dried themselves we ate the last piece of bacon, all but a half loaf of bread, and can of soup. Here instead of being in Elkmont on schedule time we found ourselves on Proctor's creek six miles into the interior of North Carolina. A mule was secured to take the lamed person and we started on with revived courage. But the mule refused to go and Brownie and Miss Georgi were compelled to return leaving the mountain guide to take the remaining party over the mountain. We were two hours and a half regaining the right trail. The descent was hard but the ascent was harder for the snow was heavier which made tramping difficult. It was an exhausted bunch that puffed into Tennessee and the last piece of bread and one teaspoon of soup tasted good and gave us energy to proceed. The terrible agony of leaving one of the members or carrying one struck us cold but the soup and bread revived the pulse and we were able to go eight miles more this time without the mountain lad, trusting to direction and blazes on the trees. The anxiety of being lost in the snow over night is not a pleasant nightmare. As we ate chicken and dumplings in Elkmont Hotel on Tuesday all the hardships melted into oblivion as each one brought up a funny experience. When all boarded the train we weary happy except for the two absent ones—we thought they were on their way to Maryville by way of Asheville and Knoxville which was the nearest way home. But what a "Halleuliah chorus" sounded when in walked the lame and guide. A man in the valley brought them across the mountain. We are all back in school able to go on with our work. If you don't believe all this rigamarole I refer you to the following to prove it:

Cheif Guide - - Forrest Brown
Assistant Guide - Senor Arellano
Assistant Guide - - Horace Knave
Associate Guide - - Mildred Lowe
"Puffs" - - Susan Allen Green
"Jenny" - - - - Alma Georgi
"Ramps" - - Francis Kinsler
"Henny" - - - Mary Ridgeway
"Up Jenks" - - - John Jenkins
Chef - - - - - Vivian Rochester
Chef - - - Stella Love McCall

We represented ten different states from Massachusetts to Mexico; others not mentioned above did not go by way of N. C. and Elkmont who are worthy members of "Sardine Club" are Warren Warmen, Douglas Andrews, Harvey Griggs, Barney Blickensderfer, Harold Robinson.

PALACE PROGRAM

FRIDAY, MARCH 24TH.

"BACK PAY" . also "Sunless Sunday" comedy.

SATURDAY, MARCH 25TH.

Johnny Hines in "BURN 'EM UP BARNES". Also "White Horseman".

MONDAY, MARCH 27TH.

Norma Talmadge in "LOVE'S REDEMPTION". Also 'Kinograms'.

TUESDAY, MARCH 28TH.

Special "I ACCUSE". Also Duck Hunter Comecy.

WEDNESDAY, MARCH 29TH.

Bebe Daniels in "A GAME CHICKEN". Also "The Milk Route".

THURSDAY, MARCH 30TH.

"THREE LIVE GHOSTS", also Sport Pictorial".

SENIORS PLANNING AS COMMENCEMENT COMES

(Continued from page one)

tion of the popular story "Slippy McGee" has been selected for presentation.

The story is one of appealing plot abounding with dramatic situations. It follows the transformation of a criminal into an upright man, by his yielding to the strong influence of a kindly and devout priest.

The cast chosen for the play is as follows:

Chad McClure - - - Slippy McGee
C. N. Sharp - - Father De Rance
Bernice West - - Mary Virginia
Effie Erickson - - - - - Betty
BZernice Jones - Madame De Rance
Reed Rowan - - - - - Hunter
Virginia Nicely - Miss Sally Ruth
Burney Acton - - - - Lawrence
Eddie McLane - - - - Inglesby
Fount Robinson - - The Colonel
Ruth Quinn - - - - - - Clelie
LeRoy Herndon - Dr. Westmoreland

Maryville College
1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to th Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Trainin 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, a the discipline is careful. The students' spiritual welfare is the first co cern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

SHORT SPAZZUMS

WE NEED A TROPHY ROOM

For over a century Maryville has been the Alma Mater of men. For over two generations Maryville athletes have triumphed on fields both here, and elsewhere. And yet we face our one hundred fourth year with no sign of a Trophy Room.

This is an error on our part. Other schools, whose heritage, both historically and athletically is not redolent with the pleasant perfume of success as is ours have trophy rooms where they keep the prized remembrances of their victorious teams. We too should have a Trophy Room. A place where proud graduates and boastful undergraduates may point with pride to the battered tokens of our victories. There we may keep our Footballs, Basketballs, Cups, and Medals. There we can hold our football banquets, and the like. There can be the headquarters, the sanctum of our teams. Truly it is a great thing let's push it.

WHAT DO YOU THINK OF THIS

Lately there has been some talk of a graduate management of our sports. There has also been some controversey over the matter which has backers and opponents among the members of both members of the Alumni and the student body.

The facts are unquestioned that the playing manager is over worked and that a student manager, though much better than a playing manager, has not the authority which a graduate manager has. On the other hand the graduate manager would be more expensive and a heavier drain on our now rather labored finances.

Consequently think it over and oblige the Echo by giving one of these signed ballots to either "Brick" Armstrong, Mary Robison, or Elizabeth McFerrin before Monday noon.

I am in favor of:

I. The Present System of Sport Management

II. Student Managers for all Sports

III. A Graduate Manager

Put a cross opposite the one you prefer.

TRACK COMING ALONG

Bang! ! !

As the monkey said when he backed against the lawnmower 'They're Off". Every day last week saw more trunk clad athletes loping around the gridiron, training for track. Quite a few have been out and Coach believes that Maryville has on the Hill the makings of a splendid track team and consequently he is straining every nerve to get them in shape to be part of the best track season Maryville has ever had. Two meets are already in the offing. One with Knoxville High and one with U. T. Both are to come in April and so work is necessary at once if not sooner. The bunch is not yet closed to entrants however, so any of you fellows who think you are fast turnout for Track.

Carson-Newman meets U. T. in the first scrap of the National Pastime on the former's home grounds Saturday. Coach Banks of Tennessee will take 20 or 25 men and he intends to use 'em all. Whether he expects casualties or not he didn't say. Maryvillians say, with the North Carolina mountaineer who sat on the roof of his cabin watching his wife fight a black bear below, "this is the first fight I ever seed when I didn't keer a durn which side whipped."

Coach Banks of Tennessee has the prospects for the 1922 Grid season out hitting the tackling dummy in Spring practice. Atta boy, Coach! The early bird gets the proverbial worm but Maryville's no longer a worm. The process of turning gave U. T. a bad case of indigestion last Fall.

Y. MEET APRIL FIFTEENTH

Hear this ye speedsters. Throng around and listen. On the fifteenth of April Forrest Brown's own Y. M. C. A., under the able leadership of "Peegee" Rice, The All American Strawberry Blond; is intending to confer neat bronze medals on those sons of Mercury who succeed in excelling their competitors in the events of the day. This is going to be one more track meet. Everybody will be there, even those who do not compete and a good time will be had by all.

Not only will speed be demonstrated in the 100, 220, and 440 yard dashes but there will also be a half mile, mile and two mile run which will allow the sturdy as well as the swift to try a hand. Then too, several boys will do some hurdling, at 120 and 220 yards while others will be permitted to throw things like shots, disci and javelin. Also the usual broad and high will be introduced as means of amusing the populace while some insinuate that ice cream cones will be purchaseable.

Come and Bring the Family!

U. T. ATHLETICS

Just look what they are doing at U. T. Wouldn't it make you snort? Here fundamentals under the tutelage of Banks, Hobt, and that sterling patrol Et Alibi. Also they have a coming track team we see, Davis, McAnulty and Avery being the chief subjects of mention in the Half, Jumps and 440 respectively.

However, the pride and joy of the Banks Bunch seems to be the baseball team with a pitching staff which some declare a good one. However, our plea is to be shown for we are counting on our bunch to add to the Bank's ills and to prove that his ills are not ills but maladies. In fact, we hope U. T. has a strong baseball team. We hate to beat her too badly.

Food Traditions.

Just as in England turkey and plum puddings and ices are supposed to suggest a festive occasion, so in America turkey and chicken and ice cream are festive dishes. The difference is that turkey and chicken are more festive than in England, while ice cream is less so. For gala occasions the ice cream sundae and other varieties, such as the "parfait," the peach Melba, and so on, are forthcoming. But while they are the stock festival dishes, they are taken very much for granted. Turkey, on the other hand, meets with a vast amount of appreciation; while chicken would be a state dish were it not used so often. Americans love a chicken, and they have subtle distinctions of white and dark meat and "second joints," which are different, but correspond to, the wing and the breast of the British chicken. These are, so to speak, standard foods, and there is associated with them a sort of tradition which, as in the case of any special food, can be counted upon to make them taste as they should.

"Acoustical Mirage."

Prof. W. J. Humphreys, an eminent physicist, describes a curious phenomenon which he calls an "acoustical mirage," sounds uttered at a distance on the surface of the earth seeming to come from high in the air. Such an uplifting of sound (corresponding to the uplifting of a landscape by a visual mirage) may occur when a stratum of warm air at the surface is overlaid by cooled air. The sound travels faster at the top, and so appears to come from aloft. A balloonist can often hear the earth-echo of his own voice when he cannot, by shouting, gain the attention of people standing on the ground below him. It is because he—at an altitude of 1,500 feet, perhaps—is in a region of silence, whereas they are immersed in a flood of sound.

EXCHANGE

Mary had a little lamb
You've heard this oft before,
But did you know she passed the plate
And had a little more?

Ma'mselle, Senorita and Miss
Were asked by their beaux for a kiss.
Ma'mselle answered "Oui",
Senorita said, "Si",
But the Miss replied (bingo).
"Take this!"

There was a young man who ate fish
(For that was his favorite dish)
And he drank with his food,
As he said it was good
For the fish to have some place to swish.

Voice: "Hello! is this the Weather Bureau?"

"Uh, huh."

Voice: "How about a shower this afternoon?"

"I dunno. If you need one, take it." —Virginia Reel.

Offended Lady—That shopkeeper insulted me. He said he kept everything in his shop I could think of.

Policeman—Well, wher is the insult, ma'am?

Offended Lady—When I looked in his shop it was empty.

We are sure to get the better of Fortune if we do but grapple with her.—Seneca.

Origin of Famous Phrase.

A celebrity who is feted and adored by society at the zenith of his success is the lion of the season. To get at the origin of this expression one must hark back to the old days before London had its now celebrated Zoological gardens, and when a small menagerie formed one of the attractions of the Tower of London. Among its exhibits was a famous lion, and when the countrymen, immediately after harvest time, would make their annual trip to the capital, they never failed to visit the lion's cage before they took in any of the other sights. Flippant Londoners soon came to connect the beast with these fall visitors from the provinces, and that time of the year became known as the "lion season." Later, the meaning was broadened to apply not only to the time but to the animal itself.

Unconscious Rebuke.

An English duchess had been owing her milliner a long time. The money was sorely needed, and after the bill had been repeatedly ignored, the milliner finally sent her little daughter to collect it. "Be sure to say 'Your Grace' to the duchess," said the anxious mother, and the child gravely promised to remember. When, after long waiting, she was ushered into the presence of the duchess, the little girl made a low courtesy, and then, folding her hands and closing her eyes, she said softly, "For what I am about to receive, may the Lord make me truly thankful." The quick-witted duchess flushed as her eyes rested on the wistful child who so unconsciously had rebuked her, and without delay made out a check for the amount due to the milliner.—Outlook.

"Columbarium."

The name arose from a fancied resemblance to a dove-cote in the rows of niches in the walls of sepulchral chambers in Roman burial places, intended to receive the little urns or sarcophagi of marble or terra cotta containing the ashes of the deceased; and finally to the chamber itself. Tombs of this description were chiefly used by the poorer classes who could not afford separate tombs, and were erected by great families for their slaves or dependents, or by funeral associations or corporations under the empire. Several perfect examples have been found near Rome, among them those of the Vigna Codini at the Licinian Gardens. Others exist at Naples and elsewhere in Italy. The "ustrina" or places for incinerating the bodies were attached to the columbaria. In recent time the term "columbarium" has been applied to the room or hall connected with the crematory and provided with niches for cinerary urns.

Death Valley Once Bed of Lake.

In support of the view that Death valley in California was formerly the bed of a lake, is the discovery of traces of an ancient water line running along the flanks of the inclosing mountains at a height of 600 feet. The bottom of the valley is 200 feet below sea level. The winds from the Pacific cross four ranges of mountains before reaching the valley, and by that time they have been drained of their last drop of moisture. It is said that no spot on earth surpasses Death valley in aridity or Tophet-like heat. The lake that once filled it is believed to have been fed by a river which has now also vanished. The borax deposits of Death valley are commercially important, but labor is all but impossible in a place where to be without water for a single hour in summer means death.

Patronize Those Who Advertise, They Make The Paper Possible.

As the time approaches for action upon the nominations made for the next editorship of The Highland Echo we are constrained to say what our predecessor said, and what our successor will, no doubt, say one year hence.

Needless to say, each student should carefully consider his selection and should be governed solely by his opinion of the candidates' individual abilities. In years past this election has resolved itself into a society affair with the four literary societies aligning themselves behind certain candidates. This system cannot, of course be abolished, nor, indeed, should it be abolished. Yet, in many instances it is the cause of individuals casting their votes with their societies and against their own judgement in the matter. The election of the editor of the Echo is far too important a matter to thus be governed by society spirit. Upon that choice may hinge the reputation of the College since the College paper is a potent factor in determining the opinion of a stranger concerning the institution. Realizing that we have fallen short of our best we utter this word of caution that the paper may maintain higher standards next year.

There is much comment upon the fact that some of the nominees are members of the alleged weaker sex. Some are of the opinion that the position could not be filled by a young lady. This idea is very erroneus. Many students recall a year when a young lady served in the capacity of editor and did it remarkably well. The only difficulty which could arise would be that of the actual press-room work and this difficulty would not be an obstacle in the way of the election of a young lady.

Regardless of the sex, of the editor, we say, without fear of contradiction that the credits given by the editorship are by far the most strenuously earned credits obtainable. Not only do they require expenditure of enrgey, but they also call for a remarkable large number of "cuts" in other classes, and an ability to take an equally large number of criticisms and unfair comments.

Yet, withal, it's valuable, and is worth every bit of its cost.

About the most appropriate injunction which occurs to us is that common campus classic: "Let your conscience be your guide."

"She was as pure and as white as snow."

"Yes, but she drifted."

MICHEL—DAWSON

Greystone Presbyterian church, South Knoxville, was the scene on Tuesday evening of a very beautiful wedding, the contracting parties being Miss Edna Elizabeth Dawson, daughter of Rev. Dr. and Mrs. William Robert Dawson and Rev. Mr. Carl Theodore Michel of Harlan Ky.

The bride's father, who is the beloved pastor of Greystone church acted as the officiating minister, assisted by Rev. Mr. Cheek of Louisville, Ky., a special friend of the groom.

For the bridal occasion the church was very effectively decorated in the nuptial color scheme of white and green. The altar was banked with magnolias and ferns combined with fronds of Easter lilies. Tall branching Roman candelebra burning white wax tapers rose from the greenery.

Mrs. W. T. Michel and Miss Michel, mother and sister of the bridegrcom were among the guests from Louisville.

Mr Fred Michel of Chicago; Mr. and Mrs. Samuel Nance, of Asheville, N. C.; Mr. John Elmore, of Asheville, N. C.; Mrs. L. A. Hunt, of Madisonville; Rev. Dr. E. A. Elmore, of Chattanooga, maternal uncle of the bride were also present to witness the nuptials. The party of guests from Harlan, Ky., came to Knoxville in a special car.

The nuptial musical program was a very pretty feature of the wedding ceremony.

Miss Harriet Gregg, of Maryville assisted by Mr. Alvin Keene, of Maryville College, as violinist rendered the nuptial music. A group of songs were given by Mr. Roy Anderson, cousin of the bride.

The bride selected as her maid of honor her sister, Miss Elsie Dawson and the bridesmaids were Misses Winifred Turner and Faye Wrinkle of Knoxville, and Miss Grace Elmore of New Market.

Two attractive little maidens, Misses Alsie Young, daughter of Dr. and Mrs. Frank Leroy Young, and Mildred Stone, daughter of Mr. and Mrs. Kenneth Stone, were the flower girls and the ring was carried by Ferris Thomas, son of Mr. and Mrs. Bruce L. Thomas.

Pink and blue organdy dresses were worn by the flower girls who carried tiny bouquets of sweet peas. The ring bearer dressed in white satin, carried the ring in the heart of a lily.

The maid-of-honor was gowned in Rose of Sharon satin with garniture of silver lace. Her flowers were the Ophelia roses.

Miss Winifred Turner wore a gown of green satin and gold lace; Miss Faye Wrinkle, blue satin brocaded in silver, and Miss Elmore, yellow satin with trimmings of silver.

The three bridesmaids bore arm bouquets of pink roses.

Mr. Charles Dawson gave his sister in marriage. The bride wore a full bridal costume with flowing white tulle veil held with a coronet of orange blossoms, the bride's robes were of moleskin satin crepe trimmed in Princess lace. Her bridal bouquet was a shower of bride's roses, lilies of the valley and orchids.

Following the marriage ceremony and a reception at the home of the bride's parents for the wedding party the happy couple left for a honeymoon trip before going to Harlan, Kentucky, where they are to reside in the future.

The bride is the daughter of Rev. Dr. William Robert Dawson, pastor of the Greystone Presbyterian Church, and Mrs. Elizabeth Elmore Dawson.

Mrs. Michel received her B. A degree from Maryville college and is also a graduate of the Cincinnati Conservatory of Music.

Rev. Mr. Michel received his B. A. degree from Centre College, Kentucky, being a graduate of Louisville Theological Seminary, and studied in Union Seminary, New York.

Mr. Michel is an accomplished singer, having studied voice in New York and also abroad. Last spring the bride and groom were heard in a recital at the Graystone Presbyterian church, where the acquaintanceship thus formed ripened into the romance that so happily ended in their wedding last Tuesday night.

—Jorunal & Tribune.

PERSONALS

Misses Jewel Stevens and Bernice West assisted in a recital at Calderwood, Friday night, March 15th. They were entertained for the week-end by Misses Lucile and Jence Campbell.

Miss Alberta Frow and Miss Mary McSpadden gave several readings at Eusebia Saturday night March 16th.

Miss Mildred Kimble and Miss Kate Belcher will assist in a recital at Vose Friday night, March 24th.

Miss Sidna Sherrod had a guest from U. T. over the past week-end.

Miss Peg Huston was a visitor on the Hill Friday and Saturday.

Miss Geraldine Odell spent the past few days in Bessemer, Ala., at her home.

Miss Leila McRee has been forced to leave school on account of illness. It is to be hoped that she will return though it is doubtful.

Miss Lorena Mansfield visited home folks in Chattanooga recently.

Miss Susan Carson had as her guests at home Miss Rena Mae Anderson and Miss Mary Margaret Isenberg.

Misses Louise Sheddan and Mary McSpadden were called away for a few days on account of the death of Mrs. David Yearout's small son. Mrs. Yearout is a cousin to the girls.

LOST—A gold Evershap pencil with initials S. M. H. Finder please return to the College office.

Owen Henderson was a week-end visitor at the home of C. N. Sharp in Knoxville.

George Pugh, '20 attended the Dawson-Michel nuptials in Knoxville Tuesday evening. He visited friends on the Hill Tuesday. Mr. Pugh is a railroad official at Asheville, N. C

EXCHANGES

Among the wild movements o foot we have the new dances.

Jack Brokely—I told your father I loved you more than any girl I ever met.

She—And what did papa say?

Jack—He advised me to try and meet some more girls.

Are you doing anything for that itching?

Prof. Peery: "What is a cocoon?'

Sherlock: "That's a butterfly' papoose."

Flipper: I passed by your house last night.

Flapper: Thanx. (Jester)

U.—What is the technical name for snoring?

C.—Sheet music.

Dr. Schumaker, in Spanish 1—"Good teachers are mighty hard to find these days."

Hite: "It certainly seems so, Dr."

Result: 20 per cent off Hite's grade!

Jim: "Did you say this hair restorer is very good?"

Jam: "Yes, sir; I took the cork out of a bottle of the stuff with my teeth and had a mustache the next day."

—Tiger

THE LAW CLUB

The Athenian Hall was converted into a place of amusement and learning last Wednesday evening, for a short hour. The program was one of the best, if not the best, rendered during this season of the the club's existence. We wish to commend the program secretary on the numbers selected and we also wish to congratulate the individuals who took part, on the quality of the program rendered.

Charles R. Black gave a very interesting and valuable discourse on the Anglo-French Alliance which caused a question to be raised regarding the Four-Power Treaty and its relation to the Anglo-French Alliance. Such discussions are exceedingly valuable and are worth the time for discussion. James Hardin gave an interestng account of the life and work of James Brice. Walter Buchanan explained the laws governing hotel and inn keepers. He also pointed out the difference between the inn or hotel and the boarding house.

Our new president, Mr. Cornelius made an interesting and valuable talk on choosing a career. This was made, we presume, as an inaugura address, and every thing that was said fit the occasion. He blazed the trail by which one can seek his career.

H. C. C.

SPEAK!

a la William Wordsworth

"Speak! though the heart with sorrow break,
Though each sweet sound my life-breath take,
Speak! for the sake of days that were
Sweet-scented lilies in the field of Time;
Tense moments in the twilight spent
Like sunset colors widely spread;
A running fire, burning with desire
And radiant love that bids us to aspire;
Bound toward one goal, our souls so intermingled
That Jove himself might them have choicely singled
To bring together in a perfect union.
Speak, ere we part—one word—which I shall drink
As golden wine mixed in a golden cup"—
At last he spoke: "For pity's sake shut up."

TO THE LAUNDRY

Here's to the laundry
That washes our clothes,
They exchange our sheets
And mangle our hose.
They've paved their floor
With the buttons from shirts,
And they iron our collars
By a system of jerks.
They shrink winter woolens
Clear up to your knees
And send back a pin
In your B. V. D.'s
Stamp ink on the front
Of your shirt of silk
And make Turkish towels
Like a Scottish kilt.

I send down a tie
In my name McDowell,
And they send it back
To a bird named Howell.
One day from my bag
A garment I drew,
The blamed thing was silk
And a delicate blue;
A Prof at that moment
Chanced to look in my door,
Says he to himself,
I'll even a score.

Yes, we'll drink to the laundry,
Now hear me talk;
May they always go 'round
With holes in their socks,
No buttons on shirts,
No crease in their pants;
May their garters break
When they go to a dance.
I think more than this,
But I've said all I can,
I long for revenge
On the dear laundry man.

—The R. M. A. Sabre.

HIKE PARTY COVERS TOO MUCH TERRITORY

Thunderhead, Elkmont, North Carolina Touched In Long Jaunt.

Fellow students and faculty if you have an interest in hiking you should have taken "a 'smoke' on Smokies" with the bunch that went this past week-end. Each step was a thrill from top to bottom, east, to west, north to south. We experienced every mounain top view possible with the exception of bears and moonshiners. Once we thought we saw a bear and the ladies prepared to run while our brave hero armed himself with a small stick to defend us. We discovered it was only a loose tree trunk on top of a rock cliff.

When we left Maryville one coat was uncomfortable but by the time we reached Elkmont three would not have been too much. The first day on the march was almost like Summer to our back and feet as we climbed the mountain but more like Spring, indicated by the green grass along the way and the warm water we waded. But cold March wind as we crawled on our hands and knees over "Thunder Head" made us realize that Spring was still to be. Cold sleeting rain, took the place of the valley Springtime which gave way to snow. But it was always adelante, sempre, adelante on the morning of third day, bleak December appeared and the snow made hiking hard. As we tramped over snow-capped peaks, through snow-covered rhododendron trails, among lacey spruces covered with the same white mantles every member of the party was "happy".

As the weather was varied so varied were our lodging places. The first night was spent in the once sweet hay with noisy animals beneath us—and Mary thinks that a live hen makes the best pillow. The second night we rested on "Thunder Head" in Spence's cabin before an open fire with spruce pine and rhododendron leaves on the floor for a bed. Sunday night we reached Hall's cabin which was supplied with convenient double decker beds with real springs which felt like cheese graters with only wet blankets to cover them, we tore stones from the chimney to wrap for heating the blankets which were damp from the evening's tramp in the rain. The fourth night we shared the hospitality of a typical mountain ranger's cabin at the foot of the mountain leading to Elkmont. By typical I mean a small house with large family and yet they gave their very best to eleven cold stragglers, for by this time some of the original fifteen had returned to Maryville, others had stopped over with our friends in North Carolina whom I must tell you about

Are you wondering why N. C. is included in the triangle? You know, that finding trails in the snow is a hard task and in a strangle place the tasks are even more difficult. The whole gang can not praise our guide enough for the excellent leadership he manifested with patience and long suffering. Because of the heavy fog which hung close to the mountain at 6:30 a. m. and because of the dimmed outline trails the way was so obliterated that our competent guide could not discriminate the right way. Instead of going toward Elkmont through the snow covered rhododendron path we stumbled over a stretch of ranges in the opposite direction. The mist cleared for a second which permitted us to gaze into a valley below that seemed to be our haven. With the cabin as our aim we made double quick time down the steep mountainside through dense bramble bushes, over fallen trees, knee deep in wet cold mud. It was down this new trail our band experienced the first injury. Miss Georgi stepped on a stick which rolled and sprained an ankle, but she was able to hop along to the valley assisted

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE MARCH 30, 1922 | NUMBER TWENTY-TWO

MONDAY EVENING'S DEBATE RESULTS IN AN EVEN BREAK

NEGATIVE TEAM WINS IN HOME BOUT WITH TUSCULUM—AFFIRMATIVE DROPS FIRST AT GREENEVILLE.

The Single Tax is a dead issue. Monday night's events did it to death, for both negative teams in the dual debate between Maryville and Tusculum won the decision against affirmative teams who gallantly championed the Henry George proposition.

A handful of debate enthusiasts and a few moonshiners gathered in the chapel for the Maryville end of this dual negagement. If our athletic teams got no more backing from the student body in general than do the debate teams, how long do you suppose the athletes would stand for it? We are not complaining that the athletes get too much support, but that the debaters do not get enough. Ask any man who has ever put in the time required for the preparation of an intercollegiate debate at Maryville, if it is easy; and nine times out of ten the answer will be an emphatic negative. Look over the list of our debaters for this year. Every one of them is a public spirited and college spirited member of the student group, working as a debater, not primarily for his own glory and gain, but for the honor of the College; and yet when a debate team goes away to the gruelling experience of debate on the enemy's floor, no one,—almost no one,—goes to the train to give them a send-off and only a few,—a very few,—come out to support the home team. At Tusculum they support the teams,—but why go on!

As we were saying, a handful of debate enthusiasts and a few moonshiners gathered in the chapel on Monday night for the debate with Tusculum. The Tusculum team was one of the best teams that college has ever sent to Maryville. Mr. Justis, the captain of the team, is an able debater with a most pleasing platform manner and an earnestness and poise that commands respect and attention. Mr. Brooks is small but mighty. He has a convincing manner and his rebuttal speech was one of the outstanding features of the visitors' work. Mr. Fraker is a familiar sight to a Maryville audience, for he was here two years ago as a member of Tusculum's preparatory team, and last year he was a member of our preparatory team. He is a clear tihnker and a persuasive speaker who convinces and wins his audience. The entire work of this team was splendidly managed.

The big feature of the work of the home team was the smoothness and exactness of the team work,—the uniformity of the entire performance. This high-class work was started by William Magill in the first negative speech. Magill is a Senior, and it was as if he realized that he was, for the first and last time, debating for his college and was putting into the one performance all the potential fight and power of a full four year's debate career. Who will forget, who heard the debate, Magill's characteristic one-finger gesture which pointed home one point after another of his masterful constructive speech.

Gene Stanbery in his turn filled twelve minutes full to overflowing with argument after argument of destruction to the advocates of single taxation. Gene is a lion. He goes into argument fearless as a lion and emerges marked by battle, his mane awry, but still a lion in victory. Did you hear that rebuttal speech? No? Then you missed one of the opportunities of college life. Nothing will happen all this spring on Alumni Field that will so thrill

DAVID KING CHOSEN FOR NEXT EDITORSHIP

Student Election Gives Majority Over Capable Field of Candidates.

Upon the second ballot cast in Wednesday evening's election. David King, '24 was elected to the editorship of The Highland Echo for the year of 1922-1923. Mr. King, a member of the Sophomore Class and Athenian Literary Society, is very popular among the students and ranks high in class work and various forms of campus activity. For two years he has been a member of College debate teams and has been prominent in the work of the Literary Societies, having served Athenian in the capacity of editor for some time. Mr. King has the unique distinction of being the first Junior to be chosen for the editorship.

The majority by which Mr. King was chosen was very narrow, the votes cast in his favor being 135 while 133 were required to give him the majority of all the votes cast. His nearest competitor was Leslie Poe, who received 90 votes on the second ballot.

The first ballot failed to provide the necessary majority, being scattered over a field of six candidates. The highest number of votes given to one candidate in the first ballot was 89, given to King. Poe received 86. Considerable enthusiasm was shown in the voting attesting the fact that both of the leading candidates were popular and were considered capable of successfully discharging the duties attendant upon the office.

Much responsibility is placed upon the editor of the Echo and his is the power to elevate or to lower the standards of the paper and, in fact, of the whole school. However, there seems to be a general feeling of satisfaction concerning Wdenesday's choice. Mr. King is capable and he possesses the virtue of constant and thorough application to whatever task may be his to perform.

The recompense for the duties of the editor consists of three English credits. This return is very small in consideration of the strenuous nature of the duties and the amount of time which they consume. Yet, the credits are augmented by the trust vested in the editor by the student body and by the privilege of serving Alma Mater in a very material way.

The student body can render the editor's task easier by whole-hearted support. In addition, by cooperation the publication may be made truly representative of all the interests of the school and not of one society or one clique.

RESOLUTIONS

WHEREAS, God in His mercy and wisdom, has called to Himself the brother of our classmate, Lina Hodges,

Be it Resolved: That the members of the Junior Class extend heartfelt sympathy to its bereaved classmate in her great sorrow;

And be it further Resolved: That a copy of this resolution be read in chapel, that a copy be printed in The Highland Echo, and that a copy be sent to Miss Hodges.

Signed

Reva Rankin,
Agnes Lewis,
Geraldine Odell,

HIGHLANDERS TAKE OPENER AND PREPARE FOR THE SEASON

CENTRAL HIGH DEFEATED BY 18-1 MARGIN IN PRACTICE GAME—McLANE STARS IN BOX WITH UNIQUE STYLE OF DELIVERY.

McLane Pitches Team to 18-1 Win.

Monday afternoon, on a fast field, before a fair sized crowd, Coach Honaker's Fighting Highlanders took the initial fracas of the baseball season 18-1. The game, while by no means close, was fairly speedy and was won in a handy manner from the initial go by the Highlanders.

Though the game was featured by the united play of the infield, which played errorless ball throughout the game the pitching staff also showed up well. In fact one of the game's most remarkable features was the performance of "Jack" Mathes, the Middle Tennessee Towhead. Twirler who fanned every man who faced him but one in the two innings he was on the mound. Gray also did well, as did Wyncoop our only south paw but no doubt the honor for the victory should go to McLane, who, pitching his first college game, displayed the most marvelous form which has been seen on the Hill since the days of the Deluge. Never was such a delivery witnessed by local fans. His uncanny judgement, his bewildering slants, his utter refusal to accept any help from his infield, truly we prophesy a great future for McLane on the mound.

The game by Innings reads:

First Inning

C. H. S.

Hutsell struck out so did Calloway Charles popped to Ruble. No runs. No Hits. No Errors.

M. C.

Sneed walked, went to second on McLane's bunt and was safe when Johnson played gopher catching the ball. Partee foozled. Acton was out. Paylor to Parks. Williams walked and a hit and run play, opened by Rhuble's smash through Newman, scored Sneed and McLane. McCall was out. Johnson to Parks.

Two Runs. No Hits. Two Errors.

Second Inning

C. H. S.

Johnson grounded out, Partee to Ruble, McLane caught pop-ups on both Newman and Paylor.

No Runs. No Hits. No Errors.

M. C.

Mathes hit to Short Center but died when Gray hit into a double play which County failed to complete. Gray safe at first. Sneed flied to Charles. McLane walked. Partee flied to Woods.

No Runs. One Hit. No Errors.

Third Inning

C. H. S.

Oliver grounded out. Partee to Ruble, Parks ditto. McLane to Ruble, Woods lofted to McLane.

M. C.

Acton walked, Williams beat out a bunt and Johnson lost his head when Ruble snoozed an easy one his way. Every body safe. McCall hit to right. Back and Burney scored. Gray hit over Short. McCall and Mathes scoring. Sneed walked, McLane sacrificed and Sneed and Gray scored when Park played marbles with Partee's bunt. Acton flied to Charles while Williams smashed a double to deep center, scoring Partee. Ruble lofted to Johnson.

Eight Runs, Four Hits, Three Errors.

Fourth Inning

C. H. S.

Mathes pitching for Maryville. Hutsell, Calloway and Charles whiffed. No Runs. No. Hits. No Errors.

M. C.

GLEE CLUB RETURNS FROM FIRST TOUR

Programs Well Received In Number of East Tenn. Towns

In its annual concert tour the College Glee Club gave concerts in the schools of Cleveland, Athens, Lenoir City, Harriman, and Kingston. The program is of the same excellency as those of former years, and as all Maryville programs are. In almost every case each number was hartily encored. Every audience appreciated its varied but well balanced program.

Several members indulged in their favorite pastime,—moonshine— but, for fear some of their better halves, especially of the nearly-weds would not relish the knowledge their names need not be mentioned.

Each morning the quartette, Mr. Keene, Miss Gregg and Prof. McClure held chapel exercises in the schools of the cities. Mr. Keene rendered pleasing solos on his violin. Prof. McClure in stately recitations then addressed them and left them with tears in their eyes, and with a mental picture which they will never forget. After him the quartette all indulged in a chorus.

Much credit is due Miss Gregg and Mrs. McMurray for the success of the program. With incessant efforts Miss Gregg taught us to sing. Mrs. McMurray made possible our tragic cantata, "The Grasshopper" by designing and manufacturing appropriate costumes for a class of population never assembld before except on the stage of Italian opera for choral purposes! King, queen, attendants, a colony of black bugs, grasshoppers, herald, turkey gobbler (villan) and the Rev. Bumblebee.

Besides the club ensemble there were vocal solos by Messrs. Keene and Buchanan; cornet solos by Mr. Bannister; readings by Prof. McClure; an instrumental quartette; and the college men's quartette.

In each city the graduates and former students of Maryville expressed their love for old Alma Mater by rising when "Old Maryville" was sung. We hope that in the future this will be the custom everywhere.

The club will give a concert at Park City High School on April the thirteenth, and will appear in Voorhees Chapel on May-day night. Let us all boost the best Glee Club in Tennessee and attend the best program of the year or of any former year.

R.L.K.

FAMOUS SINGERS COME TO MARYVILLE SOON

Fisk Jubilee Party To Be Heard in Concert On April 10th.

The Y. M. C. A. has at last signed the contract for the Fisk Jubilee Singers for Monday night, April 10th. The proposed date of the 28th had to be changed due to an emergency call from the Vice President and other officials in Washington who had arranged some concerts for the Singers there. They are coming directly back to fill their engagement at Maryville.

The Fisk Jubilee Singers are the most popular and best known company of negro talent in the world. Their repertoire of negro spirituals and folks songs is simply wonderful. The melody is unexcelled. Tetrazzini said of their singing, "I did not know there was such music". In Charlotte, N. C., recently, the Singers gave their program before an audience of 5700, the largest audience ever assembled in their auditorium, except for Caruso. Mr. J. C. Jell, Manager of the recording department of the Columbia Graphapone Company said when asked for an endorsement, "Write any endorsement you please and sign it with my name. You can't be too extravagant with your expressoin. I never heard anything equal to this."

Indications are that there will be a full house, and that all seats will be sold in advance. In order that the students may be familiar with what is coming, the Y. M. C. A. has arranged with Mr. Acuff of the Acuff Furniture and Music Company to give a brief concert in chapel on Friday morning of this week with some of the best known Fisk records. Tickets will be on sale this week. Reserved seats sell for $1.00 each, and general admission 75 cents. For tickets see Sam Franklin or Forrest D. Brown.

Miss Lina Hodges, who was called home on account of the death of her brother, will not return to school this semster. Miss Hodges will be able to finish next year without this semster's credits, nevertheless we regret her decision.

Miss Lila McCree has returned to the Hill after a prolonged absence on account of illness.

Miss Louise Sheddan was the guest of Mary McSpadden at her home last week-end.

Patronize Those Who Advertise, They Make The Paper Possible.

We've a new editor. Upon dropping around to extend our sympathy we found that King David's all full of ambition, et cetera. He's going to be an efficient editor and it's the duty of every student to boost, not knock, to commend, not criticize. It's a hard job and it can be made much harder by lack of support. During the election someone was heard to say that the position of Editor was one to carry with it an attack of enlarged head. Highly erroneous, that. The result is just the contrary. The position is a very efficient cure for swollen heads since nothing is so effective as frank criticism and the job has a superabundance of that.

We're with you, David, and we're wishing you a successful season. May you have the same hearty support and wholesome counsel which we've had, and more of it!

* * * *

We've been guilty of some pretty freakish ideas but we plead "not guilty" to the charge of turning the last week's Echo inside out. Nor were the novel forms of spelling children of our fertile brain. We don't feel greatly lattered to find ourselves capable of pulling as many bones as the Knoxville Sentinel and we shall drop out of the competition whn oeur new make-up man learns our peculiarities of style, also, we add, when the new editor takes charge of the Sanctum.

* * * *

Those who were readers of the Echo last year will recall that it was the custom of the last management to run an eight page issue monthly. Some have urged the present management to follow the same plan but we have run only two eight-page numbers. In order to determine which plan is best we have compared the files of the present year and of the last year and have found that the present voelume, including the twenty-first number, has contained a full page more of reading matter than the sixth volume, with its eight page numbers. contained. The advertisements necessary to the financing of the larger issue make the difference. More pages—more ads—less reading matter, thus the four-page number is more desirable.

SILVER PENCIL LOST—Barrel only, engraved E.E.H. Finder return to Enterprise office and receive reward.

Miss Helen Taylor is able to be out again after a severe case of flu.

Miss Grace Blank is visiting friends out-of-town until she gets strong neough to take up her studies again.

PERSONALS

Miss Susan Dunn Powell of Washington, D. C. has been called home, because of the illness of her mother. Sue was one of the best known girls on the Hill, and her cheerful greetings will be missed by everyone. She will not return for school, but a visit in June is being planned by her and her friends.

The person who advertised in last week's Echo for lost Eversharp pencil may have same by applying to Mrs. Snodgrass.

J. D. Brooks and Berthold Fraker, Tusculum debaters, tarried on the Hill until Wdenesday renewing acquaintances among the students.

The Glee Club has returned and current reports indicate that the tour was a howling success.

Rollin Marquis, '21 returned to the Hill during the week for a short visit. "Mark" was one of the most popular students of his time and we were glad to see him back.

Miss Mary Tippitt has decided not to re-enter school this semester. but has accompanied Lina Hodges to her home, where she will recuperate.

Miss Effie Erickson spent the week-end at her home in Athens, Tennessee.

Miss Helen Sweeten has as her guest her sister.

Miss Mary Robison has been chosen by the Y. W. to represent M. C. at the convention at Hot Springs, Arkansas. President Mary will be gone from the 20th. until the 27th. of next month.

Mrs. Stevenson recently entertained at tea a number of the town ladies, in honor of her guests from Yonkers.

MISS ROBISON HONORED

Saturday evning, March 25th was a date long to be remembered by the company which was present at a birthday surprise party given by Misses Blanche and Helen Moore in honor of Miss Clara Robison.

Immediately after the Literary Societies closed Room 41, Baldwin was thrown open to the guests. A delightful social hour was followed by each girl's consulting a collection of magic cards which revaled to each inspectress her vocation of life. And such vocations as were found! There was everything from a Freshman "making sheep-sheds out of sunsets" to a modest Senior "smoking all to a blister."

When all had become reconciled to their fate there was a command to follow the leader and Miss Helen Moore took the lead. The matron's room was soon invaded violently and Mrs. Snodgrass, herself was led away by the irresistable leader. The chase ended by the company being gathered into Room 6. where dainty refreshments were spread. After a course of sandwiches and fruit salad was served the surprise of the evening came; a knock at the door, the lights extinguished, and Miss Blanche Moore entered bearing a beautiful cake ablaze with eighteen candles. She approached the honoree, who was still unaware of the purpose of the occasion, and presented the cake with a fitting word of presentation.

Mrs. Snodgrass suggested that each girl present drop her a card each year on March 25th, as long as the group was represented at college. The pledge was taken just as the lights flashed. The company composed of Misses Brooks, De Haven, Iliez, McAlister, Ruble, Robison, Russell, Sheperd, Swindler, Wilson, Waddell, and Mrs. Snodgrass, dispersed after expressing to the hostesses the great pleasure of such an unusual occasion; and Miss Robison, too, was congratulated, but an emotional Senior brought this to a close wishing the honoree a thousand such birthdays!

THETA TOWN GIRLS ENTERTAIN WITH PLAY

"After The Game", Charming Play Presented In Able Manner.

The audience of Theta girls, weary from the scholastic labor of the past week, was delighted and refreshed Saturday night by the clever play, "After the Game", given by the Theta Town Girls. The play was a charming bit of humor, and no professional could have rendered any one of the college girl roles more vividly than did the town girls.

A Hallowe'en prank resulted in the loss of one of the hero's football shoes, which was found by the heroine, though she remained ignorant of the owner's identity. At the football game the next day the hero first sprained his ankle, then broke his leg as a result of not having his own shoes. To cap the climax, he received news after the game that his father had failed in business, and of the necessity of laving college to go to work, which precluded the prospect of his proposal to the fair young leading lady.

When the heroine learned the facts, she called that evening to see the broken hero, taking his shoe, and playing the part of a reversed Cinderella. Of course the shoe was his, but he would not follow the cue and propose. So, in spite of the fact that she had declared before the crowd of girls that it is never proper for a woman to propose, under any circumstances, the heroine coaxed and cajoled, though failing to draw out the desired words. Finally, in desperation, she was forced to make the proposal herself, and after some demur on the part of the hero, on account of his loss of fortune, she was accepted, and the play ended, as all good plays do, with a kiss.

The scene where the girls gossiped over a chafing dish, was especially amusing, and offered a play of ready wit.

The cast follows:

Nan Norris - - - Betty Hedge
Betty Earle - - - Cricket Ellis
Trixie - - - - - Leola Davis
Dixie Randolph, Margaret Chandler
Kit Kerr - - - Ruth Reagan
Polly - - Elizabeth Harper
Flora - - - Dorothy Heron
Dora - - - Irma Gamble
Jack Morton - - - Jonnie Trotter
Jane, a maid - - Lillian Dunlap

Bravo, town girls!

HIKERS ENTERTAINED

Whence shall we meet again? Thunder, lightning and rain! Who said rain? A week from the eventful occasion, under the same conditions, extremely different regalia, and quarters, PuffsGreen and Jenny Georgi entertained the members of the Sardine Clan with a lunch at Mitchell's. While the clan enjoyed the sumptous meal, their thoughts flew back to last lunch in the Carolina hut, midst obnoxious ramps, and with the pet billy goat. Reluctantly the tribesmen turned to the trail which led to College Hill, wishing they were on top of Tunderhead again with the gamest chaperones that ever set foot on the Smokies.

Worthy Clansmen present were, Cookie McCall, Long Boy Buell, Trail Chaser Lowe, Up Jenks Jenkins, Pathfinder Brown, Daniel Boone Knave, Let's-go Arellano, Kwasin Hall, Pan-handle Andrews, Coyote Robinson, Trapper Griggs, Blarney Oldfield Blinkenderfer, Ramps Kinsler, Warrior Walmer and Chaperones.

"Sporting One's Oak."

"To sport one's oak" is a phrase signifying that one is not at home with visitors. The saying originated at the English universities, where the students' chambers have two doors—an inner and an outer one. The outer door is made of oak, and when this is closed or "sported" it denotes either that the occupant of the apartment is out or that he does not wish to be disturbed.

JUNIOR AND SENIOR SECTIONS COMBINE

Mixed Talent Affords Enjoyable Evening In Junior Hall.

The Senior and Junior sections of the Athenian Society met in the Junior Athenian Hall for a joint program March 25th. Each section contributed to the program and it proved to be interesting and well given. The program consisted of:

Reading - - - William Jester
Talk - - - - Roy S. Buffat
Reading - - Hugh C. Clabough
Harp Solo - - Clifford I. Kelley
Debate: Resolved that final exams should be abolished in all colleges. Affirmative, Walter Buchanan, Herrick Arnold; Negative, William Murphy, A. D. Moody.

The reading given by Mr. Jester entitled "The Crooked Mouth Family", proved itself to be the best humorous reading given in Literary Society for a long time. The Crooked mouth family, all had crooked mouths, either to the left or right, or up, or down. The scene of the reading was in the bedroom of Mary, the young lady of the house, when she was trying to blow out the light. She tails and calls in other members of the family. The father, mother and a brother all attempt to blow out the light; but their crooked mouths cause them to miss the light. Mr. Jester gave a genuinely humorous interpretation of their crooked blowing.

The title of Mr Buffat's talk was "The Value of Time". He deserves special credit for his clear outline of the subject; and for his vivid illustration of his thought, in the interestingly told story of the bronze head. The only spoken words of this bronze head were spoken at three different times, and were: "Time is", "Time was", and "Time past".

Mr. Clabough's reading was that well-known declamation, Spartacus' Address to The Gladiators. It was appreciated by all.

The harp solo by Mr. Kelley called for repeated encores. Every selection was liked. Perhaps the best was Red Wings.

The debaters in the final number did some first class debating. All of them presented strong arguments in a convincing style. The affirmative had an unanimous victory for the decision.

After the completion of the program arrangements were made for the annual oratorical contest for the French Medal. A number of men announced their intention of competing for the medal. The time for the contest will be announced later, with April 8th set as a tentative date.

MRS. ALEXANDER'S IS SCENE OF GAY PARTY

Author's Evening Program Highly Entertaining to Seniors.

Mrs. Alexander's! an evening with famous authors! A very bower of blossoms and early spring flowers! What could be a more delightful place for a Senior? These were undoubtedly the thoughts of every Senior after the delightful time which they enjoyed at Mrs. Alexander's home on Friday evening last.

What could be more thrilling too, than having one's biography written by authors of world renown telling of one's ambition and destiny in just the way that our names will of course go down in history? It gives an added satisfaction to see one's biography while living and to know that it is written just right.

Among other attractions were the eats. Consequently the Author's Party was a grand success.

Here . . oem.

There is no life of a man faithfully recorded but is a heroic poem of its sort, rimed or unrimed.—Carlyle.

LAST TERM LEADERS CHOSEN IN BAINONIAN

Miss Lequire Elected President And Plans Made.

On last Saturday evening the Bainonians enjoyed a real literary treat. The program consisted of a study of the works of Robert Burns. Old familiar Scottish melodies, and poems of love and patriotism were well rendered. A peep into the simple home life of the Scottish peasant was given by a clever pantomine of "The Cotter's Saturday Night".

This concluded the program and the following officers were elected for the coming term:

President - - - Jennie Lequire
Vice President - - Mary Tippit
Secretary - - - Alice McAnulty
Music Critic - Annie Mae Holland
Literary Critic - - Lynn McClung
Editor - - - - Helen Sweeten
Program Secretary - - Henrietta Jackson
Censor - - - Elizabeth Jackson
Sergeant-at-Arms - Dorothy Stivers

Bainonian has closed a very successful term's work, and under the splendid leadership of the new officers and with the cooperation of every loyal Bainonian, the last term of the school year 1921-22 bids fair to be equally successful.

A TRIBUTE TO MRS. LAMAR

Mrs. Martha Ann Tedford Lamar, granddaughter of a Revolutionary soldier and one of Blount County, Tennessee's best loved women, died October 10th, 1921. The life of Mrs. Lamar connects through her four grandparents with the pioneer days of Blount County, her ancestors coming from Rockbridge County, Virginia. Joseph Tedford and Mary McNutt, hr paternal grandparents, were married at Fort Craig. Major James Houston, her maternal grandfather, was probably the chief Indian fighter of Blount County. He held Fort Houston, a fw miles south of Maryville, against a violent Indian attack. These pioneers founded the New Providence Church in 1786. Mrs. Lamar was born in Clevland, Tennessee, and in 1874 married Professor Thomas Jefferson Lamar, the second founder of Maryville College, whom she outlived thirty-four years. She was an earnest Christian, serving in the missionary societies and teachnig in the Sunday School. The welfare of the students of Maryville College was always her concern, and she kept a room in her home furnished for the use of a college student. She built the Ralph Max Lamar Memorial Hospital and gav it to the College, for the relief of the sick of the institution. She also founded a Scholarship in the College. A sincere effort to serve her town was made when she erected the Malinda Gillespie Houston Tedford Memorial Chapel in East Maryville. Mary Blount Chapter, D. A. R., reports her loss with sorrow.

—*Remembrance Book* of the Daughters of the Amreican Revolution.

JUNIOR ALPHA SIGMA

The Junior Alpha Sigma Society met last Saturday evening at the usual hour. The meeting was devoted entirely to business, and the following officers were elcted:

Julius C. Huffman - - President
James Holland - - Vice President
Merlin Usner - Recording Secretary
Murette Delozier - Program Secy.
Barney Blickensderfer - - Censor
Frank Smith - - - - - Editor

A motion was then made that the society meet in th woods next Saturday night for the installation of officers, and furthermore that eats be served. The following were appointed to arrange a place for the meeting and see to th purchasing of the eats: Julius C. Huffman, chairman, Frank Smith and Dewey Eitner.

All prospective members are invited to attend this meeting. We will start from in front of Carnegie Hall at five-thirty.

1819-1921

Rev. Samuel Tyndale Wilson, D. D. LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training. 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, and the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

TENNIS NEEDS BOOMING

In other years, when the prestige of Maryville on the gridiron and basket ball court was not so readily recognized our Alma Mater enjoyed no slight fame for her tennis players. This prestige is still ours if we choose to make it so. In fact it is due us. We should have it. We have just as good tennis players on the Hill this year as we have ever had and it is up to us to see that our tennis team materializes.

Already there is a request in the hands of the Athletic Editor that the Maryville men's tennis team have a match or so with the Tusculum men's tennis team. The request, or challenge, comes from Tusculum and it is only fitting that we prepare ourselves to accept it.

You may say we have no courts.

Are you crippled? Fifty fellows could make four good tennis courts in one morning. The ground is already leveled behind Memorial and on the corners of the Athletic field. Whre is the energy of some of our Tilden's and Johnston's?

Come! The college will help but they must make them for the Girls, who also need them. What have you against a little honest labor for a good cause? Come fellows, let's get busy. U. T. has a tennis team, so have Carson-Newman and Tusculum. Let's go after their scalps in still another branch of sport this year and let's boost that tennis team.

We have, for such a team Hendrick; Hall; McMurray; Watkins; The Bucanan's, Percy and Don; each of whom is good to say nothing of the two score of othres capable of handling the best of service.

Boost That Tennis Team.

TRACK COMING SLOWLY

Although the track team is steadily working the turnout has not been as it should be and the Highland track squad is by no means filled to overflowing. This should not be. A better turnout is necessary if we are to beat our near enemies in track. We have not yet met with a failure, our teams have always been victorious, both at home and away from home and it is now time for us, as Maryvillians and sons and daughters of the Orange and Garnet to revive the Maryville track idea and come out for track.

Get Out For Track!

HERE COMES THE DOPE

Saturday U. T. beat Carson-Newman 5-2 in baseball. Tuesday Carson-Newman beat Mars Hill 6-0. Therfore U. T. ought to have beaten Mars Hill about 15 or 16 to nothing. Consequently we should beat Mars Hill about 20-0 if we are to demonstrate our superiority over U. T.

HIGHLANDERS TAKE OPENER AND PREPARE FOR SEASON

(Continued from page one)

McCall hit through Park for two bases, Mathes singled and McCall scored on the throwin. Sneed walked. Sneed and Mathes pulled a double steal, Mathes scoring. Sneed scored on Johnson's wild pitch. McLane grounded out, Newman to Park. Partee tripled to left and came home on Paylor's peg to Sevier County. Acton grounded safely, stole second and scored when "Back" Williams punched through Newman for two bases. "Back" died stealing.

Five Runs, Two Hits, Three Errors.

Fifth Inning

C. H. S.

Johnson grounded out McLane to Ruble. Newman and Paylor struck out.

M. C.

Milner pitching for Central High. Johnson going to short and Calloway to the shower.

"Arthuh" Ruble walked and stole second. Johnson piffled McCall's roller. Safe all round. Mathes hit into a double play. Johnson unassisted, Park went to sleep and Rhuble scored. McMurray, hitting for Gray, was hit by a pitched ball and stole second. Sneed grounded out, Newman to Park.

One Run. No. Hit. Two Errors.

Sixth Inning

C. H. S.

Wyncoop replaced Matheson on the mound. Oliver struck out. Parks grounded out, Partee to Ruble Woods struck out.

No Runs. No Hits. No Errors.

M. C.

McLane walked and took a base when Milner heaved it over to Polytech. Partee struck out. Acton grounded out, Garrison unassisted. McLane scored on Garrison's wild throw at Newman. "Back" soaked one for two bases and came to third and on a poor return of the ball. Rhuble walked but Williams was caught on an attempted double steal.

One Run, One Hit, Three Errors.

Seventh Inning

C. H. S.

Hutsell walked, stole second while Milner was striking out. Charles walked. Charles and Hutsell neatly executed a double steal and Hutsell scored on Williams poor peg. Safe all round. Charles went third while Johnson walked on Wyncoop's wild pitch. The next double steal was nipped in the bud and Johnson died going to second.

One Run. No Hits. One Error.

M. C.

Balch, hitting for Williams, flied out. Wyncoop walked, Poe, hitting for McCall doubled, scoring Wyncoop. McMurray struck out. Shorty McCall grounded out.

One Run. One Hit. No Errors.

Eighth Inning

C. H. S.

McLane went to the Box.
Cochran struck out.
Haas singled and stole second. Oliver struck out. Garrison pooped to McMurray. No Runs. One Hit. No Errors.

M. C.

McLane hit to left. Partee flied out. R. Williams, hitting for Acton, flied out. McLane died stealing.

Ninth Inning

Central Failed to Score.

Y. NOTES

Installation of new officers of the Y. M. C. A. is the main feature to Sunday's meeting.

Forrest Brown, the retiring president will lead the meeting while Professor McMurray presents the charge to the officers for the new year.

As president, Brown gave considerable of his time and effort in placing the Y where it now stands. Too much praise cannot be given to Brown, the very efficient and friendly worker, for his mind, spirit, and body were always strenuously 'on the job'. Brown, we know the Y. M. C. A. has a good secretary coming to them. Our best wishes to you.

Roy S. Buffat, the Y's (wise) new president, will be present Sunday afternoon to outline his plans for another promising year.

All men are urged to attend this meeting—just after dinner, in Bartlett Hall.

JOINT Y. W. C. A. BUSINESS MEETING SATURDAY NIGHT

The Y. W. has felt for some time that the members as a whole should have a larger part in the affairs of the organization, and as a means to this end, the Senior and Junior Y. W.'s are planning to hold a business meeting Saturday night in Baldwin parlors, with a rollicking good time following, immediatley after the society meetings. All girls who are Y. W. members are welcome. Come and assist in the business meeting, and join in the hilarity afterward. Saturday is that day of all the year, which is meant for all men, (and all girls too), and therefore we are assured of a merry good time.

SENIOR Y. W. HOLD INTERESTING AND INSPIRING MEETING

Miss Longsworth Leads Discussion Of "Ships in Christian Religion."

The girls who missed Y. W. on last Sunday missed a most interesting discussion. The subject announced was "Five Ships in the World's Greatest Navy", but before the meeting was over more than five important ships were discussed.

The five ships that led in the discussion were: Fellowship, Workmanship, Friendship, Leadership and Worship.

The meeting was then thrown open and many girls took part by discussing other ships on which Christians should embark; obstacles and dangers which would be met; and how these obstacles could best be overcome in life's voyage.

Special music was furnished by Miss Charlotte Allen.

Every girl left this meeting with a new determination to embark on the ships that were worth while under the leadership of the One Great Pilot.

JUNIOR Y. W. C. A.

Junior Y. W. C. A. services held on unday, March 26th at 1:20 p. m. in Theta Hall were led by the chairman of the Devotional Committee, Henrietta Jacksen. The girls were favored with a reading by Myrtle Ardis and a solo by Anna Mae Holland. Ruth Avery informed the girls about the Y. W. C. A. Cabinet Conference of last week end and Mary Robinson, president of the Junior Y. W. C. A. talked to the girls about their responsibility individually to Y. W. C. A. The scripture lesson which dwelt on prayer and its necessities was read by Henrietta Jackson. The meeting was dismissed by the benediction.

Sensitive Instrument.

The instrument known as the radiomicrometer is so sensitive that it will measure the heat from a candle held thirty feet away from it and will record the heat given off by a fixed star so remote that light from it, traveling at a speed of 186,000 miles a second, takes many years to reach us.

MONDAY EVENING'S DEBATE RESULTS IN EVEN BREAK

(Continued from page one)

the lovers of baseball as this same rebuttal speech thrilled the hearts of genuine dyed-in-the-wool debate fans. Gene is a Junior debating for the first time this year, and due for one more year.

Captain Franklin closed the constructive debate in a characteristic manner. Those who know Sam need no further word, for in this case *characteristic* means completely, decisively, convincingly. He is the type of debater who takes his audience and judges into his confidence and shows them the error of any way but his way. Why you just simply couldn't feel financially or socially or morally if you believed in the single tax after Sam had finished. And his final rebuttal speech was a masterly resume of the entire debate. Sam had a sentence about his marriage license that he didn't get to deliver but otherwise he did a courteous and thorough job of cremation to the single tax.

And a word more to the public. There was one man who went far to make the success of this debate possible who was not on the platform. Two weeks before the debate was to occur Magill took the flu and took to the hospital. What to do? Not at all. Robert Baldwin, the alternate of this team, plunged into the study of the question and in almost unbelievably short time was into the thick of the fight and ready to take the vacant place. Five days before the debate Magill came back but shaky and weak as one is after the flu, and Baldwin stood by ready at any moment to take the place of his principal and carry on for the team and the College. Such a spirit as this of team loyalty and self-effacing college service deserves the highest commendation.

E.R.H.

AFFIRMATIVE LOSES AT TUSCULUM

"Variety is the spice of life" and just to season our debate schedule with a little of said "spice" our affirmative debating team gracefully accepted defeat at Tusculum, Monday night.

The question for debate was, "Resolved, that all revenues of government, local, state, and federal, except those arising from tariff, should be derived from a single tax-on hand values."

The Maryville team was composed of Captain Chas. N. Sharp, Verton Queener, and Andrew Stewart.

The Tusculum team, upholding the negative, was composed of, Cecil Shanks, Frank Bryan, and Edward Day.

The question at issue was one of the most interesting as well as one of the most complex questions that has been submitted for debate this season, and because of its radical departure from well-beaten paths could not be worded so as to make the division absolutely fair and equal to both sides. Fate thus decreed that our affirmative team should be placed at some disadvantage.

The Tusculum team was a strong and worthy foe and the fight was a "battle royal" from start to finish.

For Maryville Stewart led off, sending over a terrific barrage in order to prepare for the advance and drive the enemy to cover.

Queener followed with a bayonet charge and his sharp and pointed weapons of attack seemed to throw dismay into the ranks of the opponents. Then came Sharp's rapid fire machine gun attack which was calculated to completely annihilate the opposing forces. However, the Tusculum trio was not accommodating enough to submit to extermination and when the smoke of battle had cleared and an armistice was called it was found that the supreme council of judges had unanimously decided that Tusculum was the winner.

The affirmative team showed a much more comprehensive grasp of the subject, and it seemed to be true in this case, as Solomon said: "The race is not to the swift nor the battle to the strong * * * * but time and chance happeneth to them all."

Every member of the Maryville team acquitted himself in a manner which would have made any follower of the Maryville colors proud to have such worthy representation, could he have heard the debate. All honor is due this splendid team.

As for the Tusculum debaters—they received the enthusiastic adoration which they richly merited, and joy reigned supreme on the Tusculum campus until a late hour.

The admirable spirit with which the Tusculum students support their team is worthy of emulation everywhere. The judges of the debate were: Nicholas Earnest, retired banker, Chuckey; C. C. Harris, lawyer, Johnson City; Prof. A. C. Duggins, Supt. Schools, Greeneville.

The fine courtesy shown the Maryville boys by President Gray, Prof. Foss, Prof. Vance, Miss McCollum, Mrs. Lea and others will not soon be forgotten, and we trust that the same cordial and harmonious relations may continue to be manifested betwen Maryville and Tusculum.

HIGHLANDERS BEST MARS HILL SLUGGERS

CAROLINIANS DROP MUD-TEST BY 4-2 SCORE.

Team Shows Up Well In Short, Snappy Game.

Friday afternoon, on the College lot, before a noisy bunch of damp rooters, the Davis boys, as we have named the Mars Hill contingent, dropped a dewy diamond fracas to "Cholly" Partee's Hefty Highlanders 4 to 2. Although the scrap was featured by rather ragged playing on both sides the blame for the numerous errors must undoubtedly be hung on the field. Any team that could have played errorless ball on such a field as that would deserve Harps and not letters, for they would be too good to live long. The only dry thing in the vicinity was the umpire, the ball had so much mud on it it looked like a duck egg laid in a null pond and Coach had to send Frank Prather to Pearsons for case knives to scrape the clay out of "Back" Williams' mit to keep the splatter from soiling grandstand. It was a splendid day for ducks but not for baseball.

However, it is hardly necessary that we weep, wail and gnash our tushes. The team played splendid baseball, considering the weather and showed an underlying basic team work principle that promises to give it the pep and stamina to win other more rigorous contests. The Gang played ball, what more do you ask.

The honors for the day, probably go to the doughty Nokome's, who allowed but two scattered hits and struck out eight men, and "Back" Williams whose handling of the team from catcher's position was all that could be expected and whose splendid catch of Dawton's foul in the sixth called forth the admiration of the entire crowd. At bat Ruble and McLane were the strutters of notable stuff, "Arthuh" garnering two smashing doubles out of four attempts and "Eddie" collecting two singles out of the same number of chances.

For the visitors Sams and W. Davis showed up well.

The game by innings might read

First Inning

M.H.C.

Sams struck out. Hudgins was safe when his grounder passed Acton. Allen flied to Sneed. W. Davis struck out.

No Runs. No Hits. One Error.

M.C.

Sneed singled to left. McLane fouled out. aPrtee safe when Burnette punked his fly but Sneed was caught at second. Acton singled to left. Williams struck out.

No Runs. Two Hits. One Error.

Second Inning

M.H.C.

R. Davis flied to Sneed. F. Davis was safe when Mathews dropped his loft. Williams threw Burnette out. F. Davis stole second and went third on a poor peg. Dawton struck out.

No Runs. No Hits. No Errors.

M.C.

Ruble struck out. McLane singled to left. Mathews flied to Dawton and Gray lofted to Sams.

Third Inning

M.H.C.

Lance grounded safely to Acton. Sams grounded to Gra ywho failed to complete the play. Hudgins repeated the performance and Acton fumbled Rubb's peg. Gray caught Sams off second. Lance scored when Partee booted Allen's roller. W. Davis hit into a double play. Par-

(Continued on page four)

HIGHLANDERS BATTLE GIANT ROOKIES TO 5-2 SCORE IN HARD GAME

SPECTACULAR WORK OF MATHEWS ON MOUND IS SENSATION OF GAME REPLETE WITH THRILLS AND SURPRISES FROM START TO FINISH.

"Oirish" Malone Fails To Shut Out Hard Hitting Highlanders Who Out Class Big Men In All Points Of Game Until Sixth Frame.

"I wonder where my sweet sweet Daddy's gone." Cullud brothuh a baseball team is what us ain't got nothin' else but. Does somebody says we ain't and us gits a hook. Them boys don't play nothin' else but baseball and does somebody don't believe it and us crowns him.

Listen guys, it's proved. Look what we did to Jawn McGraw's prize pets, his whiz-band second team. For six wondrous innings our own Jack Matthews held the Giant Scrub aggregation scoreless. Jack our hats are off to you, boy you sure can strut your stuff when M. C. needs it.

They licked us five to two but they beat us but one earned run, they earned two, we earned one so you see how we stack up. Are we down-hearted? Well you know what the doughboys said.

Before a good crowd, on a league park the snappy M. C. held scoreless for six innings, the much touted Giant second team. Collegians held their own against major leaguers and it is up to us to give them a hand. That baseball team played ball. Boy look us over we're good.

The first Maryville marker came in the second inning when Ruble singled and Acton sent him second with another bingle. Then with two down Ruble and Acton worked a neat double steal and the score was 1-0 Maryville. In the sixth the Giants tied the score. In the seventh it was 2-1 Giants, and in the ninth, the fatal ninth, the score became 5-1. But Partee would not have it so. Hence he singled and scored a moment later when Black fumbled Acton's grounder.

For the Highlander's the outstanding stara were nine in number, the team in fact, they all played stellar ball but Mathews whose marvelous pitching excited the admiration of even the Giant bench warmers and Ruble who got two hits, and a sacrifice out of four times at bat. "Cholly" Partee also played noble ball, garnering one of our hits, getting three put-outs and four assists without an error.

For the Giants Kinsella and Stengel looked good.

The game by innings reads:

First Inning

Giants

Berry out, McLane to Ruble, Hale ditto, Kinsell a doubled to deep center. Black fanned. No Runs, One Hit. No Errors.

M. C.

Sneed, McLane and Partee all went out the same way, Kopf to Berry.

No Runs. No. Hits. No Errors.

Second Inning

Giants

McCall tucked Stengel's long fly to sleep neatly. Kopf popped to Partee. Stengel grounded to Acton. Nuff said. No Runs. No Hits. No Errors.

M. C.

Ruble singled. Acton beat out a bunt. Williams whiffed. McCall hit a sacrifice fly to left. Ruble and Acton executed a neat double steal scoring Ruble. Rowan grounded out. One Run. One Hit. No Errors.

Third Inning

Giants

White singled over third. As Malone came to bat a delegation of fan presented him with a rag doll. Malone's grounder struck White putting him out. Malone safe at first. Berry flied to Rowan. Hale double but Malone was caught at third. No runs. One hit. No errors.

M.C.

Mathews struck out. Kinsella made a pretty catch of Sneed's long fly. McLane grounded to Black. No runs. No hits. No errors.

Fourth Inning

Giants

Kinsella singled to center and stole second as Black fanned. Stengel walked. Kopf singled filling the bases. Samide hit into a double play. Partee to Williams to Ruble. No runs. One hit. No errors.

M.C.

Partee whiffed. Ruble out, Malone to Berry. Acton grounded out. No runs. No hits. No errors.

Fifth Inning

Giants

Sneed made a splendid catch of White's liner. Malone out. Mathews to Ruble. Berry tripled to center. Hale and Kinsella walked. Black out. Mathews to Ruble. No runs. One hit. No errors.

M.C.

Williams fanned. McCall flied to Kinsella. Rowan fanned. No runs. No hits. No errors.

Sixth Inning

Giants

Stengel hit through Ruble. Kopf popped to Partee. Samide flied to Sneed. White doubled to left scoring Stengel. Malone lofted to McLane. One run. No hits. One Error.

M. C.

Mathews out. Kopf to Berry. Sneed lofted to Black. McLane safe on Hale's fumble of his easy roller. Partee punked to Black. No runs. No hit. One error.

Seventh Inning

Giants

Berry drew a walk. Hale flied to Sneed. Berry stole second. Kinsella hit through Acton scoring Berry. Black failed to beat out a bunt. Stengel grounded out. One run. No hits. One error.

M. C.

Ruble doubled to center. Acton flied out. Williams sacrificed. Gray

(Continued on page four)

MUNIFICENT GIFT BY OLDEST ALUMNUS

DR. A. B. TADLOCK PRESENTS KNOXVILLE PROPERTY TO COLLEGE.

Is Recent Donor of Fine Orange Grove In Florida.

In 1859, as reported in the Maryville College catalog, there was a graduating class of eleven students. The roster was as follows: Isaac F. Anderson, Rockford, Tenn.; John P. Briscoe, Bristol; Flavius L. Ewing, Lewisburg; Isaac A. Hood, Dandridge; Thomas W. Hughes, Bristol; Joseph T. McReynolds, Maryville; Thomas Newman, Dandridge; Solomon H. Owen, Sweetwater; Alfred M. Penland, Asheville, N. C.; Alex B. Tadlock, Greeneville; and Samuel Toole, Maryville. The faculty of Maryville College then consisted of Rev. John J. Robinson, A. M., President, etc.; Rev. John S. Craig, A. M., Professor of Mathematics; and Rev. Thomas J. Lamar, Professor of Ancient Languages and Literature. The professorships of Natural Science and Rhetoric and Belles Lettres were vacant and the duties thereof were "for the present discharged by the other members of the faculty." The entire enrollment of students was 80, of whom 32 were in the college department, 46 in the English and preparatory department, and 2 in the theological department.

A few years ago the oldest living graduate of Maryville was James Gillespie, of the class of 1849; then it was Hon. Charles T. Cates, Sr., of the class of 1857; and now for some years it has been Dr. Alex B. Tadlock, the only survivor of the class of 1859.

And this oldest graduate of ours, though sixty-three years have passed since his far-away graduation day, has never lost his interest in his Alma Mater. He wrote a very valuable paper for the seventy-fifth anniversary of the College; and, with Colonel John Beaman Minnis of the class of 1861, was present in 1919 at the Centennial Celebration of the founding of the college department of the institution.

Dr. Tadlock also showed his practical interest in the institution by contributing toward the Centennial Forward Fund, upon the annuity plan, a very valuable orange grove located in Florida. And now Dr. and Mrs. Tadlock have given the College, also on the annuity plan, a valuable piece of property, in Knoxville, on Walnut street, of 100 feet frontage and 125 feet depth. It is the property where Dr. Tadlock lived while engaged in the practice of medicine, and so its disposition for the use of his Alma Mater is one that unites deep sentiment and benevolent purpose. This munificent contribution will serve the young people of the College throughout the future.

Dr. and Mrs. Tadlock have been planning another visit to Maryville, but as yet the condition of Dr. Tadlock's health has not permitted it. When they do come, the faculty and students will give them a royal welcome.

Dr. Tadlock has been a physician of high standing in his profession; while Mrs. Tadlock is a lady of real literary ability. She is the talented authoress of a volume of travels, "Bohemian Days", and of a volume of poetry. Maryville is proud of her oldest alumnus and his wife, and is deeply grateful to them for their benefactions to the cause of the College.

BRILLIANT PROGRAM IN FIRST RECITAL

MISSES ATKINS, NICELY, AND TEDFORD EXHIBIT SPLENDID TALENT.

Remarkably Large Audience Is Very Appreciable.

The first graduate recital of the year was given in the chapel last Monday evening by the members of the Music and Expression Departments. The readers were Misses Annarine Atkins and Goldie Nicely, and the pianiste was Miss Mattie Tedford. The reputation of the young ladies as entertainers of ability was shown by the fact that there were few vacant seats in the house. The floral decorations of the stage were unusually effective against the dark green background of curtains. Each girl made a pretty picture as she stepped out between the curtains and stood for a moment with them behind her.

Miss Goldie Nicely began the evening's program by reading "The Romancers" Act 1 by Rostand, in

(Continued on page two)

LOCAL CHAPTER OF FRATERNITY LAUNCHED

PI KAPPA DELTA HAS ELEVEN CHARTER MEMBERS.

Success Predicted For New Organization On Hill.

Early at the beginning of this year the veteran debaters and orators, and also Professors Knapp and Hunter met to organize a local chapter of Pi Kappa Delta. Herrick Arnold was elected president, Verton Queener, vice-president, Ruth McCall, secretary and treasurer, and Ralph Armstrong corresponding secretary and reporter.

Applications for membership were presented by eleven people. A petition for a charter was signed by the eleven members and presented to the National Council. The charter was granted and our chapter named the Alpha chapter of Tennessee.

Last Saturday afternoon the charter was presented and the chapter formally installed. The officers were

PREPS OPEN DEBATE SEASON WITH WIN

EVEN BREAK WITH CENTRAL H. S. OF MEMPHIS ON STRONG QUESTION.

Work of Misses Dean and Ford On Home Floor Brilliant.

The Preparatory Debating season opened on Friday night with pep and vim galore. The largest crowd at any debate this year gathered with great anticipations and the desire to get some real facts on the subject regarding the adoption of the Initiative and Referendum by all the States of the United States.

Misses Frances Deane and Sarah Ford supported Maryville on the negative while the Misses Llias Castle and Mayo Crewe upheld the affirmative for Central High of Memphis. Miss Castle began the debate with a well prepared speech which was delivered in a very pleasing and eloquent way. Her colleague also had a well prepared and well delivered speech and both came back very gallantly in their

Recently there appeared in our columns a discussion of the movement for Alumni Management of Maryville's athletic teams. At that time it was stated that an alumnus was agitating the matter among alumni and former students in Knoxville. The following is a letter we recently received from A. D. Bryson, who graduated in 1918. Mr. Bryson was one of the best athletes Maryville has ever produced and was a member of the wonder football team of 1916.,

45 West Mohawk St.,
Buffalo, N. Y.
April 3, 1922.

I have read with keen interest your article appearing in the March 16th issue concerning a graduate manager for Maryville's athletic teams. This plan is in effect in a great number of the larger colleges and universities and works fine. In such cases it became necessary as the work grew too heavy for a student. I do not think the plan is applicable to Maryville's athletics considering the question both from a financial and a management viewpoint.

It would take from the treasury of the association and that is where I feel that the fund should come from, money that is badly needed for additional equipment and general expenditures for improvements of all departments. Until the student fee plan was instituted a few years ago it was hard for a team to break even at the close of the season at same time being handicapped by a shortage of equipment. This one side of Maryville's athletics must be strengthened so as to get the greatest number of prospective candidates out in uniforms thereby giving the coach larger squads to work with. The salary of a paid manager would go a long way in this direction. I am heartily in accord with the best interests for producing the best teams, ones that will make history for Maryville.

As to management of the various teams, that work has not grown to such a magnitude that it will work a hardship on any student to handle successfully. I favor strictly non-playing managers. The position is an important one and care should be exercised by the Athletic Board of Control in selecting the person best fitted for the office.

Maryville is making progress in athletics, so why place upon her an additional financial burden? I am for Maryville and the beterment of her athletics. I want to see the day U. T. will be defeated by a large score and it can be done.

Yours for better athletics,
A. D. Bryson, '18.

NEW PLAYERS APPEAR SOON IN HOME CIRCLE

Frouth Preps To Present "All Of A Sudden Peggy"

That's what we are doing in more ways than one. We are doing it in debating, but this year the saying,

"Of all sad words of tongue or pen
The saddest are these it might have been."

is no longer true in the case of the Fourth Preps. They are being permitted to come into their own by the hearty consent of the faculty who have a very keen interest in them.

On May 5th, the Fourth Year Class will present Ernest Denny's famou three-act comedy. "All of a Sudden Peggy". This play has met are no longer true in the case of with great success both in Europe and America and will be presented by the following caste:

Anthony, Lord Crackenthrope (Fellow of the Entomological Society) - - William L. Jester
The Hon. Jimmy Keppel (His brother) - Curtis Newcomb
Major Archie Phipps (Lady Crackenthrope's Brother) - - - - Barney Blickensderfer
Jack Menzies (Friend of Jimmy) - - - Robert N. Campbell
Parker (Footman at Hawkhurst - - - - - L. E Milling
Lucas (Servant at Jimmy's Flat) - - - Donald Buchanan
Lady Crackenthrope (Lord Crackenthrope's Mother) Susan Carson
Millicent Keppel (Sister to Jimmy) - - - Katherine Franklin
Mrs O'Mara (Widow of Professor O'Mara, F.R.S.) - - - Virginia Browning
Peggy (her daughter) - - - - - - - - Frances Deane

MADAME TEMPO DI MAZURKA'S WORLD-FAMOUS ENTERTAINERS VISIT THETA

Theta girls enjoyed a delightful program Saturday night given by Madame Tempo di Mazurka and her world-famous entertainers, whom they were fortunate to obtain in an open night on their tour of the United States.

The program opened with the introduction of the company, a group of talented artists and graceful entertainers, attired in rainbow-hued evening gowns.

Madame Tempo di Mazurka (Edith Longsworth) rendered a pleasing vocal number, and was followed by Mlles. Crescendo and Diminuendo (Ann Culbertson and Ruth Ackerman), the celebrated singers, in a classic duet. Miss Juliana Marlowe (Ethel Dorn) swayed the audience to and fro in ripples of mirth at her humorous reading from O'Henry. Mlle. Allegro (Thelma Adair), the Hawaiian member of the company thrummed the native instrument of her beloved isles in a manner which made one think of pale moonlight along a silver strip of beach in her romantic home-land. The program closed with a grand finale "The Love Ship" in which the entire ensemble participated (?). It was truly an evening of scintillating artistry, and Thetas hope to secure them again some time during the next year.

Y. W. IN FIRST MONTHLY AND SOCIAL MEETING

Junior and Senior girls met in Baldwin Parlors on Saturday evening directly after societies for the purpose of discussing business of the Association and enjoying a get-to-gether social meeting.

This was the first business meeting under the direction of the new officers. The Constitution was discussed and then different girls represented each phase of the Y. W. C. A. work and this showed the girls how much Y. W. is responsible for the activities of the Hill, both social and spiritual. After the business meeting, games and refreshments were enjoyed and each girl left with a fuller knowledge of the Y. W. C. A. work; and anxiously awaiting the next monthly business and social meeting.

SENIOR ATHENIANS ENTERTAIN JR. ATHENIANS

Well Balanced Program Provided.

If you were not at Athenian Hall Saturday evening you missed something, in the shape of an interesting program. The Senior section of the society entertained the Junior section, and a well balanced program was provided for the occasion. It proved to be the best all around program presented in Athenian for some time. The following numbers were given:

The Coal Strike - Forrest Brown
Reading - - - - Thomas Kent
Cornet Solo - Robert Broady
Jove's Thunderbolt - Herrick Arnold
Harp Solo - - - Andrew Majure
Jokes - - - - James King

Mr. Brown gave a comprehensive review of the coal strike situation. The most outstanding facts are: 600,000 miners are striking; 6,000 of the 7,500 coal mines are closed; the longshoremen refuse to unload foreign coal; the miners demand the old schedule, and a 6 hour, 5 day week; 63,000,000 tons of coal are in reserve; non-union mines can produce 5,000,0000 tons per week; consumption per week is about 8,000,000 tons; reserves will last about 6 months.
will last about 6 months.

Mr. Kent gave for his reading "Mein Jacob Straus". Mr. Kent gave an excellent interpretation of the reading in the German dialect. That it was well liked was shown by the applause which was given.

No comment need be made on Mr. Broady's cornet solo, for his solos are always excellent musical numbers for any program.

Nitrogen atoms were discussed by Mr. Arnold as "Jove's Thunderbolt". The paper gave a thorough discussion of the nitrogen atoms, and especially of their use in explosives. Briefly summarizing the paper we find: "Nitrogen atoms are both constructive and destructive. They grow our crops, and fire the great guns. They are especially useful in the manufacture of explosives. All explosives from the ancient Chinese gunpowder to the modern T. N. T. are compounds of nitrogen. T.N.T. and guncotton are the most important of the high explosives of today. This guncotton is made by treating ordinary cotton with nitric acid. The resulting compound is one of the most powerful explosives known. The chief supply of nitrogen is the saltpeter or potassium nitrate of Chile. However, nitrogen can be fixed from the air by means of an electric spark."

Mr. Andrew Majure is an artist when it comes to a harp solo. It is a treat to hear him perform. He gav the well-known ballad Nellie Gray, and later in encores a medley of popular ballads. We hope to hear your harp again Majure.

The conclusion of the program was one wave of laughter after another produced by Jimmy King's well selected jokes. Such as: Jonah and the whale illustrates that you can't keep a good man down. Alibi—proving you were at prayer meeting when you weren't; to prove you were not at crap game when you were. Successful business man—one who can buy from a Scotchman and sell to a Jew at a profit.

Next Saturday the Junior Athenians provide the program. The following Saturday the contest for the French Medal is to be held. Athenians you can not afford to miss these programs.

TENNIS COURTS ARE COMPLETED

Somebody has been up to something. Something sure is gonna happen. The rowdy tennis crowd has actually gotten the courts they want and now they can be satisfied. Two courts have been completed behind Memorial and no doubt others will soon follow. In any event, although two are hardly enough for tournaments and the like the Tildens and Johnsons on the Hill can practice on two anyway, and by the time they are ready other courts will be ready also.

PERSONALS

Rev. Mr. Robison of the Alpine School, Livingstone, Tenn. was the guest of his daughter, Mary Bob this past week.

Mr. Lee Herndon and the Misses Sexton have been honored by a short visit of Kentucky friends and relatives.

Miss Grace Blank has returned to the Hill. Miss Blank will continue her former studies.

Miss Jennie Montgomery of last year's Sophomore class, was a visitor on the Hill recently.

Dr. Miles of Sweetwater, Tenn. has been the guest of his daughter, Helen, recently.

Misses Katherine Graf and Stella Sehon of Knoxville who were Maryville students last year, spent this past week-end with Miss Elizabeth Dumas.

Mrs. Welmore with her two daughters and two sons who are returned missionaries formerly of California, are honoring M. C. by making it their future home. Welcome to the Hill! !

Miss Dorothy Stivers spent the past week-end at her home in Chattanooga.

BRILLIANT PROGRAM IN FIRST RECITAL

(Continued from page one)

Nicely's interpretation of each left no doubt at any time as to the identity of the character speaking. which five characters appeared. Miss The listeners were made to feel the romance of the old garden spot by the high wall, as well as the humor of the story. For her second number, Miss Nicely read three lullabies, one, the soothing song of an old negro mammy, one, a little Japanese sleepy-time song, and the last, Tennyson's "Sweet and Low". The beauty of the spoken poem was brought out more fully by a soft accompaniment on the violin and piano by Mr. Keene and Miss Tedford. Only the most favorable comment can be made on Miss Nicely's attitude of simple friendliness toward her audience and her excellent poise of manner.

Miss Atkins read Belacio's "Madame Butterfly". Every one in the house fell under the spell of the little Japanese maid's charm and loved her, and with her. The simple directness and sympathy with which the characters were handled indicated the reader's deep understanding of human nature. No one in the audience can ever forget little Cho Cho San nor will they cease to remember that she chose to die when she could no longer live with honor.

The pianiste, Miss Mattie Tedford, gave an exceptionally brilliant program. The Chopin Waltz was a splendid example of lightness of touch. The Rubinstein number Kammenoi Ostraro was full of rich tone work and fine legato passages. The Intermezzo in Octaves afforded an opportunity for a display of brilliancy in exceedingly difficult ocave passages. The Andante Finale, the number for the left hand alone was an example of marvelous skill in left hand work. Unless one had been watching one would scarcely have missed the right hand for the harmonies were so full and well done. The crowning number was the Concerto in G Minor. This is the severest test of a skilled musician in that the solo number is played without notes, to the orchestral accompaniment on the second piano and that the soloist must be so familiar with both parts that she knows exactly when to enter with first piano parts. Miss Tedford did this with great skill. The ensemble of the number was well worked out by both parties.

PREP OPEN DEBATE SEASON WITH VIM

(Continued from page one)

rebuttals.

Miss Ford opened fire for the negative and she surely covered herself with glory as a debater. This was her first debate but she certainly did her part in convincing the judges that the Initiative Referndum were not the things for state government. Miss Ford's rebuttal was short but weighty.

When Miss Deane came forward she aimed her fiery missles in such a way that every one reached its mark. She held us perfectly spell bound and convinced us that the proposed plan could not work since it was not even applicable to our own state, Tennessee. Her rebuttal was so forceful and convincing that even the strongest advocate of the policy being discussed would have been convinced of his erroneous ideas.

Mr. Robert N. Campbell and Mr. Sherman L. Burson defended Maryville by upholding the affirmative at Memphis. They left the Hill on Thursday afternoon and arrived in Memphis on Friday morning where they were met at the train by a very enthusiastic and friendly representative group from Central High. They were royally entertained throughout their entire stay, especially while at the home of Mr. H. A. Washington of 898 Estival Place.

Our two representatives acquitted themselves nobly indeed with strong, forceful and convincing constructive speeches and fiery snappy rebuttals. Maryville's only regret was that she couldn't hear their part of the debate. We know they fought bravely and Maryville is proud of them both in spite of the fact that Mr. Charles Craig and Mr. George Gately who represented Memphis, snowed us under with their eloquence.

No we haven't forgotten the decisions, they came last and the suspense at both schools held everyone breathless and wondering. The girls' team at home carried away their victory with a 2-1 decision while the boys bravely and with real Maryville sportsmanship surrendered to a 2-1 decision in favor of Memphis.

Three cheers for our prep debaters! Also every one get ready for our greatest and hardest debate, that with Knoxville on April 14th. Knoxville says, "We win this year". Everybody out and let's show her who's going to win.

LOCAL CHAPTER OF FRATERNITY LAUNCHED

(Continued from page one)

also installed and the members initiated. Mr. Nesbit a member of the Alpha Chapter of Wofford College, South Carolina presided as Master of ceremonies.

The formation of this organization marks a new epoch in forensic activities on College Hill. In becoming members of this National Forensic organization we ally ourselves such well-known schools as the University of Redlands, Iowa Wesleyan University, Michigan State College, Illinois Wesleyan University, Georgetown, Kentucky and many other prominent colleges and universities of our country.

Members of this fraternity are entitled to wear a key which indicates the rank of the wearer—whether debate, oratory, instruction, honary, oratory and debate, and oratory, debate and instruction. There are four degrees attainable. The first is fraternity, the second proficiency, the third honor and the fourth special distinction. These are also indicated on the key.

We are looking forward with a great deal of pleasure to the taking in as new members all those who have participated this year in college debates or in intercollegiate oratory. R. McC.

Miss Lula Darby honored Miss Agnes Lewis by a surprise birthday banquet last Saturday evening. All report a sumptuous time. The child birthdayer received many pretty toys.

POLY TIES YANIGANS

Tuesday afternoon, at Polytech, the M. C. Yanigans were held to a 5-5 tie in seven innings by "Peanut" Bond's Polytech Nine. The game was fairly fast from start to finish and the Yanigans displayed a fair brand of baseball from start to finish and scored handily on both Davis and McClure in the early innings.

For the Yanigans Ford and Captain McCall looked good, the former garnering seven strike-outs in five innings and walking but four men and the latter playing his usual snappy game at Short. For Polytech Horace Clemens played well.

The Yanigans scored their runs early in the game garnering two in the second and three in the fourth while Polytech awoke in the sixth and found Balch, who had replaced Ford, for three hits and four runs.

The line-ups were:

Yanigans	Polytech
McCall, s.s.	Teffeteller, 2b.
McClung, c.	Shields, r.f.
McMurray, 3b.	K. Clemens, l.f.
Huston, l.f.	H. Clemens, c.
Prather, 2b.	Chandler, 1b
Caldwell, 3b.	Hudson, c.f.
Taylor, c.f.	Eblen, s.s.
Troutman, r.f.	Crookshanks, 3b.
Ford. p., 1b.	Roy Davis, p., c.f.
Bedford, 2b.	McClure, p.
Ellis, l.f.	*Bird

*Bird hit for K. Clemens in the seventh.

	1	2	3	4	5	6	7	Total
Yanigans	0	0	2	0	3	0	0	5
Polytech	0	1	0	0	0	4	0	5

TEAM GETS UNIFORMS

On the eve of their departure for Knoxville, Coach Honaker gave the members of the baseball team suits. Thirteen suits were distributed and the following men received them:

Gray, Mathews R. Wililams, B. Williams, Ruble, Partee, McLane Acton, Sneed, R. McCall, Rowan, Wyncoop, Dinwiddie

The suits are of heavy grey flannel trimmed in Maroon with Maroon caps, trimmed in Orange and Orange and Maroon hose. Maryville is spelled out in Maroon letters across the front of the shirts.

Mr. Frank Minarik of U. T. paid his usual weekly call to the Hill this past Monday (from two until four-thirty).

SPORT SPAZZUMS

The Journal and Tribune, and our friend Bob Adams says:

New York Giants' Second Team efeats Maryville College by Score of 5-2. Pearce Malone Twirls For Rookies Against Collegians. Highlanders Play With Heads Up and Have Edge uring Major Portion of Fray.

By Bob Adams

One fatal inning marred an otherwise good ball game yesterday at Caswell park, and enabled Pearce Malone, who last year wore a Knoxville uniform, to get for the New York Giants' second team a 5-2 victory over Maryville College.

The Highlanders played great ball until the ninth frame, even though they did allow the world's champions rookies to overcome a one-run lead.

In the fatal ninth a series of errors mixed with a bone-head or so, intervened and destroyed what might have been a fine 2-1 game with the collegians holding their own against a bunch of major leaguers.

And further down:

"Collegians Had Edge

"For more than half the game the Blount Countains had the edge over their opponents, chiefly because they kept their heads up at all times. While Mathews was touched up for hits, the support behind him was air-tight."

So that our Highland bunch is rather feared in the U. T. Camp. If you don't believe it—Look this over:

VOLS EXPECT CLOSE MATCH NEXT MONDAY

Highlanders Will Meet U. T. Baseball Team.

Bishop and Turner Will Occupy Mound

U. T. To Have Practice Game This Afternoon With Vocational Nine

Since local baseball fans were given a taste of what Maryville College can do on the daimond by reason of the Highlander's excellent performance against the New York Giants second team yesterday afternoon, it begins to look like a real battle will be staged Monday on Shields-Watkins field, when the Blount Countains stack up against Tennessee.

"Maryville looks good" is all that Coach Banks will say regarding the coming game. The Highlanders displayed a well balanced team yesterday, with unusual strength in the box, backstop position and infield."

The Vols are engaging in two practice affairs before tackling the rival institution. Today finds the Orange and White men pitted against the university vocational nine, and Saturday against the Morristown All-Stars.

Coach Banks expects to use Bishop and Turner against the Highlanders, the same pair which turned in a 6-3 victory over Carson-Newman Monday. For some unaccountable reason, Maryville has always feared "Lefty" Bishop, who is regarded as one of the best college pitchers in the South. He has been bothered with a bad finger. However, this is rapidly healing, and his team mates expect him to be back in old time form when he undertakes to mow down the visitors Monday.

Turner's work in holding the Parsons without a run or hit for four innings stamps him as a heady reliable pitcher. With the experience of several years in the box, including the season of 1917 when he wore a U. T. uniform, he has developed a cunning shift of pace which is very disconcerting to the opposition.

The rest of the team will probably line-up with Blair, first base; Smith, second; Keister, shortstop; Lane, third; Aycock, left field; Williams, center field, and Tinkler, right field.

Surprises have been handed out before. Bring on Bishop and Turner and you, you guy back there.

YOU BACK THAT TEAM!

Could you call a lecture on the heart and lungs an organ recital?

—The Georgetonia

Y. NOTES

Last Sunday's Meeting Marked The Close of The Year.

The retiring officers are as follows:

Forrest Brown, president; Stanley Lange, vice president; Sam Franklin, treasurer; Roy S. Buffat, secretary.

Forrest Brown made a good impression as to the things that should be kept and developed in the Y next year. He also cautioned the new cabinet men about their duties. The meeting was then turned over to the new president, Roy S. Buffat.

Mr. Buffat in his address based his source of power for the coming year in God.

The new president's cabinet selection is as follows:

Membership - Harold Van Orden
Deputations - - Chester Karrick
Mission Study - - Arthur Kinsler
Bible Study - -
Social Service - Ralph Armstrong
Conventions - - - John Hall
Student International Relationships - - - - James Jackson
Lyceum - - - Walter Thompson
Social - - - - - Jesse Aldridge
Athletic - - - - - P. G. Rice
Music - - - - Robert King
Religious Meetings - Warren W. Warman
Publicity - - - R. A. N. Wilson

Dr. McMurray then charged the new officers and told them how they could improve the religious activities on College Hill.

Senor Arellano will talk about Mexico at next Sunday's meeting. It will be well worth every fellow's time to learn more about Mexico. Come and have Senor solve some of your problems.

A special musical number, a violin duet, will be rendered.

Y. W. C. A.

The meeting of Senior Y. W. C. A. on Sunday afternoon took the form of a consecration service. The meeting was on Bible Study, and when the roll was called every girl answered with a favorite verse of Scripture. These verses lodge in our memory as a string of priceless pearls from Bible reading.

The leader and several other girls discussed some of the benefits derived from Bible Study. The subject given for open discussion was "My Favorite Book of the Bible—and Why". Many girls responded and before the meeting was over almost every book of the Bible had a special admirer.

These open discussions have become a special feature of the Sunday afternoon meetings, and it is hoped that every girl will come prepared to take part in them.

JR. Y.W.C.A. HONORED BY QUEEN ESTHER SUNDAY

Any girl who was not at Junior Y. W. C. A. last Sunday should be very sorry for she missed a most interesting program. After the beautiful violin solo by Elsbeth McFerrin, Louise Gollmar told the interesting and charming story of Esther. The scenes: Esther brought to the king, Ahasuerus; Esther in the house of women and Mordecai coming to see her; Esther crowned queen; Esther begging the king to let the Jews protect themselves; seven capable girls.

The story of Esther was thus fastly and vividly impressed on each girls' memory.

ATHLETES HAVE NARROW ESCAPE

The sky was leaden over head, the weary athletes slowly wended their way across the plain. In the lead strode the stalwart Nokomis, behind him shambled Mudjekeewis, Laughing Water and Minnetonka. There had been a wreck. Far in the distance one might discern the outlines of the upturned wigwam, the wigwam had turned turtle. All because of one "orney" pole. Sadness filled the air. All was gloom, here they were in the country a long long way from home.

Nokomis broke the silence "Now you look a here, Minetonka," he growled, "you watch them poles next time.

MARYVILLE GLEE CLUB GIVES PROGRAM APRIL 13

Musical Organization To Appear At Park City High.

A program by the Maryville college Glee Club will be given in the Park City High School auditorium Thursday, April 13. The Glee Club has just completed its annual concert tour of East Tennessee towns and in each town was enthusiastically received.

A varied and well balanced program will be presented at the Park City auditorium. With the addition of a cornetist, violinist, reader and several soloists, the club is able to provide a most excellent entertainment.

The personnel of the Glee Club is as follows: First tenors, Robt. E. Lohr, Harry L. Owen, H. Reed Rowan, Ray H. Sullinger; first basses, Percy W. Buchanan, Ralph C. Jennings, Giles E. McGinley, Decatur F. Waddell; second tenors, Everett B. Jackson, Virgil C. McClung, E. Baxter Williams, Howard H. Sullinger; second basses, Lee R. Herndon, J. Alvin Keen, Robert L. King, director, and pianist, Miss Harriet L. Gregg; reader, Chas. R. McClure; cornetist, Harry E. Banister.

—Journal & Tribune.

BAINONIANS TAKEN BACK TO COUNTRY SCHOOL DAYS

New Program Secretary Shows Herself Worthy.

The members of Bainonian were taken back to childhood, in that much commended and laughed at country school, last Saturday.

The sketch was clever, showing all the old types from the barefoot boy with shoes on to his loving mama and the illustrious school board. Of course, it was visitor's day at the school, we were all there. The exercises went off beautifully except that in the confusion and hand-clapping, one poor child was forgotten and wept so that when she did get a chance to speak, she couldn't, this was a real tragedy, even for so young a woman. Miss Loux, as teacher, showed rare skill and tact.

The members of the society now exercise by patting themselves on the backs, all because we chose Miss Jackson for our program secretary. If this, her first program is a fair example, we feel sure that many delightful surprises are in store.

NEW JERSEY CLUB

The students from the Garden State demonstrated their good choice by picking out last Monday for their picnic. It was one of the most beautiful spring days we have had up to date, and we were all in a joyous mood when we departed for the woods, chaperoned by Mrs. McMurray.

We headed for the spring house down in back of the Stevnson's and arrived safely, thanks to the guidance of Barney Blickensderfer. From here we followed the stream and spent a pleasant hour by its side.

At a given signal four of our party disappeared, and returned shortly with ice cream, peach pie, sandwiches, and lemonade. When Francis Kinsler saw the nourishment he waxed enthusiastic for the first time that afternoon, and immediately became the life of the party, that is, until the refreshments were gone, then he returned to his usual ennui.

Those in the party were Mrs. McMurray, Helen Sweeton, and Douglas Andrews, "Patsy" and "Handsome", Myrtle Ardis and Barney, Laura and Warman, Helen Merle Hickman and "Music" Stewart.

Co.Ed—I'd like to try on that suit in the window.

Clerk—Sorry, but you will have to change your clothes in the dressing room. —The Georgetonian

HIGHLANDERS BEST MARS HILL SLUGGERS 1-4

(Continued from page one)

tee to McLane to Ruble.
One Run. No Hits. Three Erors.

M.C.

Sneed struck out. McLane hit safely to right. Partee hit through Lance on a hit and run play and reached second in the melee. Acton sacrificed, scoring McLane but was safe on poor peg. Williams hit to F. Davis and Partee was caught at the plate. Ruble doubled to center scoring Acton and Williams. McCall was hit by a pitched ball. Mathews grounded out, Dawton to Lance.
Three Runs. Two Hits. Two Errors.

Fourth Inning

M.H.C.

R. Davis fouled to Acton. F. Davis was hit by a pitched ball. Burnette singled to left. Dawton flied to Partee. Partee booted Lance's roller while F. Davis scored. McLane to Ruble.
One Run. One Hit. One Error.

M. C.

Gray flied to Hudgins. Sneed flied to Burnette. McLane flied to Hudgins.
No Runs. No Hits. No Errors.

Fifth Inning

M.H.S.

Hudgins flied to Sneed. Alen and W. Davis struck out.
No Runs. No Hits. No Errors.

M.C.

Partee lofted to F. Davis. Acton struck out. Williams popped to F. Davis.
No Runs. No Hits. No Errors.

Sixth Inning

M.H.S.

R. Davis walked. F. Davis sacrificed. Burnette struck out. Williams made a great catch of Dawton's high foul.
No Runs. No Hits. No Errors.

M. C.

Ruble got his second double to left and scored on McCall's sacrifice and Mathews' grounder that everybody booted. Mathews was caught off first.
One Run. One Hit. No Errors.

Seventh Inning

M.H.C.

Lance out, Gray to Ruble. Sams struck out. Hudgins singled to left. Allen struck out.
No Runs. One Hit. No Errors.

M.C.

Sams made a splendid catch of Sneed's bounder and threw him out handily. McLane singled to left. Partee flied to Allen. Acton walked. Williams flied to Allen.
No Runs. One Hit. No Errors.

Eighth Inning

F. Davis out, Acton to Ruble. Partee threw R. and W. Davis out.
No Runs. No Hits. No Errors.

M.C.

Ruble flied out McCal grounded out. Troutman, hitting for Mathews grounded out.
No Runs. No Hits. No Errors.

Ninth Inning

Burnette struck out. Anderson, hitting for Dawton grounded out, Partee to Ruble. J. Davis, hitting for Lance flied to McCall.
No Runs. No iHts. No Errors.

(Continued from page one)

hitting for McCall, popped out. No runs. One hit. No errors.

Ninth Inning

Giants

Berry struck out. Hale popped to Partee. Kinsella singled over second. Partee's peg was slow and Black, who had grounded to short, was safe. Kinsella stole second and went third on Black's hit. Black and Kinsella pulled a double steal, scoring Kinsella. Stengel singled scoring Black, while Stengel went second on the throw-in. Acton dropped Kopf's liner while Stengel went third. Kopf and Stengel pulled a double steal. Scoring Stengel. Samide fanned. Three runs. One hit. One error.

M. C.

McLane popped to Hale. Partee singled through short. Ruble advanced Partee on a sacrifice bunt. Acton sacrificed scoring Partee. Williams out. Kopf to Berry. One run. One hit. No errors.

HIGHLANDERS FIGHT VOLS LONG TO 9-9 STANDSTILL

GAME REPLETE WITH ERRORS ENDS IN TIE WHEN DARKNESS INTERVENES.

Bank's Hurlers Meet Match In Husky Hitting of Ruble Et Al —Mathews Shows Form.

Monday afternoon on old mean Shields-Watkins barn lot "Cholly" Partee's prize peaches played Coach Bank's U. T. baseball bunch to a 9-9 tie until darkness stopped the fray. The game, played before a fair sized crowd of leathernecks interspersed here and there with a few co-eds, was a slug fest from start to finish, the like of which is seldom seen in these parts. There were no less than three homers made, to say nothing of the scads of doubles and singles, which every body got. It was quite a quarrel while it lasted and had it not been for the unkind decision of Old Sol to set no doubt the score would have been steen to cempty by now.

The fireworks were fast and furious from the start and the game was a nip and tuck affair from the word go. With one down in the first Maryville started the ball rolling when Keister, Bishop and Lane all decided to catch McLane's loft to left. Partee who followed Eddie promptly tripled to center and McLane came romping home. U. T. doubled a moment later when Jimmie Smith walked, stole second, went third on Bishop's sacrifice; and scored on Campbell's push to Partee; and Campbell journeyed around on a series of errors and misjudgements. In the second, a pair of sacrifices brought Acton across the pan for the second M. C. tally, but U. T. again got rambunctious and again doubled the score.

In the third McLane walked and come home at a walk when Ruble couted one to the tall timber for a circuit. Meanwhile U. T. remained as she was and the score was tied for the first time. Then in the fourth both teams copped two markers and in the fifth both teams failed to score. Then came the sixth and lefty Bishop to the mound. Mathews encouraged him by popping to Smith but Sneed smacked one to Lane and "Dodo" heaved it toward Island Home. McLane sacrificed and "Tweedo" went second only to romp on in when Blair and Bishop played ping pong with Partee's push. "Lefty" waxed nervous and banged "Arthuh" in the arm with the ball. "Take your base!" Then the "Birmingham Flash" smashed the apple on the nose for his third hit of the game and our noble athletes "Cholly" and "Arthuh" rambled home. Tennessee was not dead however, and so she found a way to get two runs in the sixth and so both sides went scoreless until the last half of the ninth when White the first man up for Tennessee connected with a fast one and went for four bases. The tenth was scoreless.

The chief luminaries for the contest were Acton who played an errorless game on third and still found time to get four hits out of five times at bat and steal two bases. Then too there was the Ruble boy who drove the sphere out beyond the boundaries for first homer of the day, in the third and Jack Mathews whose pitching, while not quite so exceptional as his recent performance against Gotham's Giants was still quite up to the standards set by college baseball. In fact, save for the first three frames the Maryville cohorts behaved in quite an exceptional manner which speaks well for their success at future dates.

For U. T. Smith, Bishop and White performed well.

The game by innings should read:

First Inning

M. C.

Sneed whiffed. McLane was safe when Keister, Lane and Bishop pulled off their triangular debate over the right of catching it. Partee tripled, scoring McLane, but was called out for not touching third base on Ruble's fly to Williams.

One run. One hit. One error.

U. T.

Smith walked, stole second and went third. Bishop's sacrifice. Lane fanned. Campbell grounded to Partee who made a poor peg to Williams. Smith scoring and Campbell safe at second. White was safe on Partee's wild peg to Ruble and Campbell scored when Ruble's throwin got past McLane. Keister flied to Acton.

Two runs. No hits. Four errors.

Second Inning

M. C.

Acton hit safely, went second on a passed ball. Williams sacrificed, McCall sacrificed, scoring Acton. Rowan singled. Mathes popped to Smith.

One run. Two hits. No errors.

U. T.

Williams walked. Blair hit to right and Williams was caught trying to score. Turner was safe on fielders choice while Blair went out, Acton to McLane. Smith drew his second walk and he and Turner scored when Mathews heaved the pill past Ruble. Lane died, Acton to Ruble.

Two runs. One hit. One error.

Third Inning

M. C.

Sneed flied to Bishop. McLane walked. Partee flied to Bishop and Ruble slammed one out and he and Eddie came romping home. Acton hit to center but Williams whiffed.

Two runs. Two hits. No errors.

U. T.

Campbell walked but died stealing. White hit to center. Keister hit to left but was forced out, McLane unassisted, when Williams hit into a fielder's choice play. Blair walked. Sneed caught Turner's long fly.

No runs. Two hits. No errors.

Fourth Inning

M. C.

McCall singled to right and scored on Rowan's double to the duck pond. Mathews was safe when Blair muffed a peg. Sneed flied to Bishop, Rowan scoring. McLane flied to Williams. Partee grounded out Smith to Blair.

Two runs. Two hits. One error.

U. T.

Smith hit to left, stole second, went third on Bishop's fly to Rowan and scored on Lane's single to center. Campbell sacrificed, Partee to Ruble, and Lane, who had followed Smith around scored. White flied to Sneed.

Two runs. Two hits. No errors.

Fifth Inning

M. C.

Ruble fanned. Turner threw Acton out. Williams was safe when Lane bungled his bounder. McCall bingled. Smith threw Rowan out.

ELLIOTT NURSERY IS VERY GENEROUS DONOR

FIRM GIVES SHRUBBERY FOR BANKING OF THAW HALL.

Other Contributions Made For Campus Beautification.

The plans which Prof. E. R. Walker announced some time ago are at present coming to full fruition. These plans concerned the banking of the College buildings with many kinds of shrubbery and the general beautification of the campus. Professor Walker stated that he had received assurance of the donations of the necessary shrubbery by many nursery firms. Acknowledgement was recently made in the Echo of a generous gift of a number of fruit trees for the College orchard. The Elliott Nursery Co. of Pittsburg has recently given shrubs for the complete banking of Thaw Hall. These plants will add greatly to the beauty of the new building and will enhance the appearance of the surrounding campus.

A. E. Kundred of Gosham, Ind., has donated 125 gladiolii bulbs to be used by Professor Walker in campus beautification.

Atlee Burpee. the well-known seed firm, gave two pounds of sweet peas to be used in a bed which will be located at some advantageous point on the campus.

The Independence Nursery of Independence, Ohio, has furnished plants for the 10x16 water garden which is now in process of construction in front of Science Hall.

The water garden will consist of a beautifully bordered concrete basin in which will be various kinds of water plants. The Fourt Preparatory Class did the work of excavating and has furnished the funds for the concrete work. When completed the garden will furnish a very attractive and beautiful center for the plot in front of Science Hall.

The firms which have made these improvements possible deserve, and have, the sincere appreciation of the entire student body for their public spirit and generosity. Their method of conducting business on a broad and liberal basis is highly laudable.

The Fourth Preps, too, deserve much commendation for their efforts in behalf of the College. The water garden will be a lasting memorial to their splendid College spirit.

CONCERT PRESENTED BY FISK SINGERS

NEGRO SPIRITUALS HOLD LARGE AUDIENCE FOR LONG PROGRAM.

Great Appreciation Shown For Exceptionally Good Numbers

Did you attend the concert at the Chapel Monday night? If you did, you know what an impossibility it is to describe the program; if you did not, you missed a wonderful opportunity of hearing music with real feeling behind it, and of getting an insight into the Negro's innermost thoughts.

The colored man, Mr. Myers told us, has a heart and soul just like the white man's. He has the same feelings and wants to have the same opportunities in life. Fisk University is giving to the Negro the opportunity of obtaining an education so that he can better enjoy life, and be of greater serv-

SEASONS LAST DEBATE WITH MILLIGAN MONDAY

STRONG TEAMS GIVE ASSURANCE OF THIRD DOUBLE VICTORY OF YEAR'S SCHEDULE.

Question Is Of Current Interest And Affords Good Debate On Either Side.

Monday evening marks the close of Maryville's debate season. A very successful season it has been—with three debates resulting in two double victories and one even break. This year's schedule has been an unusually strong one and each question has been very difficult, demanding thoroughness of research and natural ability on the part of the debaters.

The affair of Monday evening, Maryville versus Milligan, is calculated to add new laurels to our Forensic League by a third double victory. The question is one of current interest and one which is frequently agitated. The question is: Resolved, that the United States Government should retain possession of the Philippine Islands permanently.

England has recently been called to face serious problems arising from the desire of various parts of her empire for independence. She has been forced to declare Ireland a free state and to allow Egypt to establish a native government. This rising wave of sentiment for political freedom has already touched the land which America freed from Spain and the movement for Philippine independence has many exponents. On the other hand, there appear to be reasons why the United States should not grant that freedom.

Monday evening's discussion of this interesting question should prove very enlightening and a large audience is expected.

Maryville's teams are unusually strong and they give assurance of a strong fight. The affirmative team which invades Milligan's territory is composed of Edward Cornelius, captain; Chester Karrick, and Arthur Kinsler. These men are all new in the ranks of College debaters but they are, without exception, men of great ability and brilliant style. Cornelius possesses an unsurpassable fire of enthusiasm coupled with very strong delivery and clear argument. Karrick is of a very logical turn of mind and has a very convincing style while Kinsler is a profound thinker and a pleasing speaker.

The negative team which stays at home is composed of Ralph Armstrong, captain; Clyde Wilson, and Floyd Corry. Armstrong is a veteran college debater and both of his colleagues have had an abundance of experience in the Preparatory Department. The details of their work may be seen of Monday evening.

This closing event promises to be one of the season's best and a large attendance is anticipated.

L. M. U. IS WINNER OF INTER-COLLEGE FRAY

Six Colleges Represented In Annual Oratory Contest.

The third annual Intercollegiate Oratorical Contest was held on April 7th. at Lincoln Memorial University, Harrogate, Tenn. This year's contest was an unusually strong one, orators from six colleges participating. The following colleges were represented—Carson-Newman, Cumberland University, Lincoln Memorial University, Milligan, Tusculum and Maryville.

The winning oration, entitled "The Curse of the Golden Crown" was delivered by Mr. Alfred C. Baldwin of Lincoln University.

Mr. Andrew Stewart, Maryville's representative, acquitted himself with high honor. His oration, "The Might of Right", was delivered in masterful style and was well received by the large audience.

This annual contest gives promise of becoming a greater event in future years. Contestants in various institutions are becoming more numerous, thus assuring the selection of the strongest man from each school. The prize, a thirty dollar gold medal, although a valuable thropy, does not equal the honor of winning such an affair for one's College. This honor should be sufficient incentive to insure many candidates for preliminaries in the various institutions represented and should spur the contestants in the finals to their best efforts. It is hoped that Maryville will enter fuily into the contests of future years and that her representatives will bring many laurels to her standards.

WILLIAMS PITCHES TO 3-0 WIN OVER NORMAL

EAST TENN. NORMAL FAILS TO PRODUCE GOODS.

Snappy Game In Spite Of Hard Sandstorm.

Boy "They satisfy". That ball team sure does strut it's stuff. 'Struttin' it's stuff is just naturally what it all the time don't do nothin' but do. Where's that guy said we did not have enough pitchers. We crave to show him another one. 'Low us to present Mr. "Buck" Williams that ball flinging fool. Tuesday was Mr. Williams' afternoon off and he spent his spare time sending our dearly beloved East Tennessee State Normal nine from Home Plate to the bench so fast it made their heads swim. There's only one trouble with Mr. Williams' pitching it's too good. Those Normal boys didn't even smell the oft mentioned keystone sack and only the paltriest of scratch hits allowed them to see first. Twenty-eight men faced the pitcher; twelve fanned; four flied out, one walked only to die stealing; ten were thrown out by members of the infield and but one hit safely. We do not know what you call it but it looks a good deal like airtight pitching to us.

In the opening frame "Shorty" Sneed hit to Choate who dribbled it and went second on McLane's sacrifice. He started third and "Cow-tromper" King let the peg pass him so Tweedo scored. Then in the second period with one down McCall singled to left, went second on Quillen's poor throw-in and scored on McMurray's bingle a moment

Patronize Those Who Advertise, They Make The Paper Possible.

The Sport Editor Says:

Lately there has been some talk relative to the use of slang in the Echo. Any Dumb Dora who has any thing to say let her break the sad and gentle to the oft remembered loblolly tree. Any hopeless sapp whose appalling ignorance is so lucious as to get such an idea is bats in the belfry. His dome is on the kazazaza, he is a very brainless wombat in fact and if that is not on the level we are wall-eyed sock-dodgers, and our name is mud.

The artless cheese who is such a paper nose and who says such a thing is dopey, daft, dumb and drooping. His coco is punctuated with flights of funty fancy, he is so dippy that any wee kiddo could make him slap himself in the kisser and roll over and play dead. He is an A1 example of a prize prune and the editorial staff of such a scintillating sizzler as this sheet will brook no interference from such an egg.

Kid listen, when we strut our stuff we do not use any phoney lingo and we authorize the reading public to crown any goof that says we do regardless of his politics.

CAMPUSISMS

Miss Marie Lowry has been the guest of her sister, Miss Blanche Lowry, recently.

Miss Lila McRee has left the Hill for the year. Owing to her poor health she was forced to give up her studies.

Miss Sidna Sherrod was a guest at U. T. the past week end.

Misses Rebecca Calderwood and France Bush, former students of M. C. visited here this week.

Miss Sidna Lamon was hostess at a beautiful party last Saturday in honor of Miss Lila McCree; who left for her home on Tuesday.

Miss Dorothy Stivers enjoyed a short visit with her brother, Mr. Theodore Stivers, of Cleveland, Tennessee, on Monday.

Misses Rena Mae Anderson and Susan Carson visited home folks last week-end.

Girls! Do you know that the Y. W. is planning an Easter treat for the little orphanage children? If you want to help see Louise Sheddan or Eugenia Evans. They may have a job for You. Get in the work!

SENIORS FROLIC AT DR. WILSON'S HOME

EASTER PARTY FURNISHES VARIETY TO SUCCESSFUL SERIES.

Many Enjoyable Features As Commencement Approaches.

On Wednesday evening Dr. Wilson opened his beautiful home to the Seniors for one of their semi-occasional frolics. This particular frolic was a very particular frolic, the first and last of its kind—an Easter party.

The scheme of decoration was fully in keeping with Spring. Beautiful woods' flowers were placed artistically about the rooms and over the whole was the soft atmosphere of Southern Spring. The affair was fraught, it seemed, more than any other, with Class spirit and good-fellowship. The coming of Spring brings, with sunshine and soft breezes, the realization that Commencement is near, bringing diplomas and farewells and as this sad, glad season approaches each Senior is very closely held by bonds of Class spirit which will continue to hold throughout life.

The time-honored egg hunt revealed more than concealed eggs. A round moon was shining and, naturally, there was much moon-shining around. Much reluctance was manifested when the summons indoors came. Tom Vance found the most eggs. Whether he accomplished this by assiduous searching or by chance discovery in rambling about in shady nooks was not ascertained.

The program indoors was entertaining and enjoyable to the last degree, yet, there were no expressions of regret when it reached its climax in dainty refreshments served on the moonlit porch.

It isn't far from Dr. Wilson's to Pearsons', but there is much ground intervening and there are no regulations governing the course taken or the amount of this ground which may be covered. Consequently, the journey may consume a very considerable period of time, which, as Benny Potts would say, it did. Dr. and Mrs. McMurray were last to arrive. Of course, they were chaperones, but chaperones at Senior parties don't have much to do, and the moonlight was glorious—well, we didn't expect them to arrive first anyhow.

The party was wonderfully successful in every sense of the word and it was one which will linger long in the memories of Seniors as they go their various ways into the world and life.

We thank President Wilson for his hospitality in extending to us the use of his beautiful home. Much has been contributed to the success of the Class of '22 by Dr. Wilson, and in our four years here we have cherished an ever-growing respect and affection for him.

Bill Montgomery, a freshman here in 1919-1920, is making a name for himself at Wooster. He was a member of the Glee Club last year, but owing to pressure of other work gave it up this year. He belongs to the Congressional Club, the Student Senate and other important organizations. For the two years he has been in Wooster he has been on the basket ball squad, during this year being sub-guard on the team which won the state championship. He is expected to make the varsity next year. Recently he has been elected Prsident of the Y. M. C. A. for next year.

This is a resume of several items gleaned from the Wooster Voice, the college weekly, and is authentic.

Pauline (in Bible class)—"Prof., did babies talk in those days?"

Prof. Traum—"Why, no. What makes you ask?"

Pauilne—"It says that Job cursed the day he was born."

—The Periscope

Nowadays girls are much like sa lads, lot depends on the dressing.

—White Tepper.

SERIOUS PROGRAM IN THETA

Theta girls were told to expect a serious, really worthwhile program Saturday night, and so they looked forward to many interesting classical numbers. The program consisted of several deep readings by Louise Corson, and Jeanette Jamison, which were so serious that they brought tears to the eyes, several pieces of heart-rendering jazz by the famous Saxophone Sextette, and a debate on a very serious and important subject.

The question was: Resolved: that a long, lean, lanky man is preferable to a short, fat, stubby man. The affirmative was ably upheld by Louise Golmar and Margaret Willis. Katherine Wikel and Miriam Palmer were the strong advocates of the negative. A few of the best points of the affirmative were, that every girl wants to look up, and up, and up, to a man. a lean man does not eat so much as a fat man; he is advantageous in a crowd, as he can see over the heads of other men and report proceedings to his fair companion; instead of puffing when he walks, he can fan his lady when she puffs. The negatives were on the job with a well-prepared constructive speeches in which they maintained that a fat man's affections always remain constant, since no woman will try to vamp him; therefore he is a permanent asset; that he has an even temper, and therefore is endurable; he is always the life of any party; and he has no trouble sleping in a Pullman or a short hotel bed.

In the rebuttal, the affirmative brought out the facts that a tall man can always sleep diagonally, that a fat man would keep his wife busy cooking, and that it is impossible to sit on a fat man's lap, since he hasn't any. The negative speakers were somewhat non-plussed, as they had prepared their rebuttals according to the speeches of the affirmative, which they had seen beore the debate. But alas, the wily affirmative had made changes in their plans, and the negative found it necessary to perform some rapid mental acrobatics. The decision was two to one in favor of the affirmative.

"WE CAN'T DO WITHOUT THE MEN" PRESENTED BY BAINONIAN

Ever been to New York? Then you know the sort of entertainment that Bainonians enjoyed Saturday. A real musical comedy, interesting, graceful, harmonious and bright.

As a woman, I could hardly believe the title, but Miss Frow, the heroine, proved that it was so. You see it was all right until a slithy, creepy varmint of a vet appeared on the scene, or rather the man (Geraldine ODell) said it did, and by taking unfair advantage of our heroine's fear, that man made her confess that his sex is a really necessary article of convenience and safety.

The chorus was as dainty, light and attractive as any professional one. Each member was dressed in a different colored costume, flowery and demure. They danced and sang with all the good old pep, vim and unconscious croquetishness found, though the world be searched, only in Bainonian.

FRENCH CLASS

Miss Wheelock: Miss Neal, what preposition indicates 'place where' and 'where to' before names of continents?

Jo Neal: (waking from a deep reverie) Uh-h-h

Miss Wheelock: 'En' is correct, Miss Neal.

FOUND—In vicinity of Maryville frat pin set with pearls. See editor for same.

FORENSIC LEAGUE

On Thursday, March 30, President Vance called a meeting of the Forensic League for the purpose of electing officers. As the league has been particularly active this year, nineteen of the twenty-four members attended.

Ralph Armstrong, a debater with three years' experience in forensics at Maryville, was elected president by a large majority.

The other officers elected were Sam Franklin, vice-president; G. Leslie Poe, secretary and treasurer; and Andrew Stewart, editor.

These officers-elect have declared that they will do all in their power to keep the Forensic League up to the same high standard as is traditional with all Maryville activities.

MR. CALDWELL, NEW CHIEF CLERK

Mr. A. B. Caldwell, of Jefferson County, entered upon his duties as Chief Clerk in the State Department of Public Instruction March 20th.

Mr. Caldwell received his A. B. from Maryville College in 1916. He served as Second Lieutenant for eighteen months overseas. When the war closed he returned to the States and entered Columbia University, where he received an M. A. degree, specializing in school administration.

Hush, little college,
Don't you cry,
You'll have a gym
By and by.

—Gold and Black.

Girls used to stay at home because they didn't have anything to wear—but look at them now.

Man-Made Lightning

FRANKLIN removed some of the mystery. But only recently has science really explained the electrical phenomena of the thunderstorm.

Dr. C. P. Steinmetz expounds this theory. Raindrops retain on their surfaces electrical charges, given off by the sun and other incandescent bodies. In falling, raindrops combine, but their surfaces do not increase in proportion. Hence, the electrical pressure grows rapidly, Finally it reaches the limit the air can stand and the lightning flash results.

And now we have artificial lightning. One million volts of electricity—approximately one fiftieth of the voltage in a lightning flash—have been sent successfully over a transmission line in the General Engineering Laboratory of the General Electric Company. This is nearly five times the voltage ever before placed on a transmission line.

Much valuable knowledge of high voltage phenomena—essential for extending long distance transmission—was acquired from these tests. Engineers now see the potential power in remote mountain streams serving in industries hundreds of miles away.

Man-made lightning was the result of ungrudging and patient experimentation by the same engineers who first sent 15,000 volts over a long distance thirty years ago.

"Keeping everlastingly at it brings success." It is difficult to forecast what the results of the next thirty years may be.

SHORT NOTES FROM OTHER JOURNALS

Jack Dempsey has gone to Europe. He says he will fight anyone. Whatsmatter Jack? Broke?

Big League seasons have started. Wonder where those Giants scrubs went.

U. T. plays Pioneers Friday. We see where the Pioneers have an easy game.

WILLIAMS PITCHES TO 3-0 WIN OVER NORMAL

(Continued from page one)

later. It went on thus until the eighth with two down. Sneed singled to center. McLane followed suit and Tweedo scored his second run of the session when Partee slapped out a clean single to eight. Then the scoring stopped for the day.

The most notable features of the game however, were its shortness and the splendid playing of the infield which, although deprived of the services of Ruble, whose injured arm kept him from the fray, played an errorless game, collecting among the four of them seven assists and thirteen put-outs without a single error, quite an exceptional showing when one considers the terrific difficulty in handling through the dust and windstorm.

Massengill who pitched for Normal struck out five men, alowed six hits and no passes but his infield was leaky and the six errors which they made proved his undoing.

EXCHANGES

USE YOUR HEAD

A woodpecker pecks out a great many specks
Of sawdust when building a hut;
He works like a nigger to make the hole bigger;
He's sore if his cutter won't cut.
He doesn't bother with plans of cheap artisans,
But there's one thing can rightly be said;
The whole excavation has this explanation;
He builds it by using his head.
—Harlem Davis, in Calumet Sales Sense.

Teacher: "What do you expect to be when you are of age?"
William: "Twenty-one."
—Ocean Current

Johnny came strolling in an hour after classes started.

The teacher spoke to him, "Johnny, I see you're behind this morning."

Johnny (blushing): "Yessum", he replied, "my hat blew over the fence and I tore my trousers climbing over after it."—Gold and Black

Fresh: "Ever hear the story about the wooden whistle?"
Solemn Senior: "No, tell it."
Fresh: "Well, it wouldn't whistle."
—Gold and Black

Y. NOTES

Senor Arellano gave a very interesting talk on his native country, Mexico, at the Y. meeting Sunday afternoon.

Senor said that the United States and Mexico had been on bad terms for a good many years and he thought the only way they could get on better terms was to know each other's country better. He said it was his duty to tell us more about Mexico. and if we understood his talk the way he expected us to, his duty would still be only half over. The other half was to tell the Mexicans his impressions of the United States when he went back home.

The idea of a Mexican being a fellow with cowhide trousers, a wide rimmed sombrero, and a six shooter on each hip was done away ith in Senor's talk. He pictured Mexico as having three classes of people. The people descended from th Spanish, the Indians, and the white people.

The schools of Mexico Senor says are very good but are not extensive enough. The rich people only are allowed to attend the schools, while the poor are not provided for.

After Senor's address Dr. Wilson asked to say a few words.

Dr. Wilson told us a little about his missionary trip to Mexico and said that although the Catholics in Mexico are not for the good of the country, there are always a few heroes giving their lives for the advancement of God's kingdom, and the welfare of their nation. He mentioned Senor's father as being one of these heros.

Senor is leaving here for his home this summer and will soon be telling his countrymen about us and the things that we do, so let us try to do things just as we would have them told by him.

Go to it, Senor, you are doing your part.

Y.W.C.A. FAVORED BY A TALK BY MRS. McMURRAY

Last Sunday afternoon many representatives of the Y. W. C. A. gathered in the Y. W. C. A. lecture room to hear Mrs. McMurray's discussion on etiquette. After a few opening remarks Mrs. McMurray requested the girls to make this an informal meeting and to ask any questions which puzzled them. Questions were asked about introductions, etiquette of young women when accompanied by young men, and etiquette in general. The girls learned a great many of the essentials of real ladies and gentlemen. Many of these points on etiquette were not new to us but were only refreshed in our minds and we realized how much they had been neglected in the daily life on College Hill. The girls wish to express to Mrs. McMurray their appreciation of her great help and interest in all the Y. W. C. A. activities and especially of this last Sunday afternoon's devotional meeting. Our one regret is that the whole student body did not hear Mrs. McMurray.

EXCHANGE

The Exchange Editor is, the most progressive member of the editorial staff. He alone has sought to add an Easter touch to this number. As an incentive for the season's spirit he submits a number of strictly fresh egg jokes.

Professor: "What part of speech is the word egg?"
Student: "Noun, sir."
Professor: "What is its gender?"
Student: "Can't tell, sir."
Professor: "Is it masculine, feminine or neuter?"
Student: "Can't say 'till it' hatched."
Professor: "Well then, my lad, can you tell me the case?"
Student: "Certainly! The shell, sir."
—Periscope.

Miss Coedna: "Pass me the eggs, please."
Mr. Phunny: "Do you want 'em bad?"

NEW ORGANIZATION ON THE HILL

Chemistry Club

We are tired of hearing our much loved course slandered by the "Fish"—it gives us inward pain. So the survivors of last year's Chemistry Society put their heads together and thought, took their heads apart,—then worked,—as a result we have a brand new Chemistry Club with which we mean to defend ourselves from any further trouble from the few who do not like us. We intend to use this club to stir up interst among students of Maryville College in the Science that feeds us, clothes us and protects us. So when you speak ill of chemistry, be careful "Don't bite the hand that's feeding you."

Every first and third Tuesday night of every month the lovers of chemistry wield their new club. The first blow was struck by George Howell and Bill Arnold and indeed it was a blow, a very effective blow. Each person sat erect, spell-bound with one hand cupped around his best ear, every sense alert lest one word fall to the ground. It by far surpassed any fairy tale we ever heard as children.

Mr. Howell told how, by the magic wand of chemistry a man once thrust his hand into the black, sticky, foul-smelling mass of coal tar and straightway he drew out all the colors of the rainbow. Not only that, but the sweetness of honey and even the fragrance of roses—then all the people were happy and lived much better ever afterward.

Bill then opened up his best of scientific acquirements and told another story equally wonderful and interesting entitled "Jove's Thunder Bolts". It portrayed the little atom of nitrogen as the destroyer, and told how its insignificant little self transformed pure white cotton into deadly explosives. He told also how this same little atom made all the other deadly "pops" and explosives used in the late war.

Miss Ruble and Mr. Charles Ellis took their place at the helm the second meeting and wielded the big club.

Mr. Ellis told us of the life of Madame Cuirie, the discoverer of Radium. Miss Ruble told us also of Radium and its mysterious actions.

Everyone who has had three semesters of chemistry or who is now taking the third semester is eligible to full membership. Drop in next third Tuesday night to see our Club. When you see it you'll want to take hold of it and help us wield it against all slanderers of chemistry, transforming them into lovers of this mysterious and interesting study.

Everybody out to see our new Club and let's "Make 'em big"!

SARDINE CLUB IS ENTERTAINED

Sardines do not grow on trees houses or even barns.

Entertained by Katy Buell and Mildred Lowe the "Sardine Club" enjoyed a most unusual time out at Mrs. McIlvaine's lovely home on Saturday evening, April 8th. We congregated early and lounged on the grass in regalia of the Trail till the moon came up and turned darkness into light. Then we betook ourselves with full hands to a spot where a huge bonfire blazed a cheerful welcome. Soon the aroma of fat juicy hamburgers mingled with the moonlight to add perfection to the evening. Food kept coming. Hot scalloped potatoes, crisp potato chips, delicious cold slaw constituted the first course. Cake a foot thick with ice cream and lemonade completed the meal. The favors were sleek green onions presented to "Ramps" Kinsler which he grudgingly divided.

When we returned we took reserved seats in the back yard in the liquid monlight. Here we sang every familiar song knowable from "Adam" to "Dixie" until Senior said "Let's Go!"

Thanks to our hostesses.

HIGHLANDERS FIGHT VOLS TO 9-9 STANDSTILL

(Continued from page one)

No runs. One hit. One error.

U. T.

Keister out. Partee to Ruble. Williams flied to McCall. Blair hit safely, Cantwell hitting for Turner, singled. Smith flied to Sneed.

No runs. Two hits. No errors.

Sixth Inning

M. C.

Bishop replaced Turner on the mound for U. T. Cantwell going to left. Mathews flied to Smith. "Dodo" Lane heaved the ball over Blair and Sneed was safe at second. McLane sacrificed. Blair and Bishop practiced tennis with Partee's roller and "Tweedo" scored. Ruble was hit by a pitched ball and he and Partee scored on Acton's bingle. Acton went second as Williams walked and stole third. Williams stole second. McCall fanned.

Three runs. One hit. Two errors.

U. T.

Bishop hit the second ball pitched on the snout and it went for a homer. Mathews hit Lane with the ball and Dodo scored on Campbell's triple but Campbell was caught at the plate trying to make a homer of it. White popped to McLane. Keister was safe at first when Partee handled his roller slowly but died stealing.

Two runs. Two hits. No errors.

Seventh Inning

M. C.

Rowan grounded out. Keister to Blair. Mathews flied to Blair. Sneed grounded out Lane to Blair.

No runs. No hits. No errors.

U. T.

Williams walked but died stealing, Blair fanned. Cantwell hit to Mathews.

No runs. No hits. No errors.

Eighth Inning

M. C.

Partee and McLane fanned. Smith threw Ruble out.

No runs. No hits. No errors.

U. T.

Smith lofted to Acton. Mathews threw Bishop out. Lane walked and stole second. Campbell flied to Rowan who caught the ball after executing a pair of hand springs and a nose dive.

No runs. No hits. No errors.

Ninth Inning

M. C.

Acton hit to right and stole second. Williams, McCall and Rowan whiffed.

No runs. One hit. No errors.

U. T.

White hit the second pitched ball to right for a circuit. Keister, Williams and Blair fanned.

One run. One hit. No errors.

Tenth Inning

M. C.

Bishop threw Mathews out. Sneed fanned. McLane doubled to center. Partee fanned.

No runs. One hit. No errors.

U. T.

Cantwell lofted to Sneed. Smith walked. McLane made a splendid catch and play of Bishop's hot one. Lane flied to Acton.

No runs. No hits. No errors.

Game called on account of darkness.

ice to his own race and to the world. A Negro is naturally musical, and puts all of his emotions into song. These songs, which spring from the heart of the people, portray their religion and love, joy and sadness Only hate is lacking. The Negro has no Hymn of Hate.

The program consisted of Negro folk songs and readings. Every song from "Steal Away to Jesus" to 'Swing Low Sweet Chariot" was a marvel of interpretation by the five well blended voices. How the air vibrated when "Shout All Over God's Heaven" was sung! and surely every one felt a new responsibility when he heard "Hear de Lambs A-crying" and "Couldn't Hear Nobody Pray". Are you from Kentucky? If so, how glad you must have been to hear "Kentucky Home" once more! And if you are from Virginia, did you not experience a happy sensation when they sang "Carry Me Back To Old Virginny"? No one, even if he has not studied Exodus, will soon forget that "Pharaoh's Army was Drowned."

Besides the group songs, there were several enjoyable solos by Mr. Collins and Readings from Paul Lawrence Dunbar by Mr. Meyers. How those eyes rolled, and what a typical, morning scene the first selection was! The entire program was one of the most entertaining, and at the same time instructive, features with which Maryville College has been privileged this year.

Do you know that it is the Young Men's Christian Association that brought the Fisk Jubilee Singers to Maryville, and that that is only one of the many things it has done for you? Let us all do our best to boost the Y. M. C. A. and its sister organization, the Y. W. C. A., to show our appreciation and gratitude.

Sam Hall: "Have you ever had any experience with dyeing eggs?"

"Hooks" Henderson: "No, but I got one at breakfast that was dead".

Professor (in Journalism): "What is the most effective form of theatrical criticism?"

Wise Guy: "A rotten egg, sir."

—The Cardinal

SPEED EXHIBITED IN SECOND ANNUAL Y. M. TRACK MEET

SLIM McGINLEY GOES ON HIS WINNING WAY WITH TWENTY SIX POINTS FROM EVENTS.

Other Stars Look Good In Field Match In Various Events—Good Prospects For U. T.

Monday last, before a fair crowd of track enthusiasts, the second annual Y. M. C. A. Track and Field Meet was brought to a close and "Slim" McGinley was crowned with the laurel et cetera. The meet, which was to serve two purposes, namely to provide a place for display of individual talent and to serve as first try-out place for our yet embryonic track team, was an eminent success and although the field of contestants was smaller than it might have been the competition was fairly keen throughout.

McGinley, the winner with twenty-six points, garnered from four firsts and a brace of seconds had as his chief runners up Acton, with eighteen points from three firsts and a second and the triple-tied Holland-Howell-King combination each of whom netted ten markers.

The first event, the hundred yard dash was won for McGinley in midrace by his lengthy stride. Acton his nearest competitor left the gun well and led for forty yards when he was overhauled by "Slim" and ran hard to the finish where McGinley beat him by a yard. Kinsler ran a fair third. The time was 10 4-5 seconds.

Then followed the Pole Vault which Acton won when Holland failed to make eight feet one inch, although he has been staying around ten all year. The form of both first and second place men is good although Holland's jump could stand a little faster rise. Both men were seriously handicapped by the wind and the short pole so that much better can be expected of them under more favorable conditions. Rowan took third. The winning vault was eight feet one.

The shot put followed. Bob Thrower won it putting in civilian clothes he shoved it out thirty six feet. McGinley drew second with a toss of thirty feet nine and three-fifths inches, while Black threw it a wee bit better than thirty feet for third place. As Thrower's form improves his distance increases. The best he has done thus far is about thirty nine but no doubt practice will soon put him in the forty foot aggregation.

The next event was the hundred and twenty yard high hurdles, which McGinley, displaying his usual form but in no wise forcing himself, took. His time was 18 1-5 seconds.

Following this came the mile which was won by George Howell. Running easily and without apparent exertion George took the lead at the first turn and holding it confidently made the first quarter in 67 seconds, the second in 76, the third in 80 and finished thirty yards in the lead for a time of five minutes two and three-fifths seconds.

Templin placed and Ellis finished third.

Then came the running high jump. Acton and Rowan tied for first at five feet two after Acton's left calf had become slightly wrenched. Both jumped well but showed a slight lack of the confidence which only practice brings.

Holland and McGinley tied for second at five one.

McGinley won the two twenty in the same handy manner he had won his other two dashes finishing yards ahead of his nearest competitor, King, for a time of twenty three and two fifths seconds. As had been the case in his other two races, "Slim" was not forced to exert himself fully hence he did not run the race he would in more dangerous company.

The Discus Throw, won by Wyncoop followed. The distance was eighty feet seven and one fifth inches. The place man, Newman ran into hard luck when he threw it eighty feet six inches while Huber came third with a seventy six foot four inch toss. Although no contestant possessed and abundance of form that of Wyncoop was perhaps the best although Newman whose total disregard for form was most noticeable came within an inch of equaling him. In fact Newman's distance is remarkable for that reason and no doubt a little coaching and practice will convert him into a good disc thrower.

Jimmie King won the four forty. His time was fifty-nine seconds which is only too remarkable when we consider terrific wind which confronted him on the western side of the track. In fact his race was a splendid one and worthy of notice any where. The entire field got away well and King took the lead at the turn. On the western side the pace and the wind scattered the runners and King's stride soon left Griggs, Rosa, and Huber behind. King finished strongly forty yards ahead of Griggs who had out run the other two.

Acton took his third first of the day in the running broad when he covered nineteen feet eight and two fifths inches on his third jump into the sand pit. Bob King took second and Rowan third. Of the three Acton's form was the best and his record of twenty feet three inches made later stamps him as a capable wearer of the Orange and Garnet.

Then came the two hundred and twenty yard low hurdles, another McGinley race. Slim's time was 28 3-5. Jourolman ran second. Following this came the eight eighty. Jimmie King won it with Holland a fair second. The time was two minutes, twenty seven and two-fifths second. The wind also halted the runners in this race and King's stride enabled him to out go Holland who spurted too early in the going.

After the eight eighty came the two mile, a race which seems to be George Howell's own idea of fun. However, he was not without opposition for Templin "The Mountain Goat" also stepped it off with him. Howell's time for the distance, during which he faced the driving wind eight times, was eleven minutes, seventeen and two fifths seconds.

Jourolman, who heaved the javelin a hundred and twenty three feet took the Javelin throw by a goodly margin from Wyncoop. The form of neither of them was exceptionally good and both showed the need of further practice. However, ability was manifest and no doubt work will develop it.

(Continued on page four)

SENIOR CANDIDATE IS QUEEN OF THE MAY

MISS MARGARET McSPADDEN ACCORDED CHARMING HONOR OF SEASON.

Plans Made For Festival Surpassing Even Those Of Former Years.

The results of Tuesday's balloting reveal that Miss Margaret McSpadden, the candidate of the Senior Class, is Maryville's Queen of the May.

Miss McSpadden is widely known among the student body and is universally popular. It is especially fitting that this charming honor should be conferred upon a member of the Graduating Class, and, more particularly, upon Miss McSpadden whose popularity is revealed by Tuesday's election.

In past years very beautiful features have been prepared for the event of May Day and this season's occasion bids fair to eclipse the efforts of any former year. The program is presented on Monday afternoon, usually on Baldwin Lawn, and consists of features given by each class, reaching a beautiful climax in the coronation of the Queen of the May, followed by the Maypole dance.

It is possible that this program may be departed from to some extent this year, and, in the event of its being followed as in former years, many new and charming features will be added.

The Y. W. C. A. fosters the choosing of the May Queen and the preparation of the May Day Program each year, and this year the best talent of the Association is being devoted to this opening feature of the Spring's social program.

HIGHLANDERS PULL PIONEER COMEBACK

MOFFETT'S KNOXVILLE PRIDES MEET 11-0 REVERSE IN SECOND DIAMOND FRACAS.

Honaker Crew Spanks Horsehide All Over Lot As Sharp Ascends In Smoke.

"J'ever get left?" Frank Moffett did. He thought just because he beat us 9-2 we were the original suckers "wich" as little Bennie says "we ain't". Thursday's fracas was a bitter pill there is no rubbing it out, but even the best of teams have an off day now and then and it always seemed to us as though it were a lot better to have an off day at home than "Somewhere's in France" as Bill used to tell Mabel. So we had it and aided by the worthy Mr. Sharp who waves a wicked left forefoot, and who had succeeded the little Williams boy that we had knocked out Moffett's mob conferred a sweet defeat upon us.

Although defeated Gray deserved to win. He pitched capable ball the whole game and allowed but seven hits while even the stalwart brother who once yelled C-N-N. Rah! Rah! with the best of them allowed four in the four innings he occupied the mound.

The luminaries of the contest were the opposing pitchers Gray and Sharpe and it is unto the latter that the Pioneers undoubtedly owe their victory. However, he did not pitch his way to victory. The

Tusculum vs. Maryville	Maryville	3	0
Milligan vs. Maryville	Milligan	2	1
Milligan vs. Maryville	Maryville	2	1
	Total	18	6

The Maryville College Debate season of 1922 is history. And a very creditable history it is, for out of the eight decisions rendered in the intercollegiate debates in which Maryville has participated this year, seven have been favorable to us, and eighteen of the twenty-four judges who have acted in these debates have cast ballots for the defenders of the Orange and Garnet. Four of the decisions favoring Maryville were unanimous.

Negative teams debated at home in every case and in all cases were victorious. The one defeat was suffered by an affirmative team on a foreign floor. Each team was made up of three principals and an alternate and, in keeping with the practice of former years, no debater appeared twice. Accordingly, twenty four debaters represented the College as principals and eight as alternates in the four dual debates which made up the schedule. In spite of sore throats, over-wrought nerves and all manner of other threatened calamities, all those who were chosen as principals survived until the date of appearance and weathered the debate. A great deal of credit, nevertheless, is due to faithful alternates who stood by to help in case of need.

Seven debaters will be lost by graduation. Seven juniors, seve Sophomores, and four Freshmen held principals' places on the teams Eight had debated before as principals on college teams and five as principals on preparatory school teams. Five had served as alternates on college teams and one as alternate on a preparatory debating team. Nine members of the teams had done no interscholastic debating until this season. Six of these had never been candidates for Maryville teams before. One was chosen last year but illness prevented his serving.

The first debate of the season was the girls' debate with Tusculum on March 7. It was the third year of the history of this arrangement. In the two preceding years, the decisions had gone to the teams debating on their home floor in all cases, but this year Maryville won at home and abroad. It is the first time in many years that Maryvill teams have won unanimous decisions in both ends of the same debate.

The second debate was held March 14 against Roanoke College a new opponent with a proud forensic record. In this debate two of the best debaters of Maryville's forensic history, Vance and McClure, captained their respective teams to victory in this their last appearance for their alma mater on the forensic platform. The affirmative team won unanimously at Roanoke and the negative team 2-1 here.

The thir debate came March 27 with Tusculum on the single ta proposition. The annual debate with Tusculum is the oldest and most honored of Maryville's debate traditions. The keenness of the competition on this occasion is indicated by the fact that both colleges won the home debate unanimously.

The fourth and final debate of the year came on April 17 against Milligan College. This was Maryville's first meeting with Milligan in debate and it was a real battle both at home and at Milligan. The Milligan boys fought all the way and our men are proud of their two 2-1 decisions against them.

The debaters are grateful to the College for the loyal support which the students and faculty have given them in every way. The audiences have been more respectfully attentive than before. Thanks are due the music department for the pleasing musical selections which have been rendered at the home debates. Especial thanks are due Mrs. McMurray and the girls of the Home Economics Department for the excellent suppers which have been served to the home team and their visitors on the evening preceding each debate. The traveling teams remember gratefully the attentions and encouragement offered by Miss Green, Dr. McMurray, and Professor J. A. Hyden their respective faculty accompanists.

It is too early to announce next year's plans but it is not too early to announce the prospects of a strong schedule and to urge all forensically inclined students to get into the preliminaries and contribute to the strong competition which produces great teams.

The debate records of the Seniors who represented the College this year follow:

Vance, Thomas B.

Affirmaitve vs. L. M. U. at home, April 19, 1920, won. Affirmative (acting captain) vs. Tusculum at Tusculum, March 21, 1920, won. Negaitve (captain) vs. Roanoke at home, March 14, 1921, won.

McCall, Ruth

Affirmative vs. Tusculum at home, April 26, 1920, won. Affirmative vs. Tusculum at Tusculum, March 6, 1921, lost. Negaitve (captain) vs Tusculum at home, March 7, 1922, won.

McClure, Charles R.

Negative vs. L. M. U. at L. M. U, April 19, 1920, won. Affirmative (captain) vs Roanoke at Roanoke, March 14, 1922, won.

Ensign, Janet

Affirmative (alternate) vs. Tusculum, home team, 1920. Negative vs. Tusculum at home, March 7, 1922, won.

Sharp, Charles N., Jr.

Negative (captain, did not serve

MARYVILLE TEACHER VICE-PRESIDENT

Memphis, Tenn., April 15— Dr. H. C. Sanborn, Vanderbilt university, Nashville, was elected president of the Southern Society for Philosophy and Psychology at the closing session of a two-day convention here today. Other officers elected were: Dr. J. C. Barnes, Maryville College, vice-president; O. R. Hughes, of West Tennessee normal, secretary and treasurer, and Dr. J. M. Fletcher, Tulane university, and Dr. Joseph Peterson, Peabody college, executive council.

LOCAL HAPPENINGS

Miss Henrietta Smith who has been suffering from a sprained ankle is at present able to be out again with the aid of crutches.

Miss Harriet Green has had as a guest her father, Mr. P. E. Green of Chattanooga.

Miss Mary Robison left Wednesday for Hot Springs, Ark. where she will attend the National Y. W. convention.

Mrs. Odell of Bessemer, Ala., has been visiting her daughter Geraldine for the past few days.

Misses Henrietta Jackson and Mar Cartledge entertained a number of friends last Saturday with an Easter feed.

F. A. Greene, freed from his duties as principal of the High School at Oliver Surings, has been a visitor on the Campus for the past week. Mr. Greene has had a very successful season and his patrons at Oliver Springs are desirous of his return next year.

ADELPHIC UNION ELECTS OFFICERS

On Wednesday evening at a student mass meeting the organization of the Adelphic Union was effected. Miss Stella McCall was elected to the Presidency with Charles Ellis as Vice president and Jean McMurray as Secretary and Treasurer.

The Adelphic Union is composed of all the iLterary Societies on the Hill and its purpose is to formulate plans for the annual Adelphic Union Banquet. The Banquet is usually given near the opening of Commencement season and is one of the gayest affairs of the year.

M. C. DEBATERS TAKE DOUBLE IN FINAL FRAY

MILLIGAN DEFEATED BY 2-1 DECISION AT HOME AND ABROAD.

Splendid Work On Both Sides Of Hard Question Is Feature Of Contest.

The last College Debate of the year was given Monday night in Voorhees Chapel, with Milligan College as opponents.

The question was Resolved, that the United States should retain possession of the Philippine Islands permanently.

The debate proved to be a real contest as both teams put forth their very best efforts.

Milligan upholding the affirmative was represented by the very best that she could boast. Two men on her team were Seniors with a wide experience in public speaking. A great outlay of oratory was displayed, especially by her captain, Mr. McCord, who held the audience by his eloquence. His colleagues, Messrs. Depew and Crouch were excellent speakers.

The very excellence of our opponents shows the super-excellence of our team, and our coach. The captain of our team, Ralph Armstrong made forceful speeches. His rebuttal speech was especially effective, full of force, and logical in argument.

Floyd Corry was at his best, speaking clearly, with consistent logic and clever persuasiveness. Clyde Wilson upheld his points with well-founded arguments, speaking rapidly but distinctly, and giving much weight to the Negative argument.

Our boys used clear thinking, rapid firing and persuasive arguments, winning a well-fought fight, which does them much honor. The debate was close, no one doubts that our team was far superior in logic, even though they were eclipsed to some degree by oratory.

The judges were Senator E. E. Patton, Knoxville, Rev. Victor C. Thrall, D. D., Knoxville and Professor J. W. Sprowls, of the University of Tennessee. Dr. J. R. Johnson of the First Baptist Church was chairman. The College is deeply grateful for their willing services.

It was a determined-to-win team of debaters who boarded the six o'clock train Monday morning. After receiving some encouragement from Professor Hunter and members of the home team a very pleasant journey brought the gentlemen of the affirmative to Johnson City There Mr. Leslie Davidson, '21, offered his best wishes and a taxi was taken for Milligan College. The team received a very cordial welcome from faculty and students.

The afternoon was spent going over the well kept grounds and buildings and viewing the beautiful scenery around the college. That our very first statement is true is clearly shown by the following facts. After supper until the ringing of the bell is moonshine period at Milligan. They call it conference. Our men were invited cordially to attend conference but to use our captain's exact words, "We had something else to think about."

At 7:30 the battle began. Let us say by way of paren hesis that they have pep at Milligan. They support their debaters and the students turned out en masse to hear the debate. For Maryville the affirmative argument was forcefully begun by Mr. Karrick. He was followed in proper time by Messrs. Kinsler and Cornelius whose arguments were no less able and effective. The negative furnished very worthy opposition presenting seven good reasons why the United States should not retain possession of the Philippine Islands permanently. In rebuttal our men were superb. Seeing that victory would not be easy they rose to the occasion and finally the judges decided two to one that Maryville had won the debate.

The judges were Hon. J. Frank Seiler, Rev. J. H. Haynes, both of Elizabethton, and Prof. H. M. Foss of Tusculum.

In conclusion we wish to say that we shall not soon forget the very kind entertainment given us by President and Mrs Derthick, the faculty and matron of the dormitory. We were complimented on the way home by being assured by a prominent citizen of Elizabethton that all who were present at the debate were impressed by the ability and excellent training of the Maryville team.

FORGEY—SUSONG

The following is an extract from a recent issue of a Morristown, Tenn. paper.

Miss Golda Susong and Mr. James R. Forgey, Jr., were quietly married at ten-thirty this morning at the home of the officiating minister, Dr J. M. Anderson, Second North Street West, in the presence of a few of the nearest relatives and most intimate friends.

The bride wore a becoming tailored suit of blue with acessories in harmony, and her corsage bouquet was of bride's roses and sweetpeas.

Immediately after the ceremony, Mr. and Mrs. Forgey left by motor for an extended trip to Southern cities and upon their return will be at home to friends, in Upland Terrace.

The bride and groom are both well known and popular young people of this city. Mrs. Forgey who is a sister of Mrs. Thomas Ayers of Chucky; Mrs. Howard Clark of West Point, Miss., is a most attractive young lady, highly accomplished and educated, being a graduate of Centenary College, Cleveland, and Virginia College, Roanoke.

Mr. Forgey belongs to a prominent East Tennessee family, being a son of Mr. and Mrs. James R. Forgey and is one of the most progressive farmers of Hamblen County.

Mrs. Forgey was, until her marriage a student at Maryville College. She is well known and very popular among the student set.

A CHEMISTRY TREAT

Tuesday night at the meeting of the Chemistry Club, a rather unusual chemical element set our brains reacting and this reaction was our treat, because so seldom do they think as they thought this last meeting. Dr. Robertson, head of the chemical department of the University of Tennessee. He introduced us to Nitrogen as we have never before beheld it, in the field of research under the topic of "Th Importance in the Field of Fixation of Nitrogen." We never before had thought of the nitrogen atom as being the Lightbearer, but according to a German chemist "There is no light without nitrogen."

Dr. Robertson's talk hinged upon the different process of making Nitrogen by the synthetic methods of obtaining it from the air. Formerly our supply of the Nitrogen, came from Saltpeter (potassium nitrate) from Chili, but in 1914 a German chemist started the investigation of making nitrogen from the air and at that date the process was introduced successfully in Germany by Bernhart. The result was the manufacture of real explosives without the import of saltpeter from Chili. Not only is nitrogen a great destroyer, it is a producer also. As a destroyer it forms the deadliest of explosions, a combination of Tri Nitro Tolvene 20% and the simple unassuming Amommim Nitrate 80%, with a powerful detonator. As a producer, it forms a good fertilizer in the form of calcium nitrate treated in excess with calcium preventing its absorption of moisture. Besides giving us these hints Dr. Robertson pointed us out a million as a fortune, in saying to us "If nitrogen and oxygen could be united by some suitable catalytic to form nitrogen perioxide, the world would give millions." That catalytic has not been found.

Those of us who heard Dr. Robertson's talk enjoyed it and we hope he is invited back again. We know now just how powerful an explosion nitrogen can cause, because it set us thinking, it woke us up to its possibilities as a chemical constituent.

EXCHANGE

Frosh: "What's the difference between vision and sight?"

Senior: "Wel, you can flatter a girl by calling her a vision, but never call her a sight." —Ex.

First Flea: "Been on a vacation?"
Second Flea: "Nope; been on a tramp." —Ex.

When Eve ate that apple,
She wished at once for clothes.
Some girls of our acquaintance
Need apples just like those.
—University, News.

Many dollars Charlie bet
That throughout the college year
He would never kiss or pet
Any girl encountered here.
Calmly visioning the cost
Charlie muttered in his fall;
"Tis better to have loved and lost
Than never to have loved at all."
—Exchange.

"This is the end of me", said the kitten as he caught up with his tail.

She: "I'm afraid, Don, that I'll never see you in heaven."
He: "Great guns! What have you been doing now?" —Va. Reel.

Eeverything is divided equally after all. The rich man has his twin-six, and the poor man has his six twins. —Martha's Mirror.

Pen: My heart is on fire with love for you; my very soul is aflame.
Jen: Never mind, father will put you out.
—University News.

He: "What do you call that part of your skirt that's under the rest?
She: Oh! that's a slip.
He: I beg your pardon. —Ex.

Teacher (in Latin class): What is the Latin race?
Pupil: It's a race between a Latin pony and the teacher's goat.
—Exchange.

Tufts College, Medford, Mass., is planning to broadcast by wireless telephony lectures by several of the professors.

Students at Goucher College, Baltimore, will work this vacation as apprentices in an attempt to decide their preferences for life-work. Most of the girls have already registered preferences, and will test them in actual work.

"Sambo, whut's a university?"
"A university am a place where they teaches yuh how to stawve to death in a gentlemunly an' culturded mannah." —Life.

THE NEVER-OWNED DRESS SUIT

First College Man: I want you to come to our dance tonight.
Second Ditto: Thanks. Is it formal; or shall I wear my own clothes?
—Life.

DR. WILSON HEADS ASSOCIATION

Nashville, Tenn., April 15— Dr Samuel T. Wilson, president of Maryville College was chosen president of the Tennessee college association here this morning at a session bringing to a close a two days' convention of the association.

Other officers named were vice-president, C. E. Crossland, vice-president of Ward-Belmont college, and secretary-treasurer, Dr. Thomas Alexander of Peabody. The retiring president, Dr. George J. Burnett, Tennessee college, Murfreesboro and President Charles F. Diehl of the Southwestern Presbyterian university were elected members on the constitution.

NEW CATALOGS APPEAR

The College Catalog for 1922-23 has appeared and each student may claim one by calling at the Registrar's office. Catalogs will be sent to prospective students upon receipt of name and address.

Y. NOTES

A special musical program will be given by the music department Sunday. Miss Hale is arranging the program and it will be as good as the last one which pleased over a hundred fellows.

The Y. W. wishes to thank Miss Katherine Franklin for taking the girls, who sang Easter carols, out in her car. The Y. W. used this method to express its love for the College Grandmother.

EASTER JOINT SUNRISE SERVICE OF Y. M. C. A. AND Y. W. C. A.

The joyous Easter day was begun by the sunrise service under the direction of the Y. M. C. A. and Y. W. C. A. Despite the cloudy weather a host of young people gathered on Baldwin Lawn to celebrate the Resurrection of our Lord.

The service was opened by an Easter carol, and just as the audience bowed in prayer, the clouds broke, and the sun shone through the trees to help celebrate the significant day. The Resurrection story from John was very effectively read by Mary McSpadden. Mildred Kimble recalled to us the story of Ben Hur when she read that portion which relates Christ's triumphant entry into Jerusalem and his healing of the lepers on the way. Ruth Quinn read a very beautiful and appropriate poem entitled "Easter". Special music was rendered by the College men's quartette.

The impression of this early morning service was one of spiritual beauty and will long remain with us.

ATHENIAN

The annual oratorical contest for the French Medal was held in the Athenian Society Hall last Saturday. This beautiful gold medal decorated with the Owl and Crescent of the Athenian, is given annually by a former member of the Society, a Mr. French of New Mexico. This year an unusually large number of men entered the contest. And as a result a splendid set of orations were delivered.

The following orations were given:

An After-War Voyage - - - - - - - - - - Roy S. Buffat
A Plea For Disarmament - - - - - - - - John Stockton
A Plea for Philippine Independence - - - - A. D. Moody
Citizenship In a Democracy - - - - - - - Thomas B. Vance
It Shall Come To aPss - - - - - - - - Charles N. Sharp
Keepers of The Light - David King
The Basis of Industrial Peace - - - - - - - - H. R. Arnold
The Man of Tomorrow - - - - - - - - Hugh Clabough

Mr. Arnold was selected by the judges as the winner of the contest. His oration "The Basis of Industrial Peace" dealt with current industrial problems, and their solution. It had good subject matter, and was also well delivered. Mr. Arnold is to be congratulated on winning the French Prize.

The interest shown by these men in preparing their orations argues well for the loyalty and enthusiasm of Athenians. Let's come out to Society meetings and keep that spirit alive!

THETA

Carrying out the spirit of springtime and Easter, a delightful little playlet was given in Theta Saturday evening. The girls taking the parts of flowers, were dressed in gay crepe costumes, and the ensemble gave the impression of a large flower garden.

Following are the parts:

Grass - - - Sidna Sherrod
Purple Crocus - Edith Moore
Yellow Crocus, Lorena Mansfield
Pink Crocus - - Beulah Bell
Red Tulip - - Mary Whittle
Pink Tulip - - Evelyn Reid
Daffodil - - - Louise Mathes
Jonquil - - - Ollie Thornton
Easter Lily - - Louise Golmar
Butterfly - - - Mary Biles

Pie-A-La-Mode - - - - - - 15c.
(with whipped cream)
Eskimo Pie - - - - - - - - 10c
Syrup Parfaits - - - - - - 10c
Fruit Parfait - - - - - - - 15c
(with whipped cream)

HOUSTON BUSINESS MANAGER FOR 1922-23

Many Qualifications Offered By Capable And Experienced Man.

From the candidates for the Business Managership of The Highland Echo for 1922-23 the committee has chosen Ben Houston for the position. Mr. Houston is a member of the Junior Class and has very strong reccommended as a business man. For three years he has represented the Knoxville Sentinel in Maryville as Circulation and Business Manager, having charge of all matters of delivery and collection in and about Maryville. His familiarity with the circulation end of a large paper will aid him materially in managing the College newspaper.

The item of fundamental importance in the duties of the Business Manager is advertising, since this is a source of revenue for the paper, Mr. Houston's acquaintance with the business firms of Maryville and his strong personality should be instrumental in securing an abundance of good advertising.

PREPARATORY WINS FROM KNOXVILLE H. S.

Men Follow Example Of Girls And Win At Home.

On last Friday night Maryville met in debate with the High School of Knoxville. The Blue and White had determined to win this year but had to leave Maryville with their hopes blighted.

The subject discussed was, Resolved, that the city manager plan of government is best for American cities. The affirmative was ably supported by Edgar Buchanan, William Murphy, and L. E. Milling, Maryville's representatives. The boys put up an excellent fight right from the beginning. Their constructive speeches were well written and very wel delivered. They let no time go unoccupied and came back strong in ECHO—EIGHT Pi their rebuttals which sealed their victory.

Knoxville High, was represented on the negative by Martin Southern, Cecil Laughlin, and Willard Hughes. Although the boys put up a good fight and had oratorical ability in their very midst, the affirmative team came out victorious.

Maryville's team at Knoxville was Lee Moore, Clarence Jones and Neff Delozier. Due to the absence of one judge the debate was equally divided by their decisions.

The match was staged again on Thursday with the result that K H. S. won the decision 2-1.

The boys lost nobly, fighting to the last down and they are noble even in defeat.

The value of a life is not always equal to the cost of saving it.

HIGHLANDERS ROMP AWAY WITH T.P.I. 10-1

WILLIAMS PITCHES TO SECOND VICTORY DISPLAYING STUFF.

Team Goes Strong In Foreign Fields.

Special to Echo:

Cookeville, Tenn., April 17

The Highlanders playing stellar baseball, today defeated the T. P. I. nine 10 to 1 in a fast diamond fracas. Williams took his second game of the season handily by allowing the T. P. I. Batsmen but one run and three hits and walking but one man. His support was superb and played a great part in the victory as the team made but one error throughout the entire nine frames.

Maryville scored easily in the first, fifth, seventh and ninth innings, playing baseball all the while and displaying stuff capable of big leaguers. The first marker was made by Sneed who drew a walk and scored on Eddie McLane's single. Eddie scored a moment later on a wild peg.

Then it drifted along to the fifth when Sneed was safe on an error, stole second and scored on McLane's triple to left Partee followed with a double and Eddie scored. Ruble then soaked it out for three sacks scoring Partee. Acton then singled scoring Ruble.

Then it was over, 6-0 until the sixth when Anderson was sacrificed around for T. P. I.'s only marker after he had gotten his only safe hit of the day. In the seventh Ruble walked and scored on Acton's circuit clout and in the ninth Partee after getting his second double of the day was sacrificed home for the final tally 10 to 1. Oh well.

Although the entire team looked good Partee and Acton deserve most mention. Partee garnering two runs, three hits and a sacrifice out of five times up. And Acton getting a homer and a single out of the same number of tries.

The game by innings reads:

First Inning

M. C.

Sneed walked, stole second and scored on McLane's single. Eddie stole second and came home on McFaland's heave to the far west. Partee fanned. Ruble and Acton grounded out.

Two runs. One hit. No errors.

T. P. I.

Anderson out, Acton to Ruble. W Bryant fanned. R. Williams threw Rankin out. No runs. No hits. No errors.

Second Inning

M. C.

B. Williams out. Watson to Rankin. Rowan whiffed. McCall singled to center and stole second. Williams walked. Millsaps muffed Sneed's popup but McCall was caught between third and home. No runs. One hit. One error.

T. P. I.

Millsaps was out. Roger to Speedy. Partee threw Garm out. Watson hit to right, but Puckett went out. McLane to Ruble. No runs. One hit. No errors.

Third Inning

M. C.

McLane flied to Garm. Partee hit to center. Ruble fouled to Garm. Acton died. Anderson to Raulsen No runs. One hit. No errors.

T. P. I.

McFarland doubled to center but died going third when Holliday bunted safey. Anderson sacrificed and Bryant died. Acton to Ruble.

Fourth Inning

M. C.

Baxter Williams lofted to Anderson. Rowan out. Watson to Rankin. McCall flied to Puckett. No runs. No hits. No errors.

T P. I.

Rankin lofted to Partee. Millsaps was safe on Ruble's error. Partee threw Garm out. Watson out. Ruble to R. Williams.

No runs. No hits. One error.

Fifth Inning

M. C.

Roger Williams had two strikes called on him and then stepped out of the batter's box. The pitcher delivered the ball and the umpire called Roger out. It was a raw decision and angered the team. Sneed was safe on Anderson's error. McLane tripled to left scoring Sneed. Partee doubled to center scoring Eddie. Ruble again tripled this time to center and "Cholly" came rambling home. Acton to a single scoring Ruble. Then Bax Williams whiffed and Rowan fouled out.

Four runs. Four hits. One error.

T P. I.

Puckett grounded out Acton to Ruble. McFarland fanned. McLane tossed Holliday out. No runs. No hits. No errors.

Sixth Inning

M. C.

McCall singled. Roger Williams sacrificed. Sneed was safe on a fielder's choice. McCall scored on McLane's sacrifice fly. Partee grounded out. Millsaps to Rankin.

T. P. I.

Anderson singled to right C. Bryant who had replaced his brother walked. Rankin forced Bryant at second and scored Anderson; but was caught off second a moment later when Millsaps flied to McCall. One run. One hit. No errors.

Seventh Inning

M. C.

Ruble walked and scored on Acton's homer to left. Bax Williams was safe on Rankin's error but died stealing third after going second on Rowan's sacrifice. McCall died; Bryant to Rankin. Two runs. One hit. One error.

T P. I.

Acton threw Garm and Watson out. Puckett died. Ruble unassisted No runs. No hits. No errors.

Eighth Inning

M. C.

R. Williams lofted to Anderson. Watson took Sneed's lover. McLane flied to Garm. No runs. No hits. No errors

T. P. I.

McFarland popped to McLane. Holliday whiffed, Roge Williams tossed Anderson out.

Ninth Inning

M. C.

Partee doubled to right and was safe at third when Watson juggled the throwin. Ruble sacrificed scoring Partee. Acton out. Rankin unassisted. Bax Williams singled to center. Rowan fanned. One run. Two hits. One error.

T. P. I.

Bryant flied to Rowan. Rankin flied to McCall. Millsaps grounded out Acton to Ruble. No runs. No hits. No errors.

OLD FASHIONED PROGRAM AT BAINONIAN

There are fashions and fashions; fashions in dress, fashions in music, fashions in readings and fashions in Bainonian, at least there were fashions there last Saturday. They were quaint old fashions, the kind our grandmothers wore, with wide flowing skirts and tiny waists, but, as you know, Bainonians were always more than dress models, so instead of just wearing the clothes, the girls acted them and we had a real old-fashioned musical tea without the tea.

First Louise Farrar, in heavy green silk played one of those fine old melodious piano pieces that went out of style with the coming of Paderewski but which we all love in our secret uneducated hearts. Then Lois Hayes read "Annabel Lee", which also showed the taste of that time in its very melancholy end, and Ruth Gamble, up-to-date in a hat that is placed on the head, not put on sang "Down by the Old Mill Stream", another of our mother's favorites.

Altogether it was most enjoyable and now we think we would not so much mind being our own grandmothers.

Like the tiresome guest, winter is most popular when it comes and goes.

The woman who has beauty of character has little cause to worry over personal defects.

EXTRA SPECIAL---

Each week we will offer one EXTRA SPECIAL Item at an unusual reduction. This week it's LADIES' HOSE. You buy one pair at regular price and the second pair costs just half the regular price. For instance, take a pair of silk hose, regular price $1.50, the second pair will cost you just 75c. This is not a special lot of hose, but includes every pair in our store, new fancy Spring Hose and all. Hose range in price from 9c to $5.00.

HIGHLANDERS STAGE COME-BACK AND BREAK EVEN WITH PIONEERS

(Continued from page one)

Maryville team errored the game into Sharpe's hands and it is to those errors of both omission and commission that the Knoxville aggregation owes its victory.

As Moffett's men were leaving one of them remarked, "Oh, Don't tell me we have to do this again Saturday?" He got his wish but the wrong way. After a day's rest the Highlanders went to the metropolis and beat the Pioneers so bad Frank Moffett is wearing crepe on his sleeve. It was some track meet. It had the Y meet beaten all hollow for continuousness. It was quite an afternoon off.

But come, read it hot off the wire as penned by the Echo staff correspondent at the Front. Caruso McClung writes:

"The game was a rip-roaring rounder from start to finish. Sneed the first man to bat took a beastly swing and the track meet was on. With Shorty on first Eddie McLane made a pretty sacrifice and Tuxedo adorned second. Partee spanked the horsehide for two bases scoring Sneed. Rowan kept the good work going by scoring Partee on a nice single. The two base hit signal was given but Acton got it wrong and soaked the pill for three bases scoring Rowan. Three runs having been made Coach told Williams and McCall to get out since we needed some fielding practice aussi. They obeyed so it was three to nothing in our favor.

Moffett gave the fly ball signal, and got practice by catching the first two popups and Eddie went way back into right to catch Hall's Texas leaguer.

The Maryville bunch was all tired running so that R. Williams and Mathews let themselves be thrown out but Sneed gummed the works by getting a hit. However, Eddie averted the crash by permitting Allen to throw him out.

Nothing happened until the sixth when Coach gave the score signal and Partee singled. Rowan walked advancing Partee. Acton bunted and forced Rowan at second while Partee went third. Then Bax Williams got a pretty hit to right scoring "Cholly" and advancing Acton. Then while the Pioneers tried to catch Acton at third Bax stole second, McCall struck out. Rog Williams singled scoring Bax and Mathews grounded out. Score 6 to "nuzzing".

In the eighth Rowan hit safely and advanced on Acton's sacrifice. Bax hit scoring Rowan. McCall's hit sent Williams third. Then Roy stole second and Bax let his emotions get the better of him and violated the principles of old M. C. by stealing home. Rog then sacrificed sending Roy third but Jack grounded out. Score 9 to 6.

Then in the ninth Sneed led off with a hit, was sacrificed around to third and scored on Rowan's swat. Ceach told the gang to quit hitting but Acton swung too hard and the pill went out where the woodbine twineth as Rowan strolled home. Back Williams ended the agony by flying out."

Final count 11 to goose egg in favor of

Hold on! Make 'em Big!

M. C. Rah! They sure spank a wicked horsehide!

MITCHELL'S

SPEED PREDOMINATES AS TRACK STARS SHINE

(Continued from page one)

Following the Javelin came the last event. The relay. As the Alpha Sigma team was not in evidence the Athenians, composed of Brown, Black and the King brothers ran it in four minutes seven and four fifths seconds. Black took his time and went round in a minute three and eleven twentieths seconds. Bob King and Brown did it in one, one and a half and Jimmie King closed it with one one and a quarter as his time. The chief surprise was the showing made by Brown whose stride and pace as a novice are well worth development.

The meet on the whole was a success, an overwhelming success. McGinley excelled all of his last year's records handily and the record for the half mile run was lowered by twenty seconds. The shot this year traveled three feet farther than it did last and the broad jump record was boosted a foot and a half when Acton did over twenty feet for the benefit of the spectators. Then too, it has served as a preliminary to the harder meets which are before our team this season. For Maryville's track team is not a dream, an idle fancy but from now on it's a reality; so from now on we chant the o'd refrain:

"BACK THAT TEAM!

Annual May Fete Baldwin Lawn Monday Afternoon.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME SEVEN | MARYVILLE, TENNESSEE APRIL 27, 1922 | NUMBER TWENTY-SIX

MARYVILLE COLLEGE GLEE CLUB APPEARS MONDAY IN ANNUAL HOME CONCERT

Reading from Left to Right, Top Row: Buchanan, R. Sullinger. Rowan, Owen, King, Lohr, McClung. Second Row: Waddell, Keen, Jennings, McGinley, Herndon. Bottom Row: Williams, H. Sullinger.

If you haven't made that date for the Glee Club Home Concert you'd better get busy and avoid the rush. Every girl on College Hill is bound she is going to be there, for the bunch of volcal athletes that Miss Gregg has coached this year throws the meanest harmonies in the history of the club. It's a big year for the school with a football team that grabs the Appalachian banner, a baseball team that brings home the bacon and a Glee Club that are champions of her bass and treble clefs.

They have a new program for you. There are numbers that are prettier than anything they have given before. There is a cantata that will make you laugh a lot harder than you did at the fire in the apartment house. Percy will be as inconspicuous as a fire-siren. Keen has a mighty pretty violin number. Bannister is shining up the well-known cornet and means business. Chad McClure is going to justify his reputation as the best male reader that has shouted from the platform. Slim can get over a high note as easily as a high hurdle. Oh well. you know them all, so why apologize further.

If it happens that some new student has been studying so hard all year that the word of the Glee Club's Home Concert doesn't bring a tingle of anticipation it is time for him to mingle with the gossips long enough to get the dope. The old-timers don't need to jog their memories to know that it is a treat. Thank goodness it is only a few short days till Monday night, May first, and the big musical event of the year. Get her to the chapel by eight o'clock so you won't miss a single note.

R.M. '21.

SECOND TIE PLAYED WITH BANKS NINE

0-0 Is Result of Air Tight Game On College Field.

Tuesday, before a truly mammoth crowd, Coach Bank's Volunteer Nine again narrowly escaped a sound trouncing at the hands of Partee's Peaches in a gruelling fracas that went eleven frames to a 0-0 tie. It was some pitchers' duel, as Frank Minarik put it, "it was the hottest thing since the Indians left." With both Bishop and Gray going like a house afire the result could only have been as it was.

In the first inning U. T. went down one, two, three. Then came one of Maryville's two opportunities to score. Blair foozled Acton's roller and McLane sacrificed. Partee drew a pass, the only one "Lefty" allowed but Ruble, on a hit and run play caught Acton between third and home. Sneed then fanned retiring the side. In the second Campbell got a hit but died stealing. Maryville went down in order. In the third with two down Bishop tripled to right but Gray gave Jimmie Smith three whiffs. With two down in this same inning Partee

(Continued on page four)

HIGHLANDERS BACK FROM GOOD TRIP

West Tennessee Teams Put Up Good Scraps But Yield Victories.

Last week our Highlanders, on their first trip to the outskirts, won four games, lost two and tied one for a creditable percentage of 633 no mean score against such opposition as West Tennessee teams. Not only that but the team played ball. Maryville got 75 runs to 15 for their opponents and the meagre sum of 81 hits to 43 for their opponents. Not a bad average, what. In other words seven of Partee's pitchers allowed 43 hits or 6 1-2 hits per game while eight opposing pitchers allowed 81 hits or 10 1-8 hits per game. Not bad what.

The first game, at T. P. I. we took 10-1, then Cumberland in a rather frostily called double header licked us 3-2 and tied us 3-3, the second one being but a six inning scrap. The following day Castle Heights succumbed to the Orange and Garnet 10-2. Then we journeyed to Fayetteville and trounced Bryson 17-1 in the initial fracas and 13-1 in the last game. The following day M. T. S. N. bested us 6-5

JUNIOR-SENIOR FETE GIVEN AT KNOXVILLE

St. James Hotel Is Scene of Gayest Banquet Of Many Seasons.

The annual Junior-Senior banquet of Maryville College was held at 8 o'clock last night in the St. James hotel. About 120 students attended the affair.

Elaborate preparaitons were made for the banquet. The banquet hall of the hotel was beautifully decorated, a color scheme of yellow and white being carried out.

Roy S. Buffat presided over the meeting, introducing the toastmaster, Professor E. R. Hunter of the college. Roy McCall, junior class president, was scheduled to be in charge of the affair, but illness prevented him from being present.

An interesting program, containing many unusual features, was carried out. Dr. J. H. McMurray delivered the invocation. Mr. Buffat then introduced the toastmaster and offered a toast to the seniors. Stanley Lange, of the graduating class made the response.

Geraldine Odell offered an unusual toast to the daisies. Janet Ensign responded with a toast to the car-

MARYVILLE PLAYERS SECOND APPEARANCE

Two Excellent One-Act Plays Presented In Chapel on Friday.

On Friday night, April 28th., the Maryville College Players will appear in Voorhees Chapel for the second time this season.

On this occasion they will present two one-act plays.

"Six Who Pass While Lentil's Boil", Stuart Walker.

"The Ghost Story", Booth Tarkington.

The first play is the most widely used one-act play of today. It has been given by such notable organizations as Harvard Dramatic Club, the famous Portmanteu Players, and American Academy of Dramatic Arts.

"The Ghost Story" is Booth Tarkington's latest play, and is the story of a bashful college boy's endeavor to propose to his lady love before his train leaves.

The Music Department will assist, giving a short program between the plays.

The Maryville College Players need no introduction to Maryville audiences. The proceeds go toward paying for the beautiful new curtains which have added so much to the plays of the year.

TENNESSEE TAKES MEET BY 89-45 SCORE

McGinley Et Al Show Up Well In Track Event At Knoxville.

Monday our Track Team, fighting gamely succumbed to Coach Hobt's U. T. Bunch 89-45 in one of the best meets this section has seen in several years. Although handicapped by a lack of training the Orange and Garnet crowd hotly contested every event.

The oustanding event of the afternoon was the performance of Bob Wadlington in breaking the S. I. A. A. record for the pole vault by passing the bar at 11 feet 9 inches without missing a jump.

Maryville took the lead when Dr. McGinley's boys stepped the hundred in 10 3-5 seconds. Then in the mile McBath beat the "Mountain Goat", Wilbur Templin by about a steenth of an inch and took first from him. Bob Thrower then heaved the Shot 36 feet 10 1-2 inches for another first. Then came Bob Wadlington's little pole party and he passed the bar 11 feet 9 inches up before he could be prevailed upon to stop.

Then Ben Davis nosed "Slim" out in the 220 and Kay took the 120

Patronize Those Who Advertise, They Make The Paper Possible.

In a recent issue of "The Gold and Black", the official organ of Tusculum College, we note with interest the account of our recent fuss with the Tusculumites. Maryville's team received splendid treatment at Tusculum and came back with nothing but favorable comment, but we must call attention to some features of the "write-up". The "Gold and Black" states: "There was much laughter when one of the Affirmative speakers said in proving a point, "George said so."

We don't wish to deprive Tusculum of the honor of causing the first and only merriment during the debate so we must call the attention of our brother editor to the fact that the credit for the George statement really goes to Tusculum. The second speaker of the negative, Mr. Bryan, and not an affirmative speaker said, being unable to recall the full name of Henry George, "Why this theory was proposed by, er-er-er, by George, over forty years ago."

Further on the account reads, "It is reported that anyone in any Economics Class who makes the mistake made several times by the Maryville debaters in calling Richardo a Frenchman, or even saying "Seligsmann" was from Cornell will be flunked without further ado."

Better dig up an Economics book and a speller, Brother Editor. Then look up a point or two on courtesy to debate opponents.

LOCAL HAPPENINGS

The city of Harriman was especially honored last week-end because three M. C. girls visited there. Misses Louise Sheddan and Bernice Jones were guests of Miss Carrie Sheddan '19, while Miss Ruth Newton visited home folks.

Miss Martha Mae Boyer has been suffering from a light attack of "flu".

Miss Mary Broady has been ill recently.

Miss Dorothy Atkins is able to be out again after a rather severe case of "flu".

Miss Elizabeth Jackson has been visiting home folks at Lenoir City.

Miss Mabel Doughterty entertained a number of Pearsonites at a sumptuous feed last Saturday evening

Y. NOTES

Miss Hale, and a group of six girls, the Misses Walker, Moore Jewel, Huizinga, Kiskadden, and Longsworth gave a very delightful musical program at the Y meeting on Sunday afternoon.

The program was as follows:
Prelude - Miss Walker, Miss Moore
Solo - - - - - Miss Stevens
Cello Solo - - - Miss Huizing
Solo - - - - - Miss Kiskadden
Solo - - - - Miss Longsworth

This attraction pleased the appreciative audience of boys and the Y wishes to thank Miss Hale and the girls that took part.

Mrs. McMurray will give a talk on etiquette at next Sunday's meeting. Any questions relative to this subject will be answered by her.

Walter Thompson will have charge of the devotional exrcises.

JUNIOR AND SENIOR Y. W.

Graduation of Junior Y. W. C. A. Girls Into The Senior Y. W. C. A.

On Sunday, April 23rd., 1:30 p. m., Y. W. C. A. girls gathered in the assembly hall to witness the graduation of fourteen Junior girls. Miss Geraldine Odell representing the Junior Y. W. C. A. expressed its regret at losing these members, but commended them to the Senior Y. W. C. A. as earnest and efficient workers and then presented diplomas to the graduates. Miss Catherine Wilson president of the Senior Y. W. C. A. welcomed the new members and to each girl gave a white rose symbolical of purity, faith and love of an ideal Y. W. C. A. girl. The graduates were:

Misses Thelma Adair, Margaret Duke Lois Hayes, Rachel Higgenbotham, Anna Mae Holland, Mary Humphries, Alice Hunt, Felice Morgan, Mary McSpadden, Geraldine Rousseau, Dorothy Stivers, Sidna Sherrod, Genyth Starnes, Elizabeth Dumas.

ATHENIAN

The Athenian program for last Saturday consisted of the following numbers:

Piano Solo - - - R. H. Johnson
Current Events - - W. W. Warman
Debate: Resolved, that the principl of the "open parlor" offers the best solution of the social problems of Maryville College.
Affirmative, Verton Queener, David King
Negative, Fount Robison, Tom Vance.

The opening numbers, the piano solo and the current events, were excellent material; and were appreciated by the house. However, the debate proved to be the storm center of the evening. Most of the men debating were members of the debate teams, and this, debate gave them an opportunity to radiate their stellar brilliancy. At any rate, all of them waxed eloquent on real or imaginary social problems of the Hill; and with equal fervor proposed practical or visionary solutions for these problems. By the end of the debate the gentlemen of the affirmative had succeeded in convincing the judges that the "open parlor" was the perfect panacea for all moonshining problems of Maryville College.

The Society was favored by the presence of Captain Armstrong as a visitor. At the close of the program he spoke for a short time promising to favor the Society with a longer talk at some future time.

The program secretary announces that the next Athenian program is a mock trial. This promises to be a real entertaining program. Come out and hear it.

VARIED PROGRAM IN SECOND RECITAL

Misses Moore, Collins, and Kimble Entertain With Music And Readings.

Maryville's audience was indeed favored on last Monday evening with the second graduate recital of the year. The young ladies presenting the program were, Miss Elizabeth Moore, pianist, Miss Nelle Collins, reader, and Miss Mildred Kimble, reader.

The entire program given by Moore was carried out with unusual musical appreciation and ability. The numbers given were from some of the best composers and very well selected and representative and may be termed as a heavy program requiring utmost technique and musical understanding.

The program began with a two piano number "Variations on a Theme by Beethoven" Saint-Gaens in which the ensemble work was well carried out. The MacDowell numbers were of remarkable brilliance, both Praeludium and Concert Etude, proving the highest test for brilliant passage study. Chopin Waltz was especially appreciated for its lightness and tone work. Fantasia, C Minor by Mozart may be selected as one of the most musical and skilled of any of the numbers. This piece required a thorough product of finished work which was displayed with perfect dignity and clearness characteristic of the pianist. Very seldom is this number used on programs on account of its unusual technique requirement. The Lark rang out with all the delicacy of a bird. The crowning number was Taccata Finale from fifth piano concerto Saint-Saens which was a severe test of pianist in technique ability. It was mastered with ease, and understanding that was remarkable.

Miss Kimble's presentation of the play "The Beau of Bath" by Constance MacKaye, and the charming story "The Mother", by Katherine Holland Brown, was exceptionall done. Throughout each number her dramatic ability was apparent, and the charm and finish of her work held the audience. In the reading of the beautiful story, "The Mother" we were carried back as if by magic to the early days of Rome when Paul lived and preached the doctrine of immortal life to the unbelieving people.

Miss Collins, in the play "Nance Oldfield", arranged from *Art, a Dramatic Tale* by Charles Reade made us acquainted with its characters. The brisk old man, who we learned to like before the end of the play, the beautiful Nance Oldfield, the aspiring young poet and Susan, who was some day to become a great actress—all lived before us. The admiration of the audience was compelled by her poise and the easy manner in which she presented the characters.

Both young ladies will long be remembered by the large and appreciative audience who heard them.

Prof.: "Who formed the first company?"

Student: "Noah, sir. He successfully floated a company while all the rest of the wolrd was in liquidation." —The Lenoirian.

Jim—Here's a snap shot of my girl taken at the beach.

Joe—A snap shot! Boy, I'd call that an exposure!

Electricity in Franklin's time was a wonderful thing. Now we make light of it. —The Georgetonian

SUNSHINE IS GOAL OF YEAR'S PILGRIMAGE

Large Crowd Enjoys Annual Mountain Hike On Monday.

In the language of the poet: "To him who in the love of Nature holds communion with her visible forms she speaks a various language." If you do not happen to agree with the poet, ask any of the crowd who were on the Sunshine hike Monday and see if it is not so. They are likely to support the poet in regard to the various language of Nature.

Two hikes were staged Monday. The one the Sunday School Class of Prof. D. J. Brittain's. The other the annual student mountain hike, this time to Sunshine. About forty couples availed themselves of the opportunity of spending a day in the mountains. This jolly crowd of pleasure seeking picnickers took Sunshine quite by storm and filled it to overflowing with their irrepressible jollity, laughter and fun.

The day was ideal for hiking with the sun shining—clear and bright, and a bracing breeze blowing up the river. Truly Nature did speak a various language. Certainly there could have been no mood which she did not satisfy. She furnished so many attractions that all can not be enumerated. However, mention must be made of a few, among which are: winding trails for strolling couples; steep paths for energetic mountain climbers; an abundance of flowers to be gathered; numerous varieties of bird and plant life for the nature enthusiast; rustic and suspension bridges with the water flowing far below; comfortable seats in shady nooks which were ideal for moonshining purposes. All these just give a little hint of the many things to see and do at Sunshine. There was also the chance to fish. Many secured hooks and lines and tried their luck at fishing. No casualities were reported among the finny inhabitants of the river.

The picnic dinner must not be forgotten. Fires were built beside springs gushing from the rocks of the mountainside, or beside babbling mountain brooks; and soon the pleasant aroma of frying bacon and eggs filed the air. What a dinner! Bacon and egg sandwiches, combination sandwiches, steaming cocoa, cakes, doughnuts, candy, and fruit were served in quantities satisfying to the appetite created by mountain climbing. And it was out in the fresh sweet smelling woods. What could be more pleasing to the inner man?

Following dinner with its jokes and fun, came more sightseeing, other places to go, and other things to do. But this, as all other pleasant experiences, finally had an end. The train came. We boarded it and returned to Maryville, bringing with us the memories of a most pleasant day.

WORK ON ANNUAL PROGRESSES

The proofs of the cuts for the 1922 Chilhowean have been received from Bush-Krebs Co., Louisville, Ky., the engravers, and have been pronounced satisfactory by the annual staff. This means that the cuts will be forwarded to the printer, Benson Co., Nashville, Tenn., and that work will be begun at once on this year's Chilhowean The editor states that the books will be ready for distribution near the close of May. Due to the quality of some of the material used and to various other factors, there will be a slight increase in the price of this year's annual over that of last year. The price will be $4.50.

Much time and effort have been expended by the staff in preparing this volume of the College year book and the result is one of the best of the books which have been issued in late years. A large sale is anticipated since the Chilhowean is prized highly by students as a preserver of Maryville memories.

EXCHANGES

Twenty-six students, the entire staff of the college paper, *The Williams Record*, were suspended from attendance at Willilams College till the end of the spring recess, because of objectionable features in a recent issue of the paper.

B-r-r-r! Makes cold chills run up and down our backs. This little item may serve as explanation of why our own paper isn't a bit spicier and more original. Not that we want to get "objectionable", perish the thought, but enforced orthodoxy isn't conducive to editorial ambition and originality.

Restriction of college attendance by some form of selection is finding many advocates new. Some presidents suggest personnel tests for freshmen, some advise a strict weeding out of students during all four years, and some ask for admission only of students who have maintained a certain standing in high school.

Reports to the Association of American Colleges show that there has been an increase of 50 per cent in the salaries of presidents and faculty members since 1913-1914.

Daily wireless service is given by the department of physics of the University of Wisconsin for the benefit of farmers and amateur radio operators. It includes market reports, weather forecasts, special lectures, musical concerts, and reports of athletic events.

Flub: What do you think of Czecho-Slovakia?

Dub: Well, it's hard to say.

—Life

REVIVED

"What does you want to eat?" asked the old colored mammy of the traveler.

"Corn pone", said the traveler.

"Ise glad you said corn pone", said the old lady, "'cause it's the one thing I ain't got anything else on hand of but."

—Toledo Blade.

STRAIGHTWAY

Colored Bootlegger (three jumps ahead of the officers): Gimme a ticket on de speedin'est train whut runs. I craves distance—an' ne' mind where to.

Ticket Man: But the fast train has just gone.

C. B.: Ne'mind. Jes' show me de track it lef' on. —Life

DULL DAYS

A Red Cap at the Exchange-street station was bemoaning the fact that he was unable to get action for his money.

"I went oveh there and they was not any stud game; they wasn't any crap game, they wans't nothin'.'

"Boy", remarked one of his fellows, "that am a sign of the times."

—Buffalo Express

NO BARGAIN

"Dear John", the wife wrote from a fashionable resort: "I enclose the hotel bill."

"Dear Mary", he responded; "I enclose check to cover the bill, but please do not buy any more hotels at this figure—they are cheating you." —Life

"Father," said Frank, as he turned the pages of his history, "how did the clift dwellers keep warm in the winter-time?"

"Why, I guess they used the mountain ranges". Now don't ask any more foolish questions.

Reuben: Some one has said that in this world a man must be either anvil or hammer.

Glyn: He was wrong. Some men are neither; they are merely bellows. —London Answers.

Hum—My girl is an angel.

Bug—You'll never see her home then.—Kentucky Kernel.

DR. STEVENSON, RETURNS FROM VISIT IN WASHINGTON, D. C.

Journal and Tribune Special.

Maryville, Tenn., April 26—Even presidents of the United States sometimes lose—golf games.

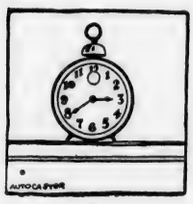
Such is the quiet information which is running the gauntlet here following the return from Washington of Dr. W. P. Stevenson, Maryville college pastor.

Dr. Stevenson left here the first part of last week, arriving in Washington Wednesday morning in time to attend the Army-Navy reception at the White House that evening, at which time he saw most of those prominent in political and social circles of the nation.

On Thursday he was the guest of President and Mrs. Harding at the executive mansion, along with former Governor Goodrich of Indiana who gave the president a report on conditions in Russia from which he has just returned.

In the afternoon he was paired with Senator Kellogg in a foursome with the president and Charles F. Ayling at the Chevy Chase golf course. Dr. Stevenson was escorted to Lincoln's room in the White House to change his golfing clothes, and while there took advantage to write Mrs. Stevenson a short letter in which one of the salient points was that "the bed here is about eight and a half feet long."

While a president is never beaten, and the score of the foursome has never been published, it is said that Dr. Stevenson and Senator Kellogg were victorious. The college pastor was presented with a golf ball with the president's initial on it.



Friday Dr. Stevenson went to Baltimore, where he played a round of golf with Mr. Ayling. He returned here the first part of the week.

The Rockefeller Foundation has announced the gift of $6,000,000 to Johns Hopkins University in Baltimore to perpetuate the School of Hygiene and Public Health established four years ago. The school will provide Government workers for the Public Health Service and build a personnel to carry on the work of Foundation.

Miss Francis Harris has been very ill this past week.

TRACK TEAM SUCCUMBS TO TENNESSEE

(Continued from page one)

and 220 yard hurdle from the same gentleman, wearied by his last runs. Fonde easily out tossed Balch in the Javelin throw heaving it 150 feet thre inches while Avery came through and took the 440 away from King pacing it in 56 4-5 seconds. Rowan and Fonde tied in the high jump, each of them going 5 feet 5 1-2 inches.

Howell took the two mile run after McBath was removed after a game fight to stay in the running, while the relay went to Tennessee in 3 minutes 48 seconds. Tennessee also took the broad jump at 20 feet 3 inches as well as the discus and half mile. The time for the half mile was 2 minutes 8 3-5 seconds.

Fonde repeated his feat in the Carson-Newman meet in ranking as individual high point scorer, with 15 to his credit, resulting from first in the javelin throw, a tie for first in the high jump, seconds in the pole vault and broad jump.

He was closely followed by McGinley, whose first in the 100-yard dash, and second in the 220 and both hurdles gave him a total of 14. Ben Davis garnered 13 markers in three events.

Summaries

The complete summary and records of the evnts are as follows:

100-yard dash—McGinley, Maryville, first; Davis, Tennessee, second; Dumas, Tennesee, third; time 10 3-5 seconds.

Mile run— McBath, Tennessee, first; Templin, Maryville, second; Wright, Tennessee, third; time 4 minutes 54 3-5 seconds.

Shot put— Thrower, Maryville first; Morris, Tennessee, second; Kefauver, Tennessee, third; distance 36 feet, 10 1-2 inches.

Pole vault—Waddington, Tennessee, first; Fonde, Tennessee, second; Milling, Maryville, third; height, 11 feet 9 inches.

220-yard dash—Davis, Tennessee, first; McGinley, Maryville, second; Dumas, Tennessee, third; time 23 2-5 seconds.

120-yard high hurdles—Kay, Tennessee, first; McGinley, Maryvill second; Dumas, Tennessee, third; time, 17 seconds.

Javelin throw—Fonde, Tennessee, first; Cumings, Tennessee, second; Balch, Maryville, third; distance, 150 feet 3 inches.

440-yard dash—Avery, Tennessee, first; Bell, Tennessee, second; King, Maryville, third; time, 56 4-5 seconds.

Running high jump— Rowan, Maryville and Fonde, Tennessee, tied for first; McAnulty, Tennessee third; heighth, 5 feet 5 1-2 inches.

Two mile run—Howell, Maryville first; Hartman, Tennessee, second; Templin, Maryville, third; time 10 minutes 57 2-5 seconds.

220-yard low hurdles—Kay, Tennessee, first; McGinley, Maryville, second; Dumas, Tennessee, third; time, 27 seconds.

Running broad jump—McAnulty, Tennessee, first; Fonde, Tennessee, second; Rowan, Maryville, third; distance, 20 feet 3 inches.

Discus throw—Morris, Tennessee, first; Kefauver, Tennessee, second; Balch, Maryville, third; distance, 114 feet 4 inches.

Half mile run—Davis, Tennessee, first; King, Maryville, second; Wright, Tennessee, third; time 2 minutes 8 3-5 seconds.

Mile relay—Tennessee team, composed of Avery, Bell, Dumas, and Davis, first; Maryville team composed of Justice, Balch, Brown and King, second; time, 3 minutes 48 seconds.

In the New York Herald of April 9th. there appeared a three and a half column article on "The Mysteries of Modern Psychology, Latest Fad of American Intellectuals" by Mark A. May, Ph. D. Dr. May is head of the psychological department of Syracuse University and is a member of the American Psychological Association. He is an alumnus of Maryville, being a member of the Class of '11.

ELABORATE PROGRAM PLANNED FOR MAY DAY FESTIVAL

THE QUEEN OF THE MAY

The committee for the program for the Annual May Festival has been busily negaged in arranging an event which will be one of the best of its kind ever presented here.

Under the direction of Mrs. West a light operetta, in two scenes, consisting of choruses, dances, solos, and duets has been prepared. The operetta is entitled, "A Day in Flowerdom" and includes in it cast the best talent in school.

In the course of the second scene Miss Margaret McSpadden is crowned Queen of the May. Following this event the beautiful Maypole dance is performed.

The program will be given on Baldwin Lawn next Monday afternoon.

THE MAN FROM THE AGENCY AT BAINONIAN

Bainonians were treated to a regular sure 'nuff play last Saturday. "The Man From the Agency" revolves about the fact that Bryan's apartment was rerented before Bryan got out. You see, it was this way, Bryan had been drinking heavily, so his friend decided to scare him cured, so he removed his, Bryan's articles of wearing apparel from the apartment, and the next morning informed him that he had been a notorious matrimonial agency and propsed to a girl; to add to his many troubles Bryan had been checked out of his apartment and it had been rerented to a pair of newly-weds.

The play is a rollicking comedy wherein Bryan gets the girl from the agency mixed with Mrs. Newly-wed and the girl, who is really Bryan's friend's financee, mixes Bryan with Mr. Newly-wed.

The cast was as follows:

Bryan, the victim - - Martha Mae Boyer
The Man from the Agency, Gewald's new chauffeur - Bab Blair
Gwennie, a little sweetheart - - Mary Cartledge
Gewald, her hubby, Margaret Fisher
George, the framer of the plot - - - - Dorothy Roney
"The Woman from the Agency", George's fiancee, - - - - - - Virginia Paulsel
The maid - - - - Mary Broady
The bell-hop - Geraldine Roussea
The manager of the hotel - - - Margaret McKinne

If laughter actually does incline one toward obesity, we think that Bainonians had better all take up tennis.

"My stars alive", chirped the astronomer. —Exchange

We wonder what the librarian means when he says: "Only low conversation allowed." —Ex.

"He who would rise with the sun, must not stay up late with the daughter." —Virginia Reel

JOINT ALPHA SIGMA MEETING

The meeting between the Junior and Senior branches of the Alpha Sigma Literary Society was a success from every viewpoint. Representatives of both societies participated in the program, and the attendance was excellent.

The first number on the program was a well prepared speech by Emery Fritz and his topic was "France and Her Art". In it Mr. Fritz discussed the various divisions of art in that country, and explained how the temperment of the French affected their art.

The next number was a debate between Dewey Eitner and Francis Kinsler. The question for debate was, Resolved, that Henry Ford should purchase and operate Muscle Shoals. Mr. Eitner maintained the resolution, but Mr. iKnsler convinced two of the three judges that Henry Ford had enough to do in manufacturing tinware.

Merlin Usner then gave a very convincing talk on "Biological Evolution." Every one acclaimed it as one of the best speeches of the year.

The last number was a word of practical advice by Senior Sam Hall. He chose the college loafer for his dissertation, and pointed out to the members the harmful effects this type of college man can cause, both to himself and his associates.

The meeting was one of the best of the year, and the joint session helped to link together the two branches in closer union.

"Mary has a Thomas cat,
It warbled like Caruso,
A neighbor swung a baseball bat,
Now it doesn't do so. —Ex.

SECOND TIE WITH U. T.

(Continued from page one)

and Ruble each singled but Sneed failed to solve Bishop's slants sufficiently to score either of them. In the fourth Campbell drew Gray's only pass, with two out, but White failed to bring him around. Two hits could not again force a marker for Maryville when after McCall and Williams had singled into a double play Keister to Blair. The fifth and sixth were both one, two, three affairs. Then in the lucky seventh, with one down, Sneed robbed Campbell of a triple with a nifty catch in left and after White had hit safely Aycock was unable to bring him in when he forced him, Acton to McLane. With two in the cellar Gray doubled off Lane's glove but Acton lofted to Dodo for the third out. In the eighth Keister hit safely and ambled around to third on Blair's sacrifice and Partee's error of Bishop's fast one. Then Banks called for a squeeze play. Bax caught the old signal and outguessing him called for a pitchout. Result: Keister was caught at the plate. Maryville one, two three.

The ninth came near being Gray's Waterloo. With two down Campbell and White each singled perching on first and third. However, Bax saved the day by taking Aycock's high foul. Maryville did not threaten. In the tenth Gray retired the side easily while McLane's hit, with two down came to naught when Partee popped to Smith. Coach Honaker then asked that the game be called but Coach Banks, in spite of the darkness was insistent so Gray took them out, eins, swei drei.

Then come Maryville's big opportunity. Ruble and Sneed each singled but Rowan fanned. McClung then went to bat for McCall, and with two strikes called on him was supplanted by R. Williams who took a victorious swing at the third one for the second putout. Bax Williams slashed cut a hard drive to right but Aycock took it after a hard run. Munch then called one of the best games Maryville has ever played or U. T. either.

Ten strike outs for Bishop, nine for Gray with only one walk apiece. Forty-four batsmen faced Bishop, thirty-nine faced Gray. Bishop allowed seven hits, Gray allowed but six. Tennessee errored three times, Maryville errored twice. It was a game of ball sure enough. Of Tennessee's six hits White and Campbell netted two each while five Highlanders, McLane, Sneed, McCall, Williams and Gray got one apiece and Ruble hogged two of the seven which Maryville garnered.

However, unquestionably the chief luminaries were the respective pitchers. With truly major league form, with truly major league support they battled on to a defeatless victory, if ever a pitcher deserved to win it was Bishop, if ever a pitcher pitched winning ball it was Gray. It was some Game.

May the eight we meet U. T. again, we do not know just who will win but we will be there for it will show the two best teams in the South playing ball. And right then is the time when we are going to

MITCHELL'S

FIRST TRIP A SUCCESS

(Continued from page one)

in a scrappy battle that ended the trip.

The chief luminary of the pilgrimage was undoubtedly the pitching staff which never failed to deliver the goods no matter where or when called upon to do so. Nor was that all, three pitchers, working in rotation won four games out of seven, and those seven were played in six days. Not only that but several hundred miles were covered in the itinerary so that the vitality sapping Pullman also took its toll. Truly it is a creditable record, especially when we recall both games lost were lost by one run margins, and then that fatal tie which only the worst of luck, or something, took from us.

Then too with the stick McLane undoubtedly outshone his team mates. Eddie, a man who has seconds and is consequently called upon quite frequently to sacrifice garnered ten clean bingles and scored seven runs. Then too, Acton also collected ten hits and ten runs out of a few more tries while Partee came third with ten hits and nine runs. Truly it was a great trip. From now on watch our smoke. Tuesday the gang goes to Harrogate to play L. M. U. Once more they are going to bring in the bacon and as ever we are going to

nations.

"Do You Believe Us Now?" was the title of a short speech delivered by Herrick Arnold. A clever response was given by Charles Sharp. The concluding feature of the program was a short talk by Mrs. McMurray.

The banquet was a complete success from every standpoint. It was said by several college officials to be the most elaborate Junior-Senior banquet ever given.

PALACE THEATRE PROGRAM

Friday, April 2t8h.

Richard Barthelmess in "TOL'-ABLE DAVID". Also "Southern Exposure" comedy.

U. T. GETS SECOND LICKING AT HANDS OF HIGHLANDERS

GRAY, WITH FINE SUPPORT, ADMINISTERS DEFEAT TO BANK'S CHOICE CREW OF DIAMOND ARTISTS.

Entire Team Shows Up Well In Series With Tennessee,—Playing Good All-Around Ball In Both Games.

The third times the charm! After having fought two extra inning no-decision fracases, Maryville and U. T. met on Monday afternoon, May 8, to play off the rub. The weatherman furnished perfect weather, and Shields-Watkins field was in an almost ideal condition.

"Lefty" Bishop, Bank's choice for mound duty was in rare form, and "Old Nokomis" had form no less rare. From the time Bishop threw the first ball till White popped weakly to Gray, for the last out, there was a pitcher's battle royal, such as Shields-Watkins or any other field for that matter rarely sees. Both pitchers had the opposing sluggers literally eating out of their hands.

Maryville fielded brilliantly, making several sensational stops that robbed U. T. of almost certain hits; and every Highlander played errorless ball. U. T., although not playing errorless ball by four misplays, played unusual ball in the field—at least in streaks; but three of their errors were made when errors meant runs.

Shortly McCall was the chief luminary of the game; especially in his work at short, where he handled seven chances, most of them difficult, without an error, and showed Banks' crew the proper way to peg first from all sorts of angles and positions. Not only was his fielding above par, but he shared with Sneed the ability to solve Bishop's slants. At bat Sneed and Cantwell carried off the honors of the day; Sneed's two singles and Shorty McCall's bingles being the only hits the Highlanders were able to gather off Bishop's delivery; and Cantwell's home run accounting for Tennessee's solitary score.

Both sides were retired in order, in the first inning. In the second after Campbell had fanned, White stepped into one of Gray's fast ones for a double, down the third base line, and the first hit of the game. Nokomis fanned the next two and White died on second. In the second Ruble reached first on an error, was sacrificed to second and left there. Jimmy Smith got a scratch hit in Tennessee's half of the third. Then the Vols and Highlanders both went down in 1-2-3 order till the sixth.

Shorty McCall opened up the sixth with a single over Jimmy Smith's head; and went to third when Campbell threw Gray's bunt over Blair's head, Gray taking second. Acton sacrificed and Shorty and Gray scored when Bishop's peg bounced off Campbell's mitt. U. T. continued to go three up, three down until Cantwell hit, one in the eighth over left field to the road for a four ply clout and Tennessee's only marker. In the ninth Partee was safe on Jimmy Smith's error, and went to second on a passed ball. Ruble sacrificed, Partee taking third, and scoring on Sneed's second hit. U. T. failed to rally in their half.

Smarting under the defeat of the week before, Banks' Vols with blood in their eyes, came to Maryville Monday determined to take revenge on the Highlanders. Coach Honaker's men were in a no less determined mood, and again forced the Vols to take a back seat.

The weather was all that could be desired, and Gray, again Honaker's choice for hurling duties was in true hot weather form. For the first seven innings he held the U. T. batsmen to four scattered hits. In only one inning did they get more than one hit,—the eighth, when three hits and two scarifices accounted for the Vols two tallies. Hatcher, the U. T. twirler, while allowing only one more hit than Gray, couldn't keep them scattered.

Maryville outplayed her opponents in all departments of the game. Not only did Nokomis show himself superior to the Vol hurler, but the rest of the team played better ball in the field, and clearly outbattled the boys from Knoxville. With the willow, Gray and Williams carried off the honors, each getting a three base drive. Williams' hit bringing in Shorty McCall and Acton with the winning runs.

Box Score

Summary—Three base hits: Gray and Williams; Sacrifice hits: Lane, Ruble, Campbell; Double Plays: R. McCall to Partee, Partee to Ruble, Partee to E. McCall to Ruble; Hit by pitcher: Acton, white; Bases on balls: off Hatcher, 1, off Gray, 1; Struck out, by Hatcher 3, by Gray 5.

ORATORY AWARD IS NAMED FOR ALUMNUS

"T. T. Alexander Memorial Prize" Is Name of Gift of Anonymous Friend.

Announcement was made some time ago of the generous gift, on the part of an anonymous friend of the College, of a Bible Training Oratorical Prize of $100 in gold. The friend who has provided the prize expressed the desire that it might be named in honor of some alumnus of the College, who had spent his life in foreign missionary service. Maryville has had sixty-eight representatives in the foreign field since the Civil War, and a number of them have given their entire lives, and others many years, to foreign missions. Among them, however, there is no one more highly esteemed than the very first of the sixty-eight, Rev. T. T. Alexander, D. D., of the Class of '73. The prize will therefore, be known as the T. T. ALEXANDER MEMORIAL PRIZE, to be awarded annually, as already announced, to the winner of an oratorical contest on subjects pertaining to various fundamental doctrines of the Christian faith.

The alumni and friends of the College will doubtless be gratified with the selection of Dr. Alexander, who gave a generation of devoted service to Japan, and whose entire family have shared his missionary spirit and labors. Mrs. Alexander and Miss Mary Alexander are now in Japan; Miss Emma Alexander gave her life to Japan; and other members of the family have been engaged in Christian service in Egypt, Porto Rico, and the United States.

L. M. U. AND M. C. SPLIT HOT DOUBLE HEADER

Two Games Are Featured By Numerous Hits And Large Scores.

L. M. U. took Friday's game from Maryville by a 9-5 score. The game was marked by ragged fielding and heavy hitting. The visitors mixed hits with our misplays in the fifth, sixth, seventh and eighth, and scored nine runs.

Score by innings:

										R	H	E
L.M.U.	0	0	0	0	5	1	1	2	0	9	9	4
M. C.	2	0	0	1	2	0	0	0	0	5	6	7

The second game was a slug fest, the pitchers being pounded for 25 hits, for a total of 38 bases. Sneed got a triple, two singles and a base on balls out of six times up.

Score by innings:

										R	H	E
L. M. U.	3	0	0	1	0	0	4	0	0	21		
										10	13	5
M. C.	4	0	2	0	0	2	0	0	0	21		
										11	12	3

Batteries: Thompson, Haile, Ramsay and Morgan; Gray and Williams.

THREE SENIORS HEARD IN SUPERB RECITAL

MISSES WEST AND WALKE R, AND MR. BUCHANNAN APPEAR IN ONE OF SE ASON'S BEST RECITALS.

Numbers Are Well Rendered And Are of Quality Equal To Many Professional Performances In Chapel.

On last Monday evening an unusually large audience heard three members of the Senior Class in one of the best recitals ever given on the Hill. The program was presented by Miss Bernice West, reader, Miss Nannette Walker, pianist, and Mr. Percy Buchanan, baritone. The numbers were well balanced and the entire program was far superior to those given by many professional companies on the Lyceum Course.

Miss Nannette Walker, the pianiste gave a beautiful and well-balanced program. Her delicacy of touch was excellently displayed in the Chopin Valse and the Raindrop Prelude.

A strong test of a good musician is to be able to play well a Beethoven Sonota. Miss Walker met this test with perfect ease, The Bird as Prophet was exquisite in its sweet, delicate tones.

The Prelude, C Sharp Minor demonstrated her ability to execute brilliant passages.

The Ensemble work in the Dance Macabre was well worked out. The two pianos were in perfect sympathy.

Her tone work in the Liebestraum was unusually well done.

As a whole Miss Walker's program showed very careful study and concentration.

Miss Bernice West's presentation of the play "Quality Street" by Barrie was unusually well given. From the first moment she appeared until the last, the audience was carried back as if by magic to the good old days of yore. She acquainted each of us with the old maid sisters and the dashing Captain Brown,—indeed her impersonation was so thorough that one had only to close his eyes and imagine the blue and white room with its charming inmates. Miss West has a remarkable voice, also a certain poise that renders her work most unusual.

Mr. Buchanan's selections were well chosen and representative of a great variety of musical qualities. His pleasing, unaffected manner secured the attention and sympathy of his audience. Throughout his remarkable range his enunciation was clear and distinct. The two arias, "Honor and Arms" and the "Chanson du Toreador" besides bringing out his breathing control showed splendid dramatic ability. The former, an oratorio, full of bold, brilliant, difficult runs was so rendered that one could not help but feel the dashing bravery of the knight as he spurns an unworthy foe. Mr. Buchanan did justice also to the "Chanson du Toreador" the rfrain of which is wll-known and lovd by many. The last group of three English songs was better appreciated by the most of us who are not equal to the true appreciation of songs that do Mr. Buchanan justice. "Up from Somerset" was given in the true bright and joyous major key. "Duna" more than any other song showed his ability with the sustained note, and "In Harbor" his resonance. Mr. Buchanan is truly a master of the art of vocalization.

ATHENS MIXES IT WITH PREP DEBATERS

LAST PREP DEBATES OF SEASON

Fray Results in M. C. Victory Followed By Loss to Morristown.

Tuesday evening, May 9, one of the hardest fought debates of the season took place between Maryville Prep School and The Preparatory Department of Chattanooga University at Athens on the question, "Resolved, that the United States Government Should Accept Henry Ford's Offer for Muscle Shoals." The affirmative team composed of Dewey Eitner and William Jester debated at Athens and although their debates were excellent the decision of the judges was in favor of Athens two to one. Katherine

Boies and Eugenia Hagood with Frances Harris as alternate upheld the negative side of the question at home. The debate was full of pep and opened with a well constructed speech by Miss Dennis which was followed by a forceful argument by Miss Hagood. Miss Hagood showed in her speech that there are many defects in Ford's offer and that if any offer is to be accepted The Alabama Power Company has made a better offer. Miss Patton was the second speaker on the Athens team. Miss Boies, the captain of the home team, made the last constructive speech in which she proved that the government should own and operate Muscle Shoals. The rebuttals were most interesting and showed that both sides were well informed on the question. The decision of the judges was two to one in favor of Maryville.

The closing debate of the year between Morristown High School and Maryville Preparatory School took place the following Friday evening. The question, "Resolved, that the Free State Plan of Government for Ireland is the best solution of the problem for all concerned" was debated at home by the negative team composed of Joe Gamble and Julius Huffman. The constructive speeches of all the debaters were especially clear and contained much valuable information. The decision of this very close debate was for Morristown High School by a vote of two to one. The affirmative team with Katherine Franklin, Abbie Gillespie and Alberta Frow as alternate won a victory of three to nothing at Morristown. This victory away from home formed an appropriate close to a very satisfactory debating season for the preps.

Out of the eight prep debates, four of the decisions were in favor of Maryville. Not a single Maryville team was defeated by a unanimous decision, and the season closed with the victory of three to nothing at Morristown in favor of Maryville.

Patronize Those Who Advertise, They Make The Paper Possible.

A prominent present-day cartoonist has gained much of his popularity by a series of sketches entitled "What the Thinker Thinks About", and various kindred subjects. When we first came to College we entertained much curiosity concerning "What a Senior Thinks About". During an interval of four years however, we have experienced some doubt as to whether a Senior actually does expend any time in this alleged profitable past-time. Granting that he does, the under-class men may be, as we were, curious concerning the subject matter of his thought.

Much is said every year about the Senior's love for Alma Mater and his regret at leaving her halls. This does occupy much thought, for every Senior, unworthy son of Alma Mater though he may be, cherishes for her a deep love. He may call it weak sentiment, but its there just the same.

The Senior dreams much of the future, of his plan in the world before him, and these dreams may constitute the major portion of his thought material.

But, woven into the fabric with these golden threads of memories and dreams, is a darker, less beautiful strand. It's just a bit of regret, of remorse, just a haunting thought of things which might have been achieved if only we had— —done a little more in a little different way.

There's little advice that we, so unworthy to advise, can give, and that little isn't that our successors emulate our accomplishments, but that they place their goals just a bit beyond our achievements, for, although we feel a justifiable pride in our work, we are aware that haunting remorse brings true accusations, and that we might have done more and done it in a better way.

If we may, without presumptuousness or pedantry, offer a suggestion to the members of other classes, we urge them, individually, to strive, not for a degree or "getting through", but for complacency and satisfaction which introspection can't disturb. Senior triumph, though acclaimed by many others, is poor triumph indeed if it doens't find sncere acclamation in one's own conscience.

Chapel speakers frequently give the same advice in familiar terms: "In every thing do your very best". It may be trite, but there's more to it than stirring sentiment. Others say, "You'll get out of College just what you put into it." There's hardly a Senior who can deny the accuracy of that satement.

Take it from us, undergraduates, not as preaching, but as humble advice, if you want to feel good when you're a Senior, you can't begin too soon.

CONTRIBUTIONS OF THE COLLEGE NEWSPAPER TO COLLEGE LIFE

S. I. N. A. Prize Editorial
By Wm. Swell Sawyer, Managing Editor, The Emory Wheel, Emory University, Georgia

In five distinct fields, the college newspaper contributes to college life. These are the student body, faculty, alumni, prospective students and intercollegiate relationships. The newspaper is a strong factor in the developing of student opinion, and simultaneously is a potent agency in developing student thought. Without the college newspaper the proper college spirit would be difficult to develop and conserve. The appeal of actual accomplishments, as related in the newspaper, gives the college newspaper predominance for this purpose over all other means. The disseminating of news and information tends to promote unity in student body, and it brings about a closer bond between the students themselves. Thru no other means can all or any part of the students be reached as effectively or as quickly as through the newspaper.

The college newspaper fosters a closer and more intimate relationship between the students and faculty. The faculty can exert a controlling and disciplining influence over the students through advising, suggesting, and requesing certain policies and material for the newspaper. This opportunity properly embraced is unsurpassed in its possibilities, by any other agency.

Again, through the medium of the college newspaper, the love of alumni can be fostered, and college needs can be presented to them. It is a bit of their Alma Mater that enables them to keep in touch with college life. The college that loses touch with its alumni suffers under unnecessary handicaps.

Then ewspaper is a tangible expression of the activities of college life which speakers for the college wherever it goes. The "High School Special" of some college newspapers is a valuable contribution because it reaches the prospective student at the time when first impressions are made and the foundation is laid for college loyalty and pride. Decisions for a college are often made because of the appeal which a copy of the college newspaper had made. The immediate effect on the prospect is unlimited in its value to the future college life.

Furthermore, for the regulating and shaping of college life something should be known of other colleges and their campus life. The college newspaper has limitless opportunities to print from other college newspapers facts and innovations which will tend towards the betterment and development of the college life. The spirit and inspiration of thought from another campus often reacts on college life to the advantage of all.

The educational value of the college newspaper is to be found in all the fields of its influences. The reprinting from various sources of speches, articles, and lectures hold high value in the polishing and rounding of a student's education. The printing of reports of different society meetings that are of an educational value gives to the non-member and absentee an invaluable advantage. The careful reporting of public lectures which are given on the campus keeps alive interest in these and extend the scope of their influence. The educational value depends to a large extent on the standards and policies of the editorial staff.

In accordance with the announcement made in Chapel this number of The Highland Echo will be the last four page number. The next issue, which will be the final one, will have eight pages and will appear on June 1st.

WHY GO TO BLUE RIDGE

There are many phases of the student "Y" Conferences at Blue Ridge which might be discussed, but we wish to mention a few which make it worth while for the student to attend at least once.

In the first place this Conference offers one the opportunity of spending a ten days' vacation in one of the most beautiful spots in America. From the grounds there is a commanding view of the mountains, which are especially inspiring at sunset, while the paths thru the surrounding woods are made particularly attractive by the big pink flowers of the rhododendrons. Every sort of recreation is provided, from hikes to Mt. Mitchell to swimming or baseball, but best of all there are three extra good meals a day to enjoy besides eight hours of sound sleep at night. After the strain and worry of nine months school what could be better than ten days vacation in such a place?

Then there are the pleasure and profit gained by associating with the delegates and leaders. The former constitute the flower of youth of the South, while the latter are the leaders of thought in our country—busy men and women who think it worth while to come from the four corners of the land in order to lead classes and give addresses.

Finally, Blue Ridge gives one a chance to look oneself over. In these busy days we often drift along and continue in our same old ruts simply because our immediate tasks take all of our attenion and we don't take time to consider our faults. Now at the conference the very principles and motives of our lives are challenged by some of America's best speakers, and we have an opportunity to think the matter through for ourselves since there is nothing else to concern us. If we desire any help after such such meditation there are plenty who are willing and able to aid us.

Surely, with all these privileges, Maryville should have a good delegation at Blue Ridge. It costs something, but if entered into in the right spirit the Blue Ridge Conference is worth many times its cost.

Y. NOTES

The fellows enjoyed a special treat Sunday at the Y. M. C. A. meeting, a Mother's Day program.

Acten, Jackson, Clabough, and Pritchard gave short talks about Mother. Acton's subject was "Our Best Friend". Jackson talked about "Mother's Best Friend". Clabough spoke about what "Mother Means to Us". Pritchard told us what we could do for mother.

Appropriate poems were recited by Karrick, Thompson, and Jester the latter reciting one which he had written entitled "A Rose in the Heart of Mother".

Professor Brittain will talk next Sunday, and as Mr. Buffat said, all the fellows know he is a live wire, and if they want to be electrified come and hear him.

BAINONIAN— ATHENIAN

At the joint meeting of the Bainonian and Athenian Literary Societies the Bi-Athenian Company presented:

Piano Solo: Schutt's Love Waltz
Anna May Holland

Reading: Round the Circle-O'Henry
Martha May Boyer

Junior Athenian Quartet, William Jester, Lee Moore, Clifford Kelley, and Lowell Curtis

Piano Solo: Chopin's Valse (E minor)
Elizabeth Moore

Bainonian Quartet: Charlotte Allen, Alice McAnulty, Ruth Gamble, Ruth Newton

A Play: "Marrying Off a Dughter"
Cast of Characters:

Mr. Dunn-Brown, Edward Cornelius
Mr. James Smith, Verton Queener
Mr. Joseph Smith, John Stockton
Mr. John Smith, Alvis Johnson
Miss Fannie Dunn-Brown.
Geraldine Odell

A glance at the program shows that to say it was a good one is superfluous. The program committee and the refreshment committee mutually excelled each other, therefor the refreshments were as good as the program. In every way the Bi-Athenian Company was A SUCCESS.

PERSONALS

Delemo L. Beard, of the Class of '21 is visting the Hill. Mr. Beard is a student in Union Theological Seminary.

Billy McCurry is among us again for a short time.

Dr. Gilingham has placed in the Library two numbers of "The Continent" which contain articles of very great interest. "The Lasting Laws of Ladyhood", is an editorial in the April 27, 1922 number, and "A Christian View of Evolution" by Dr. J. H. Snowden appears in the number for May 4tr.

On May Day morning Dr. Wilson found a beautiful basket of flowers at his front door. It was accompanied by the following arostic, and was signed by the "May Bees".

"With love we greet you for the May,
In love we meet you day by day,
Let love be with you all the way
Since love crowns you in glad array.
O, may life always be like May
Not ever like December!"

Others of the teaching force had a similar pleasant experience.

Y. W. C. A.

At two o'clock on the afternoon of Mother's Day, the Junior and Senior Y. W. C. A. met in a joint meeting on the lawn in front of the House-in-the-Woods. The loveliness of the mass of roses on the fence opposite added wondrous beauty and charm to the spot.

The meeting was opened with, "I Love to Tell the Story". Then Bernice Jones, the leader, read a scripture lesson, touching upon Mary the perfect Mother. Anne Geisling, who was within the house, played softly the Rosary, and Elizabeth Moore sang "Mother Dear". Then the girls recalled all of the sweetness of their mother's love and expressed it in words, whose initials spelled M-O-T-H-E-R. The meeting was dismissed with the Mizpah benediction, and the girls left realizing as never before the debt owed to Mother.

HENRY COX WINS ALPHA SIGMA ORATORICAL CONTEST

The annual oratorical contest of the Alpha Sigma Literary Society was held Saturday night, April 29, and won by Mr. Cox, whose subject was "Astronomy". The oration was delivered masterfully, and showed clear thought and a comprehensive knowledge of the subject. Mr. Cox received for his excellent work a beautiful gold medal as recognition for his proficiency in oratory.

The other participants in the contest were Benjamin Huber, whose oration was entitled "Success", and Andrew Stewart whose subject was "America in War and Peace."

The exrecises were preceded by a well performed piano solo by Flynn Humphreys.

RESOLUTIONS

Whereas, God in His Wisdom and mercy has called unto Himself the brother of our classmate, Clarence Jones,

Be it resolved: That the members of the Fourth Year Preparatory Class extend heartfelt sympathy to its bereaved classmte in his great sorrow.

And further, be it resolved: that a copy of this resolution be read in chapel, that a copy be printed in the Highland Echo, and that a copy be sent to Mr. Jones.

William L. Jester,
Joe C. Gamble.

The *Gale*, Annual of Knox College, Galesburg Illinois, will not be permitted to run a beauty section in its forth-coming issue. The faculy otbject on the ground that "the practice of holding contests to create invidious distinctions or to flatter personal vanity * * are undignified and reprehensible."

EXCHANGES

There was once a man who never gave money for the Missionary fund, so when the contribution plate was passed to him one day at church, he shook his head. "I never give to Missions", he said. "Then," said the usher politely, "Take something out of the plate. This is for the heathen." —Exchange

Mrs. M.: "Don't you stay in the room when your daughter has company any more?"

Mrs. D.: "No, I'm trying out the honor system." —Orange and Blue

Prof: "How does it happen, Mr. Jones, that you are always so late?"

Jones: "Hereditary, Doc, I'm the son of the late Mr. Jones." —Ex.

"A man on third,—one down", he said. "We'll have to work a squeeze"

"But, Johhny dear, don't do it here, it's much too public, please." —Exchange

Some folks are so slangy,
Good speech they taboo;
The words that they spiel
Will turn the air blue;
And take it from me,
They will never get by,
Or land the big jobs,
Though hard they may try,
I've cut out the cussin';
I've let it go to hang—
Yes, me for pure English,
It's goodby to slang. —Ex.

The javelin throw and two mile records at Georgia Tech were broken last week in the annual Field Day exercises. The records now are 173.9 feet and 10 minutes 28 4-5 seconds, respectively.

A survey taken by Pres. J. H. T. Main at Grinnel shows that the non-smokers had a score of 48 per cent as against 27 per cent of scholastic perfection for smokers.

Grades were based on a scale which has a minus 60 as the zero of scholastic ability, hence the 48 per cent of the non-smokers is a high score. Men averaged 37 per cent and the co-eds 44 per cent. It also showed the men who attended chapel stood 15 per cent higher than those who played "Hookey", and that men residing within the dormitories were better students than those outside.

"Coo", said the little boy dove.
"Coo", said the little girl dove.
"Cuckoo", said the old buck pigeon. —Ex.

And when it rains, it rains alike
Upon the just and the unjust fellow
But more upon the just, because
The unjust steals the just's umbrella. —Orange and Blue

She: "I suppose your father will be all unstrung when he hears about your exams?"

K. Lewis: "No, I wired him last night." —Ex.

Oh, Caesar, when you did depart,
Where climate never varies,
Why, in your haste did you forget
To take your commentaries?
—Ex.

Jim—What was that noise in the library?

Jam—Oh, that was only history repeating itself.
—University News.

She: I suppose you had a pleasant sea voyage?

He: Oh, yes. Everything came out nicely. —Exchange

Why are the Freshmen like real estate?

Because they are a vacant lot.
—Orange and Blue

This U. C. life is coming to
A mighty pretty pass,
When a student has to study
Before he goes to class.
—University News

OH, DEER!

Going to stag it to the Junior prom?

Sure, I haven't any doe.

FOURTH PREP PLAY SCORES BIG SUCCESS

Work of Stellar Cast in "All-of-a-Sudden Peggy" Is Highly Appreciated.

Ernest Denny's "All-of-a-Sudden Peggy" found a most understanding interpretation at the hands of the cast representating the Fourth Preparatory Class on Friday evening, May 5th. A large audience was present to see this splendidly presented play. It began with

The Suddenness of Peggy

For the first act pointed from its earliest moment to the instantly expected entrance of "that O'Mara girl", the Peggy of the title. And when Peggy did appear, the suddenness of happenings became bewilderingly evident,— particularly the suddenness with which Jimmie and the audience fell in love with the whimsical will-o-the-wispness of Peggy. Then with the second act came

The Suddenness of Consequences

For when one's uncle, the best intentioned uncle in the world too, a man fairly saturated with concern for the "good of the family", undertakes to anounce one's marriage in the Morning Post, the consequences are bound to be sudden and all London and the world will know it,— overlooking entirely the one slightly disturbing fact that it isn't true. But at last, in good time, came

The Consequences of Suddenness

Most far-reaching consequences, for because of this suddenness, Lord Crackenthorpe finds himself brother-in-law to his own daughter-in-law, who in her turn is sister-in-law to her own mother, who to complicate matters further still, is daughter-in-law to her own daughter's mother-in-law, and this estimable lady, Lady Cracknthorpe, alas, is in the confusing situation of being mother-in-law to rer own son's daughter-in-law. But we don't blame Peggy, no not at all, for such things as these happen every day even in well regulated families. And after all it is enough for us who saw the play to share indirectly in the joy of Jimmie who learns as the curtain falls that, after all, Peggy does care, even though she did come to care "all-of-a-sudden."

The work of Frances Deane as Peggy was of unusual excellence. Her voice, her facial expression, her sudden emotional changes, all made her personation of the title role most commendable. It really was Frances Deane, you know, but for an hour and a half on Friday night it was very easy to forget, and think it was only Peggy. Curtis Newcomb's presentation of himself as Jimmy was very good indeed. His work in the second act when the suddenness of consequences came home to him was particularly good. He endured enough surely to render him richly deserving of the reward of Peggy's last act of suddenness.

William Jester as Lord Crackenthorpe gave an unusually accurate portrayal of that role. With no apparent effort he put himself in the place of the man of science whose family might go hang for all him if the spiders were out in large numbers, and whose heart yearned toward Mrs. O'Mara because she too was spiderly inclined, or at least had convinced him so. Virginia Browning as Mrs. O'Mara was remarkably in the spirit of the role assigned her. What an invaluable assistant she promises to be to the entymological Anthony!

Susan Carson, well known for former dramatic successes, was particularly good as Lady Crackenthorpe, who simply could not find a word by which to address her daughters-in-law. Major Phipps found a life-like personation in Barnett Blickensderfer who drew more luaghter than tears over his burning concern for the good of the family, and particularly for his sister, Lady Crackenthorpe, whose interests were so obviously also his own.

Katherine Franklin as Millicent Keppel, Robert Campbell as Jack Menzies, and Donald Buchanan in his double role of footman and valet, all took their parts most fittingly. Unbounded credit to the cast, to the committee of the class, and to Miss Tredwell, the director. Until another year rolls round and another Fourth Prep play comes to claim our praise, we shall live in the satisfying memory of "All-of-a-Sudden Peggy", the first of Preparatory Class plays.

GIRLS FORENSIC LEAGUE ELECTS

Officers Chosen For Work of Coming Year's Difficult Debate Schedule.

The Girls' Forensic League met May 12, and the following officers were cleted for next year:

President - - - - Ethel DeHaven
Vice President - - Marie Bellotte
Editor - - - - - Mary Broady

The year just passed has been a most successful one for the organization, for it marked the winning of a double victory over Tusculum for the first time in the history of girls' debate at Maryville. But Tusculum is already clamoring for revenge and is asking for a debate with the M.C. girls next year. What do you say, girls? Make the determination today and be ready to volunteer next season. Every girl out!

M.B.

HENDRICKS BESTS HUBER

Tuesday morning, May 8th., before a mammoth crowd composed of some sixteen fellows to say nothing of a dog and eight grasshoppers Jelly Jim Hendrick defeated Fighting Benja Huber in two straight sets of stellar tennis. The match was played in record time. Both contestants were confident of victory. Neither showed signs of nervousness.

After a preliminary contest between Frank Kinsler and Warran W. Warman, which Kinsler took 7 to 5 and 6 to 1 the main bout of the morning was called. After a few appropriate yells, led by Cheerleaders, Thrower, Prince, Watkins and Stevens the rivals took the court.

Huber dashed snappily into the lead by taking the first game. Then there was an intermission while the Camels were passed after which Hendrick rallied strongly and took the next four contests. Huber then tock the next game but his rival was not to be denied and took the set 6 to 2.

After a short interval Huber apparently rallying took the initial fracas of the next set, but Hendricks, responding to the requests of his constituents, came back fiercely and won the set in record time, taking the next six games and winning 6 to 1.

THEA EPSILON— ALPHA SIGMA

A joint meeting of the Theta Epsilon and Alpha Sigma Literary Societies was held on Saturday evening, May 13th, in the Y. M. C. A. auditorium. Miss Julia Anderson and Mr. Ernest Kidder were the presiding officers. The program opened with a toast to Thetas by Mr. Andrew Stewart. His toast was indeed unique, and when he presented Miss Anderson with an honest-to-goodness piece of toast, everybody enjoyed a hearty laugh. A clever response in the form of a poem was given by Miss Rena Mae Anderson. We now hail her as the poetic genius of old M. C.

Did we take a trip to Africa? Yea verily, I hear the reply—for who can forget Eula Miller with her black face and gayly colored costume. Unh-unh, not me! We were carried back to the days of Bobby Burns when Mary Lilby Soissman kept her feet marking time to an old Scotch air. Pitter-patter! we all turned about to see who was tripping up the aisle. We were greeted with a little Japanese girl—Gertrude Wallen. As we listened to her delightful Japanese song, we spent a few minutes in the sunny isle of cherry blossoms.

Vat says? Oh no, we can't forget the little Dutch girl. Jeannette Jamison took us to the land of tulips, and make us feel like clattering along in wooden shoes when she read the Dutch interpretation of "Barbara Frietchie". Here's hoping that our pretty Dutch maiden will pay us another visit soon again. Crash-bing-bang! The cause of the excitement was Leslie Poe who dashed madly up the isle to greet Robert Baldwin, the city chap. Both boys entertained us in their inimitable manner and we were sorry when the train whistle blew for Poe to leave.

As we entered the gymnasium each boy and girl soon became aware of the fact that a few songs jumbled together produce a very harmonious effect. To see each group perform, was in itself a rare treat. We sincerely hope that His Master's Voice will be heard again someday.

Ice cream, cake, and grape-juice made us wish that the evening was just beginning instead of ending. The lights flashed, the shades of night were drawn, and the joint meeting of the Thetas and Alpha Sigmas became a happy memory.

The athletic wedding given at Theta established a precedent which in the days to come will be time honored. Miss Ath Letic (Thelma Adair rivalled the most gorgeously gowned June bride. Perhaps the most attractive part of the bride's costume was her beautiful veil made of an exquisite white tennis net trimmed with tennis balls. Mr. Gym Nasium (Olie Thornton), the stately groom, presented her with a genuine tin cup. Myrtle Ardis, arrayed in an athletic ministerial garb, tied the knot and gave some excellent advice to the newly-weds. The flower girls and attendants looked like real sports, and they cheered the happy couple. With tear-dimmed eyes, Gertrude Wallen sang "Old Maryvillee'. Alice Johnson played the Orange and Garnet wedding march. Three cheers for Mr. and Mrs. Gym Nasium,—may they live long and prosper!

EXCHANGES

The University of Virginia was the first school in the State to "fall" for the "Royal Order of Shifters", while Richmond University claims second place. Most all colleges and universities were caught in the wave of Fadism.

A test given recently to 200,000 high school and college students revealed the fact that the students of the country are not as well acquainted with the national heroes of the diamond, gridiron, and the movie as is generally supposed. 200,000 students averaged only 46 per cent on ten questions about baseball, football and the movies.

Results showed that 35 per cent of the boys did not know who won the last world's series; 50 per cent did not know Babe Ruth's home run record and 70 per cent of the girl seniors did not know the name of the woman of Congress.

Lines to Be Remembered.

He who calls in the aid of an equal understanding doubles his own; and he who profits by a superior understanding raises his powers to a level with the height of the superior understanding that he unites with.—Edmund Burke.

Graphite.

Down to 1850 graphite was obtained chiefly from the Borrowdale mine in Cumberland England. Since then a supply has been drawn from eastern Siberia; from Ticonderoga, New York state; Buckingham, Quebec; and Bohemia. Graphite is also produced in Ceylon, and Madagascar. Artificial graphite is also being manufactured.

This is our last editorial offense. We're through. Our remaining in office for an entire year has been a source of wonderment to us and we can account for it only on the grounds that the Echo's public lacked leaders who would inaugurate a movement to fire us.

At this particular season one usually makes some sort of statement to leave behind.

Of course we are aware that the Echo could have been better this year, but we can conscienteously say that we have done our best. The duties which we have performed have been largely mechanical and our pen has not been prolix. Our theory is that the paper should be filled with the material furnished by the students and not by much material prepared by the staff.

To next year's staff we wish the fullest measure of success and we urge the student body to pledge loyal support to the paper.

A Sure Reminder.

Perhaps the most original suggestion for a "reminder" was that of the little boy whose grandmother had forgotten his birthday present the year before. She wished to know what she could do in order that she should not forget it again. "You might put your teeth in upside down," said the boy.

CLOSE OF BRILLIANT SERIES OF RECITALS

Misses Bassel, Stevens and McClung Appear in Last Recital.

On Monday night, May 22, Misses Elizabeth Bassel, Jewell Stevens, and J. Lynn McClung gave the last recital of this year of the series of graduate recitals of the Music and Expression Departments. Miss Stevns, through the medium of Veiller's "Within the Law" taught us in the most pleasing way that we must reverence and obey the laws of our country. Her portrayal of the characters was all of the very best, yet we could not but feel that we knew and loved Mary Turner the most. Our minds will not soon forget one of the scenes of this most excellently delivered reading.

Miss McClung read "The Bishop's Candlesticks", which is arranged from Victor Hugo's Les Miserables. We fell in love with the Bishop from the very beginning and we loved him to the end, until we began to feel with the thief that there is still some good in the world. Miss McClung's representation of the Bishop was especially good.

Miss Bassel, the pianist, had not been heard in public before, and the audience was delighted with her rendition of the numbers, and showed keen appreciation. The Valse, for two pianos, by Arensky, was well done by Miss Bassel and Miss Tedford. They showed most excellent ensemble work throughout the selection. Miss Bassel followed this with a group, the first of which was Czardas, by MacDowell. This gave excellent opportuniy for lightness, clear phrasing, and delicacy of style. Rigandon, by Greig, is written in the antique style of Holberg's time. Leschetizky's Intermezzo in Octaves gave evidence of her technique and was played with fine skill and brilliant execution. The Rondo, by von Weber, sometimes called Perpetual Motion, is always a difficult number to play. It showed Miss Bassel at her best, with delicacy and brilliancy combined in artistic effect. Brahm's

(Continued on page eight)

MARYVILLE COLLEGE'S BEST BASEBALL SEASON

MARYVILLE'S BASEBALL TEAM MAKES A RECORD FOR ITSELF.

The hearts of all Maryville, from our beloved President, Dr. Wilson, on down through the first prep class have been gladdened by the splendid showing that our boys have made on the diamond. This splendid yeor of athletics has ended with a very glorious baseball season, and we are proud of the boys who have made such a record to go down into history. In the words of Professor Brittain, "We have beaten U. T. so much that it has become a common ordinary thing with us.

But seriously speaking, we have one of the best college baseball teams that can be found in the whole country. Charlie Partee should feel honored to be captain of such a team. Every man did his very best for old M. C. and we have seen the result. There wasn't a single hitch, but the season ended with twenty-one games played, out of which we won twelve, tied four and lost five. Now that isn't a bad record at all when you consider the fact that most of these five games lost were lost after second days of very strenuous playing.

Let us stop for just a moment and see who made these victories possible for old M. C.

In the way of pitchers we had several men who were worthy of wearing the Orange and Garnet. Gray was a man who could be depended on in a pinch. It was he who pitched his way to victory over Tennessee two times and tied them once. It was he who kept his head up at all times and played the game.

And Coach Honaker's new find, Jack Matthews deserves no less praise. Jack had a little trouble with his arm but he pitched baseball and when Jack pitched our opponents realized that they had been through a baseball game.

Roger Williams was our other pitcher and Roger added some scalps to his belt, too, in the course of the season. Roger is a hard working man and deserves much credit for his work for Maryville.

Where will you find a harder working or better playing catcher than our own Baxter Williams? No where. Who was it that kept in the game at all times and encouraged the team?—Baxter!

"Speedy" Ruble can't be beaten on first base and he never let down on the brand of baseball that he started playing at the first of the season.

Eddie McLane, our comedian, is full of fun and pep but when he gets on the baseball diamond he plays baseball and he can't be stopped.

Acton is fast as lightning and plays third base just like an old timer evn though he was supposed to be an outfielder. He can hit too.

Partee, the captain, as fast and dependable wherever you put hm. His regular position was third base but this year he was shifted to short and then to second. He is a veteran baseball player and handled the team well this year.

"Shorty" McCall the substitute infielder served the team well after Eddie McLane was forced to quit the game on account of medical treatment. Shorty played hard and in our third U. T. game, the first one we won he played sensational baseball and was the outstanding star of the game.

We have the best outfield in the south—Sneed, McCall and Rowan can be depended on to sack anything that comes their way. These men have made some mighty good records and two of them will be with us again next year.

As for the team as a whole we would say that they are all fine gentlemen and clean sportsmen. They play baseball to win but they won't play a crooked game just to win a decision.

Maryville is proud of such men as these and we wish that every one of them could come back and be with us another season.

COLLEGE ORGANIZATIONS HAVE FINAL BANQUETS

ADELPHIC UNION

A Dutch Treat Closing Social Event of College Year is The Banquet of the Adelphic Union.

We have often heard our parents tell of the good old Dutch dinners they have eaten at the home of friends. Well, they haven't anything on us.

Now, as the old bit of rhyme says—"we can sit on other logs, and tell other frogs" of the good old Dutch dainties that we ate at the Adelphic Union Banquet way back in '22 while we were still in College at Maryville.

Now look down through the years and see by the flickering glow of a wood fire an old man smoking a pipe, his wife by his side, listening and living over again the good old days at M. C., while he entertains his grandchildren who have come to visit them for a few

FORENSIC LEAGUE

Coach Hunter Banquets The Forensic Leagues.

Some time ago the members of Maryville's debate teams received mysterious letters posted on College Hill. On opening these missives they were found to be invitations from Coach and Mrs. E. R. Hunter for the evening of May 17. The debaters were requested to "bring a friend" and a sofa pillow to the College Woods. These invitations were enthusiastically accepted, and the debaters began to anticipate a pleasant evening with Coach and Mrs. Hunter.

An unfortunate rain made the woods impractical, so the debaters assembled in Thaw Hall. Here Professor Hunter demonstrated that he was as capable of coaching a social hour as of coaching a winning debate team. The social hour was very informal. This permitted every one to have an hilar-

Y. M.-Y. W. CABINETS

The Association Cabinets Banquet Themselves.

On Thursday evening, May 18th, the Cabinets of the Christian Associations enjoyed their annual banquet in the Home Economics dining room. We are greatly indebted to the Home Economics Department for the delicious supper which the girls prepared and served.

After the tables had been cleared toasts were in order with Roy Buffat acting as toastmaster. Hazel Bevan, retiring president of the Junior Y. W. C. A. gave a fitting toast to the new president in which she expressed a desire that the new president would meet with the same spirit of cooperation that had characterized her term of office. Mary Robison responded to this toast. Sam Franklin toasted the retiring Y. M. C. A. president, recounting the numerous services he

(Continued on page two)

THE GLEE CLUB

The Final Concert of Glee Club Takes The Form of a Banquet.

The Maryville College Glee Club which Miss Gregg says is the best one the College has ever had, finished their season with a Concert at Vonore, May 13th. The Club had a fine schedule which included a week's trip in East Tennessee. Concerts were also given at Cleveland, Athens, Lenoir City, Harriman, Kingston, Louisville, Park City, Alcoa and the home concert which everybody said was the best thing given on the Hill this year.

At the close of each season the Glee Club gives a banquet for its members and all others who have assisted the Club through its trials. Consequently on the evening of Friday, May 19th., the annual Banquet was held in the Home Ec rooms. Prof. Hunter acted as toast-

(Continued on page two)

THE VESPER CHOIR

The Vesper Choir Picnics On The Stevenson Lawn.

On last Tuesday afternoon, May 24, from the hours of 4 to 7 p. m. the House-in-the-Woods, lawn, spring and everything was the scene of a very joyous, harmonious and melodious picnic. We say joyous because every one had a wonderful time. We harmonious because there was perfect peace and tranquility from Dr. and Mrs. Stevenson on down to the most insignificant person present. And we say melodious because it was the Vesper Choir who was having this exquisite and magnificent picnic.

The choir members strolled out the winding road to the Stevensons' with the purpose of having the best time that could be had anywhere, and they were not disappointed.

Games were played, songs were sung and none too soon came Miss

(Continued on page two)

ATHLETIC REVIEW SEASON Of 1921-22

(By Coach Honaker)

The season of 1921-22 has proved to be a very successful year in athletics for Maryville College certainly the best she has experienced for some years.

Undoubtedly the new financial arrangement which requires every student to pay a "blanket tax" for the support of athletics and other student activities has been one of the prime factors in the athletic advancement. The fifty thousand dollar campaign for athletics has also furnished a very great stimulus for improvement in all athletics and if this campaign can be completed and the contemplated improvements made the athletic future for Maryville will look very bright.

Large numbers of men from both college and preparatory departments have taken part in athletics and not only have winning teams been developed but many men outside the varsity teams have received athletic training and physical development.

The foot ball season was one of which we may be proud. From a squad of more than fifty men the team was gradually moulded and of the nine games played only one was lost, that being the one in which U. T. won a 7 to 0 decision. For the season Maryville scored 224 points to 28 for her opponents.

The basket ball season from the standpoint of games won and lost was not so successful for of the 14 games played seven were won, six were lost and one was a tie game. A great many men were developed who will be valuable material for next year. About fifty men were out for the varsity.

A great deal of interest was shown in the class games, in fact there seemed to be as much interest in the class games as in the intercollegiate games. About seventy five men participated in these games.

Track work was tried with very good results. The fact that none of the colleges have track teams makes it very difficult to accomplish the good that should be gotten from track work. In spite of this handicap Maryville had a well balanced team and made splendid records in her dual meet with U. T., although defeated every event was close. With more competition another year Maryville will be able to have a track team which will be on a par with her other teams.

Base ball one of the most popular of sports, always creates a great deal of interest and brings out a large number of candidates.

The Highlanders have just closed a very successful season. Out of twenty-four games played fourteen were won, six were lost and four were tie games. The five-game series with U. T. proved to be our most interesting games and probably for the first time in her history, Maryville won two games in a season from her rival U. T. Two games were ties and the fifth one was won by U. T.

Another very notable achievement of the past season was the 11 to 0 victory over the Pioneers of the Appalachian league.

Certainly the 1922 season is one which will be remembered as a very successful one from every standpoint.

In tennis only two intercollegiate matches were played. East Tennessee Normal was defeated in both singles and doubles. The team from Centre College won the doubles and one single while Maryville won two singles thus breaking even with the famous "Praying Colonels" from Kentucky.

Taken as a whole Maryville has had a very good year in athletics. Not only has she won games, but she has been represented by men who believe in and play clean athletics. In fact a cleaner bunch of fellows in college athletics would be hard to find.

Ashes to ashes and dust to dust
If quizzes won't get you the finals must.

VESPER CHOIR PICNICS ON STEVENSON'S LAWN

(Continued from page one)

Gregg's cry of "Let's eat". Then sticks were cut to broil the bacon on and soon there were all kinds of delicious odors floating about on the afternoon breeze. It would be a shame to tell everything we had to eat for it would serve to make all the readers of this article hungry, so we will forbear that pleasure.

Then the "Pearsonward" journey was begun and the woods was filled with duets of all kinds. They were all duets and there were lots of them at the same time but every one had a wonderful time and who cares what the other fellow was singing.

Oh, Boy! you ought to belong to the Vesper Choir.

THE GLEE CLUB

(Continued from page one)

master and toasts were given by Dr. McMurray, Mrs. McMurray, Miss Gregg, Howard Sullinger, Percy Buchanan, Margaret McSpadden, Louise Gollmar, Rollin Marquis, and Lee Herndon. The program was closed with a toast by President-elect Robert L. King who spoke on the prospects of the coming year. A delightful banquet was served by the girls of the Home Ec Department and all the boys agreed that this was the best concert of the year.

Five of the boys are Seniors, and as is the custom of the Club they were presented with medals in appreciation of their efforts during their years in the Club. Miss Gregg was remembered, and although her work could not be repaid by any small gift, the boys wished to show her their appreciation. Mrs. McMurray was also remembered for her splendid work in preparing the costumes for the Grasshoppers.

The following are the officers for the coming year:

Robert King - - - - - President
Howard Sullinger - Vice President
Everett Jackson - Secy. & Treas.
Virgil McClung - - - Librarian
Prof. Hunter - - Faculty Manager
August Johnston - - Student Mgr.
Miss Gregg - - - - Directress
Giles McGinley - - - - Editor

ECHO FIFTEEN d,hk

Y. M. C. A. AND Y. W. C. A. CABINET BANQUET

(Continued from page one)

had rendered not only to the Association, but to the College as a whole. Forrest Brown made the response with all the dignity befitting a Senior. Bernice Jones in her most pleasing manner offered a toast to the new Senior Y. W. C. A. president, who responded with the hope that Y. W. and Y. M. C. A. should continue to prosper through the coming year.

It was rumored that a joke book had been circulated among the speakers of the evening, for the toastmaster had a joke to fit every remark.

Before saying goodnight, the College song and yells were given. Every officer left with a new determination to make Y. W. C. A. and Y. M. C. A. rank high on College Hill.

RECENT CHAPEL SPEAKERS

Dr. J. Ross Stevenson, President of Princeton Theological Seminary was a visitor for a short time on College Hill Thursday, May 25th. Because he is a director of Maryville College and because he is the president of one of our leading seminaries he was doubly welcome. The talk which he made to us in chapel, when he emphasized the necessity of preaching salvation through Christ, was especially helpful.

Dr. Buchanan led our chapel service again Saturday morning. In his talk he revealed the proof of eternity through observance of nature. This will probably be the last time that we will hear Dr. Buchanan before he leaves for Japan. We bid him "God Speed" in his work and thank him for the inspiration and help that he has given us.

A DUTCH FEAST AND REAL DUTCH MAIDENS

(Continued from page one)

weeks. He is telling them all about the Adelphic Union Banquet of last Friday night. No wonder their eyes are open wide and their faces show eager anticipation when they hear this wonderful story and think that some day when they grew up they will go to M. C.

This is what Grandfather said:

"One morning at chapel the Arkansas Bible teacher, Professor Orr, announced that our Adelphic Union Banquet would be on Friday evening, May 26th. Our curiosities were aroused by his saying there was a surprise in store for us. All of us boys had our tickets long before we had our dates, for then your Grandmother there and I understood each other the same as now, and had what we called a standing date.

"Yes", chirped up Grandmother, "All of us girls too understood about the standing date and borrowed our room mates' evening dress long before we had dates."

"Before seven o'clock Friday evening", continued Grandfather, "We fellows were dressed up and leaving Carnegie, for we were mighty anxious to see her in that dress, we knew wasn't hers, and wearing those flowers we borrowed the money to buy. Although it was strickly forbidden for us to stroll on the campus, a few couples did get out into the great beautiful night, while others sought various corners."

'But on to the feast"

"We marched into the dining hall between two rows of smiling Dutch Maidens, who ushered us to the table of our choice, where we talked with our favorite group of friends. Then came the eats. My! but they were good. But by looking at the menu we could not tell what we were eating for it was all written in blank Dutch. But just the same a vacant spot was filled that had not been filled since we left home."

"Then came the toasts."

"The toastmaster was Dr. Gillingham, a professor for whom we all had the greatest respect. After the four societies had been toasted by their respective representatives, Jewell Stevens, Tom Vance, Eugene Stanbery, and Mary Tedford; we were suddenly reminded of the fact that we were all Windmills by Mrs. Minton. Then we were in Dutch and Professor Brittain, the famous orator, pictured on the walls four beautiful scenes of college days, which almost brought tears to our eyes. As the pictures faded away, the Goodnights were said and we all went home, some with sad hearts because it was our last banquet on College Hill, but everyone was happy because they had had a good time and plenty to eat.

TRACK TEAM HOLDS A MEET AT SUNSHINE

Due to competition with the Seniors only four of fifteen track men could be assembled for the mountain hike which they took on Monday, May 22nd. Possibly because track men are supposed to be speedy two chaperones were taken. Miss Holland and Miss Ardis. There was indeed "moonshine" at Sunshine. Howell and Templin showed up well in the long distance "walk" and King and McGinley reserved themselves to the shorter distances. There were few jumps or "puts" in the events of the day. An hour or two was allowed for a dinner which would have been too much for the proper training of track men had it not been prepared and shared by fair and charming ones who made them forget rules against dissapation and abstinence. A few other events of the meet were run off in record time in the aftrnoeon. But at three they were all forced into oblivion among the packs of the Seniors on a train which ran in the wrong direction.

One skin we would love to touch is that of the man who walks across a newly planted lawn.

—The Georgetonian

BASEBALL

FACULTY-SENIOR GAME

Best Comedy of Season. Prof. Jones Outstanding Star.

On Wednesday afternoon the wise and learned pedagogues of this institution of learning condescended to romp on the baseball diamond with the all-knowing and dignified Seniors. This game was mixed with fun, good baseball and bad baseball.

The Seniors were dressed in many varieties of uniforms but McLane and Acton get the prize for being the craziest nuts present. That fellow McLane is "just naturally" a comedian and has plenty of fun to put out when the occasion demands.

Professor Jones was the star of the game getting two three-baggers and played an errorless game.

Line-up for faculty was: Brittain, c; Honaker, p; Walker, 1 b; Hunter, 2b; W. L. Hyden, s.s.; John Hyden, 3rd. b; Jones, l.f.; Orr, c.f.; Knapp, r.f.

Seniors: Acton, c; McLane, p; Herndon, 1b; Hall, 2b; Buchanon, s.s.; Myers 3b; McClure, l.f; Rowan c.f.; Kidder, r.f.

The final score of the game was 8-4 in favor of the Seniors but we still believe they cheated the faculty out of the game in some way.

BEST BASEBALL SEASON OF MANY YEARS

(Continued from page one)

Summary of Games:

Opponents	Score of Opponents	Score of Maryville
Univ. of Tennessee	9	9
East. Tenn. Normal	0	3
Knoxville Pioneers	9	2
Knoxville Pioneers	0	11
Tenn. Polytechnic	1	13
Cumberland		
Cumberland	3	3
Castle Heights	0	10
Bryson College	0	16
Bryson College	1	17
Middle. Tenn. Normal	6	5
Univ. of Tenn.	0	0
Milligan	0	0
Univ. of Tenn.	1	3
U. T. Vocational	1	3
Lincoln Memorial	4	2
Lincoln Memorial	4	6
Lincoln Memorial	9	5
Lincoln Memorial	10	11
Univ. of Tenn.	2	5
Univ. of Tenn.	6	4

Total score Opponents 66, Maryville 125.

SECOND ANNUAL SWIMMING MEET

For the first time this year some few people entered our College swimming pool. Not as swimmers but as spectators. To what? One of the snappiest and most enjoyable aquatic contests held in these diggins in a long time.

Speed, form, and the best of style was shown by many of the entrants who participated in the events staged. If Schmidt did not show form with his "spud" and spoon some one errs. That amphibious like Justice just simply snaked it through the water, and Percy boy showed he had been a swimmer from his early boyhood by his diving and swimming.

Some thirty students, boys and girls, entered the meet and of the boys Justice (29), Schmidt (19) and Buchanan (15) won in order as named and in points as numbered. Ellis, Stephens, and Burson were next in order on point winning.

The Co-Eds were well represented by some fifteen of their kind and thir winners were, Ruth Buchanan, 24 points; Miriam Palmer, 12 points; and Felice Morgan, 10 points.

With Wyncoop, Buffat and P. G. Rice on the Hill next year to boost another aquatic event the annual affair should be better than either of the previous meets.

Have you ever seen a prof who continually shakes a piece of chalk in his hand with that distinctly "seven come eleven" motion?

—University News

COACH HUNTER BANQUETS FORENSIC LEAGUERS

(Continued from page one)

ious good time. It is not known whether Coach Hunter had a revengeful motive or was merely slyly joking the Forensic Leagues; at any rate the social might well have been called a Bean Social. This was due to the fact beans furnished the principle means of entertainment. We never knew until then that common ordinary beans could furnish so much fun. They proved themselves to be highly adaptable vegetables, adapting themselves to all kinds of races and contests. As in all proper debate meetings a set of judges were provided to judge these contests. According to their decision Mr. Floyd Corry won the highest number of points in the contests, and was awarded a prize. Among the guests was Professor Knapp, who is loved by all the debaters for his interest in Maryville's Forensics. In the course of the evening Prof. Knapp became the genial, jolly, "Daddy Knapp" so well loved by the students. It is reported on best authority that he was observed throwing sofa pillows, and flipping beans like a schoolboy out for a romp.

Later in the evening the debaters repaired to Science Hall, where they were further surprised by the sumptuous repast awaiting them. To attempt to describe such a superb example of the art of gastronomy would be the height of folly because it would make those not attneding envious, and yet fail to record the impressions of those present. Let is suffice to say that the debaters partook of the viands and delicacies spread before them, and were filled.

In an after dinner speech Miss Mary Broady expressed the appreciation of the Forensic Leagues for the coaching they had received at the hands of Coach Hunter; and for his live interest in them. As a visible token of this appreciation Miss Broady presented to Coach Hunter in the name of the Forensic Leagues a beautiful gold watch. Coach Hunter assured the Leagues that never would he use the watch to call a Maryville debater off the platform. So ended the closing and best debate meeting of the year.

CUPID ACTIVE AMONG M. C. ALUMNI

Among matters of alumni history that might be expected to be of general interest are such results of the activities of Dan Cupid among us as the following marriages indicate:

Roger S. Beardman, '96 to Miss Ida Price, of East Orange, N. J.

David H. Briggs, '19 to Miss Esther Covert of Jeffersonville, Ind.

Alexander Bryson Caldwell, '16 to Miss Jessie May Houts.

Robert C. Cross, '13 to Miss Helen Silsby, '13 of Shanghai, China.

Edna Elizabeth Dawson, '16 to Rev. C. T. Michel, of Harlan, Ky.

Henry R. Duncan, '11 to Miss Mary Deaderick of Philadelphia, Tenn.

Volta F. Goddard, '13 to Miss Ruth Lassford of Cosby, N. Dak.

Wade W. Haggard, '17 to Miss Norma Swift of Harbor Springs, Michigan.

Tracy F. Knapp, '20 to Miss Maude Samsel of Tate, Tenn.

Wm. Hugh McCord. '17 to Miss Josephine Johnson of Nashville, Tennessee.

Frank Lewis Miller, '14 to Miss Mildred Sue Burnette, of Crossville, Tennessee.

Edith Newman, '00, to Mr. John Stoffel of Knoxville, Tenn.

Nellie Pickens, '13 to Mr. H. F. Anderson of Rockford, Tenn.

Andrew Richards, '18 to Miss Grayce Alvenia Hicks of Lawrenceville, N. Y.

Homer G. Weisbecker, '20 to Miss Helena Rivers Turner of Auburn, Kentucky.

It appears that the length of this list, together with the assurance that it might be greatly lengthened if only all the information were at hand, is sufficient to inspire hope as well as lead to congratulation.

THE CLASS OF 1922

A BRIEF HISTORICAL SKETCH OF THE SENIOR CLASS BY THE CLASS EDITOR.

As the Senior Class come to the end of this year—their last on the Hill—they look back over their College career with both pleasure and regret. They have succeeded in ascending some distance up ambition's heights and that of course gives pleasure; but the end of college life means separation both from friends and fun and that gives a bitter twang to the thought. The four years they've spent on the Hill have each been fraught with momentous events and have contained a large measure of both work and play, but the past year is most vivid in the minds of each and perhaps has a right to be for truly no other year has been more replete with joy. No other year has been so filled with true activities of college life.

The Seniors remember very distinctly their return to the Hill last fall, for they were coming back not only for the last time but for a year about which they had long dreamed. They were inclined to feel a tiny tinge of regret perhaps when they discovered that senior dignity must be acquired. They did not succeed very well in impressing the new students with the importance of their high and mighty position. How glad they were, though, that they still remained carefree school children when they discovered that a glorious all day hike was in store for them. The trip to Sheep Pen Bluff was made through rain and mud, but that only added to the joys of the occasion. This was the beginning of the Senior frolics, the coming months brought many good times. The Seniors will recall one event in the early months of this year which gave them their first feeling of dignity—that was the donning of their white sweaters for the first time. Alas, their dignity refused to remain, for again they began their frolics. The closing event of their fall term was the Christmas party, with a Christmas tree, yes, and an honest to godness Santa Claus.

Christmas holidays interrupted their fun, but on January 4 everyone was back, ready to start again. A worried look sometimes might be seen chasing over the face of some few of the Seniors during the next few weeks, for exams were just a short while away. For four long months they had waded through the midst of Theism— but somehow, their memories refused to function. Then it was they adopted the slogan, "He can who thinks he can". has succeeded in inspiring them to such efforts that even exams lost their terror.

Perhaps no other event of the Hill is so indelibly written in the minds of every Senior as is that of the February meetings. Each year they created anew in the heart of each the ideal of service. This year the inspiration was greatest for they were beginning to realize that soon they must leave the shelter of college life and face the storms of actual life.

Real work faced the Seniors again after the February Meetings and again they managed to intersperse their work with play. To the Junior Class the Seniors owe much for the enjoyment of the early months of spring. For it was they who entertained the Seniors so royally at the St. James Hotel. The Seniors shall not soon forget this great occasion and to the Juniors they desire to express again their apreciation and to wish for them a senior year as full of real worth as theirs of 1921-1922 has been.

When school days began drawing to a close the Seniors felt that they would like to impress the minds of the student body with the fact that they had really acquired some dignity after all. Accordingly they donned their caps and gowns and solemnly filed into the Chapel choir one Saturday morning. To the Faculty they sought to express appreiation for their interest and labor in their behalf—to the students they gave a word of advice "with profit where we have failed" as the keynote.

On May 20th., desiring to cast aside the cares of senior life and to be children one more time—the Seniors packed their blankets and were away to the mountains for a jolly week-end. Three days passed all too quickly for them and Monday brought them back to the Hill, tired but happy.

And now the Seniors are indeed at the closing days of their senior year. These last few days will certainly be busy ones for them but they will be happy ones too—for thanks to the Faculty exams no longer affront them.

The Seniors canot leave the Hill without expressing to those they leave behind their appreciation for all that they have meant to them. To the under-classmen they would say that they have enjoyed the associations with them and that they leave to them the priceless privileges of College Hill. And then to the Faculty the Seniors desire to express their rofoundest thanks—and to assure them that their untiring efforts in their behalf shall never be forgotten. And as they go forth to fill laces in the world the memory of those who have stood by them through the four years of College life and have made their paths bright shall ever inspire them to renewed efforts and greater endeavors.

PALACE THEATRE PROGRAM

SATURDAY, JUNE 3RD.

Jack Holt and Bebe Daniels in 'NORTH OF THE RIO GRANDE' Also Third Chapter of "Robinson Crusoe".

MONDAY & TUESDAY

JUNE 5TH & 6TH.

Wesley Barry in "SCHOOL DAYS".

WEDNESDAY, JUNE 7TH.

Special "A MAN'S HOME". Also "When Whale Was Jonahed" comedy.

THURSDAY, JUNE 8TH.

Katherine MacDonald in "WOMAN'S SIDE". Also Toonerville comedy "The Skipper's Fling".

PROGRAM OF FOURTH BATES PRIZE CONTEST

Monday Night, June 5, 7:30

Invocation
Music
Miserere, Il Trovatore - Verdi
Miss Gregg, Messrs. Sullinger, Keen and Bannister
Oration—The Twentieth Century Woman - Stella Love McCall
Oration—The Obligations of Culture - - Luster Inez Brooks
Oration—Our Neighbor Mexico - Ruth McCall
Music
Bercuse from Jocelyn - Godard
Misses Huizinga, Walker, Moore
Oration—The Obligations of Culture - - - Lorene Edith Smith
Oration—Our Neighbor Mexico Ruth Allen
Oration—Dante After Six Hundred Years - Mildred Elizabeth Kimble
Music
Out Where the West Begins - Estelle Philleo, Mr. Buchanan
Chairman, Dr. J. H. McMurray

Bates Prize Subjects For 1923 Contest For Senior and Junior Men

The Problem of Capital and Labor
Human Values in the Southern Highlands
The Golden Rule in International Affairs
The Americanization of the Foreigner
The Call of the Christian Ministry
The Enforcement of the Law

"I promise to show you," said a professor of biology, "a very fine specimen of a dissected frog which I have in this parcel."

Undoing the parcel he disclosed some sandwiches, a hard-boiled egg, and some fruit. "But surely I ate my lunch!" he exclaimed.

Mother—I wish that the papers would quit writing about these mountain moonshiners.

Daughter—Why, mother?

Mother—Because I want father to take us to the seashore this summer.

Patronize Those Who Advertise, They Make The Paper Possible.

THE NEW STAFF

The new editorial staff of The Highland Echo presents this issue of the college paper, as an earnest effort on their part to give the current news, and at the same time to give a brief yet comprehensive review of the college year. These are our first tottering steps in the field of journalism, and we have at least directed them toward a complete paper. We are aware that this issue is not perfect. We are also aware—painfully aware— that we have put a great deal of hard work, and some little thought into its comosition. Therefore we beg to state that this issue represents a consciencious effort on our part to publish for the student body as good a paper as we are capable of publishing. Our only hope is that our work is worthy of the approval of the student body.

* * * *

THE SENIOR CLASS

Soon our friends of the present Senior Class will become Alumni of the Class of '22. To the present Senior Class belongs the distinction of being the largest class ever graduated from Maryville. A long class roster is not the only claim of the Senior Class for distinction, as their quality is of the highest order. The Seniors have been found in every form of student activity during the past year. They have been leaders of a great part of the constructive thought and action among the students.

No doubt it was some wit among the underclassmen who dared attach to them the appellation "57 Varieties". Yet after all the Seniors are a versatile group. We have seen them this year on the football gridiron, and baseball diamond; in intercollegiate debate, and Glee Club Concert; editing the College paper; directing the Associations; and in every other student activity. We will miss the Seniors after they have departed. In whatever fields of work they engage during the coming year, we are sure they will be found doing their work creditably. The Echo in behalf of the student body wishes the Seniors "bon voyage".

* * * *

Commencement Visitors

The Highland Echo wishes to extend a cordial welcome to the commencement visitors who will be visiting us at this season of the year. Whether you are a former former student or graduate returning at commencement time to renew old ties and acquaintances at Alma Mater, or you are a visitor coming to be present at the graduation of relaitves or friends, we wish to make you feel welcome. Make yourself at home in our college home. Examine our work, and comment upon it. Be really our visitor during this commencement season.

* * * *

BOOSTING MARYVILLE

In a few days now you will be going away from Maryville for your vacation. No doubt a few times during the year you have felt like knocking or have knocked; yet you must admit there have been many times you have felt like boosting or have boosted Maryville. Now, we do not wish to sermonize; but we do wish to, suggest that in your home community you refrain from knocking, and rather boost your College. There are many qualities of Maryville that you can conscienciously boost. Maryville needs for her Freshman class of next fall, that alert, progressive person in your community who is planning to enter college next year. Do Maryville a real service by telling him of Maryville College. And do a bit of boosting for your Alma Mater.

* * * *

LOCAL HAPPENINGS

Dr. Wilson returned on Saturday morning from attendance upon the General Assembly of the Presbyterian Church held at Des Moines, Iowa. The other commissioners from Union Presbytery were Rev. T. J. Miles, D. D., and Elders W. B. Mooney and J. F. Hammontree. Dr. Wilson made an address at the Evangelistic Conference, and another at the Educational Conference. He was chairman of the electing section for the Synods of Alabama, Florida, Mississippi, and Tennessee; and was chairman of the standing committee on Judicial Business. The Assembly elected him to serve for three years on the Executive Commission, which represents the church during the time when the Assembly is not in session. Of the fifteen members of this commission, there are now two from the South—Texas and Tennessee.

Among the Maryville College alumni and old students at Des Moines at the Presbyterian General Assembly were Revs. E. A. Elmore, D. D., John Grant Newman, D. D., Stanley H. Jewell, Tom Fred Campbell J. M. Broady, D. D., T. J. Miles, D. D., and President S. T. Wilson, and Elders Donald B. Cahoon, Esq., of Scranton, Pa., and J. F. Hammontree of Greenback, Tenn. Dr. Wilson met among the residents of Des Moines, Mrs. Maggie Goddard Haas, William D. Hamilton, and Coach Feeman.

Friends of Miss Irene Bewley will be intersted to hear that she will visit Maryville College during Commencement, and will read Friday night, June the second, at the Graduating Exercises of the Department of Expression.

Mr. Jarvis Cotton of the Class of '21 has been a recent visitor at Maryville. Mr. Cotton was a popular athlete while in college here. He is now studying at the Western Theological Seminary, Pittsburg, Pennsylvania.

Miss Hazel Cleveland, '21 is making an extended visit with Maryville friends before returning to her home in New York. During the past year Miss Cleveland has been teaching in the Allison-James School at Santa Fe, New Mexico.

Miss Laura Stevens, a student of last year has been visiting old friends on the Hill during the past week.

Miss Cora F. Hopkins, '17 visited for a few days last week with her college friend, Miss Anna Jones.

Mr. Horace Brown, '21, who is now studying medicine at Vanderbilt University is a recent commencement visitor.

Miss Edith Moore '21 is also a recent visitor.

A YEAR OF PROGRESS FOR MARYVILLE

Notable Forward Steps Made In All Departments.

The year just past has been a year of progress for Maryville College along all lines. These progressive steps of Maryville have been so extensive and so varied, that one article of review could not treat of all of them. Therefore this number of the Echo contains a number of special articles dealing with the progress made by different departments of the college. This article hopes to give a very brief summary of the work and accomplishments perhaps— not treated by special aticles.

An important forward step taken by Maryville this year has been to improve the quality of the work done; and thereby to contribute toward the greater thoroughness of training, and increase of efficiency among those who take a part or all of their college work at Maryville. This step is the adoption of the Quality Credit System. The Quality Credit System introduces a new system of grading. For work of unusual excellence a student receives a grade of A and three quality credits for each semester hour of the course in which the grade has been earned. For excellent work, a grade of B and two quality credits, for good work, a grade of C and one quality credit; for medium work, a passing grade of D. but no quality credit. In order to receive the B. A. degree, a student must hereafter earn, not only the 126 semester hours credit given for passing in his subjects, but 122 quality credits in addition. In other words a student may pass in a subject by doing mediocre work, graded D, and such a pass may count toward graduation, but his average for the four years must be the equivalent of C, or good, before the B. A. degree will be conferred.

To put this Quality Credit System into operation successfully, Maryville welcomed eight new members into her faculty this year. These have proven themselves to have great strength and ability, and to be efficient instructors in guiding the work of the College. They are now old friends of ours, yet it might be well to recall them briefly. The chair of Modern Languages was filled by Dr. George B. Hussey, Ph. D. who received his Bachelor's degree from Columbia University, and his Doctor's degree from Johns Hopkins. The new head of the Chemistry department was Prof. W. L. Hyden, M. S. who received his degrees from Lafayette College and Cumberland University. Mrs. Mary McDermid Minton, Ripon College; and Miss Mildred Wheelock, Mount Holyoke were secured for new foreign language teachers. Misses Wilhelmina Holland, Eleanor Crawford, Glenn Erneburger and Nannie Bird were instructors added to the departments of Expression, Music and Art at the first of the year.

Not alone to the curriculum and teaching staff, but additions have been made as well in new facilities and improvements. Chief among these has been Thaw Hall, the new home of the Preparatory Department. The completion of Thaw Hall is a matter of congratulation among all those connected with the College. This magnificent building the largest and certainly among the finest on College Hill, adds greatly to the College qeuipment, and will go far toward solving the many problems that have arisen on account of the growth of the institution. The large and beautiful dining hall, the kitchens, etc., which occupy the first floor of the building will be ready for occupancy by the Boarding Club by next year. The Preparatory Department in its new home is discussed more fully in another article.

The Alumni and Former Student's Athletic Fund has been keeping the interest of former students alive in Maryville Athletics. The campaign has not been actively pressed throughout the year, yet the total amount subscribed so far is about $20,000. The new Athletic Field of which the College is justly proud has been completed this year. In connection with work on the new athletic field, extensive grading has been done on other parts of the campus. As a result of this work, the Hill is beginning to take on a different and a much improved general appearance. Much remains to be done that has not yet been undertaken; but much has been accomplished in the past year.

With the new athletic field, better equipment, and above all the splendid coaching of Coach Honaker Maryville nas had better athletics this year. The very successful football season of 1922 is now a matter of past history. After the thorough summary of the football season appearing in the Echo at the close of the season, there is little need for another summary in this issue. A glance at the record of our basketball season shows much the same results. A review of the baseball season appears in another place in the Echo.

Neither have general student activities been lacking this year. The student body has entered all student activities and made creditable showings. Lack of space would not permit a detailed account. The very successful work of the debating teams representing Maryville in intercollegiate debates, and winning seven out of eight contests. The work of the College Glee Club on its concert tour made a name for the College. Still other student activities, and other steps of progress could be mentioned if space permitted.

T. T. ALEXANDER CONTEST

One of the best oratorical contests ever held in the college chapel ocucrred on last Wednesday morning. The chapel was filled with the usual throng of students, friends of the contestants from Knoxville and Maryville, and many other visitors. Rev. John S. Eakin, D. D., Rev. Angus McDonald, and Rev. Joseph H. Miller, all of Knoxville, acted as judges, and President Samuel T. Wilson presented the prize of one hundred dollars in gold to the winnig orator.

After a brief devotional service—for the contest was held in connection with the regular morning chapel exercises—Mr. Sam H. Franklin, Jr., spoke on the subject.. "Christ's Atonement for Sin". His oration showed a thorough study of the subject, which together with his skilful analysis and careful construction, enabled him to treat it in a very attractive manner. His delivery added to the strength of his composition, and won for him, first, the rapt attention of his eight hundred auditors, and then, the coveted and well-won prize of five twenty-dollar gold pieces.

Mr. Charles N. Sharp the victor in a number of similar contests during his four years of college life, so ably handled his subject, "The Resurrection", as not only to bring from the audience a round of applause amounting to an ovation, but also almost to outrival his competitor. Many of these who had heard Mr. Sharp upon former occasions, expressed themselves, as did the two judges who decided against him in this contest, as being of the opinion that in his grasp of subject-matter, his thoroughness of treatment, and his ease and forcefulness of convincing presentation, he had added both to his many laurels and to the reputation of his Alma Mater.

The contest is the first of a series to be held annually. The prize of one hundred dollars, together with a sum to cover the necessary expenses of the contest, is the gift of an ananymous friend of the College and of Christian education. The subjects upon which the orations are delivered are selected by the contestants from a list of themes on Christian doctrines submitted by the donor or by his representatives. Agreeably to the donor, the prize has been named in honor of the first missionary to go out from Maryville College after the Civil War, the Rev. T. T. Alexander. D. D., life-long missionary to Japan.

SELF HELP DEPARTMENT ESTABLISHED

Needle Craft Self-Help Dept. Under Mrs. McMurray And Miss Georgi Proves a Success

Everyone knows that Maryville College has a football, basket ball, and baseball team. What Maryvillian doesn't know about our February Meetings or our May Day Festival? There is a very important department of M. C. about which very few people know. What do you know about the Needle-Craft Self-Help Work Room? If you don't know all about it you are not a well informed Maryvillian.

Everyone knows that there are a great many enterprising boys and girls who want an education bad enough to work for it. There is enough outside work to fulfill the boys' demand but there was a lack of work for the girls.

Last year there were many girls who asked this question, "How can I earn more money? If I don't get more work, I can't come back next year."

Miss Henry had some sewing in her office last spring for the girls to do but this only partially met the demand. Mrs. McMurray came to the rescue with plans for a self-help work-room. She went to Marshall Fields to get orders for articles made in our work-room and received them on condition that the work be up to standard.

When the girls, who wished work, were asked to see Mrs. McMurray, so many came that it seemed that there wouldn't be accommodations for all. The first month the work room was in operation, there were 113 girls who worked. As Mrs. McMurray had expected only about a dozen girls, she saw that something would have to be done. In the first place there were only eleven machines for the use of both the Home Economics Department and th work-rooem. In the second place, Mrs. McMurray, did'nt have time to direct the work-room along with her class work, as she had planned.

The friends of the college met the first need. $50.00 invested in a machine meant that one girl every year or four girls every four years would be able to graduate. As a machine lasts a life time, that $50 would make it possible for twenty girls to graduate. Over thirty machines have been promised, most of which have already been given. Equipment donated amounts to about $2,000, including sewing-machines, a hemstitching machine, and a cutting machine.

To meet the second demand the department secured the services of Miss Georgi, a college graduate, with a Home Economics degree, as a director. The department expects to be self-supporting except for the salary of this director. An endowment to cover this expense is hoped for.

Perhaps it would be interesting to know more of the work of the department. Now there are one hundred and forty girls on the pay-roll. They are paid by the piece and paid as much as possible. More than $1,500 has already been paid out in wages. They have made more than 3000 garments, including baby colthes, minstrel coats, doctor's gowns and hoods, dresses, aprons, a shroud and many other things.

The department is not dependent on local trade, in fact, it avoids local competition. Supplies are sold only to students and wholesale. It receives orders from Marshall Fields, in Chicago, Ill.; Bressemer, in Springfield, Ill., Block and Kuhl, in Peoria, Ill., and the best stores in Knoxville, Chattanooga, and Atlanta. Most firms have reordered.

A Christmas sale was held which netted over $200.

Next year, all of third floor science will be used for the work room and the Home Economics department. The Biological Laboratory will be used for the Needle-Craft Self-Help Work Room.

This department has made rapid

VISITORS! STUDENT BODY! FACULTY!

You want to keep visions of "Old Maryville" fresh in your mind, forever and anon. An inexpensive set of pictures of the buildings, athletic events, fetes, organizations, etc. will do this. You will experience the thrills of our football games, our baseball games and our tennis tournaments. The report

Movies Ordered Closed

would be sad news to the majority of people as they enjoy clean pictures. The Doors of Anderson—Dr. Gillingham's Room—will be open to display pictures taken of "College Life" on Tuesday and Wednesday afternoon from 3 to 4.

Place your order before they close.

ORDERS SENT TO YOUR HOME THRU THE MAILS, IF YOU WISH

A MESSAGE FROM THE PRESIDENT

To The Alumni and Former Students of Maryville College:

A gallant and glorious fight has been waged by your committee and their representatives on the sadly unfavorable battle-field afforded by the ill-starred year of 1921. That a subscription of twenty thousand dollars should have been secured in such a year is a signal victory; and this subscription represents many real and reassuring self-denials of no small dimensions. To all the loyal Maryville men and women who have nobly responded to the S.O.S. of their Alma Mater for the advancing of her athletic interests, I most gratefully, in behalf of our Alma Mater, give very earnest and very sincere thanks. This gift of twenty thousand dollars is equal to what a gift of fifty thousand dollars would have represented three or four years ago. And the securing of it cost as great an effort.

The college authorities, without waiting for the money that had been subscribed to come in, have, amid heart-breaking financial difficulties, nevertheless risked the grading of the athletic field at the cost of four thousand dollars. The field is one of the best in this section. It already delights every eye that sees it. And great will be its future!

Now as to the future of the Alumni and Former Students' Athletic Fund. All the arguments so ably set forth by Professors Orr and Hunter and the committee behind them are as unanswerably true as they were when they were presented to you last summr. Maryville College must have, not only this field, but also adequate grand stands, and, beyond all question, an enlarged gymnasium. Thirty thousand dollars more is absolutely necessary in order to equip Maryville for an athletic future that will adequately represent the institution and command the respect of our clientage and of the public. Since the entire fifty thousand dollars is imperatively needed, I have the temerity to believe that it will be provided. How? I do not know. Perhaps by some large gifts that some who read these words may make or may induce others to make. Perhaps by a general increasing of the subscriptions already made, as better times come to make such increase possible. Perhaps—but all this I must leave to the Alumni and Former Students; for I have my own overwhelming burden to lift—namely, the raising of one hundred and ten thousand dollars, in these hard times, in order to secure the ninety thousand dollars already subscribed toward the Emergency Forward Fund. While I am struggling with my task, I trust and pray that I may erelong be electrified with the glad news that, in the providence of God, you have pressed your great task to a glorious consummation. Then the first number on the program will be the long meter doxology!

SAMUEL T. WILSON.

NEDLE CRAFT SELF HELP DEPARTMENT

(Continued from page four)

progress this year. It is grateful for the help it has received, without which, the department would have been impossible. However, there are many things still needed. The two most pressing needs are motors for some of the machines and an endowment for the salary of the director.

With the help of this department any girl who has the grit and a little bit of money can put herself through college. Mrs. McMurray or Miss Henry will be glad to correspond with any one desiring further information.

The Needle Craft Self-Help Work Room is playing a vital part in your college and it needs your support. Help the department by buying a "College Maid" garment and taking it home with you.

"Everybody's doing it."

CLASS ROLL OF GRADUATES

LARGEST GRADUATING CLASS IN HISTORY OF COLLEGE.

LIST OF GRADUATES OF MARYVILLE COLLEGE BACHELOR OF ARTS

Magna Cum Laude:
Jennie Belle Lequire, **class orator,** Walland, Tenn.

CLASSES ELECT OFFICERS

SENIOR CLASS

The meeting of the Junior class last week, was not about Annuals, and it was not about banquets, but it was called for the purpose of electing new officers for the class of '23. The following were elected:

Charles Ellis - - - - President
Alice McAnulty - Vice President
Louise Sheddan - - - Secretary
Leslie Poe - - - - Treasurer
Sarah Witherington - - Editor

Great plans are already being made for the class, so look out for the Seniors next year!

JUNIOR CLASS

The Sophomore Class met May May 20th, 1922 for the election of officers for the coming year. The following were elected:

President - - Margaret McKinney
Vice President - - Mary Robinson
Secretary - - Othel Armstrong
Treasurer - - - Harvey Griggs
Editor - - - - Thelma Adair

We are looking forward to our Junior year and expect to have a most enjoyable and successful year.

Y. ASSOCIATION WORK SUMMARIZED

RELATIONSHIPS OF THE RED TRIANGLE

An Organization With A Purpose.

(By the "Y" President)

"Thou hast a name to live, but are dead", might have been a fitting accusation to fling at the Y. M. C. A. of this College had not certain individuals, a few years ago, decided to put the works and functionings of the Association on a new, yet original, foundation.

This foundation has been well established and the structurial work is still in progress. Based upon thirteen fundamental and distinctive principles, which may be summarized in the three words of our symbol and which may be called a detailed statement of the prime purpose of our Association work, namely, To create a stronger and better bond of Union between the Christian men of the Institution.

This bond of union, lik the success of our work, is to be carried out and based on four principles which may be well applied to an individual and any organization desiring to be of the most service and help in making Life more attractive and helpful. The first of these principles is Diligent study of the Word of God. The other three I give in the following sentence: The last three principles consist of putting into practice through Prayer, Personal Work and Effective Organization, the teachings and principles found in principle One.

But what has all of this to do with the Relationships of the Red Triangle? Simply this, unless we had the above principles and rock bottom foundation upon which to build the super structure of the Red Triangle we would have no relationships whatever to speak of. As it is, however, there are four great relationships which are worth while and which go to make the Local Student Association one of the strongest of its kind in the South'and. Of course we must remember that Maryville College has no paid Y. M. C. A. Secretary or President who devotes full time to the Association work, but that all work is in the hands of students who give their time, talent and all within their power to make the Association work pay the College an it follows—the individual. ot vic versa.

The relationships are four in number and one first of these: Is our relation to the General Association Movement. With this relationship are five responsibilities stated briefly as follows: 1. To keep such a standard of work and such a Christian personnel that credit will be reflected upon the whole Brotherhood. 2. Keep in personal touch with all National Conferences. 3. Be up to date on progress made by the whole movement and get all current information which will be for betterment of work. 4. Cooperation with all such organizations in community or locality. 5. Give as much as possible towards the support of the work, the general Association Movement here and elsewhere.

As an outcome of these responsibilities there are two privileges we as an Organization enjoy. We have the honor of being a part of the largest Christian Fraternal Organization in the World, and to be a Y member here is to be recognized throughout the world by organizations of the Brotherhood.

The second relationship is with the Y.W.C.A. and that is by helping the Soldiers of the Blue Triangle unhold their principles, which are as Christian and worthwhile as those of the Red Triangle.

Then there is our relationship with the Local Church. We have done that the past year and would have done so more had there been a greater willingness shown on the

WORK OF A WELL-KNOWN ASSOCIATION

(By Y. W. President)

From the first registration day the Y's on the Hill have been helping each student in every way possible. Often this is not realized and much of the honest labor is taken for granted but their work goes on nevertheless.

The Young Women's Christian Association of Maryville College means much to each girl.

Young—one of its strongest appeals is to youth. It is the work of youth among youth. The Y. W. cares for many of the social needs of the college girl. In the fall many a homesick little Freshman found refuge in the consoling arms of a Y. W. Big Sister. One of the purposes of the Association is to furnish wholesome amusement. The breakfast hike for the new girls was among the first social events of the year and later came the week-end trip to Montvale Springs.

No M. C. Memory Book is complete without a few pages devoted solely to the memories of that week end. Among other events comes the May Day fete of which Y. W. also has charge. Throughout the entire year there are many things for which we are unconsciously indebted to Y. W.

Women—Yes, the Y. W. is strictly for women. Too bad boys are denied the privilege of becoming members but for them the Y. M. means just what Y. W. does to the girls. Although separate in organization in reality these two associations are one. Always they are working toward the same high ideals with the same unselfish purpose in mind. Their ideals are set like a torch to light their paths, and in the spirit of the Blue Ridge song they ever "Follow the Gleam" of their standards.

Christian—the purpose of the world wide association is to strengthen the faith of Jesus in the hearts of its members. It has been said that the happiest lives are those that have the most points of contact with the world. Then surely the life devoted to the work of Y. W. C. A. should be very happy. It is through this organization that the truest service is rendered to the world and to humanity. There is no nobler thing than unselfish service.

The spirit of each Y. W. girl is

part of the City Church Officials to cooperate with us. In the Advisory Board of the Y.M.C.A. we have an opportunity to plan and consult with representatives of all the City Churches and it is hoped that a greater bond of union will be between us this coming year.

The fourth and last relationship is with the School and College Authorities. The past year has been marked with the best of cooperation and singleness of purpose by the College and Y-Officials. Our purposes and aims have been one and the calendar as arranged for during the College year was made up of well balanced programs and occasions.

The four relationships mentioned point towards one outstanding purpose. It is the same as the prime purpose mentioned in the first of this aritcle but in different words: Better student relationships and practical Christian living for all.

In giving this I have given the program of the past year and of the coming year also. No specific thing has been mentioned. I would and I am sure our retiring President would, rather have the events of the past year recorded in the hearts and minds of the Students benefitted than in any column of "The Echo". and so for that, reason what we have worked and lived for in our Association rather than what we have done has been given to you. May we not count on you to back us in the Red Triangle structural work?

shown by Edgar Guest's "Creed."

"I like to say a word or two
While passing thru life's trong
To cause a smile
To cheer a while
To help the least along".

"I like to grasp the groping hand
Where hope seems almost sped
In friendly way
Then silent say
Compassion is not dead."

"I like to pass the roses
Down the long expectant line
Of drooping souls
Short of their goals
And bid them not repine."

"I'd like to do some larger things
That human hearts achieve
Yet mourn I not
At my own lot
But others would relieve".

"Someway this seems the rightful way,
And—whether right or wrong
It pleases me
Such things to see
More praise—more flowers—
more song."

BASKET BALL REVIEW

It is only proper that as good sports we should recall the stellar performance of our college basketball teams of the past year. Not only did the boys who won eight games, lost but five and tied one perform in true Maryville fashion; but the girls did as well in that they too won five, lost one, and tied one.

The season was about as follows: For the boys first Milligan trounced us to an 18-24 score; then we came back by beating Johnson Bible College 28-14 and the Knoxville Y.M.C.A. 29-11. On the first trip we beat Tusculum 33-23, tied Milligan 21-21, were defeated by E. T. S. N. 34-27 and King 27-25, and won a second from Tusculum 26-13. Later we licked the University of Louisville 27-21. On a northern trip we trounced Transy 29-24 and were defeated by both Centre and Union. Finally we lost to both E. T. S. N. and the Sveierville Tigers, on the home floor.

Maryville's Co-Ed Team beat Tusculum 15-10; Chattanooga 27 to 17; E. T. S. N. 21-14; Poly 16-3; East Side 36-6; lost to Peabody 37 to 17; tied Martha Washington 18 to 18.

HI-TRAIL CLUB

The Hi-Trail Club met Wednesday evening, May 24th. and elected officers as follows:

Sherman Burson - - President
James King - - Vice President
R. A. N. Wilson - Secy. & Treas.
Cecil Crow - - - - - Editer

The maid for a diamond played,
The young man led for a heart.
The old man came down with a club,
And the sexton used a spade.
—Cumberland Echo

PI KAPPA DELTA NOTES

Pi Kappa Delta Elects New Officers.

At a recent call meeting of the Pi Kappa Delta Fraternity the officers for next year were elected. The officers elected were:

Verten M. Queener - - - President
Ethel M. DeHaven - Vice President
Leslie Poe - Recording Secretary
David King - - - Cor. Secretary

In addition to the election of officers the selection of a debate question for the local chapter to submit to the National Organization was that of Philippine independence, stated: Resolved, "That the Philippines should be retained by the United States permanently". So far Pi Kappa Delta has not been able to play a very important role in the Forensic activities of Maryville. Yet next year she will do so, as the Fraternity is made up of Maryville's veteran intercollegiate debaters and intercollegiate orators. The prospects are that through the instrumentality of Pi Kappa Delta Maryville will be able to secure dedates with Pi Kappa Delta teams from colleges in other states. In fact plans are already under way for such arrangements for next year. The new officers are an enthusiastic group of intercollegiate debaters, and are sure to boost Maryville's Forensics at every opportunity.

The Pi Kappa Delta met in call meeting last Thursday. The officers for the coming year were installed. And the members entering the fratrnity were initiatd. Those initiated were veterans of Maryville's Forensics. They were:

Mary Broady, Edward Cornelius, Floyd Corry, Sam H. Franklin, Jr., Chester P. Karrick, Reva Rankin. Eugene Stanbery, Andrew Stewart, Thomas Blake Vance.

As a representaitve of the local Tennessee Alpha Chapter Pi Kappa Delta of Maryville College, Ralph A. Armstreng conducted, May 30th, the installation of the Tennessee Beta Chapter Pi Kappa Delta at Tusculum College.

A STATEMENT REGARDING THE Y. M. C. A. READING ROOM

To those who would give us a "Black Eye" let it be said that the reason why the "Y" reading rooms have been opened only at certain hours is because of the loss of much property and the utter rough treatment of the rest. If a thing that is a least partly good cannot be appreciated it can be protected for those who do appreciate it and use it in the right way.

The redaing room will be open the rest of the year but next fall as for the last two months, it will be opened only after breakfast and after three and that on regular library basis.
libraryb asis.

FORENSICS

Maryville Wins Seven Debate Victories Out of Eight.

(From Echo April 20, 1922)

The Maryville College Debate season of 1922 is history. And a very creditable history it is, for out of the eight decisions rendered in the intercollegiate debates in which Maryville has participated this year, seven have been favorable to us. and eighteen of the twenty-four judges who have acted in these debates have cast ballots for the defenders of the Orange and Garnet. Four of the decisions favoring Maryville were unanimous.

Negative teams debated at home in every case and in all cases were victorious. The one defeat was suffred by an affirmative team on a foreign floor. Each team was made up of three principals and an alternate and, in keeping with the practice of former years, no debater appeared twice. Accordingly twenty-four debaters represented the College as principals and eight as alternates in the four dual debates which made up the schedule.

The Season's Debate Record

Debate	*At*	*M.C.*	*Opponents*
Tusculum Girls vs. Maryville Girls	Tusculum	3	0
Tusculum Girls vs Maryville Girls	Maryville	3	0
Roanoke vs. Maryville	Roanoke	3	0

ATHENIAN

Athenian Has Snappy Debate

The program for Athenian for May 20th consisted of a debate on the subject of Canadian annexation. The question was stated: Resolved, That Canada should be united with the United States rather than belong to Great Brttain." The affirmative of the question was upheld by Floyd Corry and David King. The negaitve was supported by Cecil Crowe and A. D. Moody. In the course of the debate the debaters gave a thorough review of the relations between Canada and the United States in their historical, racial, political, social, commercial, and economic aspects. The gentlemen of the affirmative succeeded in convincing the judges that it would be to the mutual benefit of Canada and the United States, from an economic and political standpoint for the two countries to be united. The President of the Society and the critic complimented the debaters on the preparation of their debates. Annoucement was made that the election of officers for the coming year would occur on the next Saturday evening meeting.

ATHENIANS ELECT NEW OFFICERS

The following short literary program preceded the election of officers at Athenian last Saturday:

Current Events - - - P. G. Rice
Reading: Service's "Spell of the Yukon" - - - Hugh Clabough
Extemporaneous Debate: Resolved, That Fred Hope is a greater man than William J. Bryan.
Affirmaitve, Charles Wathen;
Negative, A. D. Moody

The following officers were elected to serve for the first semester of the school year, 1922-'23:

President - - - Verton Queener
Vice President - - Charles Ellis
Rec. Secretary - - Floyd Corry
Program Secy. - - - David King
Treasurer - - - Hugh Clabough
Edi or - - - - - - A. D. Moody
Critics - - - - - - R. S. Buffat
R. A. N. Wilson

With this group of competent and energetic officers to lead them, the Athenians are looking forward confidently for next fall to mark an epoch in the development and service of the organization.

EXCHANGE

Say, waiter, is this an incubator chicken? It tastes like it."

"I don't know, sir."

"It must be. Any chicken that has had a mother could never get as tough as this one is."
—Exchange

Hubby—You are extravagant. You spend money for unnecessary clothes.

Wifey— Absurd! Unnecessary clothes are not in style.
—University News

Mother: "You know you don't really love Jim; it is only puppy love."

Daughter: "Hog dog!"
—Exchange

Jim: "This is co-ed weather."

Sam: "How so?"

Jim: "It gets you all het up and then freezes you." —Exchange
—Exchange

Did you hear the one about the mouse-trap? It's awfully snappy!
—University News

He: "You look terrible. What is the matter?

She: "I feel tough. Just came from class."

He: 'What's the matter?"

She: "Physics, I guess."
—Mugwump

Miller: "I have a suit of clothes for every day in the week."

Jack: "Where are they?"

Miller: 'This is it. I have it on."
—Orange and Black

He: "My heart is on fire with love for you. My very soul is aflame—"

She: "Never mind; father will put you out!" —Widow

JUNIOR ATHENIAN PROGGRAM BY 4TH YEAR BOYS

Prof. Brittain and Prof. Ellis Give Addresses.

The Fourth Year members of the Junior Athenian had charge of the program for May 20th.

Horace Wolverton read a one-act play, the scene of which was laid in the Great Northwest. Everyone who has heard Horace read knows to expect only the best.

Robert Campbell gave a brief review of the work of the Society, since he first became a member, in a speech on. "What Junior Athenian Did for Us".

In Prof. Brittain's address, he gave us a brief history of the Athenian Society since he has been connected with the college. He also gave some helpful hints on how to improve our societies.

The problem of music in our society has always been a grave one. But this problem was solved at least for a brief time, by a duet rendered by Mr. Moore and Mr. Jester.

George McKanna gave us a short but instructive talk on "Syria of Today". He explained very clearly the Syrian situation as it is today.

A humorous reading was given by Donald Buchanan. Donald shows rare promise as a reader.

Andrew Majure's selection on the French harp was well taken, as his music always is. One who has never heard Shorty play does not know know how much music can be gotten out of a harp.

Clarence Jones prophesied as to the future of all the Fourth Year Athenians. His unusual manner of approaching his subject was especially interesitng.

L. E. Milling showed us in his speech on, "The Preparatory School", that we do not know the worth of our own school until it is compared with some other.

Joe C. Gamble gave the farewell address.

Certificates from the Junior Athenian Society were presented to the men who are graduating, by Professor Ellis.

The officers for the Fall Term were elected. Richard Proctor, President; Edgar Buchanan, Vice President; Walter D. Buchanan, Recording Secretary; Clifford I. Kelly, Program Secretary; Walter Buchanan, Treasurer and William Murphy, Editor.

SHALL WE HAVE A BEAUTIFUL CAMPUS

The question of whether or not Maryville College is to have a beautiful campus is raised by Prof. F. R. Walker. For more than a year Professor Walker has been working untiringly in the interest of a more beautiful campus for Maryville. And his work is now beginning to materialize, as seen in more flowers, and shrubs, and the new water garden in front of Science Hall.

In a recent chapel speech Professor Walker told the students something of the prospects for a campus beautiful for Maryville. The flowers and shrubs planted so far have been the generous donations of various nursery establishments. These firms have been very generous in their contributions. So far the plants received have reached the value of $400. One firm alone furnished the plants necessary for the water garden. Seven plants of first quality were sent for this alone. This water garden promises to be one of the best adornments of our campus.

Professor Walker complimented the students on their appreciation of the efforts being made, and upon their care of the flowers so far provided. He made a strong appeal for each student to do his or her part toward securing the campus beautiful. by not picking the flowers, or waking across the grass, or throwing paper and rubbish on all parts of the campus. Let us support Professor Walker in his efforts to improve our campus by observing the requests which he made. By co-operation on the part of every one we can make this dream of a beautiful campus come true.

Fourth Year Prep. Class

By Class Editor

At the close of this scholastic year, there goes out from the Preparatory Department one of the largest and most unique classes that has ever been graduated. It is one of the largest in that the roll numbers seventy-four and it is unique in that the boys outnumber the girls. The latter is something that is rarely ever heard of in the higher schools of learning.

This year has marked a new epoch in the history of the Preparatory School and also in the career of the Fourth Year Class. The class this year has been given privileges that made the under classmen fairly tinge with envy. Likewise it has set up standards that the future classes are going to have to strive mightily to surpass.

The personnel and scholarship of the class have been highly commended by the teachers and directors of the Preparatory Department. The members have also brought honor to themselves and to their class in more ways than one. Nine out of the twelve debaters in the Boys' Forensic League and seven out of the nine debaters in the Girls' Forensic League were from the Fourth Year Class.

Another way in which they have taken honor to themselves is in the presentation of "All of a Sudden Peggy". This play brought out the ability of the class in dramatization and interpretation of the modern play. The acting was highly appreciated by all present, and the class is justly proud of the record it established. This was the first play ever presented by the the graduating class of the Preparatory Department.

The class likewise distinguished itself by leaving a permanent memorial behind. Any class leaves Maryville with a sigh of regret, and desires to do something for the school that has meant so much to it. This class has done this by again establishing a new custom. From the proceeds of the play, the class has established a permanent beauty spot in front of Science Hall. This water garden will greatly add to the beauty of the campus when the water lilies have established themselves. In addition the class also contributed a fair sum toward the establishment of the Preparatory Library. This especially will be a great help and blessing to the classes which are to follow.

The class has been knit together in a very marked way and this is due to the larger number of social events than heretofore. This has helped the class greatly in becoming better acquainted. These various social occasions have been through the kindness of the members of the Preparatory Faculty and many times the remark has been heard, when Fourth Year Students were conversing, "We have a Faculty that can't be equalled", and "We surely are going to miss them too."

The class goes out with rejoicing in realizing that it has passed one of the most prominent mile posts on the way to an education, and yet itb reathes a sigh to think what is left behind. As it leaves the class can truly say, "Oh memory, o past that is".

MARYVILLE ONE OF THE "BIG FOUR"

The report of the Secretary of the Tennessee College Asociation for the year 1921-1922 shows a total of 1719 Freshmen enrolled in Tennessee Colleges. Of these 1719 young people, 358 are at the University of Tennessee; 265 are at Vanderbilt University; 219 are at Maryville College and 185 are at Ward-Belmont College. These four institutions have a combined total of 1029 Freshmen; while the fifteen other Colleges reporting to the Association have a total Freshman enrollment of 690, in classes ranging in size from 17 at the lowest to 92 at the highest. Maryville is one of the "Big Four" among the Colleges of Tennessee.

THE NEW PREPARATORY DEPARTMENT

The thirteenth of September found the up and coming Preps with the light of the rising sun in their faces, and with proud and buoyant step, turning toward Thaw Hall to matriculate as the initiation to their establishment in their new home.

They carried hope of large success and they have not been disappointed. They feel that they have proved the theory that nappy, sanitary conditions are productive of the highest attainments.

The roomy apartments with their spotless walls, the new and fit furniture manufactured largely by preparatory students, the comfortable and adequate heating provision, the bubbling fountains of pure water, easy of access, all these combine to make the surroundings ideal for work.

These happy conditions have been an inspiration in deportment, in scholarship, and in living up to the standard of Maryville College in a large way. A spirit of good will and mutual helpfulness has prevailed among students and instructors. All have worked with the idea of progress; worked toward a definite goal.

It is the first time the students of this department have realized their individuality. This realization has served as an impetus. The environment in and around the new building has been highly conducive to success. As oft as we lift our eyes to the incomparable view of fertile fields and the distant mountains, so often are we reminded that our help cometh from the Lord who is the source of all konwledge and wisdom.

Late in the fall term the Preparatory School was granted twenty-three books as a nucleus for a library. The English classes taxed themselves and purchased some books. Teachers and pupils contributed some. A friend in Brooklyn has sent thirty-five. We are now the proud possessors of one hundred and twenty books. We boasted of this and joyed in it. We confidently believed and hoped that "To him that hath more shall be given". Not according to our faith has it been unto us; but far in excess of our faith, came, from the graduating class of the Preparatory School, the gift of fifty-two dollars. This gift will enable us to place in the hands of our students, much needed books, which bespeaks higher preparation for college work in the future.

The college faculty granted the class the privilege of giving a play, "which", we quote from the large audience, "was well done."

We are proud to label this class of seventy-four members, the first class to go out as a representative of the new individuality, the first to go out from the new home, "None Better". They will not be forgotten, for they are wisely leaving behind them another gift which we sincerely hope will keep their memory green— even *blooming*, for many years to come. It is the Water Garden in front of Science Hall.

We regret that lack of space would not permit the publishing of the manuscripts winning the following prizes: T. T. Alexander Prize— "Christ's Atonement for Sin", Sam Franklin, Jr.; Rush-Strong Medal— "The Value of Truth", A. D. Moody, and The English Prize—"Old But Ever New", Evelyn Northrop.

"Do you know Juliet?"
"Juliet what?"
"Juliet too much and died."
—Exchange

"Was your party the other night a success?"
"Oh yes, roughly speaking."
—Exchange

First Row: "The professor made a cutting remark to me."
Rear: "What was it?"
First Row: "He said he had marked me absent."
—Exchange.

Teacher— Take this sentence, "Let the cow be taken out of the lot." What mood?
Pupil—The cow.

Maryville College
1819-1922

Rev. Samuel Tyndale Wilson, D. D., LL. D., President

I.—ITS PAST. Founded in 1819 by the Synod of Tennessee, it has served the church and the country for one hundred and two years. Thousands of its former students are scattered over the world.

II.—ITS PRESENT. Its enrollment in 1920 was 933—432 young men and 501 young women—of whom 468 were collegians. 589 students from Tennessee, and 344 from 40 other states and countries. Its teaching force consists of 72 professors and assistants.

III.—ITS PLANT. It has property of all kinds amounting to $1,350,000. Twelve buildings, including the new Thaw Hall; waterworks, sewerage, steam heat and electric lights. The campus contains 250 acres.

IV.—ITS COLLEGE CURRICULUM. Standard courses of study leading to B. A. degree. Minimum of fifteen units required for admission to the Freshman Class. A two-year pre-medical course is offered.

V.—ITS OTHER DEPARTMENTS. 1. Preparatory. 2. Bible Training 3. Teachers. 4. Home Economics. 5. Agriculture. 6. Bookkeeping. Music. 8. Expression. 9. Art.

VI.—ITS MORAL ATMOSPHERE. The College is strongly Christian, at the discipline is careful. The students' spiritual welfare is the first concern. The Y. M. C. A. and the Y. W. C. A. are very efficient. The Bible is a required text-book.

VII.—ITS INEXPENSIVENESS. 1. Tuition is $24. a year. 2. Room rent for each student, with two in a room, $30 to $48 a year. 3. Board in the Co-operative Club of 700 members, at cost. 4. Text-books rented. General library free. 5. Opportunities for self-help afforded.

MISSES BASSEL, STEVENS, AND McCLUNG GIVE LAST GRADUATE RECITAL.

(Continued from page one)

Rhapsody was Miss Bassel's crowning number of the evening. She displayed all the fervor and exuberance necessary for the artistic expression of a Rhapsody. Taken throughout, Miss Bassel's program furnished a fitting close to the series of musical programs given by the graduates of the music department.

Miss Hale and Mrs. West are to be congratulated on the excellent work done by their departments this year. Each graduate has added glory and honor to the department represented, and the student body has enjoyed and appreciated no feature of the year more than the graduate recitals of the Music and Expression Departments.

TENNIS

Despite the fact that the athletic field destroyed the old tennis courts, new ones have been consructed and Maryville College is having a successful tennis season. The Athletic Board of Control elected a manager, and immediately a tournament was started among the students. John Hendrick, John Hall, and Jean McMurray won out and represented us Tuesday, May 23, in a match with East Tennessee State Normal School. Hendrick and McMurray in the doubles, defeated Tyler and Stapleton 7-5, 4-6 and 6-0. They did not go so well until the last set, due chiefly to the fact that they had had no opportunity to work together but in the final set they got together and showed real tennis. Hendrick played in his old form and looked good, that is you could tell he was a real and experienced master at the game while Gene, although not so experienced has the prospect of becoming a great player. Hall in the singles possibly showed the best form of all. His backhand stroke, his steadiness and ability to keep the ball low makes him a formidable antagonist. The singles result was 6-1 and 6-3. A tournament is arranged with Centre and our prospects are bright for a victory.

OUR GOODBYE

But We Are Looking For You Back

You have had your last examination. The teachers have drilled you and the assistants have warned you for the last time. Friendships which have grown and ripened during nine grueling months of work are to be interrupted by separation.

The men and women of good old Maryville, who have worked and studied and played and conquered shoulder to shoulder will be scattered to the four winds; but none of us will ever forget the other during our lives, long or short.

Those nine months crowded with trouble and pleasure, disappointment and joy, curses and songs, will stand out in your minds as one of the most memorable periods of your lives. We believe that you have done good work; that you will be no discredit to the great army of American College men and women and that when you come to the acid test you will go through like Americans for the honor of Good Old Maryville College.

DREAMS

By G. Leslie Poe

Out in the College Woods,
Down by the flowing stream
I love to sit and brood
And think, and plan, and dream.

Where the birds flit through the air
And the squirrels play in the trees,
I think of all that's good and fair
Like the flower to the bees.

There the breeze blows merrily
All is glad and gay,
There the stream flows cherrily
All the live-long day.

And as I sit and ponder
Of the greatness of God above
All I can do is wonder
How great is His great love.

CAN YOU IMAGINE

Prof. Brittian with lots of hair?
Billy Pleasants with a sweetheart fair?
Dr. Gillingham chewing gum?
Mrs. Minton deaf and dumb?
Dr. McMurray with the missing link?
Miss Wheelock saying not to think?
Prof. Hunter without good looks?
Mrs. McMurray with a bunch of crooks?
Dean Barnes being misunderstood.
Miss Molly all saintly and good?
Miss Heron saying, "No more themes"?
Ah! My dear, these are foolish dreams.

GIRLS!

If you want to be a Y. W. C. A. Big Sister next year and haven't signed a card yet, or have not definitely decided to return; send your name and address to Alice McAnulty, 17 N. Wabash Ave., Chicago, Ill., any time during the summer.

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME EIGHT | MARYVILLE, TENNESSEE SEPTEMBER 21, 1922 | NUMBER ONE

COLLEGE FACULTY ADDS NEW MEMBESS

NEW INSTRUCTORS IN SEVERAL DEPARTMENTS OF THE COLLEGE

The college year opens this fall with several new instructors in varicus of the departments of the college. The students seem pleased with the new additions to the Faculty.

The new faculty members are Professor Bond; Instructors Mintier, Sheffey, and Howell; and Miss McMurray.

Prof. Lester Everett Bond, B. A. is a Maryville product, since he graduated from Maryville in 1915. Since his graduation Professor Bond has had wide experience as a student and Physical Director. He served as Physical Director for Laurel, Miss. Y. M. C. A. 1915-17; Army Y. M. C. A. 1917; Wilmington, N. Car., Y. M. C. A. 1918-19. During 1918 he served as a soldier in Heavy Artillery. Professor Bond pursued advanced studies as a Medical Student at the University of North Carolina, till he lacks only three semester hours and his thesis for the securing of the Master's degree. Professor Bond will be Associate Professor in Biology.

Arthur Mintier, B. A. takes the pcsition of Instructor in History for Maryville this year. Mr. Mintier comes to us from Muskingum College, Ohio. He has the record of graduating there as an Honor Student in History and Sociology. Mr. Mintier has had experience in teaching History and Sociology in the Summer School of his Alma Mater.

Our other instructors are graduates of Maryville. Thomas Phillip Sheffey, B. A., Maryville, 1920 becomes Instructor in Mathematics. George Dewey Howell, B. A. Maryville 1922 becomes Instructor in Chemistry. Miss Claire McMurray, B. A., Maryville, 1921 teaches in the Home Economics Department.

Christian Associations Receive New Members

Y. M. C. A. RECEPTION IN COLLEGE WOODS

While the Y. W. C. A. girls were busy entertaining the new girls in their annual Y. W. C. A. reception the Y. M. C. A. reception was the scene of fine singing, displays of oratory and the usual stowing away of hot dogs and apples.

After a short hike headed by the Y. M. C. A. president every one was cheered by the appearance of the big bonfire around which were seats for all. From the very start new and old students entered into the right spirit and fun was the thing that dominated the whole evening.

The crowd was soon singing and were ably led by no other than Bob King. Just what impression was made upon the birds, squirrels and other inhabitants of the college woods, we do not dare to say.

A series of short speeches representing organizations were made; Ralph Armstrong representing Alpha Sigma and R. A. N. Wilson following for the Athenians. The Volunteer Group was next in order with Dewey Eitner as its spokesman and "The Sky Pilots" were represented by Emory Fritz.

The value of Coach Bond to College Hill was soon evident to every one as he gave his remarkable talk concerning Y. M. C. A. work. We are all prouder of the fact now that we are Y. M. C. A. men. Coach Bond we surely thank you for that talk

Dr. Stevenson welcomed the new students to the College Woods in which they are to take walks; give ther "systematic discourse speeches" to the squirrels, or to make use of in any other way.

The last speech was made by Professor Hunter who represented the College. We will all remember Professor Hunter's four M's which told us the full meaning of Maryville. These four M's were mental efficiency, many sidedness, moonshining, and manly christianity. No one can doubt the friendship and love that Professor Hunter holds for M. C. and all of its students.

Then the eats made their appearance which soon changed to disappearance. All were after these eats to give several yells and soon everyone started back to College Hill.

If there was anyone in the crowd who did not enjoy the reception the writer of this has failed to talk with hm. Everyone is expected to make this Y. M. C. A. reception only the beginning of the biggest Y. M. C. A. year ever seen on College Hill. Every one get behind Buffat, our president.

Y. W. C. A. RECEPTION ON BALDWIN LAWN

"College Mother" and "College Grandmother" Are Guests.

The Y. W. C. A., while standing for a wholesome good time, as was shown at the reception on Saturday night; also stands for the highest ideals of Christian life, as was introduced to the new girls at the regular devotional meeting on Sunday afternoon.

A talk, given by Mary Robison, explained to the new girls and emphasized to the old girls the high deals and the bigness of the Y. W. C. A.

Mrs. Bassett was introduced to the new girls as the "College Grandmother" and Mrs. Stevenson as the "College Mother". Each gave a warm welcome and some splendid advice to the girls. Both of these ladies are staunch friends of the Y. W. C. A. and have a lasting interest in the welfare of all girls on College Hill, and a hearty welcome awaits them each time they visit our meeting.

Special music by Mary Biles added to the interest of the program.

So many of the new girls were out for the first meeting of the year and the Y. W. extends to them a cordial invitation to all meetings.

FOOTBALL PROSPECTS BRIGHT

FIFTY MEN TRYING FOR TEAM.

Letter Men And New Fellows Promising Material.

Approximately fifty men have donned their foot ball togs and are fighting hard to make a place on Ccach Honaker's Highland team. The gridiron is filled with warriors every day and the hopes of every person who has seen them working are running high.

Coach Honaker has a very capable assistant this year, Mr. Bond, who has played good foot ball and who has coached winning teams. With Honaker and Bond both on the field and every where at once there is an excellent chance to put cut a foot ball team that will make U. T. lick the dirt. These two coaches are workng hard for old M. C. and every student should do every thing within his power to boost them in their work and boost the team. If there is any chance of putting out a good team Honaker and Bond will do it.

The greater number of our last year Varsity men did not return to Maryville this year but that is not so discouraging as it might seem. Of course we had a wonderful foot ball team last year and we have only five letter men, and only three of them first-string men, back-but we have a great many new fellows out who are showing up good. Every man out has the fighting spirit and is doing his best for M. C.

Our Captain, "Tubby" Sullinger is showing good form this year and he is going to plow through U. T.'s line hard and fast. The letter men who are back are Sullinger, McMurray, Rice, Bob King and Shorty Sneed. Bernie Acton is taking collegiate work this year and will probably buck the line against Tennessee.

Some of the old squad men who are showing up well are: Bowles, Musick, McCall, Proffitt, B. Williams, J. King, Gamble, Brown, Holland, Greenlee and Justice.

Among the new faces on the gridiron we find Board, Hamilton, Risky, Park, Brown, K. Clemens, Guy Acton, Womack and Pete Sneed. There are a good many other fellows who will be valuable assets to the team. Partee and Baldwin are old men on the Hill, but new in foot ball circles. They seem to have the stuff and may make foot ball players yet.

Our backfield looks as good as our backfield of last year, and we are expecting great things out of them but the line seems to be a little light. With the hard and thorough training which they are receiving from the hands of Coach Honaker they will probably develop a real snappy, hard-hitting line.

The coach has not made any statements yet in regard to the team but he seems well pleased over their showing and is not discouraged at the prospects of the coming season. Now don't any of you students get discouraged or even get stubborn and start knocking the team. If there is any thing that will hurt our chance of winning from U. T. it will be the everlasting knocking and pessimism of a few students around Maryville College. Remember folks, that foot ball team expects you to back it with all you have and you don't want to disappoint it.

(Continued on page eight)

OVER 700 ENROLLED COLLEGE INCREASE 53

490 Enrolled In College Department; 213 Enrolled In Preparatory Department.

Up to Tuesday the total enrollment at Maryville College was 703. Of this number 490 were enrolled in the College Department, and 213 were enrolled in the Preparatory Department. This enrollment shows an increase over last year. This increase is in the College Department. There being 53 more college students matriculated now than on the corresponding day of last year. Both the Senior and Freshman classes show an increase over last year. This year's Senior Class is the largest in the history of the College, since its roll numbers 68, and thus exceeds by eleven the record Senior class of last year. The enrollment by classes is Senior, 68; Junior, 77; Sophomore, 122; Freshman 212.

The rapid increase in the number of students enrolled in the college classes the last few years speaks wellfor the growth and progress of Maryville. Only a very few years agothe number of preparatory students was as great as the number of college students. Now the number of college students is more than twice as great as the number of preparatory students. A few more years of this increase and Maryville will occupy the place that is rightfully hers in the ranks of the colleges of our country.

Student Conference Montvale Sept. 9

THE Y. W. AND Y. W. MAKE PLANS FOR THE YEAR THE MARYVILLE SPIRIT OF SERVICE EVERYWHERE.

The Annual Setting Up Conference held at Montvale Springs is an invaluable custom. There is not a tradition of the college perhaps, that has proven, with as clear expression of purpose and definiteness of aim, its right to continue as has this Students' Conference.

It is a gathering of Christian Association workers of college hill. It is a meeting with members of the faculty and other interested friends for the purpose of setting definite goals for the Christian Associations and for planning methods for their realization.

At this last conference held September 9, 10, 11, the entire program was planned and carried out with a spirit of prayerful consecration.

The vigorous and dynamic spirituality of Dr. Wilson's address infused a new life into the thinking of those who heard him. He led us into the realm of hallowed psiritual associations. His message came out of the wonderful seventeenth chapter of John; interpretative of Christ's prayer for his followers.

It was a prayer that we might be united with God, even as He and the Father are united; united among ourselves, and united in Christian fellowship and effort. Christ prayed that we not only be one with God, but that we be separated from the evil one even as Christ is separated.

And further He prayed that we are sent into the world even as God sent Christ. We are to have the consciousness of a divine commission for our lives.

And lastly, Christ prayed that his followers might be beloved. The love wherewith God loves Christ to be in us and Christ also.

In the discussion group Mrs. McMurray and Miss Clemmie Henry directed our approach to a study of campus problems in the appreciative spirit of Christ. We looked within and about us for places where we might need new standards.

We studied that we might not make void the true spirit of Maryville because of our traditions. We questoned ourselves as to the need for campus democracy. We thought out together our ideas, and our desires for a better and bigger Maryville. It was a test of our love for her by our willingness to work for her.

On the last morning although the rain prevented the sun-rise prayer service on Look Rock, the consecration service led by Dr. McMurray embodied the real spirit of the group and revealed the new determinations resolved.

The delightful location of Montvale Springs, the singing, the presence of our friends, and the quiet walks up the mountain, all gave much toward building up a conference that will prove a dynamo for recharging weak faiths and quickening faint hearts throughout the year.

Truly this is a Maryville institution to hold and to encourage.

YOUNG MEN TRAINING TO BE TEACHERS

One of the most promising of the new Students' Sunday School classes organized at the Presbyterian church is a Teachers' Training class conducted by Dr. Gillingham. This class commenced work with an attendance of twenty-six young men last Sunday, and after choosing Mr. James Jackson, of the College, as its President, decided to begin the year with the twofold purpose of assisting the Sunday School by furnishing from its ranks assistant teachers when they are needed and of training its members for efficient service as teachers at any time. All young men interested in systematic and sensible preparation for a man's size job, now or later, in the Sunday School, are invited to join this class.

Mr. F. A. Simmons, manager of the Maryville Laundry offers ten dollars in gold to the first Maryville man scoring a touch down in the annual game with Tennessee on October 7th. This prize was offered last year, but as no score was made in the Tennessee game, the prize was awarded to Mr. Berney Acton for scoring the first touch down against Emory and Henry.

WELCOME, STUDENTS, OLD AND NEW

We are glad to have the opportunity of expressing our feeling toward you; for, as you know, it would be almost impossible to meet each one separately, so through the columns of the Echo, your own paper, WE WELCOME YOU.

We are practically a new Drug Store, having been here only about one year, but we feel that we have gained the confidence of all who were here last year; therefore, to you who have not been here before, we especially invite a visit from you.

Located four doors below the Palace Theater, you will find us with a complete line of Toilet Articles, Kodaks and Films, Fountain Pens and Pencils, Stationery, Candy, and in fact everything which goes to make up a first class Drug Store, everytning clean and tidy with prices you can afford to pay.

The cleanest and most up-to-date Soda Fountain in the city, serving at all times the very best to be had in this line.

Again we welcome you and invite you to come. Thanks.

STUART-BADGETT DRUG COMPANY

RELIGIOUS NOTES

THUSDAY MORNING CHAPEL

The opening Thursday morning service as usual was very impressive and surely as never before did we appreciate the privilege that we have of hearing those helpful Thursday morning messages, given by our College Pastor, Dr. Stevenson.

But this service was especially helpful as Dr. Stevenson was supported by the officers of the Y. M. and Y. W. The people sitting on the platform were introduced by the Y. M. C. A. President. The Scripture lesson was read by Mary Robison and was followed with a prayer by Emory Fritz. Katherine Wilson welcomed the new girls emphasizing that all must work together. Buffat welcomed the new students and told the purpose of the Y. M. C. A.

Dr. Stevenson followed these short talks by an address in which he not only welcomed the new students but gave them some fine advice on the best course to follow in their new surroundings. He also emphasized our wonderful opportunities that we have.

To the new students we wish to say that this is only the first of many such treats that we will enjoy on Thursday mornings.

VESPER

Sunday evening marked the opening Vesper service of the year in Voorhees Chapel with a large number of students and friends from town in attendance.

Dr. Stevenson, true to his form presented to the student body another of those many sermons, so richly laden with practical and earnest thought.

In his opening remarks Dr. Stevenson expressed a fear of possibly being misunderstood in coming before an audience of young people for the first time. As friends and students. Doctor, we give answer that you shall put away your fears, for just to know you is to love and understand you.

"We value things in proportion to their scarcity" and as "youth comes to us just once" we must early appreciate the true worth of its pearls. Too often we must lack a thing to appreciate its worth.

"The pearls of youth are health and happiness, hopefulness and energy. Everything young is happy. Health is an almost universal endowment of youth. It is our great stock in trade and should be guarded with care for he who sins against his body sins against his soul and against God."

"Youth looks on the bright side of things and though this may sometimes lead to error, it is generally a safe policy to follow. In all walks of life youth sustains the strain and so the world is largely what the young people have made of it."

"The pearls of youth become the perils of youth when their value is not appreciated and when their purpose is thwarted by the ways of temptation and the ruinous waste of time."

Our College Y discussion groups have had a most auspicious beginning this year. At the Presbyterian Church four classes have been formed and filled. Burney Acton leads the group studying Christian Standards in Life, in which there are over forty members. Edward Cornelius conducts the class which is studying The Life of Christ. Wick Broomall has a class in Old Testament Prophecy which promises to be of great interest to its members.

Dr. Gillingham is teaching a class which studies the regular International Lesson one week in advance. This class is composed of students willing to be substitutes in the regular Sunday School classes.

These classes are for college students and have a capacity big enough to include every fellow on College Hill.

FACULTY RECEIVES FIRST IN HONOR OF NEW STUDENTS

The faculty of the College and the Preparatory Department entertained at a very enjoyable reception in honor of the new students September 16th at three o'clock on Baldwin lawn. The old students had greatly aroused the interest of the new students by very humorous and highly colored stories of their experiences in the same event of the years before ths. As a result, some students preferred to stay in their rooms during that hour, but by far the majority donned their best frocks and coats to make a good impression on the professors and their wives. At three o'clock Y. W. C. A. girls were stationed at the entrance to Baldwin lawn and presented each one entering with a card on which to write his or her name.

Inside, was a long line of forty-four professors, professors' wives, assistants in the college work and all those vitally interested in the life of the Hill. Passing down the line, the old students renewed friendships with their teachers, from President Wlson to the last in the line, and the new students met those under whom they will work all of this year.

The end of this line brought only the beginning of another, for refreshments cannot be handed to every one at the same time. Delicious punch and wafers were given each as he passed and of course they only too soon disappeared. We can feel sure that Mrs. McMurray and her girls had a large share in making the refreshments so delicious.

Just as the boys and girls were about to lose interest in the waning refreshments, their enthusiasm was again aroused by the approach of this year's foot ball squad attired in their regular uniforms and the old students showed the new ones how a Howeehow is done.

Somehow it seemed as though the new students had received a new idea of faculty receptions, and the traditions they pass on to next year's students will be sure to include, "We had a wonderful time!"

SENIORS HAVE FIRST PARTY OF THE YEAR

Friday evening, September 15th, the Senior class enjoyed its first social of the year,—a watermelon cutting at McIlvaine Springs.

While the crowd was gatherng, a number of games were played, in order that the moonshiners might really know who was present. Each person was asked to relate some experience that he had had, during the summer, which had some connection with Maryville College, and you may be sure that M. C. had by no means been forgotten, by the class of '23, during the vacation.

After an hour of games the spring house was surrounded by a "gang" of peppy Seniors, because of its capacity to hold about thirty watermelons. However, this certain spring house did not hold these thirty melons, an hour later, for ust as soon as Buck Ellis c manage to get them cut, each person held his share.

The class believes in economy, so in order that the melon that was left should not go to waste, the left overs were used to a great advantage in a regular free for all fight and face washing. It took some tme to get all faces washed, and after this, very little time was left before the clock struck the hour for departure. Everybody had a good time.

THE BELLS ON THE HILL

(With apologies to Poe)

Hear the brazen rising bells—
Breakfast bells!
What a tale of broken slumbers
their ringing tells!
In the startled ears of sleepers
How they scream out their orders!
Too horrible to speak
They can only shriek, shriek,
Out of tune,
Oh, the bells, bells, bells!
What a tale their terror tells
Of "old lady".
How they clang, and clash, and roar,
What a horror they outpour!
I hear their warning every morning,
That I must hurry,
Jerk on my clothes in a flurry
And to Pearsons Hall scurry,
To get my oatmeal,
Before the last peal.

Hear the tolling of the bells.
Period bells.
What a world of solemn thought they compel!
Every hour of the day,
How we shiver with dread
At the menace of their tone!
At every class call that floats
From the rust within their throats,
There is a groan
At thought of the Professors,
And the work of the classes
All undone.
At the tolling, tolling, of the bells,
What poignant thots thru me swell,
What regrets within me well!
That I my lessons have failed to prepare.
And wonderng how I shall fare
As down the stair
I meander to Chemistry One.

A MODEL

The famous Billy Sunday had just left the White House, and a reporter buttonholed him.

"Well, then, if you won't tell me what the President said", said the reporter in the end, "tell me what's the proper length for a sermon?"

"Sermons, after-dinner speeches, lectures and newspaper articles and so forth" said Mr. Sunday, "should be built on the model of a girl's skirt—long enough to cover everything that ought to be covered, yet short enough to be interesting."

EDDIE McLANE, FORMER MARYVILLE ATHLETE TO COACH AT WALKER HIGH

Friends of Eddie McLane will be interested in the following clipping taken from The Birmingham News. The stellar quality of the work that Eddie did for us in football and base ball last year is still so fresh in our minds that no comment on it is necessary.

"Announcement was made Saturday to the effect that Lovick McLane, more often referred to as "Mc", former Howard star and recently of Maryville College, Tenn., will go to Walker County High School this fall as coach. This is quite a feather in the cap of the young athlete, as Walker County High has just come to the fore in the athletics. "Mc" is assuming quite a responsibility in the form of the coaching reins of the Jasper institution.

"McLane entered Howard in the Fall of 1918 fresh from the Pinkard High School, and played his first year with the coachless S. A. T. C. team of that year. His first assignment was in the backfield where he played full the first time and proved to be a mean ground gainer. The following year Mack was shifted to halfback and was going strong until he sprained his shoulder and this kept him out of the game for the remainder of the season. The next campaign found Mack at an end and there he proved to be a fast man and a good defensive player, as well as a demon at receiving forward passes.

"His baseball career at Howard was one year of success after another. He held down the keystone for three years and captaining the squad his second year. He has always been a ball player of the stellar type, performing on some of the high grade teams around the state, just completing a stay with the Dothan team in the South Alabama League.

"After his work at Howard Mack went to Maryville College in Tennessee and made good from the start, making his letter in all three sports. He was picked on the all-Appalachian Conference team including a group of teams consisting of some of the best in that district. He was also picked as all-Appalachian second baseman.

McLane's four years experience in all branches of college sports makes him well qualified for this position. A knowledge of both the backfield and line game in football, having captained baseball and played with some of the best teams in the state, and knowing basket ball well Mack should turn out the goods at the Jasper High School.

"With Walker County High to the front in the past two years the material should be at hand with which the new coach can work. Local fans will watch the showing of the former Howard star with much interest.

A clipping from the same paper tells of an offer to Burney Acton of a position with the New York Americans.

SENIOR PREPS HOLD FIRST MEETING

It is a rule that when the Preps will to do anything it is done successfully. This is shown by the good results tha t have been obtained, and tne name they won for themselves the past year.

So to perpetuate and carry on this excellent record, the Preparatory graduating class of '23 held a most interesting meeting the first week of school, for the election of officers.

Richard Proctor will represent the class as President; Mary Biles was chosen by popular consent to be vice-president. The combined office of Secretary-Treasurer is held by Will J. Swafford. Maynard Dunn is class editor.

All the officers are very enthusiastic over the prospects of a successful year. Much interest was shown by the class members also.

The graduating class last year established an enviable reputation. But it is the belief of every Fourth Prep that the averages will be even higher than last year. We are striving to that end.

Patronize Those Who Advertise. They Make The Paper Possible.

The Echo solicits news items, comments, and expressions of opinion from the students, and from interested alumni.

Give the foot ball men a word of appreciation to show them you are supporting the team.

* * *

All men are cordially invited to attend the Y. M. C. A. Service Sunday after dinner. Coach Bond will speak.

* * *

Now that the rush of matriculation is over and we have more time: let's get acquainted with each other, especially with the new students.

* * *

How about a 100 percent attendance for literary society meetings Saturday evening? All of the societies will have worth while programs. And all will be cordially inviting you to come.

* * *

A card posted in Carnegie Hall gives this bit of epigramic advice: "Take the welcome off your door mat and put it on your face." The spirit of that advice has been admirably carried out. The old students through the medium of the Y. M. and Y. W., and by personal welcomes have warmly welcomed the new students to our college home.

* * *

BOOST A CAMPUS DAY

We have the grounds and location for having a beautiful campus. Are we doing everything we can to help make it so? Why not have a day when everybody shall help beautify the campus? Let us cultivate a pride in the condition and appearance of our campus. We are to have a Campus Day soon. Look out for it and be ready to work.

A WORD TO THE FRESHMEN

The Class of 1926 is now a part of Maryville. A short time ago you were in your various homes; but now you are a part of the big family in this our college home. Long before this time you have heard talk of "The Maryville Spirit". Do not be skeptical about this Maryville Spirit. College Hill has a peculiar atmosphere. An atmosphere that arouses, promotes, and sustains enthusiasm and good impulses within you. Catch a breath of that spirit. Become a regular Maryville man. Work with us, play wth us, enter heartily into our college life and it is done.

It might be proper to announce here to the Freshmen that we have many organizations in our college which are meant for them. The Literary Societies, the Y. M. C. A., the Y. W. C A., the Law Club, the Ministerial Association, the Pre-Med Club; all these organizations are for you.

They will all give you a cordial welcome. And you can become an invaluable part of their membership.

These organizations offer you an opportunity to develop the powers within you. Let it be your purpose to attend some of them. se them to help yourself develop a full, round, forceful personality. Develop your talents by means of their training. Get into the work of these organizations. Find the place you can accomplish most. Become an increasingly important factor in O ld Maryville.

THE ENTERPRISE PRINTS THE ECHO

Many students read their ECHO every week, yet they never know who has the burden of translatng our manuscript into the neat way in which you are reading it. Mr. Hedge of the Enterprise, a weekly newspaper of Maryville has taken this work for us this year.

As business manager I feel that it is necessary to take this means to personally thank Mr. Hedge in behalf of the students of Maryville College for the interest he has taken in making our college paper, a paper that we are always proud of. He is sacrificing his time and money to make the Echo truly representative of Maryville College. The Echo is printed at a very low cost by the Enterprise, compared wth prices made by other printing houses.

A good way to show Mr. Hedge our apreciation would be to give him our printing work and our trade at his stationery store.

The Business Manager.

RESOLTIONS OF DIRECTORS OF MARYVILLE COLLEGE JUNE, 1922

That the degree of Doctor of Divinity be conferred upon:

Rev. George T. Scott, Secretary of the Board of Foreign Missions of the Presbyterian Church in the U. S. A.

Rev. William Cowan Clemens, '82, of Greeneville, Tennessee.

That the degree of Doctor of Laws be conferred upon:

Rev. William Patton Stevenson, D. D., College Pastor of Maryville College.

Rev. Roy Ewing Vale, D. D., Pastor of the Oak Park Church, Illinois.

That the following resolutions be adopted:

Resolved, (1) That the Directors of Maryville College, mindful of the fact that one of the most loyal and helpful members of the faculty, the College Pastor, Rev. William Patton Sevtenson, D. D., renders his invaluable services to the students and faculty entirely at his own charges, and has now done so for five rich years of gracious and inspiring ministry, do hereby assure Dr. Stevenson and his devoted efficient Associate Pastor, Mrs. Stevenson, of their deep and abiding gratitude and happiness and pride in the distinguished service that has thus been rendered to Maryville College and to the cause of Christian education during these five years that have now been numbered.

(2) That as a token of the appreciation felt by the Directors for this quinquennium of generous service. and as a sincere though inadequate expression of their recognition of the scholarly equipment and ability displayed in all his work at the College, and especially in the addresses delivered at the weekly Vespers and the Thursday morning convocations, the Directors of Maryville College do now confer upon Dr. Stevenson the degree of Doctor of Laws *causa honoris*.

A copy of the Bentonian, a bulletin issued weekly by the Benton Presbyterian Church, Kansas City, Misouri. Rev. J. N. McGinley, '91, pastor is so full of life and vital appeal that one cannot escape the conclusion that a real constructive work is being done in this Kansas City church.

Mr. Thomas B. Vance and Mr. Sam Hall, both '22, are teaching in Hawaii.

The Candy Kitchen—Better Sandwiches

ALUMNI NOTES

Alumni and friends will be interested to know of a number of weddings of alumni and former students which occurred during the summer.

Mr. Stanley C. Lange, '22, Class orator and president of the newest class of alumni and Miss Anna Marie Seay, at Audubon, New Jersey, June 15th.

Mr. E. E. "Tommy" Loft, '21, to Miss Dorothy Dailey, at Knoxville, Tennessee, on June 27th.

Mr. James M. Goodson to Miss Mary Mason, '21, at Woodstock, Alabama on June 8th.

Mr. Coen C. Cloyd to Miss Sabra Sue Sugg, both former students, at Mt. Vernon, Indana, on August 30.

Mr. J. Paul Barker to Miss Hazel Blanche Walker, both former students, the groom a member of the Class of 1923, at Maryville on June 8th.

Mr. John Frederick Martin to Miss Kathleen I. Porter, a former student, at Oberlin, Ohio, on June 22nd.

President Wilson officiated at the baptism of little Lou Alice Elizabeth Georges, baby daughter of Joel S. Georges, '20 and Nancy Lee Bost Georges. The service took place at Maryville on June 19. Mrs. Georges stopped off for the service while en route to her parents' home in North Carolina for a summer visit. Mr. Georges spent the summer at the University of Chicago. He returns to Henderson, Kentucky for his third years' work as principal of a high school there.

Mr. and Mrs. F. L. Miller, Fort Sherman, Canal Zone, announce the arrival of a son, Frank Lewis Miller, 3rd. during the summer. Mr. Miller, '14 is an U. S. Army Chaplin.

Mr. Rolfe M. Rankin, '16, received the M. A. degree at the University of Chicago at the end of the Summer Quarter. Mr. Rankin goes to the Rolla School of Mines, at Rolla, Missouri, as a member of the mathematics faculty.

Mr. and Mrs. Morgan Cox, '21 and '20, announce the arrival of a son early in the summer. Mr. Cox is entering Western Theological Seminary for his third year.

J. H. "Judge" Turner, '18, received the J. D. degree from the University of Chicago Law School at the June convocation.

The 1922 Class of the U. S. Military Academy at West Point included among its members Robert L. Taylor, '18.

Miss Clara Sievers, in 1919-1920 head of the Home Economics Department spent the past summer in Europe.

Virginia Morris Bewley who arrived on April 28, 1922, is the newest member of the home of Dr. and Mrs. Luther B. Bewley, of Manila, P. I. Dr. Bewley, '01, is Director of Education for the Philippine Islands.

The Class of 1942 will doubtless include Miss Marjorie Jean Vale of Oak Park, Illinois, who came to live with Dr. and Mrs. Roy E. Vale on July 13th. Her parents are among Maryville's loyalest friends, Dr. Vale, who received the degree of LL. D. last commencement, is a director of the College.

Miss Bernice West, '22 is teaching English at Central High School, Chattanooga.

Misses Ruth McCall and Elizabeth Jackson '22 are members of the faculty of Lenoir City High School.

Mr. John A. Hyden, '14 is instructor in Mathematics at Vanderbilt University, and is at the same time pursuing work leading to the M. A. degree.

Goddard-Pickens Wedding

A notable wedding of Maryville alumni took place on the evening of September fourteenth. A romance begun in College between two members of the Class of 1912, Homer A. Goddard and Alice Belle Pickens, was then consummated.

The marriage took place at the beautifully decorated home of the bride on Main Street, Mayrville, in the presence of a hundred or more of her friends and kindred. President Samuel Tyndale Wilson, who in 1912 presented the pair on Commencement day their college diplomas, performed the marriage ceremony that now in 1922, has united their lives and established their home.

Mr. Goddard is one of the leading attorneys of Maryville, a member of the firm of Crawford and Goddard. His father, James Monroe Goddard was a member of the Class of 1874, and his sisters, Edith, Sara, and Mary graduated in the years 1897, 1908, and 1909 respectively.

Mr. Goddard's former classmate and present bride is a member of one of the oldest and most prominent families of Blount and Sevier counties. Her father was once the Sheriff of Blount County. Since her graduation she has lived with her widowed mother in Maryville. and has been a successful and favorite teacher in the city schools. She has served for several years as a member of the Executive Committee of the Alumni Association of her alma mater.

A host of college friends will unite with The Highland Echo in extending to Mr. and Mrs. Goddard their most sincere congratulations.

LEST WE FORGET

Just a word, dear souls, awaking
To a day of active life:
"Bear ye one another's burdens",
Think of others in the strife.

Glow your hearts with joy within you
At a kindly look and smile?
Shines the future ever brighter,
Does your life seem more worth while?

Take a casual glance around you;
If perchance some soul may need
Just a word to give him courage,
You may be the "friend indeed."

Blessings brighten with the giving
Blossoms open to the sun,
Hearts awake to loving echo,
"God is love;" so heaven is won.

Mrs. Clara M. Tadlock.
Written for the Graduates of Maryville College, June 7, 1922.

To the Professors and Alumni of Maryville College, and also to the students, and to all old friends and new, Dr. Tadlock sends greeting, and congratulations on the completion of a successful college year, and hopes that the coming ages may find the Institution ever expanding, and bearing abundant fruition from the benevolent purposes which have so nobly characterized its progress for the last one hundred years.

Dr. A. B. Tadlock, Alumnus of Class of 1859.

Prof. John A. Hyden, Associate Professor of Mathematics at Maryville last year is on leave of absence this year. He is a Fellow in Mathematics at Vanderbilt University, and is working for his degree there. Professor Hyden, also attended the summer quarter of the University of Tennessee.

Prof. D. J. Brittain of the History Department does not return to Maryville this fall. He and his wife have accepted positions in Campbell County.

M. E. Lawson, and Reed Rowan of last year's class have been recent visitors on the Hill. They are teaching in the public schools near Maryville.

WHERE WE STAND AND WHY—AND HOW

By Y. M. C. A. President

Without taking up too much space in this, the first issue of our College Weekly, and without putting down too much n writing, I wll ask you to ignore your text books for a short while and converse with me about our College Y.

At the sign of the triangle in connection with Y-work we think of the three fold purpose of the Association. Spirit, Mind, and Body are absolutely essential to the producing of an individual high or low in the ranks of men, and the degree to which these three parts of man are developed, exercised, determines his rank, high or low.

The Maryville Y stands on this triangle foundation and shall endeavor throughout the year to construct there on something which will be beneficial to every man on the Hill. We stand on this basis of operaton for three reasons. First, It is the aim of the Y. M. C. A. everywhere to so oprate; Second, It is for the Good of Old Maryville; and Third, It is for the man himself.

Briefly I will say how we are going to stand. Spirtually, by always taking into our programs and activities the Friend of Man and the Greatest Helper and Advisor of Man, even Christ who alone can make any movement vital and lasting.

Mentally, by encouraging games and studies which will be for the making of a quick, active mind.

Physicall, by helping the Athletic leaders as best we can and by doing our best to keep up the fighting spirit for a greater and better existence of both College and individual.

Now as to our active program. Classes of interest in Sunday School and on the Hill: Missions, Bible Study, Current Events, and Student Standards. Through the eye there is to be brought to each fellow printed pages and posters such as will be food for the intellect and a stimulus to thought. Reading matter of quality and information of value and interest will be for all who will endeavor to take; it will be whether you endeavor to take or not. As to the physical side allow me to say that this depends on the interest the individual might show as in the two former cases. Boxng and wrestlng matches will be held by the Y throughout the year; weight lifting contests; track meet, swimming meet; hikes; basket ball tournament; inter-class games; preliminery tennis meet, and other activities which wll be for the good of every fellow who enters rather than stand on the outside and criticise. Many cannot participate out more than that many can.

So in checking up, the "Y" asks you to help her make the symbol of the triangle mean more in the lives of all fellows on the Hill. Casting aside all the undesireable element imagination mostly finds, strengthening our weaknesses, and resolving that good must be done to and for all, let us ever press onward and upward.

Mr. Charles Yeatman Latimer writes from Washington, D. C.:

"Here I am back in the Nation's Capitol, but this time I am pluggng away in a Building Contractor's office, and find my work very interesting.

"I have seen several old Maryville boys since beng here. Among them are: A. D. Bryson, who is District Manager for an Electric Fuse Co., in Buffalo; D. N. Towe, who is District Manager for a chain Business School, and is located here; Frank Scruggs, who graduates this year at the Georgetown School of Foreign Service; and Prof. Perkins, who used to be a professor in language at M. C. It makes me feel good to run into old friends, and especially Maryville men with whom you have been in school."

We are too busy to write an ad.
Let's make Mitchell's Drug Store our store and beat U. T. October 7th.

MITCHELL'S DRUG STORE

PHONES NO. 3

LITERARY SOCIETIES

BAINONIAN TEA

Bainonians were at home to the New Girls at the Franklin home on Court street, on Tuesday afternoon from 3 to 5 o'clock.

Green arrows directed the girls from College Hill to the home and a color scheme of green and white, which are Bainonian's colors, was carried out in the drink.

Again Bainonian welcomes New Girls.

Bainonian Literary Society wishes to say welcome to all new girls. Bainonian has done much for both old and new girls in the past and she expects to do much more in the future.

ALPHA SIGMA TO HOLD OPENING MEETING

First Regular Meeting Saturday Night, September 23rd.

The Alpha Sigma Literary Society will hold its first regular meeting of the year in the Alpha Sigma Hall on Saturday evening, September 23rd. The society extends to all new men on the Hill a most cordial invitation and welcome to the meeting on Saturday night. A good social evning is being planned by the committee and an excellent representative literary program is being prepared. The program will be as follows:

Opening prayer
Review—The Turkish Situation - - - - - - Henry Cox
Reading - - Harry Gauding
Debate—Resolved: That the government should assume control and operate all of the coal mines.
Affirmative: Eugene Stanbery, Dewey Eitner; Negative, Ralph Armstrong and Francis Kinsler.
Vocal Solo - Howard Sullinger
Talk—The Value of a Summer Vacation - - - Burney Acton
Address - - - - The President

This prgoram is going to be a well-balanced, valuable literary program and every man on the Hill should avail himself of the opportunity of hearing it.

Besdes the program there will be plenty of eats and a big social time together. Again new men we welcome you to the Hill and invite you to visit us in Alpha Sigma Hall which is in Anderson Hall on the third floor directly over the Book-room.

THE BUSINESS MANAGER TALKS HORSE SENSE

It must be fully understood right here at the beginning that you are not a red-blooded Maryville College Student unless you back your advertisers. Do you realize that the money you pay for your Echo only goes a small way to finance it. The rest comes from our loyal friends, the business men of Maryville. They stand by us in everything and even if they are not advertising in this paper they help us in other ways.

First look for the clothing stores. There is Ellis-Proffitt with any thing in the dry goods line you need. Then there is Chandler-Singleton with a fine assortment of pennants made just on purpose for that blank wall space in your room. And don't forget they have an up-to-date department store. Then go up the street to Badgett Store Co., you can sure find the sweater you are looking for in their stock. Boys if you want to see a real up-to-date Men's Store just step into Hannah's. Bird & Co. have a complete line of shirts, ties, etc.

Now look over the Drug Store ads. Believe me they sure are standing behind us. And they have anything you could want in the way of school supplies too. To be entertained with classy music just step into Mitchell's any afternoon. Waggoner's sure have a neat store, look it over. Then there is Stuart and Badgett's and Martin's, both fine up-to-date stores. Yes every single Drug Store in town believes in us.

Eat is the middle name of every Maryville College student so when you are hungry don't forget the Mary Blount. Phelp's have some fine pies and White's stay open late enough for a feed after an entertainment. All are classy places. And don't forget the grocery stores for they have anything you need to eat. There are the confectionery stores with their candies and the Electric Bake Shop with its pies, cakes, etc.

The Palace Theatre has its program advertised a week ahead and believe me they are having only the best shows.

Maryville Furniture Co. can frame that diploma for you. Mr. Webb can develop your films sooner than you can get them done in Knoxville. When you have a suit to be pressed go to Merritt. We have in Maryville a number of shoe repair shops all with up to date equipment. Stinnett Bros. do any kind of hauling in the way of trunks and the like. To get a real shine go to Eureka Shine Parlors. Palace News Stand have that magazine for you. Norton Hardware Co. ranks with the best of its kind in East Tennessee. Wright's have the only Ten Cent Store in Maryville.

Don't forget the jewelry stores. Hope's can please the most fastidious. McCulloch's have a fine assortment of ivory, pins, rings, etc.

I hope you don't have to go to a doctor but if you should have to find one advertising in this paper and see him.

When printing or stationery articles, note books, etc. are needed don't fail to visit the Enterprise office, where students and faculty are always welcome.

Now a last word, we are just starting out on a new year and the friends we make among the town people are the ones that will stick. So to make this a year of all years go over and get acquainted with the merchants. Tell them you saw their ad in the Echo and trade with them.

THE BROOK'S SECRET

It welcomes me when the sun of morn
Burns low in the eastern sky;
And I love the day as I go my way
Believing that God's on high.

It hurries with me in the morning hours
As the sun sends down its fire;
And it seems to say in its rippling way
"Oh, man, I never tire."

It rests with me in the noon-tid. heat
Away from the sun's red rays;
And its coolness sweet seems a haven complete
In the sultry summer days.

It glides with me through the afternoon
Past the crowding, pushing throng;
And its happy voice makes my heart rejoice,
And I laugh as I go along.

It sings with me in the dusky hours
When twilight's curtains fall;
And its voice of peace tells my heart to cease
Its care, and heed the brook's clear call.

It beckons me in the night hours along,
And in its ceaseless flow
The day's dull strife like the future of life
Is hidden forever I know.

—Helen Arnold.

SENSE AND NONSENSE

I AM A FRESHMAN

I believe in every man tooting his own horn, and thus it is that I am going to tell the world that—I am a Freshman.

I am the biggest and therfore the best and greatest class in Maryville College. All the Sophs recognize my excellence and render me homage. I am the idol of the Juniors for even they perceive my superiority in moonshning and copy my methods. I am placed on a pedestol by the Seniors. They come to me privately and ask my advice on the way to run the college.

Even the Professors are all my companions and associates, and they are continually asking me to give them information (that is when we meet each day in class).

If it were not for me the other students would not know the latest styles in dressing, or what crush of hat was in vogue, or the most popular movie production, or the best seller. They would not know any thing.

Without me there would be no perpetual subject of conversation. Wi hout me there would be no vivid green point at which to direct all jokes. Without me there would be no long weary lines at the Registrar's office and without me the college could not continue.

I burn my candles at midnight reading Freshman English and Chemistry. My work in the class room is so thorough that when taking in my sleep I speak French and Spanish; and even in my dreams I avoid the use of a split infinitive or a dangling participle.

I am a Freshman.

TEN COMMANDMENTS FOR NEW STUDENTS

1. Thou shalt have no other gods before study.

2. Thou shalt not make unto thyself any foolish pleasure, or any likeness of any pleasure that thou hadst at home, or at thy neighbors' home. Thou shalt not bow down thyself unto Pleasure nor serve it. for I, study, thy god am a jealous god, visiting the iniquity of your unexcused absences upon you even unto failure.

3. Thou shalt not take thy studies lightly; for the professors will not hold him guiltless that taketh his studies lightly.

4. Remember the study hour, to keep it quiet. Five study nights shalt thou study, and do all thy work. But Monday is the moonshining day of Maryville College: in it thou shalt not do any work, thou, nor thy Friend, for this day is devoted to moonshining.

5. Honor thy matron and thy proctor that they days may be long upon College Hill.

6. Thou shalt not smoke.

7. Thou shalt not walk on the grass.

8. Thou shalt not steal "Pearsons Hash".

9. Thou shalt not recite falsely before thy Professors.

10. Thou shalt not covet thy neighbor's clothes, nor his Friend, nor his standing, nor anything that is thy neighbors.

A COLLEGE GIRL'S LETTER

Baldwin Hall,
M. C. Station,
Maryville, Tenn.

Dear Mabel:

You know I said I would write you as soon as I got up here off the train, but you just don't know what I've been through with or you sure would pity me. That's the reason I haven't written. If I had just thought when I kissed my sweet little Alphonse pig that you brought to the train for me to kiss that I would miss him so much, I would have brought him right up here to my room.

The only thing that makes my room look like home are those pictures of George and you. Say! Is he flirting around too much since I left? I want you to keep an eye on him for me while I'm gone and you'd better look out for that Chalice girl. I didn't like her looks the first time I saw her.

That reminds me! I sure do like the boys' looks up here, they look like they might show you a good time if matrons were not around. Of course, all I know about them is what I saw at Snap, but some of them could talk even in a crowd like that. Did you ever see a Snap crowd? All you do is to get out on a slicky floor so you will be sure to fall down once or twice, and then chase all the boys around you see. They told me to chase a boy around once, and I thought if one was good, three or four ought to be better, so I got to chasing a half dozen around at once and got sort of mixed up. If a cute little boy named James something—no, Jimmie Jackson, I think hadn't helped me out, I don't know where I would have been by now. But some of the folks must never have learned to skate in their early days, because they stuck around the walls, and kept their seats like they were glued to them. I noticed when they were so fond of sitting around there was mostly two of them.

Don't forget what I said about George. If you'll write to me, I sure will tell you all about everything up here.

Lovingly,
Sally.

P. S.—Kiss Alphonse for me, and remember I said Alphonse and not George.

Lovingly,
Sally.

ODE TO THE CO-EDS
(Gold and Black)

She has two eyes so soft and brown,
Take care!
She gives a side glance and looks down,
Beware! Beware!
Her raven locks, is shorn for style,
Some Senior's heart she may be- - guile,
She droops her head and blushes fair,
'Tis a co-ed!
Beware! Beware!

She has such hair of a golden hue,
Take care!
For what she says, may not be true,
Beware! Beware!
Her blue eyes flash, as she murmurs low,
Does she tell the truth?
We do not know,
To seek for hope no youth can dare,
'Tis a co-ed!
Beware! Beware!

She flits through the halls like a butterfly,
Take care!
She scatters behind her, glances sly,
Beware! Beware!
One fleeting smile for those who have sought,
Mindful not of the havoc wrought,
Such mocking eyes! Does she really care?
'Tis a co-ed!
Beware! Beware!

"We must keep our engagement a secret."

"Yes, I'm ashamed of it too."

Gen—My dog is worth $1,000.

Andy—Gee, that's more'n I'm worth.

Gen—Oh, well, some dogs are more valuable than others.

Perhaps Doyle is right, and death is pleasant. Those dead from the ears up appear uniformly happy.
—Exchange.

Roberta Stone: "My sister owns some Persian kittens and she's going to give me one as soon as it is big enough to eat."

Dick Cawley: "Are you going to fry it or roast it?"—The Bulletin.

Father:—I never smoked when I was your age. Will you be able to tell that to your son when you are my age?

Son:—Not with as straight a face as yours. —Exchange.

THE FIRST CLASS

Co-ed: Why didn't you find out who he was when the Professor called the roll?

2nd. Co-ed: I did try to, but he answered for four different names.

Daughter: Papa, what makes a man always give a woman a diamond engagement ring?

Father: The Woman.

"WHERE QUALITY COUNTS, WE WIN"

THE TEN COMMANDMENTS OF SPORT AND ITS FANS

The Code Of a Good Sport

About a year ago, Hugh E. Fullerton, the Sport Editor of the New York Evening Mail, published these Ten Commandments of a good sport. It will do all athletes good to read them and it will do every student on the Hill good to read them because they not apply to those who play the game but also to those who sit on the sidelines and watch the game.

Here they are:

1. Thou shalt not quit.
2. Thou shalt not alibi.
3. Thou shalt not gloat over winning.
4. Thou shalt not be a rotten loser.
5. Thou shalt not take unfair advantage.
6. Thou shalt not ask odds thou art unwilling to give.
7. Thou shalt always be ready to give thine opponent the shade.
8. Thou shalt not under-estimate an opponent, nor over-estimate thyself.
9. Remember that the game is the thing, and that he who thinketh otherwise is a mucker and no true sportsman.
10. Honor the game thou playest, for he who playeth the game straight and hard wins even when he loses.

Now, listen, students, that foot ball team is going to follow that code as nearly as possible. They are going to fight with everything that is in them for old Maryville. The sudens MUST back he team if they expect it to win. They must be real true sportsmen and help make a winnng team.

We don't have enough pep on this Hill. We want more and we need more. You have heard the rumor that moonshining to games is to be forbidden. Here's the reason, when you moonshine you won't yell. Now if you prove to the authrities of this college that you can yell and moonshine both, then they will let you moonshine.

Let's all show the true Maryville spirt and when we're asked to yell for M. C. let's yell with all our might.

And boost the team, don't knock it. Even if you don't think we have a chance to win keep the old school spirit and fight to the very last. Say a good word to those foot ball men when ever you can and encourage them to do their best.

Remember, now we're all going to stand behind this school and be running over with pep.

Y. M. C. A.

What possessions have I brought to college? Have I come to college that I might add to my possessions?

These are two questions that each one who heard Dr. Wilson's address at the Y Sunday afternoon might ask himself.

To the new student, these words of our president, regarding our possessions will greatly serve to impress the opportunities of college life; and will deepen the sense of responsibility attached to the obtaining of an education.

To the old students this meeting will serve as a reminder for a self-examination that they do not follow those courses which may prove injurious.

The outline of Dr. Wilson's address, if referred to often, will aid every sutdent in recalling the words of friendly counsel so earnestly given us.

1. Every student ought to have possessions. Material possessions first mentioned because least necessary. Physical possessions, intellectual possessions, and spiritual possessions mentioned last because most necessary.

2. Every student that has possessions shall have more possessions. Trustworthiness will increase not only our gifts from God but also from our fellow-men.

3. Every student that has no possessions shall have taken away even that which he has.

If you use not your privileges you shall lose them, even your capacities for use.

PALACE THEATRE PROGRAM

THURSDAY, SEPT 21ST.
Thomas Meighan in "IF YOU BELIEVE IT, IT'S SO."

THURSDAY, SEPT. 28TH.
Betty Compson in THE BONDED WOMAN.
COMING
Gloria Swanson in HER GILDED CAGE.

FOOT BALL PROSPECTS BRIGHT

(Continued from page one)

Taking every thing into consideration our prospects for a winning foot ball team seem to be real good and we are just optomistic enough to believe that we are going to beat U. T. this year and every other team we play.

Maryville, Maryville, Ray
We're going to win today.
We've got the team, we've got the fight,
We're going to win before tonight
Fght, team, fight team, fight, fight, fight.

FORMER ATHLETE RETURNS

John B. Sanchez, a former track star of Maryville entered the Junior class this fall. Mr. Sanchez was a student here in 1918-19. At that time he won his letter in track. While away from Maryville Sanchez has been studying at Dubuque University. While there he won his letter in football and track. He comes to us now expecting to go out for football. In addition, Mr. Sanchez will teach classes in Spanish.

WELCOME!

Friends, we are glad to see you back on the old "hill" once more. The poet said these were the melancholy days. Not so with us. How could we be melancholy with all this cheerful stream of co-eds and college fellows pouring in upon us? And then, too, there's football with the U. T. game in the offing.

LET'S GO, MARYVILLE!

DEVOTED TO ALL THE INTERESTS OF MARYVILLE COLLEGE

VOLUME EIGHT | MARYVILLE, TENNESSEE OCTOBER 6, 1922 | NUMBER TWO

VACATION TIME FOR THE COLLEGE FACULTY

FACULTY MEMBERS FIND MANY WAYS OF SPENDING THEIR SUMMER VACATIONS.

Maryville Professors Are Scattered From The Gulf To The Lakes During The Summer.

The magic lamp of Alladin must have been at the command of the College Faculty during the vacation just passed. Further, our professors must have been free in the use of it to transport them to many of the interesting places of the eastern part of the United States, and also to points of interest in Canada. In prosaic fact tnis magic lamp may have been a motor car; but what matters that so long as it gave our instructors their vacations.

Dr. Wilson and Dr. Gillingham used the month of July as their vacation. During that time they were away on a camping trip to points as far north as Toronto, Canada. They used a motor car to transport themselves and their camping equipment on the tour. It has been remarked that the equipage used would not have taken first prize in an automobile show either. But it possessed the very desirable quality of utility, and was very efficient in carrying tents and other camping essentials.

The itinerary of the trip lay by way of Cincinnati, Toledo, Detroit, Port Huron, and the Canadian cities of London, Hamilton, and Toronto. Then returning through by way of Niagara Falls, Erie, Cleveland, Columbus, Cincinnati and to Maryville.

While on the trip scenes of historical interest in Canada were visited. In camping out at night, camps were pitched on the shores of Lakes Huron, Ontario and Erie. In addition to camping besides the shores of the Great Lakes, their tent was pitched on the banks of the chief rivers along which their route lay. Beautiful scenery passed through, points of historical interest visited, and camps on lake shore and river bank all, contributed to making the trip a pleasant vacation.

Our Librarian, Miss Smith had a vacation somewhat similar. Her vacation trip also consisted of a motor journey to Canada. Miss Smith motored from Washington to Quebec, Canada. After spending some time in Quebec she made the journey up the St. Lawrence. On the way, spending a week at Thousand Islands, and later another week at Montreal. Then on the return trip from Montreal Miss Smith visited Lake Placid, Lake Sarenac, and Lake George. The entire trip in this way covered over 4,000 miles. Miss Smith reported that it was a pleasant vacation.

The vacation of still other members of the Faculty took the form of motor trips. This time however, the itinerary lay thru the East and South rather than the North. Dr. and Mrs. Stevenson and Miss Henry made such a trip to the East and South. Immediately after last Commencement they motored thru to Blue Ridge, North Carolina, for the purpose of attending the Summer Conference there. They were at the Blue Ridge Conference for two weeks. After that they visited Blowing Rock, a North Carolina mountain resort. Then they crossed North Carolina by way of Hickory and Greenville. On the way a visit was paid to King's Mountain, famous for the battle fought there during the Revolutionary War. Continuing their journey Atlanta, Georgia was visited. Stone Mountain, that remarkable mountain of sheer granite where sculptors plan to carve a representation of the Confederacy on the mountain side, was also seen. The return trip passed thru the Chicamagua Batllefietd and then back to Maryville.

Later in the summer Dr. Stevenson made a trip East by himself. On that trip he visited and played golf for two weeks with an old friend in Syracuse, New York. Then he visited an old parishioner at Manchester, Vermont and played golf with him for a time. On the return trip south Dr. Stevenson met his son in Harrisburg, and they drove from Harrisburg to Pittsburg. There Dr. Stevenson visited his son for a week, and also played more golf. After returning from this trip Dr. Stevenson held a week's series of special meetings at Shannondale, the church where he regularly preaches. Prof. Hall was his song leader in this series of meetings.

Yet another Professor's vacation consisted of motoring and camping. Professor and Mrs. Davis at the close of college last spring motored thru to Bradentown, Florida. They have an orange grove and grapefruit grove there in the southern part of Florida. So they spent the summer camping in their orange grove. Their grove is pleasantly situated near the Gulf, so that they had the pleasure of frequent sea bathing in the Gulf.

One surprise of their stay in Florida was the chance meeting with an old Maryville foot ball player. This man was Tom Henry, who played on the same team with Professor Bond. This team made a record for itself, in that it made a trip into Florida to play foot ball. This old Maryville man, yet had the M. C. spirit as he had his Maryville pennant displayed at his camp on the St. Mary's River in Florida.

Returning from Florida, Professor and Mrs. Davis again made the trip by motor car, camping outdoors on the way up. They reported that they found the journey a very pleasant one.

Dr. Barnes was Professor of Psychology at the North Carolina State Normal during the summer term. The enrollment for that summer term was 1324 of the North Carolina teachers. While in North Carolina Dr. Barnes found time to do some mountain climbing. He went to the top of Mt. Mitchell.

North Carolina seems to have been a popular vacation ground for the Maryville Faculty. Dr. Hussey also spent his vacation in that state. He was at Weaversville, which is near some of the North Carolina mountains. Tho Dr. Hussey did not find an opportunity to do any mountain climbing this summer, he did become an enthusiast about the sport. Now he is planning to do some mountain climbing at the first opportunity, perhaps on the Y. M. C. A. annual hike.

Professor Knapp's vacation was divided between visiting his daughter and his son. During the first part of the vacation he made a visit

MARYVILLE HOLDS CAMPUS DAY

Students Become College Dry-Cleaners On Campus Day.

"Lost, strayed, or at least disappeared from the campus of Maryville College, ten bales of waste paper, formerly evenly distributed from the railroad to the woods; thirty cords of wood in the form of dead limbs and small sticks, and seven carloads of surplus vegetation from walks and borders." This was a part of the result of Clean-up Day, and it leaves out of account the clean windows, the new tennis courts, the neat "back yards" of Carnegie, Pearsons, Baldwin and Thaw, as well as many other achievements of the memorable Wednesday of last week. It was a day when everybody worked. The football men mowed weeds and dug holes with the same spirit that kept Normal on the run three days later; "Sky-pilots" chased dirt as if it were the archfiend himself; Freshmen shifted their energies from Trig to tennis courts, and Seniors turned from groping in Theism to grubbing weedy walks. The girls yielded to housewifely instincts while they scrubbed windows or polished floors, and then—just to show the boys that they could beat them at their own game—they pushed wheelbarrows, swung sickles, and raked trash with all the vim of war-time farmerettes.

After the day was over, amid the general rejoicing at the transformation in the appearance of the Old Hill, many were heard to praise the temporary organization of the girls, and the permanent organization of the boys under Friendship Council captains, for the efficiency of their work. Friendship council leaders, also commended the day because it had seemed to acquaint the men of each group with their captains, and with each other. All in all, Campus Beautiful Day appears to have been most successful, and bids fair to become a tradition and a precedent at Maryville.

SYNOD OF TENNESSEE TO VISIT MARYVILLE

The Synod Will Be Guest Of College Wednesday. The Eleventh.

The one hundred and fifth annual meeting of the Synod of Tennessee will convene in Maryville on Tuesdaynight, October tenth. During its entire history Maryville College has been under the care of this Synod, which has elected its directors. The Tuesday night and Thursday sessions of the Synod will be held in New Providence Church, and the Wednesday sessions will be held on College Hill.

The Wednesday morning chapel will be postponed to 10:30 o'clock. After chapel exercises of about forty-five minutes, the audience will march to Thaw Hall, where a brief dedicatory service of a half hour will beheld, Dr. Edgar A. Elmore Chairman of the Board of Directors ofthe College delivering the dedicatory address.

After the dedication, the Synod will take dinner at the Club. The meetings of the Synod will be held that day in Voorhees Chapel and those of the Women's Synodical Society in the Y. W. auditorium in Thaw Hall.

After an automobile drive the

ORANGE AND GARNET TEAM MAKES GOOD SHOWING IN FIRST GAME OF SEASON.

Many Squad Men Are Given Chance To Show Their Goods.

As the old town clock struck the hour of three on last Saturday afternoon the Orange and Garnet clad warriors rushed onto the field to engage in their first foot ball battle of the season. It was a grand sight to view that bunch of squad men and it warmed the heart of every Maryville student to know that he was backing such a bunch of clean-cut athletes.

After the game started it was just one continual rush toward Normal's goal line. Nothing could hold back those husky men of ours. The line made holes and the backfield plowed through them. Touchdown after touchdown was made and Coach put a full team of second string men in but these men also advanced steadily and rapidly toward the goal line of the Teachers.

The Highlanders showed a good deal of foot ball all the way through but it was not necessary to use any fresh plays or any thing except straight line plunging and end runs.

Coach Honaker has a store of good plays in hand and they will probably be used to advantage in our game with Tennessee on next Saturday.

The game started off a bit slow in the first quarter but it didn't take long for things to liven up a bit and by the end of the quarter two touchddwns had been made and one goal kicked. During the rest of the game the team was constantly advancing and never for a moment was our goal line in danger of being crossed. Normal never really threatened and Maryville held like a stone wall. They only made one first down during the whole game and then their line buckled down and held M. C. for a first down. Normal's team was a plucsy one and fought all the time, but the Highlanders were too much for them and so they had to take the little end of the score home with them

No one player stood out as a scintillating star for the Orange and Garnet for Coach Honaker used about 25 or 30 men during the game and they all showed that they had received some benefit from Coach's training. Every man who went into the game played his best and gave all he had for old M. C.

The Highlanders only attempted three forward passes and completed two of them for a gain of 35 yards. In the fourth quarter McMurray passed 25 yards to Williams who carried the ball over for a touchdown. This pass was a beauty and if Gene will just pass that way against U. T., with all our other plays we are going to give them a hard fight for that game.

On the other hand Normal attempted five forward passes and only completed one of them for a gain of 15 yards. Our boys kept their heads up and their eyes open throughout the game for they blocked a great number of punts and passes. Bob Thrower called the plays for Normal continuously and caused their quarter back to change his signals several times.

Maryville was penalized for a total of 30 yards and Normal for a total of 20 yards. It was a clean, well-played game throughout and every one of the penalties were for offsides. The Highlanders gained a total of 345 yards where as Normal only gained 55 yards during the entire game. Partee made two good end runs, one totaling 28 yards and the other 40 yards. Most of the gains were made, however, by straight line bucks and plunging. Several good gains were made by rushes through center.

The line-up that started the game was:

M. C.		Normal
Sullinger	F.B.	Muse
Acton	R.H.	Lyle
Sneed	L.H.	Lundsford
McMurray	Q.B.	Hart
McCall	L.E.	Choate
Rice	L. T.	Baron
Proffitt	L.G.	Quinn
Clemens	C.	Cobble
Dinwiddie	R. G.	Leonard
Thrower	R. T.	Hensley
Williams	R. E.	Anderson

Touchdowns: Sullinger 2; Sneed 2; Musick, McMurray, Thrower, Williams, and Guy Acton. Goals after touch down: Sullinger 2, Hamilton 3.

TENNESSEE NEXT

Hot Contest Expected Saturday When Highlanders Clash With U. T.

Quoting from the Journal and Tribune of Monday, Oct. 2nd. The University of Tennessee foot ball team will not try to pile up an impressive score on the Maryville Highlanders. They will be perfectly satisfied to beat them as badly as they did Carson-Newman. Tennessee is very considerate of the Orange and Garnet eleven but we believe that before next Saturday is over they will feel like they had been through something more than just a foot ball game. The Highlanders are going to Knoxville with blood in their eyes and confidence and fight throughout their beings. The student body is also going to Knoxville and they are going to stand behind that team to the last minute. And with such a combination it is probable that we will bring home the bacon.

We have a splendid foot ball team and they are being well trained to meet the Tennessee squad on Saturday. The thing for the student body to do is to back that team. Let them know you believe in them. Make them believe they are going to win before they go over there, and they will win.

Coach Bond went over to see the Tennessee-Carson-Newman game on last Saturday and he believes that we can beat them. At present the Orange and Garnet warriors are being drilled and trained to meet the plays of Tennessee. They are working out every possible means of defense and also have a string of offensive plays to pull.

And, say, you fellows who have been going out to watch the team practice, Coach wants to have secret practice the rest of the week so you fellows show your loyalty by staying away and keep every one else away.

DOWN WITH U. T.!

Patronize Those Who Advertise. They Make The Paper Possible.

The Echo solicits news items, comments, and expressions of opinion from the students, and from interested alumni.

The U. T. game comes Saturday. It is the big game. Go to Knoxville and support the team!

* * *

Get a reserve supply of pep now. Then Saturday spend it all to show that a loyal backing of the team is not a thing of the past.

* * *

College Mountain Hike, Oct. 16th.

* * *

Last year in our practice game with Knoxville High we beat them 27-0. This year we did better than that against East Tennessee Normal. Now let's beat U. T.

* * *

Foot ball rightly occupies the lime light in college activities at the present time. But do not forget that later in the year some intercollegiate debates will be on the schedule of college activities. Let's assure their success now by having a large number of men out for the preliminaries.

* * *

Some time ago a Mr. Cornell gave us a chapel address. The theme of Mr. Cornell's address was: "Do not leave your college course incomplete." This same idea under such themes as, "Don't be a quitter", "Stick to your job", and "Play the game thru", forms the message of at least seventy-five percent of our chapel speakers. When such a large percentage of the excellent chapel speakers that we have, consider this theme important enough for the subject of their address; surely we must sense the fact that it is of vital importance.

* * *

CAMPUS DAY

Campus Day this year marks the starting of a new precedent in Maryville College. This is a precedent which we believe has much to offer Maryville along a constructive line. We may be sure Maryville will celebrate campus day next year, because a precedent once established she never breaks it. And if this work is kept up from year to year, the improvement that this one day of work produces will bring a noticeable change to our campus. The results of campus day are apparent even to the most careless and untidy. We must all concede that the looks of our campus and buildings were greatly improved. Now why not keep the spirit of campus day continuously and thereby hold on to that which we have obtained? We have the possibility of a most beautiful campus. A little thought, and conscious effort on the part of every student will make that possibility a reality. True, one campus day did not magically transform "The Hill". Neither was Rome builded in a day. The campus day spirit consistently practiced will transform "The Hill" Will you do your bit?

THE ECHO'S PURPOSE

"The Highland Echo" announces each week that it is "devoted to all the interests of Maryville College"; and further that it solicits "comments, expressions of opinion, and news items from all interested students and alumni". These announcements voice our idea of th epurpose of The Echo. We hope to show ou devotion by loyally supporting and boosting those interests. To make the paper a true medium for the expression of student opinion, we ask that expressions of opinion be turned in as articles written for publication. Our ideal is to make The Echo a true record of Maryville thought and life. The editorial staff can not reach that ideal unaided. But with the cooperation of organization editors and interested students it can reach that ideal. Since "The Highland Echo" exists for your benefit and use, why not help to make it a worth while publication?

AN APOLOGY

We are ineed sorry to say that in our initial issue an ad belonging to Waggoner's Drug Store was overlooked. Perhaps you thought that they were not advertising in that issue, but on the contrary we received an excellent ad from them welcoming you to Maryville.

Waggoner's Drug Store is a one hundred per cent Maryville College store as the entire force have been Maryville College students. It is a nice thing, students, to stop in and meet the boys who have always been with us. Don't forget they have some classy memory books too.

Rev. O. H. Logan, a graduate of Maryville, pastor of the Methodist Church at Cotulla, Tenn. spent Tuesday, October 3rd. on the Hill.

The many friends of Miss Leah Herzberg of Kissimmee, Fla., will regret that because of the death of her mother she cannot complete her studies here.

Miss Lucile Timelin who has been ill in the College Hospital is now able to be up again.

+ + + + INTRODUCING + + + +
+ JOHN H. MITCHELL +
+ Of Mitchell's Drug Store +

When and Where born?
Sept. 10, 1883, Greenfield, Tenn.
Earliest recollection
Slipping off from home one Sunday and going in swimming. I remember what happened when I returned home.
Where educated?
A country school house in Illinois and Maryville College.
Childhood ambition?
To live in town and be a business man.
If you were not born in Maryville how did you happen to come here?
To go to Maryville College.
Where did you meet your wife?
At Maryville College.
Favorite recreations and hobby?
Base ball and foot ball.
Favorite Book next to the Bible?
Zane Grey—full of Action.
Most memorable event?
Entering Maryville College.
Your motto?
Keep a hustling.
Pet peeve?
A smartaleck.
What in your opinion is Maryville College's greatest need?
More Good Base Ball and Foot Ball men.

Old sutdents all know Doc Mitchell for his inexhaustible store of pep. New students will soon find him just as we have, a true friend of Maryville College.

And by the way don't forget to stop in and see your friend when you are up town.

It is our idea to introduce one of the business men through this column every issue. They play a great part in making our paper possible and we feel that you should know them personally.

Miss Marianna Ilasz returned to College Hill, October 2nd. to resume her sutdies.

Miss Nina Parks of '22 is teaching in Chattanooga this year. She says she ilkes it better than going to school.

A TRAGIC DEATH COMES TO STANLEY SECOR

The many friends of Stanley Secor were shocked to hear of his tragic death on June 19th. Mr. Secor and Mr. Murette Delozier were on their way to Larned, Kansas to work in the harvest fields when Mr. Secor was struck by a train and killed.

Mr. Secor was a member of las year's Freshman class, a member of the Ministerial Association and of the Student Volunteer Band, and a faithful worker in the Y.M.C.A. He came to us last year from Blackburn College where he had wor many honors in foot ball and bas ball. He did not play foot ball last year here as he felt the need of devoting all of his time to his studies.

He was a giant in physical strength, a mighty man of purpose, having devoted himself to prepare for the foreign mission field, and a man well-beloved of his friends. Although, our friend, Mr. Secor is no longer with us in person, the memory of his kindly smile and work shall linger with us through life's passing years.

MISS SURREL APPEARS AT VOORHEES CHAPEL

The student body of Maryville were honored at chapel last Friday morning the twenty-ninth, by the appearance of the accomplished violinist, Miss Elizabeth Surrel of Knoxville.

Her several selections were highly appreciated as was proved by the loud applause of the audience, after each number. Her interpretation of thewell-known Ave Maria was both very interesting and inspiring.

She was very ably suppported by Mrs. Jouralmon her accompanist.

Miss Margaret Fisher of '22 is teaching in Columbia, Tenn. High School. She is teaching with her sister, a former graduate of the College. They like it very much.

Mr. Forrest Brown, '22 was in Maryville last week. He was on his way to Nashville where he will enter Southern Y. M. C. A. College in reparation forY Secretaryship.

CHURCH NOTICES

FIRST BAPTIST CHURCH

Sunday, October 8th.

Special Rally Day program for Sunday School.

Revival meeting begins. Dr. L. M. Roper, D. D., Johnson City, Tenn. arrives Monday.

Pastor preaches Sunday. Subjects: "Seed Corn for a Revival" and "The Way of Life and How to Enter It."

A hearty welcome for all.

"The Church with a Message"

NEW PROVIDENCE PRESBYTERIAN CHURCH

Wm. E. Graham, D. D., Minister

Sabbath School, 915 a. m.; Christian Endeavor, 6 p. m.; Church Services, 10:30 a. m. and 7 p. m. Vital themes will be considered at both services, morning theme being, "The Ministry of the Church". Students welcomed.

THE SOUTHERN METHODIST CHURCH

Rev. French Wampler, who has just been reappointed for his fourth year in this pastorate, has just returned from Bristol, and will occupy his pulpit Sunday morning and evening at the usual hours.

This church has always maintained a deep interest in the college students, and the pastor wishes to convey not only to those who are Southern Methodists, but to all others, a most hearty welcome to attend all services.

The Student Class in this church, taught by Prof. Hyden, of the college faculty, will give you a Sunday School home. If not already enrolled, come Sunday.

Every student who has felt the thrill of the missionary call will be deeply interested in the sermon subject for Sunday morning. WHY I BELIEVE IN WORLD EVANGELIZATION.

MAIN STREET

Y. M. C. A. NOTES

SEPTEMBER 24, 1922

Nearly two thousand years ago the world's greatest coach picked a team of twelve men. Now this coach is still picking men. And further this coach has never lost a game when his players kept training. This master coach is Jesus Christ. It is this coach that Mr. Bond told us about at the second Y meeting of the year.

There are three things in the game for righteousness coached by Christ that are similar to our game football. 1. We must buck the line. Difficulties make discipline. The team that grows is the team that overcomes. Victory follows after the team which trains daily. Victories then are won in the days of preparation.
